CHAMPIONS SPORTS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JULY 31, 2004 AND 2003

NOTE 1- ORGANIZATION AND BASIS OF PRESENTATION

Champions Sports, Inc., (the "Company") a Delaware corporation, promotes a sports theme restaurant bar concept through Company owned and licensed operations. The Company sold the rights to the Champions brand to Marriott International, Inc. (Marriott) and became a licensee of Champions Sports Bar Restaurants. Substantially all memorabilia sales are to Marriott. At July 31, 2004 and 2003, respectively, the Company through its subsidiaries, owns and licenses, without a royalty fee, one Champions Sports Bar Restaurant in San Antonio, Texas.

The condensed consolidated unaudited interim financial statements included herein have been prepared, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. The condensed consolidated financial statements and notes are presented as permitted on Form 10-QSB and do not contain information included in the Company's annual consolidated statements and notes. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading. The results for the three months ended July 31, 2004 may not be indicative of the results for the entire year.

These statements reflect all adjustments, consisting of normal recurring adjustments, which in the opinion of management, are necessary for fair presentation of the information contained herein.

The Company has amended its previously issued condensed consolidated financial statements for the three months ended July 31, 2004. The Company has amended these condensed consolidated financial statements to recognize an additional \$40,330 in officer's compensation and related payroll tax expense for the three months ended July 31, 2004. This transaction resulted in an increase in net loss applicable to common shares of \$40,330 for the three months ended July 31, 2004 to a net loss of \$69,286 as restated, and an increase in the accumulated deficit to \$6,453,211.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The condensed consolidated financial statements include the accounts of the Company and its subsidiaries. All material intercompany transactions have been eliminated in consolidation.

CHAMPIONS SPORTS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JULY 31, 2004 AND 2003

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

Property and equipment are stated at cost. Depreciation and amortization is computed from the date property is placed in service using the straight-line method over estimated useful lives as follows:

	Life
Furniture and equipment	5-15 years
Leasehold improvements	Remaining term of the lease

Depreciation and amortization expense was \$12,105 for the three months ended July 31, 2004 and 2003, respectively.

Inventories

Inventories consist of goods and supplies held for sale in the ordinary course of business and are stated at the lower of cost, determined on the first-in-first-out basis, or market. The components of inventories at July 31, 2004 were as follows:

		2004
Restaurant food and beverage	\$	22,188
Promotional merchandise for sale to restaurant customers		7,135
	\$	29,323

Net (Loss) Per Share

Historical net (loss) per common share is computed using the weighted average number of common shares outstanding. Diluted earnings per share (EPS) includes additional dilution from common stock equivalents, such as stock issuable pursuant to the exercise of stock options and warrants. Common stock equivalents were not included in the computation of diluted earnings per share when the Company reported a loss because to do so would be antidilutive for periods presented.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JULY 31, 2004 AND 2003

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**Net (Loss) Per Share (continued)**

The following is a reconciliation of the computation for basic and diluted EPS:

	(Restated)	
	July 2004	July 2003
Net loss	\$ (69,286)	\$ (63,286)
Weighted-average common shares Outstanding (Basic)	8,824,658	8,514,459
Weighted-average common stock Equivalents		
Stock options	-	-
Warrants	-	-
Weighted-average common shares Outstanding (Diluted)	8,824,658	8,514,459

Options and warrants outstanding to purchase stock were not included in the computation of diluted EPS for July 31, 2004 and 2003 because inclusion would have been antidilutive.

Cash and Cash Equivalents

For purposes of the condensed consolidated statements of cash flow, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less, unless restricted as to use, to be cash equivalents. At various times throughout the periods the Company had amounts on deposit at financial institutions in excess of federally insured limits.

Income Taxes

The Company has adopted the provisions of Statement of Financial Accounting Standards No. 109 (the Statement), Accounting for Income Taxes. The Statement requires an asset and liability approach for financial accounting and reporting for income taxes, and the recognition of deferred tax assets and liabilities for the temporary differences between the financial reporting bases and tax bases of the Company's assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized or settled.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value of Financial Instruments

The carrying amounts of the Company's financial instruments, including cash and cash equivalents, accounts payable, and accrued expenses, approximate fair values because of the short maturities of these instruments.

Options for Common Stock

The Company uses the intrinsic value method to account for options granted to executive officers, directors and other key employees for the purchase of common stock. No compensation expense is recognized on the grant date, since at that date, the option price equals or is higher than the market price of the underlying common stock. The Company discloses the pro forma effect of accounting for stock options under the fair value method. The Company uses the fair value method to account for options granted to advisors for the purchase of common stock.

Stock-Based Compensation

Employee stock awards under the Company's compensation plans are accounted for in accordance with Accounting Principles Board Opinion No. 25 ("APB 25"), "Accounting for Stock Issued to Employees", and related interpretations. The Company provides the disclosure requirements of Statement of Financial Accounting Standards No. 123, "Accounting for

Stock-Based Compensation" ("SFAS 123"), and related interpretations. Stock-based awards to non-employees are accounted for under the provisions of SFAS 123 and has adopted the enhanced disclosure provisions of SFAS No. 148 "Accounting for Stock-Based Compensation- Transition and Disclosure, an amendment of SFAS No. 123".

CHAMPIONS SPORTS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JULY 31, 2004 AND 2003

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Stock-Based Compensation

The Company measures compensation expense for its employee stock-based compensation using the intrinsic-value method. Under the intrinsic-value method of accounting for stock-based compensation, when the exercise price of options granted to employees is less than the estimated fair value of the underlying stock on the date of grant, deferred compensation is recognized and is amortized to compensation expense over the applicable vesting period. In each of the periods presented, the vesting period was the period in which the options were granted.

The Company measures compensation expense for its non-employee stock-based compensation under the Financial Accounting Standards Board (FASB) Emerging Issues Task Force (EITF) Issue No. 96-18, "Accounting for Equity Instruments that are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services". The fair value of the option issued is used to measure the transaction, as this is more reliable than the fair value of the services received. The fair value is measured at the value of the Company's common stock on the date that the commitment for performance by the counterparty has been reached or the counterparty's performance is complete. The fair value of the equity instrument is charged directly to compensation expense and additional paid-in capital.

Recent Accounting Pronouncements

On October 3, 2001, the FASB issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"), that is applicable to financial statements issued for fiscal years beginning after December 15, 2001. The FASB's new rules on asset impairment supersede SFAS 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," and portions of Accounting Principles Board Opinion 30, "Reporting the Results of Operations." This Standard provides a single accounting model for long-lived assets to be disposed of and significantly changes the criteria that would have to be met to classify an asset as held-for-sale. Classification as held-for-sale is an important distinction since such assets are not depreciated and are stated at the lower of fair value and carrying amount.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (continued)

This Standard also requires expected future operating losses from discontinued operations to be displayed in the period (s) in which the losses are incurred, rather than as of the measurement date as presently required. The adoption of SFAS No. 144 did not have a significant impact on the Company's results of operations or financial position.

In April 2002, the FASB issued SFAS No. 145, Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections. This statement rescinds SFAS No. 4, Reporting Gains and Losses from Extinguishment of Debt, and an amendment of that statement, SFAS No. 44, Accounting for Intangible Assets of Motor Carriers, and SFAS No. 64, Extinguishments of Debt Made to Satisfy Sinking-Fund Requirements. This statement amends SFAS No. 13, Accounting for Leases, to eliminate inconsistencies between the required accounting for sales-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar to sales-leaseback transactions.

Also, this statement amends other existing authoritative pronouncements to make various technical corrections, clarify meanings, or describe their applicability under changed conditions. Provisions of SFAS No. 145 related to the rescissions of SFAS No. 4 were effective for the Company on November 1, 2002 and provisions affecting SFAS No. 13 were effective for transactions occurring after May 15, 2002. The adoption of SFAS No. 145 did not have a significant impact on the Company's results of operations or financial position.

In June 2003, the FASB issued SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities. This statement covers restructuring type activities beginning with plans initiated after December 31, 2002. Activities covered by this standard that are entered into after that date will be recorded in accordance with provisions of SFAS No. 146. The adoption of SFAS No. 146 did not have a significant impact on the Company's results of operations or financial position.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (Continued)

In December 2002, the FASB issued Statement No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure, an amendment of FASB Statement No. 123" ("SFAS 148"). SFAS 148 amends FASB Statement No. 123, "Accounting for Stock-Based Compensation," to provide alternative methods of transition for an entity that voluntarily changes to the fair value based method of accounting for stock-based employee compensation. It also amends the disclosure provisions of that Statement to require prominent disclosure about the effects on reported net income of an entity's accounting policy decisions with respect to stock-based employee compensation. Finally, this Statement amends Accounting Principles Board ("APB") Opinion No. 28, "Interim Financial Reporting", to require disclosure about those effects in interim financial information. SFAS 148 is effective for financial statements for fiscal years ending after December 15, 2002. The Company will continue to account for stock-based employee compensation using the intrinsic value method of APB Opinion No. 25, "Accounting for Stock Issued to Employees," but has adopted the enhanced disclosure requirements of SFAS 148.

In April 2003, the FASB issued SFAS Statement No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities", which amends and clarifies financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts (collectively referred to as derivatives) and for hedging activities under FASB Statement No. 133, Accounting for Derivative Instruments and Hedging Activities. This Statement is effective for contracts entered into or modified after June 30, 2003, except for certain hedging relationships designated after June 30, 2003. Most provisions of this Statement should be applied prospectively. The adoption of this statement did not have a significant impact on the Company's results of operations or financial position.

In May 2003, the FASB issued SFAS Statement No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". This Statement establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances).

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (Continued)

This statement is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003, except for mandatorily redeemable financial instruments of nonpublic entities, if applicable. It is to be implemented by reporting the cumulative effect of a change in an accounting principle for financial instruments created before the issuance date of the Statement and still existing at the beginning of the interim period of adoption. The adoption of this statement did not have a significant impact on the Company's results of operations or financial position.

In November 2002, the FASB issued Interpretation No. 45 ("FIN 45"), Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others. FIN 45 requires a company, at the time it issues a guarantee, to recognize an initial liability for the fair value of obligations assumed under the guarantees and elaborates on existing disclosure requirements related to guarantees and warranties. The recognition requirements are effective for guarantees issued or modified after December 31, 2002 for initial recognition and initial measurement provisions. The adoption of FIN 45 did not have a significant impact on the Company's results of operations or financial position.

In January 2003, the FASB issued FASB Interpretation No. 46 ("FIN 46"), Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51. FIN 46 requires certain variable interest entities to be consolidated by the primary beneficiary of the entity if the equity investors in the entity do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. FIN 46 is effective for all new variable interest entities created or acquired after January 31, 2003. For variable interest entities created or acquired prior to February 1, 2003, the provisions of FIN 46 must be applied for the first interim or annual period beginning after June 15, 2003. The adoption of FIN 46 did not have a significant impact on the Company's results of operations or financial position.

Reclassifications

Certain amounts for the three months ended July 31, 2003 have reclassified to conform to the presentation of the July 31, 2004 amounts. The reclassifications have no effect on net loss for the three months ended July 31, 2003.

NOTE 3- COMMITMENTS AND CONTINGENCIES

Operating leases

The Company leases, as tenant, restaurant space under an operating lease which expires June 30, 2005. The lease escalates for increases in the landlord's expenses for increases in the Consumer Price Index, and requires additional rentals based on a percentage of restaurant sales over a defined amount. The lease grants the Company certain concessions, which are amortized to lease expense over the term of the lease.

Rental expense charged to expense during the three months ended July 31, 2004 and 2003 was \$50,121 and \$55,768, respectively. Future minimum payments under the noncancellable restaurant lease as of July 31, 2004 are as follows:

2005	\$ 128,480
------	------------

NOTE 4- CAPITAL LEASE OBLIGATION

The Company leased equipment under a capital lease. The equipment cost of \$32,286 was amortized over its useful life and such amortization was included in the depreciation and amortization expense for 2003. During 2003, the lease expired and the Company purchased the equipment.

NOTE 5- MARRIOTT LICENSE

The Company is an exclusive supplier of sports memorabilia and a consultant to all new Champions Sports Bars located in Marriott and Renaissance Hotels worldwide.

This account primarily represents accrued officer's payroll and related payroll taxes totaling \$147,877 as of July 31, 2004.

NOTE 7- STOCKHOLDERS' DEFICIT

Common Stock

The Company has 50,000,000 shares authorized and 8,824,658 shares issued and outstanding at July 31, 2004.

There were no issuances of common stock during the three months ended July 31, 2004 and 2003, respectively.

Preferred Stock

The Company has 56,075 shares of preferred stock authorized and 32,450 shares issued and outstanding at July 31, 2004.

The Series A preferred stock requires a dividend of 12 percent per annum, and the dividends are to be accrued on the Company's book if not paid. The dividend may be paid in common stock of the Company at the Company's discretion. The number of shares comprising the dividend paid in common stock shall be determined by dividing \$1.20 by the closing bid price for the common stock on the payment date. The Series A preferred stock is preferred in liquidation or dissolution up to the amount of their par value (\$10 per share). The Series A preferred stock in 2004 converted into 15 shares of the Company's common stock. There were no conversions in 2003.

For each of the nine fiscal years ended April 30, 2004, the Company deferred payment of the annual dividend on the Series A preferred stock. For the quarters ended July 31, 2004 and 2003, the deferral was \$0 and \$15,938, respectively. Preferred stock dividends in arrears at July 31, 2004 aggregated \$350,460 (\$10.83 per preferred share). Effective November 2003, pursuant to a board resolution, the Company cancelled its payment and/or accruing of preferred stock dividends.

Common Stock Options

The Company in 1993 adopted a stock option plan, which expired on August 2, 2002. No options were exercised under the plan. All options granted by the Company were granted pursuant to board resolutions and not under the stock option plan.

NOTE 8- STOCK AGREEMENT

In January 2002, the Company entered into a subscription agreement to sell 4,000,000 shares of common stock to an unrelated party at \$0.125 per share for a total of \$500,000.

The purchaser paid \$20,000 at the closing of the agreement and provided a promissory note for \$480,000. The note is non-interest bearing and requires twenty-four monthly payments of \$20,000 each. The note is secured by the stock issued and the transfer of such stock is restricted until the note is paid off. Certain other restrictions regarding the transfer of the stock also exist.

The purchaser paid a total of \$55,000 during the year ended April 30, 2002 and \$5,000 during the year ended April 30, 2003, and has defaulted under the payment terms of the note. The stock has not been issued, and the agreement was cancelled.

NOTE 9- GOING CONCERN

As shown in the accompanying condensed consolidated financial statements, the Company has sustained net operating losses for the three months ended July 31, 2004 and 2003, and has sustained large accumulated deficits. In addition, the Company is in search of acquiring a business, or finding a suitable merger candidate.

Management has restructured the Company and is continuing to search for a more profitable company to acquire.

The Company's future success is dependent upon its ability to achieve profitable operations and generate cash from operating activities, and upon additional financing. There is no guarantee that the Company will be able to raise enough capital or generate revenues to sustain its operations.

The condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 10- PROVISION FOR INCOME TAXES

Deferred income taxes will be determined using the liability method for the temporary differences between the financial reporting basis and income tax basis of the Company's assets and liabilities. Deferred income taxes will be measured based on the tax rates expected to be in effect when the temporary differences are included in the Company's consolidated tax return. Deferred tax assets and liabilities are recognized based on anticipated future tax consequences attributable to differences between financial statement carrying amounts of assets and liabilities and their respective tax bases.

At July 31, 2004, deferred tax assets consist of the following:

Deferred tax asset	\$	1,456,000

CHAMPIONS SPORTS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JULY 31, 2004 AND 2003

NOTE 10- PROVISION FOR INCOME TAXES (CONTINUED)

At July 31, 2004, the Company had federal net operating loss carryforwards in the approximate amounts of \$4,160,000 available to offset future taxable income. The Company established valuation allowances equal to the full amount of the deferred tax assets due to the uncertainty of the utilization of the operating losses in future periods.

NOTE 11- RESTATEMENT OF PREVIOUSLY ISSUED FINANCIAL STATEMENTS

The Company has amended its previously issued condensed consolidated financial statements for the three months ended July 31, 2004. The Company has amended these condensed consolidated financial statements to recognize an additional \$40,330 in officer's compensation and related payroll tax expense for the three months ended July 31, 2004. This transaction resulted in an increase in net loss applicable to common shares of \$40,330 for the three months ended July 31, 2004 to a net loss of \$69,286 as restated, and an increase in the accumulated deficit to \$6,453,211.

Item 2. Managements Discussion and Analysis of Financial Condition and Results of Operations

THERE IS SUBSTANTIAL DOUBT ABOUT THE COMPANY'S ABILITY TO CONTINUE AS A GOING CONCERN DUE TO RECURRING LOSSES AND WORKING CAPITAL SHORTAGES, WHICH MEANS THAT THE COMPANY MAY NOT BE ABLE TO CONTINUE OPERATIONS UNLESS IT OBTAINS ADDITIONAL FUNDING. THE COMPANY IS ACTIVELY PURSUING MERGER OR ACQUISITION CANDIDATES AND OTHER FINANCING POSSIBILITIES TO MEET ITS LIQUIDITY NEEDS. THERE IS NO ASSURANCE THAT THE COMPANY WILL BE ABLE TO STRUCTURE A MERGER OR ACQUISITION, OR RAISE ADDITIONAL FINANCING TO CONTINUE OPERATIONS ON TERMS SATISFACTORY TO THE COMPANY

Results of Operation

For the three months ended July 31, 2004, the Company's net loss was \$69,286. The Company's total assets decreased by \$24,693 to \$367,226 from \$391,919 at April30, 2004.

For the three months ended July 31, 2003, the Company's net loss was \$47,348 and the net loss available to common shareholders was \$63,286, (\$0.01) per common share. The Company's total assets decreased by \$34,297 to \$452,869 from \$487,166 at April 30, 2003

Revenues

The Company's total revenues were \$457,092 for the three months ended July 31, 2004 versus \$543,195 for the three-month period ended July 31, 2003, a decrease of \$86,103 or 15.9%. By component, food and beverage sales decreased 15.2% from the previous year. This decrease in food and beverage sales is attributed to a decrease in customer volume due a decline in convention and tourism in San Antonio. Merchandise, memorabilia and consulting revenues were \$3,135 for the three months ended July 31, 2004 compared to \$7,163 for the three months ended July 31, 2003. The Company did not provide any consulting services to Marriott International during the either of the three month reporting periods. Other income represented less than 1.0% of total revenues for the three months ended July 31, 2004 and 2003.

Expenses

Cost of food and beverage was 32.3% and 29.9% of related sales for the three months ended July 31, 2004 and 2003. This variance is attributed to an increase in wholesale prices, especially in beef, poultry and produce. While the Company implemented retail price increases during FY 2004, in order to remain competitive, they were not sufficient to absorb all of the wholesale price increases. There was no increases in selling prices during the three month period. Cost of merchandise and memorabilia sales for the three months ended July 31, 2004 was \$3,135 compared to \$7,163 in the preceding year. Restaurant payroll and related costs were 35.9% of related food and beverage sales for the three months ended July 31, 2004 and 33.7% for the three months ended July 31, 2003. Restaurant occupancy costs were \$61,765 or 13.7% of food and beverage sales compared to \$67,366 or 12.7% of related sales during the three months ended July 31, 2003. This decrease in occupancy costs is attributed to the percentage paid to the landlord in common area charges and base rent. Other restaurant costs were 18.6% of related food and beverage sales for the three months ended July 31, 2004 compared to 18.8% of related sales during the three months ended July 31, 2003. General and administrative expense for the Company's corporate office was 12.9% of the Company's total revenues for the three months ended July 31, 2004 compared to 12.2 % of total revenues for the three months ended July 31,2003. The Company has amended its previously issued condensed consolidated financial statements for the three months ended July 31, 2004. The Company has amended these condensed consolidated financial statements to recognize an additional \$40,330 in officer's compensation and related payroll tax expense for the three months ended July 31, 2004. This transaction resulted in an increase in net loss applicable to common shares of \$40,330 for the three months ended July 31, 2004 to a net loss of \$69,286 as restated, and an increase in the accumulated deficit to \$6,453,211.

Depreciation and amortization expense were constant at approximately 2.7% of the Company's total revenues for the three months ended July 31, 2004 compared to 2.2% in the comparable period.

Liquidity and Capital Resources

The Company's cash position as of July 31, 2004 was \$127,130 compared to \$120,116 on April 30, 2004. For the three month period, the Company's operations provided \$8,105 in cash. The Company used \$1,090 for payment of a capital lease. The Company met its liquidity needs from its cash reserves and from the cash flow from its San Antonio location.

The Company's cash position as of July 31, 2003 was \$167,359 compared to \$195,101 on April 30, 2003, a decrease of \$27,742. For the three month period, the Company's operations used \$24,812 in cash in excess of revenues. The Company purchased equipment for its San Antonio location for \$2,930. The Company met its liquidity needs during the period from its cash reserves and cash flow provided from its San Antonio location.

The Company's restated working capital was a negative \$469,423 on July 31 2004 and a negative \$412,242 on April 30, 2004. The Company's working capital when compared to other publicly traded companies in the restaurant industry is unfavorable. This is primarily attributed to the fact that other companies in the industry have multiple locations with a broader sales base and generate greater cash flows to offset corporate overhead expense. In the Company's current situation, the one operating unit has generated cash to cover its operating expense, but has not produced sufficient cash to offset the corporate overhead costs

Stockholder's equity was a negative \$269,537 as of July 31, 2004 compared to a negative \$200,251 as of April 30, 2004.

Other

The Company is facing liquidity problems and is uncertain that it will be able to continue operations without an infusion of cash. The Company continues to review and evaluate its operations and priorities. The Company is actively pursuing merger or acquisition candidates and other financing possibilities to meet its liquidity needs. There is no assurance that the Company will be able to structure a merger or acquisition, or raise additional financing to continue operations on terms satisfactory to the Company. The lease for the Company owned San Antonio restaurant will expire on June 30, 2005. The landlord has indicated that it will not be renewed. Consequently, the restaurant will cease operations on that date, furthering the Company's liquidity problems.

Furthermore, The Company's independent auditor has expressed substantial doubt that the Company can continue as a going concern.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This document contains "forward-looking statements" (within the meaning of the Private Securities Litigation Act of 1995) that inherently involve risk and uncertainties. Although the Company believes the expectations reflected in the forward-looking statements are reasonable, they relate only to events as of the date on which the statements are made, and the Company's future results, levels of activity, performance or achievements may not meet these expectations. The Company does not intend to update any of the forward-looking statements after the date of this document to conform these statements to actual results or to changes in the Company's expectations, except as required by law.
