Item 1.01 Entry into a Material Definitive Agreement.

Share Repurchase:

As previously announced on November 15, 2006, Network Appliance, Inc.'s (the "Registrant") Board of Directors authorized the repurchase of up to \$800 million of shares of its outstanding common stock. Under the program, the Registrant may purchase shares of its common stock through open market or privately negotiated transactions at prices deemed appropriate by management. The timing and amount of repurchases under this program will depend on market conditions, corporate considerations and regulatory requirements. The purchases will be funded from available working capital.

Pursuant to that authorization, on December 6, 2006, the Registrant entered into a Master Confirmation (the "Agreement") and on December 7, 2006, a Pricing Supplement with J.P. Morgan Securities Inc ("JP Morgan") relating to a Capped Accelerated Share Repurchase Program. The Registrant will purchase a variable number of shares of its common stock from JP Morgan for an aggregate purchase price of \$241.8 million pursuant to a private capped accelerated share repurchase program. The final per share purchase price will be based on a discount to the volume weighted average price of Registrant's common stock over a specified period of time, with a cap based on JP Morgan's initial hedge price. In addition, the registrant will have no obligation to pay any further market purchase price adjustment under the program. The initial shares are expected to be delivered to the Registrant on December 13, 2006. The repurchased shares will be held as treasury stock and recorded as a reduction in stockholders' equity on the Registrant's Consolidated Balance Sheet, and the Registrant's outstanding shares used to calculate earnings per share will be immediately reduced by the number of shares delivered.

The Agreement contains other terms governing the program, including, but not limited to, the mechanism used to determine the final settlement of the transaction, the settlement method, the circumstances under which JP Morgan is permitted to make adjustments to valuation periods, circumstances under which the program may be terminated early, and various acknowledgements, representations and warranties made by the Registrant and JP Morgan to one another, including representations related to Rule 10b5-1 and intended compliance with the Rule 10b-18 volume and timing guidelines.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The disclosure provided in Item 1.01 "Entry into a Material Definitive Agreement" is incorporated by reference into this Item 2.03 as if fully set forth herein.
