Item 2.05 Costs Associated with Exit or Disposal Activities.

On March 23, 2010, The J. M. Smucker Company ("Company") committed to a multi-project initiative to optimize production capacity and lower the overall cost structure.

The Company's plans include significant capital investment in its coffee and fruit spreads businesses over the next three years totaling approximately \$220 million. Additionally, approximately \$190 million in restructuring charges will be incurred over the course of the plan, of which \$90 million are noncash charges. Key components of the plan include:

- Capital investments for a new state-of-the-art food manufacturing facility in Orrville, Ohio, and expenditures for equipment and technology enhancements at its existing Ripon, Wisconsin, facility totaling \$150 million. Fruit spreads, ice cream toppings, and syrups will be produced at the new Orrville plant, along with additional capacity to support future growth.
- Closing the Memphis, Tennessee, and Ste. Marie, Québec, fruit spreads plants.
- Capital investments totaling \$70 million to consolidate all coffee production into the Company's existing facilities in New Orleans, Louisiana, and expand capacity at its nearby finished goods warehouse.
- Closing the Sherman, Texas, and Kansas City, Missouri, coffee plants.

When fully implemented, these actions are estimated to result in a total reduction of approximately 700 full-time positions, or 15 percent of the Company's workforce.

The Company expects to incur restructuring charges of approximately \$190 million over a five-year fiscal period, with approximately \$10 million to be incurred in the fourth quarter of fiscal 2010. The balance of the charges will be incurred over the next four fiscal years, with approximately 80 percent incurred by the end of 2012.

The restructuring charges include approximately \$100 million of cash expenditures, allocated relatively evenly between employee-related costs, site preparation and equipment relocation, and production start-up expenses. Restructuring cash outlays are expected to be fairly even across the fiscal 2011 to 2013 timeframe. Also included in restructuring costs are \$90 million of noncash charges, primarily accelerated depreciation and asset write-downs.

Item 2.06 Material Impairments.

The information set forth in Item 2.05 is incorporated herein by reference.

Item 7.01 Regulation FD Disclosure.

On March 24, 2010, the Company issued a press release announcing the initiatives described under Item 2.05. A copy of the press release is furnished as Exhibit 99.1 to this Form 8-K.

The Company's fiscal 2010 outlook updated as of February 24, 2010, was provided on a non-GAAP basis excluding the impact of restructuring, and merger and integration costs. The announced initiatives are not expected to otherwise materially impact the fourth quarter of 2010 on a non-GAAP basis.

The information in this Item 7.01 and Exhibit 99.1 attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section, nor shall it be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, except as expressly set forth by specific reference in such filing.
