CORPORATE GOVERNANCE MATTERS

Board of Directors Leadership Structure

While the Board does not have a written policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board, in 2014 the Board determined that having a non-employee director serve as Chairman is in the best interest of the Company's stockholders because it allows the Chairman to focus on the decision-making process of the Board as a whole. It also allows the Chief Executive Officer to focus on our day-to-day operations and the execution of our strategic plan. We have a strong governance structure in place, including independent directors, to ensure the powers and duties of the dual role are handled responsibly. Furthermore, consistent with NASDAQ listing requirements, the independent directors regularly have the opportunity to meet as an independent group. We do not have a lead independent director.

Mr. Cross has served as Chairman of the Board of Directors since July 2011. The Chairman of the Board of Directors provides leadership to the Board and works with the Board to define its activities and the calendar for fulfillment of its responsibilities. The Chairman of the Board of Directors approves the meeting agendas after input from management, facilitates communication among members of the Board and presides at meetings of our Board and stockholder. The Chairman of the Board of Directors, the Chairman of the Audit Committee, the Chairman of the Nominating, Governance and Compensation Committee and the other members of the Board work in concert to provide oversight of our management and affairs. The leadership of Mr. Cross fosters a culture of open discussion and deliberation, with a thoughtful evaluation of risk, to support our decision-making. Our Board encourages communication among its members and between management and the Board to facilitate productive working relationships. Working with the other members of the Board, Mr. Cross also strives to ensure that there is an appropriate balance and focus among key Board responsibilities such as strategic development, review of operations and risk oversight.

The Board of Directors' Role in Risk Oversight

The Board plays an important role in risk oversight through direct decision-making authority with respect to significant matters and the oversight of management by the Board and its committees. In particular, the Board administers its risk oversight function through: (1) the review and discussion of regular periodic reports to the Board and its committees on topics relating to the risks that we face; (2) the required approval by the Board (or a committee of the Board) of significant transactions and other decisions; (3) the direct oversight of specific areas of our business by the Audit Committee and the Nominating, Governance and Compensation Committee; and (4) regular periodic reports from our auditors and outside advisors regarding various areas of potential risk, including, among others, those

relating to our internal control over financial reporting. The Board also relies on management to bring significant matters impacting us to the Board's attention.

Pursuant to the Audit Committee's charter, the Audit Committee is responsible for discussing the guidelines and policies that govern the process by which our exposure to risk is assessed and managed by management. As part of this process, the Audit Committee discusses our major financial risk exposures and steps that management has taken to monitor and control such exposure. In addition, we, under the supervision of the Audit Committee, have established procedures available to all

employees for the anonymous and confidential submission of complaints relating to any matter in order to encourage employees to report questionable activities directly to our senior management and the Audit Committee.

Because of the role of the Board in risk oversight, the Board believes that any leadership structure that it adopts must allow it to effectively oversee the management of the risks relating to our operations. The Board recognizes that there are multiple leadership structures that could allow it to effectively oversee the management of the risks relating to our operations. The Board believes its current leadership structure enables it to effectively provide oversight with respect to such risks.

Committees of the Board and Meetings

Meeting Attendance. During the 2015 fiscal year, there were nine meetings of our entire Board. In addition, the Audit Committee and Nominating, Governance and Compensation Committee met a total of 10 times. No director attended fewer than 75% of the total number of meetings of the Board or committees of the Board on which he or she served during the 2015 fiscal year. The Board has adopted a policy under which each member of the Board is strongly encouraged, but not required, to attend each annual meeting of our stockholders. Six directors attended our annual meeting of stockholders held in 2015.

Audit Committee. Our Audit Committee met four times during the 2015 fiscal year. This committee currently has three members: Donald Williams (Chairman), R. Ian Molson and Siri Marshall. In 2015, Mr. James Glynn served as the Chairman of this committee until his retirement from the Board in November of 2015. Our Audit Committee's role and responsibilities are set forth in the Audit Committee's written charter and include the authority to retain and terminate the services of our independent registered public accounting firm, review annual and quarterly financial statements, consider matters relating to accounting policy and internal controls and review the scope of annual audits. All members of the Audit Committee satisfy the current independence standards promulgated by the Securities and Exchange Commission and The NASDAQ Stock Market, as such standards apply specifically to members of audit committees. The Board has determined that Messrs. Williams and Molson are each an "audit committee financial expert," as the Securities and Exchange Commission has defined that term in Item 407 of Regulation S-K.

A copy of the Audit Committee's written charter is publicly available on our website at www.alphatecspine.com under "Investor Relations-Corporate Governance." Please also see the report of the Audit Committee set forth elsewhere in this report.

Nominating, Governance and Compensation Committee. Our Nominating, Governance and Compensation Committee met six times during the 2015 fiscal year. This committee currently has three members: R. Ian Molson (Chairman), Stephen O'Neil and Tom Davis. Mr. Rohit Desai was a member of this committee, until he resigned from the Board in March of 2016. Our Nominating, Governance and Compensation Committee's role and responsibilities are set forth in the committee's written charter and includes: (i) reviewing, approving, and making recommendations regarding our compensation policies, practices and procedures to ensure that legal and fiduciary responsibilities of the Board are carried out and that such policies, practices and procedures contribute to our success, (ii) evaluating and making recommendations to the full Board as to the size and composition of the Board and its committees, and (iii) evaluating and making recommendations as to potential director candidates.

With respect to compensation matters, the Nominating, Governance and Compensation Committee is responsible for the determination of the compensation of our Chief Executive Officer, and conducts its decision-making process with respect to that determination without the presence of the Chief Executive Officer. This committee also administers our Amended and Restated 2005 Employee, Director and Consultant Stock Plan, or the 2005 Stock Plan, and our 2007 Employee Stock Purchase Plan, or the 2007 ESPP Plan.

With respect to nominations for our Board, the committee may consider Board candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders.

Although the Company has no policy regarding diversity, the committee seeks a broad range of perspectives and considers both the personal characteristics (such as gender, ethnicity, and age) and experience (such as industry,

professional, public service) of directors and prospective nominees to the Board. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources.

If a stockholder wishes to nominate a candidate to be considered for election as a director at the 2017 Annual Meeting of Stockholders, it must comply with the procedures set forth in our By-laws and give timely notice of the nomination in writing to our Corporate Secretary not less than 45 nor more than 75 days prior to the date that is one year from the date on which we first mail our proxy statement relating to our 2016 Annual Meeting of Stockholders. If a stockholder wishes simply to propose a candidate for consideration as a nominee by the Nominating, Governance and Compensation Committee, it must make such

Item 11. Executive Compensation

COMPENSATION DISCUSSION AND ANALYSIS

We have prepared this Compensation Discussion and Analysis to provide you with information that we believe is necessary to understand our executive compensation policies and decisions as they relate to the compensation of the individuals identified below, who are our “Named Executive Officers,” as such term is defined in Item 402 of Regulation S-K:

James M. Corbett, President and Chief Executive Officer

Michael O’Neill, Chief Financial Officer and Treasurer

Michael Plunkett, Chief Operating Officer

Mitsuo Asai, President Alphatec Spine Pacific, Inc.

Ebun Garner, Esq., General Counsel, Senior Vice President and Corporate Secretary

The Nominating, Governance and Compensation Committee believes that our fiscal 2015 executive compensation program reflects our core principles and objectives and rewards our executives for our company's and their individual performance. In accordance with the Dodd Frank Wall Street Reform and Consumer Protection Act, as passed in 2010, we will continue to consider stockholder sentiments about our core principles and objectives when determining executive compensation.

Compensation Philosophy and Objectives

We are engaged in a very competitive industry, and our success depends upon our ability to attract, motivate and retain qualified executives. Accordingly, the Nominating, Governance and Compensation Committee aims to create total compensation packages that are competitive with programs offered by other companies against whom we compete for personnel. At the same time, our Nominating, Governance and Compensation Committee believes that the compensation paid to our executive officers should be in some part dependent upon our performance and the value we create for stockholders. To that end, the Nominating, Governance and Compensation Committee has embraced a philosophy of pay-for-performance, whereby an individual’s experience, potential and contribution to our business determines his or her actual compensation. The Nominating, Governance and Compensation Committee seeks to: (i) provide meaningful incentives for the attainment of specific financial objectives; (ii) reward those executive officers who make substantial contributions to the attainment of those objectives, and (iii) link executive officer compensation with company and individual performance.

The Nominating, Governance and Compensation Committee’s objectives are to:

attract, retain, and motivate talented executives responsible for the success of our organization;

provide compensation to executives that is externally competitive, internally equitable and performance-based; and

ensure that total compensation levels are reflective of company and individual performance and provide executives with the opportunity to receive above-market total compensation for exceptional business performance.

Compensation Process and Benchmarking

Compensation Process

Pursuant to its charter, the Nominating, Governance and Compensation Committee has responsibility for, among other things, discharging the Board's responsibilities relating to compensation and benefits of our Named Executive Officers, including responsibility for evaluating management performance, officer compensation and benefits plans and programs. In carrying out these responsibilities, the Nominating, Governance and Compensation Committee reviews all components of executive officer compensation for consistency with our compensation philosophy. During 2015, the Nominating, Governance and Compensation Committee retained the services of an independent compensation consultant, Mercer, LLC, or Mercer, to provide executive compensation advice. Mercer's engagement by the Nominating, Governance and Compensation Committee includes reviewing and advising on all significant aspects of executive compensation. This includes base salaries, short-term cash incentives and long-term equity incentives for executives, and cash compensation and long-term equity incentives for non-executive directors. At the request of the Nominating, Governance and Compensation Committee, Mercer collects relevant market data to allow the Nominating, Governance and Compensation Committee to compare elements of our compensation program to those of our peers, provides information on executive compensation trends and implications for us and makes other recommendations to the Nominating, Governance and Compensation Committee regarding certain aspects of our executive compensation program. Our management, principally our President and CEO and our Senior Vice President, Global Human Resources, and the chair of the Nominating, Governance and Compensation Committee, regularly consult with representatives of Mercer before meetings of the Nominating, Governance and Compensation Committee. A representative of Mercer is invited on a regular basis to attend, and periodically attends, meetings of the Nominating, Governance and Compensation Committee. In making its final decision regarding the form and amount of compensation to be paid to executives, the Nominating, Governance and Compensation Committee considers the information gathered by and recommendations of Mercer. The Nominating, Governance and Compensation Committee values Mercer's benchmarking information and input regarding best practices and trends in executive compensation matters.

As requested by the Nominating, Governance and Compensation Committee, our President and CEO presents individual performance feedback, proposed annual salary increases and long-term incentive grant recommendations for the other executive officers to the members of the Nominating, Governance and Compensation Committee. The Nominating, Governance and Compensation Committee reviews the information and either approves the recommendation or makes changes at its discretion. The Nominating, Governance and Compensation Committee makes its own assessment of our President and CEO based on our financial performance, his individual performance, his compensation compared to CEOs in our peer group, the components of his compensation and his total compensation level. The Nominating, Governance and Compensation Committee then approves the compensation of our President and CEO.

Each year, the Nominating, Governance and Compensation Committee reviews the peer group to ensure each company in the peer group continues to be a relevant company to use for comparison. For 2015 our Nominating, Governance and Compensation Committee approved the following companies as our peer group: Abiomed Inc., Accuray Inc., AngioDynamics Inc., Arthrocare Corp., Cardiovascular Systems, Inc., Cryolife Inc., Cyberonics Inc., Dexcom Inc., Exactech Inc., Heartware International Inc., NXStage Medical Inc., RTI Surgical Inc., Symmetry Medical Inc., Wright Medical Group Inc, and Volcano Corp. Our peer group consists of biomedical companies that are comparable to us in their size, as measured by market capitalization, net income and revenues.

In 2015, in working with Mercer to prepare his recommendations, our President and CEO, primarily reviewed published compensation survey data for our peer group companies and secondarily the Radford Life Sciences Survey, scoped by industry and size. This was presented at the February 25, 2015 Nominating, Governance and Compensation Committee meeting.

The President and CEO presented the survey and peer group data to the Nominating, Governance and Compensation Committee. The Committee relied upon the external market data as prepared by Mercer along with their subjective yet reasonable, good faith judgment to determine if the compensation related elements regarding executive salary increases and bonuses would be approved for the calendar year.

Additionally in 2015, our President and CEO provided recommendations to the Nominating, Governance and Compensation Committee regarding financial goals and criteria for the establishment of targets for discretionary cash bonuses for our executive officers. These criteria and targets were based upon our operating plan for the 2015 fiscal year, as approved by the Board. The bonus targets were proposed by Mercer and are competitive with our peer group. The corporate performance metrics under the bonus targets as approved by the Nominating, Governance and Compensation Committee included attainment of certain financial targets. The bonus targets for fiscal year 2015 are further described below under the heading “2015 Base Salaries and Target Bonus.” The Nominating, Governance and Compensation Committee Chairman engaged Mercer to provide recommendations on the overall compensation (base salary and bonus target) for the President and CEO based on our peer group and secondarily the Radford Life Sciences Survey, scoped by industry and size. This information is presented to the

Nominating, Governance and Compensation Committee and the Nominating, Governance and Compensation Committee determines if changes need to be made to the base salary and/or bonus target percentage.

2015 Compensation Philosophy

In determining compensation for the executive officers (other than himself) for 2015, the President and CEO made recommendations to the Nominating, Governance and Compensation Committee based on total cash compensation (base salary plus annual cash incentives) and long-term equity incentives. Under this system, the President and CEO assigned a total target compensation range to a particular executive officer after considering various factors under the major categories of job demands, knowledge, level of responsibility and the total target compensation paid by our peer group companies. With respect to our executive officers, all of the President and CEO's total target compensation recommendations were reviewed and approved by the Nominating, Governance and Compensation Committee. The President and CEO and the Nominating, Governance and Compensation Committee generally considered total targeted compensation for key employees to be within the market competitive range if total targeted compensation was reasonably comparable to the same position within our peer group, in the estimation of the Nominating, Governance and Compensation Committee.

Elements of Compensation and How Each Element is Chosen

As indicated above, compensation elements for our executive officers are designed to attract and retain individuals with exceptional ability for these key roles in a very competitive market for such talent. Certain elements of compensation serve other important interests. For example, annual incentive pay is designed to motivate the executive officers to attain our vital short-term goals. Long-term incentive pay in the form of equity awards vesting over a number of years aligns the executive officer's interest with that of our stockholders in seeking long-term increases in the value of our shares. The main compensation elements for our executive officers (salary, annual incentive, long-term incentive, and other benefits and perquisites) are described in more detail below.

For fiscal year 2015, each executive officer's compensation generally consisted of three elements: (i) base salary, (ii) cash bonus based upon our attainment of pre-established objectives; and (iii) long-term stock-based incentive awards designed to align the interests of our executive officers with our stockholders.

Annual Incentive Compensation

Executive officers are eligible for incentive compensation annually under our non-stockholder-approved bonus plan, which is described below. Under this plan, the Nominating, Governance and Compensation Committee establishes annual incentive compensation that is based upon target awards expressed as a percentage of each executive's base salary. Payments under the bonus plan are determined based upon our company's performance against pre-established company financial targets.

2015 Base Salaries and Bonus Plan

For 2015, the President and CEO reviewed the base salaries of the executive officers in the first half of the calendar year to determine whether any changes were appropriate. During such review, the President and CEO took multiple factors into consideration. Base salaries of the executive officers were targeted at a competitive market median based on each respective position with individual variations explained by differences in experience, skills and sustained performance. None of the named executive officers received salary increases in 2015. The table below sets forth the 2015 base salary and 2015 targeted bonus percentage for each of our named executive officers.

Name	2015 Base Salary	2015 Target Bonus Percentage	
James M. Corbett	\$530,000	80	%
Michael O'Neill	\$335,000	60	%
Michael Plunkett	\$325,000	60	%
Mitsuo Asai(1)	\$232,338	50	%
Ebun S. Garner, Esq.	\$280,000	60	%

(1) For the purposes of this table, Mitsuo Asai's 2015 base salary was converted from Japanese Yen to U.S. Dollars using average monthly exchange rates in 2015.

In February 2015, the Nominating, Governance and Compensation Committee approved the bonus plans for each of our executive officers, which we refer to collectively herein as the 2015 Bonus Plan.

2015 Bonus Plan for Messrs. Corbett, O'Neill, Plunkett and Garner

With respect to each of Messrs. Corbett, O'Neill, Plunkett, and Garner the target cash bonuses for fiscal year 2015 were determined according to a formula expressed as percentages of each executive's 2015 base salary, subject to the achievement of corporate performance criteria and the discretion of the Nominating, Governance and Compensation Committee. For Messrs. Corbett, O'Neill, Plunkett, and Garner, the corporate performance criteria was predicated on the achievement of free cash flow, revenue and operating income metrics. The amount actually paid could be above or below the target amount but the maximum that may be earned was equal to 150% of the target bonus amount. The Nominating, Governance and Compensation Committee approved all financial performance criteria for the awarding of such cash bonuses and the President and CEO presented the financial criteria to each of Messrs. O'Neill, Plunkett, and Garner for each of their confirmation of the achievability of such criteria and the Nominating, Governance and Compensation Committee presented Mr. Corbett's plan to him for his confirmation of the availability of such criteria. With respect to all of the bonuses described above, we were required to achieve a threshold of financial performance that was established by the Nominating, Governance and Compensation Committee before any of the bonuses based on the financial criteria set forth above would become payable. However, the Nominating, Governance and Compensation Committee had the authority to issue bonuses if such criteria had not been achieved if it believed that circumstances warranted the payment of such bonus. Likewise, even if the financial criteria was met, the Nominating, Governance and Compensation Committee had the ability to not issue any individual a bonus if it believed that circumstances warranted the non-payment of such bonus.

In 2015, based on adjusted results, we did not achieve our free cash, global revenue, and operating income targets, and as a result, Messrs. Corbett, O'Neill, Plunkett, and Garner did not receive any bonus under the 2015 Bonus Plan.

2015 Bonus Plan for Mitsuo Asai

Mitsuo Asai's target cash bonus for fiscal year 2015 was determined according to a formula expressed as 50% of his base salary of 28.1 million Japanese Yen, and was subject to adjustments based on the percentage to which the targeted applicable performance criteria was achieved. Mitsuo Asai was eligible to receive a cash bonus for 2015 based on the achievement of the sales and local operating expense management goals for Alphatec Pacific, Inc., a wholly owned subsidiary of Alphatec Spine, Inc. The Nominating, Governance and Compensation Committee approved all financial performance criteria for the awarding of this cash bonus and our Chairman and CEO presented such financial criteria to Mitsuo Asai for his confirmation of the achievability of such criteria.

With respect to Mitsuo Asai's bonus, Alphatec Pacific, Inc. achieved a threshold of financial performance that was established by management for 2015. Alphatec Pacific, Inc. met all financial performance criteria that entitled Mitsuo Asai to 141% of his target bonus, or \$164,500 U.S. dollars. This bonus was paid in the first quarter of 2016.

Equity Compensation Awards

Equity compensation has traditionally been an important element of our executive compensation program in order to align the interests of our executives with those of our stockholders. Because the value of the equity awards will increase only when we perform and increase stockholder value, the grant of such equity awards provides long-term incentives to the recipients thereof, including our executive officers. These awards not only serve to align the executives' interests with those of the stockholders over an extended period of time, but because they also generally are subject to vesting in connection with continued service to us over a specified period of time, these awards serve as an additional retention mechanism. The Nominating, Governance and Compensation Committee believes that both of these elements are important factors in executive compensation.

In addition, pursuant to our restricted stock, stock option, and PSU agreements with our executive officers, including our Named Executive Officers, in the event of a change in control, as defined in the 2005 Stock Plan, the vesting of outstanding restricted stock grants and PSUs (at 100% of the target amount) held by our executive officers will accelerate in connection with the consummation of a change in control, without regard to whether the executive officer terminates employment in connection with or following the change in control.

In 2005 we adopted the 2005 Stock Plan pursuant to which we have granted performance based restricted stock units, or PSUs, as described under "Long Term Incentive Plans" and stock options to our executives and other employees. In general, all grants of PSUs to employees will vest at the end of three years with a single (100%) cliff vesting, if performance metric(s) is(are) achieved on December 31 of the third calendar year specific to the grant. In 2015, a

small number of stock options were granted to a limited number of employees, none of which were Named Executive Officers. Generally, these stock option grants vest over four years with 25% vesting on the date of grant, and the remainder vesting in 16 tranches each three months thereafter.

In April 2016, the 2005 Stock Plan expired in accordance with its terms. Until a new stock option plan is adopted by the Board of Directors and approved by our stockholders we may not grant equity awards to our employees or directors unless such awards are approved by our stockholders.

New Hire Grants

At times, we grant equity awards to our new employees, including our executive officers, in connection with the start of their employment. At the time of the hiring of any executive officer, equity compensation generally is negotiated between such officer and us. Generally, such negotiations are conducted by our President and CEO on our behalf. With respect to new hire grants for the President and CEO, such negotiations are conducted by the Chairman of the Nominating, Governance and Compensation Committee of the Board on our behalf. The Nominating, Governance and Compensation Committee or its permitted designee, which is the President and CEO, approves such negotiated equity compensation for newly hired executive officers. The size of such awards is determined based upon available information concerning the competitive packages offered to executives in similar jobs at companies with which we compete for personnel, but are not established based upon any formal survey or other comparative data. In addition, the President and CEO often adjusts such initial equity compensation grants as deemed appropriate to attract or retain specific candidates based on their experience, knowledge, skills and education and our needs.

Long Term Incentive Plan

In February 2015, upon the recommendation of the Nominating, Governance and Compensation Committee, the Board approved the Company's 2015 long term incentive plan, or the 2015 LTI. In connection with the approval of the 2015 LTI, in February 2015, the Board approved the grant of PSUs which were issued under our 2005 Stock Plan to certain participants, including each of the Named Executive Officers. Pursuant to the 2015 LTI, a number of PSUs may be earned and will vest after the close of our 2017 fiscal year based upon the achievement of certain company performance goals over the period from January 1, 2015 through December 31, 2017; provided that the participant remains employed as of the date of the determination of the achievement of the performance goals. The performance criteria consists of free cash flow and return on invested capital targets, to be reached on December 31, 2017, with each being weighted at 50% of the total target. In February 2015, Mr. Corbett was granted 250,000 PSUs; Messrs. O'Neill, Plunkett, and Garner were each granted 120,000 PSUs; and Mitsuo Asai was granted 60,000 PSUs. Such PSUs will fully vest on December 31, 2017, if the performance metric is achieved.

Our 2014 long term incentive plan remains an active plan. In July 2014, upon the recommendation of the Nominating, Governance and Compensation Committee, the Board approved our 2014 long term incentive plan, or the 2014 LTI. In connection with the approval of the 2014 LTI, in July 2014 the Board approved the grant of PSUs which were issued under our 2005 Stock Plan to certain participants, including each of the Named Executive Officers. Pursuant to the 2014 LTI, a number of PSUs may be earned and will vest after the close our fiscal year ending December 31, 2016 based upon the achievement of certain company performance goals over the period from July 1, 2014 through December 31, 2016; provided that the participant remains employed as of the date of the determination of the achievement of the performance goals. The performance criteria consists of free cash flow and return on invested capital targets to be reached on December 31, 2016, with each being weighted at 50% of the total target. In July 2014, Mr. Corbett was granted 250,000 PSUs and Messrs. O'Neill, Plunkett, and Garner were each granted 60,000 PSUs. In addition, pursuant to the 2014 LTI, in July 2014, Messrs. O'Neill, Plunkett, and Garner were each granted 90,000 stock options. Each option grant vests over four years with 25% of such options vesting on the first anniversary of the grant date, and then 6.25% of such options vesting during each of the following 12 quarters thereafter.

Termination and Change in Control Based Compensation

Our Nominating, Governance, and Compensation Committee agreed to severance packages for our Named Executive Officers as part of the negotiations with each of these executive officers to secure his or her services. Our Nominating, Governance and Compensation Committee approved the severance packages based on their experience serving on boards of directors and Nominating, Governance and Compensation Committees of companies of a similar size and stage of development to us and their familiarity with severance packages offered to executive officers of such companies. Based on this knowledge, experience and information, we believe that the respective severance periods and provision of medical and similar benefit programs during such severance periods are both reasonable and generally in line with severance packages negotiated with executive officers of similarly situated companies.

In addition, pursuant to our restricted stock, stock option, and PSU agreements with our executive officers, including our Named Executive Officers, in the event of a change in control, as defined in our 2005 Stock Plan, as amended, the vesting of outstanding restricted stock grants, stock options and PSU awards held by our executive officers will accelerate in connection with a change in control, without regard to whether the executive officer terminates employment in connection with or following the change in control.

Other Compensation

We maintain broad-based benefits and perquisites that are provided to all employees, including health insurance, life and disability insurance, dental insurance, an employee stock purchase plan, and a 401(k) plan. We match employee contributions to our 401(k) plan, including those of our executive officers. In particular circumstances, we also utilize cash signing bonuses when certain executives and senior level non-executives join us. Whether a signing bonus is paid and the amount thereof is determined on a case-by-case basis under the specific hiring circumstances. For example, we have paid and will consider paying cash bonuses to compensate for amounts forfeited by an executive upon terminating prior employment. In addition, we may assist with certain expenses associated with an executive joining and maintaining their employment. We believe these forms of compensation create additional incentives for an executive to join us in a position where there is high market demand. These forms of compensation are typically structured to not exceed certain monetary amounts and/or time periods.

COMPENSATION COMMITTEE REPORT

The Nominating, Governance and Compensation Committee of our Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, which appears elsewhere in this proxy statement, with our management. Based on this review and discussion, the compensation committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in our proxy statement.

Equity Awards

All option awards granted to our Named Executive Officers were granted pursuant to our 2005 Stock Plan with an exercise price equal to the closing price of our common stock on the date of grant.

Pursuant to our restricted stock, stock option, and PSU agreements with our executive officers, including our named executive officers, in the event of a change in control, as defined in the 2005 Stock Plan and described below, the vesting of outstanding restricted stock, stock option, and PSU grants held by our executive officers will accelerate in connection with a change in control, without regard to whether the executive officer terminates employment in connection with or following the change in control.

Generally, a "change in control" shall occur on the date that: (i) any one person, entity or group acquires ownership of capital stock of us, together with our capital stock already held by such person, entity or group, constitutes more than 50% of the total fair market value or total voting power of our capital stock; provided, however, if any one person, entity or group is considered to own more than 50% of the total fair market value or total voting power of our capital stock, the acquisition of additional capital stock by the same person, entity or group shall not be deemed to be a

change of control; (ii) a majority of members of the Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election; or (iii) any one person, entity or group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person, entity or group) assets from us that have a total gross fair market value at least equal to 80% of the total gross fair market value of all of the assets of us immediately prior to such acquisition or acquisitions.

2015 Cash Bonuses

Under our 2015 Bonus Plan, the target cash bonus is a formula expressed as a percentage of each employee's 2015 base salary, subject to the achievement of corporate performance criteria. The corporate performance criteria were predicated on the achievement of: (i) certain revenue and income targets, and (ii) certain annual free cash flow (defined as EBITDA plus or minus change in working capital (inventory, receivables, payables) minus capital expenditures) targets. Each set of targets were established by our Nominating, Governance and Compensation Committee in accordance with the 2015 operating plan that was approved by our Board of Directors. In addition, we are required to achieve a threshold of financial performance before any of the bonuses may be paid to our Named Executive Officers.

Mr. Asai's target cash bonus for fiscal year 2015 was determined according to a formula expressed as 50% of his base salary of 28.1 million Japanese Yen, and was subject to adjustments based on the percentage to which the targeted applicable performance criteria was achieved. Mr. Asai was eligible to receive a cash bonus for 2015 based on the achievement of the sales and local operating expense management goals for Alphatec Pacific, Inc., a wholly owned subsidiary of Alphatec Spine, Inc. The Nominating, Governance and Compensation Committee approved all financial performance criteria for the awarding of this cash bonus and our Chairman and CEO presented such financial criteria to Mr. Asai for his confirmation of the achievability of such criteria. With respect to Mr. Asai's bonus, Alphatec Pacific, Inc. achieved a threshold of financial performance that was established by management for 2015. Alphatec Pacific, Inc. met all financial performance criteria that entitled Mr. Asai to 141% of his target bonus, or \$164,500 U.S. dollars. This bonus was paid in the first quarter of 2016.

In 2015, base salary and bonus payments for each of Messrs. Corbett, O'Neill, Plunkett, Garner, and Asai represented 61%, 67%, 66%, 62%, and 81% of their total compensation, respectively. Mr. Asai was the only Named Executive Officer who received a bonus payment for 2015.

Potential Payments Upon Termination or Change-in-Control

Termination of Employment and Change in Control Arrangements

The employment agreements with our Named Executive Officers provide certain benefits upon the termination of employment without cause. Such benefits are described in detail below.

In the event that Mr. Corbett is terminated (i) without cause or (ii) by Mr. Corbett following certain events, he is entitled to receive as severance compensation equivalent to nine months of base salary plus 100% of his annual target bonus amount then in effect, paid over a period of nine months, known as the Corbett Severance Period. During the Corbett Severance Period, Mr. Corbett will receive a "gross-up" related to any taxes incurred for the continuation of his health and dental insurance coverage pursuant to COBRA. Previously granted stock options and restricted stock which is scheduled to vest during the Corbett Severance Period will continue to vest. Mr. Corbett shall have 90 days after the end of the Corbett Severance Period to exercise any and all vested options. In the event that Mr. Corbett's employment is terminated within 180 days following a change of control, the Corbett Severance Period is increased from nine months to twelve months.

In the event that Mr. O'Neill is terminated (i) without cause or (ii) by Mr. O'Neill following certain events, he is entitled to receive as severance compensation his base salary for a period of 12 months, and payment of, or reimbursement for the continuation of his health and dental insurance coverage pursuant to COBRA for the period in which he is receiving severance, and a "gross up" related to any taxes incurred in connection with such COBRA payments. In the event that Mr. O'Neill's employment is terminated due to either his death or disability, we are required to pay Mr. O'Neill (or his estate, as the case may be) an amount equal to Mr. O'Neill's target bonus for the fiscal year in which such termination occurred (with such amount pro-rated based on the date of termination). In addition, in the event of termination due to death or disability, any unvested stock options and restricted stock awards held by Mr. O'Neill shall become fully vested and not subject to forfeiture or repurchase.

In the event that Mr. Plunkett is terminated without cause he is entitled to receive as severance compensation his base salary for a period of nine months and payment, or reimbursement, of the continuation of his health and dental insurance coverage pursuant to COBRA.

In the event that Mr. Asai is terminated without cause, he is entitled to receive as severance compensation his base salary for a period of 12 months. In the event of Mr. Asai's death, 50% of his then current base salary would be payable to his estate.

In the event that Mr. Garner is terminated without cause he is entitled to receive as severance compensation his base salary for a period of nine months and during such nine-month period Mr. Garner shall be entitled to continue to participate in all benefit programs that the Company establishes and makes available to its management employees.

Agreements with our Officers, Directors and Principal Stockholders

For the year ended December 31, 2015, we incurred costs of less than \$0.1 million related to reimbursement of travel and administrative expenses to HealthpointCapital, LLC. John H. Foster, our former director, is a significant equity holder of HealthpointCapital, LLC, an affiliate of HealthpointCapital Partners, L.P. and HealthpointCapital Partners II, L.P., which are our principal stockholders. In addition, for the year ended December 31, 2015, we paid less than \$0.1 million in connection with the indemnification obligations of our affiliates, Scient'x S.A.S. and Surgiview S.A.S., all of which was related to a litigation matter in which indemnification was provided by us to certain directors of our affiliates that are also our directors.

We have entered into indemnification agreements with all of our directors. The indemnification agreements require us to indemnify these individuals to the fullest extent permitted by Delaware law and to advance expenses incurred by them in connection with any proceeding against them with respect to which they may be entitled to indemnification by us.

Related Party Transaction Policies

Our officers, directors and affiliates are required to obtain Audit Committee approval in advance for any proposed related party transaction. In addition, all related party transactions of more than \$250,000 are to be reviewed by at least two independent directors or the Audit Committee no less than five days before consummation of the proposed related party transaction, or upon agreement if less than five days between agreement and consummation, and the independent directors' approval or disapproval of the proposed related party transaction are to be fully disclosed in our next annual or quarterly report immediately following the approval or disapproval of the proposed related party transaction. In addition, our code of conduct requires that each director, officer and employee must do everything he or she reasonably can to avoid conflicts of interest or the appearance of conflicts of interest. The code of conduct states that a conflict of interest exists when an individual's private interest interferes in any way with our interests and sets forth a list of broad categories of the types of transactions that must be reported to our compliance officer. Under the code of conduct, we reserve the right to determine when an actual or potential conflict of interest exists and then to take any action we deem appropriate to prevent the conflict of interest from occurring.

Director Independence

Ian Molson, Stephen E. O'Neil, Siri S. Marshall, Tom C. Davis, and Donald A. Williams.

Item 14. Principal Accounting Fees and Services

The Board has approved the Audit Committee's recommendation to have Ernst & Young LLP, independent registered public accounting firm, to audit our financial statements for the fiscal year ending December 31, 2016.

The following table presents fees for professional audit services rendered by Ernst & Young LLP for the audit of our annual financial statements for the fiscal years ended December 31, 2015 and 2014, and fees billed for other services rendered by Ernst & Young LLP during those periods.

All other fees	—	—
Total	\$1,580,699	\$1,695,438

(1) Audit fees represent professional services provided in connection with the audit of our financial statements, review of our quarterly financial statements, and audit services in connection with other regulatory filings.

(2) Tax fees in 2015 represent professional services provided in connection with consulting on compliance with the Medical Device Excise tax and transfer pricing study. Tax fees in 2014 represent professional services performed in connection with transfer pricing study and Section 382 tax compliance.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Consistent with Securities and Exchange Commission policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of our independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm.

Prior to engagement of our independent registered public accounting firm for the next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

1. Audit services include audit work performed in the review of financial statements, as well as work that generally only an independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.
2. Audit-Related services are for assurance and related services that are traditionally performed by an independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
3. Tax services include all services performed by an independent registered public accounting firm's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.
4. Other Fees are those associated with services not captured in the other categories. We generally do not request such services from our independent registered public accounting firm.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires our independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage our independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging our independent registered public accounting firm. The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.
