**Item 1.01. Entry into a Material Definitive Agreement.**

On September 26, 2018, Digital Ally, Inc. (“Digital Ally” or the “Company”) entered into an underwriting agreement (the “Underwriting Agreement”) with Roth Capital Partners, LLC, as the representative of the underwriters (the “Representative”) and sole book-running manager, pursuant to which the Company agreed to sell to the Underwriters (as defined below) in a firm commitment underwritten public offering (the “Offering”) an aggregate of 2,400,000 shares (the “Firm Shares”) of the Company’s common stock, par value \$0.001 per share (the “Common Stock”) at a public price of \$3.05 per share. The Company granted the Underwriters (as defined below) a forty-five (45)-day option to purchase up to an additional 360,000 shares (the “Option Shares”; and together with the Firm Shares, the “Shares”) of Common Stock to cover over-allotments, if any. Aegis Capital Corp. (“Aegis”; and together with the Representative, the “Underwriters”) is a co-manager for the Offering.

The net proceeds to the Company from the Offering are expected to be approximately \$6.75 million before the over-allotment option, after deducting underwriting discounts and commissions and estimated expenses payable by the Company. The transactions contemplated by the Underwriting Agreement are expected to close on September 28, 2018, subject to customary closing conditions.

The Offering was registered and the Shares will be issued pursuant to the Company’s effective shelf registration statement on Form S-3 (File No. 333-225227) (the “Registration Statement”), which was initially filed with the Securities and Exchange Commission on May 25, 2018, and was declared effective on June 6, 2018, and the related base prospectus included in the Registration Statement, as supplemented by the preliminary prospectus supplement dated September 25, 2018 (the “Prospectus Supplement”). The legal opinion and consent of Robinson Brog Leinwand Greene Genovese & Gluck P.C. addressing the validity of the Common Stock is filed as Exhibit 5.1 hereto and is incorporated into the Registration Statement.

The Underwriting Agreement contains customary representations, warranties and agreements by the Company, customary conditions to closing, indemnification obligations of the Company and the Underwriters, including for liabilities under the Securities Act of 1933, as amended, other obligations of the parties and termination provisions.

The Underwriters will receive discounts and commissions of seven percent (7%) of the gross cash proceeds received by the Company from the sale of the Shares in the Offering, and up to \$50,000 for its out of pocket expenses, which includes fees of counsel to the Underwriters, subject to compliance with FINRA Rule 5110(f)(2)(D). After deducting the Underwriters’ discounts and commissions and our estimated offering expenses, we expect the net proceeds from the Offering to be approximately \$6.75 million. The Company intends to use the net proceeds for working capital and general corporate purposes.
