FINANCIAL STATEMENTS AND SCHEDULE
AS OF DECEMBER 31, 2003 AND 2002
AND FOR THE YEAR ENDED DECEMBER 31, 2003
TOGETHER WITH REPORT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM

Report of Independent Registered Public Accounting Firm

To the Finance Committee of the
CNF Inc. Board of Directors:

We have audited the accompanying statements of net assets available for benefits of the Menlo Worldwide Forwarding, Inc. Savings Plan as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the plan administrator. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The fund information in the statements of net assets available for benefits and statement of changes in net assets available for benefits is presented for purposes of additional analysis rather than to present the net assets available for benefits and

Edgar Filing: CNF INC - Form 11-K

changes in net assets available for benefits of each fund. The fund information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

MENLO WORLDWIDE FORWARDING, INC. SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

Edgar Filing: CNF INC - Form 11-K

The following description of the Menlo Worldwide Forwarding, Inc. Savings Plan ("the Plan"), formerly the CNF Inc. EWW Savings Plan, is provided for general information purposes only. Participants should refer to the Employee Benefits Handbook or the Plan document for more complete information.

General: The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Overall responsibility for administering the Plan rests with the CNF Inc. ("CNF") Administrative Committee ("the Committee"), which is appointed by the Chief Executive Officer of CNF. The Committee reports directly to the Finance Committee of CNF's Board of Directors. Menlo Worldwide Forwarding, Inc. is a subsidiary of Menlo Worldwide, LLC, a wholly owned subsidiary of CNF Inc. The Plan's trustee, T. Rowe Price Trust Company ("the Trustee"), is responsible for the management and control of the Plan's assets, which are held in individual investment accounts, collectively known as "the Trust."

Amendments: During 2000, CNF amended the CNF Thrift and Stock Plan ("TASP") and the Plan. Effective September 19, 2000, the pilots of Emery Worldwide Airlines ("EWA") ceased participation in the TASP and their elective deferrals began being contributed to the Plan. The pilots' vested balance in the TASP was transferred to the Plan effective December 20, 2000.

In December 2002, the Plan was amended to reflect certain provisions of the Economic Growth and Tax Relief and Reconciliation Act of 2001 ("EGTRRA"), and to reflect compliance with final regulations under Internal Revenue Code ("Code") section 401(a)(9) by adoption of the Internal Revenue Service model amendment pursuant to Rev. Proc. 2002-29. The changes made in this amendment were generally effective January 1, 2002, except for the changes made with respect to Code section 401(a)(9), which were effective January 1, 2003.

Eligibility: The Plan covers all eligible employees of CNF who are covered by a collective bargaining unit that specifically provides for participation in the Plan. Employees become eligible to participate in the Plan upon hire if they are regular full-time employees. Supplemental or part-time employees become eligible upon completion of one year of service during which the employee works 750 hours.

Contributions: Participants may contribute up to 50% of their compensation into the Plan, as defined by the Plan and subject to certain limitations. Each participating employee may direct contributions in any one or more of the investment funds established under the Plan. CNF makes no matching contributions for participants of the Plan.

Participants who formerly participated in the TASP, as discussed under "-Amendments" above and participants who transfer from non-contractual to contractual positions within CNF, are awarded CNF preferred stock as a substitute for cash dividends. For 2003, these participants received CNF preferred stock with a historical cost of \$80,216, as shown on the Statement of Changes in Net Assets Available for Benefits.

The Plan allows for a supplemental employer contribution of up to 10 days of unused forfeited vacation and sick days for those participants whose collective bargaining agreements provide for such contributions. There were no supplemental employer contributions in 2003.

Edgar Filing: CNF INC - Form 11-K

Participant Accounts: A separate account is maintained for each participant of the Plan. Each account is credited with the participant's and employer contributions, if any, and an allocation of the Plan's net earnings. The Plan's net earnings are allocated to the separate funds in each participant's account based upon the value of the individual's account fund balance in relation to the Plan's total fund balance.

Vesting: Participants are fully vested at all times in all contributions made to the Plan plus net earnings thereon.

Participant Loans: The Plan has a loan provision allowing participants access to funds on a tax-free basis. Each participant may borrow from a minimum of \$1,000 up to a maximum of \$50,000 from the participant's fund account, reduced by the excess of the participant's highest outstanding loan balance during the one-year period on the day before the loan is made over the participant's current outstanding loan balance on the date of the loan. Loans may not exceed 50% of a participant's vested account balance (subject to administrative adjustment to assure compliance with the 50% limit). The loans are secured by the vested balance in the participant's account. Loans must be repaid within 4 1/2 years and bear interest at a rate determined by the loan committee (the prime rate plus 1% in 2003). Loans outstanding at December 31, 2003 bear interest at rates ranging from 5.00% to 10.50%. Principal and interest are paid ratably through payroll deductions.

Distribution to Participants: Employees become eligible for distribution upon termination of employment, disability, retirement or death. Distributions are payable in the form of lump sum payments or in a series of substantially equal annual installments.

Plan Termination: Although it has not expressed any intent to do so, CNF has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, CNF shall direct the Trustee with respect to the distribution of accounts to or for the exclusive benefit of participants or their beneficiaries.

2. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements have been prepared using the accrual method of accounting.

Financial Instruments: The investments in the accompanying financial statements are stated at quoted market prices, which approximate fair value as of December 31, 2003 and 2002 except for (1) participant loans outstanding that are valued at cost, which approximates fair value and (2) CNF preferred stock, which does not have a quoted market value, and is stated at fair value as determined by an annual independent appraisal.

Investments: The Plan invests in various investments. Investment securities are generally exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect amounts reported in the Statements of Net Assets Available for Benefits.

Income Recognition: The difference in market value from one period

Edgar Filing: CNF INC - Form 11-K

to the next is included in net appreciation (depreciation) in fair value of investments in the accompanying Statement of Changes in Net Assets Available for Benefits. The net appreciation (depreciation) in fair value of investments also includes realized gains and losses.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on the trade-date basis.

The Plan is charged a wrap fee for each investment transaction recorded in the Trust. Accordingly, these costs result in an overall reduction in the investment returns recorded by each underlying asset.

Operating Expenses: During 2003, all administrative expenses of the Plan were paid by CNF.

Payment of Benefits: Benefits paid to participants are recorded upon distribution.

Estimates: CNF makes estimates and assumptions when preparing the financial statements in conformity with U.S. generally accepted accounting principles. These estimates and assumptions affect the amounts reported in the accompanying financial statements and notes. Actual results could differ from those estimates.

3. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets

During 2003, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

4. Income Tax Status

The Internal Revenue Service has determined and informed CNF by a letter dated October 3, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

5. Related Party Transactions

Certain Plan investments are shares in funds managed by T. Rowe Price Trust Company, the trustee as defined by the Plan. Therefore, these investments and investment transactions qualify as party-in-interest.

6. Subsequent Event

Effective January 1, 2004, the Plan was amended to permit in-service withdrawals for financial hardship, in accordance with the four "safe harbor" reasons (medical expenses, college tuition, purchase of primary residence, or to prevent eviction). Participants who are receiving benefits under a CNF-sponsored long-term disability plan are eligible for in-service withdrawals from the Plan. Previously, such withdrawals were only available if the participant qualified for Social Security disability benefits.
