(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed ? If answer is no, identify report(s).

Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The registrant's previous Annual Report on Form 10-KSB for the year ended June 30, 2005 reflected the Allume business, which was sold on July 1, 2005, as a discontinued operation. On June 9, 2006, the registrant completed the sale of substantially all of the assets of the Precision Design business, which business will be reflected as a discontinued operation in the subject report. The registrant has not yet completed the preparation of its financial statements for fiscal year 2006. However, its results from continuing operations will be impacted by the acquisition of AccessMedia Networks Inc. on June 1, 2006 and the continued growth of the Houseplans business, including the acquisition of Weinmaster Homes Ltd. on July 1, 2005.

For the year ended June 30, 2006, the Company expects to report net income of approximately \$714,000, or \$.02 per share, as compared to a net loss of approximately \$1,754,000, or \$.06 per share, for the year ended June 30, 2005. Due to the reclassification of Precision Design as a discontinued operation, the Company expects the results of operations for the years ended June 30, 2006 and June 30, 2005 to reflect the following: (i) loss from continuing operations of approximately \$1,116,000 and \$478,000, respectively, (ii) loss from discontinued operations of approximately \$3,004,000 and \$3,311,000, respectively, and (iii) gain on sale of discontinued operations of approximately \$4,834,000 and \$2,035,000, respectively.

All statements included in this Form 12b-25, Notification of Late Filing, other than statements or characterizations of historical fact, are forward-looking statements. These forward-looking statements are based on the registrant's current expectations, estimates and projections about the registrant's industry and business, management's beliefs, and certain assumptions made by the registrant, all of which are subject to change. Forward-looking statements can often be identified by words such as "anticipates," "expects," "intends," "plans," "predicts," "believes," "seeks," "estimates," "may," "will," "should," "would," "could," "potential," "continue," "ongoing," similar expressions or variations or negatives of these words. These statements are not guarantees of future performance and are subject to risks, uncertainties and assumptions that are difficult to predict. Therefore, the registrant's actual results could differ materially and adversely from those expressed in any forward-looking statements as a result of various factors. Our Annual Report on Form 10-KSB, subsequent Quarterly Reports on Form 10-QSB, recent Current Reports on Form 8-K, and other SEC filings discusses important risk factors that could contribute to such differences or otherwise affect our business, results of operations and financial condition. We undertake no obligation to revise or update publicly any forward-looking statement for any reason, except as otherwise required by law.
