## Edgar Filing: INCO LTD - Form 8-K

On April 15, 2003, Inco Limited (the Registrant ) issued a press release covering its results for the first quarter of 2003 ended March 31, 2003. This release included information on the Registrant's adjusted net earnings and net earnings in accordance with Canadian generally accepted accounting principles ( Canadian GAAP ), the principles covering the Registrant's primary financial statements, for that quarter as compared with the corresponding quarter of 2002 and a reconciliation of such adjusted net earnings to net earnings in accordance with Canadian GAAP. The press release also included an update on the Registrant's current outlook on production of its principal metals and other items for 2003, including whether it is comfortable with the current First Call mean consensus for the Registrant's adjusted net earnings estimate for 2003 based upon certain assumptions. No reconciliation of this estimate to a net earnings estimate in accordance with Canadian GAAP was included in this release since the Registrant does not believe it is in a position to predict with any degree of certainty the impact that certain items excluded in arriving at the adjusted net earnings estimate and which would be reflected in any such reconciliation of its adjusted net earnings estimate to a net earnings estimate in accordance with Canadian GAAP could have. A copy of the press release issued by the Registrant is furnished as Exhibit 99.1 to this Form 8-K.
