(1) The percentage ownership is based upon 7,499,008 outstanding shares as of April 30, 2011, as reported by the Issuer in its filing on Form 10-Q for the quarter ended March 31, 2011.

SCHEDULE 13D

Icagen, Inc.

This Schedule 13D amends and restates the Schedule 13G previously filed on August 28, 2007, as amended by Amendment No. 1 filed on February 22, 2008, by Pfizer Inc. (“Pfizer”).

Item 1. Security and Issuer.

The class of equity securities to which this Schedule 13D relates is the common stock, par value \$0.001 per share (the “Common Stock”), of Icagen, Inc., a Delaware corporation (“Icagen”). The principal business address of Icagen is 4222 Emperor Boulevard, Suite 350, Durham, NC 27703.

Item 2. Identity and Background.

This statement is filed by Pfizer, a Delaware corporation. The principal business address of Pfizer is 235 E. 42nd Street, New York, NY 10017. Pfizer is a research-based, global pharmaceutical company. Set forth on Schedule I hereto, which is incorporated herein by reference, is the name, business address, principal occupation or employment and the name, principal business and address of any corporation or other organization in which such employment is conducted and citizenship of each of Pfizer’s directors and executive officers.

During the past five years, neither Pfizer, nor, to the knowledge of Pfizer, any of its directors and executive officers, has been (i) convicted in a criminal proceeding (excluding traffic violations and similar misdemeanors), or (ii) a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration.

The shares of Common Stock of Icagen beneficially owned by Pfizer were acquired with working capital set aside for the general purpose of investing.

Item 4. Purpose of Transaction.

On August 13, 2007, Pfizer entered into a Collaborative Research and License Agreement (the “Collaboration Agreement”) with Icagen relating to the discovery, development, manufacture and commercialization of pharmaceutical compounds and products that modulate three specific sodium ion channels as potential new treatments for pain and related disorders. In connection with the Collaboration Agreement, Pfizer also entered into a Purchase Agreement (“Purchase Agreement”) with Icagen on the same date pursuant to which, Pfizer agreed to purchase 336,021 shares of Icagen’s common stock, par value \$0.001 per share (“Common Stock”), for an aggregate purchase price of approximately \$15 million. This transaction was consummated on August 20, 2007. Pursuant to the Purchase Agreement, Icagen also received a put option to sell up to an additional \$10 million of its Common Stock to Pfizer. On February 6, 2008, Icagen provided Pfizer with a notice that it was exercising this put option, and on February 13, 2008, in accordance with the terms of the Purchase Agreement, Pfizer purchased an additional 730,994 shares of

Common Stock from Icagen for an aggregate purchase price of approximately \$10 million.⁽¹⁾

Under the Purchase Agreement, Pfizer agreed to appoint the President and Treasurer of Icagen as the proxies of Pfizer (the “Pfizer Proxies”) with respect to matters on which Pfizer is entitled to vote as a holder of Icagen’s Common Stock. The Pfizer Proxies are authorized to vote all of the Common Stock owned by Pfizer in connection with all matters other than those related to a merger or acquisition of Icagen, the disposition of all or substantially all of the assets of Icagen or a change of control of Icagen (each such event, a “Change of Control Event”). In the event of a shareholder vote to approve a Change of Control Event, for any portion of Icagen’s Common Stock owned by Pfizer that is in excess of 10% of the total outstanding shares of Icagen’s Common Stock, Pfizer has agreed to have the Pfizer Proxies vote these shares in the same manner and in the same proportion as shares of Common Stock held by other shareholders of Icagen, subject to certain exceptions. The foregoing description of the voting rights and restrictions under the Purchase Agreement is subject to, and qualified in its entirety by, the Purchase Agreement, which is attached hereto as Exhibit 1.

Under the Purchase Agreement, Pfizer also has certain registration rights to have the purchased securities registered under the U.S. Securities Act of 1933, as amended (the “Securities Act”). Upon Pfizer’s written request, Icagen has agreed to use its reasonable best efforts to prepare and file a registration statement with the Securities and Exchange Commission on Form S-3 within thirty calendar days following receipt of Pfizer’s registration request (the “Filing Date”), to cause such registration statement to become effective within ninety calendar days after the Filing Date and to bear all expenses in connection with such registration. The foregoing description of the registration rights under the Purchase Agreement is subject to, and qualified in its entirety by, the Purchase Agreement.

Pfizer and Icagen entered into an Agreement and Amendment to the Collaboration Agreement, dated September 17, 2009, which extended the term of the Collaboration Agreement. On September 21, 2010, the parties entered into a Second Agreement and Amendment to the Collaboration Agreement to further extend the term of the Collaboration Agreement. The term of the Collaboration Agreement is currently set to expire on December 31, 2011.

On December 10, 2010, Pfizer, Icagen and Yale University entered into a Collaboration and Sponsored Research Agreement, pursuant to which the parties agreed to collaborate on a research program in the field of erythromelalgia.

As part of Pfizer’s ongoing evaluation of the possible extension or other modification of the Collaboration Agreement, Pfizer is evaluating the possibility of entering into a strategic transaction with Icagen, which could have the effect of influencing or changing the control of Icagen by means of a stock or asset acquisition or merger (a “Strategic Transaction”). In connection with such evaluation, Icagen representatives and Pfizer employees have engaged in preliminary discussions regarding a potential Strategic Transaction and on June 14, 2011, Pfizer and Icagen entered into an amendment to the letter agreement dated October 10, 2006 in connection with disclosure of certain confidential information by Icagen (the “Confidentiality Agreement Amendment”). Pursuant to the Confidentiality Agreement Amendment, Icagen agreed to give Pfizer access to various due diligence materials. Based on and subject to the results of its due diligence evaluation, Pfizer may, if Icagen is willing, engage in further discussions with Icagen’s management and members of its board of directors that could ultimately lead to the drafting and negotiation of one or more transaction agreements and, if agreement can in fact be reached on terms mutually agreeable to the parties, the execution of definitive agreements that could effectuate either an extension or amendment of the Collaboration Agreement or a Strategic Transaction. No assurance can be made that Pfizer and Icagen will reach agreement on terms with respect to any such transaction prior to the expiration of the current Collaboration Agreement, if at all.

(1) These numbers have been adjusted to take into account the Company’s one-for-eight reverse stock split effectuated on September 21, 2010. The original share amounts purchased by Pfizer pursuant to the Purchase Agreement were as follows: on August 20, 2007, Pfizer purchased 2,688,172 shares of Icagen’s common stock, par

Edgar Filing: ICAGEN INC - Form SC 13D

value \$0.001 per share ("Common Stock"), for \$1.86 per share and on February 13, 2008, Pfizer purchased an additional 5,847,953 shares of Common Stock from Icagen at \$1.71 per share.

Item 5. Interest in Securities of the Issuer.

(a) Pfizer beneficially owns 1,067,015 shares of Common Stock (approximately 14.2% of the shares of Common Stock outstanding as of April 30, 2011, as reported in Icagen's filing on Form 10-Q for the quarter ended March 31, 2011).

(b) Pfizer has the sole power to vote or to direct the vote of and the sole power to dispose or to direct the disposition of 1,067,015 shares of Common Stock.

(c) During the last sixty days, neither Pfizer nor, to its knowledge, any of its directors or executive officers, has purchased or sold any shares of Common Stock of Icagen.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer.

Other than as described in Items 3, 4 and 5 and the agreements set forth as exhibits hereto, to Pfizer's knowledge, there are no contracts, arrangements, understandings or relationships (legal or otherwise) among the persons named in Item 2 and between such persons and any person with respect to any securities of Icagen.

Item 7. Material to Be Filed as Exhibits.

The following document is filed as an exhibit:

Exhibit 1 - Purchase Agreement, dated as of August 13, 2007, by and between Icagen and Pfizer (incorporated by reference to Exhibit 99.1 to the Current Report on Form 8-K filed by Icagen on August 14, 2007).

SIGNATURE

After reasonable inquiry and to the best of its knowledge and belief, the undersigned certifies that the information set forth in this statement is true, complete and correct.
