Item 2.05 Costs Associated With Exit or Disposal Activities

In an ongoing effort to better position the company for success in the increasingly competitive broadband marketplace, on December 14, 2005, BellSouth determined that it would reduce its management workforce by approximately 1,500 employees. The reductions are expected to be completed by the end of April 2006. The anticipated benefit of the work force reductions is expected to be in the range of \$175 million annually.

As a result of this reduction in force, we will record an after-tax charge for employee termination benefits of approximately \$95 million, approximately \$50 million of which will be recognized in the fourth quarter 2005. Cash expenditures related to the severance are expected to be incurred in the first half of 2006.
