Item 8.01 Other Events

In connection with the proposed merger between AT&T Inc. ( AT&T ) and BellSouth Corporation ( BellSouth ), AT&T filed a registration statement on Form S-4 (Registration No. 333-132904), containing a joint proxy statement/prospectus of AT&T and BellSouth, with the Securities and Exchange Commission on March 31, 2006, as amended on May 10 and June 2, 2006.

On June 6, 2006, AT&T Inc. filed a Current Report on Form 8-K which reported the following:

...[A]fter the filing of Amendment No. 2 to AT&T Inc.'s Registration Statement on Form S-4 (the "Registration Statement"), AT&T determined that the total amount of transactions between AT&T and BellSouth should have been \$199 instead of \$339. (The amount of the transactions between the two companies is subtracted from both the revenue line and the expense line when determining what would be the overall amount of revenues and expenses for the combined company.) This change in the amount of these inter-company transactions will increase the Total Operating Revenues line and will increase the Cost of Sales line in the unaudited pro forma condensed combined statement of income for the quarter ended March 31, 2006. The inter-company revenue and expense adjustments are shown on page 100 (and the corresponding footnote (d1) on page 107) of the joint proxy statement/prospectus included as part of the Registration Statement.

As a result of this determination:

The amount of \$28,909 included on the Total Operating Revenue line on pages 12 and 100 of the joint proxy statement/prospectus should be \$29,049 instead of \$28,909, and

The amount of \$11,752 included on the Cost of Sales line on page 100 of the joint proxy statement/prospectus should be \$11,892 instead of \$11,752.

Calculations of Operating Income, Net Income and per share amounts were unchanged.

BellSouth does not believe that these changes are material.
