Notes to Consolidated Financial Statements

Edgar Filing: CHAMPIONS SPORTS INC - Form 10QSB

Summarized Financial Information

Company or group of companies for which report is filed:

CHAMPIONS Sports, Inc. and Subsidiaries

The consolidated balance sheet as of October 31, 2001, the consolidated statements of operations for the three months and six months ended October 31, 2001 and October 31, 2000 and the consolidated statements of cash flows for the six months ended October 31, 2001 and October 31, 2000 have been prepared by the company, without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and changes in cash flow at October 31, 2001 and for all periods presented have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been omitted. It is suggested that these consolidated financial statements be read in conjunction with the financial statements and notes thereto included in the Company's 10-KSB as of April 30, 2001. The results of operations for the period ended October 31, 2001 are not necessarily indicative of the operating results for the full year.

This document contains "forward-looking statements" (within the meaning of the Private Securities Litigation Act of 1995) that inherently involve risk and uncertainties. The Company's actual results could differ materially from those anticipated in the forward-looking statements as a result of unforeseen external factors. These factors may include, but are not limited to, changes in general economic conditions, the ongoing threat of terrorism, customer acceptance of products offered and other general competitive factors, and the ability to have access to financing sources on reasonable terms. Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's analysis, judgment, belief or expectation only as of the date hereof.

Item 2. Managements Discussion and Analysis of Financial Condition and Results of Operations

Results of Operation

For the six months ended October 31, 2001, the Company's net loss from operations was \$30,918 before preferred stock dividends of \$31,876 resulting in a net loss available to common shareholders of \$62,794 or (\$0.01) per common share

For the six months ended October 31, 2000, the Company's net loss from operations was \$40,116 before preferred stock dividends of \$31,876 resulting in a net loss from continuing operations of \$71,992. The Company also realized a loss from discontinued operations of \$78,409 and a loss on a security held for sale of \$50,000. The net loss available for common shareholders for the six months ended October 31, 2000 was \$200,401.

The Company's assets decreased to \$750,023 at October 31, 2001 from \$876,235 at April 30, 2001 as a result of the net loss for the six month period.

Revenues

The Company's total revenues were essentially the same for the six month period and increased 12.3% for the three month period ended October 31, 2001. The Company's total revenues were \$1,083,026 and \$1,083,547 for the six months ended October 31, 2001 and 2000. By component, food and beverage sales were nearly exactly the same for the comparable six month periods. Although sales at the San Antonio Champions dropped dramatically for a period of time after the tragic events of September 11, 2001, sales at this location have rebounded to levels comparable to the prior year. While the continued threat of terrorism looms over the country, there can be no assurance that sales will remain comparable to the prior year. For the three month period, food and beverage sales decreased 6.2% for the comparable period. The decrease in food and beverage sales for the three month period is a result of the events of September 11, 2001. Merchandise and memorabilia sales for the six months ended October 31, 2001 were \$115,647 compared to \$111,740 in the comparable period. The Company provided sports memorabilia to one Marriott Champions location during the six months ended October 31, 2001 and 2000. Interest income and other income represent 2% or less of the Company's total revenues for the three months and six months ended October 31, 2001 and 2000.

Expenses

Cost of food and beverage remained relatively constant at 25.9% versus 25.5% of food and beverage sales of for the six months ended October 31, 2001 and 2000. Cost of merchandise and memorabilia sales was 55.3% and 58.3% of related sales for the six months ended October 31, 2001 and 2000. During the six months ended October 31, 2000, the Company wrote down memorabilia inventory of approximately \$23,000. Restaurant payroll and related costs also remained relatively constant at 35.4% and 35.2% of related sales for the six months ended October 31, 2001 and 2000. Restaurant occupancy costs increased to 12.9% of restaurant sales compared to 11.1% of related sales for the six month comparable periods. This is attributed to an increase in common area charges and real estate taxes passed on by the landlord. Other restaurant costs were 18.0% of sales compared to 19.1% for the comparable period. General and administrative expense for the Company's corporate office was \$144,700 or 13.4% of the Company's total revenues for the six months ended October 31, 2001 compared to \$165,298 or 15.3% for the six months ended October 31, 2000. This decrease is attributed to the Company's effort to contain its costs and expenses in the uncertainty of the current economic climate. For the six months ended October 31, 2000, the Company expended \$78,409 for its effort to diversify into high-technology with the formation of a wholly owned subsidiary, Champions Tech Ventures. These diversification efforts proved to be unsuccessful and the Company ceased funding the operations of Champions Tech Ventures in March 2001 and divested its ownership in the subsidiary. Depreciation and amortization expense represented 2.2% of the Company's total revenues during each six-month period.
