Citizens Financial Corporation and Subsidiaries
Notes to Condensed Consolidated Financial Statements
(Unaudited)

Note 1 - BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q in conformity with accounting principles generally accepted in the United States. The accompanying unaudited condensed financial statements reflect all adjustments which are, in the opinion of management, necessary to a fair presentation of the results for the interim periods. All such adjustments are of a normal recurring nature. For further information, refer to the December 31, 2002 consolidated financial statements and footnotes included in the Company's annual report on Form 10-K.

Note 2 - COMPREHENSIVE INCOME

The components of comprehensive income, net of related tax, for the three months ended March 31, 2003 and 2002 are as follows:

COMPREHENSIVE INCOME:	Three Months Ended March 31,	
	2003	2002
Net Loss	\$ (333,318)	\$ (396,943)
Net unrealized gain (loss) on securities	418,234	(737,785)

Edgar Filing: CITIZENS FINANCIAL CORP /KY/ - Form 10-Q

Comprehensive Income (Loss)	\$	84,916	\$ (1,134,728)
-----------------------------	----	--------	----------------

Note 3 - DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

The Company's derivatives outstanding at March 31, 2002 include approximately \$41,000 of embedded options on convertible bonds and \$123,000 of other open option positions. Hedge accounting is not used for these securities and changes in market value are reported currently as realized gains or losses.

Note 4 - NET REALIZED INVESTMENT GAINS (LOSSES), NET OF EXPENSES

The Company recorded pretax reductions to the carrying value of available for sale securities totaling \$68,329 and \$513,007 for the three months ended March 31, 2003 and 2002, respectively, relating to declines in value which were considered by management to be other than temporary. These amounts are included along with other net realized losses. The Company also nets certain direct, incremental investment management fees against net realized investment gains and losses presented in the Condensed Consolidated Statements of Operations. Such costs are based directly on or, are primarily associated with capital gains. Costs netted against realized investment gains and losses total \$21,030 and \$2,875 for the three months ended March 31, 2003 and 2002, respectively.

Note 5 - INCOME TAXES

Current taxes are provided based on estimates of the projected effective annual tax rate. Deferred taxes reflect the net effects of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

Part I; Item 1 (continued)

Note 6 - SEGMENT INFORMATION

The Company's operations are managed along five principal insurance product lines: Home Service Life, Broker Life, Preneed Life, Dental, and Other Health. Products in all five lines are sold through independent agency operations. Home Service Life consists primarily of traditional life insurance coverage sold in amounts of \$10,000 and under to middle and lower income individuals. This distribution channel is characterized by a significant amount of agent contact with customers throughout the year. Broker Life product sales consist primarily of simplified issue and graded-benefit policies in amounts of \$10,000 and under. Other products in this segment which are not aggressively marketed include: group life, universal life, annuities and participating life coverages. Preneed Life products are sold to individuals in connection with prearrangement of their funeral and include single premium and multi-pay policies with coverages generally in amounts of \$10,000 and less. These policies are generally sold to older individuals at increased premium rates. Dental products are term coverages generally sold to small and intermediate size employer groups. Other Health products include various accident and health coverages sold to individuals and employer groups. Segment information as of March 31, 2003 and 2002, and for the periods then ended is as follows:

Part I; Item 1 (continued)

The Company evaluates performance based on several factors, of which the primary financial measure is segment profit. Segment profit represents pretax earnings, except net realized investment gains and interest expense are excluded. A significant portion of the Company's realized investment gains are generated from investments in equity securities. The equities portfolio averaged (on a cost basis) approximately \$7,866,000 and \$7,018,000 during the three months ended March 31, 2003 and 2002, respectively.

Part I; Item 1 (continued)

Note 7 - LITIGATION

United Liberty, which the Company acquired in 1998, is defending an action in an Ohio state court brought by two policyholders. The Complaint refers to a particular class of life insurance policies that United Liberty issued over a period of years ending around 1971. It alleges that United Liberty's dividend payments on these policies from 1993 through 1999 were less than the required amount. It does not specify the amount of the alleged underpayment but implies a maximum of about \$850,000. The plaintiffs also allege that United Liberty is liable to pay punitive damages, also in an unspecified amount, for breach of an implied covenant of good faith and fair dealing to the plaintiffs in relation to the dividends. The action has been certified as a class action on behalf of all policyholders who were Ohio residents and whose policies were still in force in 1993. United Liberty has denied the material allegations of the Complaint and is defending the action vigorously. Pre-trial discovery is continuing. United Liberty has filed a motion for summary judgment, which has been fully briefed by both parties and will be argued to the Court on May 29, 2003. At United Liberty's request, an initial mediation session has been completed and negotiations are continuing. As a pre-requisite for the mediation, United Liberty offered to settle the matter for payments over time, which would include attorneys' fees, and which would be contingent upon an exchange or reformation of the insurance policies currently owned by the members of the class. At this stage of the litigation, the Company is unable to determine whether an unfavorable outcome of the action is likely to occur or, alternatively, whether

Edgar Filing: CITIZENS FINANCIAL CORP /KY/ - Form 10-Q

the chance of such an outcome is remote. Therefore, at this time, management has no basis for estimating potential losses, if any. In addition, the Company is party to other lawsuits in the normal course of business. Management believes that recorded claims liabilities are adequate to ensure that these other suits will be resolved without material financial impact to the Company.

Part I; Item 2 - Management's Discussion and Analysis

FINANCIAL POSITION. Shareholders' equity totaled approximately \$17,835,000 and \$17,758,000 at March 31, 2003 and December 31, 2002, respectively. These balances reflect an approximate one-half percent increase for the three months ended March 31, 2003. As described above, the comprehensive income (loss) totaled approximately \$85,000 and \$(1,135,000) for the three months ended March 31, 2003 and 2002, respectively. A significant portion of the prior year comprehensive loss is attributable to changes in the value of the Company's fixed maturity and equity portfolios. Equity securities comprised approximately 6.1% and 5.2% of the Company's total assets as of March 31, 2003 and December 31, 2002, respectively. Accordingly, as also described below, the Company's financial position can be significantly affected by movements in the equities markets. Equity portfolio positions increased \$1,514,000 on a cost basis and \$1,279,000 on a market value basis, during the first three months of 2003. Fixed maturity portfolio positions increased \$304,000 on an amortized cost basis and increased \$1,196,000 on a market value basis during the same period. This difference resulted primarily from increasing bond prices during the quarter. Cash and cash equivalent positions also decreased approximately \$1,272,000 during the quarter ended March 31, 2003.

Equity markets continue to be highly volatile and were unfavorable in the first quarter of 2003, although improvements have been experienced in the first half of the second quarter. In addition, interest yields on fixed maturity investments are continuing to decline and economic pressures continue to adversely impact certain fixed maturity issuers. The significant decline in short-term rates has and, continues to adversely impact the Company's investment portfolio yield and operating earnings. The 2003 environment described continues to generate a relatively high level of qualitative investment risk. However, measures of quantitative risk per unit of investment are not believed to have changed significantly from those previously disclosed in the Company's 2002 Form 10-K

OPERATIONS. Net premiums and other considerations increased approximately \$720,000, or 9% during the first quarter of 2003 compared to the first quarter of 2002. Preneed Life, Dental and Home Service Life premium increases were approximately \$577,000, \$135,000, and \$53,000 respectively, while Broker Life experienced a modest decrease. The Preneed Life segment growth is attributable primarily to continued expansion into independently owned funeral homes and increased production generated by third-party marketing organizations. The Dental premium increase is attributable primarily to an additional broker relationship and normal inflationary premium increases. The Other Health segment represents approximately only 4% of total premium.

Pretax (loss) improved approximately \$61,000 to \$(406,000) for the three months ended March 31, 2003, primarily due to favorable Home Service Life and Broker Life mortality and certain product pricing increases, partially offset by an increase in Other Health claims and lower investment portfolio yields. Additionally, a significant portion of the \$312,000 increase in general expenses for the quarter is attributable to costs associated with outside consultants who were employed to review profitability of the Company's life products in the current interest rate environment and perform other actuarial calculations and analysis. Pretax Segment (loss) (excluding realized investment gains and

Edgar Filing: CITIZENS FINANCIAL CORP /KY/ - Form 10-Q

interest expense) for the first three months of 2003 was approximately \$(38,000) compared to \$(57,000) for the first three months of 2002. This improvement is also primarily attributable to the factors described above. Below are the approximate, annualized pretax investment income and total return yields for the three months ended March 31, 2003 and 2002.

Three Months Ended March 31	2003	2002
Investment Income	\$ 1,373,989	\$ 1,467,823
Realized and Unrealized Gains (Losses)	380,874	(1,481,686)
Total Return	\$ 1,754,863	\$ (13,863)
Average Cash and Investments	\$127,140,985	\$112,716,671
Investment Income Yield - Annualized	4.32%	5.21%
Total Return - Annualized	5.52%	(0.05)%

The change in the Company's effective income tax rate is due to the lack of tax loss carryback potential for a portion of the Company's operations.

CASH FLOW AND LIQUIDITY. Cash flow from operations totaled \$1,658,000 for the quarter ended March 31, 2003 compared to \$2,570,000 for the same period in the prior year. This positive cash flow for both periods is primarily attributable to growth in Preneed Life business. The \$1,999,000 of cash used by investing activities for the quarter ended March 31, 2003 resulted primarily from investing the proceeds of Preneed Life sales. The \$931,000 of cash used in financing activities during the first quarter of 2003 is primarily attributable to bank loan principal repayments along with annuity and Universal Life account withdrawals. The quarterly bank loan payment due on April 1, 2003 was paid by March 31, 2003, accordingly, the outstanding bank loan balance decreased by two quarterly installments. Due to continued investment losses and earnings pressure from lower yields on investments and cash equivalents, the Company is completing a strategic review of its products and operations. A key element of this initiative is improving profitability of the Preneed, Home Service, and Broker Life segments by increasing premiums, strengthening underwriting practices, modifying commissions, and where possible, lowering interest crediting or policy growth rates. Regarding the currently scheduled debt repayments, the Company believes its available funds will be adequate to service 2003 debt obligations and, with other available assets, will probably be adequate to service debt obligations through 2004. In addition, the Company's Chairman has expressed potential willingness to loan the Company an additional \$3,000,000 if necessary, which could service debt obligations through the majority of 2006.

FORWARD-LOOKING INFORMATION.

All statements, trend analyses and other information contained in this report relative to markets for the Company's products and trends in the Company's operations or financial results, as well as other statements including words such as "anticipate", "believe", "plan", "estimate", "expect", "intend", and other similar expressions, constitute forward-looking statements under the Private Securities Litigation Reform Act of 1995. These forward-looking statements are subject to known and unknown risks, uncertainties and other factors which may cause actual results to be materially different from those contemplated by the forward-looking statements. Such factors include, among other things:

Edgar Filing: CITIZENS FINANCIAL CORP /KY/ - Form 10-Q

- |X| the market value of the Company's investments, including stock market performance and prevailing interest rate levels;
- |X| customer and agent response to new products, distribution channels and marketing initiatives, including exposure to unrecoverable advanced commissions;
- |X| mortality, morbidity, lapse rates, and other factors which may affect the profitability of the Company's insurance products;
- |X| regulatory changes or actions, including those relating to regulation of insurance products and insurance companies;
- |X| ratings assigned to the Company and its subsidiaries by independent rating organizations which the Company believes are important to the sale of its products;

There can be no assurance that other factors not currently anticipated by management will not also materially and adversely affect the Company's results of operations.

Part I; Item 3 - Quantitative and Qualitative Disclosures about Market Risk

Quantitative and Qualitative Risk. The primary changes in quantitative market risks during the three months ended March 31, 2003 are discussed in Part I, Item 2 above.

Part I; Item 4 - Controls and Procedures

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES. Within the past 90 days, the Company conducted an evaluation of its disclosure controls and procedures, with the supervision and participation of its Chief Executive Officer and Chief Financial Officer. The Company does not expect that its disclosure controls and procedures will prevent all error and fraud. Such a control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must balance the constraint of prudent resource expenditure with a judgmental evaluation of risks and benefits. Based on this evaluation of disclosure controls and procedures, the Company's Chief Executive Officer and Chief Financial Officer have concluded that such controls and procedures provide reasonable assurance that material information required to be included in the Company's periodic SEC reports is made known on a timely basis to the Company's principal executive and financial officers.

CHANGES IN INTERNAL CONTROLS. There have been no significant changes in the Company's internal controls or changes in other factors that could significantly affect these controls subsequent to their evaluation, nor has the Company implemented any corrective actions regarding significant deficiencies or material weaknesses in internal controls.
