**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS  
AND THE ANNUAL MEETING**

**Q:** *Why am I receiving these materials?*

**A:** Agilent's Board of Directors (the Board) is providing these proxy materials for you in connection with Agilent's annual meeting of stockholders, which will take place on February 22, 2002. Stockholders are invited to attend the annual meeting and are requested to vote on the proposals described in this proxy statement.

**Q:** *What information is contained in these materials?*

**A:** The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and our most highly paid officers, and certain other required information. Agilent's 2001 Annual Report and audited financial statements, proxy card and return envelope are also enclosed.

**Q:** *What proposals will be voted on at the annual meeting?*

**A:** There are two proposals scheduled to be voted on at the annual meeting:

the election of directors for a 3-year term;

the ratification of the appointment of PricewaterhouseCoopers LLP as Agilent's independent accountants.

**Q:** *What is Agilent's voting recommendation?*

**A:** Agilent's Board recommends that you vote your shares FOR each of the nominees to the Board and FOR the ratification of the appointment of PricewaterhouseCoopers LLP as Agilent's independent accountants.

**Q:** *What shares owned by me can be voted?*

**A:** All shares owned by you as of the close of business on December 26, 2001 (the Record Date) may be voted by you. You may cast one vote per share of common stock that you held on the Record Date. These shares include shares that are: (1) held directly in your name as the stockholder of record, including shares purchased through Agilent Technologies, Inc. 1999 Stock Plan and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee or shares purchased through Agilent Technologies, Inc. 401(k) Plan, which is also called the Agilent Savings Accumulation Plan or ASAP.

**Q:** *What is the difference between holding shares as a stockholder of record and as a beneficial owner?*

**A:** Most stockholders of Agilent hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

**Stockholder of Record**

If your shares are registered directly in your name with Agilent's transfer agent, Computershare Investor Services, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent directly to you by Agilent. As the stockholder of record, you have the right to grant your voting proxy directly to Agilent or to vote in person at the annual meeting. Agilent has enclosed a proxy card for you to use.

**Beneficial Owner**

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting. Your broker or nominee has enclosed a

voting instruction card for you to use in directing the broker or nominee regarding how to vote your shares.

**Q: *How can I vote my shares in person at the annual meeting?***

**A:** Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification.

Even if you plan to attend the annual meeting, Agilent recommends that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the annual meeting. Shares held in street name may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

**Q: *How can I vote my shares without attending the annual meeting?***

**A:** Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the annual meeting. You may vote your directly held shares by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee.

**Q: *Can I change my vote?***

**A:** You may change your proxy instructions at any time prior to the vote at the annual meeting. For shares held directly in your name, you may accomplish this by granting a new proxy bearing a later date (which automatically revokes the earlier proxy) or by attending the annual meeting and voting in person. Attendance at the annual meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares held beneficially by you, you may accomplish this by submitting new voting instructions to your broker or nominee.

**Q: *How are votes counted?***

**A:** In the election of directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. For the ratification of PricewaterhouseCoopers LLP, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN, it has the same effect as a vote AGAINST. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board. Any undirected shares that you hold in the ASAP will be voted in proportion to the way the other ASAP shareholders vote their ASAP shares.

**Q: *What is the voting requirement to approve each of the proposals?***

**A:** In the election for directors, the three persons receiving the highest number of FOR votes will be elected. The auditors proposal requires the affirmative FOR vote of a majority of those shares present and entitled to vote. If you are a beneficial owner and do not provide the stockholder of record with voting instructions, your shares may constitute broker non-votes, as described in "What is the quorum requirement for the annual meeting?" in the section entitled "Additional Questions and Information Regarding the Annual Meeting and Stockholder Proposals" herein. In tabulating the voting result for any particular proposal, shares, which constitute broker non-votes, are not considered entitled to vote.

**Q: *What does it mean if I receive more than one proxy or voting instruction card?***

**A:** It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

**Q: *How can I obtain an admission ticket for the annual meeting?***

**A:** Two cut-out admission tickets are included on the back of this proxy statement. A limited number of tickets are available for additional joint owners. To request additional tickets, please contact Agilent's Corporate Secretary at Agilent's

corporate headquarters. If you forget to bring an admission ticket, you will be admitted to the annual meeting only if you are listed as a stockholder of record as of December 26, 2001, and bring proof of identification. If you hold your shares through a stock broker or other nominee and fail to bring an admission ticket, you will need to provide proof of ownership by bringing either a copy of the voting instruction card provided by your broker or a copy of a brokerage statement showing your share ownership as of December 26, 2001.

**Q: Where can I find the voting results of the annual meeting?**

**A:** Agilent will announce preliminary voting results at the annual meeting and publish final results in Agilent's quarterly report on Form 10-Q for the second quarter of fiscal 2002.

**BOARD STRUCTURE AND COMPENSATION**

#### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Agilent's directors, executive officers and holders of more than 10% of Agilent common stock to file with the U.S. Securities and Exchange Commission reports regarding their ownership and changes in ownership of Agilent stock. Agilent believes that during the 2001 fiscal year, its officers, directors and 10% stockholders complied with all Section 16(a) filing requirements, with the exception of three late reports for Ms. Jean Halloran and one late report for Mr. Richard Kniss. Ms. Halloran received 950 shares as part of the pro rata distribution on June 2, 2000 by Hewlett-Packard Company of its interest in Agilent, but inadvertently did not report the receipt of these shares until a Form 4 filing on August 6, 2001 and a Form 5 filing on December 10, 2001. Ms. Halloran also inadvertently did not report the sale of 188 of these shares, which were sold on May 18, 2001, until a Form 4 filing on August 6, 2001. Mr. Kniss inadvertently did not report the sale of 8,413 shares sold on March 12, 2001 until a Form 5 filing made on December 11, 2001. In making these statements, Agilent has relied upon examination of the copies of Forms 3, 4 and 5 provided to the company and the written representations of its directors and officers.

All information set forth in this table reflects compensation earned

by these individuals for services with Agilent for the fiscal year ended October 31, 2001, as well as their compensation for each of the fiscal years ending October 31, 2000 and October 31, 1999.

- (1) Reflects payments under the Agilent Pay for Results Plan, described under Report of the Compensation Committee of the Board on Executive Compensation.
- (2) On October 31, 2001, each of the Named Executive Officers held the following number of shares of restricted stock, which they received from the Agilent Technologies, Inc. Employee Stock Purchase Plan (the Legacy Stock Purchase Plan), with a value based on the October 31, 2001, market closing price of \$22.27 per share: Mr. Barnholt held 876 shares of restricted stock valued at \$19,509; Mr. Couder held 386 shares of restricted stock valued at \$8,596; Mr. Scruggs held 386 shares of restricted stock valued at \$8,596; Mr. Anderson held 414 shares of restricted stock valued at \$9,220; Mr. Sullivan held no shares of restricted stock. Agilent does not pay dividends on this restricted stock.

For fiscal year 2000, the amounts disclosed reflect the dollar values of Hewlett-Packard Company's (HP) and Agilent's common stock, which were contributed under the Hewlett-Packard Company Employee Stock Purchase Plan (the HP Stock Purchase Plan) and the Agilent Legacy Stock Purchase Plan, respectively. Under such plans, eligible employees (including Executive Officers) receive one share as a match (Matching Shares) for every two shares purchased. In February 2000, eligible Agilent employees ceased participation in the HP Stock Purchase Plan and commenced participating in the Agilent Legacy Stock Purchase Plan. As of June 2, 2000, HP Matching Shares held by Agilent employees were forfeited and replaced with Agilent Matching Shares. The Matching Shares vest two years after the date of purchase. Vesting occurs on a rolling fiscal quarter basis, and is subject to forfeiture during the two-year period in the event of termination or certain other events.

Effective November 1, 2000, the Legacy Stock Purchase Plan was frozen and a new Agilent Employee Stock Purchase Plan (the Agilent ESPP) was adopted. The Agilent ESPP provides no matching shares of restricted stock. For fiscal years 2001 and 2000, no compensatory restricted stock awards were granted to Agilent executives.

For fiscal year 1999, the amounts disclosed in this column reflect both the HP Stock Purchase Plan Matching Shares and HP compensatory restricted stock awards. The amounts shown for

## Edgar Filing: AGILENT TECHNOLOGIES INC - Form DEF 14A

1999 restricted stock awards represent the dollar value of the awards on the dates originally granted by HP.

In fiscal year 1999, HP granted 6,000 shares of performance-based restricted stock to Mr. Barnholt valued at \$355,140 based on the grant date closing price of \$59.19 per share. The value of this award as of the original grant date is included in the total in the table. This award was replaced on November 18, 1999 with an Agilent stock option exercisable for 40,756 shares of Agilent common stock, which replacement was intended to preserve the fair value of the award at the time of distribution. This replacement grant contained no further performance criteria.

In fiscal year 1999, HP granted 3,000 shares of time-based restricted stock valued at \$177,570 to Mr. Sullivan based on the grant date closing price of \$59.19 per share. This award was replaced on November 18, 1999 with an award of an Agilent stock option exercisable for 20,378 shares of Agilent common stock, which replacement was intended to preserve the fair value of the award at the time of distribution

- (3) Awards granted prior to fiscal year 2000 were granted with respect to HP common stock. The amounts shown for 1999 stock options represent the equivalent number of shares of Agilent common stock resulting from the conversion of HP awards to Agilent awards. This conversion maintained the intrinsic value of the options held by Agilent employees as of June 2, 2000, which was the date of the distribution of the Agilent stock dividend to HP stockholders. The number of shares of common stock covered by the conversion option was calculated by multiplying the number of shares of HP common stock under the original award by a factor of 1.73511, and the exercise price of the options was decreased by dividing the original exercise price by the same factor.
- (4) The amounts disclosed in this column include payment of Agilent's contributions under the ASAP in fiscal year 2001 of \$6,800 on behalf of each of Messrs. Barnholt, Scruggs, Anderson, and Sullivan and of \$5,100 on behalf of Mr. Couder.
- (5) Mr. Couder commenced his employment with Agilent on February 15, 2000.

### OPTION GRANTS IN LAST FISCAL YEAR

The following table shows all grants of options to acquire shares of Agilent common stock granted to the Named Executive Officers listed in the Summary Compensation Table for the fiscal year ended October 31, 2001.

Name	Number of Securities Underlying Options Granted(#)(1)	% of Total Options Granted to Agilent Employees in Fiscal Year	Exercise or Base Price (\$/Share)(2)	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (\$)	
					5%(3)	10%(3)
Edward W. Barnholt	500,000	2.36%	\$58.85	Dec. 2010	\$18,505,224	\$46,895,872

William P. Sullivan	200,000	0.94%	58.85	Dec. 2010	7,402,090	18,758,349

- (1) The options granted are exercisable 25% after the first year, 50% after the second year, 75% after the third year, and 100% after the fourth year.
- (2) The options were granted at an exercise price equal to the fair market value of Agilent common stock on the grant date, calculated as the average of the high and low market price. The exercise price may be paid by delivery of cash in an amount equal to the exercise price or delivery of already-owned shares, and tax-withholding obligations related to exercise may be paid by offset of the underlying shares, subject to certain conditions.

- (3) Potential realizable value assumes that the common stock appreciates at the annual rate shown (compound annually) from the grant date till the option expiration date. It is calculated based on requirements of the U.S. Securities and Exchange Commission and does not represent the estimated growth of the future stock price by Agilent.

**AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND  
FISCAL YEAR-END OPTION VALUES**

The following table shows aggregate exercises of options to purchase Agilent's common stock in the fiscal year ended October 31, 2001, by the Named Executive Officers.

William P. Sullivan	0	0	68,228	348,928	0	0

The value of unexercised Agilent options is based on the difference between the exercise price and the average of the high and low market prices of Agilent common stock on October 31, 2001 of \$22.68.

**PENSION PLANS**

The following table shows the estimated annual benefits payable on retirement to Agilent's eligible employees in the United States under the Agilent Technologies, Inc. Deferred Profit Sharing Plan (the "Deferred Profit Sharing Plan"), Agilent's Retirement Plan (the "Retirement Plan") and Agilent's Excess Benefit Retirement Plan (the "Excess Benefit Plan"). To calculate the number of years of an eligible employee's service, the pension plans will bridge each eligible employee's service with HP to that eligible employee's service with Agilent.

For fiscal year 2001, benefits exceeding \$140,000 will be paid pursuant to the Excess Benefit Plan. No more than \$170,000 (as adjusted from time to time by the U.S. Internal Revenue Service) of eligible compensation may be taken into account in calculating benefits payable under the Retirement Plan or the Deferred Sharing Profit Plan. Benefits attributable to annual earnings over \$170,000 are payable under the Excess Benefit Plan. Benefits payable under the Excess Benefit Plan are available in a lump sum or up to 15 annual installments.

The compensation used to determine the benefits summarized in the table above equals base pay, without deducting for the 10% temporary salary reduction. The covered compensation for each of the Named Executive Officers is the highest five-year average of such base pay for such Named Executive Officer.

Named Executive Officers have been credited with the following years of service as of December 26, 2001: Mr. Barnholt, 30 years; Mr. Scruggs, 28.8 years; Mr. Anderson, 30 years; Mr. Sullivan, 24.8 years; and Mr. Couder, 1.8 years. Retirement benefits shown are expressed as a single life annuity at age 65 and reflect the maximum offset currently in effect under Section 401(l) of the Internal Revenue Code of 1986, as amended (the Code), to compute the offset for such benefits under the pension plan. For purposes of calculating the benefit, an employee cannot be credited with more than 30 years of service. Benefits under the Retirement Plan are payable in the form of a single life annuity, a qualified joint and survivor annuity or a lump sum.

**REPORT OF THE COMPENSATION COMMITTEE  
OF THE BOARD ON EXECUTIVE COMPENSATION**

Agilent's executive compensation program is administered by the Compensation Committee of the Board (the Compensation Committee). The Compensation Committee, which is composed of non-employee directors, is responsible for approving and reporting to the Board on all elements of compensation for the elected corporate officers. The Compensation Committee has furnished the following report on executive compensation for fiscal year 2001.

**Compensation Philosophy**

The goal of the executive compensation program is to provide a total compensation package composed of pay, stock and benefits. The total package is designed to inspire and reward superior performance by executives, business organizations and Agilent, and to include executives in the success of Agilent.

**Executive Compensation Practices**

Each year the Compensation Committee surveys the executive compensation practices of selected S&P 500 High Technology companies. The Compensation Committee's practice is to target direct compensation levels for Agilent's executives at the 50th percentile of total direct compensation of surveyed companies. Total direct compensation includes base pay, short-term variable pay at target and long-term incentives. Overall, individual performance is measured against the following factors; these factors may vary as required by business conditions:

- long-term strategic goals;
- short-term business goals;
- revenue and profit goals;
- customer satisfaction;
- new business creation;
- total stockholder return;
- the development of employees; and
- the fostering of teamwork and other Agilent values.

In setting the goals and measuring an executive's performance against those goals, Agilent considers the performance of its competitors and general economic and market conditions. None of the factors included in Agilent's strategic and business goals are assigned a specific weight. Instead, the Compensation Committee recognizes that the relative importance of these factors may change in order to adapt Agilent's operations to specific business challenges and to reflect changing economic and marketplace conditions.

**Components of Executive Compensation**

The compensation program for executive officers consists of the following four components:

- base pay;
- short-term variable pay;
- long-term incentives; and
- benefits.

**Base Pay**

Base pay is baseline cash compensation and is determined by the competitive market and individual performance. Base pay for each executive officer is established each year based on a salary range that corresponds to the executive officer's job responsibilities and the executive officer's overall individual job performance.

**Short-Term Variable Pay**

The Agilent Technologies, Inc. Pay for Results Plan provides for cash compensation to be paid semi-annually when performance targets are achieved. During fiscal year 2001, the executive officers participated in the Pay for Results Plan. Actual variable pay paid to executive officers is based on achievement of profit and revenue goals established for each performance period.

### **Long-Term Incentives**

The long-term incentive program is designed to encourage creation of long-term value for our stockholders and equity ownership by our executives. During fiscal year 2001, Agilent made stock option grants to Agilent's executive officers under the Stock Plan. Each grant allows the officer to acquire shares of Agilent's common stock, subject to the completion of a four-year vesting period, and continued employment with Agilent. These shares may be acquired at a fixed price per share (the market price on the grant date) over a ten-year period. Individual and business unit performance determines an executive's grant amount.

### **Benefits**

The global benefits philosophy provides employees protection from catastrophic events and offers health and welfare benefits typical in the given country in which Agilent operates. In addition, through the benefits survey process, benefits offered by competitors, as well as benefits that set Agilent apart as an employer, may be incorporated into the benefits package. Where applicable, employees are responsible for managing benefit choices, balancing their own level of risk and return.

### **Policy Regarding Compensation in Excess of \$1 Million a Year**

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to Agilent's Chief Executive Officer or any of the four other most highly compensated executive officers. Certain compensation is specifically exempt from the deduction limit to the extent that it does not exceed \$1 million during any fiscal year or is performance based as defined in Section 162(m) of the Code. The Compensation Committee considers the net cost to Agilent. Accordingly, the Stock Plan and the Pay For Results Plan (the short-term variable pay plan) have been designed to qualify under Section 162(m) of the Code.

### **Stock Ownership Guidelines**

Agilent's stock ownership guidelines are designed to increase an executive's equity stake in Agilent and more closely align his or her interests with those of our stockholders. The guidelines provide that the President and Chief Executive Officer should attain an investment position in Agilent's stock equal to five times his annual targeted total cash compensation under the Pay for Results Plan. All other executive officers should attain an investment position equal to three times their targeted total cash compensation under the Pay for Results Plan, in each case within five years of election to their positions.

### **Compensation for the Chief Executive Officer**

Edward W. Barnholt has served as President and Chief Executive Officer since May 4, 1999. The Compensation Committee used the executive compensation practices described above to determine Mr. Barnholt's fiscal year 2001 compensation. In setting both the cash-based and equity-based elements of Mr. Barnholt's compensation, the Compensation Committee made an overall assessment of Mr. Barnholt's leadership in establishing Agilent's long-term and short-term strategic, operational and business goals. Mr. Barnholt's total compensation reflects a consideration of both competitive forces and Agilent's performance.

The Compensation Committee surveyed the total direct compensation for chief executive officers of selected high technology companies. Based on this information, the Compensation Committee determined a median around which the Compensation Committee built a competitive range for cash-based and equity-based elements of the compensation package. As a result of this review, the Compensation Committee determined a mix of base salary and variable pay opportunity, along with an equity position to align Mr. Barnholt's compensation with the growth of Agilent. The resulting total compensation package was competitive for CEO's running companies comparable in size and complexity to Agilent.

Additionally, as part of the review process, the Compensation Committee assessed Agilent's financial and business results compared to other companies within the high-technology industry; Agilent's financial performance relative to its financial performance

in prior periods; Agilent's market competitiveness as measured by customer feedback, new business creation and product generation; and the health of the Agilent organization as measured by employee surveys and the ability to attract and retain key talent.

The specific recommendation for Mr. Barnholt positioned his target total cash compensation at \$2,300,000: base salary remained at \$1,000,000, with a \$1,300,000 variable pay opportunity under the Pay for Results Plan. The variable pay opportunity could have increased to \$2,600,000 if maximum performance objectives were achieved. Consistent with the Pay for Results Plan, the performance objectives were based on Agilent's net profit and revenue growth.

In determining the stock option grant for Mr. Barnholt, the Compensation Committee evaluated his total direct compensation compared to CEO's of comparable companies and determined that an award of a non-qualified stock option to purchase 500,000 shares of Agilent common stock was appropriate.

Given the dramatic shift in the market, and the subsequent impact on Agilent's financial results, Mr. Barnholt did not receive any payout under the Pay for Results Plan in fiscal 2001. There were no payouts in fiscal 2001 to any of the 941 executives participating in the Pay for Results Plan. Additionally, all Agilent executives agreed to a 10% pay reduction from April 1, 2001 through October 31, 2001. The 10% reduction in pay is continuing for Mr. Barnholt, his executive officers and approximately 2,000 of Agilent's senior managers starting in the first quarter of fiscal 2002.

#### **AUDIT AND FINANCE COMMITTEE REPORT**

The Audit and Finance Committee of the Board reviews the financial reporting process, the system of internal controls, the audit process and the process for monitoring compliance with laws and regulations. Each of the Audit and Finance Committee members satisfies the definition of independent director as established in the New York Stock Exchange Listing Standards. The Board adopted a written charter for the Audit and Finance Committee on May 17, 2000 and abided by that charter during the 2001 fiscal year. Agilent operates with a November 1 to October 31 fiscal year. The Audit and Finance Committee met five times during the 2001 fiscal year.

**ADDITIONAL QUESTIONS AND INFORMATION REGARDING**

**THE ANNUAL MEETING AND STOCKHOLDER PROPOSALS**

***Q: What happens if additional proposals are presented at the annual meeting?***

**A:** Other than the two proposals described in this proxy statement, Agilent does not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, Edward W. Barnholt, Agilent's President and Chief Executive Officer, and D. Craig Nordlund, Agilent's Senior Vice President, General Counsel and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting. If for any unforeseen reason any of Agilent's nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

***Q: What class of shares is entitled to be voted?***

**A:** Each share of Agilent's common stock outstanding as of the close of business on December 26, 2001, the Record Date, is entitled to one vote at the annual meeting. On the Record Date, Agilent had approximately 463,695,160 shares of common stock issued and outstanding.

***Q: What is the quorum requirement for the annual meeting?***

**A:** The quorum requirement for holding the annual meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the annual meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the annual meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

***Q: Who will count the vote?***

**A:** A representative of Computershare Investor Services, Agilent's transfer agent, will tabulate the votes and act as the inspector of election.

***Q: Is my vote confidential?***

**A:** Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Agilent or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, or (3) to facilitate a successful proxy solicitation by the Board. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to Agilent's management.

***Q: Who will bear the cost of soliciting votes for the annual meeting?***

**A:** Agilent will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by Agilent's directors, officers, and employees, who will not receive any additional compensation for such solicitation activities. Agilent has retained the services of Georgeson Shareholder Communications Inc. (Georgeson) to aid in the solicitation of proxies from banks, brokers, nominees and intermediaries. Agilent estimates that it will pay Georgeson a fee of \$12,500 for its services. In addition, Agilent may reimburse brokerage firms and other persons representing beneficial

owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

**Q:** *May I propose actions for consideration at next year's annual meeting of stockholders or nominate individuals to serve as directors?*

**A:** You may submit proposals for consideration at future annual stockholder meetings, including director nominations.

**Stockholder Proposals:** In order for a stockholder proposal to be considered for inclusion in Agilent's proxy statement for next year's annual meeting, the written proposal must be received by Agilent no later than September 13, 2002. Such proposals will need to comply with the U.S. Securities and Exchange Commission's regulations regarding the inclusion of stockholder proposals in Agilent-sponsored proxy materials. In order for a stockholder proposal to be raised from the floor during next year's annual meeting, written notice must be received by Agilent no later than October 25, 2002 and should contain such information as required under Agilent's Bylaws. If we do not receive notice of your proposal within this time frame, our management will use its discretionary authority to vote the shares it represents as the Board may recommend.

**Nomination of Director Candidates:** Agilent's Bylaws permit stockholders to nominate directors at a stockholder meeting. In order to make a director nomination at an annual stockholder meeting, it is necessary that you notify Agilent not fewer than 120 days in advance of the date of the prior year's annual meeting of stockholders. Thus, since this year's annual meeting is February 22, in order for any such nomination notice to be timely for next year's annual meeting, it must be received by Agilent not later than October 25, 2002 (i.e., 120 days prior to February 22). In addition, the notice must meet all other requirements contained in Agilent's Bylaws and include any other information required pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended.

**Copy of Bylaw Provisions:** You may contact the Agilent Corporate Secretary at Agilent's corporate headquarters for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.
