GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Proxy Statement

This proxy statement is furnished to the shareholders of Enova Systems, Inc., a California corporation, in connection with the solicitation of proxies by our Board of Directors for use at our 2008 Annual Meeting of Shareholders to be held on Thursday, May 22, 2008 at 10:00 a.m. local time at the Enova Systems principal executive office, located at 1560 West 190th Street, Torrance, California 90501 and at any and all adjournments of the Annual Meeting. This proxy statement and the accompanying Notice of Annual Meeting and proxy card are first being sent to shareholders on or about May 3, 2008.

Please mark, date, sign and return the enclosed Proxy in the accompanying postage-prepaid, return envelope as soon as possible so that, if you do not attend the Annual Meeting, your shares may be voted.

Record Date and Voting

The close of business on April 29, 2008 has been fixed as the record date for determining the holders of shares of common stock, Series A Preferred Stock, and Series B Preferred Stock of Enova Systems entitled to notice of and to vote at the Annual Meeting. As of the close of business on the record date, there were 19,319,591 shares of common stock, 2,674,412 shares of Series A Preferred Stock, and 546,166 shares of Series B Preferred Stock, outstanding and entitled to vote at the Annual Meeting. The common stock, Series A Preferred Stock, Series B Preferred Stock will vote together as a single class on all matters voted on at the Annual Meeting.

Each outstanding share of common stock on the record date is entitled to one vote, each outstanding share of Series A Preferred Stock on the record date is entitled to 1/45 of one vote, and each outstanding share of Series B Preferred Stock on the record date is entitled to 2/45 of one vote on all matters voted on at the Annual Meeting. The conversion ratio for the preferred stock reflects anti-dilution provisions to account for the 1:45 reverse stock-split that our common stock underwent on July 20, 2005. On a converted basis therefore, the Series A Preferred Stock holds the voting power of 59,431 shares of common stock and the Series B Preferred Stock holds the voting power of 24,274 shares of common stock. Including the preferred stock on an as converted basis together with the 19,319,591 shares of common stock, the total voting shares entitled to vote on the record date was 19,403,296 shares.

The presence at the Annual Meeting of a majority of the shares of common stock, Series A Preferred Stock, and Series B Preferred Stock of Enova Systems in the aggregate on an as converted basis, or 9,701,649 shares, either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting.

Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting. A broker non-vote refers to a share represented at the Annual Meeting which is held by a broker or other nominee who has not received instructions from the beneficial owner or person entitled to vote such share and with respect to which, on one or more but not all proposals, such broker or nominee does not have discretionary voting power to vote such share. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting, and each is tabulated separately. However, broker non-votes are not counted for purposes of determining the number of votes cast with respect to a particular proposal. In determining whether a proposal (other than the election of directors) has been approved, abstentions are counted as votes against the proposal and broker non-votes are not counted as votes for or against the proposal.

With respect to the election of directors (Proposal 1), the nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them will be declared elected. An affirmative vote of a majority of the shares of common stock, Series A Preferred Stock (as converted), and Series B Preferred Stock (as converted), present and voting at the Annual Meeting, either in person or by proxy, is required for approval of Proposal 2 (ratification of independent auditors).

Cumulative voting may be used in the election of directors. Under cumulative voting, each holder of common stock and each holder of Series A and Series B Preferred Stock may cast for a single candidate, or distribute among the candidates as such holder chooses, a number of votes equal to the number of candidates (eight at this Annual

Table of Contents

Meeting) multiplied by the number of shares held by the shareholder. Cumulative voting will apply only to those candidates whose names have been placed in nomination prior to voting. No shareholder shall be entitled to cumulate votes unless the shareholder has given notice at the meeting, prior to the voting, of the shareholder's intention to cumulate the shareholder's votes. If any one shareholder gives such notice, all shareholders may cumulate their votes for candidates in nomination, except to the extent that if a shareholder withholds votes from the nominees. The proxy holders named in the accompanying form of proxy, in their sole discretion, will vote such proxy for, and, if necessary, exercise cumulative voting rights to secure the election of the nominees listed below as directors of Enova Systems.

If a properly signed proxy is submitted but not marked as to a particular item, the proxy will be voted FOR the election of the eight nominees for director of Enova Systems named in this proxy statement and FOR the ratification of the selection of PMB Helin Donovan LLP as its independent auditors for 2008.

The Board of Directors does not know of, and it is not anticipated that, any matters other than those set forth in the proxy statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in the discretion of the proxy holders.

An automated system administered by our transfer agent will tabulate votes of the holders of common stock, Series A and Series B Preferred Stock cast by proxy. An employee of Enova Systems will tabulate votes cast in person at the Annual Meeting.

Solicitation

You may submit your proxy by signing your proxy card and mailing it in the enclosed, postage-prepaid and addressed envelope. For shares you hold beneficially in street name, you may sign the voting instruction card included by your broker or nominee and mail it in the envelope provided.

The solicitation of proxies will be conducted by mail and Enova Systems will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the Annual Meeting to beneficial owners of Enova Systems common stock or preferred stock. We may conduct further solicitation personally, telephonically, by facsimile or by other electronic or written means through its officers, directors and regular employees, none of whom will receive additional compensation for assisting with the solicitation.

Revocability of Proxy

You may change your proxy instructions at any time prior to the vote at the Annual Meeting. For shares held directly in your name, you may do this by granting a new proxy, by filing a written revocation with the Secretary of Enova Systems, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting without further action will not cause your previously granted proxy to be revoked. You may change your proxy instructions for shares you beneficially own by submitting new voting instructions to your broker or nominee.

Required Vote and Recommendation

The holders of the common stock, Series A Preferred Stock, and Series B Preferred Stock, voting together as a single class, are entitled to elect the members of the Board. In prior years, holders of the Series B Preferred Stock were entitled to separately elect up to two members of the Board. That separate entitlement expired as of October 14, 2007 when more than fifty percent of the originally issued and outstanding Series B Preferred Stock had been converted into common stock.

Our Bylaws provide that every shareholder entitled to vote shall have the right to cumulate the holder's votes and give one candidate a number of votes equal to the number of directors to be elected, multiplied by the number of votes to which the holder's shares are entitled. To do so, the names of the candidate or candidates for whom the shareholder votes have been placed in nomination prior to the voting and that at least one shareholder has given notice at the meeting prior to the voting of an intention to cumulate votes.

The eight nominees receiving the most votes (providing a quorum is present) will be elected as directors. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will count towards the presence of a quorum. Properly executed and unrevoked proxies will be voted FOR the nominees set forth in Proposal 1 unless contrary instructions or an abstention are indicated in the proxy. The proxy holders named in the accompanying form of proxy, in their sole discretion, will if necessary, exercise cumulative voting rights to secure the election of the nominees.

The Board of Directors unanimously recommends a vote FOR each and all of the nominees.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT PUBLIC AUDITORS

The Board recommends that the shareholders ratify the Audit Committee's selection of PMB Helin Donovan LLP as the principal registered independent auditors of Enova Systems for fiscal year 2008. PMB Helin Donovan LLP served as our registered independent auditor at the conclusion of each of our two most recently completed fiscal years. A representative of PMB Helin Donovan LLP is expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Although ratification is not required by our Bylaws or otherwise, the Board is submitting the selection of PMB Helin Donovan LLP to our shareholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Enova Systems and our shareholders.

Required Vote and Recommendation

The affirmative vote of the holders of a majority of the shares of the common stock, Series A Preferred Stock (as converted), and Series B Preferred Stock (as converted), voting together as a single class, present or represented by proxy at the Annual Meeting, is required to ratify the selection of PMB Helin Donovan. Accordingly, abstentions and broker non-votes will have no effect on the outcome of the vote, although they will count towards the presence

Table of Contents

of a quorum. Proxies will be voted for ratifying the selection of PMB Helin Donovan LLP as our independent auditors for fiscal year 2008 unless contrary instructions are set forth on the enclosed proxy card.

The Board of Directors unanimously recommends a vote FOR the ratification of the selection of PMB Helin Donovan LLP as Enova Systems independent auditors for fiscal year 2008.

CORPORATE GOVERNANCE AND RELATED MATTERS

Code of Ethics

Enova Systems has adopted a Code of Ethics For Officers, Directors, and Employees consistent with Securities and Exchange Commission (SEC) rules requiring a Code of Ethics and the American Stock Exchange (AMEX) rules requiring a Code of Conduct and Ethics. It applies to our Board of Directors, Chief Executive Officer, Chief Financial Officer and principal accounting officer, and employees. A copy of the Code of Ethics for Officers, Directors, and Employees may be obtained free of charge by writing to Enova Systems, Inc., 1560 West 190th Street, Torrance, California 90501, Attention: Chief Financial Officer or by accessing the Investor Relations section of our website (www.enovasytems.com). To the extent required by the rules of the Securities and Exchange Commission (SEC) and the American Stock Exchange (AMEX), we will post on our website any amendments and waivers relating to our code of ethics.

Board of Directors and its Committees

The Board of Directors currently consists of six directors. The minimum and maximum number of directors under our Bylaws is six and nine members. The Board has fixed its current size at nine members.

The Board of Directors has determined that at least 50% of its members are independent within the meaning of AMEX rules as applicable to a smaller reporting company. Specifically, Messrs. Ahlstrom, Currie, Dreyer, Micek, and Wallace are independent. Although they have since resigned, Messrs. Rawlinson and Langenius also were independent. We believe that, if elected to the Board as nominated in this proxy statement, Messrs. Davies and Roberts also will be independent.

The Board met four times during 2006 and five times during 2007. The Board schedules regular executive sessions at each of its meetings, in which non-employee directors meet without management participation. In addition, at least once each year the independent directors meet without non-independent director participation. Each of the directors attended at least 75% of the aggregate Board meeting and relevant committee meetings in each of 2006 and 2007, except for Mr. Langenius, who attended only two of the four Board meetings in 2006. The Board expects all directors to attend annual meetings of shareholders.

Audit Committee. The Board of Directors has established an Audit Committee in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The current members of this committee are Messrs. Micek (Chair), Ahlstrom, and Wallace. Mr. Dreyer also served on the Audit Committee until March 2008 when he was replaced by Mr. Micek. Although there presently are three members of the Audit Committee, AMEX rules permit us, as a smaller reporting company, to have only two members of the audit committee. The Board has determined that the members of the Audit Committee are independent under the rules of the SEC and the AMEX. In addition to being independent, Mr. Wallace has been determined by the Board to be an audit committee financial expert as defined by the SEC and the AMEX. Mr. Wallace's designation by the Board as an audit committee financial expert is not intended to be a representation that he is an expert for any purpose as a result of such designation, nor is it intended to impose on him any duties, obligations or liability that are greater than the duties, obligations or liability imposed on him as a member of the Audit Committee and the Board in the absence of such designation.

The Audit Committee, among other functions, has the sole authority to appoint and replace the independent auditors, is responsible for the compensation and oversight of the work of the independent auditors, reviews the results of the audit engagement with the independent auditors, and reviews and discusses with management and the independent auditors quarterly and annual financial statements and major changes in accounting and auditing principles. The Audit Committee met five times during 2006 and five times during 2007. The Board has adopted a

Table of Contents

written charter for the Audit Committee. The Audit Committee charter may be obtained free of charge by writing to Enova Systems, Inc., 1560 West 190th Street, Torrance, California 90501, Attention: Chief Financial Officer or by accessing the Investor Relations section of our website (www.enovasytems.com). The Report of the Audit Committee is provided below on page 14.

Compensation Committee. The Board of Directors has established a Compensation Committee. The current members of this committee are Messrs. Ahlstrom (Chair), Riddell and Currie. The Board has determined that Messrs. Ahlstrom and Currie are independent members of the Compensation Committee under the rules of the AMEX. Mr. Riddell is not independent by virtue as having served as our Chief Executive Officer within the past three years. However, the compensation of our executive officers has always been ratified by a majority of the independent members of our Board.

The Compensation Committee, among other functions, reviews and recommends compensation structures, programs and amounts, and establishes corporate and management performance goals and objectives. The determinations of the Compensation Committee typically are ratified by the full Board of Directors, including a majority of independent directors. In performing its functions with respect to management and employees, the Compensation Committee may rely upon the recommendations of or delegate authority to our Chief Executive Officer. The Compensation Committee met two times during 2006 and three times during 2007. The Board has adopted a written charter for the Compensation Committee. Nominating Committee. The Board of Directors has established a Nominating Committee. The current members of this committee are Messrs. Ahlstrom and Dreyer. A vacancy occurred in the composition of the nominating committee upon the resignation of Mr. Rawlinson from the Board on April 23, 2008. Mr. Rawlinson had served as Chairman of the Nominating Committee. The Board has determined that the members of the Nominating Committee are, and in the case of Mr. Rawlinson was, independent under the rules of the AMEX. The Nominating Committee generally monitors, reviews, and makes recommendations on (i) Board composition including assessment of skills, performance, and independence, and (i) appointment of the Chief Executive Officer and management succession. Consideration of Director Nominees

In evaluating and determining whether to recommend a person as a candidate for election as a director, the Nominating Committee considers the person's qualities and skills, which include business and professional background, history of leadership or contributions to other organizations, function skill set and expertise, general understanding of marketing, finance, accounting and other elements relevant to the success of a publicly-traded company in today's business environment, and service on other boards of directors. There are no specific minimum qualifications for nominees. The Nominating Committee may employ a variety of methods for identifying and evaluating nominees for director. The Nominating Committee may assess the size of the Board, the need for particular expertise on the Board, the upcoming election cycle of the Board and whether any vacancies are expected, due to retirement or otherwise. In the event that vacancies are anticipated or otherwise arise, the Nominating Committee will consider various potential candidates for director which may come to the Nominating Committee's attention through current Board members, professional search firms, shareholders or other persons. No fees were paid to any third party to identify or evaluate potential nominees for inclusion in this proxy statement.

In exercising its function of recommending individuals for nomination by the Board for election as directors, the Nominating Committee considers nominees recommended by shareholders. The Nominating Committee will consider candidates recommended by shareholders under the criteria summarized above. The Nominating Committee will make an initial analysis of the qualities and skills of any candidate recommended by shareholders or

others pursuant to the criteria summarized above to determine whether the candidate is suitable for service on our Board before deciding to undertake a complete evaluation of the candidate. If any materials are provided by a shareholder or professional search firm in connection with the nomination of a director candidate, such materials are forwarded to the Nominating Committee as part of its review. The same identifying and evaluating procedures apply to all candidates for director nomination, including candidates submitted by shareholders. There have been no material changes to the procedures by which shareholders may recommend nominees since our prior annual meeting in November 2006.

If you would like the Nominating Committee to consider a prospective candidate, please submit the candidate's name and biographical description to: Enova Systems, Inc., 1560 West 190th Street, Torrance, California 90501, Attention: Corporate Secretary.

Board compensation for directors is made in accordance with standards that were originally implemented in September 1999. Our policy as to the Board compensation since initially adopted during fourth quarter of 2005 provides that each director receives quarterly compensation for Board meeting attendance at a flat rate of \$4,000 in cash and \$6,000 in stock valued as of the closing prices of our common stock on the last day of the quarter in which the meeting is held. The flat rate is not dependent on the amount or type of services performed by the director. In February 2006, the Board increased the compensation paid to members of the Board who serve on our audit committee to provide additional compensation of \$10,000 for the chairman of the audit committee and \$5,000 for other members of the audit committee payable at the commencement of each year so long as the member was on the

Employment Agreement***Michael Staran***

Prior to his appointment as Chief Executive Officer, Mr. Staran's compensation was governed by a letter agreement executed on March 27, 2007 retroactive to January 22, 2007 when he served as Executive Vice President. Pursuant to the letter agreement, Mr. Staran received an annual salary of \$190,000, was eligible to participate in the executive bonus program and received health and life insurance benefits. We also agreed to issue Mr. Staran 6,000 shares of common stock.

Upon his appointment as Chief Executive Officer on August 28, 2007, the Board of Directors increased Mr. Staran's annual salary from \$190,000 to \$235,000 retroactive to July 1, 2007. In addition the Board awarded Mr. Staran 12,000 shares of common stock on October 12, 2007. The Board also implemented a contingent bonus program for Mr. Staran payable at the election of us in stock or cash as follows:

Revenues as of December 31, 2007 Equal to or in Excess of:	Bonus:
\$7.5 Million but less than \$8.5 Million	\$ 52,000
\$8.5 Million but less than \$9.5 Million	\$ 65,625
\$9.5 Million but less than \$10.5 Million	\$ 91,875
\$10.5 Million	\$ 131,250

Effective February 11, 2008, we entered into an employment agreement with Mr. Staran to provide him an annual salary of \$250,000 beginning as of January 1, 2008 and to ratify the contingent bonus schedule set forth above. Our net revenues for December 31, 2007 as disclosed in our Annual Report on Form 10-K filed March 26, 2008 were \$9,175,000. Rather than the fixed \$65,625 due under the bonus schedule range, the Board determined to award Mr. Staran \$83,000 reflecting the approximate proportionate value of bonus with the revenue range.

Pursuant to the February 11, 2008 employment agreement, we will lease a car for Mr. Staran's use and pay for related expenses. Mr. Staran also is entitled to reimbursement for an apartment at the rate of \$3,335 per month. The employment agreement further provides for life, medical and disability benefits and 15 days of annual accrued vacation.

Edwin Riddell

Mr. Riddell served as Chief Executive Officer in 2007 prior to his retirement on August 28, 2008. His compensation was governed by a letter agreement originally effective January 3, 2005 and most recently amended December 13, 2005 and effective January 9, 2006. Pursuant to the amended letter agreement, Mr. Riddell received a yearly salary of \$225,000 and was eligible for mutually agreed upon performance awards. The actual performance goals for 2007 were established in his retirement agreement as discussed below and consistent with the schedule discussed above for Mr. Staran. Under the original letter agreement, Mr. Riddell received options to purchase 1,000,000 shares of Enova common stock at an original exercise price of \$0.11 per share. The stock options vested over three years in equal monthly installments and expired five years from the date of issuance. The agreement also

provides for health benefits, a standard life insurance policy, living accommodations, and a company automobile. Mr. Riddell's employment was at-will and could be terminated by either Mr. Riddell or us for any reason and at any time.

On July 12, 2007, we entered into an agreement with Mr. Riddell establishing terms by which he would retire as Chief Executive Officer in accordance with our corporate succession policy. Although originally intended to occur as of October 1, 2007, his actual retirement date was August 28, 2007. Under the agreement, Mr. Riddell received all accrued benefits as of his retirement date including a lump sum payment representing accrued but unused vacation. In addition, he continued to collect his regular salary and benefits through December 31, 2007. We also paid his moving expenses, allowed him continued use of his company-owned apartment through October 31, 2007, and transferred to him ownership of the company car and personal computer equipment he currently uses. Mr. Riddell also was entitled to a bonus, payable in either cash or stock, on or before April 15, 2008 consistent with the same schedule above for Mr. Staran. Our net revenues for December 31, 2007 as disclosed in our Annual Report on Form 10-K filed March 26, 2008 were \$9,175,000. Rather than the fixed \$65,625 due under the bonus schedule range, the Board determined to award Mr. Riddell \$83,000 reflecting the approximate proportionate value of bonus with the revenue range.

Current Equity Incentive Plans

We presently have only one active stock-based compensation plan. The 2006 Equity Compensation Plan authorizes the Compensation Committee to grant stock options and other stock awards to employees and consultants, including executives. The determination of whether option grants are appropriate each year is based upon individual measures established for each individual within the subjective determination of the Compensation Committee. Options are not

necessarily granted to each executive during each year. Options granted to executive officers generally vest in conjunction with the attainment of the performance goals of the company. No stock options were granted to executive officers in 2007.

Change of Control and Retirement Arrangements

The terms of his February 11, 2008 employment agreement with our current Chief Executive Officer provides that in the event Mr. Staran's employment is terminated by us without cause, he is entitled to receive as severance (i) three months of health benefits, (ii) his contingent bonus, and (iii) 12 months payment of his current base salary on a monthly basis. If his duties or responsibilities are materially diminished, including due to the merger, sale, or closure of Enova Systems, or if he is assigned duties that are demeaning or otherwise materially inconsistent with

the duties then currently performed by him, Mr. Staran will have the right to receive the same severance payment as if his employment had been terminated without cause.

We entered into a retirement agreement with our former Chief Executive Officer, Mr. Riddell, on July 12, 2007. The terms are set forth above under Employment Agreement. We do not expect to pay compensation to Mr. Riddell as an executive officer with respect to the 2008 fiscal year.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors and beneficial owners of greater than 10% owners of our common stock to file reports of ownership and changes in ownership with the SEC and provide copies to us. Based solely on a review of Section 16 reports and written representations from officers and directors, we believe that during the fiscal year ended December 31, 2007, our officers, directors, and greater than 10% owners timely filed all reports they were required to file under Section 16(a), except: (i) Mr. Staran belatedly reported a November 17, 2006 award of 23,000 options on April 19, 2007 when the due date was November 21, 2006; (ii) Mr. Staran belatedly by one day filed a Form 4 on October 17, 2007 of an acquisition on October 12, 2007 of 12,000 shares; (iii) Mr. Fenton did not file a Form 3 upon his appointment as Chief Financial Officer on February 4, 2007 to report ownership of no shares at the time; (iv) The report filed by Mr. Fenton on August 30, 20007 was incorrectly filed on Form 3 rather than Form 4; (v) Mr. Micek did not file a Form 3 upon his

appointment as director on December 4, 2007 reporting his preexisting ownership of 9,315 shares; (vi) each non-executive director, Messrs. Ahlstrom, Currie, Dreyer, Langenius, Rawlinson, and Wallace, belatedly reported their third quarter stock award of 1,276 shares each on October 10, 2007 when the due date was October 2, 2007; (vii) GAM Holding AG belatedly filed a Form 3 on August 2, 2007 reporting initial ownership as a greater than 10% owner as of April 3, 2007.

TRANSACTIONS WITH RELATED PERSONS

Item 404 of Regulation S-K of the SEC rules requires that we disclose any transaction in which a related person has a direct or indirect material interest and where the amount exceeds \$120,000. Two transactions fit the Rule 404 criteria since the beginning of 2007 and including any currently proposed transaction.

In the ordinary course of business, we enter into purchase orders with Hyundai Heavy Industries (HHI), which until August 1, 2007, constituted a greater than 5% beneficial owner of our shares of common stock. During 2007, we purchased \$1,952,782 of components, materials and services from HHI. We believe the purchases were made on terms and conditions equal to or better than our standard commercial terms with other vendors.

Since December 2005, we have utilized Momentum Studios to provide information technology and general marketing services, including website design and trade show support. Momentum Studios is owned by the son and daughter-in-law of our current director and former Chief Executive Officer, Edwin Riddell. During 2007, we paid consulting fees and expenses of \$179,857 to Momentum Studios. We expect to utilize Momentum Studios to lesser degree in 2008 due to internal hires to perform information technology and marketing services. Therefore, we are uncertain whether we will have related party transactions valued over \$120,000 with Momentum Studios in 2008. The Board has determined that the original cost and expense of the work of Momentum Studios was equivalent to market rates being charged by comparably experienced companies in the field.

- (2) The services for these tax fees related to preparation of corporate income tax returns. For 2006, \$4,278 of the fees billed are attributable to Windes & McClaughry Accounting Corporation, our prior principal account. The remaining fees billed for 2006 and all fees for 2007 to date are attributable to PMB Helin Donovan, LLP.

The tax fees above were pre-approved by our Audit Committee as appropriate, which concluded that the provision of such services by PMB Helin Donovan was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

On January 31, 2007, Enova Systems dismissed Windes & McClaughry Accountancy Corporation (Windes) as our registered public accounting firm and engaged PMB Helin Donovan, LLP as our new independent registered public accounting firm. The decision regarding the end of the Windes engagement and the commencement of the PMB Helin Donovan, LLP engagement was made and approved by the Audit Committee after consideration of our then current needs and position. Concurrent with the change in auditor, we also undertook changes to our finance and operations departments, including a change in our Chief Financial Officer. In light of these organization changes and given the disagreement between us and Windes with respect to the filing of our Form 10-Q for the fiscal quarter ended September 30, 2006 filed November 13, 2006 (the Form 10-Q), the Audit Committee believed that engagement of a new auditor would lead to enhanced communications with respect to audit matters.

During the course of its engagement, Windes did not provide an audit report on our financial statements. Therefore, there is no applicable disclosure within the meaning of Item 304(a)(1)(ii) of Regulation S-K.

During our two most recent fiscal years, Enova Systems and Windes had the following three disagreements within the meaning of Item 304(a)(1)(iv) of Regulation S-K on matters of accounting principles or practices, financial statement disclosure, or auditing or review scope or procedure, which if not resolved to the satisfaction of Windes would have caused it to make reference to the subject matter of the disagreement in its reports on our financial statements.

First, as reflected in the Current Reports on Form 8-K dated November 29, 2006 and December 5, 2006, Windes and Enova Systems disagreed whether Windes authorized the Form 10-Q filing. After numerous discussions among Windes and us involving management and the Audit Committee, the disagreement was resolved by filing the requisite Item 4.02 Form 8-K and later filing the amended Form 10-Q for the fiscal period ended September 30, 2006 on December 29, 2006 (the Form 10-Q/A).

Second, Windes and Enova Systems disagreed whether we followed the appropriate accounting policy and accounting literature to record revenue. This disagreement was resolved upon further analysis and by reversing the recorded revenue and related expenses in the Form 10-Q/A.

Third, Windes and Enova Systems disagreed whether adequate documentation had been produced to support a material debt forgiveness transaction which, although negotiated in the 2005 fiscal year, was completed in the first quarter of the 2006 fiscal year and therefore included in our year-to-date operations. Consistent with the Form 10-Q/A's Item 4 Controls and Procedures disclosure, we were unable to locate original documentation to support the accounting treatment for the transaction. This disagreement was resolved when we obtained replacement copies to reflect the original documentation and the accounting treatment.

The Audit Committee discussed the subject matter of all three disagreements above with Windes and we authorized Windes to respond fully to inquiries of PMB Helin Donovan, LLP concerning the subject matter of these disagreements.

During our two most recent fiscal years, the following were reportable events within the meaning of Item 304(a)(1)(v) of Regulation S-K:

(A) Consistent with the Item 4 Controls and Procedures disclosure in the Form 10-Q/A, Windes advised that material weaknesses existed in our internal controls, and thereby our financial statement preparation and disclosure, regarding the (i) correct application of relevant accounting standards; (ii) ability to produce original documentation to support an accounting treatment; and (iii) internal and external communication by us in ensuring there was appropriate independent accountant review and authorization to file periodic reports such as the Form 10-Q for the fiscal period ended September 30, 2006.

(B) Given the three disagreements cited above, Windes expressed concern about its ability to rely on management representations. As a result, consistent with its Item 4 Controls and Procedures disclosure in the Form 10-Q/A, we agreed to dedicate additional time and resources to internal control matters and specifically agreed to (1) retain a consultant to review our accounting, documentation, and internal control policies and (2) implement more stringent oversight policies to ensure proper auditor authorization is received prior to making SEC filings.

(C) Given the third disagreement cited above with respect to adequate documentation, Windes further advised us it would need to expand significantly the scope of its audit within the meaning of Item 304(a)(1)(v)(C) to ensure that proper and sufficient documentation existed to support accounting conclusions reached in prior fiscal periods including the cited debt forgiveness transaction.

During the two most recent fiscal years, we did not consult with PMB Helin Donovan, LLP regarding (1) the application of accounting principles to a specified transaction, whether completed or proposed, (2) the type of audit opinion that might be rendered with respect to our financial statements, or (3) any matter that was either the subject of a disagreement or a reportable event as those terms are defined in Item 304(a)(1)(v) of Regulation S-K.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews our financial reporting process on behalf of the Board of Directors. Management has primary responsibility for this process, including our system of internal controls, and for the preparation of our consolidated financial statements in accordance with generally accepted accounting principles. Our independent auditors, and not the Audit Committee, are responsible for auditing and expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

The Audit Committee reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2007 with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee received from the independent auditors the written disclosures required by Independence Standards Board No. 1 (Independence Discussions with Audit Committees) and discussed with the independent auditors their independence from Enova Systems and its management.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in our Annual Report on SEC Form 10-K for the year ended December 31, 2007 for filing with the SEC.

Annual Meeting Date

We did not hold a 2007 Annual Meeting of Shareholders. Historically and as provided in the Bylaws, the annual meeting was held on the third Wednesday of November. On December 4, 2007, the Board amended the Bylaws to eliminate that November annual meeting date requirement. Instead, the amended Bylaws now permit the Board to set the date of the annual meeting. We intend to hold our annual meeting in the Spring of each year. Holding the annual meeting in the traditional spring season for U.S. public companies will better enable shareholders to assess our fiscal year-end results and ensure efficient delivery of our annual report to shareholders in accordance with current AMEX rules.
