Dear Fellow Shareholder,

Welcome to the Neuberger Berman Intermediate Municipal Closed-End Funds, which opened on September 24, 2002. We are honored that you have entrusted us with your hard-earned assets, and I can assure you that we will strive to achieve the highest tax-protected yield consistent with controlling risk. The Funds are off to a good start, completing their first month of operation with strong performance across the board.

Each Fund's investment objective is to provide current income exempt from regular Federal income tax and, for each state-specific Fund, current income exempt from that state's income taxes.

We choose to invest in intermediate-term municipal bonds (maturities between three and eight years) because our experience and research indicate strongly that this maturity range has offered the best risk/reward profile on the yield curve, providing much of the return of longer-term bonds--with less volatility and risk.

At this point in the economic cycle, our portfolio managers believe the municipal market offers excellent relative value. As investors have sought safety from the recent stock market declines, they have opted largely for U.S. Treasury bonds, overlooking the intrinsic value and potential of high-quality municipal securities.

This is a time of flux in the municipal markets. On the one hand, many state and local governments now face declining tax revenues and budget deficits, which could lead to credit downgrades. On the other hand, the Federal Reserve has been providing major stimulus to the national economy in the form of interest rate cuts. Our managers expect municipal markets overall to remain strong even as equity markets recover, and they see value in many sectors that may benefit from overall economic improvement. In this environment, we believe that our aversion to excessive risk and our strict bottom-up credit evaluation process will provide a substantial advantage.

NEUBERGER BERMAN OCTOBER 31, 2002

We hope that the Intermediate Municipal Funds will become a core holding of your portfolio. We believe our conservative investing philosophy and disciplined investment process will benefit you with superior tax-protected income and principal preservation, in both the near and long term.

Thank you for your trust in Neuberger Berman. We will work diligently to keep earning it.

Sincerely,

/s/ Peter Sundman

INTERMEDIATE MUNICIPAL CLOSED-END FUNDS Portfolio Commentaries

We are pleased to present our first report to shareholders of the Neuberger Berman Intermediate Municipal Fund Inc., the California Intermediate Municipal Fund Inc., and the New York Intermediate Municipal Fund Inc. Although it is a short reporting period, each Fund's performance is off to a very good start.

We believe the Funds were created at an especially opportune moment in the municipal markets. While the bond market appears to anticipate an end to the Federal Reserve's long easing cycle, meaning that interest rates could rise and bond prices could drop, we view this period of market fluctuation and uncertainty as a moment of opportunity. Even if the stock market recovers, we believe that many investors, having discovered the risks of stocks, will remain heavily invested in the municipal bond market. We see value in many sectors and hope to reap benefits from the potential for rising rates and an improving economy. In this environment, we believe that our strict bottom-up credit evaluation process will provide a substantial advantage for the Funds.

Even as the bond market anticipates an end to the Federal Reserve's easing cycle, we note that the federal budget has swung dramatically to a deficit and many states and local governments face declining tax revenues and budget deficits. Therefore, we have assumed an especially vigilant posture on credit quality. We are seeking to purchase only those high-quality, stable credits that we believe will withstand an economic downturn, even where that might mean sacrificing incremental yield.

We believe that a well-managed portfolio of municipal bonds can provide well-diversified investors with a solid cornerstone for their portfolios. We believe that our conservative approach to providing tax-protected income, safety and principal preservation will be gratifying for investors in the near and long term. We are optimistic about the prospects for the Funds.

INTERMEDIATE MUNICIPAL FUND INC.

The Intermediate Municipal Fund Inc. opened on September 24, 2002, and in the remaining weeks of fiscal 2002 (ending October 31, 2002) performed very well. The Fund outperformed the Lipper Closed End General Leveraged Municipal Debt Fund Average, although the Fund had not yet used leverage.

On October 31, 2002, the portfolio was comprised 52.6% of revenue bonds, 19.7% of general obligations and 27.7% of cash and equivalents. The Fund's average yield to maturity was 4.6% and the duration was 5.4 years. When the Fund is fully invested, we currently expect to meet the projected average duration of 7 years.

Although the Fund is not yet fully invested, sectors currently of interest include health care and transportation.

NOTES TO SCHEDULE OF INVESTMENTS

+ Investment securities of the Fund are valued daily by obtaining bid price quotations from independent pricing services on all securities available in each service's data base. For all other securities requiring daily quotations, bid prices are obtained from principal market makers in those securities or, if quotations are not available, by a method the directors of Neuberger Berman California Intermediate Municipal Fund Inc. ("California"), Neuberger Berman Intermediate Municipal Fund Inc. ("Intermediate"), and Neuberger Berman New York Intermediate Municipal Fund Inc. ("New York") (individually a "Fund", collectively, the "Funds"), believe accurately reflects fair value. Short-term debt securities with less than 60 days until maturity may be valued at cost which, when combined

Edgar Filing: NEUBERGER BERMAN NEW YORK INTERMEDIATE MUNICIPAL FUND INC - Form N-30D

with interest earned, approximates market value.
 ## At October 31, 2002, selected Fund information on a U.S. Federal income tax basis was as follows:

NEUBERGER BERMAN	COST	GROSS UNREALIZED APPRECIATION	GROSS UNREALIZED DEPRECIATION	AP (DEP)
CALIFORNIA INTERMEDIATE MUNICIPAL FUND INC.	\$ 106,714,000	\$ 511,000	\$ 514,000	\$
INTERMEDIATE MUNICIPAL FUND INC.	349,557,000	1,983,000	2,259,000	
NEW YORK INTERMEDIATE MUNICIPAL FUND INC.	83,747,000	547,000	506,000	

- @ Municipal securities held by the Funds are within the four highest ratings categories (with respect to at least 80% of total assets) assigned by a nationally recognized statistical rating organization ("NRSRO") such as Moody's Investors Service, Inc., Standard & Poor's, or Fitch Investors Services, Inc. or, where not rated, are determined by the Funds' investment manager to be of comparable quality. Approximately 72%, 63%, and 49% of the municipal securities held by California, Intermediate, and New York, respectively, have credit enhancement features backing them, which the Funds may rely on, such as letters of credit, insurance, or guarantees. Without these credit enhancement features the securities may or may not meet the quality standards of the Funds. Pre-refunded bonds are supported by securities in escrow issued or guaranteed by the U.S. Government, its agencies, or instrumentalities. The amount escrowed is sufficient to pay the periodic interest due and the principal of these bonds. Putable bonds give the Funds the right to sell back the issue on the date specified.
- ^ Credit ratings are unaudited.
- ++ Security is guaranteed by the corporate obligor.
- * Security purchased on a when-issued basis. At October 31, 2002, these securities amounted to \$5,370,000, \$33,251,000, and \$4,717,000 for California, Intermediate, and New York, respectively.
- ** Security is segregated as collateral for when-issued purchase commitments.

NOTES TO FINANCIAL STATEMENTS Intermediate Municipal Closed-End Funds

NOTE A--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

- 1 GENERAL: Neuberger Berman California Intermediate Municipal Fund Inc. ("California"), Neuberger Berman Intermediate Municipal Fund Inc. ("Intermediate"), and Neuberger Berman New York Intermediate Municipal Fund Inc. ("New York") (individually a "Fund", collectively, the "Funds") were organized as Maryland corporations on July 29, 2002. California and New York are registered as non-diversified, closed-end management investment companies and Intermediate is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the "1940 Act"). Each Fund had no operations until September 27, 2002, other than matters relating to their organization and the sale on September 19, 2002 of 6,981 shares of common stock for \$100,005 (\$14.325 per share) from each Fund to Neuberger Berman LLC ("Neuberger"), the Funds' sub-adviser.

The assets of each Fund belong only to that Fund, and the liabilities of each Fund are borne solely by that Fund and no other.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires Neuberger Berman Management Inc. ("Management") to make estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates.

- 2 PORTFOLIO VALUATION: Investment securities are valued as indicated in the notes following the Funds' Schedule of Investments.
- 3 SECURITIES TRANSACTIONS AND INVESTMENT INCOME: Securities transactions are recorded on a trade date basis. Interest income, including accretion of discount (adjusted for original issue discount, where applicable) and amortization of premium, where applicable, is recorded on the accrual basis.

Realized gains and losses from securities transactions are recorded on the basis of identified cost.

- 4 FEDERAL INCOME TAXES: It is the intention of each Fund to qualify as a regulated investment company by complying with the provisions available to certain investment companies, as defined in applicable sections of the Internal Revenue Code, and to make distributions of investment company taxable income and net capital gains (after reduction for any amounts available for U.S. Federal income tax purposes as capital loss carryforwards) sufficient to relieve them from all, or substantially all, U.S. Federal income taxes. Accordingly, each Fund paid no U.S. Federal income taxes and no provision for U.S. Federal income taxes was required.
- 5 DIVIDENDS AND DISTRIBUTIONS TO SHAREHOLDERS: Each Fund earns income, net of expenses, daily on its investments. It is the policy of each Fund to declare and pay dividends from net investment income on a monthly basis. Distributions from net realized capital gains, if any, are normally distributed in December. Income dividends and capital gain distributions to shareholders are recorded on the ex-dividend date. To the extent each Fund's net realized capital gains, if any, can be offset by capital loss carryforwards, it is the policy of each Fund not to distribute such gains.

20

Each Fund distinguishes between dividends on a tax basis and a financial reporting basis and only distributions in excess of tax basis earnings and profits are reported in the financial statements as a return of capital. Differences in the recognition or classification of income between the financial statements and tax earnings and profits which result in temporary over-distributions for financial statement purposes are classified as distributions in excess of net investment income or accumulated net realized gains in the components of net assets on the Statements of Assets and Liabilities.

The Funds declared dividends from their net investment income which were paid December 16, 2002, to shareholders of record on November 18, 2002, with an ex-dividend date of November 14, 2002, as follows:

DIVIDEND PER SHARE

CALIFORNIA	\$ 0.06250
INTERMEDIATE	0.06625
NEW YORK	0.06500

As of October 31, 2002, the components of distributable earnings (accumulated losses) on a federal income tax basis were as follows:

	UNDISTRIBUTED TAX-EXEMPT INCOME	UNDISTRIBUTED TAXABLE INCOME	UNDISTRIBUTED LONG-TERM GAIN	UNREALIZED APPRECIATION (DEPRECIATION)	CARRYFOR AND DEFE
CALIFORNIA	\$ 96,491	\$ 56	\$ -	\$ (2,566)	\$
INTERMEDIATE	441,103	440	-	(276,028)	
NEW YORK	87,508	-	-	40,553	

There were no significant differences between book basis and tax basis.

- 6 EXPENSE ALLOCATION: Expenses directly attributable to a Fund are charged to that Fund. Expenses not directly attributed to a Fund are allocated, on the basis of relative net assets, except where a more appropriate allocation of expenses to each of the Funds can otherwise be made fairly.
- 7 ORGANIZATION EXPENSES AND OFFERING COSTS: Management has agreed to pay all organizational expenses and the amount by which each Fund's offering costs for common stock (other than sales load) exceed \$0.03 per share. Offering costs for common stock paid by each Fund were charged as a reduction of paid-in-capital at the completion of each Fund's offering and amounted to \$198,209, \$615,209, and \$160,709 for California, Intermediate, and New York, respectively.
- 8 CONCENTRATION OF RISK: The ability of the issuers of the debt securities held by the Funds to meet their obligations may be affected by economic developments, including those particular to a specific industry or region. The investment policies of California and New York involve investing substantially all of their assets in California state and New York state municipal bonds, respectively. This policy makes those funds more susceptible to adverse economic, political, regulatory or other factors affecting the issuers of such municipal bonds than a fund that does not limit its investments to such issuers.

21

NOTE B--MANAGEMENT FEES, ADMINISTRATION FEES, DISTRIBUTION ARRANGEMENTS, AND OTHER TRANSACTIONS WITH AFFILIATES:

Each Fund retains Management as its investment manager under a Management Agreement. For such investment management services, each Fund pays Management a fee at the annual rate of 0.25% of its average daily Managed Assets. Managed Assets equals the total assets of the Fund less liabilities, other than the aggregate indebtedness entered into for purposes of leverage. For purposes of calculating Managed Assets, the liquidation preference of any preferred shares outstanding is not considered a liability.

Management has contractually agreed to waive a portion of the management fees it is entitled to receive from each Fund at the following annual rates:

FISCAL PERIOD OR YEAR ENDED OCTOBER 31,	% OF AVERAGE DAILY MANAGED ASSETS
2002 - 2007	0.25%
2008	0.20
2009	0.15
2010	0.10
2011	0.05

Management has not agreed to waive any portion of its fees beyond October 31, 2011.

For the period ended October 31, 2002, such waived fees amounted to \$21,955, \$67,982, and \$17,878 for California, Intermediate, and New York, respectively.

Each Fund retains Management as its administrator under an Administration Agreement ("Agreement"). Pursuant to this Agreement each Fund pays Management an administration fee at the annual rate of 0.30% of its average daily Managed Assets.

Additionally, Management retains State Street Bank and Trust Company ("State Street") as its sub-administrator under a Sub-Administration Agreement. Management pays State Street a fee for all services received under the agreement.

Management and Neuberger, a member firm of The New York Stock Exchange and sub-adviser to each Fund, are wholly owned subsidiaries of Neuberger Berman Inc., a publicly held company. Neuberger is retained by Management to furnish it with investment recommendations and research information without added cost to each Fund. Several individuals who are officers and/or directors of each Fund are also employees of Neuberger and/or Management.

Each Fund has an expense offset arrangement in connection with its custodian contract. The impact of this arrangement, reflected in the Statements of Operations under the caption Custodian fees, was a reduction of \$1,289, \$993, and \$696 for California, Intermediate, and New York, respectively.

22

NOTE C--SECURITIES TRANSACTIONS:

During the period ended October 31, 2002, there were purchase and sale transactions (excluding short-term securities) as follows:

	PURCHASES	SALES
CALIFORNIA	\$ 52,677,000	\$ 0
INTERMEDIATE	208,096,000	0
NEW YORK	60,056,000	0

NOTE D--CAPITAL:

At October 31, 2002, the shares outstanding and the shares owned by Neuberger for each Fund were as follows:

	COMMON SHARES OUTSTANDING	COMMON SHARES OWNED BY NEUBERGER
CALIFORNIA	6,606,981	6,981
INTERMEDIATE	20,506,981	6,981
NEW YORK	5,356,981	6,981

Transactions in common shares of capital stock for the period ended October 31, 2002, were as follows:

SHARES ISSUED IN CONNECTION WITH:

UNDERWRITERS' REINVESTMENT OF

	INITIAL PUBLIC OFFERING	EXERCISE OF OVER-ALLOTMENT OPTION	DIVIDENDS AND DISTRIBUTIONS
CALIFORNIA	6,306,981	300,000	-
INTERMEDIATE	19,506,981	1,000,000	-
NEW YORK	5,156,981	200,000	-

NOTE E--USE OF LEVERAGE:

Subject to market conditions, each Fund intends to offer Preferred Shares representing approximately 38% of each Fund's capital after issuance. The Funds also may add leverage to the portfolio through the utilization of derivative instruments. The Funds may issue Preferred Shares so long as after their issuance the liquidation value of the Preferred Shares, plus the aggregate amount of senior securities representing indebtedness, does not exceed 50% of each Fund's capital. Once Preferred Shares are issued and/or other forms of leverage are used, the net asset value and market price of the common shares and the yield to common stockholders will be more volatile.

NOTES TO FINANCIAL HIGHLIGHTS Intermediate Municipal Closed-End Funds

+ Total return based on per share net asset value reflects the effects of changes in net asset value on the performance of each Fund during each fiscal period. Total return based on per share market value assumes the purchase of common shares at the market price on the first day and sales of common shares at the market price on the last day of the period indicated. Dividends and distributions, if any, are assumed to be reinvested at prices obtained under each Fund's dividend reinvestment plan. Results represent past performance and do not guarantee future results. For each Fund, total return would have been lower if Management had not waived the investment management fee.

The Fund is required to calculate an expense ratio without taking into consideration any expense reductions related to expense offset arrangements.

++ After waiver of investment management fee. Had Management not undertaken such action the annualized ratios of net expenses to average daily net assets would have been:

REPORT OF ERNST & YOUNG LLP, INDEPENDENT AUDITORS

To the Board of Directors and Shareholders of
Neuberger Berman California Intermediate Municipal Fund Inc.
Neuberger Berman Intermediate Municipal Fund Inc.
Neuberger Berman New York Intermediate Municipal Fund Inc.

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc. (the "Funds") as of October 31, 2002, and the related statements of operations, statements of changes in net assets and financial highlights for the period from September 27, 2002 (commencement of operations) to October 31, 2002. These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights. Our procedures included confirmation of securities owned as of October 31, 2002, by correspondence with the custodian and brokers or other appropriate auditing procedures where replies from brokers were not received. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of each of Neuberger Berman California Intermediate Municipal Fund Inc., Neuberger Berman Intermediate Municipal Fund Inc., and Neuberger Berman New York Intermediate Municipal Fund Inc. at October 31, 2002, the results of their operations, changes in their net assets, and their financial highlights for the periods from September 27, 2002 (commencement of operations) to October 31, 2002, in conformity with accounting principles generally accepted in the United States.

DIVIDEND REINVESTMENT PLAN

The Fund's Board has established a Dividend Reinvestment Plan (the "Plan") pursuant to which all holders of common stock ("Common Stockholders") whose shares are registered in their own names will have all dividends and any capital gain distributions (referred to collectively in this section as "dividends") on their shares automatically reinvested in additional shares of common stock ("Common Shares") by The Bank of New York, as agent for the Common Stockholders ("Plan Agent"), unless such Common Stockholders elect to receive cash. An election to receive cash may be revoked or reinstated at a Common Stockholder's option. In the case of record Common Stockholders such as banks, brokers or other nominees that hold shares of common stock for others who are the beneficial owners, the Plan Agent will administer the Plan on the basis of the number of shares certified from time to time by the record Common Stockholder as representing the total amount registered in such Common Stockholder's name and held for the account of beneficial owners who participate in the Plan. Common Stockholders whose shares are held in the name of a bank, broker or other nominee should contact the nominee for details. Such stockholders may not be able to transfer their shares to another nominee and continue to participate in the Plan. All dividends to investors who elect not to participate in the Plan (or whose bank, broker or other nominee elects not to participate on the investor's behalf), will be paid in cash by check mailed, in the case of direct Common Stockholders, to the record holder by The Bank of New York, as the Fund's dividend disbursement agent.

Unless you (or your bank, broker or other nominee) elect not to participate in the Plan, the number of Common Shares you will receive as a result of a Fund dividend will be determined as follows:

- (1) If Common Shares are trading at or above their net asset value (minus estimated brokerage commissions that would be incurred upon the purchase of Common Shares on the open market) on the payment date, the Fund will issue new Common Shares at the greater of (i) the net asset value per Common Share on the payment date or (ii) 95% of the market price per Common Share on the payment date. Because Common Shares may be issued at less than their market price, Plan participants may get a benefit that non-participants do not.
- (2) If Common Shares are trading below their net asset value (minus estimated brokerage commissions that would be incurred upon the purchase of Common Shares on the open market) on the payment date, the Plan Agent will receive the dividend in cash and will purchase Common Shares in the open market, on the American Stock Exchange or elsewhere, for the participants' accounts. It is possible that the market price for the Common Shares may increase before the Plan Agent has completed its purchases. Therefore, the average purchase price per Common Share paid by the Plan Agent may exceed the market price thereof on the payment date, resulting in the purchase of fewer Common Shares than if the dividend had been paid in Common Shares issued by the Fund. The Plan Agent will use all dividends received in cash to purchase Common Shares in the open market on or shortly after the payment date, but in no event later than the ex-dividend date for the next dividend. Interest will not be paid on any uninvested cash payments.

If you own Common Shares directly, you may withdraw from the Plan at any time by giving written notice to the Plan Agent; please be sure to include your name and account number. You may also rejoin the Plan later. Contact the Plan Agent at the following address for information on how to do so: The Bank of New York, ATTN: Stock Transfer Administration, 101 Barclay Street, 11-E, New York, New York 10286. If you wish, the Plan Agent will sell the Common Shares and send you the proceeds, minus brokerage commissions.

The Plan Agent maintains all stockholders' accounts in the Plan and gives

written confirmation of all transactions in the accounts, including information stockholders may need for tax records. The Plan Agent will also furnish each Common Stockholder with written instructions detailing the procedures for electing not to participate in the Plan and to instead receive dividends in cash. Common Shares in your account will be held by the Plan Agent in non-certificated form. Any proxy you receive will include all Common Shares held for you under the Plan.

29

There is no brokerage charge for reinvestment of your dividends in Common Shares. However, all participants will pay a pro rata share of brokerage commissions incurred by the Plan Agent when it makes open market purchases.

Automatically reinvested dividends are taxed in the same manner as cash dividends.

The Fund and the Plan Agent reserve the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan; however, the Fund reserves the right to amend the Plan to include a service charge payable by the participants. Additional information about the Plan may be obtained from your broker or by calling The Bank of New York at 1-800-524-4458.

Notice is hereby given in accordance with Section 23(C) of the Investment Company Act of 1940 that from time to time the Fund may purchase shares of its common stock in the open market at market prices.
