CHAIRMAN'S LETTER

[PHOTO OF PETER SUNDMAN]

Dear Fellow Shareholder,

Getting off on the right foot is always important. It is a pleasure to report, therefore, that the Neuberger Berman Municipal Closed-End Funds are off to a strong start in their first full reporting period. Our Funds have all generated positive returns on a net asset value basis, and outperformed their benchmark indices for the six months ending April 30, 2003.

In my last letter, I assured you that we would strive for the highest tax-protected yield consistent with controlling risk. Since then, we have been working hard to achieve that goal. Our investment vehicle of choice is the intermediate-term municipal bond (with maturity between three and eight years).

Our experience and research lead us to believe that this maturity range offers the best risk/reward profile on the yield curve, providing much of the return of longer-term bonds, with less volatility and risk.

Today's markets offer unique challenges to investment managers in the municipal bond arena. As with fixed income in general, municipal bonds have achieved meaningful gains in recent years, in stark contrast to stocks. At the same time, many states and municipalities are facing major financial issues, as they deal with weakened tax revenues and increasing budget deficits. While our managers

2

NEUBERGER BERMAN APRIL 30, 2003 (UNAUDITED)

expect municipal markets to remain robust, we are keenly aware of the need for close attention to credit quality, sector selection and risk management.

As always, we believe our conservative investment philosophy and disciplined investment process will benefit you with superior tax-protected income and principal preservation, in both the near and long term.

Thank you again for your trust in Neuberger Berman.

Sincerely,

/s/ Peter Sundman

INTERMEDIATE MUNICIPAL CLOSED-END FUNDS PORTFOLIO COMMENTARIES

We are pleased to report that the Intermediate Municipal Fund Inc., the California Intermediate Municipal Fund, Inc. and the New York Intermediate Municipal Fund, Inc., on a net asset value (NAV) basis, delivered positive returns for the first half of fiscal 2003. During this reporting period the municipal bond market continued to post strong returns and the Funds participated in this strength. Our diligent focus on stable municipal securities helped the Funds provide good returns and preserve capital--two goals not easily achieved in the current economic and financial market environment.

With investor attention focused almost exclusively on geopolitical issues, equities faltered, while the relative safety of fixed-income investments became increasingly attractive. Although bad news for the equity markets often means good news for bonds, the municipal bond market was not entirely immune to broader market events. Our diligent focus on credit quality helped us limit our exposure to weak credits in the airline and tobacco industries, two areas that have been hurt particularly hard by the current economic environment and company-specific issues. Knowing that all bonds are not created equal, our challenge is to be in the right sectors at the right time. Careful security selection during the period benefited the Funds' overall returns.

Weakness at the federal budget level has trickled down to the state and local level, where governments are now facing declining tax revenues and budget deficits for the foreseeable future. We have therefore intensified our ever-vigilant focus on credit quality. In addition to facing large budget

shortfalls, New York municipal bonds have been hurt by general financial market weakness and a slowdown in tourism following the September 11, 2001 terrorist attacks. California municipal bonds have also suffered from increasingly large budget deficits, along with the dramatic downturn in the high-tech sector, which in the past was a powerful economic driver, and a lack of growth in trade with Japan and the Far East. Given the budget problems in New York and California, we continue to seek opportunities to invest in these areas at attractive price levels, but intend to only buy the bonds of issuers that meet our strict credit quality standards. If we discover that we have made an investment mistake, we will be dispassionate sellers.

With interest rates still hovering at near 40-year lows, we were able to lock in a significant portion of our leverage costs for a one-year period. In seeking to provide a competitive level of income in this environment, we have increased our exposure to higher-yielding bonds in the BBB and A rating categories that meet our strict quality criteria.

NEUBERGER BERMAN APRIL 30, 2003 (UNAUDITED)

Fixed-income investments have been in a dramatic bull market since early 2000, and have continued to produce strong results through the end of this reporting period. With interest rates at extraordinarily low levels, it is incumbent upon us to provide our shareholders with a competitive level of tax-protected income, while emphasizing safety and principal preservation. We believe that our conservative approach in seeking these objectives will benefit our shareholders in the near and long term.

INTERMEDIATE MUNICIPAL FUND INC.

For its first full six months of operation, the Intermediate Municipal Fund Inc. outperformed the Lehman Brothers 10-Year Municipal Bond Index and generated returns that were roughly in line with the Lipper Closed-End General Leveraged Municipal Debt Funds Average, based on net asset value (NAV).

As of April 30, 2003, the portfolio was comprised of 74.1% in revenue bonds,

24.2% in general obligation bonds, and 1.7% in pre-refunded/escrowed securities and cash and equivalents. Bonds subject to the Alternative Minimum Tax (AMT) equaled 11.2% of assets. The portfolio's leverage position as of April 30 was 37.23% of assets. With the Fund now fully invested, its duration is in the 7-year range, where it is expected to remain.

CALIFORNIA INTERMEDIATE MUNICIPAL FUND INC.

For the six-month period ended April 30, 2003, the California Intermediate Municipal Fund Inc. outperformed the Lehman Brothers 10-Year Municipal Bond Index and generated higher returns than the Lipper Closed-End California Municipal Debt Funds Average, based on net asset value (NAV).

NOTES TO SCHEDULE OF INVESTMENTS

- + Investment securities of the Fund are valued daily by obtaining bid price quotations from independent pricing services on all securities available in each service's data base. For all other securities requiring daily

quotations, bid prices are obtained from principal market makers in those securities or, if quotations are not available, by a method the directors of Neuberger Berman California Intermediate Municipal Fund Inc. ("California"), Neuberger Berman Intermediate Municipal Fund Inc. ("Intermediate"), and Neuberger Berman New York Intermediate Municipal Fund Inc. ("New York") (individually a "Fund", collectively, the "Funds"), believe accurately reflects fair value. Short-term debt securities with less than 60 days until maturity may be valued at cost which, when combined with interest earned, approximates market value.

At April 30, 2003, selected Fund information on a U.S. Federal income tax basis was as follows:

(000's OMITTED)		GROSS UNREALIZED APPRECIATION	GROSS UNREALIZED DEPRECIATION	NET A
NEUBERGER BERMAN	COST			
CALIFORNIA INTERMEDIATE MUNICIPAL FUND INC.	\$153,158	\$ 3,728	\$ 772	
INTERMEDIATE MUNICIPAL FUND INC.	469,725	11,304	2,142	
NEW YORK INTERMEDIATE MUNICIPAL FUND INC.	125,283	2,709	654	

@ Municipal securities held by the Funds are within the four highest rating categories (with respect to at least 80% of total assets) assigned by a nationally recognized statistical rating organization ("NRSRO") such as Moody's Investors Service, Inc., Standard & Poor's, or Fitch Investors Services, Inc. or, where not rated, are determined by the Funds' investment manager to be of comparable quality. Approximately 64%, 57%, and 35% of the municipal securities held by California, Intermediate, and New York, respectively, have credit enhancement features backing them, which the Funds may rely on, such as letters of credit, insurance, or guarantees. Without these credit enhancement features the securities may or may not meet the quality standards of the Funds. Pre-refunded bonds are supported by securities in escrow issued or guaranteed by the U.S. Government, its agencies, or instrumentalities. The amount escrowed is sufficient to pay the periodic interest due and the principal of these bonds. Puttable bonds give the Funds the right to sell back the issue on the date specified.

++ Security is guaranteed by the corporate obligor.

* Security purchased on a when-issued basis. At April 30, 2003, these securities amounted to \$1,121,000 for Intermediate.

** Security is segregated as collateral for when-issued purchase commitments.

- 1 GENERAL: Neuberger Berman California Intermediate Municipal Fund Inc. ("California"), Neuberger Berman Intermediate Municipal Fund Inc. ("Intermediate"), and Neuberger Berman New York Intermediate Municipal Fund Inc. ("New York") (individually a "Fund", collectively, the "Funds") were organized as Maryland corporations on July 29, 2002. California and New York are registered as non-diversified, closed-end management investment companies and Intermediate is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the "1940 Act"). Each Fund had no operations until September 27, 2002, other than matters relating to their organization and the sale on September 19, 2002 of 6,981 shares of common stock for \$100,005 (\$14.325 per share) from each Fund to Neuberger Berman, LLC ("Neuberger"), the Funds' sub-adviser. The Board of Directors of the Funds may classify or re-classify any unissued shares of capital stock, into one or more classes of preferred stock, without the approval of shareholders.

The assets of each Fund belong only to that Fund, and the liabilities of each Fund are borne solely by that Fund and no other.

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires Neuberger Berman Management Inc. ("Management") to make estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates.

- 2 PORTFOLIO VALUATION: Investment securities are valued as indicated in the notes following the Funds' Schedule of Investments.
- 3 SECURITIES TRANSACTIONS AND INVESTMENT INCOME: Securities transactions are recorded on a trade date basis. Interest income, including accretion of discount (adjusted for original issue discount, where applicable) and amortization of premium, where applicable, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost.
- 4 FEDERAL INCOME TAXES: The Funds are treated as separate entities for U.S. Federal income tax purposes. It is the policy of each Fund to continue to qualify as a regulated investment company by complying with the provisions available to certain investment companies, as defined in applicable sections of the Internal Revenue Code, and to make distributions of investment company taxable income and net capital gains (after reduction for any amounts available for U.S. Federal income tax purposes as capital loss carryforwards) sufficient to relieve them from all, or substantially all, U.S. Federal income taxes. Accordingly, each Fund paid no U.S. Federal income taxes and no provision for U.S. Federal income taxes was required.
- 5 DIVIDENDS AND DISTRIBUTIONS TO SHAREHOLDERS: Each Fund earns income, net of expenses, daily on its investments. It is the policy of each Fund to declare and pay dividends to common shareholders from net investment income on a monthly basis. Distributions from net realized capital gains, if any, are normally distributed in December. Income dividends and capital gain distributions to common shareholders are recorded on the ex-dividend date. To the extent each Fund's net realized capital gains,

if any, can be offset

26

NEUBERGER BERMAN APRIL 30, 2003 (UNAUDITED)

by capital loss carryforwards, it is the policy of each Fund not to distribute such gains. Dividends and distributions to preferred shareholders are accrued and determined as described in Note A-6.

Each Fund distinguishes between dividends on a tax basis and a financial reporting basis and only distributions in excess of tax basis earnings and profits are reported in the financial statements as a tax return of capital. Differences in the recognition or classification of income between the financial statements and tax earnings and profits which result in temporary over-distributions for financial statement purposes are classified as distributions in excess of net investment income or accumulated net realized gains in the components of net assets on the Statements of Assets and Liabilities.

Subsequent to April 30, 2003, the Board of each Fund declared dividends to common shareholders from their net investment income payable June 16, 2003, to shareholders of record on May 27, 2003, with an ex-dividend date of May 22, 2003, as follows:

	DIVIDEND PER SHARE
CALIFORNIA	\$0.06250
INTERMEDIATE	0.06625
NEW YORK	0.06500

6 REDEEMABLE PREFERRED SHARES: On October 21, 2002, the Funds re-classified unissued shares of capital stock into several series of Auction Market Preferred Shares ("AMPS"), as follows:

FUND	SERIES A SHARES	SERIES B SHARES
CALIFORNIA	1,500	1,500
INTERMEDIATE	4,000	4,000
NEW YORK	1,500	1,500

On December 13, 2002, the Funds issued several series of AMPS, as follows:

FUND	SERIES A SHARES	SERIES B SHARES
CALIFORNIA	1,180	1,180
INTERMEDIATE	3,588	3,588
NEW YORK	965	965

All shares of each series of AMPS have a liquidation preference of \$25,000 per share plus any accumulated unpaid dividends, whether or not

earned or declared by the Fund, but excluding interest thereon ("Liquidation Value"). Dividends to AMPS shareholders, which are cumulative, are accrued daily. It is the policy of each Fund to pay dividends every 7 days for each Fund's AMPS Series A and every 28 days for each Fund's AMPS Series B.

Dividend rates are reset every 7 days for each Fund's AMPS Series A, based on the results of an auction. For the period from December 13, 2002 to April 30, 2003, dividend rates ranged as follows:

FUND	DIVIDEND RATES
CALIFORNIA	0.85% - 1.25%
INTERMEDIATE	1.02% - 1.25%
NEW YORK	0.90% - 1.25%

27

NOTES TO FINANCIAL STATEMENTS INTERMEDIATE MUNICIPAL CLOSED-END FUNDS CONT'D

Upon issuance, dividend rates were reset every 28 days for each Fund's AMPS Series B, based on the results of an auction. Each Fund's AMPS Series B subsequently changed its rate period to 364 days. The effective dates and dividend rates for each Fund are as follows:

FUND	EFFECTIVE DATE	DIVIDEND RATE
CALIFORNIA	March 12, 2003	1.15%
INTERMEDIATE	March 14, 2003	1.20%
NEW YORK	March 10, 2003	1.125%

The Funds declared dividends to AMPS shareholders for the period May 1, 2003 to May 31, 2003, for each series of the AMPS as follows:

FUND	SERIES A SHARES	SERIES B SHARES
CALIFORNIA	\$28,001	\$29,218
INTERMEDIATE	92,632	92,702
NEW YORK	24,896	23,371

The Funds may redeem shares of each series of AMPS, in whole or in part, on the second business day preceding any dividend payment date at Liquidation Value.

The Funds are also subject to certain restrictions relating to the AMPS. Failure to comply with these restrictions could preclude the Funds from declaring any distributions to common shareholders or repurchasing common shares and/or could trigger the mandatory redemption of AMPS at Liquidation Value.

The holders of AMPS are entitled to one vote per share and, unless

otherwise required by law, will vote with holders of common stock as a single class, except that the AMPS will vote separately as a class on certain matters, as required by law. The holders of AMPS, voting as a separate class, are entitled at all times to elect two Directors of each Fund, and to elect a majority of the Directors of a Fund if the Fund failed to pay dividends on preferred shares for two consecutive years.

- 7 ORGANIZATION EXPENSES AND OFFERING COSTS: Management has agreed to pay all organizational expenses and the amount by which each Fund's offering costs for common stock (other than sales load) exceed \$0.03 per share. Offering costs for common stock paid by each Fund were charged as a reduction of common stock paid-in-capital at the completion of each Fund's offering and amounted to \$203,759, \$620,459, and \$167,159 for California, Intermediate, and New York, respectively.

Additionally, estimated offering costs of \$245,000, \$345,000, and \$245,000 and sales loads of \$590,000, \$1,794,000, and \$482,500 for AMPS paid by California, Intermediate, and New York, respectively, were charged as a reduction of common stock paid-in-capital at the completion of each Fund's AMPS offering.

- 8 CONCENTRATION OF RISK: The ability of the issuers of the debt securities held by the Funds to meet their obligations may be affected by economic developments, including those particular to a specific industry or region. The investment policies of California and New York involve investing substantially all of their assets in California state and New York state municipal bonds, respectively. This policy makes those funds

28

NEUBERGER BERMAN APRIL 30, 2003 (UNAUDITED)

more susceptible to adverse economic, political, regulatory or other factors affecting the issuers of such municipal bonds than a fund that does not limit its investments to such issuers.

NOTE B--MANAGEMENT FEES, ADMINISTRATION FEES, AND OTHER TRANSACTIONS WITH AFFILIATES:

Each Fund retains Management as its investment manager under a Management Agreement. For such investment management services, each Fund pays Management a fee at the annual rate of 0.25% of its average daily Managed Assets. Managed Assets equal the total assets of the Fund less liabilities, other than the aggregate indebtedness entered into for purposes of leverage. For purposes of calculating Managed Assets, the Liquidation Value of any AMPS outstanding is not considered a liability.

Management has contractually agreed to waive a portion of the management fees it is entitled to receive from each Fund at the following annual rates:

YEAR ENDED OCTOBER 31,	% OF AVERAGE DAILY MANAGED ASSETS

2002 - 2007	0.25%
2008	0.20
2009	0.15
2010	0.10

2011

0.05

Management has not agreed to waive any portion of its fees beyond October 31, 2011.

For the six months ended April 30, 2003, such waived fees amounted to \$176,588, \$538,442, and \$144,304 for California, Intermediate, and New York, respectively.

Each Fund retains Management as its administrator under an Administration Agreement ("Agreement"). Pursuant to this Agreement each Fund pays Management an administration fee at the annual rate of 0.30% of its average daily Managed Assets.

Additionally, Management retains State Street Bank and Trust Company ("State Street") as its sub-administrator under a Sub-Administration Agreement. Management pays State Street a fee for all services received under the agreement.

Management and Neuberger, a member firm of The New York Stock Exchange and sub-adviser to each Fund, are wholly owned subsidiaries of Neuberger Berman Inc., a publicly held company. Neuberger is retained by Management to furnish it with investment recommendations and research information without added cost to each Fund. Several individuals who are officers and/or Directors of each Fund are also employees of Neuberger and/or Management.

Each Fund has an expense offset arrangement in connection with its custodian contract. The impact of this arrangement, reflected in the Statements of Operations under the caption Custodian fees, was a reduction of \$737, \$620, and \$697 for California, Intermediate, and New York, respectively.

+ Total return based on per share net asset value reflects the effects of changes in net asset value on the performance of each Fund during each fiscal period. Total return based on per share market value assumes the purchase of common shares at the market price on the first day and sales of common shares at the market price on the last day of the period indicated. Dividends and distributions, if any, are assumed to be reinvested at prices obtained under each Fund's dividend reinvestment plan. Results represent past performance and do not guarantee future results. For each Fund, total return would have been lower if Management had not waived the investment management fee.

The Fund is required to calculate an expense ratio without taking into consideration any expense reductions related to expense offset arrangements.

++ After waiver of investment management fee. Had Management not undertaken such action the annualized ratios of net expenses to average daily net assets applicable to common shareholders would have been:

DIVIDEND REINVESTMENT PLAN

The Fund's Board has established a Dividend Reinvestment Plan (the "Plan") pursuant to which all holders of common stock ("Common Stockholders") whose shares are registered in their own names will have all dividends and any capital gain distributions (referred to collectively in this section as "dividends") on their shares automatically reinvested in additional shares of common stock ("Common Shares") by The Bank of New York, as agent for the Common Stockholders ("Plan Agent"), unless such Common Stockholders elect to receive cash. An election to receive cash may be revoked or reinstated at a Common Stockholder's option. In the case of record Common Stockholders such as banks, brokers or other nominees that hold shares of common stock for others who are the beneficial owners, the Plan Agent will administer the Plan on the basis of the number of shares certified from time to time by the record Common Stockholder as representing the total amount registered in such Common Stockholder's name and held for the account of beneficial owners who participate in the Plan. Common Stockholders whose shares are held in the name of a bank, broker or other nominee should contact the nominee for details. Such stockholders may not be able to transfer their shares to another nominee and continue to participate in the Plan. All dividends to investors who elect not to participate in the Plan (or whose bank, broker or other nominee elects not to participate on the investor's behalf), will be paid in cash by check mailed, in the case of direct Common Stockholders, to the record holder by The Bank of New York, as the Fund's dividend disbursement agent.

Unless you (or your bank, broker or other nominee) elect not to participate in the Plan, the number of Common Shares you will receive as a result of a Fund dividend will be determined as follows:

- (1) If Common Shares are trading at or above their net asset value (minus estimated brokerage commissions that would be incurred upon the purchase of Common Shares on the open market) on the payment date, the Fund will issue new Common Shares at the greater of (i) the net asset value per Common Share on the payment date or (ii) 95% of the market price per Common Share on the payment date. Because Common Shares may be issued at less than their market price, Plan participants may get a benefit that non-participants do not.

- (2) If Common Shares are trading below their net asset value (minus estimated brokerage commissions that would be incurred upon the purchase of Common Shares on the open market) on the payment date, the Plan Agent will receive the dividend in cash and will purchase Common Shares in the open market, on the American Stock Exchange or elsewhere, for the participants' accounts. It is possible that the market price for the Common Shares may increase before the Plan Agent has completed its purchases. Therefore, the average purchase price per Common Share paid by the Plan Agent may exceed the market price thereof on the payment date, resulting in the purchase of fewer Common Shares than if the dividend had been paid in Common Shares issued by the Fund. The Plan Agent will use all dividends received in cash to purchase Common Shares in the open market on or shortly after the payment date, but in no event later than the ex-dividend date for the next dividend. Interest will not be paid on any uninvested cash payments.

If you own Common Shares directly, you may withdraw from the Plan at any time by giving written notice to the Plan Agent; please be sure to include your name and account number. You may also rejoin the Plan later. Contact the Plan Agent at the following address for information on how to do so: The Bank of New York, ATTN: Stock Transfer Administration, 101 Barclay Street, 11-E, New York, New York 10286. If you wish, the Plan Agent will sell the Common Shares and send you the proceeds, minus brokerage commissions.

The Plan Agent maintains all stockholders' accounts in the Plan and gives written confirmation of all transactions in the accounts, including information stockholders may need for tax records. The Plan Agent will also furnish each Common Stockholder with written instructions detailing the procedures for electing not to participate in the Plan and to instead receive dividends in cash. Common Shares in your account will be held by the Plan Agent in non-certificated form. Any proxy you receive will include all Common Shares held for you under the Plan.

35

DIVIDEND REINVESTMENT PLAN CONT'D

There is no brokerage charge for reinvestment of your dividends in Common Shares. However, all participants will pay a pro rata share of brokerage commissions incurred by the Plan Agent when it makes open market purchases.

Automatically reinvested dividends are taxed in the same manner as cash dividends.

The Fund and the Plan Agent reserve the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan; however, the Fund reserves the right to amend the Plan to include a service charge payable by the participants. Additional information about the Plan may be obtained from your broker or by calling The Bank of New York at 1-800-524-4458.

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940 that from time to time the Fund may purchase shares of its common stock in the open market at market prices.
