Interstate Insurance signs contract with CGI for
infrastructure services

Edgar Filing: CGI GROUP INC - Form 6-K

Chicago, Illinois, October 2, 2002 - Fireman's Fund Interstate Insurance Group, a division of the Fireman's Fund Insurance Company a subsidiary of Allianz AG of Munich, and CGI Group Inc. (CGI) (TSX: GIB.A; NYSE: GIB) today announced the signing of a nine-year outsourcing contract valued at US\$13 million for the provision of infrastructure services. This contract is an addition to a previously announced ten-year outsourcing contract with Fireman's Fund Insurance Company on October 2, 2001.

As part of the agreement, CGI will provide Interstate Insurance with IT support services in Chicago, Denver, New Jersey, San Francisco and Atlanta. CGI will offer 24-hour support services through its near-shore delivery facilities in Canada and its Phoenix data center for 99 NT servers and large Unix platforms. CGI will also provide support for over 860 desktops, laptops and printers.

"We are at the first year anniversary of our partnership with CGI and have experienced a successful and seamless transition of our critical information technology operations. CGI was a logical choice for our affiliate, in keeping with streamlining our businesses. We were mostly appreciative of the fact that as our time objective shortened, CGI was able to deliver services before originally anticipated. That flexibility meant a lot," said Billy McCarter, senior vice-president and chief information officer of Fireman's Fund Insurance Company.

Joseph Saliba, president, U.S., India and business process services for CGI added: "We are very pleased with this win as it strengthens our relationship with Fireman's Fund and the Allianz Group of Companies. It also demonstrates that the most effective way of securing new business is through a job well done. We have brought real benefit and cost savings to Fireman's Fund and we will do the same for Interstate Insurance."
