FOR IMMEDIATE RELEASE

Vhi Healthcare signs contract with CGI for its GIOS solution

London, England, July 21, 2003 CGI Group (Europe) Limited (CGI) (TSX: GIB.A; NYSE: GIB) has signed a contract to implement its state-of-the-art administration system, GIOS (Global Insurance Open Solution), at Vhi Healthcare, one of Ireland's most recognised and trusted health insurance brands.

CGI will bring a revolutionary insurance administration system to Vhi Healthcare, which will not only provide outstanding customer service to 1.55 million customers, but will also allow Vhi Healthcare to easily expand its business in the future. GIOS is a highly flexible, modular solution, which is capable of fully supporting the administration function for all forms of insurance products. Through use of the Healthcare template, Vhi gains access to the specialist healthcare insurance functionality that is readily available within GIOS.

Currently, Vhi Healthcare is migrating from its legacy systems to GIOS and, following extensive testing, is scheduled to go-live early in 2004.

Initially CGI provided Vhi Healthcare with a business analysis study which included extensive technical consulting. Michael Keaney, general manager for individual & corporate business and implementation programme manager at Vhi Healthcare, comments: "Our preliminary study with CGI was a great success and has resulted in a shared understanding of what we want to achieve and how to guarantee it is accomplished. Vhi Healthcare's goal is to significantly improve customer service by developing one single customer data source, and with GIOS information need only be entered once for our entire insurance administration business. GIOS is a highly functional solution that will help us to achieve considerable efficiency savings over time through the automation of administrative processes."

Keaney continues: "GIOS has been developed specifically for the insurance industry and is easily customised, which is vital to us moving forward. The Vhi Healthcare brand is strong and with GIOS we will be able to bring a new product range to market quicker than our previous legacy system allowed."

Gavin Chapman, senior vice-president and managing director at CGI Group (Europe) Limited, said: "This is an important contract win for CGI. We are delighted that one of Ireland's most recognised brands is purchasing GIOS, which will deliver to Vhi Healthcare a highly flexible and functional solution tailored to meet its specific needs. Our GIOS solution covers all lines of business and is rapidly becoming one of the leading insurance solutions in the industry."
