Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

GENERAL

For a discussion of certain factors, which should be considered in evaluating the Company and its business, see Risk Factors.

Raptor Investments, Inc., formerly Paramark Enterprises, Inc., (the Company), a Florida corporation, was originally formed in December 1985, under the name T.J. Cinnamons, Inc., as a franchiser of specialty retail bakeries. Previous management acquired the Company from its founders in 1992, sold the retail bakeries and franchise system in 1996 to Triarc Restaurant Group, and subsequently developed the Company into a wholesale manufacturer and distributor of specialty bakery products. The majority of the wholesale bakery operations were sold to Rich Products Manufacturing Group in December 2000 with the remaining assets sold to Brooks Street Companies, Inc. in October 2000. In August 2001, the Company completed the sale of 500,000 shares of the Company's common stock in a privately negotiated transaction for a purchase price of \$30,000. The shares were sold to a group of investors. Pursuant to the transaction, the former officers and directors resigned and were replaced by the investors. In December 2001, the Company entered into agreements to acquire LBI Properties, Inc., a development stage real estate holding company, and LBI E Web Communities, Inc., an internet-related holding company. The acquisition of these companies was closed on January 7, 2002. These companies were held by the current management prior to their acquisition by the Company. In October 2001 the Company changed its name to Raptor Investments, Inc. and changed its trading symbol to RAPT. The Company's Common Stock is publicly traded on the OTC Bulletin Board under the symbol RAPT.

-2-

Triarc Restaurant Group Transactions. In 1996, the Company sold the T.J. Cinnamons trade name and other intellectual property to Triarc Restaurant Group (Triarc) in consideration for (i) a purchase price of \$3,540,000, (ii) additional contingent payments of up to \$5.5 million, and (iii) a 99 year royalty free license agreement to sell T.J. Cinnamons branded products through wholesale channels of distribution.

In 1998, the Company restructured its agreements with Triarc whereby the Company terminated the 1996 purchase and license agreements with Triarc in consideration for payments aggregating \$4 million of which \$3 million was paid at closing and \$1 million was tendered in the form of a non interest bearing promissory note payable over a period of 24 months.

Rich Products Transaction. In December 2000, the Company entered into an asset purchase agreement with Rich Products Manufacturing Corporation (Rich Products) through which the Company sold to Rich Products a majority of the assets comprising its bakery operations in El Cajon, California. The Rich Products agreement provided for a purchase price aggregating \$2,182,750 inclusive of a payment for inventory. The aggregate purchase price will be paid as follows: \$193,950 on October 16, 2000, \$1,000,000 on December 15, 2000, and \$1,000,000 payable in semiannual installments over a period of four (4) years. Rich Products is also assuming approximately \$285,000 in equipment lease related debt.

Brooks Street Transaction. In October 2000, the Company also entered into an asset purchase and sale agreement with Brooks Street Companies, Inc. (Brooks Street), pursuant to which the Company sold the remainder of its bakery operations to Brooks Street. The Brooks Street agreement provided for a purchase

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

price in the form of the assumption by Brooks Street of approximately \$70,000 in equipment lease related debt, the purchase of inventory by Brooks Street in the amount of \$12,500 and the agreement by Brooks Street to make royalty payments to the Company, over a period of four (4) years, equal to 5% of net sales of pull-apart cakes to existing customers of the Company plus 1 1/2% of net sales of pull-apart cakes to new customers of Brooks Street.

The foregoing summaries of the Rich Products Agreement and the Brooks Street Agreement are only a brief description of the agreements and are qualified in their entirety by the detailed provisions of the agreements which were filed as exhibits to the Company's Current Report on Form 8-K filed on October 18, 2000, and are incorporated herein by reference.

The Lovito Transaction. In August 2001, the Company completed the sale of 500,000 shares of the Company's common stock in a privately negotiated transaction for a purchase price of \$30,000 to investors, Paul, Matthew and Marc Lovito (the "Lovitos"). Pursuant to the Agreement, on September 22, 2001, the Company's current officers and directors, Charles Loccisano, Alan Gottlich, Philip Friedman and Paul Begun, resigned and were replaced by the Lovitos on the board. In addition, on September 26, 2001, Paul Lovito became the Chairman, President and Chief Executive Officer replacing Alan Gottlich and Charles Loccisano. Marc Lovito became Vice President and Secretary replacing Alan Gottlich, and Matthew Lovito became the Company's Treasurer and Chief Financial Officer replacing Alan Gottlich. The purchase price is being held in an escrow account, with Alan S. Gottlich and Charles Loccisano acting as trustees and signatories, with such funds to be released to the Company upon satisfaction of the escrow obligations, which include the satisfaction of the Company's outstanding obligations and the completion of the stock repurchase (described below), if required. The Agreement also provides that within 12 months after the completion of the stock sale transaction, the Lovitos shall cause the Company to make an offer to all holders of the outstanding shares of the Company's common stock to repurchase their shares at a price of \$0.20 per share through a tender offer provided the market bid price of the Company's common stock is not greater than \$0.20 per share for any consecutive 30-day period during the one-year period following the closing of the previously described stock sale transaction.

-3-

As a result, no assurance can be given that the repurchase will be commenced or that the repurchase will occur on the terms described herein. If the foregoing offer to shareholders is required and the Lovitos do not fulfill their obligations in connection therewith, the Agreement provides that the Lovitos shall take all actions necessary to add four new members to the Board selected by Messrs. Loccisano and Gottlich. The Agreement also provides that each of Messrs. Loccisano and Gottlich has the right to require the Lovitos to purchase or the Company to repurchase up to one-half of their Paramark shares (the "Loccisano/Gottlich Sale Offer") on the 60th day after the earlier of: (i) the completion of a 30 consecutive trading day period where the Company's common stock had a bid price of \$0.20 per share or higher during the one year period following the consummation of the Stock Sale Transaction; or (ii) the completion of the Company's repurchase, described above. The purchase price paid by the Company or the Lovitos for the Loccisano and Gottlich shares will be \$0.20 per share. At August 20, 2001, Messrs. Gottlich and Loccisano beneficially owned 1,431,924 and 187,339 shares, respectively, of the Company's common stock. The proposed payments to Messrs. Gottlich and Loccisano upon the sale of their shares are subject to a guarantee agreement entered into between the Lovitos and Messrs. Gottlich and Loccisano. Under the terms of the Lovito Guarantee

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

Agreement, the Lovitos, jointly and severally, guarantee the fulfillment of the obligations defined in the Lovito Guarantee. Under the terms of the Agreement, Messrs. Gottlich and Loccisano agreed not to tender any shares during the Company's repurchase, if commenced. In addition, under the terms of the agreement, Messrs. Gottlich and Loccisano agreed not to tender any shares during the Company's repurchase, if commenced or otherwise sell their shares except pursuant to the Loccisano/Gottlich Sale Offer for a specified period. In consideration of this restriction, the Lovitos agreed to pay Messrs. Loccisano and Gottlich an aggregate fee of \$66,000 payable in 12 monthly installments. The Agreement provides for the establishment of an escrow account which shall be used to fund certain expenses of the Company existing prior to the stock sale transaction including, amounts due to Messrs Loccisano and Gottlich pursuant to their employment agreements, director and officer insurance premiums and outstanding trade obligations and legal fees of the Company and Messrs. Loccisano and Gottlich resulting from the Pensabene litigation. The obligations of the Company under the Agreement are also secured by an Agreement between the Lovitos and Messrs. Loccisano and Gottlich which provides that Messrs. Loccisano and Gottlich may designate four new board members if the Lovitos fail to fulfill their obligations under the Agreement and the Lovitos agree to take all corporate action necessary to add such individuals to the board. As part of these transactions, the Lovitos agreed to enter into consulting agreements with each of Messrs. Gottlich and Loccisano which require Messrs. Loccisano and Gottlich to consult with the Lovitos on the operations of a public company and related matters in exchange for the payment of \$24,000 payable in 12 equal monthly installments. Pursuant to the terms of the Agreement, the Lovitos also agreed to take action to cause the Company to register the Loccisano and Gottlich shares for resale pursuant to the applicable requirements of the SEC. The Agreement also provides that the Company's obligations to Messrs. Loccisano and Gottlich pursuant to their employment agreements shall be secured by the assignment of payments from the Rich Products Asset Purchase Agreement. As a result of the Company entering into the above-described Agreement, the Board of Directors unanimously approved the termination of the proposed Plan of Liquidation previously approved by stockholders at the Company's Annual Meeting held on December 15, 2000, effective upon the consummation of the share purchase transaction.

-4-

Plan of Liquidation. The Company's shareholders approved a plan of liquidation on December 15, 2000 pursuant to which the Company would distribute all remaining net proceeds from the Rich Products transaction and the Brooks Street transaction to its shareholders over a period of four (4) years . As a result of the Company entering into the above-described Agreement with the Lovitos (See "Lovito Transaction"), the Board of Directors unanimously approved the termination of the proposed Plan of Liquidation previously approved by stockholders at the Company's Annual Meeting held on December 15, 2000, effective upon the consummation of the share purchase transaction.

LBI Properties, Inc. Transaction. In December 2001, the Company entered into an Acquisition Agreement with LBI Properties, Inc., a Florida corporation, and the shareholders of LBI Properties. The shareholders of LBI Properties include the Company's Chairman, President and CEO Paul F. Lovito, Jr., the Company's CFO and Treasurer Matthew J. Lovito and the Company's Vice President and Director Marc A. Lovito, officers and directors of the Company. Pursuant to the Acquisition Agreement, the Company effected the stock exchange at the rate of 1:5. The Company acquired all of the issued and outstanding shares of the Common Stock of LBI Properties in exchange for the issuance of 19,974,298 shares of the Common Stock of the Company to be delivered to the LBI Properties shareholders on a pro-rata basis. This acquisition closed on January 7, 2002. LBI Properties is an

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

early stage real estate holding company. LBI Properties currently owns a residential lot in Cape Coral, Florida, and has identified two additional residential lots that it intends to acquire in the near future. In addition to the foregoing, LBI Properties is seeking acquisitions in the following areas: income producing commercial and residential properties, residential development projects, leisure and destination properties, and real estate service operations.

LBI E Web Communities, Inc. Transaction. In December 2001, the Company entered into a Stock Acquisition Agreement with the Company's Chairman, President and CEO Paul F. Lovito, Jr., the Company's CFO and Treasurer Matthew J. Lovito, Company's Vice President and Director Marc A. Lovito, Darrin Lovito and LBI Capital Partners, L.P., a limited partnership in which the Company's Chairman, President and CEO is a general partner, as shareholders of LBI E Web Communities, Inc., a Florida corporation. Pursuant to the Stock Agreement, the Company effected the stock exchange at the rate of 1:3. The Company acquired all of the issued and outstanding shares of the Common Stock of LBI E Web in exchange for the issuance of 19,800,000 shares of the Common Stock of the Company to be delivered to the LBI E Web shareholders on a pro-rata basis. This acquisition closed on January 7, 2002. LBI E Web is an Internet related holding company that currently owns the following five domain names: FinanceItOnTheWeb.com (a financial services directory site), Brassbulls.com (a public relations and financial information site), MyEnumber.com (an online address book and one stop Rolodex), Homewaiter.com (a food delivery and information site), and Mimesaro.com (a Spanish food delivery and information site). Brassbulls.com and MyEnumber.com websites are in the final phases of construction while the development of the other listed websites will commence shortly. LBI E Web plans to create a network of self-developed websites covering a diverse universe of subjects.

-5-

Raptor Merger Transaction. In December 2001., current management and the majority shareholders approved and effected a corporate reorganization, the principal feature of which was to transfer the Company's legal domicile from Delaware to Florida pursuant to an Agreement and Plan of Merger between the Company and its wholly-owned subsidiary, Raptor Investments, Inc., a Florida corporation, wherein the Florida corporation was the surviving corporation.

The J&B Wholesale Produce, Inc. transaction. Effective July 2, 2002 Raptor acquired 100% of the issued and outstanding stock of J&B Wholesale Produce, Inc., from Gennaro Mugnano, in exchange for \$2,325,000., as described in the 8-K document filed with the SEC on July 2, 2002. Raptor and J&B borrowed \$2,825,000. from Gelpid Associates, LLC, a Florida Limited Liability Company, in order to complete the acquisition. A true and correct copy of the Stock Purchase Agreement is included in the 8-K filing and is incorporated herein by reference. The loan to Raptor by Gelpid Associates LLC was personally guaranteed by the President of Raptor, Mr. Paul Lovito. J&B is engaged in the wholesale produce industry. Pursuant to the Stock Purchase Agreement, Raptor acquired 1000 shares of J&B common Stock, par value \$0.01, and J&B became a wholly-owned subsidiary of Raptor. J&B was incorporated in Florida as a for-profit corporation on May 16, 1994. The loan from Gelpid Associates is evidenced by a note, which has a term of three years and bears interest at the rate of LIBOR plus ten percent per annum. The minimum monthly payment due under the note is accrued interest only. There is no prepayment penalty under the note. The note is secured by the machinery, equipment, furniture, fixtures, inventory, accounts receivable, works in progress, motor vehicles, and computer hardware and software of J&B. Raptor has received an additional loan commitment from Gelpid in the amount of \$800,000. With which Raptor intends to (1) close on the purchase of the cold storage warehouse housing J&B located in Pompano Beach, Florida in the amount of

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

approximately \$400,000., and (2) utilize approximately \$400,000. to expand J&B into a retail seller of fruits, vegetables, dairy products and prepared foods.

The foregoing summaries of the Lovitos Agreement, the LBI Properties, Inc. Agreement, the LBI E Web Agreement, the J&B Wholesale Produce, Inc. agreement and the Raptor Merger are only a brief description of the agreements and are qualified in their entirety by the detailed provisions of the agreements which were filed as exhibits to the Company's Current Report on Form 8-K filed on August 23, 2001 (Lovitos Transaction), Schedule 14C filed on December 3, 2001 (Raptor Merger) and Form 8-K filed on January 7, 2002 (LBI Properties, Inc. and LBI E Web Communities, Inc. Transaction) and the Form 8-K filed on July 2, 2003 (J&B transaction) are incorporated herein by reference.

Risk Factors

In addition to the other information in this report, the following information should be considered carefully by investors in evaluating the Company and its business.

(a) History of Operating Losses; Operating Cash Flow Deficit. The Company has had net operating losses since 1988. For the fiscal year ended December 31, 2002, the Company's net operating loss on a going concern basis was \$1,305,618. There can be no assurance that the Company will achieve profitable operations and a positive cash flow. See Management's Discussion and Analysis of Financial Conditions and Results of Operations.

(b) Lack of Liquidity; Volatility of Market Price of Common Stock. The Common Stock of the Company was delisted from the Nasdaq SmallCap Market on January 7, 1998 and is presently quoted and traded on the OTC Bulletin Board. As a result, the purchaser of the Company's securities may find it more difficult to dispose of, or to obtain accurate quotations as to the market value of the Common Stock. Consequently, there can be no assurance that an active and liquid market for the Common Stock or the uniform quotation of prices for the Common Stock can be sustained. The market price for the Company's Common Stock may also be significantly affected by such factors as the introduction of new products by the Company or its competitors. Additionally, in recent years, the stock market has experienced a high level of price and volume volatility, and market prices for many companies, particularly small and emerging growth companies, the securities of which trade in the over-the-counter market, have experienced wide price fluctuations not necessarily related to the operating performance of such companies. The market price and liquidity of the Company's Common Stock may also be significantly affected by the general business condition of the Company.

As a result of the delisting of the Company's securities from the Nasdaq SmallCap Market, sales of the Company's securities are within the scope of Securities and Exchange Commission rules that imposes additional sales practice requirements on broker-dealers who sell such securities to persons other than their established customers and accredited investors (generally institutions with assets in excess of \$5,000,000 or individuals with a net worth in excess of \$1,000,000 or annual income exceeding \$200,000 or \$300,000 jointly with their spouses). For transactions covered by that rule, the broker-dealer must make a special suitability determination with respect to each purchaser, and receive the purchaser's written agreement to the transaction prior to the sale. Consequently, the rule may affect the ability of broker-dealers to sell the Company's securities and also may affect the ability of current shareholders to sell their securities in the secondary market. There can be no assurance that trading of the Company's securities will not be adversely affected by the

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

Company's failure to comply with these or other regulations that could adversely effect the market for such securities.

(c) Effect of Penny Stock Rules on Liquidity for the Company's Securities. The Securities and Exchange Commission (the Commission) regulations define a penny stock to be an equity security not registered on a national securities exchange, or for which quotation information is disseminated on the Nasdaq SmallCap Market that has a market price (as therein defined) of less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exemptions. For any transaction involving a penny stock, unless exempt, the rules require delivery, prior to a transaction in a penny stock, of a disclosure schedule prepared by the Commission relating to the penny stock market. Disclosure is also required to be made about commissions payable to both the broker-dealer and the registered representative and current quotations for the securities. Finally, monthly statements are required to be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stocks.

-7-

The foregoing required penny stock restrictions apply to the Company's securities if such securities continue to be listed on the OTC Bulletin Board, and have certain price and volume information provided on a current and continuing basis or meet certain minimum net tangible assets or average return criteria. In any event, even if the Company's securities were exempt from such restrictions, the Company would remain subject to Section 15(b)(6) of the Securities Exchange Act of 1934, as amended, which gives the Commission the authority to prohibit any person that is engaged in unlawful conduct while participating in a distribution of a penny stock from associating with a broker-dealer or participating in a distribution of a penny stock, if the Commission finds that such a restriction would be in the public interest. Since the Company's securities are subject to the rules on penny stocks, the market liquidity for the Company's securities could be materially and adversely affected. Any disruption in the liquid market of the Company's Common Stock could limit the Company's access to the equity markets in the future, and could have a materially adverse effect on the Company's business, financial conditions and results of operations.

(d) Dividend Policy. To date, the Company has not paid any dividends on its Common Stock. The Board of Directors does not anticipate declaring any cash dividends on its Common Stock in the foreseeable future. Future dividends, if any, will be dependent upon the results of operations and financial condition of the Company, tax considerations, industry standards, economic conditions, general business practices and other factors. The company has an obligation to pay dividends on its preferred stock, Class A, as noted below. In June 2002, the Company issued 15 shares of its Preferred Stock, Class A in exchange for \$90,000. Each share of Preferred Stock, Class A bears an annual dividend of \$12,000., payable quarterly, and is convertible into so many shares of the Common stock of the company as equal one half of one percent of the total issued and outstanding common stock at the time of conversion, however no share of Preferred Stock shall convert into more than 375,000 common shares.

The management of the company will not pay a dividend on the common stock until and unless the dividends payable on the preferred stock are current.

(e) Control by Directors and Executive Officers. The directors, executive officers and their affiliates own approximately 69% of the Company's outstanding Common Stock and, therefore, are in a position to elect all of the Company's directors who, in turn, elect all of the Company's executive officers. Members of management, if acting in concert, will have sufficient voting power to control the outcome of all corporate matters submitted to the vote of

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

shareholders, including the election of directors, changes in the size and composition of the Board of Directors, mergers, tender offers, and open-market purchase programs that could give shareholders of the Company the opportunity to realize a premium over the then-prevailing market price for their shares. In addition, the concentration of ownership in several members of management could have the effect of delaying or preventing a change in control of the Company and may effect the market price of the Company's common stock.

ITEM 2. PROPERTIES

The corporate offices of Raptor Investments, Inc. are in Pompano Beach, Florida, and consist of approximately 2000 square feet of office space located within the cold storage facility of J&B Wholesale Produce, Inc. The office space is currently provided by J&B at a cost of \$6,500 on a month to month basis.

ITEM 3. LEGAL PROCEEDINGS

In November 1998, the Company filed a civil action against Sweet Goods LLC, Gary Kleinman and Robert Statman (the Defendants) in the Superior Court of New Jersey. The claim is for the collection of invoices aggregating approximately \$115,000 representing the value of certain baked goods delivered to the Defendants. On July 12, 2000 the Company obtained a judgment against Sweet Goods LLC, Gary Kleinman and Robert Statman. The Company is currently pursuing collection activities against the Defendants, however one of the defendants Gary Kleinman has filed a voluntary petition for bankruptcy.

In 2000, the Company received discrimination and wrongful termination claims brought by two separate employees (Vargas and DeSantiago) employed at the Company's bakery facility in El Cajon, California. These claims are currently pending in the California Department of Fair Employment and Housing. The Company has fully responded to all requests for information and has formally denied liability. The investigation regarding these claims is currently pending.

In January 2001, the Company and certain of its officers were named as a defendant in a civil action filed by Pensabene International, Inc. (the Plaintiff) in the Superior Court for the State of California. The claim is for damages for misappropriation of trade secrets, trade libel, breach of confidentiality, breach of fiduciary duty, tortuous interference with economic relations, breach of contract, common law palming off, unfair business practices and a violation of state antitrust laws. This action arose resulted from the Company's employment of Kandy Konn, a former employee and consultant of the Plaintiff. On February 8, 2002 the Company and certain of its officers received a jury verdict in favor of all defendants on all claims. However, subsequent to the jury verdict a dispute arose between the Company and its insurers concerning the payment of legal fees relating to the successful defense of the action. Insurers have paid \$682,000. in legal fees, there remains due and payable \$468,000. The company and the insurers have entered into a tentative settlement on the balance but said settlement has not yet been paid.

In May of 2002, the Company (through LBI Group, Inc.) was named as a Defendant in a Civil Action brought by John Lary in the Circuit Court of Madison County, Alabama. The suit alleged a violation under the Telephone Consumer Protection Act of 1991, in that the Company, in concert with other individuals and corporations, is alleged to have delivered an unsolicited facsimile communication to one person. The management of the Company deems the amount in controversy to be not material to the business of the Company.

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

The Company has received certain written claims brought by Alan Gottlich and Charles Loccisano related to the "Lovito Transaction" which is fully described above. These claims include (a) breach of a tender offer obligation; (b) breach of an obligation to purchase and register Company shares belonging to the claimants; (c) breach of obligations to pay certain transactional and consulting fees; (d) breach of obligation to pay certain insurance premiums; and (e) breach of contractual restrictions on the dilution of the claimant's shares owned. The Company is in settlement negotiations concerning these alleged claims. The material impact of these claims on the Company are unknown at this time.

In addition, the Company from time to time has been involved in routine litigation, including litigation with various vendors and creditors. None of these litigation matters in which the Company has been involved is material to its financial condition or results of operations.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of:
Raptor Investments, Inc. and Subsidiaries

We have audited the accompanying consolidated balance sheet of Raptor Investments, Inc. and subsidiaries as of December 31, 2002 and the related statements of operations, changes in stockholders' equity (deficiency) and cash flows for the two years ended December 31, 2002 (consolidated) and 2001 (combined). These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly in all material respects, the consolidated financial position of Raptor Investments, Inc. and subsidiaries as of December 31, 2002 and the results of their operations and their cash flows for the two years ended December 31, 2002 (consolidated) and 2001 (combined), in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 15 to the financial statements, the Company has a net loss of \$1,305,618, a negative cash flow from operations of \$301,707, a working capital deficiency of \$204,442 and a stockholders' deficiency of \$746,419. These factors raise substantial doubt about its ability to continue as a going concern. Management's plans concerning this matter are also described in Note 15. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

(C) USE OF ESTIMATES

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates.

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

(D) CASH

The Company maintains cash at financial institutions.

(E) MARKETABLE SECURITIES

The Company's marketable securities are comprised of equity securities, all classified as available-for-sale. These investments are carried at their fair value of \$1,000 based upon the quoted market prices of those investments as of December 31, 2002. At December 31, 2002, unrealized losses of \$6,885 are included in stockholders' equity as other comprehensive loss.

(F) INVENTORY

(H) LONG-LIVED ASSETS, GOODWILL AND INTANGIBLE ASSETS

In accordance with SFAS 142 and 144, long-lived assets, goodwill and certain identifiable intangible assets held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. For purposes of evaluating the recoverability of long-lived assets, goodwill and intangible assets, the recoverability test is performed using undiscounted net cash flows related to the long-lived assets.

8

RAPTOR INVESTMENTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2002

(I) INCOME TAXES

The Company accounts for income taxes under the Financial Accounting Standards Board Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes" ("Statement 109"). Under Statement 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under Statement 109, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

(J) STOCK-BASED COMPENSATION

In accordance with Statement of Financial Accounting Standards No. 123 ("SFAS No. 123"), the Company has elected to account for stock options issued to employees under Accounting Principles Board Opinion No. 25 ("APB Opinion No.

For purposes of this disclosure, the fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties other than in a forced sale or liquidation.

The carrying amounts of the Company's accounts receivable, accounts payable and accrued liabilities, approximates fair value due to the relatively short period to maturity for these instruments.

(M) BUSINESS SEGMENTS

The Company's operations are classified into two reportable segments, Produce and Other.

9

RAPTOR INVESTMENTS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2002

(N) EARNINGS (LOSS) PER SHARE

Net loss per common share for the period ended December 31, 2002 and 2001 is required to be computed based on the weighted average common stock and dilutive common stock equivalents outstanding during the year as defined by Statement of Financial Accounting Standards, No. 128; "Earnings Per Share". The effect of common stock equivalents was not used since the effect was antidilutive.

(O) NEW ACCOUNTING PRONOUNCEMENTS

In April 2002, the FASB issued SFAS 145, Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections. SFAS 145 rescinds the provisions of SFAS No. 4 that requires companies to classify certain gains and losses from debt extinguishments as extraordinary items, eliminates the provisions of SFAS No. 44 regarding transition to the Motor Carrier Act of 1980 and amends the provisions of SFAS No. 13 to require that certain lease modifications be treated as sale leaseback transactions. The provisions of SFAS 145 related to classification of debt extinguishments are effective for fiscal years beginning after May 15, 2002. Earlier application is encouraged.

In July 2002, the FASB issued SFAS No. 146, "Accounting for Restructuring Costs." SFAS 146 applies to costs associated with an exit activity (including restructuring) or with a disposal of long-lived assets. Those activities can include eliminating or reducing product lines, terminating employees and

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

contracts and relocating plant facilities or personnel. Under SFAS 146, the Company will record a liability for a cost associated with an exit or disposal activity when that liability is incurred and can be measured at fair value. SFAS 146 will require the Company to disclose information about its exit and disposal activities, the related costs, and changes in those costs in the notes to the interim and annual financial statements that include the period in which an exit activity is initiated and in any subsequent period until the activity is completed. SFAS 146 is effective prospectively for exit or disposal activities initiated after December 31, 2002, with earlier adoption encouraged. Under SFAS 146, a company cannot restate its previously issued financial statements and the new statement grandfathers the accounting for liabilities that a company had previously recorded under Emerging Issues Task Force Issue 94-3.

RAPTOR INVESTMENTS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2002

In October 2002, the FASB issued Statement No. 147 ("SFAS 147"), "Acquisitions of Certain Financial Institutions." SFAS 147 addresses financial accounting and reporting for the acquisition of all or part of a financial institution, except for a transaction between two or more mutual enterprises. SFAS 147 also provides guidance on the accounting for the impairment or disposal of acquired long-term customer relationship intangible assets of financial institutions, including those acquired in transactions between two or more mutual enterprises. These provisions of the statement will be effective for acquisitions on or after October 1, 2002.

In December 2002, the Financial Accounting Standards Board issued Statement No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure - an amendment of FASB Statement No. 123," ("SFAS 148"). SFAS 148 amends FASB Statement No. 123, "Accounting for Stock Based Compensation" ("SFAS 123") and provides alternative methods for accounting for a change by registrants to the fair value method of accounting for stock-based compensation. Additionally, SFAS 148 amends the disclosure requirements of SFAS 123 to require disclosure in the significant accounting policy footnote of both annual and interim financial statements of the method of accounting for stock based-compensation and the related pro forma disclosures when the intrinsic value method continues to be used. The statement is effective for fiscal years beginning after December 15, 2002, and disclosures are effective for the first fiscal quarter beginning after December 15, 2002.

The adoption of these pronouncements will not have a material effect on the Company's financial position or results of operations.

The agreement provided for contingent royalty payments to Paramark Enterprises, Inc., over a period of four years, equal to 5% of net sales of pull-apart cakes to existing customers of the Company plus 1 1/2% of net sales of pull-apart cakes to new customers of Brooks Street. Paramark Enterprises, Inc recognized royalty income of \$1,347 under this agreement during 2001. The agreement also provided for the assumption of equipment lease related debt and the purchase of inventory. Under the above agreements, both parties agreed to pay amounts owed into an escrow account which was established to ensure the payment of the account payables on Paramark Enterprises, Inc. books as at the merger date (See Note 1(A)). During 2002, the Company has not received any royalty payments and is in negotiations to settle the outstanding amount under the agreement.

NOTE 13 SEGMENT INFORMATION

The Company operates in two reportable business segments, Produce and Other. The Company operates the produce segment through its wholly owned subsidiary J&B Wholesale Produce, Inc. ("J&B"). J&B receives its revenues from selling produce wholesale to restaurants and stores. Raptor Investments, Inc., LBI Properties, Inc. and LBI Eweb Communities, Inc. that operate in the Internet Marketing and Real Estate segments, do not meet the quantitative thresholds for a separate reportable segment and are therefore included in the Other segment category. The accounting policies of the segments are the same as described in the summary of significant accounting policies. The Company evaluates segment performance based on income from operations. All intercompany transactions between segments have been eliminated. As a result, the components of operating loss for one segment may not be comparable to another segment. The following is a summary of the Company's segment information for the periods ended December 31:

NOTE 14 RELATED PARTY TRANSACTIONS

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

LBI Properties, Inc. and LBI Eweb Communities, Inc. are beneficially owned by the Board of Directors and their beneficiaries (See Notes 1 and 7(A)).

See Notes 6 and 9 for additional related party transactions.

NOTE 15 GOING CONCERN

As reflected in the accompanying financial statements, the Company has a net loss of \$1,305,618, a negative cash flow from operations of \$301,707, a working capital deficiency of \$204,442 and a stockholders' deficiency of \$746,419. These factors raise substantial doubt about its ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company's ability to raise additional funds and implement its business plan. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Management's plan for the Company in regard to these matters is to continue to grow the produce operations of the business through its J&B Produce subsidiary, which management believes will provide the necessary revenue and earnings to enhance shareholder value. Management intends to focus the business on profitable core customers and reduce marginal costs by expanding its product line and implementing stricter controls. The Company is also actively seeking to refinance its long-term debt on terms more favorable to the Company. Management believes that the actions presently taken to reduce operating costs, increase revenue and obtain refinancing provide for the Company to operate as a going concern.

The note is secured by the assets of J&B Produce, Inc.

(B) COMMON STOCK WARRANTS

ITEM 14. DISCLOSURE

(A) EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

Disclosure controls and procedures are designed to ensure that information

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

required to be disclosed in the Company's periodic reports filed with the Securities and Exchange Commission under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported, within the time periods specified in the rules and forms of the Securities and Exchange Commission. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the periodic reports filed under the Securities Exchange Act of 1934 is accumulated and communicated to management, including the Chief Executive Officer and Principal Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Within the 90 days prior to the filing date of this Report, the Company conducted under the supervision and with the participation of the Company's Chief Executive Officer and Principal Financial Officer.

(B) EFFECTIVE DISCLOSURE CONTROLS

Based upon that evaluation, the Company's officers concluded that many of the Company's disclosure controls and procedures are effective in gathering, analyzing and disclosing information needed to satisfy the Company's disclosure obligations under the Securities Exchange Act of 1934. For example, the Company's internal controls, particularly the areas of payroll, control of cash and accounts payable, are effective. In addition, the Company's Chief Executive Officer and Chief Financial Officer meet on a regular basis to review and evaluate the Company's financial position.

20

(C) WEAKNESSES IN DISCLOSURE CONTROLS

The Company's officers also identified several weaknesses in the Company's disclosure controls. Such weaknesses, and the steps the Company plans to take remedy the weaknesses, are discussed below.

1. The Company recorded a significant number of audit adjustments during the fourth quarter, which were required to properly state the account balances at December 31, 2002. Remedy: The Company will implement comprehensive closing procedures, including an analysis of all balance sheet accounts and significant income statement accounts.
2. The minutes of the Board of Directors' and stockholders' meetings were not always complete. Remedy: The Company will implement procedures to be more comprehensive in the preparation of its minutes to include all important matters that affect the Company's operations. The Company will take appropriate steps to ensure that all minutes are properly approved and signed by the applicable parties.
3. The Company drafted several agreements without consulting its legal counsel. Therefore, some of the agreements had terms and provisions that either changed the purpose of the agreement or undermined the purpose or intent of management. Remedy: The Company will consult its legal counsel as to the legality of future agreements and consult its auditors regarding the proper accounting treatment of such agreements in order to preserve the purpose of the agreements and the intent of management.

(D) CHANGE IN INTERNAL CONTROLS

There were no significant changes in the Company's internal controls or in other factors that could significantly affect those controls since the most recent

Edgar Filing: RAPTOR INVESTMENTS INC - Form 10KSB

evaluations of such controls. The Company intends to make extensive improvements, as outlined above, to its disclosure controls.
