The principal executive offices of the Company are located at 15175 Innovation Drive, San Diego, California 92128-3401. The approximate date on which this Proxy Statement and accompanying Proxy will first be sent or given to stockholders is September 5, 2001.

VOTING SECURITIES

VOTING

The specific proposals to be considered and acted upon at the Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders and are described in more detail in this Proxy Statement. On August 3, 2001, the record date for determination of stockholders entitled to notice of and to vote at the Meeting, 170,901,065 shares of the Company's common stock, par value \$.005 (the "Common Stock") and 420.5 shares of 5% Convertible Preferred Stock, par value \$1,000 per share (the "5% Convertible Stock"), were issued and outstanding. Each stockholder is entitled to one vote for each share of Common Stock and no vote for each share of 5% Convertible Stock held by such stockholder on August 3, 2001.

The attendance, in person or by proxy, of the holders of a majority of the outstanding voting shares of Common Stock entitled to vote at the Meeting is necessary to constitute a quorum. A vote of the holders of a majority of the number of outstanding shares of Common Stock, present, in person or represented by proxy at the Meeting and entitled to vote at the Meeting, will be required for the approval of each of the amendments to the Company's certificate of incorporation (the "Certificate of Incorporation"), the election of directors, approval of the stock option and stock purchase plans, and election of the

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

Company's accountants.

Although the Company is a Delaware corporation, under Section 2115 of the California Corporations Code, certain provisions of the California Corporation Code apply to the Company because of the residence of the Company's stockholders and the extent of its business operations and assets in California. The provisions pertaining to certain requirements of cumulative voting apply to the Company.

Stockholders have cumulative voting rights when voting for directors. Accordingly, any stockholder may multiply the number of votes he or she is entitled to vote by the number of directors to be elected and allocate votes among the candidates in any manner. However, no voting stockholder may cumulate votes unless the name(s) of the director candidate or candidates have been placed in nomination prior to the voting and the stockholder, prior to the voting, has given notice at the Meeting of its intention to cumulate its shares. If any one stockholder has given a notice of its intention to cumulate votes then all stockholders may cumulate their votes for director candidates in

nomination. Stockholders may exercise such cumulative voting rights, either in person or by proxy after providing the proper notice. The five director nominees receiving the highest number of votes will be elected.

The Board intends to vote proxies equally for the five nominees unless otherwise instructed on the Proxy Card. If you do not wish your votes to be voted for particular nominees, please identify the exceptions in the designated place on the Proxy Card. If at the time of the Meeting one or more of the nominees have become unavailable to serve, votes represented by Proxies will be voted for the remaining nominees and for any substitute nominee or nominees designated by the Board. Directors elected at the Meeting will hold office until the next Annual Meeting of Stockholders or until their successors have been elected and qualified.

All votes will be tabulated by the inspector of election appointed for the Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on proposals presented to the stockholders and will have the same effect as negative votes except in regard to the election of directors. Broker non-votes will not be counted towards the tabulations of votes cast on proposals presented to the stockholders.

PROXIES

If the enclosed form of Proxy is properly signed and returned, the shares represented thereby will be voted at the Meeting in accordance with the instructions specified thereon. If the Proxy does not specify how the shares represented thereby are to be voted, the Proxy will be equally voted FOR the election of the five directors proposed by the Board unless the authority to vote for the election of such directors is withheld and, if no contrary instructions are given, the Proxy will be voted FOR the approval of Proposals 1, 2, 3, 4, 5, 6 and 7 described in the accompanying Notice and Proxy Statement. You may revoke or change your Proxy at any time before the Meeting by filing with the Secretary of the Company at the Company's principal executive offices at 15175 Innovation Drive, San Diego, California 92128-3401, a notice of revocation or another signed Proxy with a later date. You may also revoke your Proxy by attending the Meeting and voting in person.

SOLICITATION

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

The Company will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the form of Proxy and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. The Company may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. In addition to the solicitation of Proxies by mail, Proxies may be solicited without extra compensation paid by the Company by directors, officers and employees of the Company by telephone, facsimile, telegraph or personal interview. The Company also has engaged the proxy solicitation firm of Georgeson Shareholder - New Jersey to solicit votes for the Meeting for a fee of approximately \$9,000, plus reimbursement of certain expenses.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2001 Annual Meeting of Stockholders must be received by the Company at its executive offices not later than a reasonable time before the Company begins to print and mail its proxy materials in order that such proposals may be included in the Proxy Statement and form of Proxy relating to such meeting.

PROPOSAL 2
APPROVAL OF 2001 STOCK OPTION/STOCK ISSUANCE PLAN

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

The Company's stockholders are being asked to approve the 2001 Stock Option Plan (the "2001 Stock Option Plan"), pursuant to which 5,000,000 shares of Common Stock will be reserved for issuance. The Board has authorized the implementation of the 2001 Stock Option Plan as a comprehensive equity incentive program to attract and retain the services of those persons essential to the Company's growth and financial success. The 2001 Stock Option Plan was adopted by the Board on June 27, 2001, and would become effective if (i) either Proposal 4 or 5 is (A) approved by the required vote of stockholders and (B) implemented by the Board and (ii) this Proposal 2 is approved by a majority of the shares of Common Stock entitled to vote at the Meeting. In addition, if Proposal 5 is approved by the stockholders and the Board effects a stock combination (reverse split), the number of shares of Common Stock reserved for issuance will be reduced to that number obtained by dividing 5,000,000 by that exchange ratio determined by the Board. See "Proposal 5 - Approval of an Amendment of the Company's Certificate of Incorporation to Effect a Reverse Split of common Stock."

The following summary describes the material features of the 2001 Stock Option Plan. The summary, however, does not purport to be a complete description of all the provisions of the 2001 Stock Option Plan. A complete form of the 2001 Stock Option Plan has been attached hereto as Exhibit A.

The following is a summary of the material features of the 2001 Stock Option Plan.

SHARES SUBJECT TO THE OPTION PLAN AND ELIGIBILITY

The 2001 Stock Option Plan authorizes the grant of options to purchase a maximum of 5,000,000 shares of the Company's Common Stock (subject to adjustment as described below) to employees and directors of, and consultants to, the Company or any of its subsidiaries. Upon expiration, cancellation or termination of unexercised options, the shares of the Company's Common Stock subject to such options will again be available for the grant of options under the 2001 Stock Option Plan.

TYPE OF OPTIONS

Options granted under the 2001 Stock Option Plan may either be incentive stock options ("ISOs"), within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or nonqualified stock options, which do not qualify as ISOs ("NQSOs"). ISOs, however, may only be granted to employees.

ADMINISTRATION

The 2001 Stock Option Plan is to be administered by the Compensation Committee, which will consist of "non-employee directors" within the meaning of Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). It is also expected that Compensation Committee members will be "outside directors," within the meaning of Section 162(m) of the Code. Those administering the 2001 Stock Option Plan are referred to as the "Administrators."

Among other things, the Administrators are empowered to determine, within the express limits contained in the 2001 Stock Option Plan, the employees, consultants and directors to be granted options, whether an option granted to an employee is to be an ISO or a NQSO, the number of shares of Common Stock to be subject to each option, the exercise price of each option, the term of each option, the date each option shall become exercisable as well as any terms and conditions relating to the exercisability of each option, whether to accelerate the date of

exercise of any option or installment and the form of payment of the exercise price, to construe each stock option contract between the Company and an optionee and, with the consent of the optionee, to cancel or modify an option. The Administrators are also authorized to prescribe, amend and rescind rules and regulations relating to the 2001 Stock Option Plan and make all other determinations necessary or advisable for administering the 2001 Stock Option Plan.

TERMS AND CONDITIONS OF OPTIONS

Options granted under the 2001 Stock Option Plan are subject to, among other things, the following terms and conditions:

(a) The exercise price of each option is determined by the Administrators; provided, however, that the exercise price of an ISO may not be less than the fair market value of the Company's Common Stock on the date of grant (110% of such fair market value if the optionee owns, or is deemed to own, more than 10% of the voting power of the Company).

(b) Options may be granted for terms established by the Administrators; provided, however, that the term of an ISO may not exceed 10 years (five years if the optionee owns, or is deemed to own, more than 10% of the voting power of the Company).

(c) The maximum number of shares of the Company's Common Stock for which options may be granted to an employee in any calendar year is 250,000. In addition, the aggregate fair market value of shares with respect to which ISOs may be granted to an employee which are exercisable for the first time during any calendar year may not exceed \$100,000.

(d) The exercise price of each option is payable in full upon exercise or, if the Administrators permit, in installments. Payment of the exercise price of an option may be made in cash, or, if the Administrators permit (but only to the extent permitted), in shares of the Company's Common Stock or any combination thereof.

(e) Options may not be transferred other than by will or by the laws of descent and distribution, and may be exercised during the optionee's lifetime only by the optionee.

(f) Except as may otherwise be provided in the option contract related to the option, if the optionee's relationship with the Company as an employee, director or consultant is terminated for any reason other than death or disability, the option may be exercised, to the extent exercisable at the time of termination of such relationship at any time, within three months thereafter, but in no event after the expiration of the term of the option; provided, however, that if the relationship is terminated either for cause or without the consent of the Company, the option will terminate immediately. Except as may be provided in the option contract related to the option, an option is not affected by a change in the status of an optionee so long as the optionee continues to be an employee or director of, or a consultant to, the Company. Except as otherwise provided in the optionee's option contract, in the case of the death of an optionee while an employee, director or consultant (or, generally, within three months after termination of such relationship, or within one year after termination of such relationship by reason of disability), the optionee's legal representative or beneficiary may exercise the option, to the extent exercisable on the date of death, at any time within one year after such date, but in no event after the expiration of the term of the option. Except as otherwise

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

provided in the optionee's option contract, an optionee whose relationship with the Company is terminated by reason of disability may exercise the option, to the extent exercisable at the effective date of such termination, at any time within one year thereafter, but not after the expiration of the term of the option.

(g) The Company may withhold cash and/or, with the consent of the Administrators, shares of the Company's Common Stock having an aggregate value equal to the amount which the Company determines is necessary to meet its obligations to withhold any federal, state and/or local taxes or other amounts incurred by reason of the grant, exercise or vesting of an option or the disposition of shares acquired upon the exercise of the option. Alternatively, the Company may require the optionee to pay the Company such amount in cash promptly upon demand.

6

ADJUSTMENT IN EVENT OF CAPITAL CHANGES

In the event of any change in the Company's Common Stock by reason of any stock dividend, stock split, combination, reclassification, recapitalization, merger in which the Company is the surviving corporation, spin-off, split-up, exchange of shares or the like, the following adjustments to the 2001 Stock Option Plan shall be made to:

- o the number and kind of shares available under the 2001 Stock Option Plan;
- o the number and kind of shares subject to the 2001 Stock Option Plan;
- o each outstanding option;
- o the exercise prices of outstanding options; and
- o the limitations on the number of shares that may be granted to any employee in any calendar year.

Any outstanding options shall terminate upon the earliest occurrence of any of the following events, unless other provision is made therefor in the applicable event:

- o the liquidation or dissolution of the Company; or
- o a transaction (or series of related transactions) that is approved by a majority of the members of the Board as elected by stockholders prior to the first of such transactions (including, without limitation, a merger, consolidation, sale of stock by the Company or its stockholders, tender offer or sale of assets)

in which either:

- o the voting power (in the election of directors generally) of the Company's voting securities outstanding immediately prior to such transaction ceases to represent at least 50% of the combined voting power (in the election of directors generally) of the Company or such surviving entity outstanding immediately after such transaction; or
- o the registration of the Company's Common Stock under the Securities Exchange Act of 1934 is terminated.

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

DURATION AND AMENDMENT OF THE 2001 STOCK OPTION PLAN

No option may be granted under the 2001 Stock Option Plan after January 24, 2010. The Board may at any time terminate or amend the 2001 Stock Option Plan; provided, however, that, without the approval of the Company's stockholders, no amendment may be made which would:

- o except as a result of the anti-dilution adjustments described above, increase the maximum number of shares for which options may be granted under the 2001 Stock Option Plan or increase the maximum number of shares covered by options that may be granted to an employee in any calendar year;
- o change the eligibility requirements for persons who may receive options under the 2001 Stock Option Plan; or o make any change for which applicable law requires stockholder approval.

No termination or amendment may adversely affect the rights of an optionee with respect to an outstanding option without the optionee's consent.

FEDERAL INCOME TAX CONSEQUENCES

The following is a general summary of certain material federal income tax consequences of the grant and exercise of the options under the 2001 Stock Option Plan and the sale of any underlying security. This description is based on current law which is subject to change, possibly with retroactive effect. This discussion does not purport to address all tax considerations relating to the grant and exercise of the options or resulting from the application of special rules to a particular optionee (including an optionee subject to the reporting and short-swing profit provisions under Section 16 of the Securities Exchange Act of 1934, as amended), and state, local, foreign and other tax consequences inherent in the ownership and exercise of stock options and the ownership and disposition of the

7

underlying securities. An optionee should consult with the optionee's own tax advisors with respect to the tax consequences inherent in the ownership and exercise of stock options and the ownership and disposition of any underlying security.

ISOs Exercised With Cash: No taxable income will be recognized by an optionee upon the grant or exercise of an ISO. The optionee's tax basis in the shares acquired upon the exercise of an ISO with cash will be equal to the exercise price paid by the optionee for such shares.

If the shares received upon exercise of an ISO are disposed of more than one year after the date of transfer of such shares to the optionee and more than two years from the date of grant of the option, the optionee will recognize long-term capital gain or loss on such disposition equal to the difference between the selling price and the optionee's basis in the shares, and the Company will not be entitled to a deduction. Long-term capital gain is generally subject to more favorable tax treatment than short-term capital gain or ordinary income.

If the shares received upon the exercise of an ISO are disposed of prior to the end of the two-years-from-grant/one-year-after-transfer holding period (a "disqualifying disposition"), the excess (if any) of the fair market value of the shares on the date of transfer of such shares to the optionee over the exercise price (but not in excess of the gain realized on the sale of the

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

shares) will be taxed as ordinary income in the year of such disposition, and the Company generally will be entitled to a deduction in the year of disposition equal to such amount. Any additional gain or any loss recognized by the optionee on such disposition will be short-term or long-term capital gain or loss, as the case may be, depending upon the period for which the shares were held.

NQSOS EXERCISED WITH CASH: No taxable income will be recognized by an optionee upon the grant of a NQSO. Upon the exercise of a NQSO, the excess of the fair market value of the shares received at the time of exercise over the exercise price therefor will be taxed as ordinary income, and the Company will generally be entitled to a corresponding deduction. The optionee's tax basis in the shares acquired upon the exercise of such NQSO will be equal to the exercise price paid by the optionee for such shares plus the amount of ordinary income so recognized.

Any gain or loss recognized by the optionee on a subsequent disposition of shares purchased pursuant to a NQSO will be short-term or long-term capital gain or loss, depending upon the period during which such shares were held, in an amount equal to the difference between the selling price and the optionee's tax basis in the shares.

EXERCISES OF OPTIONS USING PREVIOUSLY ACQUIRED SHARES: If previously acquired shares are surrendered in full or partial payment of the exercise price of an option (whether an ISO or a NQSO), gain or loss generally will not be recognized by the optionee upon the exercise of such option to the extent the optionee receives shares which on the date of exercise have a fair market value equal to the fair market value of the shares surrendered in exchange therefor ("Replacement Shares"). If the option exercised is an ISO or if the shares used were acquired pursuant to the exercise of an ISO, the Replacement Shares are treated as having been acquired pursuant to the exercise of an ISO.

However, if an ISO is exercised with shares which were previously acquired pursuant to the exercise of an ISO but which were not held for the required two-years-from-grant/one-year-after-transfer holding period, there is a disqualifying disposition of such previously acquired shares. In such case, the optionee would recognize ordinary income on such disqualifying disposition equal to the difference between the fair market value of such shares on the date of exercise of the prior ISO and the amount paid for such shares (but not in excess of the gain realized). Special rules apply in determining which shares are considered to have been disposed of and in allocating the basis among the shares. No capital gain is recognized.

The optionee will have an aggregate basis in the Replacement Shares equal to the basis of the shares surrendered, increased by any ordinary income required to be recognized on the disposition of the previously acquired shares. The optionee's holding period for the Replacement Shares generally includes the period during which the surrendered shares were held.

Any shares received by the optionee on such exercise in addition to the Replacement Shares will be treated in the same manner as a cash exercise of an option for no consideration.

ALTERNATIVE MINIMUM TAX

In addition to the federal income tax consequences described above, an optionee who exercises an ISO may be subject to the alternative minimum tax, which is payable only to the extent it exceeds the optionee's regular tax liability. For this purpose, upon the exercise of an ISO, the excess of the fair

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

market value of the shares over the exercise price is an adjustment which increases the optionee's alternative minimum taxable income. In addition, the optionee's basis in such shares is increased by such amount for purposes of computing the gain or loss on disposition of the shares for alternative minimum tax purposes. If the optionee is required to pay an alternative minimum tax, the amount of such tax which is attributable to deferral preferences (including the ISO adjustment) is allowable as a tax credit against the optionee's regular tax liability (net of other non-refundable credits) in subsequent years. To the extent the credit is not used, it is carried forward. An optionee holding an ISO should consult with the optionee's tax advisors concerning the applicability and effect of the alternative minimum tax.

VALUATION

As of August 2, 2001, the closing price of the Company's Common Stock on the OTC Bulletin Board (the "OTC") was \$0.058 per share.

STOCKHOLDER APPROVAL

The affirmative vote of a majority of the outstanding voting shares of the Company present or represented and entitled to vote at the Meeting is required for approval of the 2001 Stock Option Plan. Should such stockholder approval not be obtained, then the 2001 Stock Option Plan will terminate and all options previously granted under the 2001 Stock Option Plan will terminate without becoming exercisable for any of the shares of Common Stock subject to those options and no further option grants or stock issuances will be made under the 2001 Stock Option Plan. The Company's 1998 Stock Option Plan will not be affected by the stockholders' vote on the 2001 Stock Option Plan.

The Board believes that it is in the best interests of the Company to implement a comprehensive equity incentive program for the Company, which will provide a meaningful opportunity for officers, employees, and non-employee Board members to acquire a substantial proprietary interest in the Company and thereby encourage such individuals to remain in the Company's service and more closely align their interests with those of the stockholders.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THIS PROPOSAL.

PROPOSAL 3

APPROVAL OF 2001 EMPLOYEE STOCK PURCHASE PLAN

The Board has approved the adoption by the Compensation Committee of the 2001 Stock Purchase Plan, which enables employees to purchase shares of Common Stock at not less than 85% of the fair market value on the date of purchase. Employees of the Company who elect to participate in the 2001 Stock Purchase Plan (the "Participating Employees") may do so by authorizing specified payroll deductions to effect purchases pursuant to the 2001 Stock Purchase Plan. The purpose of the 2001 Stock Purchase Plan is to secure for the Company and its stockholders the benefits of the incentive inherent in the ownership of Common Stock by current and future employees.

The 2001 Stock Purchase Plan was formally adopted by the Board on January 25, 2000, and would become effective if (i) either Proposal 4 or 5 is (A) approved by the required vote of stockholders and (B) implemented by the Board and (ii) this Proposal 3 is approved by a majority of the shares of Common Stock entitled to vote at the Meeting. In addition, if Proposal 5 is approved by the stockholders and the Board effects a stock combination (reverse split), the number of shares of Common Stock reserved for issuance will be reduced to that number obtained by dividing 2,500,000 by that exchange ratio determined by the Board. See "Proposal 5 - Approval of an Amendment of the Company's Certificate of Incorporation to Effect a Reverse Split of Common Stock."

The following is a summary of the 2001 Stock Purchase Plan, which is qualified in its entirety by reference to the 2001 Stock Purchase Plan, a copy of which is annexed hereto as Exhibit B. Capitalized terms not otherwise defined in this summary shall have the meanings given to them in the 2001 Stock Purchase Plan text as annexed hereto as Exhibit B.

SHARES RESERVED FOR THE 2001 STOCK PURCHASE PLAN

Shares of Common Stock to be delivered pursuant to the 2001 Stock Purchase Plan shall be made available from currently or subsequently authorized but unissued Common Stock, treasury shares of Common Stock or a combination thereof, up to a maximum of 2,500,000 shares of Common Stock, subject to adjustment in the event of a subdivision or consolidation of the outstanding shares of Common Stock or stock dividend, on the outstanding shares of Common Stock.

VALUATION

As of August 2, 2001, the closing price of the Company's Common Stock as reported on the OTC was \$0.058.

ELIGIBILITY

All employees of the Company, including directors and officers of the Company who are also employees of the Company, will be eligible to participate in the 2001 Stock Purchase Plan beginning on the first day of each calendar month coincident with or next following their date of hire and continuing for so long as they remain employees of the Company. Approximately 43 employees of the Company were eligible to participate in the 2001 Stock Purchase Plan as of July 27, 2001.

PURCHASE OF COMMON STOCK UNDER THE 2001 STOCK PURCHASE PLAN

Participating Employees shall direct the deduction of a specified amount from their paycheck, to be used to effect the purchase of Common Stock under the 2001 Stock Purchase Plan. Such deduction may constitute from 1% to 15% of the Participating Employee's eligible compensation. A Participating Employee may increase or decrease the percentage of eligible compensation subject to payroll deduction or discontinue participation in the 2001 Stock Purchase Plan at any time upon written notice to the Company.

Unless the Company is so notified prior to the beginning of each 2001 Stock Purchase Plan year, the Participating Employee shall be deemed to have authorized continued participation in the 2001 Stock Purchase Plan for each subsequent 2001 Stock Purchase Plan year to the same extent as at the end of the prior 2001 Stock Purchase Plan year.

The purchase price of a share of Common Stock shall be determined from time to time by the Company but shall not be less than 85 percent of the fair market value of such share. The Company shall advise employees of the purchase price in advance of their enrollment in the 2001 Stock Purchase Plan and, following their enrollment, in advance of any change in the purchase price.

All payroll deductions of a Participating Employee shall be credited on the records and used by the Company to effect the purchases of Common Stock under the 2001 Stock Purchase Plan. The Company shall effect such purchases by making quarterly offerings of Common Stock, in amounts to be determined by the Company until the maximum number of shares of Common Stock available under the

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

2001 Stock Purchase Plan have been issued and purchased pursuant to the 2001 Stock Purchase Plan's terms. On the date of each such offering, each Participating Employee shall be deemed to have been granted the option to purchase and to have exercised such option and purchased the number of shares of Common Stock determined by dividing the amount credited to the Participating Employee's payroll deduction account by the then-current purchase price for such shares. All shares of Common Stock purchased by a Participating Employee under the 2001 Stock Purchase Plan shall be held in an account administered by a custodian selected by the Company. Upon termination of either the Participating Employee's employment with the Company or participation in the 2001 Stock Purchase Plan, all shares of Common Stock credited to such account, cash in lieu of any fractional share and all uninvested cash credited pursuant to the

10

Participating Employee's payroll deductions shall be distributed to the Participating Employee.

The Company will not grant to any Participating Employee any option to purchase shares of Common Stock if the exercise of such option would permit the fair market value of all shares of Common Stock purchased by the Participating Employee under all employee stock purchase plans of the Company to exceed \$25,000 in any calendar year, or if such exercise would cause such Participating Employee to own 5% or more of the combined voting power or value of all classes of the Company's stock. The Board may also require, as a condition to the exercise of any option granted pursuant to the 2001 Stock Purchase Plan, the listing of the shares of the Common Stock reserved for issuance upon such exercise on a national securities exchange and the registration of such shares under the Securities Act of 1933, as amended, or a representation from the Participating Employee satisfactory to the Company that such exercise and purchase are for investment purposes only and not with a view toward resale or distribution.

Options to purchase shares of Common Stock pursuant to the 2001 Stock Purchase Plan are not transferable, except by will and the laws of descent and distribution and may be exercised during the lifetime of the person to whom they were granted only by such person. Shares of Common Stock purchased under the 2001 Stock Purchase Plan shall not be transferable for a period of 12 months from the date of purchase of such shares and shall not be transferable without the prior written consent of the Company for an additional 12-month period following the expiration of the initial 12-month period.

AMENDMENT AND TERMINATION

Subject to the provisions of Section 423 of the Code, the Board has the power to amend or terminate the 2001 Stock Purchase Plan, in its sole discretion, at any time in any respect except that any amendment or termination may not retroactively impair or otherwise adversely affect the rights of any person to benefits that have already accrued under the 2001 Stock Purchase Plan. The 2001 Stock Purchase Plan shall terminate at such time as Participating Employees become entitled to purchase a number of shares of Common Stock greater than the number of reserved shares of Common Stock available for such purchase.

NEW PLAN BENEFITS TABLE

A table listing the estimated dollar value and number of shares that will be purchased under the 2001 Stock Purchase Plan, or would have been purchased under the 2001 Stock Purchase Plan had the plan been in effect in 1999, by the Company's officer and directors is indeterminable.

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following summary generally describes the principal federal (and not state and local) income tax consequences of stock purchases under the 2001 Stock Purchase Plan. It is general in nature and is not intended to cover all tax consequences that may apply to a particular 2001 Stock Purchase Plan participant or to the Company. The provisions of the Code and the Treasury Regulations are complicated and their impact in any one case may depend upon the particular circumstances. Each participant in the 2001 Stock Purchase Plan should consult the participant's own accountant, legal counsel or other financial advisor regarding the tax consequences of participation in the 2001 Stock Purchase Plan. This discussion is based on the Code as currently in effect.

The 2001 Stock Purchase Plan is intended to qualify under Section 423 of the Code. Under Section 423 of the Code, an employee who purchases Common Stock through the plan will not recognize any income, and the Company will not be entitled to a deduction for tax purposes, at the time of the purchase for the difference between the fair market value of the stock at the time of purchase and the purchase price (i.e., the discount below fair market value). Generally, if the employee holds the Common Stock for at least two years after the date of sale or other disposition of the Common Stock the lesser of: (i) the amount by which the fair market value of the Common Stock when purchased exceeds the purchase price (i.e., the discount below fair market value); or (ii) the amount, if any, by which the Common Stock's fair market value at the time of the sale or other disposition exceeds the purchase price. The employee's tax basis in the Common Stock will be increased by the amount recognized as compensation and any further gain recognized on the sale or other taxable disposition will be treated, under current tax rules, as long-term capital gain. In general, no deduction will be allowed to the Company with respect to any such disposition.

11

However, if the employee disposes of shares of Common Stock acquired under the 2001 Stock Purchase Plan within two years after the date of purchase (a "Disqualifying Disposition"), the employee will recognize compensation income, and the Company (or one of its affiliates) will be entitled to a deduction for tax purposes, in the amount of the excess of the fair market value of the shares on the date of purchase over the purchase price (i.e., the discount below fair market value) regardless of the amount received by the employee in connection with the Disqualifying Disposition. The employee's tax basis in the shares disposed of will be increased by the amount recognized as compensation and any further gain or loss realized upon the Disqualifying Disposition will be short-term or long-term capital gain or loss, depending upon the length of time between the purchase and the Disqualifying Disposition of the shares.

If, in any year, an affected participant's total compensation from the Company (including compensation related to purchases of Common Stock under the Stock's Purchase Plan) exceeds \$1,000,000, such compensation in excess of \$1,000,000 may not be deductible by the Company under Section 162(m) of the Code. Affected participants are generally, if at all, the Company's chief executive officer and the four most highly compensated employees of the Company (other than the chief executive officer) at the end of the Company's taxable year. Excluded from the calculation of total compensation for this purpose is compensation that is "performance-based" within the meaning of Section 162(m) of the Code. It is expected that compensation realized upon the purchase of Common Stock under the 2001 Stock Purchase Plan may not be "performance-based" and, therefore, that such compensation may only be deductible in accordance within

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

the limits of Section 162(m) of the Code.

STOCKHOLDER APPROVAL

The affirmative vote of a majority of the outstanding voting shares of the Company present or represented and entitled to vote at the Meeting is required for approval of the 2001 Stock Purchase Plan. The Company's 1998 Stock Option Plan and the 2001 Stock Option Plan will not be affected by the stockholders' vote on the Stock Purchase Plan.

The Board believes that it is in the best interests of the Company to implement this equity incentive program for the Company, which will provide, with the 2001 Stock Option Plan, a meaningful opportunity for officers, employees, and non-employee Board members to acquire a substantial proprietary interest in the Company and thereby encourage such individuals to remain in the Company's service and more closely align their interests with those of the stockholders.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THIS PROPOSAL.

PROPOSAL 4 APPROVAL OF AN AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO INCREASE THE AUTHORIZED COMMON STOCK

GENERAL

On June 27, 2001, the Board unanimously adopted a resolution proposing, declaring advisable and recommending a proposal to amend the Certificate of Incorporation to increase the number of shares of Common Stock which the Company is authorized to issue from 200,000,000 to 500,000,000 shares. The Board determined that such amendment is advisable and directed that the proposed amendment be considered at the Meeting. The additional 300,000,000 shares of Common Stock, if and when issued, will have the same rights and privileges as the shares of Common Stock presently issued and outstanding. Each holder of Common Stock is entitled to one vote per share on all matters submitted to a vote of stockholders. The Common Stock does not have cumulative voting rights except for those as may be required under California law. The holders of Common Stock share ratably on a per share basis in any dividends when, as and if declared by the Board out of funds legally available therefor and in all assets remaining after the payment of liabilities in the event of the liquidation, dissolution or winding up of the Company. There are no preemptive or other subscription rights, conversion rights or redemption or sinking fund provisions with respect to the Common Stock.

12

Reference is made to the proposed amendment to Article Fourth of the Certificate of Incorporation which is attached hereto as Exhibit C to this Proxy Statement.

The Certificate of Incorporation, as amended to date, authorizes the Company to issue 200,000,000 shares of Common Stock, \$.005 par value per share, of which 170,901,065 shares were issued and outstanding as of July 27, 2001, and 100,000 shares of the Company's preferred stock, par value \$1,000.00 per share (the "Preferred Stock"), of which 420.5 shares of 5% Convertible Stock were outstanding on such date. In addition to the 170,901,065 shares of Common Stock outstanding as of July 27, 2001, 6,923,759 shares of Common Stock are reserved

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

for possible future issuances as follows:

- o options to purchase 682,185 shares at exercise prices between \$.30 and \$8.45 per share;
- o warrants to purchase 6,229,559 shares at exercise prices between \$1.00 and \$7.50 per share; and
- o 12,015 shares issuable upon conversion of 420.5 shares of 5% Convertible Stock currently outstanding. The Company expects the remaining shares of 5% Convertible Stock outstanding to be cancelled and replaced by cash or equity, or a combination of both. The 5% Convertible Stock is convertible into Common Stock at the discretion of the holders.

The Company is contractually obligated to issue 2,272,375 shares of Common Stock more than the 200,000,000 shares of Common Stock the Company is currently authorized to issue. Accordingly, the Company is in violation of certain of its contractual obligations as it would be unable to issue any shares of Common Stock pursuant to (a) the exercise of options or warrants or (b) the conversion of 5% Convertible Stock, if any such issuance would cause the Company to issue more than 200,000,000 shares of Common Stock. Breaches of such contractual obligations could cause the Company to accrue substantial liabilities.

PURPOSES AND CERTAIN POSSIBLE EFFECTS OF INCREASING THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

The Company has historically either publicly offered or privately placed its capital stock to raise funds to finance its operations, including research and development and product development activities, and has issued securities to management, non-management employees and consultants. The Company expects to continue to make substantial expenditures for research and product development and in the development and marketing of products. The Company continues to actively explore and negotiate additional financing that it requires. The Company may also seek acquisitions of other companies, products and assets. These activities are likely to require the Company to sell shares of Common Stock or securities convertible into or exchangeable for Common Stock. The Company has, at times in the past, sold shares or securities instruments exercisable or convertible into shares at below the market price of its Common Stock at the date of issuance and may be required to do so in the future in order to raise financing.

The Board acknowledges that the increase in the number of authorized shares of Common Stock at this time will provide the Company with the ability to issue the shares of Common Stock it is currently obligated to issue pursuant to the exercise and conversion of outstanding convertible securities and thereby avoid certain contractual liabilities described above, and also provide it with the flexibility of having an adequate number of authorized but unissued shares of Common Stock available for future financing requirements, including for funding research and product development, acquisitions and other corporate purposes (including issuances pursuant to the 2001 Stock Option Plan) without the expense or delay attendant in seeking stockholder approval at any special or other annual meeting. The proposed amendment would provide additional authorized shares of Common Stock that could be used from time to time, without further action or authorization by the stockholders (except as may be required by law or by any stock exchange or over-the-counter market on which the Company's securities may then be listed).

Although it is not the purpose of the proposed amendment and the Board is not aware of any pending or proposed effort to acquire control of the Company, the authorized but unissued shares of Common Stock also could be used by the Board to discourage, delay or make more difficult a change in control of the

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

Company.

This proposed amendment will not affect the rights of existing holders of Common Stock except to the extent that further issuances of Common Stock will reduce each existing stockholder's proportionate ownership.

13

In the event that stockholder approval of this proposed amendment of the Certificate of Incorporation to increase the authorized Common Stock is not obtained, the Company will be unable to satisfy its exercise and conversion obligations under the terms of certain of its outstanding convertible securities and holders of such convertible securities may commence legal proceedings against us.

STOCKHOLDER APPROVAL

In accordance with the Delaware General Corporation Law and the Certificate of Incorporation, the affirmative vote of a majority of the shares represented and voting at the Meeting is required to adopt this proposed amendment.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THIS PROPOSAL.

PROPOSAL 5 APPROVAL OF AN AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE SPLIT OF THE COMMON STOCK

GENERAL

The Board has unanimously adopted resolutions proposing, declaring advisable and recommending that stockholders authorize an amendment to the Certificate of Incorporation to: (i) effect a stock combination (reverse split) of the Company's Common Stock in an exchange ratio to be approved by the Board, ranging from one (1) newly issued share for each ten (10) outstanding shares of Common Stock to one (1) newly issued share for each twenty (20) outstanding shares of Common Stock (the "Reverse Split"); and (ii) provide that no fractional shares or scrip representing fractions of a share shall be issued, but in lieu thereof, each fraction of a share that any stockholder would otherwise be entitled to receive shall be rounded up to the nearest whole share. There will be no change in the number of the Company's authorized shares of Common Stock and no change in the par value of a share of Common Stock.

If the Reverse Split is approved, the Board will have authority, without further stockholder approval, to effect the Reverse Split pursuant to which the Company's outstanding shares (the "Old Shares") of Common Stock would be exchanged for new shares (the "New Shares") of Common Stock, in an exchange ratio to be approved by the Board, ranging from one (1) New Share for each two (2) Old Shares to one (1) New Share for each six (6) Old Shares. The number of Old Shares for which each New Share is to be exchanged is referred to as the "Exchange Number". The Exchange Number may, within such range, be a whole number or a whole number and fraction of a whole number.

In addition, the Board will have the authority to determine the exact timing of the effective date and time of the Reverse Split, which may be any time prior to the filing of the Form 10-K for fiscal 2002, without further stockholder approval. Such timing and Exchange Number will be determined in the judgment of the Board, with the intention of maximizing the Company's ability to

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

comply with the listing requirements of The Nasdaq Stock Market, Inc. ("Nasdaq"), to raise financing, to issue shares of Common Stock pursuant to outstanding contractual obligations, and for other intended benefits as the Company finds appropriate. See "-- Purposes of the Reverse Split," below. The text of this proposed amendment (subject to inserting the effective time of the Reverse Split and the Exchange Number) is set forth in Exhibit D to this Proxy Statement.

The Board also reserves the right, notwithstanding stockholder approval and without further action by stockholders, to not proceed with the Reverse Split if, at any time prior to filing this amendment with the Secretary of State of the State of Delaware, the Board, in its sole discretion, determines that the Reverse Split is no longer in the best interests of the Company and its stockholders. The Board may consider a variety of factors in determining whether or not to implement the Reverse Split and in determining the Exchange Number including, but not limited to, the approval by the stockholders of Proposal 4 which would increase the number of the authorized Common Stock, overall trends in the stock market, recent changes and anticipated trends in the per share market price of the Common Stock, business and transactional developments and the Company's actual and projected financial

14

performance.

PURPOSES OF THE REVERSE SPLIT

The Common Stock is quoted on the OTC but had been, prior to being delisted on March 1, 2000, quoted on The Nasdaq SmallCap Market. In order for the Common Stock to be relisted on The Nasdaq SmallCap Market, the Company and its Common Stock are required to comply with various listing standards established by Nasdaq. Among other things, as such requirements pertain to the Company, the Company is required to have a market capitalization of at least \$50,000,000 and its Common Stock must (a) have an aggregate market value of shares held by persons other than officers and directors of at least \$5,000,000, (b) be held by at least 300 persons who own at least 100 shares and (c) have a minimum bid price of at least \$4.00 per share.

Under Nasdaq listing requirements, to be listed or relisted, the Company must demonstrate the ability to maintain a minimum bid price of at least \$4.00 per share. Although there are no strict guidelines in regard to how such an ability to maintain stock price is to be demonstrated, at least a month of consistent closing prices of more than \$4.00 per share may be necessary for NASDAQ consideration. Furthermore, if relisted, under Nasdaq's listing maintenance standards, if the closing bid price of the Common Stock falls under \$1.00 per share for 30 consecutive business days and does not thereafter regain compliance for a minimum of 10 consecutive business days during the 90 calendar days following notification by Nasdaq of failure to comply with listing maintenance requirements, Nasdaq may again delist the Common Stock from trading on The Nasdaq SmallCap Market. The closing bid price on August 2, 2001 was \$0.058 on the OTC. Prior to being delisted, the bid price of the Company's Common Stock closed on The Nasdaq SmallCap Market below \$1.00 per share from July 29, 1999 to November 29, 1999 and did not again have a minimum closing bid price of at least \$1.00 for 10 consecutive days until the period between February 10, 2000 and March 1, 2000. The principal purpose of the Reverse Split is to increase the market price of the Common Stock in order that the market price of the Common Stock is well above the Nasdaq minimum bid requirement for relisting and if relisted could better maintain the \$1.00 maintenance requirement (which does not adjust for the Reverse Split). The OTC on which the

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

Common Stock is now traded is generally considered to be a less efficient market.

The purpose of the Reverse Split also would be to increase the market price of the Common Stock in order to make the Common Stock more attractive to raise financing (and, therefore, both raise cash to support the Company's operations and increase the Company's net tangible assets to facilitate compliance with Nasdaq requirements), and as a possible currency for acquisitions and other transactions. The Common Stock traded on the OTC from approximately \$0.05 to approximately \$0.97 from April 1, 2000 through July 27, 2001. This has reduced the attractiveness of using the Common Stock or instruments convertible or exercisable into Common Stock in order to raise financing to support the Company's operations and to increase the Company's net worth and as consideration for potential acquisitions (which, when coupled with the Company's need to deploy its available cash for operations, has rendered acquisitions difficult to negotiate). Furthermore, the Company believes that relisting the Company's Common Stock on The Nasdaq SmallCap Market may provide the Company with a broader market for its Common Stock and, therefore, facilitate the use of the Common Stock in acquisitions and financing transactions in which the Company may engage.

THERE CAN BE NO ASSURANCE, HOWEVER, THAT, EVEN AFTER CONSUMMATING THE REVERSE SPLIT, THE COMPANY WILL MEET THE MINIMUM BID PRICE FOR RELISTING AND OTHERWISE MEET THE REQUIREMENTS OF NASDAQ FOR INCLUSION FOR TRADING ON THE NASDAQ SMALLCAP MARKET, OR THAT IT WILL BE ABLE TO UTILIZE ITS COMMON STOCK IN ORDER TO EFFECTUATE FINANCING OR ACQUISITION TRANSACTIONS.

Furthermore, the Company is contractually obligated to issue 2,272,375 shares of Common Stock more than the 200,000,000 shares of Common Stock the Company is currently authorized to issue. Accordingly, the Company is in violation of certain of its contractual obligations as it would be unable to issue any shares of Common Stock pursuant to the exercise of options or warrants or the conversion of 5% Convertible Stock if any such issuance would cause the Company to issue more than 200,000,000 shares of Common Stock. A Reverse Split would allow the Company to issue shares pursuant to its contractual obligations as it would reduce the number of shares of Common Stock outstanding and make available shares of authorized Common Stock to issue as required.

15

In addition, the Reverse Split would make available the required number of authorized shares of Common Stock needed to implement the 2001 Stock Option Plan.

Giving the Board authority to implement the Reverse Split will help avoid the necessity of calling a special meeting of stockholders under time constraints to authorize a reverse split should it become necessary in order to seek to effectuate a financing or acquisition transaction or to meet Nasdaq's listing maintenance criteria at a future time.

The Reverse Split will not change the proportionate equity interests of the Company's stockholders, nor will the respective voting rights and other rights of stockholders be altered, except for possible immaterial changes due to rounding up to eliminate fractional shares. The Common Stock issued pursuant to the Reverse Split will remain fully paid and nonassessable. The Company will continue to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934, as amended.

CERTAIN EFFECTS OF THE REVERSE SPLIT

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

The following table illustrates the principal effects of the Reverse Split to the 170,901,065 shares of Common Stock outstanding as of July 27, 2001:

Number of Shares -----	Prior to Reverse Stock Split -----	After 1-for-10 Reverse Stock Split -----	After 1-for-15 Reverse Stock Split -----	After 1-for-20 Reverse Stock Split -----
Common Stock: Authorized (1).....	200,000,000	200,000,000	200,000,000	200,000,000
Outstanding (2).....	170,901,065 -----	17,090,106 -----	12,817,579 -----	8,545,053 -----
Available for Future Issuance.....	29,098,935	172,909,894	177,182,421	181,454,947

- (1) If Proposal 4 is approved by the stockholders, there would be 500,000,000 shares of Common Stock authorized.
- (2) Gives effect to the Reverse Split, excluding New Shares to be issued in lieu of fractional shares. Excludes, on a pre-Reverse Split basis: 12,015 shares of Common Stock subject to potential issuance upon conversion of the outstanding shares of 5% Convertible Stock; approximately 6,911,744 shares of Common Stock which were subject to outstanding options and warrants; and 7,500,000 additional shares of Common Stock which would be available for the grant of future options if the 2001 Stock Option Plan and 2001 Stock Purchase Plan were instituted. The number of shares of Common Stock issuable upon conversion of the 5% Convertible Stock may be dependent upon the market price of Common Stock. Accordingly, the actual number of shares of Common Stock issued upon conversion of the 5% Convertible Stock may not be determined at this time. Upon effectiveness of the Reverse Split, each option and warrant would entitle the holder to acquire a number of shares equal to the number of shares which the holder was entitled to acquire prior to the Reverse Split divided by the Exchange Number at the exercise price in effect immediately prior to the Reverse Split multiplied by the Exchange Number.

Stockholders should recognize that, if the Reverse Split is effectuated, they will own a fewer number of shares than they presently own (a number equal to the number of shares owned immediately prior to the filing of the amendment regarding the Reverse Split divided by the Exchange Number, as adjusted to include New Shares to be issued in lieu of fractional shares). While the Company expects that the Reverse Split will result in an increase in the market price of the Common Stock, there can be no assurance that the Reverse Split will increase the market price of the Common Stock by a multiple equal to the Exchange Number or result in a permanent increase in the market price (which is dependent upon

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

many factors, including the Company's performance and prospects). Also, should the market price of the Company's Common Stock decline after the Reverse Split, the percentage decline may be greater than would pertain in the absence of the Reverse Split. Furthermore, the possibility exists that liquidity in the market price of the Common Stock could be adversely affected by the reduced number of shares that would be outstanding after the Reverse Split. In addition, the Reverse Split will increase the number of stockholders of the Company who own odd-lots (less than 100 shares). Stockholders who hold odd-lots typically will experience an increase in the cost of selling their shares, as well as greater difficulty in effecting such sales. In addition, an increase in the number of odd-lot holders will reduce the number of holders of round lots (100 or more shares), which could adversely affect the Nasdaq listing requirement that the Company have at least 300 round lot holders. Consequently, there can be no assurance that the Reverse Split will achieve the desired results that have been outlined above.

Stockholders should also recognize that, as indicated in the foregoing table, there will be an increase in the number of shares which the Company will be able to issue from authorized but unissued shares of Common Stock. As a result of any issuance of shares, the equity and voting rights of holders of outstanding shares may be diluted.

PROCEDURE FOR EFFECTING REVERSE SPLIT AND EXCHANGE OF STOCK CERTIFICATES

If this amendment is approved by the Company's stockholders, and if the Board still believes that the Reverse Split is in the best interests of the Company and its stockholders, the Company will file the amendment with the Secretary of State of the State of Delaware at such time as the Board has determined the appropriate Exchange Number and the appropriate effective time for such split. The Board may delay effecting the Reverse Split until as late as December 31, 2001 without resoliciting stockholder approval. The Reverse Split will become effective on the date of filing the amendment at the time specified in the amendment (the "Effective Time"). Beginning at the Effective Time, each certificate representing Old Shares will be deemed for all corporate purposes to evidence ownership of New Shares.

As soon as practicable after the Effective Time, stockholders will be notified that the Reverse Split has been effected and of the exact Exchange Number. The Company expects that its transfer agent will act as exchange agent (the "Exchange Agent") for purposes of implementing the exchange of stock certificates. Holders of Old Shares will be asked to surrender to the Exchange Agent certificates representing Old Shares in exchange for certificates representing New Shares in accordance with the procedures to be set forth in a letter of transmittal to be sent by the Exchange Agent. No new certificates will be issued to a stockholder until such stockholder has surrendered such stockholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal to the Exchange Agent. Any Old Shares submitted for transfer, whether pursuant to a sale or other disposition, or otherwise, will automatically be exchanged for New Shares at the exchange ratio. Stockholders should not destroy any stock certificate and should not submit any certificate until requested to do so by the Company or the Exchange Agent.

FRACTIONAL SHARES

No scrip or fractional certificates will be issued in connection with the Reverse Split. Any fraction of a share that any stockholders of record otherwise would be entitled to receive shall be rounded up to the nearest whole share.

NO DISSENTER'S RIGHTS

Under Delaware law, stockholders are not entitled to dissenter's rights with respect to the proposed amendment.

FEDERAL INCOME TAX CONSEQUENCES OF THE REVERSE SPLIT

The following is a summary of certain material U.S. federal income tax consequences of the Reverse Split and does not purport to be complete. It does not discuss any state, local, foreign or minimum income or other U.S. federal tax consequences. Also, it does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. The discussion is based on the provisions of the U.S. federal income tax law as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the Old Shares were, and the New Shares will be, held as a "capital asset," as defined in the Code (generally, property held for investment). The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of such stockholder. Each stockholder should consult with such stockholder's own tax advisor with respect to the consequences of the Reverse Split.

The Reverse Split is an isolated transaction and is not part of a plan to periodically increase any stockholder's proportionate interest in the assets or earnings and profits of the Company. As a result, no gain or loss should be recognized by a stockholder of the Company upon such stockholder's exchange of Old Shares for New Shares pursuant to the Reverse Split. The aggregate tax basis of the New Shares received in the Reverse Split will be the same as the stockholder's aggregate tax basis in the Old Shares exchanged therefor. The stockholder's holding period for the New Shares will include the period during which the stockholder held the Old Shares surrendered in the Reverse Split.

REQUIRED VOTE

In accordance with the Delaware General Corporation Law and the Certificate of Incorporation, the affirmative vote of a majority of the shares represented and voting at the Meeting is required to adopt this proposed amendment. As a result, any shares not voted (whether by abstention, broker non-vote or otherwise) will have the same effect as a vote against the proposal.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THIS PROPOSAL.

PROPOSAL 6
APPROVAL OF AN AMENDMENT OF THE COMPANY'S
CERTIFICATE OF INCORPORATION TO CHANGE THE
PAR VALUE OF THE PREFERRED STOCK

GENERAL

On June 27, 2001, the Board unanimously adopted a resolution proposing, declaring advisable and recommending a proposal to amend the Certificate of Incorporation to change the par value per share of the Company's Preferred Stock from \$1,000 per share to \$0.01 per share. The Board determined that such amendment is advisable and directed that the proposed amendment be considered at the Meeting. The decrease in par value shall reduce state franchise taxes and fees which are based on the par value of authorized capital.

Reference is made to the proposed amendment to Article Fourth of the Certificate of Incorporation which is attached hereto as Exhibit C to this Proxy Statement.

PROPOSAL 7 RATIFICATION OF INDEPENDENT AUDITORS

The accounting firm of Boros & Farrington APC served as the Company's independent public auditors during the fiscal year ended June 30, 2000. A representative of Boros & Farrington APC is expected to be present at the Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

Approval by the stockholders of the appointment of independent auditors is not required but the Board deems it desirable to submit this matter to the stockholders. If a majority of the common stock present and entitled to vote at the meeting should not approve the selection of Boros & Farrington APC, the Board shall reconsider the proposal.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THIS PROPOSAL.

OTHER MATTERS

The Company knows of no other matters that will be presented for consideration at the Meeting. Exhibit A

PROPOSED FORM OF THE 2001 STOCK OPTION PLAN

2001 STOCK OPTION PLAN Of IMAGING TECHNOLOGIES CORPORATION

1. PURPOSES OF THE PLAN. This stock option plan (the "Plan") is designed to provide an incentive to employees (including directors and officers who are employees) and directors of, and consultants to, IMAGING TECHNOLOGIES CORPORATION, a Delaware corporation (the "Company"), or any Parent or Subsidiary (as such terms are defined in Paragraph 19 hereof) of the Company, and to offer an additional inducement in obtaining the services of such persons. The Plan provides for the grant of "incentive stock options" ("ISOs") within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and nonqualified stock options which do not qualify as ISOs ("NQSOs"). The Company makes no representation or warranty, express or implied, as to the qualification of any option as an "incentive stock option" under the Code.

2. STOCK SUBJECT TO THE PLAN. Subject to the provisions of Paragraph 12 hereof, the aggregate number of shares of Common Stock, \$.005 par value per share, of the Company ("Common Stock") for which options may be granted under the Plan shall not exceed 5,000,000. Such shares of Common Stock may consist either in whole or in part of authorized but unissued shares of Common Stock or shares of Common Stock held in the treasury of the Company. Subject to the provisions of Paragraph 13 hereof, any shares of Common Stock subject to an option which for any reason expires, is canceled or is terminated unexercised or which ceases for any reason to be exercisable, shall again become available for the granting of options under the Plan. The Company shall at all times during the term of the Plan reserve and keep available such number of shares of Common Stock as will be sufficient to satisfy the requirements of the Plan.

3. ADMINISTRATION OF THE PLAN. The Plan shall be administered by the Compensation Committee of the Company's Board of Directors (the "Committee"), which Committee, to the extent required by Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (as the same may be in effect and interpreted from time to time, "Rule 16b-3"), shall consist of not less than two (2) directors, each of whom shall be a non-employee director within the meaning of Rule 16b-3 or an outside director within the meaning of Section 162(m) of the Code. Unless otherwise provided in the By-laws of the Company or by resolution of the Board of Directors, a majority of the members of the Committee shall constitute a quorum, and the acts of a majority of the members present at any meeting at which a quorum is present, and any acts approved in writing by all of the members of the Committee without a meeting, shall be the acts of the Committee. Those administering the Plan are referred to herein as the "Administrators".

Subject to the express provisions of the Plan, the Administrators

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

shall have the authority, in their sole discretion, to determine: the employees, consultants and directors who shall be granted options; whether an option to be granted to a employee is to be in ISO or an NQSO (options to be granted to consultants and directors who are not employees shall be NQSOs); the times when an option shall be granted; the number of shares of Common Stock to be subject to each option; the term of each option; the date each option shall become exercisable; whether an option shall be exercisable in whole, in part or in installments and, if in installments, the number of shares of Common Stock to be subject to each installment, whether the installments shall be cumulative, the date each installment shall become exercisable and the term of each installment; whether to accelerate the date of exercise of any option or installment; whether shares of Common Stock may be issued upon the exercise of an option as partly paid and, if so, the dates when future installments of the exercise price shall become due and the amounts of such installments; the exercise price of each option; the form of payment of the exercise price; whether to restrict the sale or other disposition of the shares of Common Stock acquired upon the exercise of an option and, if so, whether and under what conditions to waive any such restriction; whether and under what conditions to subject all or a portion of the grant, the vesting or the exercise of an option or the shares acquired pursuant to the exercise of an option to the fulfillment of certain restrictions or contingencies as specified in the contract referred to in Paragraph 11 hereof (the "Contract"), including, without limitation, restrictions or contingencies relating to entering into a covenant not to compete with the Company, any of its Subsidiaries or a Parent (as such term is defined

A-1

in Paragraph 19 hereof), to financial objectives for the Company, any of its Subsidiaries or a Parent, a division of any of the foregoing, a product line or other category, and/or to the period of continued employment of the optionee with the Company, any of its Subsidiaries or a Parent, and to determine whether such restrictions or contingencies have been met; whether an optionee is Disabled (as such term is defined in Paragraph 19 hereof); the amount, if any, necessary to satisfy the obligation of the Company, a Subsidiary or Parent to withhold taxes or other amounts; the fair market value of a share of Common Stock; to construe the respective Contracts and the Plan; with the consent of the optionee, to cancel or modify an option, provided that the modified provision is permitted to be included in an option granted under the Plan on the date of the modification, and provided, further, that in the case of a modification (within the meaning of Section 424(h) of the Code) of an ISO, such option as modified would be permitted to be granted on the date of such modification under the terms of the Plan; to prescribe, amend and rescind rules and regulations relating to the Plan; to approve any provision of the Plan or any option granted under the Plan, or any amendment to either, which under Rule 16b-3 or Section 162(m) of the Code requires the approval of the Board of Directors, a committee of non-employee directors or the stockholders in order to be exempt (unless otherwise specifically provided herein); and to make all other determinations necessary or advisable for administering the Plan. Any controversy or claim arising out of or relating to the Plan, any option granted under the Plan or any Contract shall be determined unilaterally by the Administrators in their sole discretion. The determinations of the Administrators on the matters referred to in this Paragraph 3 shall be conclusive and binding on the parties thereto. No Administrator or former Administrator shall be liable for any action, failure to act or determination made in good faith with respect to the Plan or any option hereunder.

4. ELIGIBILITY. The Administrators may from time to time, in their sole discretion, consistent with the purposes of the Plan, grant options to (a) employees (including officers and directors who are employees) of, (b) directors

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

(who are not employees) of, and (c) consultants to, the Company or any Parent or Subsidiary of the Company. Such options granted shall cover such number of shares of Common Stock as the Administrators may determine, in their sole discretion, as set forth in the applicable Contract; provided, however, that the maximum number of shares subject to options that may be granted to any employee during any calendar year under the Plan (the "162(m) Maximum") shall be 250,000 shares; and provided, further, that the aggregate market value (determined at the time the option is granted in accordance with Paragraph 5 hereof) of the shares of Common Stock for which any eligible employee may be granted ISOs under the Plan or any other plan of the Company, or of a Parent or a Subsidiary of the Company, which are exercisable for the first time by such optionee during any calendar year shall not exceed \$100,000. Such ISO limitation shall be applied by taking ISOs into account in the order in which they were granted. Any option granted in excess of such ISO limitation amount shall be treated as a NQSO to the extent of such excess.

5. EXERCISE PRICE. The exercise price of the shares of Common Stock under each option shall be determined by the Administrators, in their sole discretion, as set forth in the applicable Contract; provided, however, that the exercise price of an ISO shall not be less than the fair market value of the Common Stock subject to such option on the date of grant; and provided, further, that if, at the time an ISO is granted, the optionee owns (or is deemed to own under Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, of any of its Subsidiaries or of a Parent, the exercise price of such ISO shall not be less than 110% of the fair market value of the Common Stock subject to such ISO on the date of grant.

The fair market value of a share of Common Stock on any day shall be (a) if actual sales price information is available with respect to the Common Stock, the average of the highest and lowest sales prices per share of Common Stock on such day, or (b) if such information is not available, the average of the highest bid and lowest asked prices per share of Common Stock on such day as reported by the market upon which the Common Stock is quoted, The Wall Street Journal, the National Quotation Bureau Incorporated or an independent dealer in the Common Stock, as determined by the Company; provided, however, that if clauses (a) and (b) of this Paragraph are all inapplicable, or if no trades have been made or no quotes are available for such day, the fair market value of the Common Stock shall be determined by the Board of Directors by any method consistent with applicable regulations adopted by the Treasury Department relating to stock options.

6. TERM. The term of each option granted pursuant to the Plan shall be such term as is established by the Administrators, in their sole discretion, as set forth in the applicable Contract; provided, however, that the term of each ISO granted pursuant to the Plan shall be for a period not exceeding ten (10) years from the

A-2

date of grant thereof; and provided, further, that if, at the time an ISO is granted, the optionee owns (or is deemed to own under Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, any of its Subsidiaries or a Parent, the term of the ISO shall be for a period not exceeding five (5) years from the date of grant. Options shall be subject to earlier termination as hereinafter provided.

7. EXERCISE. An option (or any part or installment thereof), to the extent then exercisable, shall be exercised by giving written notice to the

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

Company at its principal office stating which option is being exercised, specifying the number of shares of Common Stock as to which such option is being exercised and accompanied by payment in full of the aggregate exercise price therefor (or the amount due on exercise if the applicable Contract permits installment payments) (a) in cash or by certified check or (b) if the applicable Contract permits, with previously acquired shares of Common Stock having an aggregate fair market value on the date of exercise (determined in accordance with Paragraph 5 hereof) equal to the aggregate exercise price of all options being exercised or a combination of cash, certified check or shares of Common Stock having such value. The Company shall not be required to issue any shares of Common Stock pursuant to any such option until all required payments, including payments for any required withholding amounts, have been made.

The Administrators may, in their sole discretion (in the Contract or otherwise), permit payment of the exercise price of an option by delivery by the optionee of a properly executed notice, together with a copy of his irrevocable instructions to a broker acceptable to the Administrators to deliver promptly to the Company the amount of sale or loan proceeds sufficient to pay such exercise price. In connection therewith, the Company may enter into agreements for coordinated procedures with one or more brokerage firms.

A person entitled to receive Common Stock upon the exercise of an option shall not have the rights of a stockholder with respect to such shares of Common Stock until the date of issuance of a stock certificate for such shares or, in the case of uncertificated shares, until the date an entry is made on the books of the Company's transfer agent representing such shares; provided, however, that until such stock certificate is issued or until such book entry is made, any optionee using previously acquired shares of Common Stock in payment of an option exercise price shall continue to have the rights of a stockholder with respect to such previously acquired shares.

In no case may a fraction of a share of Common Stock be purchased or issued under the Plan.

8. TERMINATION OF RELATIONSHIP. Except as may otherwise be expressly provided in the applicable Contract, any optionee whose relationship with the Company, its Subsidiaries and Parent as an employee, director or consultant has terminated for any reason (other than as a result of the death or Disability (as such term is defined in Paragraph 19 hereof) of the Optionee) may exercise such option, to the extent exercisable on the date of such termination, at any time within three months after the date of termination, but not thereafter and in no event after the date the option would otherwise have expired; provided, however, that if such relationship is terminated either (a) for Cause (as such term is defined in Paragraph 19 hereof), or (b) without the consent of the Company, such option shall terminate immediately.

For the purposes of the Plan, an employment relationship shall be deemed to exist between an individual and the Company, any of its Subsidiaries or a Parent if, at the time of the determination, the individual was an employee of such corporation for purposes of Section 422(a) of the Code. As a result, an individual on military, sick leave or other bona fide leave of absence shall continue to be considered an employee for purposes of the Plan during such leave if the period of the leave does not exceed 90 days or, if longer, so long as the individual's right to reemployment with the Company, any of its Subsidiaries or a Parent is guaranteed either by statute or by contract. If the period of leave exceeds 90 days and the individual's right to reemployment is not guaranteed by statute or by contract, the employment relationship shall be deemed to have terminated on the 91st day of such leave.

Notwithstanding the foregoing, except as may otherwise be expressly provided in the applicable Contract, options granted under the Plan shall not be affected by any change in the status of the optionee so long as the optionee

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

continues to be an employee or director of, or a consultant to, the Company, any of its Subsidiaries or a Parent (regardless of having changed from one position to another or having been transferred from one entity to another).

A-3

Nothing in the Plan or in any option granted under the Plan shall confer on any optionee any right to continue in the employ of, as a director of, or as a consultant to, the Company, any of its Subsidiaries or a Parent, or interfere in any way with any right of the Company, any of its Subsidiaries or a Parent to terminate the optionee's relationship at any time for any reason whatsoever without liability to the Company, any of its Subsidiaries or a Parent.

9. DEATH OR DISABILITY OF AN OPTIONEE. Except as may otherwise be expressly provided in the applicable Contract, if an individual optionee dies (a) while he is an employee or director of, or a consultant to, the Company, any of its Subsidiaries or a Parent, (b) within three months after the termination of such relationship (unless such termination was for Cause or without the consent of the Company or such Subsidiary or Parent) or (c) within one year following the termination of such relationship by reason of Disability, the optionee's option may be exercised, to the extent exercisable on the date of the optionee's death, by the optionee's Legal Representative (as defined in Paragraph 19) at any time within one year after death, but not thereafter and in no event after the date the option would otherwise have expired.

Except as may otherwise be expressly provided in the applicable Contract, any optionee whose relationship as an employee or director of, or a consultant to, the Company, any of its Subsidiaries or a Parent has terminated by reason of Disability (without continuing in another such capacity) may exercise the optionee's option, to the extent exercisable upon the effective date of such termination, at any time within one year after such date, but not thereafter and in no event after the date the option would otherwise have expired.

10. COMPLIANCE WITH SECURITIES LAWS. It is a condition to the exercise of any option that either (a) a Registration Statement under the Securities Act of 1933, as amended (the "Securities Act"), with respect to the shares of Common Stock to be issued upon such exercise shall be effective and current at the time of exercise or (b) there is an exemption from registration under the Securities Act for the issuance of the shares of Common Stock upon such exercise. Nothing herein shall be construed as requiring the Company to register shares subject to any option under the Securities Act or to keep any Registration Statement effective or current.

The Administrators may require, in their sole discretion, as a condition to the receipt of an option or the exercise of any option that the optionee execute and deliver to the Company such representations and warranties, in form, substance and scope satisfactory to the Administrators, as the Administrators determine are necessary or appropriate to facilitate the perfection of an exemption from the registration requirements of the Securities Act, applicable state securities laws or other legal requirement, including, without limitation, that (a) the shares of Common Stock to be issued upon the exercise of the option are being acquired by the optionee for the optionee's own account, for investment only and not with a view to the resale or distribution thereof, and (b) any subsequent resale or distribution of shares of Common Stock by such optionee will be made only pursuant to (i) a Registration Statement under the Securities Act which is effective and current with respect to the shares of Common Stock being sold, or (ii) a specific exemption from the

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

registration requirements of the Securities Act, but in claiming such exemption, the optionee shall, prior to any offer of sale or sale of such shares of Common Stock, provide the Company with a favorable written opinion of counsel satisfactory to the Company, in form, substance and scope satisfactory to the Company, as to the applicability of such exemption to the proposed sale or distribution.

In addition, if at any time the Administrators shall determine, in their sole discretion, that the listing or qualification of the shares of Common Stock subject to any option on any securities exchange, Nasdaq or under any applicable law, or the consent or approval of any governmental agency or self-regulatory body, is necessary or desirable as a condition to, or in connection with, the granting of an option or the issuing of shares of Common Stock upon the exercise thereof, such option may not be granted and such option may not be exercised in whole or in part unless such listing, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Administrators.

11. CONTRACTS. Each option shall be evidenced by an appropriate Contract which shall be duly executed by the Company and the optionee, which Contract shall contain such terms, provisions and conditions not inconsistent herewith as may be determined by the Administrators. The terms of each option and Contract need not be identical.

A-4

12. ADJUSTMENTS UPON CHANGES IN COMMON STOCK. Notwithstanding any other provision of the Plan, in the event of a stock dividend, stock split, combination, reclassification, recapitalization, merger in which the Company is the surviving corporation, spin-off, split-up or exchange of shares or the like which results in a change in the number or kind of shares of Common Stock which is outstanding immediately prior to such event, the aggregate number and kind of shares subject to the Plan, the aggregate number and kind of shares subject to each outstanding option and the exercise price thereof, and the 162(m) Maximum shall be appropriately adjusted by the Board of Directors, whose determination shall be conclusive and binding on all parties thereto. Such adjustment may provide for the elimination of fractional shares which might otherwise be subject to options without payment therefor.

In the event of (a) the liquidation or dissolution of the Company, or (b) a transaction (or series of related transactions) that is approved by a majority of the members of the Company's Board of Directors who were elected by stockholders prior to the first of such transactions (including, without limitation, a merger, consolidation, sale of stock by the Company or its stockholders, tender offer or sale of assets) and in which either (i) the voting power (in the election of directors generally) of the Company's voting securities outstanding immediately prior to such transaction(s) cease to represent at least 50% of the combined voting power (in the election of directors generally) of the Company or such surviving entity outstanding immediately after such transaction(s) or (ii) the registration of the Common Stock under the Securities Exchange Act of 1934 is terminated, then all outstanding options shall terminate upon the earliest of any such event, unless other provision is made therefor in the transaction.

13. AMENDMENTS AND TERMINATION OF THE PLAN. The Plan was adopted by the Board of Directors on June 27, 2001. No ISO may be granted under the Plan after June 26, 2011. The Board of Directors, without further approval of the Company's stockholders, may at any time suspend or terminate the Plan, in whole or in part, or amend it from time to time in such respects as it may deem

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

advisable, including, without limitation, in order that ISOs granted hereunder meet the requirements for "incentive stock options" under the Code, or to comply with the provisions of Rule 16b-3, Section 162(m) of the Code or any change in applicable law, regulations, rulings or interpretations of administrative agencies; provided, however, that no amendment shall be effective without the requisite prior or subsequent stockholder approval which would (a) except as contemplated in Paragraph 12 hereof, increase the maximum number of shares of Common Stock for which options may be granted under the Plan or the 162(m) Maximum, (b) change the eligibility requirements to receive options hereunder or (c) make any change for which applicable law requires stockholder approval. No termination, suspension or amendment of the Plan shall, without the consent of the optionee, adversely affect the optionee's rights under any option granted under the Plan. The power of the Administrators to construe and administer any option granted under the Plan prior to the termination or suspension of the Plan nevertheless shall continue after such termination or during such suspension.

14. NON-TRANSFERABILITY. No option granted under the Plan shall be transferable otherwise than by will or the laws of descent and distribution, and options may be exercised, during the lifetime of the optionee, only by the optionee or his Legal Representatives. Except to the extent provided in the immediately preceding sentence, options may not be assigned, transferred, pledged, hypothecated or disposed of in any way (whether by operation of law or otherwise) and shall not be subject to execution, attachment or similar process, and any such attempted assignment, transfer, pledge, hypothecation or disposition shall be null and void ab initio and of no force or effect.

15. WITHHOLDING TAXES. The Company, a Subsidiary or Parent may withhold (a) cash or (b) with the consent of the Administrators (in the Contract or otherwise), shares of Common Stock to be issued upon exercise of an option having an aggregate fair market value on the relevant date (determined in accordance with Paragraph 5 hereof) or a combination of cash and shares, in an amount equal to the amount which the Administrators determine is necessary to satisfy the obligation of the Company, a Subsidiary or Parent to withhold Federal, state and local income taxes or other amounts incurred by reason of the grant, vesting, exercise or disposition of an option, or the disposition of the underlying shares of Common Stock. Alternatively, the Company, a Subsidiary or Parent may require the holder to pay to it such amount, in cash, promptly upon demand.

A-5

16. LEGENDS; PAYMENT OF EXPENSES. The Company may endorse such legend or legends upon the certificates for shares of Common Stock issued upon exercise of an option under the Plan and may issue such "stop transfer" instructions to its transfer agent in respect of such shares as it determines, in its discretion, to be necessary or appropriate to (a) prevent a violation of, or to perfect an exemption from, the registration requirements of the Securities Act and any applicable state securities laws, (b) implement the provisions of the Plan or any agreement between the Company and the optionee with respect to such shares of Common Stock or (c) permit the Company to determine the occurrence of a "disqualifying disposition," as described in Section 421(b) of the Code, of the shares of Common Stock issued or transferred upon the exercise of an ISO granted under the Plan.

The Company shall pay all issuance taxes with respect to the issuance of shares of Common Stock upon the exercise of an option granted under the Plan, as well as all fees and expenses incurred by the Company in connection with such issuance.

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

17. USE OF PROCEEDS. The cash proceeds received upon the exercise of an option under the Plan shall be added to the general funds of the Company and used for such corporate purposes as the Board of Directors may determine, in its discretion.

18. SUBSTITUTIONS AND ASSUMPTIONS OF OPTIONS OF CERTAIN CONSTITUENT CORPORATIONS. Anything in this Plan to the contrary notwithstanding, the Board of Directors may, without further approval by the Company's stockholders, substitute new options for prior options of a Constituent Corporation (as such term is defined in Paragraph 19 thereof) or assume the prior options of such Constituent Corporation.

19. DEFINITIONS. For purposes of the Plan, the following terms shall be defined as set forth below:

(a) "Cause" shall mean (i) in the case of an employee or consultant, if there is a written employment or consulting agreement between the optionee and the Company, any of its Subsidiaries or a Parent which defines termination of such relationship for cause, cause as defined in such agreement, and (ii) in all other cases, cause within the meaning of applicable state law.

(b) "Constituent Corporation" shall mean any corporation which engages with the Company, any of its Subsidiaries or a Parent in a transaction to which Section 424(a) of the Code applies (or would apply if the option assumed or substituted were an ISO), or any Parent or any Subsidiary of such corporation.

(c) "Disability" shall mean a permanent and total disability within the meaning of Section 22(e)(3) of the Code.

(d) "Legal Representative" shall mean the executor, administrator or other person who at the time is entitled by law to exercise the rights of a deceased or incapacitated optionee with respect to an option granted under the Plan.

(e) "Parent" shall have the same definition as "parent corporation" in Section 424(e) of the Code.

(f) "Subsidiary" shall have the same definition as "subsidiary corporation" in Section 424(f) of the Code.

20. GOVERNING LAW; CONSTRUCTION. The Plan, the options and Contracts hereunder and all related matters shall be governed by, and construed in accordance with, the laws of the State of Delaware, without regard to conflict of law provisions.

Neither the Plan nor any Contract shall be construed or interpreted with any presumption against the Company by reason of the Company causing the Plan or Contract to be drafted. Whenever from the context it appears appropriate, any term stated in either the singular or plural shall include the singular and plural, and any term stated in the masculine, feminine or neuter gender shall include the masculine, feminine and neuter.

A-6

21. PARTIAL INVALIDITY. The invalidity, illegality or unenforceability of any provision in the Plan, any option or Contract shall not affect the validity, legality or enforceability of any other provision, all of which shall be valid, legal and enforceable to the fullest extent permitted by applicable

law.

22. STOCKHOLDER APPROVAL. The Plan shall be subject to approval by a majority of the votes present in person or by proxy and entitled to vote thereon at the next duly held meeting of the Company's stockholders at which a quorum is present. No options granted hereunder may be exercised prior to such approval; provided, however, that the date of grant of any option shall be determined as if the Plan had not been subject to such approval. Notwithstanding the foregoing, if the Plan is not approved by a vote of the stockholders of the Company on or before January 24, 2002, the Plan and any options granted hereunder shall terminate.

3.2 Leave of Absence. Unless otherwise determined by the Committee, a Participant on an unpaid leave of absence shall not be entitled to participate in any offering commencing after such unpaid leave has begun but shall not be deemed to have terminated employment for the purposes of the Plan. A Participant who, upon failing to return to work following a leave of absence, is deemed not to be an employee, shall not be entitled to participate in any offering commencing after such termination of employment and such Participant's Payroll Deduction Account shall be paid out in accordance with Section 6.1.

3.3 Common Stock Account. As a condition to participation in this Plan, each Eligible Employee shall be required to hold shares purchased hereunder in a Common Stock Account and such employee's decision to participate in the Plan shall constitute the appointment of the Custodian as custodial agent for the purpose of holding such shares. Such Common Stock Account shall be governed by, and subject to, the terms and conditions of a written agreement with the Custodian.

B-2

SECTION 4

Participation and Payroll Deductions

4.1 Enrollment. Each Eligible Employee may elect to participate in the Plan for a Plan Year by completing an enrollment form prescribed by the Committee and returning it to the Company on or before the date specified by the Committee, which date shall precede the Eligible Employee's Entry Date.

Each Participant's payroll deduction shall be credited, as soon as practicable following the relevant pay date, to a Payroll Deduction Account, pending the purchase of Common Stock in accordance with the provisions of the Plan. All such amounts shall be assets of the Company and may be used by the Company for any corporate purpose. No interest shall accrue or be paid on amounts credited to a Payroll Deduction Account.

4.4 Subsequent Plan Years. Unless otherwise specified prior to the beginning of any Plan Year on an enrollment form prescribed by the Committee, a Participant shall be deemed to have elected to participate in each subsequent Plan Year for which the Participant is eligible to the same extent and in the same manner as at the end of the prior Plan Year.

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

4.5 Changes in Participation.

(a) At any time during a Plan Year, a Participant may cease participation in the Plan by completing and filing the form prescribed by the Committee with the Company. Such cessation will become effective as soon as practicable following receipt of such form by the Company, whereupon no further payroll deductions will be made and the Company shall pay to such Participant an amount equal to the balance in the Participant's Payroll Deduction Account as soon as practicable thereafter. To the extent then eligible, any Participant who ceased to participate may elect to participate again on any subsequent Entry Date in any calendar quarter after the quarter in which such Participant ceased to participate.

(b) At any time during the Plan Year (but not more than once in any calendar quarter) a Participant may increase or decrease the percentage of Eligible Compensation subject to payroll deduction within the limits provided in Section 4.2 by filing the form prescribed by the Committee with the Company. Such increase or decrease shall become effective with the first pay period following receipt of such form to which it may be practicably applied.

SECTION 5

Offerings

5.1 Maximum Number of Shares. The Plan shall be implemented by making offerings of common stock on each investment date until the maximum number of shares of common stock available under the plan have been issued pursuant to the exercise of options.

5.2 Grant and Exercise of Options.

(a) Subject to Section 5.3, on each Investment Date, each Participant shall be deemed, subject to Section 5.4, to have been granted the option to purchase, and shall be deemed, without any further action, to have exercised such option and purchased, the number of shares of Common Stock determined by dividing the

B-3

amount credited to the Participant's Payroll Deduction Account on such date by the purchase price (as determined in paragraph (b) below). All such shares shall be credited to the Participant's Common Stock Account.

(b) The purchase price for each share of Common Stock shall be equal to eighty-five percent (85%) of the Fair Market Value of such share on the Investment Date.

5.3 Oversubscription of Shares. If the total number of shares for which options are exercised on any investment date exceeds the maximum number of shares available for the applicable offering, the company shall make an allocation of the shares available for delivery and distribution among the participants in as nearly a uniform manner as shall be practicable, and the balance of all participant's payroll deduction account shall be refunded to the participant or, in the event of the participant's death, to the participant's estate, as soon as practicable.

5.4 Limitations on Grant and Exercise of Options.

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

(a) No option granted under this Plan shall permit a participant to purchase stock under all employee stock purchase plans (as defined by code section 423(b)) of the Company and its subsidiaries at a rate which, in the aggregate, exceeds \$25,000 of the Fair Market Value (payroll deductions not in excess of \$21,250) of such stock (determined at the time the option is granted) for each calendar year in which the option is outstanding at any time.

(b) No employee who would own, immediately after the option is granted, stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any Subsidiary (a "5% owner") shall be granted an option. For purposes of determining whether an employee is a 5% owner, the rules of Code section 424(d) shall apply in determining the stock ownership of an individual and stock which the employee may purchase under outstanding options shall be treated as stock owned by the employee.

SECTION 6

Distributions of Common Stock Account -----

6.1 Termination of Employment. If a Participant's employment with the Company and its Subsidiaries terminates for any reason during a Plan Year, all shares credited to the participant's common stock account shall be distributed, and any amount credited to the Participant's Payroll Deduction Account shall be refunded to the Participant or, in the event of the Participant's death, to the Participant's estate, as soon as practicable.

6.2 During Employment. Prior to the Participant's termination of employment with the company and its Subsidiaries, a Participant may withdraw some or all of the whole shares credited to the Participant's Common Stock Account, subject to the provisions of Section 10.3.

SECTION 7

Dividends on Shares -----

All cash dividends paid with respect to shares of Common Stock held in a participant's Common Stock Account shall be invested automatically in shares of Common Stock purchased at one-hundred percent (100%) of Fair Market Value on the next Investment Date. All non-cash distributions paid on Common Stock held in a Participant's Common Stock Account shall be paid to the Participant as soon as practicable.

B-4

SECTION 8

Rights as a Stockholder -----

When a Participant purchases Common Stock pursuant to the plan or when Common Stock is credited to a participant's Common Stock Account, the participant shall have all of the rights and privileges of a stockholder of the company with respect to the shares so purchased or credited, whether or not certificates representing shares shall have been issued.

Edgar Filing: IMAGING TECHNOLOGIES CORP/CA - Form DEF 14A

SECTION 9

Options Not Transferable

Options granted under the Plan are not transferable by a Participant other than by will or the laws of descent and distribution and are exercisable during the Participant's lifetime only by the Participant.

SECTION 10

Common Stock

10.1 Reserved Shares. There shall be reserved for issuance and purchase under the Plan an aggregate of 2,500,000 shares of Common Stock, subject to adjustment as provided in section 11. Shares subject to the Plan may be shares now or hereafter authorized but unissued, treasury shares, or both.

10.2 Restrictions on Exercise. In its sole discretion, the Board of Directors may require as conditions to the exercise of any option that shares of Common Stock reserved for issuance upon the exercise of an option shall have been duly listed on any recognized national securities exchange, and that either a registration statement under the Securities Act of 1933, as amended, with respect to said shares shall be effective, or the participant shall have represented at the time of purchase, in form and substance satisfactory to the Company, that it is the participant's intention to purchase the shares for investment only and not for resale or distribution.

10.3 Restriction on Sale. Shares of Common Stock purchased hereunder shall not be transferable by a participant for a period of 12 months immediately following the Investment Date on which such shares were purchased. In addition, upon the expiration of such 12-month period, shares of Common Stock purchased hereunder shall not be transferable by a Participant for an additional 12-month period, without prior written notice to the Company on a form prescribed by the Committee.

SECTION 11

Adjustment Upon Changes in Capitalization

In the event of a subdivision or consolidation of the outstanding shares of Common Stock, or the payment of stock dividend thereon, the number of shares reserved or authorized to be reserved under this plan shall be increased or decreased, as the case may be, proportionately, and such other adjustments shall be made as may be deemed necessary or equitable by the Board of Directors. In the event of any other change affecting the common stock, such adjustments shall be made as may be deemed equitable by the Board of Directors, in its sole discretion, to give proper effect to such event, subject to the limitations of Code section 424.

SECTION 12

Administration

12.1 Appointment. The Plan shall be administered by the Committee. The Committee shall consist of two or more members who shall serve at the pleasure of the Board of

B-5

Directors. The Board of Directors may from time to time appoint members of the Committee in substitution for, or in addition to, members previously appointed and may fill vacancies, however caused, in the Committee.

12.2 Authority. Subject to the express provisions of the Plan, the Committee shall have authority to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to it, and to make all other determinations necessary or advisable in administering the Plan, all of which determinations shall be final and binding upon all persons. If and to the extent required by Securities and Exchange Commission rule 16b-3 or any successor exemption under which the Committee believes it is appropriate for the plan to qualify, the Committee may restrict a participant's ability to participate in the plan or sell any common stock received under the plan for such period as the committee deems appropriate or may impose such other conditions in connection with participation or distributions under the Plan as the Committee deems appropriate.

12.3 Committee Procedures. The Committee may select one of its members as its chairman and shall hold its meetings at such times and places as it shall deem advisable and may hold telephonic meetings. A majority of its members shall constitute a quorum. All determinations of the Committee shall be made by a majority of its members. Any decision or determination reduced to writing and signed by a majority of the members of the Committee shall be as fully effective as if it had been made by a majority vote at a meeting duly called and held. The Committee may request advice or assistance or employ such other persons as are necessary for the proper administration of the plan.

12.4 Duties of Committee. The committee shall establish and maintain records of the plan and of each payroll deduction account and common stock account established for any participant hereunder.

12.5 Plan Expenses. The company shall pay the fees and expenses of accountants, counsel, agents and other personnel and all other costs of administration of the plan.

12.6 Indemnification.
