PROXY STATEMENT FOR THE 2002 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JUNE 25, 2002

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

WHY AM I RECEIVING THESE MATERIALS?

We sent you this proxy statement and the enclosed proxy card because the board of directors of Inhale Therapeutic Systems, Inc. is soliciting your proxy to vote at its 2002 annual meeting of stockholders. You are invited to attend the annual meeting and we request that you vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, date, sign and return the enclosed proxy card.

We intend to mail this proxy statement and accompanying proxy card on or about May 17, 2002 to all stockholders of record entitled to vote at the annual meeting.

WHO CAN VOTE AT THE ANNUAL MEETING?

Only stockholders of record at the close of business on April 30, 2002 will be entitled to vote at the annual meeting. On this record date, there were 55,199,484 shares of common stock outstanding and entitled to vote.

Stockholder of record: shares registered in your name

If on April 30, 2002, your shares were registered directly in your name with our transfer agent, Mellon Investor Services LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial owner: shares registered in the name of a broker or bank

If on April 30, 2002, your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy

from your broker or other agent.

WHAT AM I VOTING ON?

There are three matters scheduled for a vote:

1. The election of two directors;
 2. An increase in the number of shares of common stock authorized for issuance under our Employee Stock Purchase Plan, as amended and restated; and
-
3. The ratification of Ernst & Young LLP as our independent auditors for fiscal year ending December 31, 2002.

HOW DO I VOTE?

For the first matter, you may either vote "For" all the nominees to the board of directors or you may abstain from voting for any nominee you specify. For the other two matters to be voted on, you may vote "For" or "Against" or abstain from voting. The procedures for voting are fairly simple:

Stockholder of record: shares registered in your name

If you are a stockholder of record, you may vote in person at the annual meeting or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, date and sign the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

Beneficial owner: shares registered in the name of broker or bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card to ensure that your vote is counted. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

HOW MANY VOTES DO I HAVE?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 30, 2002.

WHAT IF I RETURN A PROXY CARD BUT DO NOT MAKE SPECIFIC CHOICES?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted "For" the election of both nominees for director, "For" the increase in the number of shares of common stock authorized for issuance under our Employee Stock Purchase Plan, as amended and restated, and "For" the ratification of Ernst & Young LLP as our independent auditors for fiscal year ending December 31, 2002. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his best judgment.

WHO IS PAYING FOR THIS PROXY SOLICITATION?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Our directors and employees will not be paid any additional

Edgar Filing: INHALE THERAPEUTIC SYSTEMS INC - Form DEF 14A

compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

2

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

CAN I CHANGE MY VOTE AFTER SUBMITTING MY PROXY?

Yes. You can revoke your proxy at any time before the final vote at the meeting. You may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card with a later date.

You may send a written notice that you are revoking your proxy to our Secretary at 150 Industrial Road, San Carlos, California 94070.

You may attend the annual meeting and, if permitted to do so, vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

WHEN ARE STOCKHOLDER PROPOSALS DUE FOR NEXT YEAR'S ANNUAL MEETING?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by January 17, 2003, to our Secretary at 150 Industrial Road, San Carlos, California 94070. If you wish to submit a proposal that is not to be included in next year's proxy materials, you must do so no earlier than the close of business on March 27, 2003 and no later than the close of business on April 26, 2003.

HOW ARE VOTES COUNTED?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count "For" and "Against" votes, abstentions and broker non-votes ("broker non-vote" refers to a proposal for which a broker or bank holding shares in street name, i.e., as nominees for the beneficial owner, returns an executed proxy or voting directions indicating that the broker or bank does not have discretionary authority to vote on a proposal). Abstentions will be counted towards the vote total for each proposal, and will have the same effect as "Against" votes, except for Proposal 1. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

HOW MANY VOTES ARE NEEDED TO APPROVE EACH PROPOSAL?

For Proposal 1, the election of directors, the two nominees receiving the most "For" votes (among votes properly cast in person or by proxy) will be elected. Broker non-votes will have no effect.

To be approved, Proposal 2, the increase of the aggregate number of shares of common stock authorized for issuance under our Employee Stock Purchase Plan, as amended and restated, must receive a "For" vote from the majority of shares present and entitled to vote either in person or by proxy. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

To be approved, Proposal 3, the ratification of Ernst & Young LLP as our independent auditors for fiscal year ending December 31, 2002, must receive a "For" vote from the majority of shares present and entitled to vote either in person or by proxy. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

WHAT IS THE QUORUM REQUIREMENT?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by votes at the meeting or by proxy. On the record date, there were 55,199,484 shares outstanding and entitled to vote.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the chairman of the meeting or a majority of the votes present at the meeting may adjourn the meeting to another date.

HOW CAN I FIND OUT THE RESULTS OF THE VOTING AT THE ANNUAL MEETING?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in our quarterly report on Form 10-Q for the second quarter of 2002.

PROPOSAL 1

ELECTION OF DIRECTORS

Our board of directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of directors, and each class has a three-year term. Vacancies on the board may be filled only by persons elected by a majority of the remaining directors. A director elected by the board to fill a vacancy in a class shall serve for the remainder of the full term of that class, and until the director's successor is elected and qualified. Our board of directors presently has eight members. There are two directors in the class whose term of office expires in 2002: Ajit S. Gill and Melvin Perelman, Ph.D. Each of these nominees for election to this class is currently a director who was previously elected by the stockholders. If elected at the annual meeting, each of these nominees would serve until the 2005 annual meeting and until his successor is elected and has qualified, or until the director's death, resignation or removal.

PROPOSAL 2

APPROVAL OF THE EMPLOYEE STOCK PURCHASE PLAN, AS AMENDED AND RESTATED

In February 1994, our board adopted, and our stockholders subsequently approved, our Employee Stock Purchase Plan (the "Purchase Plan"). In May 2002, our board amended and restated the Purchase Plan, and, subject to stockholder approval, amended the Purchase Plan to increase the number of shares of common stock authorized for issuance under the Purchase Plan from a total of 300,000 shares to a total of 800,000 shares. Our board adopted this amendment in order to ensure that we grant purchase rights at levels determined appropriate by the board.

Since the Purchase Plan's adoption, we have not made any offerings and our employees have not purchased any shares of common stock under the Purchase Plan. As of December 31, 2001, 300,000 shares of common stock are available for future grant under the Purchase Plan.

Stockholders are requested in this Proposal 2 to approve the amendment and restatement to the Purchase Plan.

**THE BOARD OF DIRECTORS RECOMMENDS
A VOTE "FOR" PROPOSAL 2.**

The essential features of the Purchase Plan, as amended and restated, are outlined below:

PURPOSE

The purpose of the Purchase Plan is to provide a means by which our employees (and employees of any of our subsidiaries designated by the board to participate in the Purchase Plan) may be given an opportunity to purchase our common stock through payroll deductions, to assist us in retaining the services of our employees, to secure and retain the services of new employees, and to provide incentives for such persons to exert maximum efforts for our success. All of our employees are eligible to participate in the Purchase Plan.

The rights to purchase common stock granted under the Purchase Plan are intended to qualify as options issued under an "employee stock purchase plan" as that term is defined in Section 423(b) of the Internal Revenue Code of 1986, as amended (the "Code").

ADMINISTRATION

The board administers the Purchase Plan and has the final power to construe and interpret both the Purchase Plan and the rights granted under it. The board has the power, subject to the provisions of the Purchase Plan, to determine when and how rights to purchase common stock will be granted, the provisions of each offering of such rights (which need not be identical), and whether employees of any of our subsidiaries will be eligible to participate in the Purchase Plan.

The board has the power, which it has not yet exercised, to delegate administration of the Purchase Plan to a committee composed of not fewer than two members of the board. As used herein with respect to the Purchase Plan, the "board" refers to any committee the board appoints and to the board.

STOCK SUBJECT TO PURCHASE PLAN

Subject to this proposal, an aggregate of 800,000 shares of common stock is reserved for issuance under the Purchase Plan. If rights granted under the Purchase Plan expire, lapse or otherwise terminate without being exercised, the shares of common stock not purchased under such rights again become available for issuance under the Purchase Plan.

OFFERINGS

The Purchase Plan is implemented by offerings of rights to all eligible employees from time to time by the board. The maximum length for an offering under the Purchase Plan is twenty-seven months. Currently, under the Purchase Plan, each offering is twenty-four months long and is divided into four shorter "purchase periods" approximately six months long.

ELIGIBILITY

Any person who is customarily employed at least twenty hours per week and five months per calendar year by us (or by any of our parent or subsidiary designated by the board) on the first day of an offering is eligible to participate in that offering, provided that such employee has been continuously employed by us or the designated parent or subsidiary corporation for at least six months preceding the first day of the offering. Officers who are "highly compensated" as defined in the Code may be eligible to participate in the Purchase Plan.

However, no employee is eligible to participate in the Purchase Plan if, immediately after the grant of purchase rights, the employee would own, directly or indirectly, stock possessing 5% or more of the total combined voting power or value of all classes of our stock or of any of our parent or subsidiary (including any stock which such employee may purchase under all outstanding rights and options). In addition, no employee may purchase more than \$25,000 worth of common stock (determined at the fair market value of the shares at the time such rights are granted) under all of our employee stock purchase plans and any of our parent and subsidiary corporations in any calendar year.

PARTICIPATION IN THE PURCHASE PLAN

Eligible employees enroll in the Purchase Plan by delivering to us, prior to the date selected by the board as the offering date for the offering, an agreement authorizing payroll deductions of up to 15% of such employees' total compensation during the offering.

PURCHASE PRICE

The purchase price per share at which shares of common stock are sold in an offering under the Purchase Plan is the lower of (i) 85% of the fair market value of a share of common stock on first day of the offering or (ii) 85% of the fair market value of a share of common stock on the applicable purchase dates.

PAYMENT OF PURCHASE PRICE; PAYROLL DEDUCTIONS

The purchase price of the shares is accumulated by payroll deductions over the offering. At any time during the offering, a participant may reduce or terminate his or her payroll deductions as the board provides in the offering. A participant may increase or decrease such payroll deductions after the beginning of the offering as the Board provides in the offering. Further, in the case of an employee who first becomes eligible to participate as of a date specified during the offering, such employee may make payroll deductions after the beginning of the offering. All payroll deductions made for a participant are credited to his or her account under the Purchase Plan and deposited with our general funds. A participant may not make additional payments into such account.

PURCHASE OF STOCK

Upon execution of an agreement to participate in the Purchase Plan by an employee, shares of common stock are automatically purchased on the employee's behalf under the Purchase Plan. In connection with offerings made under the Purchase Plan, the board specifies a maximum number of shares of common stock an employee may be granted the right to purchase and the maximum aggregate number

of shares of common stock that may be purchased pursuant to such offering by all participants. If the aggregate number of shares to be purchased upon exercise of rights granted in the offering would exceed the maximum aggregate number of shares of common stock available, the board would make a pro rata allocation of available shares in a uniform and equitable manner. Unless the employee's participation is discontinued, his or her right to purchase shares is exercised automatically at the end of the offering at the applicable price. See "Withdrawal" below.

WITHDRAWAL

While each participant in the Purchase Plan is required to sign an agreement authorizing payroll deductions, the participant may withdraw from a given offering by terminating his or her payroll deductions and by delivering to us a notice of withdrawal from the Purchase Plan. Such withdrawal may be elected at any time prior to the end of the applicable offering.

Upon any withdrawal from an offering by the employee, we will distribute to the employee his or her accumulated payroll deductions without interest, less any accumulated deductions previously applied to the purchase of shares of common stock on the employee's behalf during such offering, and such employee's interest in the offering will be automatically terminated. The employee is not entitled to again participate in

that offering. However, an employee's withdrawal from an offering will not have any effect upon such employee's eligibility to participate in subsequent offerings under the Purchase Plan.

TERMINATION OF EMPLOYMENT

Rights granted pursuant to any offering under the Purchase Plan terminate immediately upon cessation of an employee's employment for any reason, and we will distribute to such employee all of his or her accumulated payroll deductions, without interest.

RESTRICTIONS ON TRANSFER

Rights granted under the Purchase Plan are not transferable, other than by will or the laws of descent and distribution or by a beneficiary designated by the employee in the event of the employee's death, and may be exercised only by the person to whom such rights are granted.

ADJUSTMENT PROVISIONS

Transactions not involving receipt of consideration by us, such as a merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by us, may change the type(s), class(es) and number of shares of common stock subject to the Purchase Plan and to outstanding purchase rights. In that event, the Purchase Plan will be appropriately adjusted in the type(s), class(es) and maximum number of shares subject to the Purchase Plan and the outstanding purchase rights granted under the Purchase Plan will be appropriately adjusted in the type(s), class(es), number of shares and purchase limits of such purchase rights.

EFFECT OF CERTAIN CORPORATE TRANSACTIONS

In the event of (i) the sale, lease, license or other disposition of all or substantially all of our assets, (ii) the sale or other disposition of at least 90% of our outstanding securities, (iii) the merger, consolidation or similar transactions following which we are not the surviving corporation or (iv) the merger, consolidation or similar transactions following which we are the surviving corporation but the shares of our common stock outstanding immediately preceding the merger, consolidation or similar transactions are converted or exchanged by virtue of the merger, consolidation or similar transaction into other property (collectively, "corporate transaction"), any surviving or acquiring corporation may continue

or assume rights outstanding under the Purchase Plan or may substitute similar rights. If any surviving or acquiring corporation does not continue or assume such rights or substitute similar rights, then the participants' accumulated payroll deductions will be used to purchase shares of common stock within ten days prior to the corporate transaction under the ongoing offering and the participants' rights under the ongoing offering will terminate immediately after such purchase.

DURATION, AMENDMENT AND TERMINATION

The board may suspend or terminate the Purchase Plan at any time. Unless terminated earlier, the Purchase Plan will terminate at the time that all of the shares of common stock reserved for issuance under the Purchase Plan, as increased and/or adjusted from time to time, have been issued under the terms of the Purchase Plan.

The board may amend the Purchase Plan at any time. Any amendment of the Purchase Plan must be approved by the stockholders if the amendment is necessary for the Purchase Plan to satisfy Section 423 of the Code or other applicable laws and regulations

Rights granted before amendment or termination of the Purchase Plan will not be altered or impaired by any amendment or termination of the Purchase Plan without consent of the employee to whom such rights were granted.

FEDERAL INCOME TAX INFORMATION

Rights granted under the Purchase Plan are intended to qualify for favorable federal income tax treatment associated with rights granted under an employee stock purchase plan which qualifies under provisions of Section 423 of the Code.

Edgar Filing: INHALE THERAPEUTIC SYSTEMS INC - Form DEF 14A

A participant will be taxed on amounts withheld for the purchase of shares of common stock as if such amounts were actually received. Other than this, no income will be taxable to a participant until disposition of the acquired shares, and the method of taxation will depend upon the holding period of the acquired shares.

If the stock is disposed of more than two years after the beginning of the offering period and more than one year after the stock is transferred to the participant, then the lesser of (i) the excess of the fair market value of the stock at the time of such disposition over the exercise price or (ii) the excess of the fair market value of the stock as of the beginning of the offering period over the exercise price (determined as of the beginning of the offering period) will be treated as ordinary income. Any further gain or any loss will be taxed as a long-term capital gain or loss. At present, long-term capital gain generally is subject to lower tax rates than ordinary income and short-term capital gain.

If the stock is sold or disposed of before the expiration of either of the holding periods described above, then the excess of the fair market value of the stock on the exercise date over the exercise price will be treated as ordinary income at the time of such disposition. The balance of any gain will be treated as capital gain. Even if the stock is later disposed of for less than its fair market value on the exercise date, the same amount of ordinary income is attributed to the participant, and a capital loss is recognized equal to the difference between the sales price and the fair market value of the stock on such exercise date. Any capital gain or loss will be short-term or long-term, depending on how long the stock has been held.

There are no federal income tax consequences to us by reason of the grant or exercise of rights under the Purchase Plan. We are entitled to a deduction to the extent amounts are taxed as ordinary income to a participant (subject to the requirement of reasonableness and the satisfaction of tax reporting obligations).

Our 2000 Non-Officer Equity Incentive Plan, in effect as of December 31, 2001, was adopted without the approval of our security holders. The essential features of the 2000 Non-Officer Equity Incentive Plan are outlined below.

2000 NON-OFFICER EQUITY INCENTIVE PLAN

GENERAL

Our 2000 Non-Officer Equity Incentive Plan (the "Non-Officer Plan") provides for the grant of nonstatutory stock options, stock bonuses and restricted stock purchase awards. Nonstatutory stock options granted under the Non-Officer Plan are not intended to qualify as incentive stock options under the Code. To date, we have granted only stock options under the Non-Officer Plan. An aggregate of 11,250,000 shares of common stock are reserved for issuance under the Non-Officer Plan.

PURPOSE

The board adopted the Non-Officer Plan to provide a means by which our and our affiliates' employees and consultants who are not officers and directors may be given an opportunity to purchase our stock, to assist in retaining the services of such persons, to secure and retain the services of persons capable of filling such positions and to provide incentives for such persons to exert maximum efforts for our success and our affiliates' success.

ADMINISTRATION

The board administers the Non-Officer Plan. Subject to the provisions of the Non-Officer Plan, the board has the power to construe and interpret the Non-Officer Plan and to determine the persons to whom and the dates on which awards will be granted, the number of shares of common stock to be subject to each award, the time or times during the term of each award within which all or a portion of such award may be exercised, the exercise price, the type of consideration and other terms of the award.

13

The board has the power, which it has not yet exercised, to delegate administration of the Non-Officer Plan to a committee composed of not fewer than one member of the board. As used herein with respect to the Non-Officer Plan, the "board" refers to any committee the board appoints as well as to the board itself.

STOCK SUBJECT TO THE NON-OFFICER PLAN

An aggregate of 11,250,000 shares of common stock is reserved for issuance under the Non-Officer Plan. If awards granted under the Non-Officer Plan expire or otherwise terminate without being exercised, the shares of common stock not acquired pursuant to such awards again become available for issuance under the Non-Officer Plan. If we reacquire unvested stock issued under the Non-Officer Plan, the reacquired stock will again become available for reissuance under the Non-Officer Plan for awards.

ELIGIBILITY

Our employees and consultants, and our affiliates' employees and consultants, who are neither officers nor directors, are eligible to receive awards under the Non-Officer Plan.

TERMS OF AWARDS

Exercise Price; Payment. The exercise price of options and purchase price of restricted stock purchase awards are determined by the board. Stock bonuses may be awarded in consideration for past services actually rendered to us or any of our affiliates.

The exercise price of options granted under the Non-Officer Plan must be paid either (i) in cash at the time the option is exercised, or (ii) or at the discretion of the board at the time of the grant by delivery to us of our common stock, pursuant to a deferred payment arrangement or in any other form of legal consideration acceptable to the board. The purchase price of restricted stock purchase awards granted under the Non-Officer Plan must be paid (i) in cash at the time of purchase, (ii) at the discretion of the board, according to a deferred payment arrangement or (iii) in any other form of legal consideration acceptable to the board.

Vesting. Awards granted by the board under the Non-Officer Plan may become exercisable or released from our repurchase option in cumulative increments as determined by the board. The board has the power to accelerate the time at which an award may vest or be exercised. In addition, options granted under the Non-Officer Plan may include an early exercise provision to permit exercise prior to vesting, but the unvested portion may be subject to our repurchase option or to any other restriction determined by the board as appropriate.

Edgar Filing: INHALE THERAPEUTIC SYSTEMS INC - Form DEF 14A

Term. The term of options granted under the Non-Officer Plan shall be determined by the board in its sole discretion. Options granted under the Non-Officer Plan generally terminate three months after termination of the holder's continuous service with us unless (i) such termination is due to the holder's permanent and total disability, in which case the Non-Officer Plan provides that the option may be exercised (to the extent the option was exercisable at the time of the termination of service) at any time within 12 months of such termination or the expiration of the term of the option as set forth in the option agreement; (ii) the holder dies before the holder's service has terminated or within a certain time period following termination of service, in which case the Non-Officer Plan provides that the option may be exercised in full within 18 months following death; or (iii) the option by its terms specifically provides otherwise. A holder may designate a beneficiary who may exercise the option following the holder's death. Individual option grants by their terms may provide for exercise within a longer period of time following termination of service.

The option term generally is extended in the event that exercise of the option within these periods is prohibited. A holder's option agreement may provide that if the exercise of the option following the termination of the holder's service would result in liability under the Securities Act of 1933, as amended

14

(the "1933 Act"), then the option shall terminate on the expiration of three months after the termination of the holder's service during which the exercise of the option would not be in violation of such registration requirements.

RESTRICTIONS ON TRANSFER

Options may be transferable to the extent provided in the option agreement. If the option does not provide for transferability, then the option shall not be transferable except by will or by the laws of descent and distribution, and shall be exercisable during the lifetime of the holder only by the holder. The holder may designate a third party to exercise the option in the event of the death of the holder. Stock awards may be transferable only upon such terms and conditions as set forth in the stock award agreement, so long as such stock awarded remain subject to the agreement.

ADJUSTMENT PROVISIONS

Transactions not involving receipt of consideration by us, such as a merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transactions not involving the receipt of consideration by us, may change the type(s), class(es) and number of shares of common stock subject to the Non-Officer Plan and outstanding awards. In that event, the Non-Officer Plan will be appropriately adjusted as to the type(s), class(es) and the maximum number of shares of common stock subject to the Non-Officer Plan, and outstanding awards will be adjusted as to the type(s), class(es), number of shares and price per share of common stock subject to such awards.

EFFECT OF CERTAIN CORPORATE TRANSACTIONS

In the event of (i) the sale, lease or other disposition of all or substantially all of our assets, (ii) a merger or consolidation in which we are not the surviving corporation or (iii) a reverse merger in which we are the surviving corporation but the shares of common stock outstanding immediately preceding the merger are converted by virtue of the merger into other property (collectively, "corporate transaction"), then any surviving or acquiring corporation shall assume awards outstanding under the Non-Officer Plan or shall substitute similar awards. If any surviving or acquiring corporation does not assume such awards or to substitute similar awards, then with respect to awards held by holders whose service with us or an affiliate of ours has not terminated as of the effective date of the corporate transaction, the vesting of such awards (and, if applicable, the time during which such awards may be exercised) will be accelerated in full and the awards will terminate if not exercised (if applicable) at or prior to such effective date.

The Non-Officer Plan also provides that, in the event of an acquisition by any person, entity or group within the meaning of Section 13(d) or 14(d) of the Securities and Exchange Act of 1934, as amended (the "1934 Act"), of the beneficial ownership (within the meaning of Rule 13d-3 promulgated under the 1934 Act) of our securities representing at least fifty percent of the combined voting power entitled to vote in the election of directors and provided that such acquisition is not as a result of, and does not constitute, a corporate transaction, then with respect to stock awards held by holder whose service with us has not terminated, the vesting of such awards (and, if applicable, the time during which such stock awards may be exercised) shall be accelerated in full.

The acceleration of an award in the event of an acquisition, corporate transaction or a change in control event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain our control.

DURATION, AMENDMENT AND TERMINATION

The board may suspend or terminate the Non-Officer Plan without stockholder approval or ratification at any time or from time to time.

15

FEDERAL INCOME TAX INFORMATION

Nonstatutory Stock Options, Restricted Stock Purchase Awards and Stock Bonuses. Nonstatutory stock options, restricted stock purchase awards and stock bonuses granted under the Non-Officer Plan generally have the following federal income tax consequences.

There are no tax consequences to the holder or us by reason of the grant. Upon acquisition of the stock, the holder normally will recognize taxable ordinary income equal to the excess, if any, of the stock's fair market value on the acquisition date over the purchase price. However, to the extent the stock is subject to certain types of vesting restrictions, the taxable event will be delayed until the vesting restrictions lapse unless the participant elects to be taxed on receipt of the stock. With respect to employees, we are generally required to withhold from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness and the satisfaction of a tax reporting obligation, we will generally be entitled to a business expense deduction equal to the taxable ordinary income recognized by the holder.

Upon disposition of the stock, the holder will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon acquisition (or vesting) of the stock. Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year.

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The board has selected Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2002, and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the annual meeting. Ernst & Young LLP has audited our financial statements since our inception in 1990. Representatives of Ernst & Young LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent auditors. However, our board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee and the board will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee and the board in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in our best interests and our stockholders' best interests.

AUDIT FEES. During the fiscal year ended December 31, 2001, the aggregate fees billed by Ernst & Young LLP for the audit of our financial statements for such fiscal year and for the review of our interim financial statements was \$231,000.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES. During the fiscal year ended December 31, 2001, there were no fees billed by Ernst & Young LLP for information technology consulting.

ALL OTHER FEES. During fiscal year ended December 31, 2001, the aggregate fees billed by Ernst & Young LLP for professional services other than audit and information technology consulting fees was \$868,000. Of the \$868,000, \$684,000 was related to services associated with fees for pension audits, business acquisitions, accounting consultations and Securities and Exchange Commission ("SEC") registration statements and \$184,000 was related to tax services.

The audit committee has determined the rendering of the information technology consulting fees and all other non-audit services by Ernst & Young LLP is compatible with maintaining the auditor's independence.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act requires directors and executive officers, and persons who beneficially own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than 10% stockholders are required by the SEC to furnish us with copies of all Section 16(a) forms that they file.

EXECUTIVE COMPENSATION

COMPENSATION OF DIRECTORS

Each of our non-employee director receives an annual retainer of \$15,000. In the fiscal year ended December 31, 2001, the total cash compensation paid to non-employee directors for service as directors was \$60,000. The members of the board are also eligible for reimbursement for their expenses incurred in connection with attendance at board meetings in accordance with our policy.

Upon their election and reelection, to the extent available under our 1994 Non-Employee Directors' Stock Option Plan (the "Non-Employee Directors' Plan"), each member of our board who is not an employee is automatically granted under our Non-Employee Directors' Plan without the board's or the stockholders' further action, an option to purchase 30,000 shares of our common stock for each three-year term to which he is elected. The non-employee directors who began with a one or a two-year term when we first instituted the staggered board or who are appointed to the board mid-term were granted 10,000 and 20,000 shares of common stock, respectively. Vesting is annually over the period of the term being served (in the event a non-employee director resigns during the year, our practice has been to vest the options monthly based on such director's actual service). Only non-employee directors are eligible to receive options under the Non-Employee Directors' Plan. Options granted under the Non-Employee Directors' Plan are intended not to qualify as incentive stock options under the Code. The exercise price of options granted under the Non-Employee Directors' Plan is 100% of the fair market value of the common stock subject to the option on the date of the option grant. Option grants under the Non-Employee Directors' Plan are non-discretionary. The term of options granted under the Non-Employee Directors' Plan is ten years. In the event of a merger with or into another corporation or a consolidation in which we are the surviving corporation, with the outstanding shares of our common stock immediately preceding the merger being converted by virtue of the merger into other property, or any other capital reorganization in which 50% of our shares entitled to vote are exchanged, the vesting of each option will accelerate in full and the option will terminate if not exercised prior to the consummation of the transaction. To the extent shares have been unavailable under the Non-Employee Directors' Plan, our practice has been to make grants in the amounts to which such directors would otherwise be entitled under our 2000 Equity Incentive Plan. Non-employee directors are also eligible for discretionary grants of options under our 2000 Equity Incentive Plan.

Options to purchase an aggregate of 480,200 shares of common stock have been granted to current non-employee directors under the Non-Employee Directors' Plan and the 2000 Equity Incentive Plan as of March 31, 2002, of which options to purchase 150,600 shares have been exercised. Options to purchase an aggregate of 3,857,292 shares of common stock have been granted to directors who are our employees as of March 31, 2002, of which options to purchase 1,468,245 shares have been exercised as of March 31, 2002.

On November 15, 2000, Mr. Gabrielson, a former director, exercised options to purchase 3,333 shares of our common stock pursuant to a grant he received on June 6, 2000. On April 1, 1999, Mr. Lerner entered into a consulting agreement with us. Please see "Certain Relationships and Related Transactions" for further detail on this arrangement.

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

In January 1995, the board amended the provisions of existing option grant forms under our 2000 Equity Incentive Plan to provide that upon a change in control, the vesting of all outstanding options held by executive officers would be accelerated by two years. This acceleration also applies to all subsequent grants made to executive officers. Options also accelerate and vest in full upon a change in control, asset sale, merger, consolidation or reverse merger, as described in our 2000 Equity Incentive Plan, in the event the acquiring company does not assume the options or does not substitute similar options. The options will also accelerate and vest in full upon a securities acquisition, as described in our 2000 Equity Incentive Plan.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION¹

The Board of Directors has delegated to the Compensation Committee the authority to establish and administer the Company's compensation programs. The Compensation Committee is comprised of two non-employee Directors: Messrs. Lerner and Glavin. The Compensation Committee is responsible for: (i) determining the most effective total executive compensation strategy, based upon the business needs of the Company and consistent with stockholders' interests; (ii) administering the Company's executive compensation plans, programs and policies; (iii) monitoring corporate performance and its relationship to compensation of executive officers; and (iv) making appropriate recommendations concerning matters of executive compensation.

COMPENSATION PHILOSOPHY

The primary goals of the compensation program are to align compensation with the attainment of key business objectives and to enable the Company to attract, retain and reward capable executives who can contribute to the continued success of the Company. Equity participation and a strong alignment to stockholders' interests are key elements of the Company's compensation philosophy. Four key goals form the basis for

compensation decisions for all employees of the Company:

1. To attract and retain the most highly qualified management and employee team;
2. To emphasize sustained performance by aligning rewards with stockholder interests, especially through the use of equity participation programs;
3. To pay competitively compared to similar drug delivery and biopharmaceutical companies and to provide appropriate reward opportunities for achieving high levels of performance compared to similar organizations in the marketplace; and
4. To motivate executives and employees to achieve the Company's annual and long-term business goals and encourage behavior toward the fulfillment of those objectives.

To meet these goals, the Compensation Committee has adopted a mix among the compensation elements of salary, stock options and bonuses.

¹ The material in this report is not "soliciting material," is not deemed "filed with the SEC and is not to be incorporated by reference in any of our filings under the 1933 Act or the 1934 Act whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

BASE SALARY

The Compensation Committee recognizes the importance of maintaining compensation practices and levels of compensation competitive with drug delivery and biopharmaceutical companies in comparable stages of development. Base salary represents the fixed component of the executive compensation program. The Company's philosophy regarding base salaries is conservative, maintaining salaries approximately at the competitive industry median. Base salary levels are established on an annual review of marketplace competitiveness with similar pharmaceutical and drug delivery companies and on the basis of individual performance. Periodic increases in base salary are the result of individual contributions evaluated against established performance objectives, relative success toward achieving the Company's annual and long-term business goals, length of service with the Company and an annual salary survey of comparable companies in Inhale's industry. Base salaries for executives were increased for fiscal 2001 to a level consistent with the industry median. In 2001, the Company continued the variable compensation program implemented in 1996 for all employees, including all executive officers, which provides that a portion of total compensation is variable based on certain qualitative and quantitative criteria for both the Company and each employee.

STOCK OPTIONS

The option plans offered by the Company have been established to provide all executive officers of the Company with an opportunity to share, along with the stockholders of the Company, in the long-term performance of the Company. The Compensation Committee strongly believes that a goal of the compensation program should be to provide key employees who have significant responsibility for the management, growth and future success of the Company with an opportunity to increase their ownership of the Company and potentially gain financially from Company stock price increases. The interests of stockholders, executives and employees should thereby be closely aligned. Executives and employees are eligible to receive stock options generally not more often than once a year, giving them the right to purchase shares of Common Stock of the Company in the future at a price equal to fair market value at the date of grant. All grants must be exercised according to the provisions of the Company's stock option plans. All outstanding options expire ten years from the date of grant.

As the base salaries for executive officers of the Company are in the mid-range for comparable companies, the Company has used stock options as a primary incentive to attract and retain its executive officers. Option amounts are based on salary grade within the Company and overall Company and individual performance. After considering the criteria relating to awarding stock options, the Compensation Committee determined that all executive officers, including the Chief Executive Officer, would receive option grants in fiscal 2001. The options granted to executive officers in fiscal 2001 include options which vest monthly over five years commencing upon the date of grant, as well as providing "evergreen" options, which typically vest over a twelve month period commencing four years after the date of grant.

Section 162(m) of the Code limits the Company to a deduction for federal income tax purposes of no more than \$1.0 million of compensation paid to certain Named Executive Officers in a taxable year. Compensation above \$1.0 million may be deducted if it is "performance-based compensation" within the meaning of the Code. The Compensation Committee believes that at the present time it is unlikely that the compensation paid to any Named Executive Officer in a taxable year, which is subject to the deduction limit, will exceed \$1.0 million. However, the Compensation Committee has determined that stock awards granted under the Equity Incentive Plan with an exercise price at least equal to the fair market value of the Company's Common Stock on the date of grant shall be treated as "performance-based compensation."

BONUSES

Bonus awards are another component of the compensation program. Bonuses, if any, are linked to the achievement of specified corporate goals, which is determined at the discretion of the Board of Directors upon the recommendation of the Compensation Committee. Corporate performance goals on which 2001 bonuses were based were: our acquisitions of Shearwater Corporation and Bradford Particle Design and the integration of these wholly-owned subsidiaries and acquired technologies into the Company's business operations; the successful attainment of anticipated milestones generating payments under current partnered projects; progress in further establishing the necessary infrastructure to support commercialization at anticipated levels; signing of new collaborative partners and converting existing collaborative partners with feasibility agreements to long-term development agreements; advancing our delivery system technology by improving the performance and efficiency of the inhalation device, powder processing and powder filling; and advancing the commercial readiness of our manufacturing facilities. In January 2002, the Compensation Committee reviewed the Company's 2001 corporate performance goals and determined that these goals had been substantially achieved. Based on such achievement, the Compensation Committee awarded bonuses for 2001 for all executive officers.

CEO COMPENSATION

The Compensation Committee determines compensation for the Chief Executive Officer by analyzing the same factors and criteria upon which other executive officers' compensation is based. In its July 2001 and January 2002 meetings, the Compensation Committee awarded Mr. Gill a bonus of approximately 50% of base salary earned over the prior six months based on their determination that the corporate performance goals established for the Company in 2001 had been substantially achieved. In May 2001, the Compensation Committee agreed to recommend to the Board that Mr. Gill receive an increase in salary and stock option grants for these same reasons. Under the Company's executive compensation program, the total compensation mix for senior executives emphasizes longer-term rewards in the form of stock options. In 2001, Mr. Gill received option grants to purchase 370,000 shares of the Company's Common Stock at the fair market value of the Common Stock on the date of grant, of which 70,000 were evergreen grants.

SUMMARY

The Compensation Committee believes that the compensation of executives by the Company is appropriate and competitive with the compensation programs provided by other drug delivery and biopharmaceutical companies with which the Company competes for executives and employees. The Compensation Committee believes its compensation strategy, principles and practices result in a compensation program tied to stockholder returns and linked to the achievement of annual and longer-term financial and operational results of the Company on behalf of the Company's stockholders.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS²

Our audit committee is currently comprised of three non-employee directors, Mr. Kuebler, Dr. Perelman and Mr. Whitfield (the board appointed Mr. Whitfield on June 1, 2001 and Mr. Kuebler on December 13, 2001; Mr. Glavin resigned from the audit committee on December 13, 2001). Under currently applicable rules, all members of the audit committee are independent. Our board has adopted a written charter for the audit committee, which was included as an appendix to last year's proxy statement.

The audit committee held five meetings during 2001. The meetings were designed to facilitate and encourage private communication between the audit committee and our independent public auditors, Ernst & Young LLP.

During these meetings, the audit committee reviewed and discussed the audited financial statements with management and Ernst & Young LLP. The audit committee believes that management maintains an effective system of internal controls that results in fairly presented financial statements. Based on these discussions, the audit committee recommended to our board that the audited financial statements be included in our Annual Report on Form 10-K.

The audit committee determined that the provision of the non-audit services by Ernst & Young LLP during 2001 was compatible with maintaining the principal auditors' independence.

The discussions with Ernst & Young LLP also included the matters required by Statement on Auditing Standards No. 61. The audit committee received written disclosures and the letter from Ernst & Young LLP regarding its independence as required by Independence Standards Board Standard No. 1. This information was discussed with Ernst & Young LLP.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our bylaws provide that we will indemnify our directors and may indemnify our officers, employees and other agents to the fullest extent permitted by Delaware law. We are also empowered under our bylaws to enter into indemnification contracts with our directors and officers and to purchase insurance on behalf of any person whom we are required or permitted to indemnify.

In addition, our Amended and Restated Certificate of Incorporation, as amended, provides that the liability of directors for monetary damages shall be eliminated to the fullest extent permissible under Delaware law. Pursuant to Delaware law, our directors shall not be liable for monetary damages for breach of the directors' fiduciary duty of care to us and our stockholders. However, this provision does not eliminate the

duty of care, and in appropriate circumstances, equitable remedies such as injunctive or other forms of nonmonetary relief will remain available under Delaware law. In addition, each director will continue to be subject to liability for (i) breach of the directors' duty of loyalty to us or our stockholders, (ii) acts or omissions, (iii) violation of Section 174 of the Delaware General Corporation Law, or (iv) any transaction from which the director derived an improper personal benefit. The provision also does not affect a director's responsibilities under any other law, such as the federal securities laws or state or federal environmental laws.

On April 1, 1999, Mr. Lerner entered into a consulting agreement with us. Pursuant to the agreement, Mr. Lerner may perform consulting services relating to product marketing and general business issues of at least four half days per year as well as telephone discussions as needed in consideration for his standard consulting fee. In 2001, Mr. Lerner received no consulting fees for services performed for us.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be "householding" our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker, direct your written request to our Secretary at 150 Industrial Road, San Carlos, California 94070 or contact our Secretary at (650) 631-3100. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker.

31

OTHER MATTERS

The board knows of no other matters that will be presented for consideration at the annual meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

If administration is delegated to a Committee, references to the Board in this Plan and in the Offering document shall thereafter be deemed to be to the Board or the Committee, as the case may be.

4. SHARES OF COMMON STOCK SUBJECT TO THE PLAN.

Subject to the provisions of Section 14 relating to adjustments upon changes in securities, the shares of Common Stock that may be sold pursuant to Purchase Rights shall not exceed in the aggregate eight hundred thousand (800,000) shares of Common Stock. If any Purchase Right granted under the Plan shall for any reason terminate without having been exercised, the shares of Common Stock not purchased under such Purchase Right shall again become available for issuance under the Plan.

5. GRANT OF PURCHASE RIGHTS; OFFERING.

(a) The Board may from time to time grant or provide for the grant of Purchase Rights to purchase shares of Common Stock under the Plan to Eligible Employees in an Offering (consisting of one or more Purchase Periods) on an Offering Date or Offering Dates selected by the Board. Each Offering shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate, which shall comply with the requirement of Section 423(b)(5) of the Code that all Employees granted Purchase Rights shall have the same rights and privileges. The terms and conditions of an Offering shall be incorporated by reference into the Plan and treated as part of the Plan. The provisions of separate Offerings need not be identical, but each Offering shall include (through incorporation of the provisions of this Plan by reference in the document comprising the Offering or otherwise) the period during which the Offering shall be

A-3

effective, which period shall not exceed twenty-seven (27) months beginning with the Offering Date, and the substance of the provisions contained in Sections 6 through 9, inclusive.

(b) If a Participant has more than one Purchase Right outstanding under the Plan, unless he or she otherwise indicates in agreements or notices delivered hereunder: (i) each agreement or notice delivered by that Participant shall be deemed to apply to all of his or her Purchase Rights under the Plan, and (ii) a Purchase Right with a lower exercise price (or an earlier-granted Purchase Right, if different Purchase Rights have identical exercise prices) shall be exercised to the fullest possible extent before a Purchase Right with a higher exercise price (or a later-granted Purchase Right if different Purchase Rights have identical exercise prices) shall be exercised.

6. ELIGIBILITY.

(a) Purchase Rights may be granted only to Employees of the Company or, as the Board may designate as provided in Section 3(b), to Employees of a Related Corporation. Except as provided in Section 6(b), an Employee shall not be eligible to be granted Purchase Rights under the Plan unless, on the Offering Date, such Employee has been in the employ of the Company or the Related Corporation, as the case may be, for such continuous period preceding such Offering Date as the Board may require, but in no event shall the required period of continuous employment be greater than two (2) years. In addition, the Board may provide that no Employee shall be eligible to be granted Purchase Rights under the Plan unless, on the Offering Date, such Employee's customary employment with the Company or the Related Corporation is more than twenty (20) hours per week and more than five (5) months per calendar year.

(b) The Board may provide that each person who, during the course of an Offering, first becomes an Eligible Employee shall, on a date or dates specified in the Offering which coincides with the day on which such person becomes an Eligible Employee or which occurs thereafter,

Edgar Filing: INHALE THERAPEUTIC SYSTEMS INC - Form DEF 14A

receive a Purchase Right under that Offering, which Purchase Right shall thereafter be deemed to be a part of that Offering. Such Purchase Right shall have the same characteristics as any Purchase Rights originally granted under that Offering, as described herein, except that:

(i) the date on which such Purchase Right is granted shall be the "Offering Date" of such Purchase Right for all purposes, including determination of the exercise price of such Purchase Right;

(ii) the period of the Offering with respect to such Purchase Right shall begin on its Offering Date and end coincident with the end of such Offering; and

(iii) the Board may provide that if such person first becomes an Eligible Employee within a specified period of time before the end of the Offering, he or she shall not receive any Purchase Right under that Offering.

(c) No Employee shall be eligible for the grant of any Purchase Rights under the Plan if, immediately after any such Purchase Rights are granted, such Employee owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Related Corporation. For purposes of this Section 6(c), the rules of Section 424(d) of the Code shall apply in determining the stock ownership of any Employee, and stock which such Employee may purchase under all outstanding Purchase Rights and options shall be treated as stock owned by such Employee.

(d) As specified by Section 423(b)(8) of the Code, an Eligible Employee may be granted Purchase Rights under the Plan only if such Purchase Rights, together with any other rights granted under all Employee Stock Purchase Plans of the Company and any Related Corporations, do not permit such Eligible Employee's rights to purchase stock of the Company or any Related Corporation to accrue at a rate which exceeds twenty five thousand dollars (\$25,000) of Fair Market Value of such stock (determined at the time such rights are granted, and which, with respect to the Plan, shall be determined as of their respective Offering Dates) for each calendar year in which such rights are outstanding at any time.

A-4

(e) Officers of the Company and any designated Related Corporation, if they are otherwise Eligible Employees, shall be eligible to participate in Offerings under the Plan. Notwithstanding the foregoing, the Board may provide in an Offering that Employees who are highly compensated Employees within the meaning of Section 423(b)(4)(D) of the Code shall not be eligible to participate.

7. PURCHASE RIGHTS; PURCHASE PRICE.

(a) On each Offering Date, each Eligible Employee, pursuant to an Offering made under the Plan, shall be granted a Purchase Right to purchase up to that number of shares of Common Stock purchasable either with a percentage or with a maximum dollar amount, as designated by the Board, but in either case not exceeding fifteen percent (15%), of such Employee's Earnings (as defined by the Board in each Offering) during the period that begins on the Offering Date (or such later date as the Board determines for a particular Offering) and ends on the date stated in the Offering, which date shall be no later than the end of the Offering.

(b) The Board shall establish one (1) or more Purchase Dates during an Offering as of which Purchase Rights granted pursuant to that Offering shall be exercised and purchases of shares of Common Stock shall be carried out in accordance with such Offering.

(c) In connection with each Offering made under the Plan, the Board may specify a maximum number of shares of Common Stock that may be purchased by any Participant on any Purchase Date during such Offering. In connection with each Offering made under the Plan, the Board may specify a maximum aggregate number of shares of Common Stock that may be purchased by all Participants pursuant to such Offering. In addition, in connection with each Offering that contains more than one Purchase Date, the Board may specify a maximum aggregate number of shares of Common Stock that may be purchased by all Participants on any given Purchase Date under the Offering. If the aggregate purchase of shares of Common Stock issuable upon exercise of Purchase Rights granted under the Offering would exceed any such maximum aggregate number, then, in the absence of any Board action otherwise, a pro rata allocation of the shares of Common Stock available shall be made in as nearly a uniform manner as shall be practicable and equitable.

(d) The purchase price of shares of Common Stock acquired pursuant to Purchase Rights shall be not less than the lesser of:

(i) an amount equal to eighty-five percent (85%) of the Fair Market Value of the shares of Common Stock on the Offering Date;
or

(ii) an amount equal to eighty-five percent (85%) of the Fair Market Value of the shares of Common Stock on the applicable Purchase Date.

8. PARTICIPATION; WITHDRAWAL; TERMINATION.

(a) A Participant may elect to authorize payroll deductions pursuant to an Offering under the Plan by completing and delivering to the Company, within the time specified in the Offering, an enrollment form (in such form as the Company may provide). Each such enrollment form shall authorize an amount of Contributions expressed as a percentage of the submitting Participant's Earnings (as defined in each Offering) during the Offering (not to exceed the maximum percentage specified by the Board). Each Participant's Contributions shall be credited to a bookkeeping account for such Participant under the Plan and shall be deposited with the general funds of the Company except where applicable law requires that Contributions be deposited with a third party. To the extent provided in the Offering, a Participant may begin such Contributions after the beginning of the Offering. To the extent provided in the Offering, a Participant may thereafter reduce (including to zero) or increase his or her Contributions.

A-5

(b) During an Offering, a Participant may cease making Contributions and withdraw from the Offering by delivering to the Company a notice of withdrawal in such form as the Company may provide. Such withdrawal may be elected at any time prior to the end of the Offering, except as provided otherwise in the Offering. Upon such withdrawal from the Offering by a Participant, the Company shall distribute to such Participant all of his or her accumulated Contributions (reduced to the extent, if any, such deductions have been used to acquire shares of Common Stock for the Participant) under the Offering, and such Participant's Purchase Right in that Offering shall thereupon terminate. A Participant's withdrawal from an Offering shall have no effect upon such Participant's eligibility to participate in any other Offerings under the Plan, but such Participant shall be required to deliver a new enrollment form in order to participate in subsequent Offerings.

(c) Purchase Rights granted pursuant to any Offering under the Plan shall terminate immediately upon a Participant ceasing to be an Employee for any reason or for no reason (subject to any post-employment participation period required by law) or other lack of eligibility. The Company shall distribute to such terminated or otherwise ineligible Employee all of his or her accumulated Contributions (reduced to the extent, if any, such deductions have been used to acquire shares of Common Stock for the terminated or otherwise ineligible Employee) under the Offering.

(d) Purchase Rights shall not be transferable by a Participant otherwise than by will or the laws of descent and distribution, or by a beneficiary designation as provided in Section 13 and, during a Participant's lifetime, shall be exercisable only by such Participant.

(e) Unless otherwise specified in an Offering, the Company shall have no obligation to pay interest on Contributions.

9. EXERCISE.

(a) On each Purchase Date during an Offering, each Participant's accumulated Contributions shall be applied to the purchase of shares of Common Stock up to the maximum number of shares of Common Stock permitted pursuant to the terms of the Plan and the applicable Offering, at the purchase price specified in the Offering. No fractional shares shall be issued upon the exercise of Purchase Rights unless specifically provided for in the Offering.

(b) If any amount of accumulated Contributions remains in a Participant's account after the purchase of shares of Common Stock and such remaining amount is less than the amount required to purchase one share of Common Stock on the final Purchase Date of an Offering, then such remaining amount shall be held in such Participant's account for the purchase of shares of Common Stock under the next Offering under the Plan, unless such Participant withdraws from such next Offering, as provided in Section 8(b), or is not eligible to participate in such Offering, as provided in Section 6, in which case such amount shall be distributed to such Participant after the final Purchase Date, without interest. If the amount of Contributions remaining in a Participant's account after the purchase of shares of Common Stock is at least equal to the amount required to purchase one (1) whole share of Common Stock on the final Purchase Date of the Offering, then such remaining amount shall be distributed in full to such Participant at the end of the Offering.

(c) No Purchase Rights may be exercised to any extent unless the shares of Common Stock to be issued upon such exercise under the Plan are covered by an effective registration statement pursuant to the Securities Act and the Plan is in material compliance with all applicable federal, state, foreign and other securities and other laws applicable to the Plan. If on a Purchase Date during any Offering hereunder the shares of Common Stock are not so registered or the Plan is not in such compliance, no Purchase Rights or any Offering shall be exercised on such Purchase Date, and the Purchase Date shall be delayed until the shares of Common Stock are subject to such an effective registration statement and the Plan is in such compliance, except that the Purchase Date shall not be delayed more than twelve (12) months and the Purchase Date shall in no event be more than twenty-seven (27) months from the Offering Date. If, on the

Purchase Date under any Offering hereunder, as delayed to the maximum extent permissible, the shares of Common Stock are not registered and the Plan is not in such compliance, no Purchase Rights or any Offering shall be exercised and all Contributions accumulated during the Offering (reduced to the extent, if any, such deductions have been used to acquire shares of Common Stock) shall be distributed to the Participants.

10. COVENANTS OF THE COMPANY.

The Company shall seek to obtain from each federal, state, foreign or other regulatory commission or agency having jurisdiction over the Plan such authority as may be required to issue and sell shares of Common Stock upon exercise of the Purchase Rights. If, after commercially reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of shares of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell shares of Common Stock upon exercise of such Purchase Rights unless and until such authority is obtained.

11. USE OF PROCEEDS FROM SHARES OF COMMON STOCK.

Proceeds from the sale of shares of Common Stock pursuant to Purchase Rights shall constitute general funds of the Company.

12. RIGHTS AS A STOCKHOLDER.

A Participant shall not be deemed to be the holder of, or to have any of the rights of a holder with respect to, shares of Common Stock subject to Purchase Rights unless and until the Participant's shares of Common Stock acquired upon exercise of Purchase Rights are recorded in the books of the Company (or its transfer agent).

13. DESIGNATION OF BENEFICIARY.

(a) A Participant may file a written designation of a beneficiary who is to receive any shares of Common Stock and/or cash, if any, from the Participant's account under the Plan in the event of such Participant's death subsequent to the end of an Offering but prior to delivery to the Participant of such shares of Common Stock or cash. In addition, a Participant may file a written designation of a beneficiary who is to receive any cash from the Participant's account under the Plan in the event of such Participant's death during an Offering.

(b) The Participant may change such designation of beneficiary at any time by written notice to the Company. In the event of the death of a Participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Participant's death, the Company shall deliver such shares of Common Stock and/or cash to the executor or administrator of the estate of the Participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its sole discretion, may deliver such shares of Common Stock and/or cash to the spouse or to any one or more dependents or relatives of the Participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

14. ADJUSTMENTS UPON CHANGES IN SECURITIES; CORPORATE TRANSACTIONS.

(a) If any change is made in the shares of Common Stock, subject to the Plan, or subject to any Purchase Right, without the receipt of consideration by the Company (through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), the Plan shall be appropriately adjusted in the type(s), class(es) and maximum number of shares of Common Stock subject

to the Plan pursuant to Section 4(a), and the outstanding Purchase Rights shall be appropriately adjusted in the type(s), class(es), number of shares and purchase limits of such outstanding Purchase Rights. The Board shall make such adjustments, and its determination shall be final, binding and conclusive. (The conversion of any convertible securities of the Company shall not be treated as a "transaction not involving the receipt of consideration by the Company.")

(b) In the event of a Corporate Transaction, then: (i) any surviving or acquiring corporation may continue or assume Purchase Rights outstanding under the Plan or may substitute similar rights (including a right to acquire the same consideration paid to stockholders in the

Edgar Filing: INHALE THERAPEUTIC SYSTEMS INC - Form DEF 14A

Corporate Transaction) for those outstanding under the Plan, or (ii) if any surviving or acquiring corporation does not continue or assume such Purchase Rights or does not substitute similar rights for Purchase Rights outstanding under the Plan, then, the Participants' accumulated Contributions shall be used to purchase shares of Common Stock within ten (10) business days prior to the Corporate Transaction under the ongoing Offering, and the Participants' Purchase Rights under the ongoing Offering shall terminate immediately after such purchase.

15. AMENDMENT OF THE PLAN.

(a) The Board at any time, and from time to time, may amend the Plan. However, except as provided in Section 14 relating to adjustments upon changes in securities and except as to amendments solely to benefit the administration of the Plan, to take account of a change in legislation or to obtain or maintain favorable tax, exchange control or regulatory treatment for Participants or the Company or any Related Corporation, no amendment shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary for the Plan to satisfy the requirements of Section 423 of the Code or other applicable laws or regulations.

(b) It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Employee Stock Purchase Plans and/or to bring the Plan and/or Purchase Rights into compliance therewith.

(c) The rights and obligations under any Purchase Rights granted before amendment of the Plan shall not be impaired by any amendment of the Plan except: (i) with the consent of the person to whom such Purchase Rights were granted, or (ii) as necessary to comply with any laws or governmental regulations (including, without limitation, the provisions of the Code and the regulations promulgated thereunder relating to Employee Stock Purchase Plans).

16. TERMINATION OR SUSPENSION OF THE PLAN.

(a) The Board in its discretion may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate at the time that all of the shares of Common Stock reserved for issuance under the Plan, as increased and/or adjusted from time to time, have been issued under the terms of the Plan. No Purchase Rights may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) Any benefits, privileges, entitlements and obligations under any Purchase Rights while the Plan is in effect shall not be impaired by suspension or termination of the Plan except (i) as expressly provided in the Plan or with the consent of the person to whom such Purchase Rights were granted, (ii) as necessary to comply with any laws, regulations, or listing requirements, or (iii) as necessary to ensure that the Plan and/or Purchase Rights comply with the requirements of Section 423 of the Code.

A-8

17. EFFECTIVE DATE OF PLAN.

The Plan shall become effective as determined by the Board, but no Purchase Rights shall be exercised unless and until the Plan has been approved by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted by the Board.

18. MISCELLANEOUS PROVISIONS.

(a) The Plan and Offering do not constitute an employment contract. Nothing in the Plan or in the Offering shall in any way alter the at will nature of a Participant's employment or be deemed to create in any way whatsoever any obligation on the part of any Participant to continue in the employ of the Company or a Related Corporation, or on the part of the Company or a Related Corporation to continue the employment of a Participant.

(b) The provisions of the Plan shall be governed by the laws of the State of California without resort to that state's conflicts of laws rules.
