PROPOSAL NO. 1

ELECTION OF TRUSTEES

Our interests are aligned with yours

Western and the other participants are significant investors in HTD and remain committed to our investment in the Fund. We are currently one of HTD’s largest shareholders. Our interests are aligned with the interests of all shareholders – if our investment in HTD prospers, so does yours. We have no intention of seeking to open-end or liquidate HTD. Western proposes to elect Arthur D. Lipson and Robert A. Wood as nominees (together the “Nominees”) to the Board. The Nominees must be elected by the holders of a plurality of HTD’s outstanding Common Shares.

Western believes that our two Nominees have extensive experience in private and public investment, a history of outstanding investment records, and have outstanding credentials. If elected, the Nominees will work on behalf of all shareholders to influence each member of the Board to take all actions necessary to maximize the value of your Shares and to reduce HTD’s share price net asset value discount to less than 3% of the underlying value of its Shares.

HTD’s history of a persistent double-digit NAV discount is unacceptable

HTD’s share price has traded at a double-digit discount to its per share net asset value (“NAV”) for most of its operating history, reaching as low as 17% in May 2006. We believe that the persistence of this discount was, in part, due to the perception that the persistent and substantial NAV discount was not being addressed by the Board. A steep NAV discount damages shareholders in that, should a shareholder choose to leave the Fund, they must sell their shares at a discounted market price and leave behind a sizeable portion of the value underlying their Shares. We believe the fair value of a share of common stock of a closed end fund should be its NAV, or a value very close.

The table below shows the discount of HTD’s stock price to HTD’s NAV since March 31, 2005 (on the last day of each calendar quarter).

<u>Date</u>	<u>(Discount)</u> <u>to NAV</u>
03/31/05	(14.559)
06/30/05	(13.710)
09/30/05	(14.964)
12/30/05	(15.454)
03/31/06	(15.104)
06/30/06	(15.366)
09/29/06	(13.361)
12/29/06	(11.135)
03/30/07	(12.559)
06/29/07	(12.584)
09/28/07	(13.403)
12/31/07	(10.455)

As an HTD shareholder, Western is extremely concerned about the Fund’s historical excessive NAV discount and its affect on shareholder value. For example, assume HTD trades at a NAV discount of 13.55% (the Fund’s average from March 31, 2005 through December 31, 2007). What this means is that for each \$1 of underlying HTD net asset value, a share of HTD common stock would trade at approximately 86.5 cents. So long as the NAV discount persists, exiting HTD shareholders who sell their Shares will sell them at a discount to the underlying NAV. Additionally, for

those shareholders unfortunate enough to have purchased Shares upon the offering in February 2004, in addition to having to deal with the persistent double-digit discount to NAV, they were also forced to pay a 4.5% sales and underwriting load to purchase their Shares, thereby further harming investment returns. Accordingly, for investors in the initial offering, after giving effect to the initial commission, HTD shareholders have at times experienced in excess of 20% of NAV lost value.

To put this in perspective, of the 655 closed-end funds currently in existence, in terms of its NAV discount HTD has been ranked in the worst 10% from February 25, 2005 through October 26, 2007 for 99% of the weeks and in the bottom 1% for 13 weeks. Despite this continual bottom market rating for years the Board has sat idly by while the Fund's NAV discount was excessive, frequently above 10%. As a shareholder we believe this is unacceptable. Given such circumstances, we believe the Board has not been properly looking after shareholders' best interests or earned the premium charged to shareholders, who, in turn, have not seen a justification for the premium they paid as part of their initial investment or their recurring management fees.

The Board has failed to take effective action to reduce the NAV discount

We believe the Board's inaction is symptomatic of its indifference to the plight of HTD's shareholders. As you can see from the chart below, HTD's NAV discount languished in the bottom 10% of all funds FOR OVER TWO YEARS. It was not until the fall of 2007, after Western delivered a nomination letter to the Board nominating our two trustee nominees, that shareholders finally saw an improvement in HTD's NAV discount.

Only after Western delivered its nomination letter to the Board, did the Board began to take any definitive steps towards correcting HTD's NAV discount. However, shareholders had already suffered through a full two years of excessive NAV discounts before the Board was spurred to action. Even then it took the threat of a proxy contest before shareholders saw any reaction from the Board. We find this unacceptable. Why did the Board wait so long to react? It is hard to believe that the Board was ignorant of the harm of the lost value resulting from such a steep NAV discount had on shareholders. Had Western not delivered its nomination letter, would the Board have taken the actions it did? Shareholders need a Board that is primarily and continuously responsive to their best interests.

SHAREHOLDERS DO NOT DESERVE A REACTIVE BOARD; THEY DESERVE A PROACTIVE ONE - ONE THAT SOLELY ACTS WITH THE BEST INTERESTS OF SHAREHOLDERS IN MIND.

Closed-end funds such as HTD require a strong and independent board to properly protect the rights of shareholders

A closed-end fund such as HTD is frequently formed by or on behalf of the entity, or its affiliate, that ultimately becomes the manager of the fund. The fund manager, or its affiliate, earns profits through management fees. The fund manager's interest is likely in maximizing its profits, which it does by having the highest amount of assets in the fund. Accordingly, certain actions that may benefit shareholders such as large dividends or a stock buyback likely will reduce profits for the fund manager by reducing assets under management. Western believes that closed-end fund managers often use their influence with their hand-picked boards to maximize management fees rather than focusing on increasing NAV and earnings per share through, among other things, the repurchase of shares at a discount to NAV.

During the past three years when HTD was trading at its significant NAV discount, the Board sat idle instead of instituting a repurchase of the Shares. We believe repurchasing HTD's Shares at such a discount would have reduced the lost value selling shareholders suffered due to the NAV discount while, at the same time, increasing the NAV and earnings per share for remaining shareholders. To us, this seems like a double win for shareholders. Yet the Board chose to do nothing. We wonder, how much did the fact that fees collected by HTD's fund manager are calculated based the amount of assets under management affect the Board's decision?

As shareholders are aware, the Board eventually took action, but waited until after Western gave notice of its intent to nominate trustees at the Annual Meeting to do so. Even then the Board's actions were inadequate at best – and seemed, to us, an attempt to placate Western rather than an attempt to address the underlying NAV discount that affects all shareholders.

Each HTD trustee that currently serves on the Board serves on no fewer than 55 other John Hancock Funds and individually collects over \$100,000 in fees annually for their services. According to HTD's proxy statement, each independent trustee may also accrue deferred compensation, which, under the John Hancock Deferred Compensation Plan for Independent Trustees, may be invested in shares of one or more funds in the John Hancock Fund complex. As of December 31, 2007, the independent trustees had an aggregate of over \$1.2 million in deferred compensation available to invest yet, as a group, they hold less than 3,000 of the 42,077,487 Common Shares outstanding. Is it any wonder that the Board was so slow to react to the Fund's steep NAV discount? Between their services on the boards of other John Hancock funds, their six-figure annual fees and lack of real ownership in HTD, can the Board be trusted to show the willingness necessary to ensure HTD's shareholders receive the maximum value for their investment in the Fund?

SHAREHOLDERS ARE ENTITLED TO A BOARD THAT WILL ACT IN THEIR BEST INTERESTS. AS SHAREHOLDERS WITH A REAL OWNERSHIP IN THE FUND, OUR NOMINEES' INTERESTS ARE ALIGNED WITH YOURS.

Based on publicly available information, Western believes that the only outstanding classes of securities of HTD entitled to vote at the Annual Meeting are the Common and Preferred Shares.

Shareholders, including those who expect to attend the Annual Meeting, are urged to vote their Shares today by following the instructions for Internet voting detailed on the enclosed **WHITE** proxy card, by calling the toll-free number contained therein, or by signing, dating and mailing the enclosed **WHITE** proxy card in the enclosed return envelope to Western, c/o Innisfree M&A Incorporated, in the enclosed postage-paid envelope.

QUORUM; VOTES REQUIRED FOR APPROVAL; ABSTENTIONS

Proposal

One — Election of Trustees

Vote Required (provided a quorum exists)*

For the Common Share class, a plurality of all votes cast. A "plurality" means that the two nominees up for election by the Shares receiving the greatest number of votes of the Shares will be elected as trustees, regardless of the number of votes cast.

Common Shares vote separately on this proposal.

Two — Elimination of Financial Services Concentration Policy ~~67~~ 67% or more of HTD’s Common and Preferred Shares (voting together).

Three — Revision of Utilities Concentration Policy ~~67~~ 67% or more of HTD’s Common and Preferred Shares (voting together).

* In order for a “quorum” to exist, a majority of the Shares outstanding and entitled to vote must be present at the meeting, either in person or by proxy, determined in accordance with the table below.

For Proposals Two and Three (which are non-routine proposals), brokers that are member organizations of the New York Stock Exchange may vote Preferred Shares for which they have not received instructions in proportion to the shares for which they have received instructions. Proportionate voting of Preferred Shares may occur on a non-routine proposal only if: (i) at least 30% of the Preferred Shares of the fund outstanding and entitled to vote have been voted; (ii) less than 10% of such Preferred Shares voted against the proposal; (iii) the shareholders of the Common Shares of the fund have approved the proposal (except with respect to plurality votes); and (iv) a majority of the Independent Trustees have approved the proposal.

The following table summarizes how the quorum and voting requirements are determined and is based on information contained in HTD’s proxy statement.

<u>Shares</u>	<u>Quorum</u>	<u>Voting</u>
In General	All shares “present” in person or by proxy are counted in determining whether a quorum exists.	Shares present in person will be voted in person by the shareholder at the meeting. Shares present by proxy will be voted by the proxyholder in accordance with instructions specified in the proxy.
Broker Non-Vote	Considered “present” at meeting.	Not voted. Same effect as a vote “against” a proposal.

Proxy with No Voting Instruction (other than Broker Non-Vote)	Considered “present” for determining whether a quorum exists.	Will be voted “for” the proposal by the aproxyholder.
Vote to Abstain	Considered “present” for determining whether a quorum exists.	Disregarded. Because abstentions are not votes a“cast,” abstentions will have no effect on whether a proposal is approved.
Proportionately Voted Preferred Shares with No Voting Instruction	Considered “present” for determining whether a quorum exists.	Voted in proportion to preferred shares for awchich the broker received instructions.

If a quorum is not present, the persons named as proxies may vote their proxies to adjourn the meeting to a later date. If a quorum is present, but there are insufficient votes to approve any proposal, the persons named as proxies may propose one or more adjournments of the meeting to permit further solicitation. Shareholder action may be taken on one or more proposals prior to such adjournment. Proxies instructing a vote for a proposal will be voted in favor of an adjournment with respect to that proposal and proxies instructing a vote against a proposal will be voted against an adjournment with respect to that proposal.

REVOCATION OF PROXIES

Shareholders of HTD may revoke their proxies at any time prior to exercise by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy), by delivering a later-dated proxy by Internet, by telephone or by mail, or by delivering a written notice of revocation. The delivery of a later-dated proxy which is properly completed will constitute a revocation of any earlier proxy. The revocation may be delivered either to Western in care of Innisfree M&A Incorporated at the address set forth on the back cover of this proxy statement or to John Hancock Tax-Advantaged Dividend Income Fund at 601 Congress Street, Boston, Massachusetts 02210 or any other address provided by HTD. Although a revocation is effective if delivered to HTD, Western requests that either the original or photostatic copies of all revocations be mailed to Western in care of Innisfree M&A Incorporated at the address set forth on the back cover of this proxy statement so that Western will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date of a majority of the outstanding Shares. Additionally, Innisfree M&A Incorporated may use this information to contact shareholders who have revoked their proxies in order to solicit later-dated proxies for the election of the Nominees and approval of other proposals described herein.

IF YOU WISH TO VOTE FOR THE ELECTION OF THE NOMINEES TO THE BOARD, OR FOR THE OTHER PROPOSALS DESCRIBED IN THIS PROXY STATEMENT, PLEASE VOTE YOUR SHARES BY TELEPHONE OR INTERNET, AS DESCRIBED IN THE ENCLOSED WHITE PROXY CARD, OR BY SIGNING, DATING AND RETURNING PROMPTLY THE ENCLOSED WHITE PROXY CARD, IN THE POSTAGE-PAID ENVELOPE PROVIDED.

SOLICITATION OF PROXIES

The solicitation of proxies pursuant to this proxy statement is being made by Western. Proxies may be solicited by mail, facsimile, telephone, Internet, in person and by advertisements.

Western has entered into an agreement with Innisfree M&A Incorporated for solicitation and advisory services in connection with this solicitation, for which Innisfree M&A Incorporated will receive a fee not to exceed \$[_____], together with reimbursement for its reasonable out-of-pocket expenses, and will be indemnified against certain liabilities and expenses, including certain liabilities under the federal securities laws. Innisfree M&A Incorporated will solicit proxies from individuals, brokers, banks, bank nominees and other institutional holders. Western has requested banks, brokerage houses and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the Shares they hold of record. Western will reimburse these record holders for their reasonable out-of-pocket expenses in so doing. It is anticipated that Innisfree M&A Incorporated will employ approximately [__] persons to solicit HTD's shareholders for the Annual Meeting.

The entire expense of soliciting proxies is being borne by Western, subject to certain limitations, pursuant to the terms of the Joint Filing and Solicitation Agreement described below. WIHP, WIAP, WITRL and WITRP have separately agreed to reimburse Western on a pro rata basis for these expenses. Because Western believes that HTD's shareholders will benefit from the solicitation (defined below), Western intends to seek reimbursement from HTD, to the fullest extent permitted by law, of all expenses it incurs in connection with the solicitation. If necessary, Western will ask HTD to submit an application in this regard to, and obtain an order or a no-action letter from, the Securities and Exchange Commission. Western does not intend to submit the question of such reimbursement to a vote of security holders of HTD unless otherwise required by law. Costs of this solicitation of proxies are currently estimated to be approximately \$[_____]. Western estimates that through the date hereof, its expenses in connection with this solicitation are approximately \$[_____].

SECURITY OWNERSHIP OF HTD¹

The table below provides a dollar range indicating each Trustee's ownership of equity securities of the fund as well as aggregate holdings of shares of equity securities of all John Hancock Funds overseen by the Trustee, as of December 31, 2007. According to the Fund's proxy statement, there are no beneficial owners of greater than 5% of the Fund's outstanding Shares.

<u>Name of Trustee</u>	<u>Number of Common Shares owned of HTD</u>	<u>Dollar Range of Equity Securities in HTD</u>	<u>Aggregate Dollar Range of Equity Securities in All John Hancock Funds Overseen by Trustee</u>
James F. Carlin	50	\$1 - \$10,000	Over \$100,000
William H. Cunningham	--	--	Over \$100,000
Charles L. Ladner	270	\$1 - \$10,000	Over \$100,000
John A. Moore	2,000	\$10,001 - \$50,000	Over \$100,000
Patti McGill Peterson	86	\$1 - \$10,000	Over \$100,000
Steven R. Pruchansky	--	--	Over \$100,000
James R. Boyle	--	--	Over \$100,000

¹The amounts reflect the aggregate dollar range of equity securities beneficially owned by the trustees in the Fund and in all John Hancock funds overseen by each trustee. For each trustee, the amounts reflected include share equivalents of certain John Hancock funds in which the trustee is deemed to be invested pursuant to the Deferred Compensation Plan for Independent Trustees, as more fully described in the Fund's proxy statement under the section titled "Remuneration of Trustees and Officers." The information as to beneficial ownership is based on statements furnished to HTD by the trustees. Each of the trustees has all voting and investment powers with respect to the shares indicated. None of the trustees beneficially owned individually, and the trustees and executive officers of the fund as a group did not beneficially own, in excess of one percent of the outstanding shares of the Fund.
