Independence

In accordance with the Company's Corporate Governance Guidelines, and the Nasdaq Stock Market corporate governance listing standards (the "Nasdaq Standards"), a majority of the Company's directors must be independent as determined by the Board. While the Company's Common Stock, \$0.001 par value (the "Common Stock") is currently traded on the OTC markets, in making its independence determinations for directors, the Board looks to the Nasdaq Standards.

Under the Nasdaq Standards, a director is independent if: the director is not employed, nor is the director a family member of anyone employed as an executive officer by the Company or any parent or subsidiary; the director is not, and does not have a family member who is, a partner of the Company's outside auditor or a former partner or employee of the outside auditor who worked on the Company's audit during the past three years; the director has not, and does not have a family member who has, accepted more than \$120,000 during the current or past three fiscal years from the Company or any of its affiliates (other than compensation paid to a family member who is an employee of the Company (other than an executive officer of the Company)); the director is not, nor is any family member of the director, a partner in, or a controlling stockholder or an executive officer of, any organization to which the Company made, or from which the Company received, payments for property or services that exceed five percent of the recipient's consolidated gross revenues or \$200,000, whichever is more; and the director is not, and does not have any family member who is, an executive officer of another company where any of the Company's executive officers serve on the other company's compensation committee.

The Board currently consists of five directors, all of whom are independent except for Mr. Brooks.

Board Leadership Structure

Our governance documents provide the Board with flexibility to select the appropriate leadership structure for the Company.

Table of Contents

The Company's policy is to have the positions of Chairman of the Board and Chief Executive Officer split. Todd Brooks serves as Chief Executive Officer and Michael Kelly serves as Chairman of the Board.

Several factors ensure that we have a strong and independent Board. The Audit Committee of our Board is composed entirely of independent directors. In addition, the Nominating and Corporate Governance Committee and our Board have assembled a Board comprised of talented and dedicated directors with a wide range of expertise and skills. The Board regularly meets in executive session without management present.

Attendance at Annual Meetings

The Company's policy is that, except for unusual circumstances, all Board members should attend the Company's annual meetings of stockholders. All Board members serving on the Board at the time of the 2018 Annual Meeting of Stockholders attended the Company's 2018 Annual Meeting of Stockholders.

Diversity

The Nominating and Corporate Governance Committee's evaluation of director nominees takes into account their ability to contribute to the diversity of, background, experience and point of views represented on the Board, and the committee will review its effectiveness in balancing these considerations when assessing the composition of the Board.

Role in Risk Management

The Board oversees that the assets of the Company are properly safeguarded, that the appropriate financial and other controls are maintained, and that the Company's business is conducted wisely and in compliance with applicable laws and regulations and proper governance. Included in these responsibilities is the Board's oversight of the various risks facing the Company. In this regard, the Board seeks to understand and oversee critical business risks. The Board does not view risk in isolation. Risks are considered in virtually every business decision and as part of the Company's business strategy. The Board recognizes that it is neither possible nor prudent to eliminate all risk. Indeed, purposeful and appropriate risk-taking is essential for the Company to be competitive on a global basis. The Board has implemented a risk governance framework to:

1. understand critical risks in the Company's business and strategy;
2. allocate responsibilities for risk oversight among the full Board and its committees;
3. evaluate the Company's risk management processes and see they are functioning adequately;
4. facilitate open communication between management and directors; and
5. foster an appropriate culture of integrity and risk awareness.

Table of Contents

While the Board oversees risk management, Company management is charged with managing risk. The Company has robust internal processes and a strong internal control environment to identify and manage risks and to communicate with the Board. These include a Code of Business Conduct, regular training of salespeople on risks and appropriate conduct, and a comprehensive internal and external audit process. The Board and the Audit Committee monitor and evaluate the effectiveness of the internal controls and the risk management program at least annually. Management communicates routinely with the Board, Board committees and individual directors on the significant risks identified and how they are being managed. Directors are free to, and indeed often do, communicate directly with senior management. The Board implements its risk oversight function both as a whole and through committees. Much of the work is delegated to various committees, which meet regularly and report back to the full Board. All committees play significant roles in carrying out the risk oversight function. In particular:

The Audit Committee oversees risks related to the Company's financial statements, the financial reporting process, accounting and legal matters, currency fluctuation and hedging, and investments. The Audit Committee oversees the internal audit function and the Company's ethics programs, including the Code of Business Conduct. The Audit Committee members meet separately with the independent auditing firm.

The Compensation Committee evaluates the risks and rewards associated with the Company's compensation philosophy and programs. Management discusses with the Compensation Committee the procedures that have been put in place to identify and mitigate potential risks in compensation.

Meetings

The Board met on twenty three (23) occasions during the fiscal year ended December 31, 2018. All directors attended at least 75% of the meetings of the Board during the times they were directors.

Committees

The Board currently has three standing committees: the Audit Committee; the Compensation Committee; and the Nominating and Corporate Governance Committee. Each of these committees has a charter. These charters are available on the Company's website at:

www.falconstor.com/page/545/board-committees.

Audit Committee

The Audit Committee consists of Messrs. Kelly (Chair), Rudolph and Miller. The Audit Committee is appointed by the Board to assist the Board in monitoring (i) the integrity of the financial statements of the Company, (ii) the qualifications and independence of the independent registered public accounting firm engaged to audit the Company's consolidated financial statements, (iii) the performance of the Company's internal audit function and independent auditors, (iv) the integrity of management and information systems and internal controls, and (v) the compliance by the Company with legal and regulatory requirements.

Each member of the Audit Committee is required to be "independent" as defined in the Nasdaq Standards and in Section 301 of the Sarbanes-Oxley Act of 2002 (the "Act") and Rule 10A-3 of the Exchange Act. The Board has determined that each member of the Audit Committee is "independent" under these standards. In addition, the Board has determined that, as required by the Nasdaq Standards, each member of the Audit Committee was able to read and to understand financial statements at the time of his appointment to the Audit Committee.

Table of Contents

The Board has further determined that Mr. Kelly meets the definition of “audit committee financial expert,” and therefore meets comparable Nasdaq Standard requirements, because he has an understanding of financial statements and generally accepted accounting principles (“GAAP”); has the ability to assess GAAP in connection with the accounting for estimates, accruals, and reserves; has experience in analyzing and evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company’s financial statements; has an understanding of internal controls and procedures for financial reporting; and has an understanding of audit committee functions. Mr. Kelly acquired these attributes through education and experience consistent with the requirements of the Act.

The Audit Committee met four (4) times during the fiscal year ended December 31, 2018. All members of the Audit Committee attended at least 75% of the meetings of the committee during the fiscal year ended December 31, 2018.

The Company’s Board has adopted, and annually reviews, an Audit Committee Charter and Guidelines for Pre-Approval of Independent Auditor Services. As indicated above, a copy of the Company’s Audit Committee Charter is available on the Company’s website at:

www.falconstor.com/page/545/board-committees.

Compensation Committee

The Compensation Committee currently consists of Messrs. Hale (Chair), Kelly and Rudolph. The Compensation Committee is appointed by the Board (i) to discharge the responsibilities of the Board relating to compensation of the Company’s executives, and (ii) to administer, and to approve awards under, the Company’s equity-based compensation plans for employees.

At the end of each fiscal year, the Compensation Committee meets to review the performance of executive officers and employee Board members under those programs and award bonuses thereunder. At that time, the Compensation Committee may also adjust base salary levels for executive officers and employee Board members. The Compensation Committee also meets when necessary to administer our stock incentive plan.

The Compensation Committee has determined and reviewed the value and forms of compensation for our Named Executive Officers and other officers based on the committee members’ knowledge and experience, competitive proxy and market compensation information and management recommendations. The Compensation Committee does not delegate its authority to review, determine and recommend, as applicable, the forms and values of the various elements of compensation for executive officers and directors. The Compensation Committee does delegate to Company management the implementation and record-keeping functions related to the various elements of compensation it has approved.

The Compensation Committee met five (5) times during the fiscal year ended December 31, 2018. All members of the Compensation Committee attended at least 75% of the meetings of the committee during the fiscal year ended December 31, 2018.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee consists of Messrs. Hale (Chair), Kelly, Rudolph and Miller. The Nominating and Corporate Governance Committee is appointed by the Board: (i) to identify individuals qualified to become Board members, (ii) to recommend to the Board director candidates for each annual meeting of stockholders or as necessary to fill vacancies and newly created directorships and (iii) to perform a leadership role in

shaping the Company's corporate governance policies, including developing and recommending to the Board a set of corporate governance principles.

Table of Contents

The Nominating and Corporate Governance Committee did not meet during the fiscal year ended December 31, 2018 and, instead, the full Board acted on behalf of the Nominating and Corporate Governance Committee.

Nominating Procedures and Director Qualifications

The Nominating and Corporate Governance Committee has adopted the following policies regarding nominations and director qualifications:

I. Consideration of Nominees Recommended by Stockholders

The Committee recognizes that qualified candidates for nomination for director can come from many different sources, including from the Company's stockholders. The Committee will therefore consider any nominee who meets the minimum qualifications set forth below.

To propose a nominee, a stockholder must provide the following information:

1. The stockholder's name and, if different, the name of the holder of record of the shares.
2. The stockholder's address and telephone number.
3. The name of the proposed nominee.
4. The address and phone number of the proposed nominee.
5. A listing of the proposed nominee's qualifications.
6. A statement by the stockholder revealing whether the proposed nominee has assented to the submission of her/his name by the stockholder.
7. A statement from the stockholder describing any business or other relationship with the nominee.
8. A statement from the stockholder stating why the stockholder believes the nominee would be a valuable addition to the Company's Board.

The stockholder should submit the required information to:

Nominating and Corporate Governance Committee

FalconStor Software, Inc.
701 Brazos Street
Suite 400

Table of Contents

With a copy to:

Director Human Resources
FalconStor Software, Inc.
701 Brazos Street
Suite 400
Austin, TX 78701

If any information is missing, the proposed nominee will not be considered.

II. Qualifications for Candidates

The Committee believes that the Company and its stockholders are best served by having directors from diverse backgrounds who can bring different skills to the Company. It is therefore not possible to create a rigid list of qualifications for director candidates. However, absent unique circumstances, the Committee expects that each candidate should have the following minimum qualifications:

Substantial experience with technology companies. This experience may be the result of employment with a technology company or may be gained through other means, such as financial analysis of technology companies;

The highest level of personal and professional ethics, integrity and values;

An inquiring and independent mind;

Practical wisdom and mature judgment;

Expertise that is useful to the Company and complementary to the background and experience of other Board members, so that an optimal balance of Board members can be achieved and maintained;

Willingness to devote the required time to carrying out the duties and responsibilities of Board membership;

Commitment to serve on the Board for several years to develop knowledge about the Company's business;

Willingness to represent the best interests of all stockholders and to objectively appraise management performance; and

Involvement only in activities or interests that do not conflict with the director's responsibilities to the Company and its stockholders.

At any time, the Committee may be looking for director candidates with certain qualifications or skills to replace departing directors or to complement the skills of existing directors and to add to the value of the Board.

Table of Contents

III. Identification and Evaluation of Candidates

Candidates for director may come from many different sources including, among others, recommendations from current directors, recommendations from management, third-party search organizations, and stockholders.

In each instance, the Committee will perform a thorough examination of the candidate. An initial screening will be performed to ensure that the candidate meets the minimum qualifications set forth above and has skills that would enhance the Board. Following the initial screening, if the candidate is still viewed as a potential nominee, the Committee will perform additional evaluations including, among other things, some or all of the following: detailed resume review; personal interviews; interviews with employer(s); and interviews with peer(s).

All candidates will be reviewed to determine whether they meet the independence standards of the Nasdaq Standards. Failure to meet the independence standards may be a disqualifying factor based on the Board of Director's composition at the time. Even if failure to meet the independence standards is not by itself disqualifying, it will be taken into account by the Committee in determining whether the candidate would make a valuable contribution to the Board.

Item 13. Certain Relationships and Related Transactions, and Director Independence

The Company's Board has recognized that related party transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof). The Board therefore adopted a policy to be followed in connection with all related party transactions involving the Company.

A. Identification of Related Transactions

Under the policy, any "Related Party Transaction" shall be consummated or shall continue only if:

the Audit Committee approves or ratifies such transaction in accordance with the guidelines set forth in the policy

1. and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party; or

2. the transaction is approved by the disinterested members of the Board; or

3. the transaction involves compensation approved by the Company's Compensation Committee.

For purposes of the policy, a "Related Party" is:

1. a senior officer (which includes at a minimum each executive officer) or director of the Company; or
2. a shareholder owning in excess of five percent of the Company (or its controlled affiliates); or
3. a person who is an immediate family member of a senior officer or director; or
4. an entity which is owned or controlled by someone listed in 1, 2 or 3 above, or an entity in which someone listed in 1, 2 or 3 above has a substantial ownership interest or control of such entity.

For purposes of the policy, a "Related Party Transaction" is a transaction between the Company and any Related Party (including any transactions requiring disclosure under Item 404 of Regulation S-K under the Exchange Act), other than:

1. transactions available to all employees generally; and

2. transactions involving less than \$5,000 when aggregated with all similar transactions.

B. Audit Committee Approval

The Board determined that the Audit Committee of the Board is best suited to review and approve Related Party Transactions. Accordingly, at each calendar year's first regularly scheduled Audit Committee meeting, management recommends Related Party Transactions to be entered into by the Company for that calendar year, including the proposed aggregate value of such transactions if applicable. After review, the Audit Committee approves or disapproves such transactions and at each subsequently scheduled meeting, management updates the Audit Committee as to any material change to those proposed transactions.

Table of Contents

In the event management recommends any further Related Party Transactions subsequent to the first calendar year meeting, such transactions may be presented to the Audit Committee for approval or preliminarily entered into by management subject to ratification by the Audit Committee; provided that if ratification is not forthcoming, management shall make all reasonable efforts to cancel or annul such transaction.

C. Corporate Opportunity

The Board recognizes that situations may exist where a significant opportunity may be presented to management or a member of the Board that may equally be available to the Company, either directly or via referral. Before such opportunity may be consummated by a Related Party (other than an otherwise unaffiliated 5% stockholder), such opportunity shall be presented to the Board of the Company for consideration.

D. Disclosure

All Related Party Transactions are to be disclosed in the Company's applicable filings as required by the Securities Act of 1933 and the Exchange Act and related rules. Furthermore, all Related Party Transactions shall be disclosed to the Audit Committee of the Board and any material Related Party Transaction shall be disclosed to the full Board.

E. Other Agreements

Management assures that all Related Party Transactions are approved in accordance with any requirements of the Company's financing agreements.

Please see "Item 10. – Directors, Executive Officers and Corporate Governance" for a discussion of Director independence.
