**PROXY STATEMENT FOR ANNUAL MEETING OF
SHAREHOLDERS TO BE HELD MONDAY, APRIL 3, 2006**

Solicitation of Proxy

This Proxy Statement and the accompanying form of proxy will be mailed to all Shareholders of Spectrum Control, Inc., 8031 Avonia Road, Fairview, Pennsylvania 16415 ("Spectrum", "the Corporation" or "the Company") by March 3, 2006, and is furnished in connection with the Directors' solicitation of proxies for the Annual Meeting of Shareholders to be held on Monday, April 3, 2006 at the time and place and for the purposes set forth in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement. Only holders of Common Stock of record at the close of business on February 16, 2006, will be entitled to vote. On that date there were 13,061,818 shares of Common Stock outstanding, the holders of which will vote together as a class.

Each share of Common Stock entitles the holder thereof to one (1) vote. With respect to the election of Directors, Shareholders have the right to vote cumulatively. This means that each Shareholder may multiply the number of shares he or she owns by the number of Directors to be elected and distribute this number among any number or all of the candidates in any manner he or she desires. Cumulative voting enables Shareholders to concentrate the voting of their shares in favor of the election of a lesser number of nominees than the total number of Directors being voted upon; persons holding less than a majority of shares voting may thereby be able to elect one or more Directors.

[Back to Top](#)

Revocation of Proxy

The giving of a proxy does not preclude the right to vote in person should the person giving the proxy desire, and the person giving the proxy has the power to revoke the proxy at any time before it has been exercised. This right of revocation is not limited nor is it subject to any formal procedure.

[Back to Top](#)

Proxy Solicitation Cost

The cost of soliciting proxies in the accompanying form will be borne by the Company. The officers, directors and employees of the Company, without additional compensation, may solicit proxies by mail, facsimile, telephone or personal contact. The Company does not expect to pay any compensation for the solicitation of proxies, but will reimburse brokerage firms and other custodians,

nominees and fiduciaries for their expenses in forwarding proxies and proxy material to the beneficial owners of its Common Stock.

[Back to Top](#)

Annual Report

The Annual Report of the Company for the year ended November 30, 2005, is being mailed to Shareholders concurrently with this Proxy Statement. The Annual Report is not to be considered a part of the proxy soliciting materials.

- (2) The Company granted options representing 496,900 shares to employees during fiscal year 2005.
- (3) The exercise price per share of each option is equal to the fair market value of Common Stock on the date of grant.
- (4) Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock price appreciation of 5% and 10%, as prescribed by the Securities and Exchange Commission, compounded annually from the date the respective options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise of the option or the sale of the underlying shares. The actual gains, if any, on the stock option exercises will depend on the future performance of the Common Stock, the optionholder's continued employment with the Company through the option term, and the date on which the options are exercised and the underlying shares are sold. The Company did not use an alternative formula for a grant date valuation, as it is not aware of any formula which will determine with reasonable accuracy a present value based on future unknown or volatile factors.

Compensation Committee Report

The Company's Compensation Committee is charged with the responsibility of recommending an executive compensation program, plans and policies to the Board of Directors.

The Compensation Committee is committed to compensating the key executives in such a manner as to encourage them to develop business strategies to capitalize on Spectrum's position in the electronic control products and systems business and to grow in new technology markets. The Committee is dedicated to attracting and retaining the best executive talent available to achieve its aggressive strategy.

Accordingly, the Committee periodically retains the services of compensation consultants to prepare and update executive compensation studies. As a result, the Committee has adopted a compensation package comprised of base salary, performance-based cash awards and long-term incentive stock options.

Base Salary

The Committee's goal is to establish base salaries which are fair, reasonable and competitive with similar industrial companies. With this in mind, the Committee periodically reviews and analyzes compensation consultant data and establishes base salaries within plus or minus 20% of the estimated average base compensation levels of similar companies as indicated in the consultant's report.

Performance-Based Cash Awards

The Company's executive officers are eligible for annual cash awards calculated under the Company's At-Risk Compensation Plan (the "ARC"). The purpose of the plan is to provide strong incentive for key employees to properly motivate individuals under their direction thereby obtaining for the shareholders the best financial results possible under the prevailing circumstances. The ARC utilizes Profit Before Taxes ("PBT") as a basis for determining payment. Goals for PBT and other key performance measurements are established annually by the Board of Directors. If these goals are met or exceeded, eligible employees earn a graduated scale of cash payments. Based upon the goals established and the Company's 2005 actual performance, no ARC awards were earned or paid for fiscal year 2005.

The Company's executive officers and certain key employees may also receive discretionary cash awards, upon the recommendation of the Company's Compensation Committee and subject to approval by the Board of Directors. In fiscal 2005, in consideration of the efforts and performance related to consummating two business acquisitions, dealing with the impact of Hurricane Katrina on the Company's New Orleans ceramic manufacturing facility, and securing the purchase of new ceramic facilities in State College, PA, the Compensation Committee recommended and the Board approved aggregate discretionary cash awards of \$160,000 to executive officers and certain key employees. These cash awards were paid in January 2006.

Long-Term Incentive Stock Options

In recognition that an overall compensation package should include rewards for efforts which impact on the value of the company stock, the Committee has recommended and the Board has adopted a policy to award competitive amounts of annual stock options to the key executives of Spectrum. Such options are priced at 100% of the Common Stock's fair market value as of the date of grant. The grant of these options shall be consistent with the adoption of the Annual Operating Plan.

The Company currently utilizes the Stock Option Plan of 1995, as amended, to provide the annual grant of stock options.

2005 Chief Executive Officer Compensation

Mr. Southworth's base salary in 2005 of \$350,000 was determined in accordance with the criteria described in the "Base Salary" section of this report. The ARC for 2005 provided for a possible award to Mr. Southworth not to exceed 100% of his annualized salary, with the actual award to be calculated upon completion of the year end audit and arithmetically determined based upon the amount of PBT and the attainment of other key performance factors as established by the Board of Directors. Based upon these factors, no ARC award was earned or paid for fiscal year 2005 performance. In consideration of Mr. Southworth's efforts and performance in 2005 related to business acquisitions, dealing with the impact of Hurricane Katrina, and securing new ceramic manufacturing facilities, the Compensation Committee recommended and the Board approved a discretionary cash award of \$50,000. This cash award was paid to Mr. Southworth in January 2006.

CHANGE IN CONTROL AGREEMENTS

The Company does not have any employment agreements with its executive officers. However, these officers are subject to confidentiality agreements which require them to treat all information concerning the Company as confidential during and after their employment with the Company. The Company has entered into Change in Control Agreements with Mr. Southworth and seven (7) additional Company employees. Pursuant to these agreements, Mr. Southworth and the seven additional executives will each receive, if terminated within twenty four months of a change in control of the Company, a lump sum severance allowance within thirty days of such termination in an amount which is equal to the sum of the following: (A) the amount equivalent to (i) the executive's monthly base salary, at the rate in effect immediately prior to termination, multiplied by (ii) the greater of (iii) 24 minus the number of full calendar months from the effective date of the Change in Control Agreement to the date of termination or (iv) 12. The executives will also receive a pro rata share of the amount of incentive compensation at the target rate (as defined in the ARC or other then current incentive plan) which would have been payable for the incentive period which includes the termination date of: (B) the amount equivalent to 24 calendar months (reduced by the number of complete calendar months from the effective date of the Change in Control Agreement to the date of termination, but not less than 12) of incentive compensation at the target rate, which includes his or her termination date.

EMPLOYEE 401(k) PROFIT SHARING PLAN

The Company maintains a Qualified Employee 401(k) Profit Sharing Plan. Annual profit sharing contributions to the Plan, if any, are determined by the Board of Directors. The assets of the Plan are held in trust and invested in various mutual funds and collective trusts under the direction of the Plan participants. Substantially all U.S. employees are eligible for participation in the Plan. The annual allocation to each Employee's Profit Sharing Account is based upon the actual compensation paid to the Participant.

A Participant becomes fully vested in his Profit Sharing Account balance on the earliest of the following dates: (i) upon the completion of seven years of service; (ii) upon attaining normal retirement age of 65; (iii) upon incurring total disability; or (iv) on the date of the Participant's death. A Participant may not receive a distribution from the Employee Profit Sharing Account prior to the earliest of the following dates: (i) termination of employment with the Company; (ii) retirement or (iii) death. The Plan provides that distribution of the Participant's entire interest in the Plan must begin no later than the taxable year in which the Participant attains age seventy and one-half (70-1/2) or, if later, the year the Participant retires and terminates employment with the Employer.

The Plan includes a tax deferred employee savings plan pursuant to Section 401(k) of the Internal Revenue Code. The Company matches an employee's contribution to the savings plan at a rate determined by the Board of Directors. The Company's matching contribution to the 401(k) plan is not subject to any vesting requirements.

Directors' Long-Term Incentive Plan

The 1996 Non-Employee Directors Stock Option Plan (the "Plan") has been approved by the Corporation's stockholders. The Plan is designed to promote the long-term success of the Corporation by creating a mutuality of interests between the non-employee directors and the stockholders. Under the terms of the Plan, stock options to purchase shares of Common Stock are granted annually to all qualified non-employee Directors. The option exercise price is equal to the market price of the Company's Common Stock on the date of the option grant. The options become exercisable at varying dates and expire five years from the date of grant. In 2005, aggregate options to purchase 252,000 shares of Common Stock were granted to non-employee Directors, at a weighted average exercise price of \$6.69 per share. In 2004, aggregate options to purchase 84,000 shares of Common Stock were granted to non-employee Directors, at an exercise price of \$8.66 per share. In 2003, aggregate options to purchase 72,000 shares of Common Stock were granted to non-employee Directors, at an exercise price of \$5.28 per share.

Approval of Amendment of the 1996 Non-Employee Director Stock Option Plan

The 1996 Non-Employee Director Stock Option Plan (the "Plan") requires that, on the third business day following each annual meeting of the Company's shareholders, each non-employee Director be granted a stock option to purchase 12,000 shares of the Company's Common Stock. On September 19, 2005, the Board of Directors amended the Plan, subject to approval by the Company's stockholders. The Board of Directors recommends that the stockholders vote "FOR" approval of the amendment of the Plan. Unless otherwise directed therein, the proxies solicited hereby will be voted for approval of the amendment to the Plan. The only change to the Plan is to authorize the grant to each non-employee Director, effective November 1, 2005, options to purchase 24,000 shares. These options were granted in lieu of the options for 12,000 shares to be granted in fiscal years 2006 and 2007, are fully vested, and are subject to all other terms of the Plan. In accordance with the recently issued Statement of Financial Accounting Standards No. 123R, "Share-Based Payment", the Company is required to commence the expensing of all equity-based incentives starting December 1, 2005. The Board of Directors believes the early issuance of these stock options to non-employee Directors will reduce the Company's otherwise required compensation charge to its income statements in future years by an aggregate of \$252,000, based on a Black-Scholes fair value calculation of \$1.50 per share.

Based on a review of such reports, the Company believes that during the fiscal year ending November 30, 2005, all such filing requirements were met.

Report of the Audit Committee

The Audit Committee, composed of four non-employee Directors is governed by a written charter approved by the Board of Directors. In accordance with this charter, the Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, the clarity of disclosures in the financial statements, and the adequacy of internal controls.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of non-audit services with the auditors' independence.

The Committee meets with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.
