Tri-Continental Corporation

August 25, 2008

To the Stockholders:

Your mid-year Stockholder report for Tri-Continental Corporation follows this letter. The report contains the Corporation's investment results, portfolio of investments, and financial statements as of June 30, 2008.

For the six months ended June 30, 2008, Tri-Continental posted a total return of -13.6%, based on net asset value, and -15.5%, based on market price. During the same period, its benchmark, the S&P 500 Index, returned -11.9%, while its peers, as measured by the Lipper Closed-End Core Funds Average and the Lipper Large-Cap Core Funds Average, returned -10.6% and -11.5%, respectively.

Tri-Continental's 2008 Annual Meeting of Stockholders was held on May 15, 2008. At the meeting, four Directors were re-elected to Tri-Continental's Board of Directors and Deloitte & Touche LLP was appointed as the independent auditors of the Corporation for 2008. Complete details of the vote can be found on page 28 of this report.

The second quarter 2008 distribution of \$0.540 per Common share was paid to Stockholders on June 19, 2008. Total distributions in 2008 thus far aggregate \$1.173 per Common share. The third quarter 2008 distribution of \$0.513 per Common share will be paid on September 18, 2008 to all Common Stockholders of record September 9, 2008. Each quarterly distribution represents 2.75% of Tri-Continental's net asset value on the final day of the preceding quarter.

On July 7, 2008, Ameriprise Financial, Inc. ("Ameriprise") announced an agreement to acquire J. & W. Seligman & Co. Incorporated ("Seligman"), Tri-Continental's manager, in a transaction that is likely to close in the fourth quarter of 2008. Consummation of the acquisition of Seligman will result in Seligman becoming a wholly-owned subsidiary of RiverSource Investments, LLC ("RiverSource"), a subsidiary of Ameriprise, and a change of control of Seligman and an assignment and automatic termination of Tri-Continental's management agreement with Seligman. On July 17, 2008, Tri-Continental's Board approved a new advisory agreement with RiverSource, and a new administration agreement with Ameriprise. The new advisory agreement is presented in a proxy statement that you should receive in September 2008. As described in the proxy statement, a Special Meeting of Stockholders has been scheduled for October 7, 2008 (the "Special Meeting"), at which Stockholders will vote on the new advisory agreement.

A certain group of stockholders (the "Group") declared their intent to vote against the approval of the advisory agreement and to solicit other stockholders to vote against approval. Given the holdings of these stockholders and the voting patterns in previous proxy contests, your Board believed that it would be very difficult, if not impossible, for Tri-Continental to obtain approval of the advisory agreement, absent the agreement of these stockholders.

On August 19, 2008, Tri-Continental and the Group entered into a settlement agreement under which the Group agreed to vote in accordance with your Board's recommendations to approve the advisory agreement and to elect ten new directors. Tri-Continental agreed that, following the acquisition of Seligman by RiverSource, and subject to certain conditions, it would

Tri-Continental Corporation

conduct two tender offers, provided that the advisory agreement is approved by stockholders at the upcoming Special Meeting.

This agreement meets a number of important goals: First, in recognition of the strong preference of many long-term stockholders, Tri-Continental would continue to operate as a closed-end fund, as it has since 1929; Second, Tri-Continental's investment objective would remain unchanged; and Third, the Group and other stockholders would be provided with an opportunity to reduce or eliminate their holdings at a small discount to net asset value, although the first tender offer will not be attractive to most individual stockholders for reasons that are discussed in the proxy statement.

There will be no obligation to participate in either tender offer. If no action is taken on your part, the number of shares you own of Tri-Continental will remain unchanged. The terms and conditions of the tender offers will be described in the tender offer documents, which you will receive in due course. Stockholders have repeatedly indicated their support for Tri-Continental's closed-end structure. The Board believes that the closed-end structure of Tri-Continental will be maintained as a result of the measures described above and in the proxy statement, which you will receive in September 2008.

Thank you for your continued support of Tri-Continental Corporation.

By order of the Board of Directors,

William C. Morris
Chairman

Brian T. Zino
President

Performance data quoted in this report represents past performance and does not guarantee or indicate future investment results. The rates of return will vary and the principal value of an investment will fluctuate. Shares, if sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted. Total returns of the Corporation as of the most recent month end will be made available at www.seligman.com¹ by the seventh business day following that month end. J. & W. Seligman & Co. Incorporated, the investment manager of the Corporation, made certain payments to the Corporation in 2004. Absent such payments, the net asset value returns that include this period would have been lower. Returns reflect changes in market price or net asset value, as applicable, and assume reinvestment of distributions. Performance data quoted does not reflect the deduction of taxes that investors may pay on distributions or the sale of shares. An investment in Tri-Continental is not a deposit in a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation.

See footnotes on page 4.

Tri-Continental Corporation

Investment Results Per Common Share (continued)

* Returns for periods of less than one year are not annualized.

** The Lipper Closed-End Core Funds Average and the Lipper Large-Cap Core Funds Average (the "Lipper Averages") and the Standard & Poor's 500 Composite Stock Price Index (the "S&P 500 Index") are unmanaged benchmarks that assume reinvestment of all distributions, and exclude the effect of fees, taxes, and sales charges. The S&P 500 Index also excludes the effect of expenses. The Lipper Closed-End Core Funds Average measures the performance of closed-end funds. The Lipper Large-Cap Core Funds Average includes open end funds that, by portfolio practice, invest at least 75% of their assets in companies with market capitalizations (on a three-year weighted basis) greater than 300% of the dollar-weighted median market capitalization of the middle 1,000 securities of the S&P SuperComposite 1500 Index. The Lipper Large-Cap Core Funds Average is provided for comparative purposes so that the Corporation's performance can be measured against both closed-end and open-end funds with similar portfolio holdings as the Corporation. Lipper classifies the Corporation, based on its portfolio holdings, as a Closed-End Core Fund. The S&P 500 Index measures the performance of 500 of the largest US companies based on market capitalizations. Investors cannot invest directly in an index or an average.

□ Preferred Stockholders were paid dividends totaling \$1.25 per share.

□ Represents the per share amount of gross unrealized gain or loss of portfolio securities as of June 30, 2008.

∅ Current yield, representing the annualized yield for the 30-day period ended June 30, 2008, has been computed in accordance with SEC regulations and will vary.

Tri-Continental Corporation

Stockholder Services

Tri-Continental provides a number of services to make maintaining an investment in its Common Stock more convenient. Please consult Tri-Continental's prospectus for the terms and conditions of these services.

Distribution Policy. Holders of Tri-Continental Common Stock will receive quarterly distributions equal to a minimum of 2.75% of the net asset value of Tri-Continental's Common Stock on the last business day of the preceding calendar quarter (approximately 11% annually). The payment options for receiving distributions are:

- 100% of distribution to be invested in additional shares of Tri-Continental
- 75% of distribution to be invested in additional shares, 25% of distribution to be paid in cash
- 50% of distribution to be invested in additional shares, 50% of distribution to be paid in cash
- 100% of distribution to be paid in cash

You can change your payment election at any time by contacting your financial advisor or Stockholder Services at 800-TRI-1092.

Automatic Dividend Investment and Cash Purchase Plan. Subject to the terms and conditions set forth in the prospectus, Stockholders may automatically purchase additional shares with distribution payments. There is no charge for this service. Stockholders may also, subject to the terms and conditions of the prospectus, purchase additional shares directly from the Corporation. There is a service fee of a maximum of \$2.00 for each cash purchase transaction.

Automatic Cash Withdrawal Plan. Stockholders who hold Common Stock with a market value of \$5,000 or more may elect to receive a fixed amount from their investment at regular intervals by selling their shares to the Corporation.

Traditional Individual Retirement Account (IRA). Stockholders who have earned income and are under age 70½ may contribute up to \$5,000 per year to a Traditional IRA for 2008. A working or non-working spouse may also contribute up to \$5,000 to a separate Traditional IRA for 2008. Additionally, individuals who reach age 50 prior to the end of a taxable year may make "catch-up contributions" to a Traditional IRA of up to \$1,000. Contributions to a Traditional IRA may be deductible or non-deductible. If you are single and *not* covered by an employer's retirement plan, your contribution will always be deductible. For individuals who are covered by a plan, contributions will be fully deductible if your modified adjusted gross income (MAGI) in 2008 is less than \$53,000. For spouses who are both covered by a plan, contributions will be fully deductible if your MAGI is less than \$85,000. If one spouse does not work or is not covered by a retirement plan, that spouse's contribution will be fully deductible provided your household MAGI does not exceed \$159,000. If your contribution is not deductible, you may still take advantage of the tax-deferred accumulation of earnings in your Traditional IRA.

Rollover IRA. You may be eligible to roll over a distribution of assets received from another IRA, a qualified employee benefit plan, or tax-deferred annuity into a Rollover IRA with Tri-Continental. To avoid a tax penalty, the transfer to a Rollover IRA must occur within 60 days of receipt of the qualifying distribution. If you do not make a direct transfer of a distribution from a qualified employee benefit plan or a tax-deferred annuity to a Rollover IRA, the payor of the distribution must withhold 20% of the distribution.

Tri-Continental Corporation

Stockholder Services (continued)

Roth IRA. You (and a working or non-working spouse) may (each) make an after-tax contribution of up to \$5,000 per year to a Roth IRA provided you have earned income and meet the eligibility requirements. Your MAGI must be less than \$101,000 for individuals or \$159,000 for married couples to be eligible to make a full contribution to a Roth IRA. You are eligible to make a partial Roth IRA contribution if your MAGI is below \$116,000 for individuals or \$169,000 for married couples. Total combined contributions to a Roth IRA and a Traditional IRA cannot exceed \$5,000 in any year. Additionally, individuals who reach age 50 prior to the end of a taxable year may make catch-up contributions to either a Roth IRA or Traditional IRA of up to \$1,000. Earnings grow tax-free and will be distributed to you tax-free and penalty-free provided that you hold your account for at least five years **and** you take the distribution either after age 59½, for disability, upon death, or to make a first-time home purchase (up to \$10,000). Unlike a Traditional IRA, you may contribute to a Roth IRA even if you are over age 70½ (if you have earned income), and you are not required to take minimum distributions at age 70½. You may convert an existing Traditional IRA to a Roth IRA to take advantage of tax-free distributions. You must pay taxes on any earnings and deductible contributions in your Traditional IRA when converting it to a Roth IRA. Talk to your financial advisor for more details on converting your Traditional IRA.

Retirement Planning Qualified Plans Unincorporated businesses and the self-employed may take advantage of the same benefits in their retirement plans that are available to corporations. Contribution levels can go as high as 100% of earned income (reduced by plan contributions), to a maximum of \$46,000 per participant. For retirement plan purposes, no more than \$230,000 may be taken into account as earned income under the plan in 2008. Social Security integration and employee vesting schedules are also available as options in the Tri-Continental prototype retirement plans. Although you already may be participating in an employer's retirement plan, you may be eligible to establish another plan based upon income from other sources, such as director's fees.

Retirement Plan Services provides information about our prototype retirement plans. The toll-free telephone number is (800) 445-1777 in the US and (212) 682-7600 outside the US.

Tri-Continental Corporation

Notes to Financial Statements (unaudited)

1. Organization Tri-Continental Corporation (the "Corporation") is registered with the Securities and Exchange Commission (the "SEC") under the Investment Company Act of 1940, as amended (the "1940 Act"), as a closed-end diversified management investment company.

2. Significant Accounting Policies The financial statements of Tri-Continental Corporation have been prepared in conformity with accounting principles generally accepted in the United States of America, which require management to make certain estimates and assumptions at the date of the financial statements. Actual results may differ from these estimates. These unaudited interim financial statements reflect all adjustments which are, in the opinion of management, necessary to a fair statement of the results for the interim period presented. All such adjustments are of a normal recurring nature. The following summarizes the significant accounting policies of the Corporation:

- a. **Security Valuation and Risk** Securities traded on an exchange are valued at the last sales price on the primary exchange or market on which they are traded. Securities not listed on an exchange or security market, or securities for which there is no last sales price, are valued at the mean of the most recent bid and asked prices or are valued by J. & W. Seligman & Co. Incorporated (the "Manager") based on quotations provided by primary market makers in such securities. Securities for which market quotations are not readily available (or are otherwise no longer valid or reliable) are valued at fair value determined in accordance with procedures approved by the Board of Directors. This can occur in the event of, among other things, natural disasters, acts of terrorism, market disruptions, intra-day trading halts, and extreme market volatility. The determination of fair value involves subjective judgments. As a result, using fair value to price a security may result in a price materially different from the prices used by other investment companies to determine net asset value or the price that may be realized upon the actual sale of the security. Short-term holdings maturing in 60 days or less are valued at current market quotations or amortized cost if the Manager believes it approximates fair value. Short-term holdings that mature in more than 60 days are valued at current market quotations until the 60th day prior to maturity and are then valued as described above for securities maturing in 60 days or less.

On January 1, 2008, the Corporation adopted Statement of Financial Accounting Standards No. 157 ("SFAS 157"), "Fair Value Measurements." SFAS 157 establishes a three-tier hierarchy to classify the assumptions, referred to as inputs, used in valuation techniques (as described above) to measure fair value of the Corporation's investments. These inputs are summarized in three broad levels: Level 1 - quoted prices in active markets for identical investments; Level 2 - other significant observable inputs (including quoted prices in inactive markets or for similar investments); and Level 3 - significant unobservable inputs (including the Corporation's own assumptions in determining fair value) (Note 3). The inputs or methodology used for valuing securities may not be an indication of the risk associated with investing in those securities.

To the extent that the Corporation invests a substantial percentage of its assets in an industry, the Corporation's performance may be negatively affected if that industry falls out of favor. Stocks of large-capitalization companies have at times experienced periods of volatility and negative performance. During such periods, the value of such stocks may decline and the Corporation's performance may be negatively affected.

- b. **Equity-Linked Notes** The Corporation may purchase notes created by a counterparty, typically an investment bank. The notes bear interest at a fixed or floating rate. At maturity, the notes must be exchanged for an amount based on the value of one or more equity securities ("Underlying Stocks") of third party issuers. The exchange value may be limited to an amount less than the actual value of the Underlying Stocks at the maturity date. Any difference between the exchange amount and the original cost of the notes will be a gain or loss.

- c. **Options** □ The Corporation is authorized to write and purchase put and call options. When the Corporation writes an option, an amount equal to the premium received by the Corporation is reflected as

Tri-Continental Corporation

Notes to Financial Statements (unaudited)

an asset and an equivalent liability. The amount of the liability is subsequently marked to market to reflect the current market value of the option written. When a security is purchased or sold through an exercise of an option, the related premium paid (or received) is added to (or deducted from) the basis of the security acquired or deducted from (or added to) the proceeds of the security sold. When an option expires (or the Corporation enters into a closing transaction), the Corporation realizes a gain or loss on the option to the extent of the premiums received or paid (or gain or loss to the extent the cost of the closing transaction exceeds the premium paid or received). The Corporation, as writer of an option, bears the market risk of an unfavorable change in the price of the security underlying the written option.

- d. Repurchase Agreements** □ The Corporation may enter into repurchase agreements. Generally, securities received as collateral subject to repurchase agreements are deposited with the Corporation's custodian and, pursuant to the terms of the repurchase agreements, must have an aggregate market value greater than or equal to the repurchase price plus accrued interest at all times. On a daily basis, the market value of repurchase agreements' underlying securities are monitored to ensure the existence of the proper level of collateral.
- e. Restricted Cash** □ Restricted cash represents deposits that are being held by banks as collateral for letters of credit issued in connection with the Corporation's insurance policies.
- f. Security Transactions and Related Investment Income** □ Investment transactions are recorded on trade dates. Identified cost of investments sold is used for both financial statements and federal income tax purposes. Dividends receivable are recorded on ex-dividend dates, except that certain dividends from foreign securities where the ex-dividend dates may have passed are recorded as soon as the Corporation is informed of the dividend. Interest income is recorded on an accrual basis.
- g. Distributions to Stockholders** □ Dividends and other distributions to stockholders are recorded on ex-dividend date. Effective May 30, 2007, the Corporation has a distribution policy providing that the Corporation will distribute quarterly to holders of Common Stock a minimum amount per share equal to 2.75% of the net asset value attributable to a share of the Common Stock on the last business day of the preceding calendar quarter (or approximately 11% annually).
- h. Taxes** □ There is no provision for federal income tax. The Corporation has elected to be taxed as a regulated investment company and intends to distribute substantially all taxable net income and net realized gain.

Financial Accounting Standards Board (FASB) Interpretation No. 48 (FIN 48), Accounting for Uncertainty in Income Taxes—an interpretation of FASB Statement No. 109, requires the Corporation to measure and recognize in its financial statements the benefit of a tax position taken (or expected to be taken) on an income tax return if such position will more likely than not be sustained upon examination based on the technical merits of the position. Based upon its review of tax positions, the Corporation has determined that FIN 48 did not have a material impact on the Corporation's financial statements for the six months ended June 30, 2008.

3. Fair Value Measurements □ A summary of the value of the Corporation's investments as of June 30, 2008, based on the level of inputs used in accordance with SFAS 157 (Note 2a), is as follows:

Valuation Inputs	Value
Level 1 □ Quoted Prices	\$1,791,868,760
Level 2 □ Other Significant Observable Inputs	182,595,527
Level 3 □ Significant Unobservable Inputs	2,192,377
Total	\$1,976,656,664

Tri-Continental Corporation

Notes to Financial Statements (unaudited)

As required by SFAS 157, the following is a reconciliation of investments for which significant unobservable inputs (Level 3) were used to determine the fair value of investments classified as Level 3 at either the beginning or end of the period:

Balances as of December 31, 2007	\$ 1,784,956
Net change in unrealized depreciation	407,421
Balance as of June 30, 2008	\$ 2,192,377
Net change in unrealized depreciation from investments still held as of June 30, 2008	\$ 407,421

4. Capital Stock Transactions □ Under the Corporation's Charter, dividends on Common Stock cannot be declared unless net assets, after such dividends and dividends on Preferred Stock, equal at least \$100 per share of Preferred Stock outstanding. The Preferred Stock is subject to redemption at the Corporation's option at any time on 30 days' notice at \$55 per share (or a total of \$41,400,700 for the shares outstanding) plus accrued dividends, and entitled in liquidation to \$50 per share plus accrued dividends.

The Corporation, in connection with its Automatic Dividend Investment and Cash Purchase Plan and other Stockholder plans, acquires and issues shares of its own Common Stock, as needed, to satisfy Plan requirements. For the six months ended June 30, 2008, the Corporation purchased 807,344 shares of Common Stock from Plan participants at a cost of \$14,870,325, which represented a weighted average discount of 9.0% from the net asset value of those acquired shares. A total of 192,591 shares were issued to Plan participants during the period for proceeds of \$3,512,303, an average discount of 10.1% from the net asset value of those shares. In addition, a total of 2,251,538 shares were issued at market price in distributions during the period for proceeds of \$39,870,263, an average discount of 9.2% from the net asset value of those shares.

For the six months ended June 30, 2008, the Corporation purchased 1,062,061 shares of its Common Stock in the open market at an aggregate cost of \$19,389,628, which represented a weighted average discount of 10.0% from the net asset value of those acquired shares. Shares of Common Stock repurchased to satisfy Plan requirements or in the open market are retired and no longer outstanding.

At June 30, 2008, the Corporation reserved 257,946 shares of Common Stock for issuance upon exercise of 10,893 Warrants, each of which entitled the holder to purchase 23.68 shares of Common Stock at \$0.95 per share.

Assuming the exercise of all Warrants outstanding at June 30, 2008, net investment assets would have increased by \$245,049 and the net asset value of the Common Stock would have been \$18.60 per share. The number of Warrants exercised during the six months ended June 30, 2008 and the year ended December 31, 2007 was 92 and 1,068, respectively.

5. Management Fee, Administrative Services, and Other Transactions □ The Manager manages the affairs of the Corporation and provides for the necessary personnel and facilities. Compensation of all officers of the Corporation, all directors of the Corporation who are employees of the Manager, and all personnel of the Corporation and the Manager is paid by the Manager. The Manager receives a fee, calculated daily and payable monthly, equal to a percentage of the Corporation's daily net assets at the close of business on the previous business day. The management fee rate is calculated on a sliding scale of 0.45% to 0.375%, based on average daily net assets of all the investment companies managed by the Manager. The management fee for the six months ended June 30, 2008 was equivalent to an average annual rate of 0.42% of the average daily net assets of the Corporation. (Note 12)

Edgar Filing: TRI-CONTINENTAL CORP - Form N-CSRS

For the six months ended June 30, 2008, Seligman Data Corp., which is owned by the Corporation and certain associated investment companies, charged the Corporation at cost \$1,687,282 for stockholder account services in accordance with a methodology approved by the Corporation's directors. Costs of Seligman Data Corp. directly attributable to the Corporation were charged to the Corporation. The remaining charges were allocated to the Corporation by Seligman Data Corp. pursuant to a formula based on the Corporation's net assets, stockholder transaction volume and number of stockholder accounts. The Corporation's investment in Seligman Data Corp. is recorded at a cost of \$43,681.

Tri-Continental Corporation

Notes to Financial Statements (unaudited)

The Corporation and certain other associated investment companies (together, the "Guarantors") have severally but not jointly guaranteed the performance and observance of all the terms and conditions of two leases entered into by Seligman Data Corp., including the payment of rent by Seligman Data Corp. (the "Guaranties"). The leases and the related Guaranties expire in September 2008 and January 2019, respectively. The obligation of the Corporation to pay any amount due under the Guaranties is limited to a specified percentage of the full amount, which generally is based on the Corporation's percentage of the expenses billed by Seligman Data Corp. to all Guarantors in the most recent calendar quarter. At June 30, 2008, the Corporation's potential obligation under the Guaranties is \$1,530,400. As of June 30, 2008, no event has occurred which would result in the Corporation becoming liable to make any payment under the Guaranties. A portion of the rent paid by Seligman Data Corp. is charged to the Corporation as part of Seligman Data Corp.'s stockholder account services cost.

Certain officers and directors of the Corporation are officers or directors of the Manager and/or Seligman Data Corp.

The Corporation has a compensation arrangement under which directors who receive fees may elect to defer receiving such fees. Directors may elect to have their deferred fees accrue interest or earn a return based on the performance of the Corporation or other funds in the Seligman Group of Investment Companies. The cost of such fees and earnings/loss accrued thereon is included in directors' fees and expenses and the accumulated balance thereof at June 30, 2008, of \$46,764 is included in accrued expenses and other liabilities. Deferred fees and related accrued earnings are not deductible by the Corporation for federal income tax purposes until such amounts are paid.

6. Purchases and Sales of Securities — Purchases and sales of portfolio securities, excluding US Government obligations and short-term investments, for the six months ended June 30, 2008, amounted to \$1,073,312,554 and \$1,228,320,898, respectively.

7. Federal Tax Information — Certain components of income, expense and realized capital gain and loss are recognized at different times or have a different character for federal income tax purposes and for financial reporting purposes. Where such differences are permanent in nature, they are reclassified in the components of net assets based on their characterization for federal income tax purposes. Any such reclassifications will have no effect on net assets, results of operations or net asset value per share of the Corporation. As a result of the differences described above, the treatment for financial reporting purposes of distributions made during the year from net investment income or net realized gains may differ from their ultimate treatment for federal income tax purposes. Further, the cost of investments also can differ for federal income tax purposes.

The tax basis information presented is based on operating results for the six months ended June 30, 2008, and will vary from the final tax information as of the Corporation's year end.

At June 30, 2008, the cost of investments for federal income tax purposes was \$2,386,554,726. The tax basis cost was greater than the cost for financial reporting purposes primarily due to the tax deferral of losses on wash sales in the amount of \$15,713,704, offset in part by tax losses passed through to the Corporation from its limited partnership investment of \$3,096,642.

The tax basis components of accumulated losses at June 30, 2008 are presented below:

Gross unrealized appreciation of portfolio securities	\$ 106,357,628
Gross unrealized depreciation of portfolio securities	(516,255,690)
Net unrealized depreciation of portfolio securities	(409,898,062)
Accumulated net realized loss	(144,581,891)

Edgar Filing: TRI-CONTINENTAL CORP - Form N-CSRS

Total accumulated losses \$ (554,479,953)

For the six months ended June 30, 2008, the tax characterization of distributions to stockholders was \$54,124,386 for Ordinary Income, \$20,224,273 for Long-Term Capital Gain, and \$47,614,719 for Return of Capital. For the year ended December 31, 2007, the tax characterization of distributions to stockholders was \$207,070,515 for Ordinary Income and \$45,246,425 for Long-Term Capital Gain.

Tri-Continental Corporation

Notes to Financial Statements (unaudited)

8. Restricted Securities □ At June 30, 2008, the Corporation owned one investment that was purchased through a private offering and cannot be sold without prior registration under the Securities Act of 1933 or pursuant to an exemption therefrom. The investment is valued at fair value as determined in accordance with procedures approved by the Board of Directors of the Corporation.

Investment	Acquisition Dates	Cost	Value
WCAS Capital Partners II, L.P.	12/11/90 to 3/24/98	\$4,292,803	\$2,192,377

9. Options Written □ Transactions in options written during the six months ended June 30, 2008 were as follows:

	Shares Subject to Call/Put	Premium
Options outstanding at December 31, 2007	□	\$ □
Options written	737,000	726,555
Options expired	(689,100)	(593,395)
Options exercised	(47,900)	(133,160)
Options outstanding at June 30, 2008	□	\$ □

10. Other Matters □ In late 2003, the Manager conducted an extensive internal review concerning mutual fund trading practices. The Manager's review, which covered the period 2001-2003, noted one arrangement that permitted frequent trading in certain open-end registered investment companies managed by the Manager (the "Seligman Funds"); this arrangement was in the process of being closed down by the Manager before September 2003. The Manager identified three other arrangements that permitted frequent trading, all of which had been terminated by September 2002. In January 2004, the Manager, on a voluntary basis, publicly disclosed these four arrangements to its clients and to shareholders of the Seligman Funds. The Manager also provided information concerning mutual fund trading practices to the SEC and the Office of the Attorney General of the State of New York (□NYAG□).

In September 2005, the New York staff of the SEC indicated that it was considering recommending to the Commissioners of the SEC the instituting of a formal action against the Manager and Seligman Advisors, Inc., the distributor of the Seligman Funds, relating to frequent trading in the Seligman Funds. The Manager responded to the staff in October 2005 that it believed that any action would be both inappropriate and unnecessary, especially in light of the fact that the Manager had previously resolved the underlying issue with the Independent Directors of the Seligman Funds and made recompense to the affected Seligman Funds.

In September 2006, the NYAG commenced a civil action in New York State Supreme Court against the Manager, Seligman Advisors, Inc., Seligman Data Corp. and Brian T. Zino (collectively, the "Seligman Parties"), alleging, in substance, that, in addition to the four arrangements noted above, the Seligman Parties permitted other persons to engage in frequent trading and, as a result, the prospectus disclosure used by the registered investment companies managed by the Manager is and has been misleading. The NYAG included other related claims and also claimed that the fees charged by the Manager to the Seligman Funds were excessive. The NYAG is seeking damages of at least \$80 million and restitution, disgorgement, penalties and costs and injunctive relief. The Seligman Parties answered the complaint in December 2006 and believe that the claims are without merit.

Any resolution of these matters may include the relief noted above or other sanctions or changes in procedures. Any damages would be paid by the Manager and not by the Seligman Funds. If the NYAG obtains injunctive relief, the Manager and its affiliates could, in the absence of the SEC in its discretion granting exemptive relief, be enjoined from providing advisory and underwriting services to the Seligman Funds and other registered investment companies.

Tri-Continental Corporation

Notes to Financial Statements (unaudited)

The Manager does not believe that the foregoing legal action or other possible actions will have a material adverse impact on the Manager or its clients, including the Seligman Funds and other investment companies managed by it; however, there can be no assurance of this or that these matters and any related publicity will not affect demand for shares of the Seligman Funds and such other investment companies or have other adverse consequences.

11. Recently Issued Accounting Pronouncement □ In March 2008, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 161 (□SFAS 161□), □Disclosures about Derivative Instruments and Hedging Activities.□ SFAS 161 requires enhanced disclosures about the Corporation□s derivative and hedging activities, including how such activities are accounted for and their effect on the Corporation□s financial position, performance and cash flows. SFAS 161 is effective for fiscal years beginning after November 15, 2008. The Corporation is currently evaluating the impact of the adoption of SFAS 161 on the Corporation□s financial statements and related disclosures.

12. Subsequent Events □ On July 7, 2008, Ameriprise Financial, Inc. (□Ameriprise□) announced an agreement to acquire the Manager in a transaction that is likely to close in the fourth quarter of 2008. Under the 1940 Act, consummation of Ameriprise□s acquisition of the Manager will result in the Manager becoming a wholly-owned subsidiary of RiverSource Investments, LLC (□RiverSource□), a subsidiary of Ameriprise, and a change of control of the Manager and an assignment and automatic termination of the Corporation□s management agreement with the Manager. On July 17, 2008, the Corporation□s Board approved a new advisory agreement (the □New Agreement□) with RiverSource, and a new administration agreement with Ameriprise. The New Agreement will be presented to the Corporation□s stockholders for their approval at a special meeting (the □Meeting□) scheduled for October 7, 2008.

On August 19, 2008, the Corporation announced that it had entered into an agreement with a stockholder group (the □Group□), whereby the members of the Group have agreed to cast their votes at the Meeting in accordance with the recommendations of the Corporation□s Board. Pursuant to the agreement, if stockholders approve the New Agreement and the acquisition of the Manager is completed, the Corporation will promptly commence an in-kind tender offer for 35% of its outstanding shares of common stock. The purchase price in the in-kind tender offer will be 99.25% of the net asset value per share at the close of business on the trading day following the expiration of the offer and will be payable by means of a distribution of a portion of the Corporation□s investment portfolio, including distributable securities and cash, in such a manner that each stockholder whose shares are purchased will receive assets representing as closely as reasonably practicable a pro rata share of the Corporation□s investment portfolio.

The Corporation has also agreed to commence, promptly upon completion and settlement of the in-kind tender offer, a cash tender offer for 12.5% of its outstanding shares of common stock. The purchase price in the cash tender offer will be 99.25% of the net asset value per share at the close of business on the trading day following the expiration of the cash tender offer. The Corporation will not be obligated to commence the cash tender offer if the volume-weighted average price of the Corporation□s common stock during the five trading days preceding the expiration of the in-kind tender offer is 99.25% or more of the average of the common stock□s daily net asset value per share during that period.

The agreement with the Group also provides that the Corporation will continue its current distribution policy and open-market repurchase policy until at least December 31, 2008. The Corporation□s obligation to commence each tender offer is subject to customary conditions.

In addition to their agreement to support the recommendations of the Corporation□s Board at the Meeting, the members of the Group have each agreed to refrain from taking certain actions in respect of the Corporation that might affect control or management of the Corporation. The members of the Group and the Corporation have also agreed to general releases of each other.

Tri-Continental Corporation

Financial Highlights (unaudited)

The Corporation's financial highlights are presented below. Per share operating performance data is designed to allow investors to trace the operating performance, on a per Common share basis, from the beginning net asset value to the ending net asset value, so that investors can understand what effect the individual items have on their investment, assuming it was held throughout the period. Generally, the per share amounts are derived by converting the actual dollar amounts incurred for each item, as disclosed in the financial statements, to their equivalent per Common share amounts, using average shares outstanding during the period.

Total investment return measures the Corporation's performance assuming that investors purchased shares of the Corporation at the market value or net asset value as of the beginning of the period, invested dividends and capital gains paid, as provided for in the Corporation's Prospectus and Automatic Dividend Investment and Cash Purchase Plan, and then sold their shares at the closing market value or net asset value per share on the last day of the period. The computations do not reflect any sales charges or transaction costs on your investment or taxes investors may incur on distributions or on the sale of shares of the Corporation, and are not annualized for periods of less than one year.

The ratios of expenses and net investment income to average net investment assets and to average net assets for Common Stock for the periods presented do not reflect the effect of dividends paid to Preferred Stockholders.

Quarterly Schedule of Investments

A complete schedule of portfolio holdings owned by the Corporation will be filed with the SEC as of the end of the first and third quarters of each fiscal year on Form N-Q, and will be available to stockholders (i) without charge, upon request, by calling toll-free (800) 874-1092 in the US or collect (212) 682-7600 outside the US or (ii) on the SEC's website at www.sec.gov.¹ In addition, the Form N-Q may be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. Information on the operation of the Public Reference Room may be obtained by calling (800) SEC-0330. Certain of the information contained in the Corporation's Form N-Q is also made available to stockholders on Seligman's website at www.seligman.com.¹

Proxy Voting

A description of the policies and procedures used by the Corporation to determine how to vote proxies relating to portfolio securities as well as information regarding how the Corporation voted proxies relating to portfolio securities during the 12-month period ended June 30 of each year will be available (i) without charge, upon request, by calling toll-free (800) 874-1092 in the US or collect (212) 682-7600 outside the US and (ii) on the SEC's website at www.sec.gov.¹ Information for each new 12-month period ending June 30 will be available no later than August 31 of that year.

This report is intended for the information of Stockholders who have received the current prospectus covering shares of Tri-Continental Corporation, which contains information about investment objectives, risks, management fees and other costs. The prospectus should be read carefully before investing and may be obtained by calling Stockholder Services at 800-TRI-1092.

- ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.
Not applicable.
- ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.
Not applicable.
- ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.
Not applicable.
- ITEM 6. INVESTMENTS.

(a) Schedule I ☐ Investments in securities of unaffiliated issuers. Included in Item 1 above.

(b) Not applicable.
- ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.
Not applicable.
- ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.
Not applicable.
- ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

<u>Period</u>	<u>Total Number of Shares (or Units) Purchased</u>	<u>Average Price Paid per Share (or Unit)</u>	<u>Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs (1)</u>	<u>Maximum Number (or Approximate Dollar Value) of Shares (or Units) that May Yet Be Purchased Under the Plans or Programs (1) Shares</u>
1-01-08 to 1-31-08	163,547	\$19.32	163,547	4,988,334
2-01-08 to 2-29-08	92,708	19.19	92,708	4,895,626
3-01-08 to 3-31-08	199,128	17.69	199,128	4,696,498
4-01-08 to 4-30-08	540,131	18.02	540,131	4,156,367
5-01-08 to 5-31-08	450,921	18.83	450,921	3,705,446
6-01-08 to 6-30-08	422,970	17.92	422,970	3,282,476

- (1) The stock repurchase program, renewed on November 15, 2007, authorizes the Registrant to repurchase up to 5.0% of its common stock in the open market or elsewhere from January 1, 2008 through December 31, 2008 as long as the discount of the net asset value of the common stock to its market price exceeds 5%. The Board intends such repurchases to moderate the growth in the number of outstanding shares resulting from the investment by Stockholders of distributions received under the Distribution Policy.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

Not applicable.

ITEM 11. CONTROLS AND PROCEDURES.

- (a) The registrant's principal executive officer and principal financial officer have concluded, based upon their evaluation of the registrant's disclosure controls and procedures as conducted within 90 days of the filing date of this report, that these disclosure controls and procedures provide reasonable assurance that material information required to be disclosed by the registrant in the report it files or submits on Form N-CSR is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms and that such material information is accumulated and communicated to the registrant's management, including its principal executive officer and principal financial officer, as appropriate, in order to allow timely decisions regarding required disclosure.
- (b) The registrant's principal executive officer and principal financial officer are aware of no changes in the registrant's internal control over financial reporting that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

- (a)(1) Not applicable.
- (a)(2) Certifications of principal executive officer and principal financial officer as required by Rule 30a-2(a) under the Investment Company Act of 1940.
- (a)(3) Not applicable.
- (b) Certifications of chief executive officer and chief financial officer as required by Rule 30a-2(b) under the Investment Company Act of 1940.
-
