Item 2. Acquisition or Disposition of Assets.

On June 20, 2003, through its indirect wholly owned subsidiary, Stonepath Logistics Government Services, Inc. ("SLGS"), Stonepath Group, Inc. (the "Company") acquired the business of Regroup Express L.L.C., a Virginia limited liability company ("Regroup"), by purchasing substantially all of Regroup's assets.

Edgar Filing: STONEPATH GROUP INC - Form 8-K

The business acquired from Regroup provides time-definite domestic and international transportation services including air and ground freight forwarding, ocean freight forwarding, major project logistics as well as local pick up and delivery services. The customers of the acquired business include U.S. government agencies and contractors, select companies in the retail industry and other commercial businesses.

The assets acquired from Regroup consist primarily of its goodwill and other intangible assets, such as its intellectual property, employee base, operating methods and systems, customer relationships and ongoing operations. Certain leases were assumed and personal property was acquired, consisting primarily of office equipment. Accounts receivable were not acquired and accounts payable and other obligations were not assumed. The consideration paid by the Company at the closing of the transaction was \$4.7 million, which amount was paid through a combination of \$3.7 million in cash and \$1.0 million of the Company's common stock. Regroup will be entitled to an earn-out arrangement over a period of five years providing for a total base purchase price of up to \$17.2 million, contingent upon the future financial performance of SLGS following the acquisition. Regroup may also be entitled to an additional earn-out payment to the extent its pre-tax earnings exceed \$17.5 million during the earn-out period. The funds required for the cash payment at the closing were obtained by the Company from its credit facility with LaSalle Business Credit, Inc. The consideration was determined based on arms-length negotiations between the parties.

The acquisition also included the employment of Jed J. Shapiro and Charles R. Cain, the sole members and principal managers of Regroup, as the executive managers of SLGS.

Prior to the acquisition, Regroup operated under an agency agreement with another logistics service business. Accordingly, its financial statements for the periods prior to the acquisition only reflected revenue net of the cost of purchased transportation and other agency charges. Following the acquisition, the Company will conduct the acquired operations for its own account and not as an agent. If Regroup had conducted its business in the manner in which it will be conducted as a business unit of the Company, Regroup's revenues for 2002 would have been \$18.5 million (instead of the \$4.2 million reflected in its financial statements), reflecting the full amounts paid by customers for transportation services. The Company's management believes that it is important to provide this revenue information because it reflects the manner in which the revenues will be recognized for the acquired business as it will be conducted by the Company. The following is a reconciliation of this revenue information to the historical amounts reflected in Regroup's financial statements.
