Concurrent Offering of Common Stock

On June 4, 2009, we priced a separate public offering of 10,000,000 shares of Common Stock (11,500,000 if the underwriters exercise their over-allotment option in full) (the Equity Offering). Assuming no exercise of the underwriters over-allotment option, the net proceeds of the Equity Offering will be \$138.3 million, after deducting the underwriting discount and estimated expenses of the Equity Offering payable by us. As of March 31, 2009, after giving effect to the Notes Offering and the Equity Offering and the application of the estimated proceeds therefrom, we had \$216.8 million of borrowings outstanding under our bank credit facility. The closing of the Notes Offering is not conditioned upon the completion of the Equity Offering.

Ratio of Earnings to Fixed Charges

(In thousands, except ratios)

	Pro Forma March 31, 2009(1)
Earnings from continuing operations before fixed charges	
(Loss) Income before taxes	\$ (663,347)
Add: Fixed charges	23,997
Less: Capitalized interest	3,299
(Deficit) Earnings from continuing operations before fixed charges	(642,649)
Fixed Charges	
Interest expenses, net of capitalized interest	20,297
Add: Capitalized interest	3,299
Add: Estimated interest portion of rental expenditures	259
Add: Amortization of discounts	142
Total Fixed Charges	\$ 23,997

Ratio of Earnings to Fixed Charges (2)

(1) As adjusted for the issuance of the Notes and application of the net proceeds of the Notes Offering to repay borrowings under our bank credit facility.

(2) Due to pro forma loss from operations at March 31, 2009, the ratio coverage would have been less than 1:1. The Company would have needed to generate additional earnings of

\$666,646 to
achieve a
coverage of 1:1
for that period.

For the purposes of determining the ratio of earnings to fixed charges, earnings consist of income before taxes, plus fixed charges, less capitalized interest, and fixed charges consist of interest expense (net of capitalized interest), plus capitalized interest, plus amortized discounts related to indebtedness.
