JANUARY 27, 2010

General

This proxy statement is furnished to holders of common stock, \$.01 par value per share, of Harleysville Savings Financial Corporation (the Company), the bank holding company for Harleysville Savings Bank (the Bank). Proxies are being solicited on behalf of the board of directors of the Company to be used at the annual meeting of stockholders to be held at the Indian Valley Country Club, located at 650 Bergey Road, Telford, Pennsylvania 18969, on Wednesday, January 27, 2010 at 9:30 a.m., local time, and at any adjournment thereof for the purposes set forth in the Notice of Annual Meeting of Stockholders. This proxy statement is first being mailed to stockholders on or about December 18, 2009.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be Held on January 27, 2010. This proxy statement and the Annual Report on Form 10-K for the year ended September 30, 2009 as well as driving directions to the annual meeting are available on our website at www.harleysvillesavings.com under the tabs About Us Annual Meeting Materials.

Voting Rights

Only stockholders of record at the close of business on December 4, 2009 will be entitled to notice of and to vote at the annual meeting. At such date, there were 3,638,205 shares of common stock issued and outstanding and the Company had no other class of equity securities outstanding.

Each share of common stock is entitled to one vote at the annual meeting on all matters properly presented at the meeting. The presence in person or by proxy of at least a majority of the issued and outstanding shares of common stock entitled to vote is necessary to constitute a quorum at the annual meeting. Directors are elected by a plurality of the votes cast with a quorum present. The affirmative vote of a majority of the total votes cast is required for approval of the proposals to approve the Company's 2009 Stock Incentive Plan and to ratify the appointment of the Company's independent registered public accounting firm.

Under rules applicable to broker-dealers, the proposal to ratify the independent registered public accounting firm is considered a discretionary item upon which brokerage firms may vote in their discretion on behalf of their client if such clients have not furnished voting instructions. The election of directors and the proposal to approve the 2009 Stock Incentive Plan are considered non-discretionary and, thus, there may be broker non-votes at the meeting. Abstentions and broker non-votes will be counted for purposes of determining the presence of a quorum at the annual meeting. However, because of the required votes, abstentions and broker non-votes will have no effect on the voting for the election of directors, the proposal to approve the 2009 Stock Incentive Plan or the proposal to ratify the appointment of the Company's independent registered public accounting firm.

Proxies

The proxy solicited hereby, if properly signed and returned to the Company and not revoked prior to its use, will be voted in accordance with the instructions contained therein. If no contrary instructions are given, each proxy received will be voted (i) FOR the nominees for director described herein; (ii) FOR approval of the 2009 Stock Incentive Plan; (iii) FOR ratification of ParenteBeard LLC as the Company's independent registered public accounting firm for the year ending September 30, 2010; and (iv) upon the transaction of such other business as may properly come before the meeting, in accordance with the best judgment of the persons appointed as proxies. Any stockholder giving a proxy has

the power to revoke it at any time before it is exercised by (i) filing with the secretary of the Company written notice thereof (Adrian D. Gordon, Senior Vice President and Corporate Secretary, Harleysville Savings Financial Corporation, 271 Main Street, Harleysville, Pennsylvania 19438); (ii) submitting a duly-executed proxy bearing a later date; or (iii) appearing at the annual meeting and giving the secretary notice of his or her intention to vote in person. Proxies solicited hereby may be exercised only at the annual meeting and any adjournment thereof and will not be used for any other meeting.

The Company did not receive any nominations from stockholders for the annual meeting.

The Board of Directors and Its Committees

Regular meetings of the board of directors of the Company and the Bank are typically held on a monthly basis and special meetings of the board of directors are held from time-to-time as needed. There were 12 meetings of the board of directors of the Company held during fiscal 2009. No director attended fewer than 75% of the aggregate of the total number of meetings of the board of directors and the total number of meetings of committees of the board on which the director served during the year.

The board of directors of the Company has established various committees, including Audit, Compensation and Human Resources and Corporate Governance and Nominating Committees.

The Compensation and Human Resources Committee, which met three times during fiscal 2009, reviews the Company's compensation programs and recommends salary and benefits for the Company's employees. The members of the committee are currently Messrs. Alderfer, Cummins and Meschter. The Compensation and Human Resources Committee operates pursuant to a written charter, a copy of which is available on the Company's website at www.harleysvillesavings.com.

The Corporate Governance and Nominating Committee, which met two times during fiscal 2009 with respect to nominations for directors for the annual meeting, advises the board of directors with respect to nominations of directors and recommends candidates to the board of directors as nominees for election, reviews existing corporate governance documents and establishes corporate governance principles for the Company, reviews nominations for director submitted by stockholders pursuant to the Company's bylaws and identifies and recommends to the board the selection of qualified individuals to serve as officers of the Company. The members of the Corporate Governance and Nominating Committee are currently Messrs. Clemens and Meschter and Ms. Hunsberger. Each of these persons is independent within the meaning of the rules of the NASDAQ Stock Market. The Corporate Governance and Nominating Committee operates pursuant to a written charter, a copy of which is available on the Company's website at www.harleysvillesavings.com.

The Corporate Governance and Nominating Committee will also consider candidates for director suggested by its stockholders. A stockholder who desires to recommend a prospective nominee for director should submit in writing the name and qualifications, including place of principal residence and place of employment, of such persons to the Corporate Governance and Nominating Committee no later than July 31st of any year. Submissions shall be made sent to

the Corporate Governance and Nominating Committee, Harleysville Savings Financial Corporation, Corporate Secretary, 271 Main Street, Harleysville, Pennsylvania 19438. The Corporate Governance and Nominating Committee also considers whether to nominate any person nominated pursuant to the provision of the Company's articles of incorporation relating to stockholder nominations, which is described above under - Stockholder Nominations. The Corporate Governance and Nominating Committee has the authority and ability to retain a search firm to identify or evaluate potential nominees if it so desires.

The charter of the Corporate Governance and Nominating Committee sets forth certain criteria the committee may consider when recommending individuals for nomination as director including: (a) ensuring that the board of directors, as a whole, is diverse and consists of individuals with various and relevant career experience, relevant technical skills, industry knowledge and experience, financial expertise (including expertise that could qualify a director as a financial expert, as that term is defined by the rules of the SEC), local or community ties and (b) minimum individual qualifications, including strength of character, mature judgment, familiarity with our business and industry, independence of thought and an ability to work collegially. The committee also may consider the extent to which the candidate would fill a present need on the board of directors.

The charter of the Corporate Governance and Nominating Committee also provides that a director should have:

- a solid understanding of general management best practices and their application;

- a history of making good business decisions;

- the ability to read a balance sheet, income statement, cash flow statement and understand the use of financial ratios and other indicators for evaluating Company performance;

- the ability and the time to perform during periods of both short-term and prolonged crises;

- an understanding of what it takes to attract, motivate and energize a high-performance leadership team;

- an understanding of the importance of the strategic planning process in creating a competitive advantage through strategy;

- a good reputation for high ethical standards and integrity in their personal and professional dealings;

- mature confidence and value board and team performance over individual performance; respects others, is open to the opinions of others, has good listening skills, is confident enough to ask tough questions, and can communicate persuasively;

- a history of high performance standards as reflected in the person's history of achievements;

- high intelligence, exhibit wisdom and will be expected to exercise prudence and care in carrying out the responsibilities of the position; and

- no existing or potential conflict of interest situation.

In addition, a director must be:

- a citizen of the United States of America and shall have his or her primary residence and place of employment within the Bank's market area;

- a person who has a reputation for being trusted with confidential information; and

- a person who will faithfully attend board meetings, committee meetings and the annual meeting of the shareholders and takes the time to prepare for meaningful discussion.

Once the Corporate Governance and Nominating Committee has identified a prospective nominee, the committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the committee with the recommendation of the prospective candidate, as well as the committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others.

The Audit Committee reviews the records and affairs of the Company to determine its financial condition, reviews with management and the Company's independent registered public accounting firm the systems of internal control, monitors the Company's adherence in accounting and financial reporting to generally accepted accounting principles, and performs such other duties deemed appropriate by the board of directors. The Audit Committee met four times in fiscal 2009. Messrs. Cummins and Rittenhouse and Ms. Hunsberger served on the Audit Committee in fiscal 2009. The members of the Audit Committee are independent as defined in the listing standards of the NASDAQ Stock Market. The Audit Committee operates pursuant to a written charter, a copy of which is available on the Company's website at www.harleysvillesavings.com.

The board of directors has determined that Messrs. Cummins and Rittenhouse, members of the Audit Committee, meet the requirements adopted by the Securities and Exchange Commission for qualification as an audit committee financial expert. An audit committee financial expert is defined as a person who has the following attributes: (i) an understanding of generally accepted accounting principles and financial statements; (ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves; (iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity or accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the registrant's financial statements, or experience actively supervising one or more persons engaged in such activities; (iv) an understanding of internal controls and procedures for financial reporting; and (v) an understanding of audit committee functions.

The identification of a person as an audit committee financial expert does not impose on such person any duties, obligations or liability that are greater than those that are imposed on such person as a member of the Audit Committee and the board of directors in the absence of such identification. Moreover, the identification of a person as an audit committee financial expert for purposes of the regulations of the Securities and Exchange Commission does not affect the duties, obligations or liability of any other member of the Audit Committee or the board of directors. Finally, a person who is determined to be an audit committee financial expert will not be deemed an expert for purposes of Section 11 of the Securities Act of 1933.

Report of the Audit Committee

The Audit Committee has reviewed and discussed the audited financial statements with management. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 - Communication with Audit Committees, as amended. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm, the independent registered public accounting firm's independence. Based on the review and discussions referred to above in this report, the Audit Committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2009 for filing with the Securities and Exchange Commission.

Employment Agreement

The Company and the Bank have entered into an employment agreement with Mr. Geib pursuant to which the Company and the Bank agreed to employ Mr. Geib as President and Chief Executive Officer. The agreement provides for Mr. Geib to serve as President and Chief Executive Officer of the Company and the Bank, at a current base salary of \$256,600 per year. The term of the agreement is five years, which term extends automatically on May 1st of each year to continue for a five year term unless the board of directors of the Company, the Bank or Mr. Geib gives advance notice not to extend the term.

The agreement is terminable with or without cause by the Company and the Bank. Mr. Geib will have no right to compensation or other benefits pursuant to the agreement for any period after voluntary termination or termination by the Company and the Bank for cause, retirement or death. If Mr. Geib's employment is terminated due to disability, he will be entitled to a declining percentage of his base salary for the remaining term of the agreement.

If prior to a change in control of the Company or the Bank either (i) Mr. Geib terminates his employment as a result of certain adverse actions by the Company or the Bank or (ii) the agreement is terminated by the Company and the Bank other than for cause, disability, retirement or death, then Mr. Geib will be entitled to a lump sum cash severance amount equal to his base salary for the remaining term of the agreement or, if greater, for 2.99 years, with such base salary to be discounted to present value, plus a lump sum cash payment equal to the projected cost of providing continued benefits (other than insurance benefits or benefits under retirement plans, stock compensation plans or cash compensation plans) to Mr. Geib for the lesser of the remaining term of his agreement or three years. If Mr. Geib's employment is terminated concurrently with or subsequent to a change in control of the Company or the Bank, as defined, by either (a) the Company or the Bank for other than cause, disability, retirement or death or (b) Mr. Geib as a result of certain adverse actions by the Company or the Bank, then Mr. Geib will be entitled to a cash severance amount equal to three times his annual compensation. Annual compensation is defined as the average aggregate annual compensation paid to Mr. Geib and includable in his gross income for federal income tax purposes during the five calendar years preceding the year in which the date of termination occurs, and such compensation includes among other things salary, bonuses and income related to the exercise of stock options. In addition, in any of the termination events set forth in this paragraph, Mr. Geib will also be entitled to the continuation of insurance benefits similar to those he is receiving at the time of such termination for periods specified in the agreement or until he obtains full-time employment with another employer providing similar benefits, whichever occurs first, plus a lump sum cash payment equal to the projected cost of providing continued benefits (other than insurance benefits or benefits under retirement plans, stock compensation plans or cash compensation plans) to Mr. Geib for the lesser of the remaining term of his agreement or three years.

The employment agreement provides that in the event any of the payments to be made thereunder or otherwise upon termination of employment are deemed to constitute parachute payments within the meaning of Section 280G of the Code, then such payments and benefits received thereunder shall be reduced by the minimum amount necessary to result in no portion of the payments and benefits being non-deductible by the Company and the Bank for federal income tax purposes. Parachute payments generally are payments equal to or greater than three times the executive's base amount, which is defined to mean the executive's average annual compensation from the employer includable in

the executive's gross income during the most recent five taxable years ending before the year in which a change in control of

the employer occurs. Recipients of parachute payments are subject to a 20% excise tax on the amount by which such payments exceed the base amount, in addition to regular income taxes, and payments in excess of the base amount are not deductible by the employer as compensation expense for federal income tax purposes.

Change in Control Agreements

The Company and the Bank have entered into change of control agreements with Messrs. McGill, Kopenhaver, Gordon and Ms. Strouse in order to assist the Company and the Bank in maintaining a stable and competent management base. The agreements provide for a three-year term, and subject to satisfactory performance reviews, among other things, shall extend on each anniversary date for an additional year so that the remaining term will be three years, unless either the boards of directors of the Company or the Bank or the executive provides contrary written notice to the other not less than 30 days in advance of such anniversary date. The agreements are automatically extended for an additional one year upon a change in control of the Company or the Bank, as defined. In the event that the executive's employment is terminated or other certain adverse actions are taken with respect to the executive's employment within 18 months subsequent to a change in control, the agreements provide that the executive would receive a severance payment in the amount of two times the executive's annual compensation (defined as the highest annual salary plus average bonus during the last three years), the continued participation in all group, life, health, accident and disability insurance for the lesser of 36 months or until the executive's full time employment by another employer, and a cash amount equal to the projected cost of benefits provided to the executive under certain employee benefit plans for 36 months. The total amount of payments under the agreements shall be reduced by the amount necessary to result in no portion of the payments being parachute payments and non-deductible to the Company pursuant to Section 280G of the Internal Revenue Code.

Employee Stock Ownership Pension Plan

The board of directors of the Company have adopted an Employee Stock Ownership Pension Plan (ESOP). The trustees of the ESOP are Messrs. Alderfer, Cummins and Meschter. The trustees also serve as the administrators of the ESOP. The trustees hold, invest, reinvest, manage, administer and distribute the assets of the ESOP for the exclusive benefit of participants, retired participants and their beneficiaries in accordance with the terms of the ESOP and the Employee Stock Ownership Trust (Trust) established pursuant to the ESOP. All of the assets of the ESOP are held in the Trust, which is managed by the trustees. The ESOP is subject to the participation, vesting, fiduciary responsibility, reporting, and disclosure and claims procedure requirements of ERISA. All officers and employees of the Company who work 1,000 hours or more in a plan year, who have attained the age of 21 and have completed 12 months of service may participate in the ESOP.

In general, the ESOP requires the Company to contribute to the Trust in cash each year an amount which is not less than the amount required to enable the Trust to discharge its current obligations. The Company may make additional contributions in cash, shares of the common stock or other property, which shall be valued at its fair market value, as the Company's board of directors may determine.

Contributions of the Company in cash and other cash received by the Trust will be applied to pay any current obligations of the Trust incurred for the purchase of common stock, or may be applied to purchase additional shares of common stock from current stockholders or from the Company. The investment policy of the ESOP is to invest primarily in common stock of the Company; however, the ESOP permits the investment of contributions to the ESOP into other assets, including certificates of deposit and securities issued by the U.S. government or its agencies.

The ESOP requires the Company to pay all costs of administering the ESOP and any similar expenses of the trustees, excluding normal brokerage charges which are included in the costs of stock purchased. All shares of common stock which are allocated to participants' stock accounts shall be voted by the trustees in accordance with instructions from the participants. All unallocated shares of common stock held by the Trust or in a suspense account shall be voted by the trustees.

Participation in the ESOP terminates as of the anniversary date coinciding with or next following a participant's death, disability or retirement. Upon termination of a participant's employment for any reason other than death, disability or retirement, or upon a break in service, the participant shall have vested rights in a portion of his or her stock

and investment accounts based upon the participant's years of credited service at his or her date of termination. A participant is fully vested in his stock and investment accounts after three years of plan participation.

Vested benefits under the ESOP will normally be distributed in a single distribution as soon as possible following a participant's separation from service. Distribution of benefits under the ESOP may be made in cash or in a combination of shares of common stock and cash.

The Company's contributions to the ESOP are deductible by the Company to the extent provided by the Code and the ESOP will not be subject to federal income tax on its income and gain. A participant will not be taxed on contributions made by the Company or earnings on such contributions until he receives a distribution under the ESOP.

During fiscal 2009, the Company contributed \$235,708 to the Trust which was allocated to participants' accounts according to the terms of the plan. The amounts allocated to executive officers under the ESOP in fiscal 2009 are included in the Summary Compensation Table above.

401(k) Plan

The Company maintains the Harleysville Savings 401(k) Plan, a deferred salary savings plan. All officers and employees working 1,000 hours or more in a plan year, who have attained the age of 21 and have completed 12 months of service, may participate in the 401(k) Plan on an optional basis. Under the plan, participants may defer a portion of their salary by payroll deduction. The Company or its subsidiaries make a matching contribution of 100% of the first 3% of the participant's contribution. All contributions are invested via a plan trust. The Company's matching contributions are vested at 100% after three years of service. All contributions are invested via a plan trust at the direction of the participant among several options, including several different mutual funds. Benefit payments normally are made in connection with a participant's retirement. Under current Internal Revenue Service regulations, the amount contributed to the plan and the earnings on those contributions are not subject to Federal income tax until they are withdrawn from the plan. The amount of the matching contributions by the Company under the 401(k) Plan to the executive officers in fiscal 2009 are included in the Summary Compensation Table above.

Profit Sharing Incentive Plan

The Company maintains the Profit Sharing Incentive Plan which is designed to provide cash incentive payments to the Company's officers and employees when the Company exceeds certain performance criteria. All of the Company's employees participate in the profit sharing plan, including the named executive officers. The profit sharing plan provides that the Company will make allocations to a bonus pool provided certain performance criteria are satisfied. For fiscal 2009, the bonus pool was based upon achieving levels of basic earnings per share (the target earnings). Awards from the bonus pool are based on each participant's base earnings as a percentage of the total base earnings of all participants, and a weighing factor which recognizes that the Company's senior management, middle management and other employees have varying levels of responsibility for the Company's overall performance. The amounts paid to the named executive officers under the profit sharing plan for fiscal 2009 are included in the Summary Compensation Table above. The total amount of incentive payments made to all employees (114 people) who received payments pursuant to the profit sharing plan for the year ended September 30, 2009 was \$487,495.

Directors' Compensation

Directors of the Company received an annual fee of \$8,400, plus \$700 for each regular board meeting attended during fiscal 2009. Directors of the Company, with the exception of executive officers, received \$400 and the chairman of each committee received \$800 for each committee meeting attended during fiscal 2009. The chairman of the Audit Committee received \$1,200 and each member of the Audit Committee received \$800 for each meeting attended in fiscal 2009.

The following table sets forth information concerning compensation paid or accrued by the Company and its subsidiaries to each member of the board of directors during the year ended September 30, 2009. Mr. Geib has been omitted from the table as his compensation is fully reported in the Summary Compensation Table above.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In accordance with applicable federal laws and regulations, the Bank offers mortgage loans to its directors, officers and employees for the financing of their primary residences as well as various business and consumer loans. These loans are generally made on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons. It is the belief of management that these loans neither involve more than the normal risk of collectibility nor present other unfavorable features.

Section 22(h) of the Federal Reserve Act generally provides that any credit extended by a savings institution to its executive officers, directors and, to the extent otherwise permitted, principal stockholder(s), or any related interest of the foregoing, must (i) be on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions by the savings association with non-affiliated parties; (ii) be pursuant to underwriting standards that are no less stringent than those applicable to comparable transactions with non-affiliated parties; (iii) not involve more than the normal risk of repayment or present other unfavorable features; and (iv) not exceed, in the aggregate, the institution's unimpaired capital and surplus, as defined.

The Bank offers certain loans to its directors, executive officers and employees. It is the belief of management that these loans do not involve more than the normal risk of collectibility. These loans are made on substantially the same terms as those prevailing at the time for comparable transactions with nonaffiliated persons. Directors, executive officers and employees of the Bank receive no discount from the market interest rate for loans made by the Bank. As of September 30, 2009, two of the Company's directors and executive officers had loans outstanding with a balance in excess of \$120,000, which amounted to \$803,211 in the aggregate.

PROPOSAL TO APPROVE THE 2009 STOCK INCENTIVE PLAN

General

Our board of directors has adopted the 2009 Stock Incentive Plan which is designed to attract and retain qualified personnel in key positions, provide directors, officers and key employees with a proprietary interest in the Company as an incentive to contribute to the success of the Company and reward directors, officers and employees for outstanding performance. The plan provides for the grant of incentive stock options intended to comply with the requirements of Section 422 of the Code (incentive stock options), non-incentive or compensatory stock options, stock appreciation rights and share awards of restricted stock, which may be based upon performance goals (collectively Awards). Awards will be available under the plan for grant to officers, key employees and directors of the Company and its subsidiaries.

Description of the 2009 Stock Incentive Plan

The following description of the 2009 Stock Incentive Plan is a summary of its terms and is qualified in its entirety by reference to the plan, a copy of which is attached to this proxy statement as Appendix A.

Administration. The 2009 Stock Incentive Plan will be administered and interpreted by a committee of the board of directors that is comprised solely of two or more non-employee directors. The Compensation Committee of the board, which is currently comprised of Messrs. Alderfer, Cummins and Meschter, will administer the plan.

Stock Options. Under the 2009 Stock Incentive Plan, the board of directors or the committee will determine which officers, key employees and non-employee directors will be granted options, whether such options will be incentive or compensatory options (in the case of options granted to employees), the number of shares subject to each option, the exercise price of each option, whether such options may be exercised by delivering other shares of common stock and when such options become exercisable. The per share exercise price of a stock option shall be at least equal to the fair market value of a share of common stock on the date the option is granted. Non-employee directors are not eligible to receive incentive stock options under the plan.

All options granted to participants under the 2009 Stock Incentive Plan shall become vested and exercisable at the rate, and subject to such limitations, as specified by the board of directors or the committee at the time of grant. Notwithstanding the foregoing, no vesting shall occur on or after a participant's employment or service with the Company or a subsidiary company is terminated for any reason other than his death, disability or retirement. Unless the committee or board of directors shall specifically state otherwise at the time an option is granted, all options granted to participants shall become vested and exercisable in full on the date an optionee terminates his employment or service with the Company or a subsidiary company because of his death, disability or retirement. In addition, all stock options will become vested and exercisable in full upon a change in control of the Company, as defined in the plan.

Each stock option or portion thereof shall be exercisable at any time on or after it vests and is exercisable until the earlier of ten years after its date of grant or three months after the date on which the employee's employment or non-employee director's service is terminated, unless extended by the committee or the board of directors to a period not to exceed five years from such termination. Unless stated otherwise at the time an option is granted, (i) if an employee terminates his employment with the Company or a subsidiary company as a result of disability or retirement without having fully exercised his options, the optionee shall have one year following his termination due to disability or retirement to exercise such options, and (ii) if an employee terminates his employment or a non-employee director terminates his service with the Company or a subsidiary company following a change in control of the Company without having fully exercised his options, the optionee shall have the right to exercise such options during the remainder of the

original ten year term of the option. However, failure to exercise incentive stock options within three months after the date on which the optionee's employment terminates may result in adverse tax consequences to the optionee. If an optionee dies while serving as an employee or a non-employee director or terminates employment or service as a result of disability or retirement and dies without having fully exercised his options, the optionee's executors, administrators, legatees or distributees of his estate shall have the right to exercise such options during the one year period following his death, provided no option will be exercisable more than ten years from the date it was granted.

Stock options are non-transferable except by will or the laws of descent and distribution. Notwithstanding the foregoing, an optionee who holds non-qualified options may transfer such options to his or her spouse, lineal ascendants, lineal descendants, or to a duly established trust for the benefit of one or more of these individuals. Options so transferred may thereafter be transferred only to the optionee who originally received the grant or to an individual or trust to whom the optionee could have initially transferred the option. Options which are so transferred shall be exercisable by the transferee according to the same terms and conditions as applied to the optionee.

Payment for shares purchased upon the exercise of options may be made (i) in cash or by check, (ii) by delivery of a properly executed exercise notice, together with irrevocable instructions to a broker to sell a sufficient number of shares and then to properly deliver to the Company the amount of sale proceeds to pay the exercise price, all in accordance with applicable laws and regulations, (iii) at the discretion of the board or the committee, by delivering shares of common stock (including shares acquired pursuant to the exercise of an option) equal in fair market value to the purchase price of the shares to be acquired pursuant to the option, (iv) at the discretion of the board or the committee, by withholding some of the shares of common stock which are being purchased upon exercise of an option, or (v) any combination of the foregoing. With respect to subclause (iii) hereof, the shares of common stock delivered to pay the purchase price must have either been (x) purchased in open market transactions or (y) issued by the Company pursuant to a plan thereof, in each case more than six months prior to the exercise date of the option.

Share Awards. Under the 2009 Stock Incentive Plan, the board of directors or the committee is authorized to grant share awards, which are a right to receive a distribution of shares of common stock. Shares of common stock granted pursuant to a share award will be in the form of restricted stock which shall vest upon such terms and conditions as established by the committee. The board or the committee will determine which officers, key employees and directors will be granted share awards, and the number of shares subject to each share award. The number of shares available to be issued as share awards will not exceed 75,000 shares, or 25% of the total number of shares available for issuance under the plan.

If the employment or service of a share award recipient is terminated before the share award is completely earned, the recipient will forfeit the right to any shares subject to the share award that have not been earned, except as set forth below. All shares subject to a share award held by a recipient whose employment or service with the Company or a subsidiary company terminates due to death or disability will be deemed fully earned as of the recipient's last day of employment or service. In addition, all shares subject to a share award held by a recipient will be deemed to be fully earned as of the effective date of a change of control of the Company.

A recipient of a share award will not be entitled to receive any dividends declared on the common stock and will not be entitled to any voting rights with respect to an unvested share award until it vests. Share awards are not transferable by the recipient, and shares subject to a share award may only be earned by and paid to the recipient who was notified in writing of such award by the committee.

The committee may determine to make any share award a performance share award by making such award contingent upon the achievement of a performance goal, or any combination of performance goals. Each performance share award will be evidenced by a written agreement setting forth the performance goals applicable to such award. All determinations regarding the achievement of any performance goal will be made by the committee. Each performance share award will be granted and administered to comply with the requirements of Section 162(m) of the Code. Notwithstanding anything to the contrary in the 2009 Stock Incentive Plan, a recipient of a performance award shall have no rights as a stockholder until the shares of common stock covered by the performance share award are issued to the recipient according to the terms thereof.

Number of Shares Covered by the 2009 Stock Incentive Plan. A total of 300,000 shares of common stock, which is equal to approximately 8% of the issued and outstanding common stock, has been reserved for future issuance pursuant to the plan. No more than 75,000, or 25%, of the shares reserved under the plan may be granted as share awards to all participants in the plan. In the event of a stock split, reverse stock split, subdivision, stock dividend or any other capital adjustment, the number of shares of common stock under the plan, the number of shares to which any Award relates and the exercise price per share under any option or stock appreciation right shall be adjusted to reflect such increase or decrease in the total number of shares of common stock outstanding or such capital adjustment. The closing price of the common stock was \$13.17 per share on December 1, 2009 as reported by the NASDAQ Stock Market.

Amendment and Termination of the 2009 Stock Incentive Plan. The board of directors may at any time terminate or amend the 2009 Stock Incentive Plan with respect to any shares of common stock as to which Awards have not been granted, subject to any required stockholder approval or any stockholder approval which the board may deem to be advisable. The board of directors may not, without the consent of the holder of an Award, alter or impair any Award previously granted or awarded under the plan except as specifically authorized by the plan.

Unless sooner terminated, the 2009 Stock Incentive Plan shall continue in effect for a period of ten years from September 16, 2009, the date that the plan was adopted by the board of directors. Termination of the plan shall not affect any previously granted Awards.

Awards Granted or Available Under Existing Plans. As of September 30, 2009, options covering 405,271 shares of common stock and no shares of restricted stock were issued and outstanding under the Company's existing stock plans and only 76,911 shares remained available for the grant of stock options under such plans.

The following table sets forth certain information for all equity compensation plans (other than the proposed 2009 Stock Incentive Plan) and individual compensation arrangements (whether with employees or non-employees, such as directors) in effect as of September 30, 2009.

Awards to be Granted. The Company has not yet made any determination as to the timing or recipients of grants of Awards under the plan.

Federal Income Tax Consequences. Set forth below is a summary of the federal income tax consequences under the Internal Revenue Code relating to awards which may be granted under the 2009 Stock Incentive Plan.

Incentive Stock Options. No taxable income is recognized by the optionee upon the grant or exercise of an incentive stock option that meets the requirements of Section 422 of the Code. However, the exercise of an incentive stock option may result in alternative minimum tax liability for the optionee. If no disposition of shares issued to an

optionee pursuant to the exercise of an incentive stock option is made by the optionee within two years from the date of grant or within one year after the date of exercise, then upon sale of such shares, any amount realized in excess of the exercise price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain and any loss sustained will be a long-term capital loss, and no deduction will be allowed to the Company for federal income tax purposes.

If shares of common stock acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of the two-year and one-year holding periods described above (a disqualifying disposition), the optionee generally will recognize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares on the date of exercise (or, if less, the amount realized on an arm's length sale of such shares) over the exercise price of the underlying options, and the Company will be entitled to deduct such amount. Any gain realized from the shares in excess of the amount taxed as ordinary income will be taxed as capital gain and will not be deductible by the Company.

An incentive stock option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment, except in certain cases where the incentive stock option is exercised after the death or disability of the optionee. If an incentive stock option is exercised at a time when it no longer qualifies for the tax treatment described above, the option is treated as a nonqualified stock option.

Nonqualified Stock Options. No taxable income is recognized by the optionee at the time a nonqualified stock option is granted under the plan. Generally, on the date of exercise of a nonqualified stock option, ordinary income is recognized by the optionee in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise, and the Company receives a tax deduction for the same amount. Upon disposition of the shares acquired, an optionee generally recognizes the appreciation or depreciation on the shares after the date of exercise as either a short-term or long-term capital gain or loss depending on how long the shares have been held. In general, common stock issued upon exercise of a non-qualified stock option granted under the plan will be transferable and not subject to a risk of forfeiture at the time issued.

Share Awards. Upon the vesting of a share award, the holder will realize income for federal income tax purposes equal to the amount received, whether in cash, shares of stock or both, and the Company will be entitled to a deduction for federal income tax purposes in the same amount. Pursuant to Section 83 of the Code, recipients of share awards will recognize ordinary income in an amount equal to the fair market value of the shares of common stock granted to them at the time that the shares vest and become transferable. A recipient of a share award may also elect, however, to accelerate the recognition of income with respect to his or her grant to the time when the share award is first granted, notwithstanding the vesting schedule of such awards. The Company will be entitled to deduct as a compensation expense for tax purposes the same amounts recognized as income by recipients of share awards in the year in which such amounts are included in income.

Deduction Limit for Certain Executive Officers. Section 162(m) of the Code generally limits the deduction for certain compensation in excess of \$1 million per year paid by a publicly-traded corporation to its chief executive officer and the next three other most highly compensated executive officers other than the chief financial officer (covered executives). Certain types of compensation, including compensation based on performance goals, are excluded from the \$1 million deduction limitation. In order for compensation to qualify for this exception: (i) it must be paid solely on account of the attainment of one or more preestablished, objective performance goals; (ii) the performance goal must be established by a compensation committee consisting solely of two or more outside directors; (iii) the material terms under which the compensation is to be paid, including performance goals, must be disclosed to and approved by stockholders in a separate vote prior to payment; and (iv) prior to payment, the compensation committee must certify that the performance goals and any other material terms were in fact satisfied.

The 2009 Stock Incentive Plan has been designed to meet the requirements of Section 162(m) of the Code and, as a result, the Company believes that compensation attributable to performance share awards rights granted under the plan in accordance with the foregoing requirements will be fully deductible under Section 162(m) of the Code. If the non-excluded compensation of a covered executive exceeds \$1 million, however, compensation attributable to other awards, such as non-performance based restricted stock, may not be fully deductible unless the grant or vesting of the award is contingent on the attainment of a performance goal determined by the committee meeting specified requirements and disclosed to and approved by the stockholders of the Company. The board of directors believes that the likelihood of any impact on the Company from the deduction limitation contained in Section 162(m) of the Code is remote at this time.

Section 409A of the Internal Revenue Code. The Committee will administer and interpret the 2009 Stock Incentive Plan and all Awards in a manner consistent with the intent to satisfy the requirements of Section 409A of the Internal Revenue Code to avoid any adverse tax results thereunder to a holder of an Award.

The above description of tax consequences under federal income tax law is necessarily general in nature and does not purport to be complete. Moreover, statutory provisions are subject to change, as are their interpretations, and their application may vary in individual circumstances. Finally, the consequences under applicable state and local income tax laws may not be the same as under the federal income tax laws.

Accounting Treatment. U.S. generally accepted accounting principles requires the Company to recognize the cost of employee services received in share-based payment transactions, including Awards under the 2009 Stock Incentive Plan, and measure the cost on the grant-date fair value of the Award. The cost will be recognized over the period during which an employee is required to provide service in exchange for the Award, which may result in compensation expense charged against the Company's reported earnings.

Stockholder Approval. No Awards will be granted under the 2009 Stock Incentive Plan unless the plan is approved by stockholders. Stockholder ratification of the plan will satisfy listing requirements of the Nasdaq Stock Market and certain federal tax requirements applicable to incentive stock options.

The Board of Directors recommends that stockholders vote FOR approval of the 2009 Stock Incentive Plan.

Beard Miller's report on the financial statements for fiscal 2008 and 2007 did not contain an adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles. During fiscal 2008 and 2007, ParenteBeard did not advise, and has not indicated to the Company that it had reason to advise, the Company of any reportable event, as defined in Item 304(a) of Regulation S-K of the Exchange Act. Pre-Approval Policy and Procedures

The Audit Committee selects the Company's independent registered public accounting firm and pre-approves all audit services to be provided by it to the Company. The Audit Committee also reviews and pre-approves all audit-related, tax and all other services rendered by our independent registered public accounting firm in accordance with the audit committee's charter and policy on pre-approval of audit-related, tax and other services. In its review of these services and related fees and terms, the audit committee considers, among other things, the possible effect of the performance of such services on the independence of our independent registered public accounting firm. Pursuant to its policy, the audit committee pre-approves certain audit-related services and certain tax services which are specifically described by the Audit Committee on an annual basis and separately approves other individual engagements as necessary. The pre-approval requirements do not apply to certain services if: (i) the aggregate amount of such services provided to the Company constitutes not more than five percent of the total amount of revenues paid by the Company to its independent auditor during the year in which the services are provided; (ii) such services were not recognized by the Company at the time of the engagement to be other services; and (iii) such services are promptly brought to the attention of the committee and approved by the committee or by one or more members of the committee to whom authority to grant such approvals has been delegated by the committee prior to the completion of the audit. The Audit Committee may delegate to one or more designated members of the committee the authority to grant required pre-approvals. The decisions of any member to whom authority is delegated to pre-approve an activity shall be presented to the full committee at its next scheduled meeting.

During the fiscal year ended September 30, 2009, each new engagement of the independent registered public accounting firm was approved in advance by the Audit Committee, and none of those engagements made use of the *de minimis* exception to pre-approval contained in the SEC's rules.

The Board of Directors recommends that you vote FOR the ratification of the appointment of ParenteBeard LLC as our independent registered public accounting firm for the year ending September 30, 2010.

4.02 Appointment and Operation of the Committee. The members of the Committee shall be appointed by, and will serve at the pleasure of, the Board. The Board from time to time may remove members from, or add members to, the Committee, provided the Committee shall continue to consist of two or more members of the Board, each of whom shall be a Non-Employee Director, as defined in Rule 16b-3(b)(3)(i) of the Exchange Act or any successor thereto. In addition, each member of the Committee shall be an outside director within the meaning of Section 162(m) of the Code and regulations thereunder at such times as is required under such regulations. The Board or the Committee may by resolution immediately revoke, rescind and terminate any Option, or portion thereof, to the extent not yet exercised, previously granted or awarded under this Plan to an Employee who is discharged from the employ of the Corporation or a Subsidiary Company for cause, which, for purposes hereof, shall mean termination because of the Employee's personal dishonesty, incompetence, willful misconduct, breach of fiduciary duty involving personal profit, intentional failure to perform stated duties, willful violation of any law, rule, or regulation (other than traffic violations or similar offenses) or final cease-and-desist order. Options granted to a Non-Employee Director who is removed for cause pursuant to the Corporation's Articles of Incorporation and Bylaws or the Bank's Charter and Bylaws shall terminate as of the effective date of such removal.

4.04 Limitation on Liability. Neither the members of the Board nor any member of the Committee shall be liable for any action or determination made in good faith with respect to the Plan, any rule, regulation or procedure adopted by it pursuant thereto or any Awards granted under it. If a member of the Board or the Committee is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of anything done or not done by him in such capacity under or with respect to the Plan, the Corporation shall, subject to the requirements of applicable laws and regulations, indemnify such member against all liabilities and expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in the best interests of the Corporation and its Subsidiary Companies and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful.

4.07 No Deferral of Compensation Under Section 409A of the Code. All Awards granted under the Plan are designed to not constitute a deferral of compensation for purposes of Section 409A of the Code. Notwithstanding any other provision in this Plan to the contrary, all of the terms and conditions of any Option granted under this Plan shall be designed to satisfy the exemption for stock options set forth in the regulations issued under Section 409A of the Code. Both this Plan and the terms of all Options granted hereunder shall be interpreted in a manner that requires compliance with all of the requirements of the exemption for stock options set forth in the regulations issued under Section 409A of the Code. None of such shares shall be the subject of more than one Award at any time, but if an Award as to any shares is surrendered before exercise or vesting, or expires or terminates for any reason without having been exercised in full, or for any other reason ceases to be exercisable, the number of shares covered thereby shall again become available for grant under the Plan as if no Awards had been previously granted with respect to such shares.

6.02 Source of Shares. The shares of Common Stock issued under the Plan may be authorized but unissued shares, treasury shares or shares purchased by the Corporation on the open market or from private sources for use under the Plan.

**ARTICLE VII
DETERMINATION OF
AWARDS, NUMBER OF SHARES, ETC.**

7.01 Determination of Awards. The Board or the Committee shall, in its discretion, determine from time to time which Employees and Non-Employee Directors will be granted Awards under the Plan, the number of shares of Common Stock subject to each Award, whether each Option will be an Incentive Stock Option or a Non-Qualified Stock Option, the exercise price of an Option and whether a Share Award will be a Performance Share Award. In making all such determinations there shall be taken into account the duties, responsibilities and performance of each Optionee, his present and potential contributions to the growth and success of the Corporation, his salary or other compensation and such other factors deemed relevant to accomplishing the purposes of the Plan.

7.02 Limitation on Share Awards. Notwithstanding anything contained in this Plan to the contrary, the maximum number of shares of Common Stock to which Share Awards may be issued under this Plan shall be 75,000, or 25% of the total number of shares available for issuance under this Plan. None of such shares shall be the subject of more than one Award at any time, but if a Share Award as to any shares is surrendered before vested, or expires or terminates for any reason without vesting in full, the number of shares covered thereby shall again become available for grant under the Plan as if no Awards had been previously granted with respect to such shares.

7.03 Maximum Awards to any Person. Notwithstanding anything contained in this Plan to the contrary, the maximum number of shares of Common Stock to which Awards may be granted to any individual in any calendar year shall be 50,000.

**ARTICLE VIII
OPTIONS**

Each Option granted hereunder shall be on the following terms and conditions:

8.01 Stock Option Agreement. The proper Officers on behalf of the Corporation and each Optionee shall execute a Stock Option Agreement which shall set forth the total number of shares of Common Stock to which it pertains, the exercise price, whether it is a Non-Qualified Option or an Incentive Stock Option, and such other terms, conditions, restrictions and privileges as the Board or the Committee in each instance shall deem appropriate, provided they are not inconsistent with the terms, conditions and provisions of this Plan. Each Optionee shall receive a copy of his executed Stock Option Agreement. Any Option granted with the intention that it will be an Incentive Stock Option but which fails to satisfy a requirement for Incentive Stock Options shall continue to be valid and shall be treated as a Non-Qualified Option.

8.02 Option Exercise Price.

(a) Incentive Stock Options. The per share price at which the subject Common Stock may be purchased upon exercise of an Incentive Stock Option shall be no less than one hundred percent (100%) of the Fair Market Value of a share of Common Stock at the time such Incentive Stock Option is granted, except as provided in Section 8.09(b).

(b) Non-Qualified Options. The per share price at which the subject Common Stock may be purchased upon exercise of a Non-Qualified Option shall be established by the Committee at the time of grant, but in no event shall be less than one hundred percent (100%) of the Fair Market Value of a share of Common Stock at the time such Non-Qualified Option is granted.

8.03 Vesting and Exercise of Options.

(a) General Rules. Incentive Stock Options and Non-Qualified Options shall become vested and exercisable at the rate, to the extent and subject to such limitations as may be specified by the Board or the Committee.

Notwithstanding the foregoing, no vesting shall occur on or after an Employee's employment or service as a Non-Employee Director with the Corporation and all Subsidiary Companies is terminated for any reason other than his death, Disability, Retirement or a Change in Control. In determining the number of shares of Common Stock with respect to which Options are vested and/or exercisable, fractional shares will be rounded up to the nearest whole number if the fraction is 0.5 or higher, and down if it is less.

(b) Accelerated Vesting. Unless the Committee or Board shall specifically state otherwise at the time an Option is granted, all Options granted under this Plan shall become vested and exercisable in full on the date an Optionee terminates his employment with the Corporation or a Subsidiary Company or service as a Non-Employee Director because of his death, Disability or Retirement. In addition, all outstanding Options shall become immediately vested and exercisable in full as of the effective date of a Change in Control.

8.04 Duration of Options.

(a) General Rule. Except as provided in Sections 8.04(b) and 8.09, each Option or portion thereof shall be exercisable at any time on or after it vests and remain exercisable until the earlier of (i) ten (10) years after its date of grant or (ii) three (3) months after the date on which the Employee or Non-Employee Director ceases to be employed by or serve the Corporation and all Subsidiary Companies, or any successor thereto, unless the Board or the Committee in its discretion decides at the time of grant to extend such period of exercise upon termination of employment or service to a period not exceeding five (5) years.

(b) Exceptions. Unless the Board or the Committee shall specifically state otherwise at the time an Option is granted, if an Employee terminates his employment with the Corporation or a Subsidiary Company as a result of Disability or Retirement without having fully exercised his Options, the Employee shall have the right, during the one (1) year period following his termination due to Disability or Retirement, to exercise such Options.

Unless the Board or the Committee shall specifically state otherwise at the time an Option is granted, if an Employee or Non-Employee Director terminates his employment or service with the Corporation or a Subsidiary Company following a Change in Control without having fully exercised his Options, the Optionee shall have the right to exercise such Options during the remainder of the original ten (10) year term (or five (5) year term for Options subject to Section 8.09(b) hereof) of the Option from the date of grant.

If an Optionee dies while in the employ or service of the Corporation or a Subsidiary Company or terminates employment or service with the Corporation or a Subsidiary Company as a result of Disability or Retirement and dies without having fully exercised his Options, the executors, administrators, legatees or distributees of his estate shall have the right, during the one (1) year period following his death, to exercise such Options.

In no event, however, shall any Option be exercisable more than ten (10) years (or five (5) years for Options subject to Section 8.09(b) hereof) from the date it was granted.

8.05 Nonassignability. Options shall not be transferable by an Optionee except by will or the laws of descent or distribution, and during an Optionee's lifetime shall be exercisable only by such Optionee or the Optionee's guardian or legal representative. Notwithstanding the foregoing, or any other provision of this Plan, an Optionee who holds Non-Qualified Options may transfer such Options to his or her spouse, lineal ascendants, lineal descendants, or to a duly established trust for the benefit of one or more of these individuals. Options so transferred may thereafter be transferred only to the Optionee who originally received the grant or to an individual or trust to whom the Optionee could have initially transferred the Option pursuant to this Section 8.05. Options which are transferred pursuant to this Section 8.05 shall be exercisable by the transferee according to the same terms and conditions as applied to the Optionee.

8.06 Manner of Exercise. Options may be exercised in part or in whole and at one time or from time to time. The procedures for exercise shall be set forth in the written Stock Option Agreement provided for in Section 8.01 above.

8.07 Payment for Shares. Payment in full of the purchase price for shares of Common Stock purchased pursuant to the exercise of any Option shall be made to the Corporation upon exercise of the Option. All shares sold under the Plan shall be fully paid and nonassessable. Payment for shares may be made by the Optionee (i) in cash or by check, (ii) by delivery of a properly executed exercise notice, together with irrevocable instructions to a broker to sell a sufficient number of shares and then to properly deliver to the Corporation the amount of sale proceeds to pay the exercise price, all in accordance with applicable laws and regulations, (iii) at the discretion of the Board or the Committee, by delivering shares of Common Stock (including shares acquired pursuant to the exercise of an Option) equal in Fair Market Value to the purchase price of the shares to be acquired pursuant to the Option, (iv) at the discretion of the Board or the Committee, by withholding some of the shares of Common Stock which are being purchased upon exercise of an Option, or (v) any combination of the foregoing. With respect to subclause (iii) hereof, the shares of Common Stock delivered to pay the purchase price must have either been (x) purchased in open market transactions or (y) issued by the Corporation or pursuant to a plan thereof, in each case more than six months prior to the exercise date of the Option.

8.08 Voting and Dividend Rights. No Optionee shall have any voting or dividend rights or other rights of a stockholder in respect of any shares of Common Stock covered by an Option prior to the time that his name is recorded on the Corporation's stockholder ledger as the holder of record of such shares acquired pursuant to an exercise of an Option.

8.09 Additional Terms Applicable to Incentive Stock Options. All Options issued under the Plan as Incentive Stock Options will be subject, in addition to the terms detailed in Sections 8.01 to 8.08 above, to those contained in this Section 8.09.

(a) Amount Limitation. Notwithstanding any contrary provisions contained elsewhere in this Plan and as long as required by Section 422 of the Code, the aggregate Fair Market Value, determined as of the time an Incentive Stock Option is granted, of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by the Optionee during any calendar year under this Plan, and stock options that satisfy the requirements of Section 422 of the Code under any other stock option plan or plans maintained by the Corporation (or any parent or Subsidiary Company), shall not exceed \$100,000.

(b) Limitation on Ten Percent Stockholders. The price at which shares of Common Stock may be purchased upon exercise of an Incentive Stock Option granted to an individual who, at the time such Incentive Stock Option is granted, owns, directly or indirectly, more than ten percent (10%) of the total combined voting power of all classes of stock issued to stockholders of the Corporation or any Subsidiary Company, shall be no less than one hundred and ten percent (110%) of the Fair Market Value of a share of the Common Stock of the Corporation at the time of grant, and such Incentive Stock Option shall by its terms not be exercisable after the earlier of the date determined under Section 8.04 or the expiration of five (5) years from the date such Incentive Stock Option is granted.

(c) Notice of Disposition; Withholding; Escrow. An Optionee shall immediately notify the Corporation in writing of any sale, transfer, assignment or other disposition (or action constituting a disqualifying disposition within the meaning of Section 421 of the Code) of any shares of Common Stock acquired through exercise of

an Incentive Stock Option, within two (2) years after the grant of such Incentive Stock Option or within one (1) year after the acquisition of such shares, setting forth the date and manner of disposition, the number of shares disposed of and the price at which such shares were disposed of. The Corporation shall be entitled to withhold from any compensation or other payments then or thereafter due to the Optionee such amounts as may be necessary to satisfy any withholding requirements of federal or state law or regulation and, further, to collect from the Optionee any additional amounts which may be required for such purpose. The Committee may, in its discretion, require shares of Common Stock acquired by an Optionee upon exercise of an Incentive Stock Option to be held in an escrow arrangement for the purpose of enabling compliance with the provisions of this Section 8.09(c).

ARTICLE IX SHARE AWARDS

9.01 Share Award Notice. As promptly as practicable after the granting of a Share Award pursuant to the terms hereof, the Board or the Committee shall notify the Recipient in writing of the grant of the Share Award, the number of shares covered by the Share Award, whether the Share Award is a Performance Share Award and the terms upon which the shares subject to the Share Award shall be distributed to the Recipient. The Board or the Committee shall maintain records as to all grants of Share Awards and Performance Share Awards under the Plan.

9.02 Earning Plan Shares; Forfeitures.

(a) General Rules. Subject to the terms hereof, Share Awards granted hereunder shall be earned at the rate and to the extent as may be specified by the Committee at the date of grant thereof. If the employment of an Employee is terminated before the Share Award has been completely earned for any reason (except as specifically provided in subsections (b) and (c) below), the Recipient shall forfeit the right to any shares subject to the Share Award which have not theretofore been earned. In the event of a forfeiture of the right to any shares subject to a Share Award, such forfeited shares shall become available for grant pursuant to Articles VI and VII as if no Share Award had been previously granted with respect to such shares. No fractional shares shall be distributed pursuant to this Plan.

(b) Exception for Termination Due to Death or Disability. Notwithstanding the general rule contained in Section 9.02(a), all shares subject to a Share Award held by a Recipient whose employment or service with the Corporation or any Subsidiary Company terminates due to death or Disability shall be deemed fully earned as of the Recipient's last day of employment or service with the Corporation or any Subsidiary Company and shall be distributed as soon as practicable thereafter.

(c) Exception for a Change in Control. Notwithstanding the general rule contained in Section 9.02(a), all shares subject to a Share Award held by a Recipient shall be deemed to be fully earned as of the effective date of a Change in Control.

9.03 Dividends and Voting. A Recipient shall not be entitled to receive any cash dividends declared on the Common Stock with respect to any unvested Share Award. A Recipient shall not be entitled to any voting rights with respect to any unvested Share Award which has not yet been earned and distributed to him or her pursuant to Section 9.04.

9.04 Distribution of Plan Shares.

(a) Timing of Distributions: General Rule. Subject to the provisions of Section 9.06 hereof, shares shall be distributed to the Recipient or his Beneficiary, as the case may be, as soon as practicable after they have been earned.

(b) Form of Distributions. All shares shall be distributed in the form of Common Stock. One share of Common Stock shall be given for each share earned and distributable.

(c) Restrictions on Selling of Plan Shares. Share Awards may not be sold, assigned, pledged or otherwise disposed of prior to the time that they are earned and distributed pursuant to the terms of this Plan. Upon

distribution, the Board or the Committee may require the Recipient or his Beneficiary, as the case may be, to agree not to sell or otherwise dispose of his distributed shares except in accordance with all then applicable federal and state securities laws, and the Board or the Committee may cause a legend to be placed on the stock certificate(s) representing the distributed shares in order to restrict the transfer of the distributed shares for such period of time or under such circumstances as the Board or the Committee, upon the advice of counsel, may deem appropriate.

9.05 Rights of Recipients. Notwithstanding anything to the contrary herein, a Participant who receives a Share Award payable in Common Stock shall have no rights as a stockholder until the Common Stock is issued pursuant to the terms of the Award Agreement.

9.06 Performance Awards

(a) Designation of Performance Share Awards. The Committee may determine to make any Share Award a Performance Share Award by making such Share Award contingent upon the achievement of a Performance Goal or any combination of Performance Goals. Each Performance Share Award shall be evidenced by a written agreement (Award Agreement), which shall set forth the Performance Goals applicable to the Performance Share Award, the maximum amounts payable and such other terms and conditions as are applicable to the Performance Share Award. Each Performance Share Award shall be granted and administered to comply with the requirements of Section 162(m) of the Code, if applicable.

(b) Timing of Grants. Any Performance Share Award shall be made not later than 90 days after the start of the period for which the Performance Share Award relates and shall be made prior to the completion of 25% of such period. All determinations regarding the achievement of any Performance Goals will be made by the Committee. The Committee may not increase during a year the amount of a Performance Share Award that would otherwise be payable upon achievement of the Performance Goals but may reduce or eliminate the payments as provided for in the Award Agreement.

(c) Restrictions on Grants. Nothing contained in the Plan will be deemed in any way to limit or restrict the Committee from making any Award or payment to any person under any other plan, arrangement or understanding, whether now existing or hereafter in effect.

(d) Distribution. No Performance Share Award or portion thereof that is subject to the attainment or satisfaction of a condition of a Performance Goal shall be distributed or considered to be earned or vested until the Committee certifies in writing that the conditions or Performance Goal to which the distribution, earning or vesting of such Award is subject have been achieved.

9.07. Nontransferable. Share Awards and Performance Share Awards and rights to shares shall not be transferable by a Recipient, and during the lifetime of the Recipient, shares which are the subject of Share Awards may only be earned by and paid to a Recipient who was notified in writing of a Share Award by the Committee pursuant to Section 9.01. No Recipient or Beneficiary shall have any right in or claim to any assets of the Plan nor shall the Corporation or any Subsidiary Company be subject to any claim for benefits hereunder.

ARTICLE X

ADJUSTMENTS FOR CAPITAL CHANGES

10.01 General Adjustments. The aggregate number of shares of Common Stock available for issuance under this Plan, the number of shares to which any outstanding Award relates, the maximum number of shares that can be covered by Awards granted to a person in any calendar year, and the exercise price per share of Common Stock under any outstanding Option shall be proportionately adjusted for any increase or decrease in the total number of outstanding shares of Common Stock issued subsequent to the Effective Date of this Plan resulting from a split, subdivision or consolidation of shares or any other capital adjustment, the payment of a stock dividend, or other increase or decrease in such shares effected without receipt or payment of consideration by the Corporation.

10.02 Adjustments for Mergers and Other Corporate Transactions. If, upon a merger, consolidation, reorganization, liquidation, recapitalization or the like of the Corporation, the shares of the Corporation's Common Stock

shall be exchanged for other securities of the Corporation or of another corporation, each Award shall be converted, subject to the conditions herein stated, into the right to purchase or acquire such number of shares of Common Stock or amount of other securities of the Corporation or such other corporation as were exchangeable for the number of shares of Common Stock of the Corporation which such Optionees would have been entitled to purchase or acquire except for such action, and appropriate adjustments shall be made to the per share exercise price of outstanding Options, provided that in each case the number of shares or other securities subject to the substituted or assumed stock option and the exercise price thereof shall be determined in a manner that satisfies the requirements of Treasury Regulation §1.424-1 and the regulations issued under Section 409A of the Code so that the substituted or assumed option is not deemed to be a modification of the outstanding Options. Notwithstanding any provision to the contrary herein, the term of any Option granted hereunder and the property which the Optionee shall receive upon the exercise or termination thereof shall be subject to and be governed by the provisions regarding the treatment of any such Options set forth in a definitive agreement with respect to any of the aforementioned transactions entered into by the Corporation to the extent any such Option remains outstanding and unexercised upon consummation of the transactions contemplated by such definitive agreement.

ARTICLE XI

AMENDMENT AND TERMINATION OF THE PLAN

The Board may, by resolution, at any time terminate or amend the Plan with respect to any shares of Common Stock as to which Awards have not been granted, subject to any required stockholder approval or any stockholder approval which the Board may deem to be advisable for any reason, such as for the purpose of obtaining or retaining any statutory or regulatory benefits under tax, securities or other laws or satisfying any applicable stock exchange listing requirements. The Board may not, without the consent of the holder of an Award, alter or impair any Award previously granted or awarded under this Plan except as specifically authorized herein.

ARTICLE XII

EMPLOYMENT AND SERVICE RIGHTS

Neither the Plan nor the grant of any Awards hereunder nor any action taken by the Committee or the Board in connection with the Plan shall create any right on the part of any Employee or Non-Employee Director to continue in such capacity.

ARTICLE XIII

WITHHOLDING

13.01 Tax Withholding. The Corporation may withhold from any cash payment made under this Plan sufficient amounts to cover any applicable withholding and employment taxes, and if the amount of such cash payment is insufficient, the Corporation may require the Optionee to pay to the Corporation the amount required to be withheld as a condition to delivering the shares acquired pursuant to an Award. The Corporation also may withhold or collect amounts with respect to a disqualifying disposition of shares of Common Stock acquired pursuant to exercise of an Incentive Stock Option, as provided in Section 8.09(c).

13.02 Methods of Tax Withholding. The Board or the Committee is authorized to adopt rules, regulations or procedures which provide for the satisfaction of an Optionee's tax withholding obligation by the retention of shares of Common Stock to which the Employee would otherwise be entitled pursuant to an Award and/or by the Optionee's delivery of previously-owned shares of Common Stock or other property.

ARTICLE XIV

EFFECTIVE DATE OF THE PLAN; TERM

14.01 Effective Date of the Plan. This Plan shall become effective on the Effective Date, and Awards may be granted hereunder no earlier than the date that this Plan is approved by stockholders of the Corporation and prior to the termination of the Plan, provided that this Plan is approved by stockholders of the Corporation pursuant to Article XV hereof.

14.02 Term of the Plan. Unless sooner terminated, this Plan shall remain in effect for a period of ten (10) years ending on the tenth anniversary of the Effective Date. Termination of the Plan shall not affect any Awards previously granted and such Awards shall remain valid and in effect until they have been fully exercised or earned, are surrendered or by their terms expire or are forfeited.

**ARTICLE XV

The Corporation shall submit this Plan to stockholders for approval at a meeting of stockholders of the Corporation held within twelve (12) months following the Effective Date, in order to meet the requirements of: (i) Section 422 of the Code and regulations thereunder, (ii) Section 162(m) of the Code and regulations thereunder, and (iii) the NASDAQ Stock Market for listing of the Common Stock on the NASDAQ Stock Market.
