About Independent Bank Corporation

Independent Bank Corporation, headquartered in Ionia, Michigan, is a regional bank holding company providing commercial banking services to individuals, small to medium-sized businesses, community organizations, and public entities. Our wholly-owned banking subsidiary, Independent Bank, was founded in 1864 and operates 105 banking offices that are primarily located in mid-sized Michigan communities such as Grand Rapids, Battle Creek, Lansing, Troy, Bay City, and Saginaw, as well as more rural and suburban communities throughout the lower peninsula of Michigan.

Our bank provides a comprehensive array of products and services to individuals and businesses in the markets we serve. These products and services include checking and savings accounts, commercial loans, direct and indirect consumer financing, mortgage lending, and commercial and municipal treasury management services. In addition, Mepco Finance Corporation (Mepco), a wholly-owned subsidiary of our bank, acquires and services payment plans used by consumers to purchase vehicle service contracts and similar products provided and administered by third parties. We also offer title insurance services through a separate subsidiary of our bank and investment and insurance services through a third party agreement with PrimeVest Financial Services.

Background

Since 2009, we have been focused on strengthening our capital base in the face of weak economic conditions. Our bank began to experience rising levels of non-performing loans and higher provisions for loan losses in 2006 as the Michigan economy experienced economic stress ahead of national trends. Although our bank remained profitable through the second quarter of 2008, it began incurring losses in the third quarter of 2008, which losses have pressured its capital ratios. While our bank has continued to remain well-capitalized under federal regulatory guidelines, we projected that due to our elevated levels of non-performing assets, as well as anticipated losses in the future, an increase in equity capital may be necessary in order for our bank to remain well-capitalized.

In 2009, we retained financial and legal advisors to assist us in reviewing our capital alternatives. We have since discontinued cash dividends on our common stock and exercised our right to defer all quarterly distributions on our outstanding trust preferred securities, as well as on all shares of preferred stock issued to the U.S. Department of the Treasury (the Treasury) pursuant to the Troubled Asset Relief Program (TARP). In December 2009 (as subsequently amended), the Board of Directors of our bank adopted resolutions designed to enhance and strengthen our operations, performance, and financial condition. Importantly, alongside other resolutions aimed at improving asset quality, earnings, liquidity, and risk management, the resolutions require our bank to achieve and maintain specified minimum capital ratios. The minimum ratios established by our bank's Board are higher than the minimum ratios necessary to be considered well-capitalized under federal regulatory standards, which we considered prudent given our elevated levels of non-performing assets and the continuing economic stress in Michigan. Set forth below are the minimum capital ratios imposed by our bank's Board and the minimum ratios necessary to be considered well-capitalized under federal regulatory standards:

	Independent Bank Actual as of March 31, 2011	Minimum Ratios Established by Our Board	Required to be Well-Capitalized
Total Capital to Risk-Weighted Assets	11.16%	11.00%	10.00%
Tier 1 Capital to Average Total Assets	6.60%	8.00%	5.00%

In January 2010, our board of directors adopted a capital restoration plan (the Capital Plan) that documents our objectives and plans for meeting these target ratios. The three primary initiatives of our Capital Plan are:

the conversion of our shares of Series A Preferred Stock which we issued to the Treasury under the Capital Purchase Program (CPP) of TARP into shares of our common stock;

an offer to exchange shares of our common stock for our outstanding trust preferred securities; and

a public offering of our common stock for cash.

Table of Contents

The exchange of our trust preferred securities has not resulted, and the conversion of the preferred stock held by the Treasury into shares of common stock will not result, in any cash proceeds to us. However, both initiatives will give us additional tangible common equity and allow us to reduce our future interest expense and eliminate preferred dividend payments to the Treasury. A public offering of our common stock will result in cash proceeds and a corresponding increase in our tangible common equity.

To date, we have made progress on a number of initiatives to advance the Capital Plan:

On January 29, 2010, we held a special shareholder meeting at which our shareholders approved an increase in the number of shares of common stock we are authorized to issue from 60 million to 500 million. Our shareholders also gave the required shareholder approval for the conversion of preferred stock held by the Treasury into shares of our common stock and the issuance of shares of our common stock in exchange for our outstanding trust preferred securities.

On April 16, 2010, we closed an Exchange Agreement with the Treasury pursuant to which the Treasury exchanged \$72 million in aggregate liquidation value of our Series A Preferred Stock issued to the Treasury under TARP, plus approximately \$2.4 million in accrued but unpaid dividends on such shares, into mandatory convertible preferred stock (new Series B Convertible Preferred Stock). As part of this exchange, we also amended and restated the terms of the Warrant issued to the Treasury in December 2008 to purchase 346,154 shares of our common stock in order to adjust the initial exercise price of the Warrant to be equal to the conversion price applicable to the Series B Convertible Preferred Stock.

The shares of Series B Convertible Preferred Stock are convertible into shares of our common stock. Subject to the receipt of applicable approvals, the Treasury has the right to convert the Series B Convertible Preferred Stock into our common stock at any time. We have the right to compel a conversion of the Series B Convertible Preferred Stock into our common stock at any time provided the following conditions are met:

- (1) we receive appropriate approvals from the Federal Reserve;
- (2) at least \$40 million aggregate liquidation amount of our trust preferred securities are exchanged for shares of our common stock;
- (3) we complete a new cash equity raise of not less than \$100 million on terms acceptable to the Treasury in its sole discretion (other than with respect to the price offered per share); and
- (4) we make any required anti-dilution adjustments to the rate at which the Series B Convertible Preferred Stock is converted into our common stock, to the extent required. (See Description of Our Capital Stock below.)

Once we meet the conditions described above, we intend to immediately convert the Series B Convertible Preferred Stock into shares of our common stock. For each share of Series B Convertible Preferred Stock with a \$1,000 liquidation value, we will issue a number of shares of common stock equal to \$750 divided by a conversion price of \$7.234, subject to any necessary anti-dilution adjustments. At the time any shares of Series B Convertible Preferred Stock are converted into our common stock, we will be required to pay all accrued and unpaid dividends on the Series B Convertible Preferred Stock being converted in cash or, at our option, in shares of our common stock, in which case the number of shares to be issued will be equal to the amount of accrued and unpaid dividends to be paid in common stock divided by the market price of our common stock at the time of conversion (as such market price is determined pursuant to the terms of the Series B Convertible Preferred Stock). Accrued and unpaid dividends on the Series B Convertible Preferred Stock totaled approximately \$3.6 million at March 31, 2011. Unless earlier converted, the Series B Convertible Preferred Stock will convert into shares of our common stock on a mandatory basis on April 16, 2017, subject to the prior receipt of any required regulatory and shareholder approvals. In that case, the shares of preferred stock will convert based on the full \$1,000 liquidation value per share (i.e., there will be no 25% discount to the liquidation value, as there will be for an early conversion by us or the Treasury).

On June 23, 2010, we completed the exchange of an aggregate of 5,109,125 newly issued shares of our common stock for \$41.4 million in aggregate liquidation amount of our outstanding trust preferred securities. As a result, we have satisfied the condition to our ability to compel a conversion of the Series B Convertible Preferred Stock held by the Treasury that at least \$40 million aggregate liquidation amount of our trust preferred securities are exchanged for shares of our common stock.

On July 8, 2010, we filed with the SEC a registration statement, including a prospectus, to register shares of our common stock in a public offering as contemplated by our Capital Plan. To date, such registration statement has not become effective and we have not otherwise commenced the public offering.

Table of Contents

On August 31, 2010, we effected a reverse stock split of our issued and outstanding common stock. Pursuant to this reverse split, each 10 shares of our common stock issued and outstanding immediately prior to the reverse split was converted into 1 share of our common stock. We conducted this reverse split primarily as a means to maintain our share price above \$1.00 per share in order to continue to meet Nasdaq listing standards.

We have taken steps toward the advancement of the final phase of our Capital Plan, an offering of our common stock for cash, but have not commenced such offering. The offering has currently been delayed while we reevaluate our strategic alternatives in light of continued improvement in our asset quality, market conditions, and other factors. As of March 31, 2011, we met one of the two target capital ratios set forth in our Capital Plan as the bank's total capital to risk-weighted assets ratio of 11.16% exceeded the target of 11%.

In addition to the foregoing, we have taken steps to enhance our liquidity position in the face of current economic conditions by investing in shorter-term money market assets supported by higher-cost longer-term funding. We have also established an equity line facility (discussed below) as a contingent source of liquidity for our holding company.

Equity Line With Dutchess

On July 7, 2010, we entered into the Investment Agreement with Dutchess that establishes an equity line facility (the "Equity Line") as a contingent source of liquidity for our holding company. Under the Investment Agreement, Dutchess committed to purchase, from time to time over a period of 36 months and subject to certain conditions, up to \$15 million of our common stock. The shares of common stock to be issued to Dutchess under the Investment Agreement will be issued pursuant to an exemption from registration under the Securities Act.

In connection with the Investment Agreement, we also entered into a Registration Rights Agreement with Dutchess that requires us to register under the Securities Act any shares issued to Dutchess for resale by Dutchess. Pursuant to the Registration Rights Agreement, we filed a registration statement, of which this prospectus is a part, covering the possible resale by Dutchess of up to 1,502,468 shares that we may issue to Dutchess under the Investment Agreement. This was the number of shares we could issue to Dutchess without shareholder approval under NASDAQ Marketplace Rule 5635. Subsequently, at our annual meeting of shareholders held April 26, 2011, our shareholders gave us approval to issue up to an additional 2,500,000 shares to Dutchess pursuant to the Investment Agreement, for a total of 4,002,468 shares. In the future, we may request that our shareholders authorize us to issue additional shares to Dutchess, up to the \$15 million limit established by the Investment Agreement. We expect to file one or more registration statements covering the resale of additional shares of our common stock issuable pursuant to the Investment Agreement, in addition to the 1,502,468 shares registered pursuant to the registration statement of which this prospectus is a part. Through this prospectus, the selling stockholder may offer to the public for resale shares of our common stock that we may issue to Dutchess pursuant to the Investment Agreement.

For a period of 36 months from November 2, 2010, we may, from time to time, at our sole discretion, and subject to certain conditions that we must satisfy, draw down the Equity Line by selling shares of our common stock to Dutchess. The amount we are entitled to put in any one "draw down" may not exceed the greater of (1) two, multiplied by the average daily volume of our common stock for the three trading days immediately prior to the date Dutchess receives a put notice from us, multiplied by the average of the three daily closing prices of the common stock immediately preceding such date, or (2) \$250,000. The purchase price of these shares will be at a discount of 5% to the lowest volume weighted average price, or VWAP, of our common stock during the five consecutive trading day period beginning on the date Dutchess receives a put notice from us and ending on and including the date that is four trading days after such date. We have the option of specifying a floor price in any put notice. If the purchase price, determined as described above, is less than the floor price, then the purchase price automatically adjusts up to the floor price and Dutchess is only obligated to purchase, and we are only obligated to sell, the number of shares specified by Dutchess in the put settlement statement with respect to such put notice. During the period between the put notice date and the closing date with respect to that particular put, we are not entitled to deliver another put notice.

Certain conditions must be satisfied before we are entitled to put shares to Dutchess, including the following:

there must be an effective registration statement under the Securities Act to cover the resale of the shares by Dutchess;

our common stock must be listed on the Nasdaq Capital Market, the Nasdaq Global Market, the Nasdaq Global Select Market, the NYSE Amex, the New York Stock Exchange, the OTC Bulletin Board or the Pink Sheets, and we must not be in receipt of any notice of any pending or threatened proceeding or other action to suspend the trading of our common stock from the market on which it is then listed;

we must have complied with our obligations and not otherwise be in breach of or in default under the Investment Agreement or the Registration Rights Agreement;

no injunction or other governmental action shall remain in force which prohibits the purchase by or the issuance of the shares to Dutchess;

Table of Contents

the issuance of such shares must not violate any shareholder approval requirements of the market on which our common stock is then listed; and

our representations and warranties to Dutchess must be true and correct in all material respects.

The parties negotiated the amount of the Equity Line (\$15 million) before entering into the Investment Agreement on July 7, 2010. This was the approximate amount we would have been able to draw down without shareholder approval under NASDAQ Marketplace Rule 5635 based on the market price of our common stock at that time (early-to mid-June 2010). The market price of our common stock declined significantly since that time. As a result, based on current market prices, we would not be able to draw down the originally contemplated \$15 million without shareholder approval under NASDAQ Marketplace Rule 5635. As noted above, we received shareholder approval to issue up to an additional 2,500,000 shares under the Equity Line at our annual meeting of shareholders held April 26, 2011. This approval was sought to give us additional flexibility to take advantage of this contingent source of liquidity. However, the extent to which we will be able to draw down, or will need to draw down, the Equity Line is dependent upon various factors, including our future financial performance, the market price of our common stock at the time of any put exercise, whether we are successful in raising additional capital as contemplated by our Capital Plan, and our ability to obtain any necessary further shareholder approval under NASDAQ Marketplace Rule 5635 in order to issue more than approximately 4,002,468 shares pursuant to the Equity Line.

The Investment Agreement further provides that IBC and Dutchess are each entitled to customary indemnification from the other for any losses or liabilities we or it suffers as a result of any breach by the other of any provisions of the Investment Agreement or the Registration Rights Agreement, or as a result of any third party claims arising out of or resulting from the other party's execution, delivery, performance or enforcement of the Investment Agreement or the Registration Rights Agreement.

The Investment Agreement also contains representations and warranties of IBC and Dutchess. Such representations and warranties were made for purposes of the Investment Agreement and are subject to qualifications and limitations agreed to by the parties in connection with negotiating the terms of the Investment Agreement. In addition, certain representations and warranties were made as of a specific date, may be subject to a contractual standard of materiality different from what a shareholder might view as material, or may have been used for purposes of allocating risk between the respective parties rather than establishing matters as facts.

Dutchess has also agreed pursuant to the Investment Agreement not to sell short any of our securities, either directly or indirectly through its affiliates, principals or advisors during the term of the Investment Agreement. However, in connection with the distribution of our common stock or otherwise, Dutchess may enter into certain other hedging transactions. Please see [Risk Factors](#) and [Plan of Distribution](#) below.

In connection with the preparation of the Investment Agreement and the Registration Rights Agreement, we paid Dutchess a non-refundable document preparation fee of \$15,000. However, we did not issue Dutchess any shares of our common stock or other securities in connection with this document preparation fee. No fees or commissions are payable at the time of any put under the Investment Agreement.

To date, the Company has completed five puts to Dutchess pursuant to the Equity Line for total proceeds to the Company of \$1,651,899, and has issued an aggregate of 712,336 shares of its Common Stock to Dutchess.

Reverse Stock Split

On August 31, 2010, we effected a reverse stock split of our issued and outstanding common stock. Pursuant to this reverse stock split, each ten shares of our common stock issued and outstanding immediately prior to the reverse stock split was converted into one share of our common stock. All share or per share information included in this prospectus, including our consolidated financial statements and related notes incorporated by reference in this prospectus, has been retroactively restated to reflect the effects of the reverse stock split.

RISK FACTORS

An investment in our common stock involves risks. You should carefully consider all of the information contained in this prospectus, including the risks described below and in Item IA. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2010, as updated by any Quarterly Reports on Form 10-Q filed after that date, and all other information contained in or incorporated by reference in this prospectus (as supplemented and amended), before investing in our common stock. The trading price of our common stock could decline due to any of these risks, and you may lose all or part of your investment. The risk factors described in this section and in documents incorporated by reference in this prospectus (as supplemented and amended), as well as any cautionary language herein and therein, provide examples of risks, uncertainties, and events that could have a material adverse effect on our business, including our operating results and financial condition. This prospectus and the documents incorporated by reference in this prospectus (as supplemented and amended) may also contain forward-looking statements that involve risks and uncertainties. These risks could cause our actual results to differ materially from the expectations that we describe in our forward-looking statements. See Forward-Looking Statements.

RISKS RELATED TO THIS OFFERING

We are registering the resale of 1,502,468 shares of common stock which may be issued to Dutchess under the Equity Line. The resale of such shares by Dutchess could depress the market price of our common stock and you may not be able to sell your investment for what you paid for it.

We are registering the resale of 1,502,468 shares of common stock under the registration statement of which this prospectus forms a part. We may sell up to \$15 million of our common stock to Dutchess pursuant to the Equity Line, subject to the limitation that we may not issue more than approximately 4,002,468 shares to Dutchess without further shareholder approval to comply with NASDAQ Marketplace Rule 5635. The sale of these shares into the public market by Dutchess could depress the market price of our common stock and you may not be able to sell your investment for what you paid for it. We currently expect Dutchess to immediately resell all shares that we put to Dutchess under the Investment Agreement.

Dutchess may engage in certain hedging transactions that may cause the market price of our common stock to decline.

In connection with the distribution of our common stock or otherwise, including upon receipt of any put notice from us, Dutchess may enter into hedging transactions with broker-dealers or other financial institutions, pursuant to which such broker-dealers or other financial institutions may engage in sales of our shares in the course of hedging the positions they assume with Dutchess. If there is an imbalance on the sell side of the market in our common stock, the price of our common stock will decline.

Existing stockholders could experience dilution upon the issuance of common stock pursuant to the Equity Line.

Our Equity Line with Dutchess allows us to sell up to \$15 million of our common stock to Dutchess, subject to the limitation described immediately above and subject to certain restrictions and obligations. If the terms and conditions of the Equity Line are satisfied, and if we choose to exercise our put rights to the fullest extent permitted without further shareholder approval under NASDAQ Marketplace Rule 5635 and sell 4,002,468 shares of our common stock to Dutchess, our existing shareholders' ownership will be diluted by such sales. Consequently, the value of your investment may decrease.

Dutchess will pay less than the then-prevailing market price for our common stock under the Equity Line.

The common stock to be issued to Dutchess pursuant to the Investment Agreement will be purchased at a 5% discount to the lowest volume weighted average price, or VWAP, of our common stock during the five consecutive trading day period beginning on the date Dutchess receives a put notice from us and ending on and including the date that is four trading days after such date. Dutchess has a financial incentive to sell our common stock upon receiving the shares to realize the profit equal to the difference between the discounted price and the market price. If Dutchess sells the shares, the price of our common stock could decrease.

We may not be able to access sufficient funds under the Equity Line when needed.

Our ability to put shares to Dutchess and obtain funds under the Equity Line is limited by the terms and conditions in the Investment Agreement, including restrictions on when we may exercise our put rights, restrictions on the amount

we may put to Dutchess at any one time (which is determined in part by the trading volume of our common stock), and certain other conditions. Such other conditions include the following, each of which must be satisfied prior to our ability to sell shares to Dutchess pursuant to the Equity Line:

there must be an effective registration statement under the Securities Act to cover the resale of the shares by Dutchess;

Table of Contents

our common stock must be listed on the Nasdaq Capital Market, the Nasdaq Global Market, the Nasdaq Global Select Market, the NYSE Amex, the New York Stock Exchange, the OTC Bulletin Board or the Pink Sheets, and we must not be in receipt of any notice of any pending or threatened proceeding or other action to suspend the trading of our common stock from the market on which it is then listed;

we must have complied with our obligations and not otherwise be in breach of or in default under the Investment Agreement or the Registration Rights Agreement;

no injunction or other governmental action shall remain in force which prohibits the purchase by or the issuance of the shares to Dutchess;

the issuance of such shares must not violate any shareholder approval requirements of the market on which our common stock is then listed; and

our representations and warranties to Dutchess must be true and correct in all material respects.

There is no guarantee that we will be able to meet the foregoing conditions or any other conditions under the Investment Agreement or that we will be able to access sufficient funds under the Equity Line when needed.

RISKS RELATED TO THE MARKET PRICE AND VALUE OF THE COMMON STOCK OFFERED

Our common stock could be delisted from Nasdaq.

Our common stock is currently listed on the Nasdaq Global Select Market. On June 23, 2010, we received a letter from The Nasdaq Stock Market notifying us that we no longer meet Nasdaq's continued listing requirements under Listing Rule 5450(a)(1) because the bid price for our common stock had closed below \$1.00 per share for 30 consecutive business days. On September 16, 2010, we received a letter from The Nasdaq Stock Market notifying us that we had regained compliance with this bid price rule by maintaining a minimum closing bid price of at least \$1.00 for a minimum of 10 consecutive business days. However, there is no assurance the price will be maintained at a level necessary for us to comply in the long term.

The delisting of our common stock from Nasdaq, whether in connection with the foregoing or as a result of our future inability or failure to meet any listing standards, would have an adverse effect on the liquidity of our common stock and, as a result, the market price of our common stock might become more volatile. Even the perception that our common stock may be delisted could affect its liquidity and market price. Delisting could also make it more difficult to raise additional capital.

If our common stock is delisted from the Nasdaq, it is likely that quotes for our common stock would continue to be available on the OTC Bulletin Board or on the Pink Sheets. However, these alternatives are generally considered to be less efficient markets and it is likely that the liquidity of our common stock as well as our stock price would be adversely impacted as a result.

USE OF PROCEEDS

We will not receive any of the proceeds from the sale of shares of our common stock by the selling stockholder pursuant to this prospectus. Any sale of shares by us to Dutchess under the Investment Agreement will be made pursuant to an exemption from the registration requirements of the Securities Act. We intend to use the proceeds from any sales of our common stock to Dutchess for general corporate purposes and to meet liquidity needs of our holding company as our bank is unable to pay dividends as described below. As of the date of this prospectus, we cannot specify with certainty all of the particular uses for the net proceeds to us from the sale of shares to Dutchess. Accordingly, we will retain broad discretion over the use of these proceeds, if any.

DIVIDEND POLICY

We are not currently paying any cash dividends on our common stock and our ability to pay cash dividends in the near term is significantly restricted by the factors described below.

Current Prohibitions on Our Payment of Dividends

Pursuant to resolutions adopted by our board in December 2009, we are currently prohibited from paying any dividends on our common stock without the prior written approval of the Board of Governors of the Federal Reserve System (the Federal Reserve) and the Michigan Office of Financial and Insurance Regulation (the Michigan OFIR). We may not rescind or materially modify these resolutions without notice to the Federal Reserve and the Michigan OFIR. Moreover, our primary source for dividends are dividends payable to us by our bank. The Board of Directors of our bank adopted similar resolutions in December 2009 that prohibit our bank from paying any dividends to us without the prior written approval of the Federal Reserve and the Michigan OFIR.

In addition, as a result of our election to defer regularly scheduled quarterly payments on our outstanding trust preferred securities and our outstanding shares of Series B Convertible Preferred Stock, we are currently prohibited from paying any cash dividends on shares of our common stock. We may not pay any cash dividends on our common stock until all accrued but unpaid dividends and distributions on such senior securities have been paid in full. We do not have any current plans to begin making quarterly payments on our trust preferred securities or our Series B Convertible Preferred Stock.

Moreover, even if we were to re-commence regularly scheduled quarterly payments on our outstanding trust preferred securities and Series B Convertible Preferred Stock, there are still significant restrictions on our ability to pay dividends on our common stock. Our agreements with Treasury prevent us from paying quarterly cash dividends on our common stock in excess of \$0.10 per share and (with certain exceptions) repurchasing shares of common stock. These restrictions will remain in effect until the earlier of December 12, 2011 or such time as Treasury ceases to own any of our debt or equity securities acquired pursuant to the Exchange Agreement or the amended and restated Warrant.

Other Restrictions

Aside from the specific restrictions set forth above that result from our current financial condition, there are other restrictions that apply under federal and state law to restrict our ability to pay dividends to our shareholders and the ability of our bank to pay dividends to us. For example, the Federal Reserve requires bank holding companies like us to act as a source of financial strength to their subsidiary banks. Accordingly, we are required to inform and consult with the Federal Reserve before paying dividends that could raise safety and soundness concerns.

On June 23, 2010, we received a letter from The Nasdaq Stock Market notifying us that we no longer meet Nasdaq's continued listing requirements under Listing Rule 5450(a)(1) because the bid price for our common stock had closed below \$1.00 per share for 30 consecutive business days. However, there is no assurance the price will be maintained at a level necessary for us to comply in the long term.

There are restrictions that currently materially limit our ability to pay dividends on our common stock and that may continue to materially limit future payment of dividends on our common stock. See Dividend Policy above.

DESCRIPTION OF OUR CAPITAL STOCK

The following section is a summary and does not describe every aspect of our capital stock. In particular, we urge you to read our articles of incorporation and bylaws because they describe the rights of holders of our common stock. Our articles of incorporation and bylaws are exhibits to the registration statement filed with the SEC of which this prospectus is a part.

Common Stock

General

Our authorized capital stock consists of 500,000,000 shares of common stock and 200,000 shares of preferred stock (described below). As of May 9, 2011 there were 8,274,057 shares of common stock and 74,426 shares of preferred stock outstanding. Effective as of April 9, 2010, we amended our articles of incorporation to delete any reference to par value with respect to our common stock, which previously had a par value of \$1.00 per share. The amendment was approved by our board on April 6, 2010, pursuant to the authority granted it under Sections 301a and 611(2) of the Michigan Business Corporation Act. Effective as of August 31, 2010, we implemented a reverse stock split, pursuant to which each ten shares of our common stock issued and outstanding immediately prior to the reverse stock split was converted into one share of our common stock.

All of the outstanding shares of our common stock are fully paid and nonassessable. Subject to the prior rights of the holders of shares of preferred stock that may be issued and outstanding, the holders of common stock are entitled to receive:

dividends when, as, and if declared by our board out of funds legally available for the payment of dividends;
and

in the event of our dissolution, to share ratably in all assets remaining after payment of liabilities and satisfaction of the liquidation preferences, if any, of then outstanding shares of our preferred stock, as provided in our articles of incorporation.

We do not currently pay any cash dividends on our common stock and are currently prohibited from doing so. See Dividend Policy above for information regarding these prohibitions and other restrictions that materially limit our ability to pay dividends on our common stock.

Under our agreements with the Treasury, including the Exchange Agreement described above, we are only permitted to repurchase shares of our common stock under limited circumstances, including the following:

in connection with the administration of any employee benefit plan in the ordinary course of business and consistent with past practice;

the redemption or repurchase of rights pursuant to any shareholders' rights plan;

our acquisition of record ownership of common stock or other securities that are junior to or on a parity with the Series B Convertible Preferred Stock for the beneficial ownership of any other persons, including trustees or custodians; and

the exchange or conversion of our common stock for or into other securities that are junior to or on a parity with the Series B Convertible Preferred Stock or trust preferred securities for or into common stock or other securities that are junior to or on a parity with the Series B Convertible Preferred Stock, in each case solely to the extent required pursuant to binding contractual agreements entered into prior to December 12, 2008 or any subsequent agreement for the accelerated exercise, settlement or exchange thereof for common stock.

Except with respect to certain Designated Matters (defined below), Treasury has agreed in the Exchange Agreement to vote all shares of our common stock acquired upon conversion of the Series B Convertible Preferred Stock or upon exercise of the amended and restated Warrant that are beneficially owned by it and its controlled affiliates in the same proportion (for, against or abstain) as all other shares of our common stock are voted. Designated Matters means (i) the election and removal of our directors, (ii) the approval of any merger, consolidation or similar

transaction that requires the approval of our shareholders, (iii) the approval of a sale of all or substantially all of our assets or property, (iv) the approval of our dissolution, (v) the approval of any issuance of any of our securities on which our shareholders are entitled to vote, (vi) the approval of any amendment to our organizational documents on which our shareholders are entitled to vote, and (vii) the approval of any other matters reasonably incidental to the foregoing as determined by the Treasury.

In addition, as a bank holding company, our ability to pay dividends on our common stock is affected by the ability of our bank to pay dividends to us under applicable laws, rules and regulations. The ability of our bank, as well as us, to pay dividends in the future currently is, and could be further, influenced by bank regulatory requirements and capital guidelines. See [Dividend Policy](#) above for more information.

Table of Contents

Each holder of our common stock is entitled to one vote for each share held of record on all matters presented to a vote at a shareholders meeting, including the election of directors. Holders of our common stock have no cumulative voting rights or preemptive rights to purchase or subscribe for any additional shares of our common stock or other securities, and there are no conversion rights or redemption or sinking fund provisions with respect to our common stock. Our common stock is currently listed on the Nasdaq Global Select Market under the symbol IBCP.

Certain Restrictions under Federal Banking Laws

As a bank holding company, the acquisition of large interests in our common stock is subject to certain limitations described below. These limitations may have an anti-takeover effect and could prevent or delay mergers, business combination transactions, and other large investments in our common stock that may otherwise be in our best interests and the best interests of our shareholders.

The federal Bank Holding Company Act generally would prohibit any company that is not engaged in banking activities and activities that are permissible for a bank holding company or a financial holding company from acquiring control of us. Control is generally defined as ownership of 25% or more of the voting stock or other exercise of a controlling influence. In addition, any existing bank holding company would require the prior approval of the Federal Reserve before acquiring 5% or more of our voting stock. In addition, the federal Change in Bank Control Act prohibits a person or group of persons from acquiring control of a bank holding company unless the Federal Reserve has been notified and has not objected to the transaction. Under a rebuttable presumption established by the Federal Reserve, the acquisition of 10% or more of a class of voting stock of a bank holding company with a class of securities registered under Section 12 of the Exchange Act, such as us, would, under the circumstances set forth in the presumption, constitute acquisition of control of the bank holding company.

Certain Other Limitations

In addition to the foregoing limitations, our articles of incorporation and bylaws contain provisions that could also have an anti-takeover effect. Some of the provisions also may make it difficult for our shareholders to replace incumbent directors with new directors who may be willing to entertain changes that our shareholders may believe will lead to improvements in our business.

Preferred Stock

Our authorized capital stock includes 200,000 shares of preferred stock, no par value per share. Our board of directors is authorized to issue preferred stock in one or more series, to fix the number of shares in each series, and to determine the designations and preferences, limitations, and relative rights of each series, including dividend rates, terms of redemption, liquidation amounts, sinking fund requirements, and conversion rights, all without any vote or other action on the part of our shareholders. This power is limited by applicable laws or regulations and may be delegated to a committee of our board of directors.

Series B Convertible Preferred Stock

On April 16, 2010, we issued 74,426 shares of Series B Fixed Rate Cumulatorily Convertible Preferred Stock (the Series B Convertible Preferred Stock) to the Treasury pursuant to the terms of the Exchange Agreement. Under the Exchange Agreement, the Treasury accepted the shares of Series B Convertible Preferred Stock in exchange for the entire \$72 million in aggregate liquidation value of the shares of Series A Preferred Stock we issued to the Treasury under its Capital Purchase Program, plus the value of all accrued and unpaid dividends on such shares of Series A Preferred Stock (approximately \$2.4 million). The shares of Series B Convertible Preferred Stock have an aggregate liquidation amount equal to \$74,426,000, plus accrued and unpaid dividends.

With the exception of being convertible into shares of our common stock, the terms of the Series B Convertible Preferred Stock are substantially similar to the terms of the Series A Preferred Stock that were exchanged. The Series B Convertible Preferred Stock qualifies as Tier 1 regulatory capital, subject to limitations, and pays cumulative dividends quarterly at a rate of 5% per annum through February 14, 2014, and 9% per annum thereafter. The Series B Convertible Preferred Stock is non-voting, other than class voting rights on certain matters that could adversely affect such shares. If dividends on the Series B Convertible Preferred Stock have not been paid for an aggregate of six quarterly dividend periods or more, whether consecutive or not, our authorized number of directors will be automatically increased by two and the holders of the Series B Convertible Preferred Stock, voting together with holders of any then outstanding voting parity stock, will have the right to elect those directors at our next annual

meeting of shareholders or at a special meeting of shareholders called for that purpose. These directors would be elected annually and serve until all accrued and unpaid dividends on the Series B Convertible Preferred Stock have been paid.

The Series B Convertible Preferred Stock is callable at par plus accrued and unpaid dividends at any time (however, if a redemption occurs on or after the first dividend payment date falling on or after the second anniversary of the issuance of the Series B Convertible Preferred Stock, the redemption price is the greater of (i) par plus accrued and unpaid dividends, and (ii) the product of the conversion rate (as

Table of Contents

described below) and the average of the market prices per share of our common stock over the 20 consecutive trading day period after the notice of redemption is given, plus all accrued and unpaid dividends).

The terms of the Exchange Agreement carry over the restrictions on dividends and repurchases from the original transaction with the Treasury in all material respects. Specifically, the terms of the transaction with the Treasury include prohibitions on our ability to pay dividends and repurchase our common stock. Until the Treasury no longer holds any Series B Convertible Preferred Stock, we will not be able to declare or pay any dividends, nor will we be permitted to repurchase any of our common stock unless all accrued and unpaid dividends on all outstanding shares of Series B Convertible Preferred Stock have been paid in full, subject to the availability of certain limited exceptions (e.g., for purchases in connection with benefit plans).

The Treasury (and any subsequent holder of the shares) has the right to convert the Series B Convertible Preferred Stock into our common stock at any time, subject to the receipt of any applicable approvals. We have the right to compel a conversion of the Series B Convertible Preferred Stock into our common stock if the following conditions are met:

- (i) we receive appropriate approvals from the Federal Reserve;
- (ii) at least \$40 million aggregate liquidation amount of our trust preferred securities are exchanged for shares of our common stock;
- (iii) we complete a new cash equity raise of not less than \$100 million on terms acceptable to the Treasury in its sole discretion (other than with respect to the price offered per share); and
- (iv) we make any required anti-dilution adjustments to the rate at which the Series B Convertible Preferred Stock is converted into our common stock, to the extent required.

On June 23, 2010, we completed the exchange of an aggregate of 5,109,125 newly issued shares of our common stock for \$41.4 million in aggregate liquidation amount of our outstanding trust preferred securities. As a result, we have satisfied the condition to our ability to compel a conversion of the Series B Convertible Preferred Stock that at least \$40 million aggregate liquidation amount of our trust preferred securities are exchanged for shares of our common stock.

If converted by the Treasury (or any subsequent holder) or by us pursuant to either of the above-described conversion rights, each share of Series B Convertible Preferred Stock (liquidation amount of \$1,000 per share) will convert into a number of shares of our common stock equal to a fraction, the numerator of which is \$750 and the denominator of which is \$7.234, referred to as the conversion rate, provided that such conversion rate will be subject to certain anti-dilution adjustments. As an example only, at the time they were issued, the shares of Series B Convertible Preferred Stock were convertible into approximately 7.7 million shares of our common stock.

The conversion rate is subject to anti-dilution adjustments that may result in a greater number of shares being issued to the holder of the Series B Convertible Preferred Stock. Specifically, the conversion rate is subject to adjustment in the event of any of the following:

Cash Offering. If we issue shares of our common stock (or rights or warrants or other securities exercisable or convertible into or exchangeable for such shares) to one or more investors other than the Treasury pursuant to an offering providing a minimum aggregate amount of \$100 million in cash proceeds to us at a consideration per share (or having a conversion price per share) that is less than 90% of the market price of our common stock on the trading day immediately preceding the pricing of such offering (as such market price is determined pursuant to the terms of the Series B Convertible Preferred Stock), then the conversion rate is subject to adjustment.

Other Issuances of Common Stock. If we otherwise issue shares of our common stock or convertible securities, other than pursuant to certain permitted transactions (including issuances to fund acquisitions or in connection with employee benefit plans and compensation arrangements or a public or broadly marketed registered offering for cash), at a consideration per share (or having a conversion price per share) that is less than the

conversion rate in effect immediately prior to such issuance, then the conversion rate is subject to adjustment.

Stock Splits, Subdivisions, Reclassifications or Combinations. If we (i) pay a dividend or make a distribution on our common stock in shares of our common stock, (ii) subdivide or reclassify the outstanding shares of our common stock into a greater number of such shares, or (iii) combine or reclassify the outstanding shares of our common stock into a smaller number of such shares, then the conversion rate is subject to adjustment.

Table of Contents

Other Events. The conversion rate is also subject to adjustment in connection with certain distributions to our shareholders (excluding permitted cash dividends and certain other distributions) and in connection with a pro rata repurchase of our common stock. In addition, if any event occurs as to which the other anti-dilution adjustments are not strictly applicable or, if strictly applicable, would not fairly and adequately protect the conversion rights of the Treasury in accordance with their intent, then we must make such adjustments in the application thereof as necessary to protect such conversion rights.

Unless earlier converted by the Treasury (or any subsequent holder) or by us as described above, the Series B Convertible Preferred Stock will convert into shares of our common stock on a mandatory basis on the seventh anniversary of the date of issuance. In any such mandatory conversion, each share of Series B Convertible Preferred Stock (liquidation amount of \$1,000 per share) will convert into a number of shares of our common stock equal to a fraction, the numerator of which is \$1,000 and the denominator of which is the market price of the Company's common stock at the time of such mandatory conversion (as such market price is determined pursuant to the terms of the Series B Convertible Preferred Stock).

At the time any shares of Series B Convertible Preferred Stock are converted into our common stock, we will be required to pay all accrued and unpaid dividends on the Series B Convertible Preferred Stock being converted in cash or, at our option, in shares of our common stock, in which case the number of shares to be issued will be equal to the amount of accrued and unpaid dividends to be paid in common stock divided by the market price of our common stock at the time of conversion (as such market price is determined pursuant to the terms of the Series B Convertible Preferred Stock). Accrued and unpaid dividends on the Series B Convertible Preferred Stock totaled approximately \$3.6 million at March 31, 2011.

The maximum number of shares of our common stock that may be issued upon conversion of all Series B Convertible Preferred Stock (including any accrued dividends) is 14.4 million, unless we receive shareholder approval to issue a greater number of shares.

As part of the terms of the Exchange Agreement, we also amended and restated the terms of the Warrant, dated December 12, 2008, issued to the Treasury to purchase 346,154 shares of our common stock. The amended and restated Warrant issued upon the closing of the Exchange Agreement adjusted the exercise price of the Warrant to be the same as the conversion rate applicable to the Series B Convertible Preferred Stock described above.

As a result of the transactions contemplated by the Exchange Agreement, all outstanding shares of Series A Preferred Stock were surrendered in exchange for the Series B Convertible Preferred Stock. As a result, our only series of preferred stock issued and outstanding is our Series B Convertible Preferred Stock.

The Treasury has the right to convert all or any portion of the Series B Preferred Shares into shares of our common stock at any time, in its discretion, as well as the right to exercise the warrant at any time, in its discretion. The actual number of shares issuable assuming a full conversion of the Series B Preferred Shares on May 9, 2011 would be calculated as described under "Description of Our Capital Stock - Preferred Stock" above.

Certain Relationships and Related Transactions

Our Board of Directors and executive officers and their associates were customers of, and had transactions with, our bank subsidiary in the ordinary course of business during 2010. All loans and commitments included in such transactions were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and do not involve an unusual risk of collectability or present other unfavorable features. Such loans totaled \$271,000 at December 31, 2010, equal to 0.2% of shareholders' equity.

On February 16, 2011, the Company and the bank entered into a Consulting and Transition Agreement with Mr. Magee, our current CEO (the Consulting Agreement). The Consulting Agreement provides that, effective January 1, 2013, Mr. Magee will be retained as a consultant for two years in order to facilitate a smooth and orderly transition within the Company and the bank and to assure access to Mr. Magee's unique and valuable services. The Consulting Agreement may be terminated by the Company or the Bank immediately for cause. Under the Consulting Agreement, Mr. Magee will receive quarterly consulting payments of \$62,500, beginning January 1, 2013. In addition, the Company will provide Mr. Magee and his dependants with health benefits at the coverage levels in effect as of January 1, 2013, and will reimburse him for the out-of-pocket costs he reasonably incurs to perform his consulting services, in each case for the term of the Consulting Agreement. Mr. Magee agreed to not compete with the Company or the Bank anywhere within Michigan, and to not solicit any employee of the Company or the Bank, while employed by the Company and the Bank and during the term of the Consulting Agreement. The Consulting Agreement also contains a mutual release of claims.

PLAN OF DISTRIBUTION

We are registering 1,502,468 shares of common stock under this prospectus on behalf of Dutchess. Except as described below, to our knowledge, the selling stockholder has not entered into any agreement, arrangement or understanding with any particular broker or market maker with respect to the shares of common stock offered hereby, nor, except as described below, do we know the identity of the brokers or market makers that will participate in the sale of the shares.

The selling stockholder may decide not to sell any shares. The selling stockholder may from time to time offer some or all of the shares of common stock through brokers, dealers or agents who may receive compensation in the form of discounts, concessions or commissions from the selling stockholder and/or the purchasers of the shares of common stock for whom they may act as agent. In effecting sales, broker-dealers that are engaged by the selling stockholder may arrange for other broker-dealers to participate. Dutchess is an underwriter within the meaning of the Securities Act. Any brokers, dealers or agents who participate in the distribution of the shares of common stock may also be deemed to be underwriters, and any profits on the sale of the shares of common stock by them and any discounts, commissions or concessions received by any such brokers, dealers or agents may be deemed to be underwriting discounts and commissions under the Securities Act. Dutchess has advised us that it may affect resales of our common stock through any one or more registered broker-dealers. To the extent the selling stockholder may be deemed to be an underwriter, the selling stockholder will be subject to the prospectus delivery requirements of the Securities Act and may be subject to certain statutory liabilities of, including but not limited to, Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Securities Exchange Act of 1934, as amended (the Exchange Act).

The selling stockholder will act independently of us in making decisions with respect to the timing, manner and size of each sale. Such sales may be made over the NASDAQ Global Market, on the over-the-counter market, otherwise, or in a combination of such methods of sale, at then prevailing market prices, at prices related to prevailing market prices or at negotiated prices. The shares of common stock may be sold according to one or more of the following methods:

- a block trade in which the broker or dealer so engaged will attempt to sell the shares of common stock as agent but may position and resell a portion of the block as principal to facilitate the transaction;

- purchases by a broker or dealer as principal and resale by such broker or dealer for its account pursuant to this prospectus;

- an over-the-counter distribution in accordance with the rules of NASDAQ;

- ordinary brokerage transactions and transactions in which the broker solicits purchasers;

- privately negotiated transactions;

- a combination of such methods of sale; and

- any other method permitted pursuant to applicable law.

In connection with the distribution of our common stock or otherwise, including upon receipt of any put notice from us, the selling stockholder may enter into hedging transactions with broker-dealers or other financial institutions, pursuant to which such broker-dealers or other financial institutions may engage in sales of our shares in the course of hedging the positions they assume with the selling stockholder. In addition, any shares covered by this prospectus which qualify for sale pursuant to Rule 144 of the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus. In addition, the selling stockholder may transfer the shares by other means not described in this prospectus.

Any broker-dealers participating in such transactions as agent may receive commissions from Dutchess (and, if they act as agent for the purchaser of such shares, from such purchaser). Broker-dealers may agree with Dutchess to sell a specified number of shares at a stipulated price per share, and, to the extent such a broker-dealer is unable to do

so acting as agent for Dutchess, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to Dutchess. Broker-dealers who acquire shares as principal may thereafter resell such shares from time to time in transactions (which may involve crosses and block transactions and which may involve sales to and through other broker-dealers, including transactions of the nature described above) on the NASDAQ Global Market, on the over-the-counter market, in privately-negotiated transactions or otherwise at market prices prevailing at the time of sale or at negotiated prices, and in connection with such resales may pay to or receive from the purchasers of such shares commissions computed as described above. To the extent required under the Securities Act, an amendment to this prospectus, or a supplemental prospectus will be filed, disclosing:

the name of any such broker-dealers;

the number of shares involved;

the price at which such shares are to be sold;

the commission paid or discounts or concessions allowed to such broker-dealers, where applicable;

Table of Contents

that such broker-dealers did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus, as supplemented; and

other facts material to the transaction.

Underwriters and purchasers that are deemed underwriters under the Securities Act may engage in transactions that stabilize, maintain or otherwise affect the price of the securities, including the entry of stabilizing bids or syndicate covering transactions or the imposition of penalty bids. Dutchess and any other persons participating in the sale or distribution of the shares will be subject to the applicable provisions of the Exchange Act and the rules and regulations thereunder including, without limitation, Regulation M. These provisions may restrict certain activities of, and limit the timing of, purchases by the selling stockholder or other persons or entities. Furthermore, under Regulation M, persons engaged in a distribution of securities are prohibited from simultaneously engaging in market making and certain other activities with respect to such securities for a specified period of time prior to the commencement of such distributions, subject to special exceptions or exemptions. Regulation M may restrict the ability of any person engaged in the distribution of the securities to engage in market-making and certain other activities with respect to those securities. In addition, the anti-manipulation rules under the Exchange Act may apply to sales of the securities in the market. All of these limitations may affect the marketability of the shares and the ability of any person to engage in market-making activities with respect to the securities.

We have agreed to pay the expenses of registering the shares of common stock under the Securities Act, including registration and filing fees, printing expenses, and administrative expenses. The selling stockholder will bear all discounts, commissions or other amounts payable to underwriters, dealers or agents associated with the sale of the shares.

Under the terms of the Registration Rights Agreement, we have agreed to indemnify the selling stockholder and certain other persons against certain liabilities in connection with the offering of the shares of common stock offered hereby, including liabilities arising under the Securities Act or, if such indemnity is unavailable, to contribute toward amounts required to be paid in respect of such liabilities.

At any time a particular offer of the shares of common stock is made, a revised prospectus or prospectus supplement, if required, will be distributed. Such prospectus supplement or post-effective amendment will be filed with the SEC, to reflect the disclosure of required additional information with respect to the distribution of the shares of common stock. We may suspend the sale of shares by the selling stockholder pursuant to this prospectus for certain periods of time for certain reasons, including if the prospectus is required to be supplemented or amended to include additional material information.

Item 14. Indemnification of Directors and Officers.***Michigan Business Corporation Act***

IBC is organized under the Michigan Business Corporation Act (the "MBCA") which, in general, empowers Michigan corporations to indemnify a person who was or is a party or is threatened to be made a party to a threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative and whether formal or informal, other than an action by or in the right of the corporation, by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, partner, trustee, employee or agent of another enterprise, against expenses, including attorney's fees, judgments, penalties, fines and amounts paid in settlement actually and reasonably incurred in connection therewith if the person acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the corporation or its shareholders and, with respect to a criminal action or proceeding, if the person had no reasonable cause to believe his or her conduct was unlawful.

The MBCA also empowers Michigan corporations to provide similar indemnity to such a person for expenses, including attorney's fees, and amounts paid in settlement actually and reasonably incurred by the person in connection with actions or suits by or in the right of the corporation if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the interests of the corporation or its shareholders, except in respect of any claim, issue or matter in which the person has been found liable to the corporation, unless the court determines that the person is fairly and reasonably entitled to indemnification in view of all relevant circumstances, in which case indemnification is limited to reasonable expenses incurred. If a person is successful in defending against a derivative action or third-party action, the MBCA requires that a Michigan corporation indemnify the person against expenses incurred in the action.

The MBCA also permits a Michigan corporation to purchase and maintain on behalf of such a person insurance against liabilities incurred in such capacities. IBC has obtained a policy of directors' and officers' liability insurance. The MBCA further permits Michigan corporations to limit the personal liability of directors for a breach of their fiduciary duty. However, the MBCA does not eliminate or limit the liability of a director for any of the following: (i) the amount of a financial benefit received by a director to which he or she is not entitled; (ii) intentional infliction of harm on the corporation or the shareholders; (iii) a violation of Section 551 of the MBCA; or (iv) an intentional criminal act. If a Michigan corporation adopts such a provision, then the Michigan corporation may indemnify its directors without a determination that they have met the applicable standards for indemnification set forth above, except, in the case of an action or suit by or in the right of the corporation, only against expenses reasonably incurred

in the action. The foregoing does not apply if the director's actions fall into one of the exceptions to the limitation on personal liability discussed above, unless a court determines that the person is fairly and reasonably entitled to indemnification in view of all relevant circumstances.

IBC's Articles of Incorporation and Bylaws

The Company's Restated Articles of Incorporation, as amended, provide, among other things, for the indemnification of directors and officers and authorize the Board of Directors to indemnify other persons in addition to the officers and directors. Directors and officers are indemnified against any actual or threatened civil, criminal, administrative, or investigative action, suit, or proceeding in which the director or officer is a witness or which is brought against such officer or director while serving at the request of the Company.

Table of Contents

Insurance

The Company's Restated Articles of Incorporation, as amended, authorize the purchase of insurance for indemnification purposes and that the right of indemnity in the Restated Articles of Incorporation, as amended, is not the exclusive means of indemnification.

Indemnification Agreements

The Company has entered into Indemnification Agreements with each of its directors that provides for additional indemnity protection for the directors, consistent with the provisions of the MBCA.

For the undertaking with respect to indemnification, see Item 17 below.

Item 15. Recent Sales of Unregistered Securities.

Sales to Treasury

On December 12, 2008, we entered into a Letter Agreement and Securities Purchase Agreement—Standard Terms with the Treasury under the Capital Purchase Program (CPP) of the Troubled Asset Relief Program (TARP), pursuant to which we sold, and the Treasury purchased, for an aggregate purchase price of \$72 million in cash, 72,000 shares of our Series A Preferred Stock and a warrant to purchase 346,154 shares of our common stock at an exercise price of \$31.20 per share, subject to anti-dilution adjustments, which number and amount are adjusted for the 1-for-10 reverse stock split which occurred on August 31, 2010.

On April 16, 2010, we closed the Exchange Agreement with the Treasury, pursuant to which the Treasury accepted our newly issued shares of Series B Convertible Preferred Stock in exchange for the entire \$72 million in aggregate liquidation value of the shares of Series A Preferred Stock we issued to the Treasury under the Capital Purchase Program (CPP) of the Troubled Asset Relief Program (TARP), plus the value of all accrued and unpaid dividends on such shares of Series A Preferred Stock (approximately \$2.4 million). The shares of Series B Convertible Preferred Stock are convertible into shares of our common stock. Subject to the receipt of any applicable approvals, the Treasury has the right to convert the Series B Convertible Preferred Stock into our common stock at any time. We have the right to compel a conversion of the Series B Convertible Preferred Stock into our common stock if the following conditions are met:

- (i) we receive appropriate approvals from the Federal Reserve;
- (ii) at least \$40 million aggregate Liquidation Amount of trust preferred securities are exchanged for our common stock under the exchange offers described in the Exchange Offer Prospectus we filed with the SEC on April 15, 2010 as part of a registration statement on Form S-4;
- (iii) we complete a new cash equity raise of not less than \$100 million on terms acceptable to the Treasury in its sole discretion (other than with respect to the price offered per share); and
- (iv) we make any required anti-dilution adjustments to the rate at which the Series B Convertible Preferred Stock is converted into our common stock.

The Series B Convertible Preferred Stock issued to the Treasury will convert into shares of our common stock at a 25% discount from the \$1,000 liquidation value, subject to certain anti-dilution adjustments. At the time any shares of Series B Convertible Preferred Stock are converted into our common stock, we will be required to pay all accrued and unpaid dividends on the Series B Convertible Preferred Stock being converted in cash or, at our option, in shares of our common stock, in which case the number of shares to be issued will be equal to the amount of accrued and unpaid dividends to be paid in common stock divided by the market price of our common stock at the time of conversion (as such market price is determined pursuant to the terms of the Series B Convertible Preferred Stock). Accrued and unpaid dividends on the Series B Convertible Preferred Stock totaled approximately \$3.6 million at March 31, 2011. Unless earlier converted, the Series B Convertible Preferred Stock will convert into shares of our common stock on the seventh anniversary of the issuance of the Series B Convertible Preferred Stock, subject to the prior receipt of any required regulatory and shareholder approvals.

As part of the terms of the Exchange Agreement, we also amended and restated the terms of the Warrant, dated December 12, 2008, issued to the Treasury to purchase 346,154 shares of our common stock. The amended and

restated Warrant issued upon the closing of the Exchange Agreement adjusted the exercise price of the Warrant to be consistent with the conversion price applicable to the Series B Convertible Preferred Stock described above. All of these securities were sold in one or more private placements exempt from registration pursuant to Section 4(2) of the Securities Act. We did not engage in a general solicitation or advertising with regard to the issuance and sale of such securities and did not offer securities to the public in connection with this issuance and sale.

Table of Contents*Sales to Dutchess*

On July 7, 2010, Independent Bank Corporation (the Company) entered into an Investment Agreement with Dutchess Opportunity Fund, II, LP (Dutchess) that established an equity line facility (the Equity Line) as a contingent source of liquidity for the Company. Under the Investment Agreement, Dutchess committed to purchase, from time to time over a period of 36 months and subject to certain conditions, up to \$15 million of the Company's common stock, no par value (the Common Stock).

In connection with the Investment Agreement, the Company entered into a Registration Rights Agreement with Dutchess, pursuant to which the Company agreed to register for resale the shares of Common Stock that may be sold to Dutchess under the Equity Line. Pursuant to this Registration Rights Agreement, the Company filed a registration statement on Form S-1 with the Securities and Exchange Commission (the SEC) for the purpose of registering 1,502,468 shares of Common Stock for resale, and on November 1, 2010, the SEC declared such registration statement effective.

Under the terms of the Investment Agreement, for a three year period starting November 2, 2010, the Company may, from time to time, at its sole discretion and subject to certain conditions it must satisfy, draw down the Equity Line by selling shares of Common Stock to Dutchess. The amount the Company is entitled to sell in any one draw down may not exceed the greater of (1) two, multiplied by the average daily volume of the Common Stock for the three trading days immediately prior to the date Dutchess receives a sale notice from the Company, multiplied by the average of the three daily closing prices of the Common Stock immediately preceding such date, or (2) \$250,000. The purchase price of these shares will be at a discount of 5% to the lowest volume weighted average price, or VWAP, of the Common Stock during the five consecutive trading day period beginning on the date Dutchess receives a sale notice from the Company and ending on and including the date that is four trading days after such date. The Company has the option of specifying a floor price. If the purchase price, determined as described above, is less than the floor price, then the purchase price automatically adjusts up to the floor price and, as a result, the number of shares the Company sells to Dutchess pursuant to that sale notice may be less than what the Company originally intended. During the period between the sale notice date and the closing date with respect to that particular sale, the Company may not deliver another sale notice.

Dutchess agreed pursuant to the Investment Agreement not to sell short any of the Company's securities, either directly or indirectly through its affiliates, principals or advisors during the term of the Investment Agreement. However, in connection with the distribution of the Common Stock or otherwise, Dutchess may enter into certain other hedging transactions. In addition, Dutchess may sell some, all or none of its shares of Common Stock. We currently have no agreements, arrangements or understandings with Dutchess regarding the sale or other disposition of any of the shares. Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the Securities Act) may be permitted to directors, officers and controlling persons of the registrant pursuant to the indemnification provisions described herein, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the

registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
