ii PROPOSAL #1 ELECTION OF DIRECTORS

The Board of Directors recommends that stockholders vote FOR the Board of Directors slate of nominees standing for election.

Compensation of Directors

Each director, with the exception of the CEO (Messr. Taylor), receives an annual payment of \$25,000. This payment is in lieu of options that were granted in previous years. In March 1994, the Board adopted the 1994 Non-Employee Director Stock Option Plan (Plan) to provide for grants of stock options as a means of attracting and retaining highly qualified, independent directors for the Company. Under the Plan, each non-employee director of the Company received a non-discretionary grant of a stock option for 9,000 shares of Common Stock at the conclusion of each annual meeting of stockholders at which such director was elected, re-elected or continuing in office. Such options vested and became exercisable immediately and expire 10 years from the date of grant. The last options were granted under the Plan during 2002, after which a Plan balance of fewer than 5,000 options remained. The Company pays each director, with the exception of the CEO, a fee of \$500 for each Board of Director (Board) or committee meeting attended. Titan also reimburses out-of-pocket expenses related to the directors' attendance at such meetings. In addition, the Company pays Mr. Billig, the Chairman of the Board, an annual fee of \$100,000 to carry out his responsibilities, which include significant operational matters, as well as corporate development initiatives. The Company does not have any other consulting contracts or arrangements with any of its directors.

Committees and Meetings of the Board of Directors

The Board of Directors, which met seven times in 2003, has established the following committees of the Board: (i) Audit Committee (consisting of Messrs. Campbell, Febbo, Quain and Soave); (ii) Compensation Committee (consisting of Messrs. Campbell, Cashin, Febbo, Quain and Soave); (iii) Nominating/ Corporate Governance Committee (consisting of Messrs. Campbell, Febbo, Quain and Soave). The Board of Directors approves nominees for election as directors. All directors attended 75% or more of the aggregate number of meetings of the Board and applicable committees, with the exception of Mr. Cashin who attended five of the eight applicable meetings.

The Audit Committee, which met six times in 2003, retains independent auditors to perform audit and non-audit services, reviews the scope and results of such services, consults with the internal audit staff, reviews with management and the independent auditors any recommendations of the auditors regarding changes and improvements in the Company's accounting procedures and controls and management's response thereto, and reports to the Board. The Audit Committee meets with the independent auditors with and without management present. The Board has determined that Mr. Campbell meets the qualifications of an audit committee financial expert as defined by the Securities and Exchange Commission and has accounting or related management expertise as required by the New York Stock Exchange listing standards.

The Compensation Committee, which met once in 2003, provides oversight of all executive compensation and benefits programs. The committee reviews and approves corporate goals and makes recommendations accordingly to the Board of Directors regarding the salaries and all other forms of compensation of the Company's officers.

The Nominating/ Corporate Governance Committee provides guidance and assistance to the Board of Directors in discharging the duties and responsibilities related to corporate governance principles and practices of the Board and the Company. The committee is also responsible for identifying, screening and nominating candidates to serve as directors of the Company. The Nominating/ Corporate Governance Committee met two times in 2003.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors (the Committee) is composed of four independent non-employee directors. The Board of Directors (the Board) has determined that the members of the Committee satisfy the requirements of the New York Stock Exchange (NYSE) with respect to independence, experience and financial literacy. The Board has determined that Mr. Edward Campbell meets the requirements as the financial expert of the Committee as defined by the NYSE. The Committee operates under a written charter adopted May 18, 2000, and amended January 20, 2004 (attached hereto as Appendix A).

The Committee has met quarterly with management, internal auditors and the independent accountants, individually and together, to review and approve the financial press releases, Form 10-Q and Form 10-K reports prior to their filing and release of financial results for 2003. The Committee met in executive sessions a total of six times during 2003, and presents a report to the Board at each Board meeting.

The Committee has selected PricewaterhouseCoopers LLP (PWC) to serve as independent accountants for the Company for 2004 with stockholder approval. The fees submitted by PWC for 2004 were approved by the Committee. Additionally, the Committee has discussed the issue of independence with PWC and is satisfied that they have met the independence requirement. A standard five-year rotation of PWC partners for Titan's account occurred in 2004, and the Committee interviewed and approved the new partner.

Procedures for the receipt, retention and treatment of complaints relating to the Company have been established by the Committee.

The Committee has completed an annual evaluation and, in their opinion, has met the requirements of their charter, the NYSE and the Securities and Exchange Commission.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in those fields, but make every effort to test the veracity of facts and accounting principles applied by management. The Audit Committee meets independently with PWC to evaluate the quality of accounting principles applied by management and to evaluate the quality of the Company's internal audit function. PWC reported to the Committee that there were no unresolved matters with management and that there were no significant matters to report. The Committee has reviewed the amended Audit Committee Charter and found it to be adequate.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (the Committee) is composed of five independent non-employee directors. The Board of Directors (the Board) has determined that the members of the Committee are independent. The Committee provides oversight of all executive compensation and benefit programs and operates under a written charter adopted January 20, 2004 (attached hereto as Appendix B).

The philosophy of the Committee as it relates to executive compensation is that the Chief Executive Officer (CEO) and other executive officers should be compensated at competitive levels sufficient to attract, motivate and retain talented executives who are capable of leading the Company in achieving its business objectives in an industry facing increasing competition and change.

Annual compensation for the Company's senior management consists of base salary and, when appropriate, bonus compensation. Salary levels of Company executives are reviewed and are normally adjusted annually, and any bonuses are normally awarded annually. In determining appropriate salaries, the Committee considers: (i) the CEO's recommendations as to compensation for all other executive officers; (ii) the scope of responsibility, experience, time and position and individual performance of each officer, including the CEO; and (iii) compensation levels of other companies in the industry. The Committee's analysis is a subjective process which utilizes no specific weights or formulas of the aforementioned factors in determining executives' base salaries.

The Committee considers bonus compensation to be the primary motivational method for encouraging and rewarding outstanding individual performance, especially for the Company's senior management, and overall performance by the Company. Awards under the Company's bonus plan are granted by the Committee based primarily upon: (i) performance of the Company; (ii) performance of the individual; and (iii) recommendation of the CEO. The purpose of the bonus plan is to provide a special incentive to maximize individual performance and the overall performance of the Company.

In determining the total compensation package for the CEO for 2003, the Committee considered all of the factors discussed above. Additionally, the Committee considered the Company's performance, the success of the Company's facilities in surpassing their objectives, the extent and timing of the additions to the Company during the year, the quality and efficiency of the Company's staff, and certain other factors relating to the Company's performance.

Under the direction of the Compensation Committee Charter, the Committee accomplished the following: (i) discussed the compensation of Directors but recommended no change at this time; (ii) completed an annual evaluation and, in their opinion, met the requirements of their charter; (iii) reviewed the Compensation Committee Charter and found it to be adequate; (iv) presented a report to the Board when appropriate. The Committee met once during 2003.
