THE BOARD OF DIRECTORS

The business and affairs of RTI are under the general direction of the Board of Directors. The Board presently consists of ten members, eight of whom are neither officers nor employees of RTI or its subsidiaries. The Board of Directors has determined that Craig R. Andersson, Neil A. Armstrong, Daniel I. Booker, Donald P. Fusilli, Jr., Charles C. Gedeon, Robert M. Hernandez and Edith E. Holiday will meet the New York Stock Exchange rules and listing standards relating to independence generally and for all committees on which they sit. Those standards will become applicable to RTI as of April 30, 2004, the date of the Annual Meeting of Shareholders. Ronald L. Gallatin will not meet these standards since his adult son who does not live with him was employed by RTI's independent accountants, PricewaterhouseCoopers LLP, until May, 2003. The Board of Directors does not intend to re-appoint Mr. Gallatin to the Audit or Human Resources Committee on April 30, 2004 at its organization meeting following the Annual Meeting.

The Board met five times during 2003. All of the directors attended at least 75% of the Board meetings and the meetings of the committees on which they sit.

It is the policy of the Nominating/Corporate Governance Committee to consider recommendations by shareholders for nominees for election as director. Recommendations, together with the nominee's qualifications and consent to be considered as a nominee, should be sent to the Secretary of RTI for presentation to the Committee.

There are four principal committees of the Board of Directors. Committee membership, the functions of the committees and the number of meetings held during 2003 are described below.

EXECUTIVE COMMITTEE

The members of the Executive Committee are Robert M. Hernandez (Chairman), Craig R. Andersson, Charles C. Gedeon, John H. Odle and Timothy G. Rupert.

The Executive Committee assists the Board in the discharge of its responsibilities and may act on behalf of the Board when emergencies or scheduling make it difficult to convene the Board. All actions taken by the Committee must be reported at the Board's next meeting. During 2003, the Executive Committee held no meetings.

AUDIT COMMITTEE

The members of the Audit Committee are Robert M. Hernandez (Chairman), Craig R. Andersson, Neil A. Armstrong, Donald P. Fusilli, Ronald L. Gallatin, and Charles C. Gedeon. The Committee has adopted, and the Board has approved, the Committee charter attached as Exhibit 1 hereto and available on the RTI Website, www.rti-intl.com. The Board has determined that Messrs. Hernandez and Fusilli are each qualified as an audit committee financial expert within the meaning of Securities and Exchange Commission regulations and that each of the members of the Audit Committee has accounting or financial management expertise within the meaning of the listing standards of the New York Stock Exchange.

The Audit Committee assists the Board in overseeing RTI's financial reporting process and systems of internal accounting controls and in monitoring RTI's compliance with legal and regulatory requirements and the independence and

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

performance of RTI's internal auditors and independent accountants. The Committee's responsibilities are listed in the attached charter.

The Audit Committee held twelve meetings in 2003.

HUMAN RESOURCES COMMITTEE

The members of the Human Resources Committee are Craig R. Andersson, Neil A. Armstrong, Daniel I. Booker, Donald P. Fusilli, Ronald L. Gallatin, Charles C. Gedeon and Edith E. Holiday.

The Committee discharges the Board's duties concerning executive compensation and prepares the report on it required by the Securities and Exchange Commission.

The Human Resources Committee is responsible for review and approval of RTI's compensation philosophy; executive compensation programs, plans and awards; and policies, principles and proce-

5

dures for selection and performance review of the CEO and other top management; and for establishing the CEO and other top management's compensations levels based on the Committee's evaluation of their performance. The Committee also administers RTI's long term incentive plans and stock or stock-based plans. The Committee has adopted, and the Board has approved, a Committee charter which is available on the RTI Website, www.rti-intl.com.

The Human Resources Committee held three meetings in 2003.

NOMINATING/CORPORATE GOVERNANCE COMMITTEE

The members of the Nominating/Corporate Governance Committee are Daniel I. Booker (Chairman), Robert M. Hernandez and Edith E. Holiday.

The Nominating/Corporate Governance Committee is responsible for considering director candidates submitted by directors, officers, employees and shareholders; recommending to the Board candidates for election to the Board at the Annual Meeting of Shareholders or by the Board to fill vacancies occurring on the Board; and also considering RTI's director compensation from time to time. The Committee is also responsible for developing and recommending to the Board corporate governance principles applicable to RTI as well as their periodic review. The Committee has adopted, and the Board has approved, a Committee Charter which is available on the RTI Website, www.rti-intl.com.

The Nominating/Corporate Governance Committee annually reviews the skills and attributes of board members within the context of the current make-up of the full Board. Board members should have individual backgrounds that when combined provide a portfolio of experience and knowledge that well serve RTI's governance and strategic needs. Board candidates may be suggested by members of the Committee as well as other directors, management or shareholders and will be considered on the basis of a range of criteria including broad-based business knowledge and contacts, prominence, diversity of talents and background and sound reputation in their fields as well as a global business perspective and commitment to corporate citizen-ship. Additional information concerning director candidates is contained in RTI's Corporate Governance Guidelines which are available on the RTI Website at www.rti-intl.com.

The Nominating/Corporate Governance Committee held five meetings in 2003.

COMPENSATION OF DIRECTORS

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

RTI employees receive no extra pay for serving as a director. Non-employee directors receive an annual retainer plus a fee for each Board or committee meeting attended, except that no fee is payable for attending a committee meeting if there is a Board meeting on the same day. The annual retainer is \$35,000 (except for the Chairman) and the meeting fee \$1,000. For his services as non-employee Chairman; Mr. Hernandez receives an annual retainer of \$80,000: \$62,500 in RTI common stock and \$17,500 in cash. The non-employee committee chairman retainer is \$3,000. One-half of the annual retainer payable to non-employee directors and to non-employee committee chairmen is paid in RTI common stock. In 2003, the Common Stock utilized for this purpose and for the Chairman's annual retainer was based on \$10.00, the market value of the stock on August 1, 2003.

RTI has adopted the 2002 Non-Employee Director Stock Option Plan providing for the grant of options to purchase up to 500,000 shares during the 10 year term of the Plan. All directors who are not employees of RTI participate in the Plan. On January 31, 2003, each director participating in the Plan was granted a stock option for 3,000 shares at an exercise price of \$10.22 per share.

Effective January 1, 2004, the form of compensation paid non-employee directors was modified to provide that each director (except Mr. Hernandez) will be paid an annual retainer of \$60,000 and Mr. Hernandez will be paid an annual retainer of \$110,000 as non-employee Chairman. One-half of these retainers will be paid in cash and one-half in restricted stock (assuming approval by the shareholders of the 2004 Stock Plan). In addition the Audit Committee Chairman will be paid an annual cash retainer of \$10,000 and other committee chairmen an annual cash retainer of \$5,000. No fees will be paid for Board or committee meetings attended except that if, in the opinion of the Chairman, circumstances require that an extra-ordinary number of Board meetings be held, non-employee directors will receive a meeting fee of \$1,000 for each meeting attended thereafter. If the 2004 Stock Plan is approved by the

6

shareholders, no further options will be granted under the 2002 Non-Employee Director Stock Option Plan. No options have been granted under the Plan in 2004.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

RTI's directors are elected for one year terms. Non-employee directors may not stand for election after age 72. Employee directors leave the Board when they retire from RTI. The Board may determine to extend the retirement age for a particular director. It has determined to make such an extension to age 75 in the case of Mr. Armstrong.

The Board has nominated the ten current directors for election. Each nominee for election has previously been elected by the shareholders except for Donald P. Fusilli who was elected by the Board on July 24, 2003. Of the ten individuals who are nominees for election, two are current RTI officers and the remaining eight are high level executives with professional experience. If any nominee is unable to serve, your proxy may be voted for another person designated by the Board.

The ten director candidates receiving the most votes will be elected to the Board.

THE BOARD RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF
PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT ACCOUNTANTS
FOR RTI FOR 2004.

AUDIT COMMITTEE REPORT

We met with management, the independent accountants and the internal auditors periodically during the year to consider the adequacy of RTI's internal controls and the objectivity of its financial reporting. We also discussed with RTI's management and independent accountants the process used for certifications by RTI's chief executive officer and chief financial officer which are required for certain of RTI's filings with the Securities and Exchange Commission. We have reviewed and discussed RTI's 2003 audited financial statements with management and with PricewaterhouseCoopers LLP. We have also discussed with the independent accountants the matters required to be communicated by Statement on Auditing Standard (SAS) No. 61 as amended by SAS No. 90 (Communications With Audit Committees).

In addition we have received from the independent accountants the written disclosures required by Independence Standards Board Standard No. 1 and have discussed with them their independence from RTI and its management. We have considered whether the provision by PricewaterhouseCoopers LLP of the professional services described above was compatible with the maintenance by PricewaterhouseCoopers LLP of its independent status and have determined that it was.

Based on these reviews and discussions, we recommended to RTI's Board of Directors, and the Board has approved, that the Audited Financial Statements be included in RTI's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

PROPOSAL NO. 3

RTI INTERNATIONAL METALS, INC. 2004 STOCK PLAN

RTI has historically sought to further align the interests of its employees and directors with that of its shareholders through stock ownership. Like many companies, we have elected to do so through various equity-based compensatory arrangements. Employees have been granted stock based awards under our 1995 Stock Plan (the "1995 Plan"). We have historically compensated our non-employee, or "outside," directors through a combination of cash, stock awards and stock options. The stock awards to our outside directors have been granted annually as partial payment of the directors' annual retainers. Stock options to our outside directors have been granted pursuant to the terms of our 2002 Non-Employee Director Stock Option Plan (the "2002 Plan").

The existing 1995 Plan will expire on April 26, 2005 by its terms, except with respect to outstanding awards under the plan. The Board of Directors believes that it is important, and in the best interests of RTI and its shareholders, to continue to provide long-term equity-based incentive compensation to valued employees beyond the expiration of the 1995 Plan. We believe that doing so will aid the Company and its subsidiaries in attracting and retaining exceptional talent and motivating our management team and key employees to achieve long-range performance goals.

We also continue to believe that a significant portion of our outside director compensation should be paid in equity awards. We believe that by doing so, we will increase our directors' interest in the growth and performance of RTI and we will continue to attract and retain qualified directors. Due to recent changes in applicable New York Stock Exchange Rules, continued grants of shares of RTI stock to our non-employee directors in partial payment of their annual retainers will now require the annual approval of our stockholders.

11

These facts have caused us to take a comprehensive look at all of our stock based compensation and to propose the 2004 Stock Plan to replace the 1995 Plan and both the previous practice of granting shares in partial payment of annual retainers to directors and the 2002 Plan. To that end, the Board of Directors has unanimously adopted the 2004 Stock Plan and recommended that the plan be submitted to the shareholders for approval.

The Board believes that the 2004 Stock Plan is a well-suited tool for RTI to utilize in the implementation of its compensation goals, particularly in today's corporate governance environment. Specifically:

- The plan limits the number of shares available for issuance to 2,500,000 (plus any shares covered by options already outstanding under the 1995 Plan and 2002 Plan that expire or are terminated without being exercised and any shares delivered in connection with the exercise of any outstanding awards under the 1995 Plan and 2002 Plan) during its ten-year term and limits the number of shares available for grants of restricted stock to 1,250,000;
- The plan provides for a fixed allocation of shares, thereby requiring shareholder approval of any additional allocation of shares;

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

- The maximum term for awards made pursuant to the plan is ten years;
- The exercise price of stock options, stock appreciation rights and other similar instruments awarded under the plan may not be less than the fair market value of RTI stock on the date of grant or award;
- The plan prohibits the repricing of stock options and stock appreciation rights;
- The plan focuses on granting equity awards in partial payment of directors' annual retainers and not the grant of options to directors. Although subject to change, the Board does not presently intend to grant options to directors under the plan; and
- Grants of awards in partial payment of director's annual retainers will be awards of restricted stock under the plan unlike the stock grants under the prior system which were not subject to restriction other than as required by applicable securities laws.

SUMMARY OF THE PLAN

The principal features of the plan are summarized below, however, we do not mean for this summary to provide all of the important information in the plan which is shown as Exhibit 2 to this proxy statement.

PLAN ADMINISTRATION. The plan is administered by the Board or any Committee of the Board.

It is intended that the Human Resources Committee will be appointed by the Board to administer the plan and, notwithstanding such appointment, the full Board may exercise any authority under and otherwise administer the plan. All of the members of the Human Resources Committee will meet the New York Stock Exchange standard for director independence.

ELIGIBILITY. All of our non-employee directors and any of our employees, including executive officers, and our subsidiaries' employees are eligible to be selected by the Administrator to receive any type of award under the plan. The selection of the recipients of awards will be wholly within the discretion of the Administrator. RTI and its subsidiaries had approximately 1,112 employees and eight non-employee directors as of January 31, 2004.

AWARDS. The plan provides for the grant of shares of RTI common stock, incentive (or "qualified") stock options, non-qualified stock options, stock appreciation rights, restricted stock, restricted stock unit awards, other rights, interests or options relating to RTI common stock.

SHARES SUBJECT TO THE PLAN. The plan authorizes the issuance of up to 2,500,000 shares of RTI common stock over its ten-year term (plus any shares covered by options already outstanding under the 1995 Plan and 2002 Plan that expire or are terminated without being exercised and any shares

12

delivered in connection with the exercise of any outstanding awards under the 1995 Plan and 2002 Plan). Upon stockholder approval of this plan, no further awards of any kind may be made under either the 1995 Plan or the 2002 Plan. Any shares subject to an award under the 2004 Stock Plan that is forfeited, cancelled, expires, lapses or otherwise terminates without the issuance of such shares will again be available for grant under the plan. Likewise, shares that are tendered to RTI by a participant as full or partial payment of the exercise price of any stock option granted under the plan or in payment of any

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

withholding tax incurred in connection with any award under the plan shall be available for issuance under the plan. The shares issued under the plan may consist, in whole or in part, of authorized but unissued shares or treasury shares.

ADJUSTMENTS. In the event of a merger, reorganization, consolidation, recapitalization, stock dividend, stock split, reverse stock split, spin-off or similar transaction or other change in corporate structure or capitalization affecting RTI common stock, adjustments and other substitutions will be made to the plan by the Administrator, including adjustments in the maximum number of shares subject to the plan and other numerical limitations. In such event, adjustments may also be made to the terms and conditions of awards under the plan as Administrator, in its sole discretion, deems equitable.

STOCK OPTIONS. Options to purchase shares of RTI common stock may be granted under the plan. The price at which a share may be purchased under an option may not be less than the fair market value of a share on the date the option is granted. The plan permits the Administration to establish the term of each option, but no option shall have a term of longer than ten years. Options may be granted to employees as qualified (or "incentive") stock options or non-qualified stock options. Options granted to outside directors may only be non-qualified stock options. Unless otherwise determined by the Administrator at the time of a grant or award under the plan, all outstanding awards shall vest and become fully exercisable in the event a change of control occurs as described below.

STOCK APPRECIATION RIGHTS. Stock Appreciation Rights meaning a right to receive a payment in cash and/or shares of RTI common stock equal to the excess of the fair market value of a share on the date the Stock Appreciation Right is exercised over the fair market value of a share at the date of the award of the Stock Appreciation Right may be granted either alone or in addition to other awards granted under the Plan and may, but need not, relate to a specific option granted under the plan.

RESTRICTED STOCK. Restricted stock awards may be made to participants for no cash consideration or for such minimum consideration as may be required by applicable law, either alone or in connection with other awards under the plan. Restricted stock awards may be subject to forfeiture and other limitations on transfer and may be conditioned upon continued employment, performance measures and other conditions, as determined by the Administrator at the time of the making of the award. No more than 1,250,000 shares of restricted stock may be issued during the ten year term of the plan.

ANNUAL RETAINER TO DIRECTORS. Under the plan, non-employee directors shall receive an annual retainer in an amount to be determined by the Board. Up to 50% of such annual retainer may be paid in the form of restricted stock awards. If a portion of non-employee directors' retainers is payable in restricted stock awards, the number of shares of restricted stock to be awarded shall be equal to the portion of the annual retainers to be paid in restricted stock divided by the fair market value of a share of RTI common stock on the day on which the award is made. Restricted stock awards in partial payment of non-employee directors' retainers, will be made to participants upon the completion of each annual meeting of shareholders held during the term of the plan. Restricted stock payable for a portion of a directors retainer vests and becomes fully exercisable immediately prior to the annual meeting of shareholders following such award. In the event a director's service on the Board terminates other than by reason of death, disability or retirement, any non-vested shares shall terminate and all rights, title and interest therein shall be forfeited.

CHANGE IN CONTROL. Unless otherwise determined by the Board at the time of the grant of an award, in the event of a change in control of RTI, all outstanding awards will become fully vested. A "change in control" means, with certain

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

exceptions: (i) an acquisition of beneficial ownership of 20% or more of either the outstanding common stock or the combined voting power of the outstanding voting securities of RTI, unless the shares are acquired directly from RTI, by an employee benefits plan or in certain

13

approved transactions; (ii) a change in the composition of the Board of Directors during any two-year period such that the individuals who, as of the beginning of such two-year period, constitute the Board, together with other individuals selected by such incumbent directors, cease to constitute a majority of the Board; (iii) the approval by our shareholders of a merger, reorganization or consolidation or a disposition of all or substantially all of RTI's assets, under certain circumstances; or (iv) the approval by our shareholders of a complete liquidation or dissolution of RTI.

EFFECTIVE DATE, TERM, AMENDMENT AND TERMINATION. If approved by shareholders, the plan will become effective as of the date of such approval and will remain in effect until the ten-year anniversary of the effective date unless otherwise terminated by the Board. Termination will not affect grants and awards then outstanding under the plan. The Board may terminate or amend the plan at any time without shareholder approval, unless such approval is necessary to comply with the Securities Exchange Act of 1934, the Internal Revenue Code, New York Stock Exchange rules, or other applicable law. In any event, shareholder approval will be required to, among other things, increase the maximum number of shares issuable under the plan, or reduce the exercise price of options and stock appreciation rights by repricing or replacing such awards.

RESTRICTION ON TRANSFER. Awards granted under the plan to employees are generally non-transferable, except by will or the laws of descent and distribution. Non-employee directors are permitted to transfer awards to members of their immediate family and to trusts for the benefit of the director or his or her immediate family.

OTHER PROVISIONS. The Administrator may establish procedures providing for the delivery of shares of RTI common stock in satisfaction of withholding tax obligations and delivery of shares of RTI common stock, cash or other property in payment of the exercise price of awards under the plan.

FEDERAL INCOME TAX CONSEQUENCES. We believe that under present law, the following are the U.S. federal income tax consequences generally arising with respect to stock options and restricted stock awards. The grant of an option will create no tax consequences for a participant or RTI. A participant will have no taxable income upon exercising an incentive stock option after the applicable incentive stock option holding periods have been satisfied (except that the alternative minimum tax may apply), and we will receive no deduction when an incentive stock option is exercised. Upon exercising an option other than an incentive stock option, a participant must recognize ordinary income equal to the difference between the fair market value of the shares on the date of exercise and the exercise price. We will be entitled to a deduction for the same amount. The treatment to a participant of a disposition of shares acquired through the exercise of an option depends on how long the shares were held and on whether the shares were acquired by exercising an incentive stock option or by exercising an option other than an incentive stock option. Generally, there will be no tax consequence to RTI in connection with a disposition of shares acquired under an option, except that we may be entitled to a deduction in the case of a disposition of shares acquired under an incentive stock option before the applicable incentive stock option holding periods have been satisfied. Upon the lapsing of the risk of forfeiture (i.e., upon vesting) of shares of restricted stock, the recipient must recognize ordinary income equal to the fair market value of the shares on such date.

NEW PLAN BENEFITS TABLE. No benefits or amounts have been granted, awarded or received under the 2004 Stock Plan. As awards under the plan are discretionary, no awards are determinable at this time. Information about awards made under the 1995 Plan to the named executive officers is set forth in the Summary Compensation Table and the Stock Option Grant Table in this proxy statement. Had the 2004 Plan been in effect for 2003, there would have been no change in the benefits or amounts which would have been received by named executive officers from those identified with respect to the 1995 Plan.

14

The following chart presents the information related to anticipated awards of restricted stock that will be received by or allocated to non-employee directors for their annual retainer for fiscal 2004, subject to shareholder approval of the plan, pursuant to the terms of the plan and the anticipated action of the Board.

- (1) Assumes annual retainers of \$60,000 for each non-employee director other than the chairman and \$110,000 for the chairman and the payment of 50% of such retainers in restricted stock awards. Assumes no options or other awards will be granted.
- (2) These estimated number of shares are based upon the mean of the high and low market price of RTI Common Stock as reported on the New York Stock Exchange on March 15, 2004. Actual grants will be priced as of the date of the 2004 Annual Meeting.
- (3) The actual dollar value and number of shares to be issued will depend on future variables such as stock prices, changes in the annual retainers paid to directors and decisions by the Administrator to grant additional compensation in the form of stock and is thus not currently determinable.

VOTE REQUIRED AND RECOMMENDATION OF BOARD OF DIRECTORS. The affirmative vote of the majority of the common shares present in person or represented by proxy at the meeting and entitled to vote on this proposal will be required for approval of this proposal. Abstentions will be treated as being present and entitled to vote on the matter and, therefore, will have the effect of votes against the proposal. A broker "non-vote" is treated as not being entitled to vote on the matter and, therefore, is not counted for purposes of determining whether the proposal has been approved.

THE BOARD RECOMMENDS A VOTE FOR THE APPROVAL OF THE 2004 STOCK PLAN.

HUMAN RESOURCES COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This Committee administers RTI's stock-based compensation plans and is also responsible for all other executive compensation matters.

RTI has adopted a comprehensive statement entitled "Pay Philosophy and Guiding Principles Governing Officer Compensation". Principal components of the statement are as follows:

The Philosophy is to have RTI's officer compensation programs:

- promote achievement of RTI's business objectives and reinforce its strategies.
- align the interests of RTI's officers with those of its shareholders.
- provide pay that is externally competitive and internally equitable, that rewards accomplishment to the extent identifiable and measurable and that delivers significant rewards for exceptional performance.

The Guiding Principles are described as:

1. Pay programs will be characterized by variability, clarity, communicability and strategic emphasis. Specific areas of communication will be the factors considered, annual target incentive objectives and results and annual target levels for restricted stock vesting performance measures and results. The strategic emphasis will include recognition of the roles of various elements of pay in attracting, retaining and motivating employees, the aspects of performance that each element is best suited to reward and the characteristics of RTI and its officer group that point to emphasis on specific elements of pay.

2. Specific descriptions of salary administration and annual and long term incentive compensation administration are set forth. Annual incentive compensation is accomplished through RTI's Incentive Compensation Plan while

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

long term incentive compensation is handled under the 1995 Stock Plan.

18

Market conditions in the industry were severely impacted by the terrorist attacks of September 11, 2001. In 2002, despite the continued decline after September 11 in the commercial aerospace business with the consequent decline in titanium mill product shipments, management's continued focus on profitable business and cutting production costs resulted in RTI's improving net income for the year by almost 25% compared with 2001.

After review of the officers' performance in 2002 against their objectives, RTI's operating and financial performance, cash flow and return on assets and shareholder return, in January 2003 the Committee approved the salary increases and restricted stock and stock option awards shown in the Summary Compensation Table.

In January 2004, the officers' performance was again evaluated. The year 2003 was a difficult year. Weak U. S. and global economies, the terrorist attacks of September 11, the ongoing conflicts in the Middle East and the worldwide outbreak of Severe Acute Respiratory Syndrome had severe adverse effects on the overall titanium industry. The Niles plant, RTI's largest, operated at less than 50% of capacity most of the year with two temporary shutdowns for lack of work. RTI also had a work stoppage at the Niles Plant by the union represented employees. Nonetheless shareholder return was very strong and increased over the previous year and RTI generated a modest profit and strong cash flow. The Committee considered this an exceptional performance in the context of a dismal economic environment. Accordingly the Committee concluded to award the bonuses shown in the Compensation Table which were in line with the target amounts in the Pay Philosophy and Guiding Principles Statement. The Committee also approved compensation increases and restricted stock and stock option grants to the officers.

The procedures described above were followed in January 2003 and January 2004 in determining the CEO's salary increase, grants of restricted stock and stock options and bonus for 2003. These are all shown in the Compensation Table. The CEO met all of his objectives for 2002 and cash flow, return on assets and income were above plan. The Committee concluded that he had done an exceptional job in 2002. The bonus determination in January, 2004 is based on Mr. Rupert's leadership in RTI's outstanding performance in 2003 in a difficult economic environment. The bonus awarded was in line with the target in the Pay Philosophy.

PENSION BENEFITS

RTI's Pension Plan is a defined benefit plan which first became effective at RMI Company (a predecessor of RTI) in 1971. The Pension Plan recognizes, for pension benefits, services and compensation with RTI, RMI Titanium Company, RMI Company, Reactive Metals, Inc. (a predecessor of RMI Company), United States Steel Corporation, USX Corporation, Quantum Chemical Corporation, or subsidiaries of each. The amounts payable under the Pension Plan will be paid monthly after a participant retires. The table below shows the annual pension benefits for retirement at age 65 (or earlier under certain circumstances) for various levels of eligible earnings which would be payable to employees retiring with the years of service shown. The benefits are based on a formula of a specified percentage (dependent on years of service) of average annual eligible earnings in the five consecutive years of the ten years prior to retirement in which such earnings are highest. Eligible earnings includes only base salary. Incentive awards and similar benefits are excluded, although the amount of such benefits is included in the Summary Compensation Table. Benefits payable under the Pension Plan, and amounts reflected in the following table are subject to offsets for social security benefits and, in certain instances, pensions payable under the U.S. Steel and the Quantum pension plans. As of December 31, 2003, Mrs. Hickton had 6 credited years of service, and Mr. Jacobs 5, Mr. Odle 26, Mr. Berkstresser 4 and Mr. Rupert 35.

Under the employment agreement dated as of August 1, 1999 between RTI and Mr. Odle, RTI agreed that if he continues in active employment with RTI until either age 65, or such earlier date as the RTI Board of Directors may approve, RTI at his retirement will pay him a one time lump sum payment of the then present value of the 9.16 years of non-pensionable service attributable to periods he was employed by U.S. Steel (3.58 years) and the Company (5.58 years) which

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

pre-date his current period of employment, calculated pursuant to the RTI Pension Plan and its Supplemental Pension Program.

SUPPLEMENTAL PENSION PROGRAM

Officers participating in the Incentive Compensation Plan are also eligible for the RTI Supplemental Pension Program. If they retire or otherwise terminate employment after age 60, or prior to age 60 with RTI consent, they will be entitled to receive the benefits shown in the table below based on bonuses paid under the Incentive Compensation Plan.

RTI has agreed with Mr. Rupert that his continuous service for purposes of the Program shall include his service with USX Corporation.

In order to comply with the limitations of the Internal Revenue Code, pension benefits will be paid directly by RTI when they exceed the amounts permitted by the Code to be paid from federal income tax qualified pension plans.

EMPLOYMENT AGREEMENTS

On August 1, 1999, RTI entered into employment agreements with Mrs. Hickton and Messrs. Jacobs, Odle and Rupert covering their employment for an initial four year term and for additional one year terms each year thereafter until the officer attains age 65 unless terminated prior thereto by either party on 120 days notice. Under the agreements, each officer will be paid the annual salary set forth, subject to increases from time to time in the sole discretion of RTI. RTI may terminate the services of the officer at any time for "cause" as defined in the agreement. Officers each agree not, for a period of 24 months after the end of the employment period or employment termination, whichever occurs first, to be employed by, or otherwise participate in, any business which competes with RTI. This restriction does not apply if the officer terminates employment with RTI under certain circumstances following a "change in control" of RTI as defined.

The employment agreements also provide that the officer will be entitled to certain severance benefits in the event of termination of employment under certain circumstances following a "change in control" as defined.

21

These are:

- a cash payment of up to three times the sum of the officer's current salary plus the highest bonus in the four years before the date of

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

termination,

- all unvested restricted stock and options will vest immediately,
- life, disability, accident and health insurance benefits for 24 months after termination,
- a cash payment of the amount necessary to insure that the payments listed above are not subject to net reduction due to the imposition of federal excise taxes.

The severance benefits are payable if, any time after a change in control, the officer's employment is terminated by the officer for good reason or by RTI other than for cause or disability. In addition the benefits are payable to Mr. Odle or Mr. Rupert in the event either of them terminates employment within 90 days after a change in control.

The definition of a change in control for purposes of these agreements is complex but is summarized as follows. It includes any change in control required to be reported in response to Item 6(e) of Schedule 14A under the Securities Exchange Act of 1934 and provides that a change in control will have occurred if:

- any person not affiliated with RTI acquires 20 percent or more of the voting power of our outstanding securities,
- the Board no longer has a majority made up of (1) individuals who were directors on the date of the agreements and (2) new directors (other than directors who join the Board in connection with an election contest) approved by two-thirds of the directors then in office who (a) were directors on the date of the agreements or (b) were themselves previously approved by the Board in this manner.
- RTI merges with another company and RTI's shareholders end up with less than 50 percent of the voting power of the new entity,
- our shareholders approve a plan of complete liquidation of RTI, or
- we sell all or substantially all of RTI's assets.

On November 1, 1999 RTI entered into an employment agreement with Mr. Berkstresser covering his employment for an initial four year term and for additional one year terms each year thereafter until he attains age 65 unless terminated prior thereto by either party on 120 days notice. Under the agreement, he will be paid the annual salary set forth, subject to increases from time to time in the sole discretion of RTI. The agreement contains the other terms and conditions described above as being contained in the agreements with Mrs. Hickton and Mr. Jacobs.

(c) Shares delivered in payment of the purchase price in connection with the exercise of Options or Shares delivered or withheld to pay tax-withholding obligations or otherwise under the Plan or under the Prior Stock Plans shall be added to and shall increase the number of Shares available for purposes of the Plan.

Exercise of an Option in any manner shall result in a decrease in the number of Shares that thereafter may be available under the Option by the number of Shares as to which the Option is exercised.

(c) Award Agreement. Each Option granted hereunder shall be evidenced by an Award Agreement with the Company, which shall contain the terms and provisions set forth herein and shall otherwise be consistent with the provisions of this Plan.

30

7. STOCK APPRECIATION RIGHTS. Stock Appreciation Rights may be granted to Participants either alone or in addition to other Awards granted under the Plan and may, but need not, relate to a specific Option granted under Section 6 above. All or part of a Restricted Stock Award may be subject to conditions including, but not limited to, continuous service with the Company, achievement of business objectives; individual, unit and Company performance and other criteria; and provisions for forfeiture and restricting transfer. Subject to such forfeiture and transfer restriction provisions as may be established by the Administrator, any Participant receiving a Restricted Stock Award shall have all the rights of a shareholder of the Company with respect to Shares of Restricted Stock, including the right to vote the Shares and the right to receive any cash dividends thereon, provided, however, that a dividend or other distribution with respect to the Restricted Stock, other than a cash dividend, shall be delivered to the Company (and the Participant shall, if requested by the Company, execute and return one or more irrevocable stock powers related thereto) and shall be subject to the same restrictions as the Restricted Stock with respect to which such dividend or other distribution was made. To the extent applicable, Restricted Stock Awards shall generally be subject to the same terms and conditions that are applicable to Options pursuant to Section 6 above including, without limitation, being evidenced by an Award Agreement.

9. ANNUAL RETAINER TO DIRECTORS.

(a) Director Retainer Payments. The Company shall pay each Director an annual retainer in an amount to be determined by the Board (the "Retainer Payment"); provided, however, that not more than fifty percent (50%) of the Retainer Payment shall be paid in the form of Shares pursuant to this Section 9 and the balance of the Retainer Payment shall be paid in the form of cash.

(b) Grant of Restricted Stock. Each Director shall receive Restricted Stock Awards consistent with Section 8 hereof and the other terms of this Plan upon the completion of each Annual Meeting during the term of this Plan, and such Award shall vest immediately prior to the next Annual Meeting following the date of the grant. A stock certificate for the Shares under a Restricted Stock Award will be issued in the name of the Participant and deposited, together with a

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

stock power endorsed in blank by the Participant, with the Company, until the lapse of restrictions thereon. In the event a Participant is elected or appointed on a date other than the date of the Annual Meeting, the Participant's Award shall be pro-rated such that the Participant shall receive the Restricted Stock awarded on the date of the immediately preceding Annual Meeting, multiplied by (i) the number of full calendar months before the next Annual Meeting, divided by (ii) 12.

(c) Lapse of Restrictions. After the Shares of Restricted Stock vest, the Company shall deliver the corresponding Shares free and clear of all restrictions to the Participant (or the Participant's legal representative, beneficiary or heir.)

(d) Forfeiture. In the event a Participant's membership on the Board terminates for reasons other than death, Disability or Retirement, any non-vested Shares of Restricted Stock shall terminate and all of the rights, title and interest of the Participant thereunder shall be forfeited in their entirety.

10. OTHER STOCK-BASED AWARDS. The Administrator is hereby authorized to grant to Participants such other Awards (including, without limitation, Restricted Stock Unit Awards and rights to dividends and dividend equivalents) that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, Shares (including, without limitation, securities convertible into Shares) as are deemed by the Administrator to be consistent with the purposes of the Plan. Subject to the terms of the Plan, the Administrator shall determine the terms and conditions of

31

such Awards. Shares or other securities delivered pursuant to a purchase right granted under this Section 10 shall be purchased for such consideration, which may be paid by such method or methods and in such form or forms, including, without limitation, cash, Shares, other securities, other Awards, or other property, or any combination thereof, as the Administrator shall determine, the value of which consideration, as established by the Administrator, shall not be less than the Fair Market Value of such Shares or other securities as of the date such purchase right is granted.

11. ADDITIONAL MAXIMUMS. Subject to adjustment as provided in Section 5(e) above, the maximum number of Shares that can be granted in the form of Restricted Stock is 1,250,000.

12. AMENDMENT AND TERMINATION. Except to the extent prohibited by applicable law:

(a) Amendments to the Plan. The Board may amend, alter, suspend, discontinue or terminate the Plan, including, without limitation, the number of shares subject to Awards granted pursuant to this Plan, without the consent of any stockholder, Participant, other holder or beneficiary of any Award, or other person; provided, however, that no such amendment, alteration, suspension, discontinuation or termination shall be made without: (i) stockholder approval if such approval is necessary to qualify for or comply with any tax or regulatory requirement for which or with which the Board deems it necessary or desirable to qualify or comply; or (ii) the consent of the affected Participant, if such action would adversely affect the rights of such Participant under any outstanding Award; and provided further, that no such amendment or alteration shall increase the aggregate number of shares that may be issued under the Plan, except as provided in Section 5(e). Notwithstanding any other provision of the Plan or any Award Agreement, no such amendment, alteration, suspension,

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

discontinuation or termination shall be made that would (x) permit Options to be granted with a per Share exercise price of less than the Fair Market Value of a Share on the date of grant thereof or (y) except as provided in Section 5(e), reduce the exercise price of any Option established at the time of grant thereof.

(b) Correction of Defects, Omissions and Inconsistencies. The Administrator may correct any defect, supply any omission, or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem desirable to carry the Plan into effect.

13. COMPLIANCE WITH GOVERNMENTAL REGULATIONS. Notwithstanding any provision of the Plan or the terms of any agreement entered into pursuant to the Plan, the Company shall not be required to issue any securities hereunder prior to registration of the Shares subject to the Plan under the Securities Act of 1933, as amended, or the Exchange Act, if such registration shall be necessary, or before compliance by the Company or any Participant with any other provisions of either of those acts or of regulations or rulings of the Securities and Exchange Commission thereunder, or before compliance with other federal and state laws and regulations and rulings thereunder, including the rules of the New York Stock Exchange and any other exchange or market on which the Shares are listed or quoted. The Company shall use its reasonable best efforts to effect such registrations and to comply with such laws, regulations and rulings forthwith upon advice by its counsel that any such registration or compliance is necessary.

14. COMPLIANCE WITH SECTION 16. With respect to persons subject to Section 16 of the Exchange Act, transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3 (or its successor rule). To the extent that any grant of an Award fails to so comply, it shall be deemed null and void to the extent permitted by law and to the extent deemed advisable by the Administrator.

15. CHANGE IN CONTROL PROVISIONS. Notwithstanding any provisions of the Plan or any Award Agreement to the contrary, unless the Board shall determine otherwise at the time of the grant of an Award with respect to such Award, in the event of a Change in Control all outstanding Awards shall become fully vested.

32

16. GENERAL PROVISIONS.

(a) No Rights of Stockholders. Except as otherwise provided herein, neither a Participant nor a Participant's legal representative shall be, or have any of the rights and privileges of, a stockholder of the Company in respect of any Shares issuable under the Plan in connection with any Award or Account, in whole or in part, unless and until certificates for such Shares shall have been issued.

(b) Transferability of Awards. No Award, and no right under any such Award, shall be assignable, alienable, saleable or transferable by an employee Participant otherwise than by will or by the laws of descent and distribution. No Award, and no right under any such Award, shall be assignable, alienable, saleable or transferable by a Director Participant otherwise than: (i) by will or by the laws of descent and distribution; (ii) to a trust for the benefit of the Director or his or her immediate family; or (iii) to a member of the Director's immediate family; provided, however, that with respect to Restricted Stock Unit Awards, such Awards may not be transferred under paragraphs (ii) and (iii) above until the issuance date of the Shares underlying the Stock Units. Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

only by the Participant, or if permissible under applicable law, by the Participant's guardian or legal representative.

(c) No Limit on Other Compensation Arrangements. Nothing contained in the Plan shall prevent the Company from adopting or continuing in effect other or additional compensation arrangements, and such arrangements may be either generally applicable or applicable only in specific cases.

(d) Governing Law. The validity, constrictions and effect of this Plan, agreements entered into pursuant to this Plan, and of any rules, regulations, determinations or decisions made by the Administrator relating to this Plan or such agreements, and the rights of any and all persons having or claiming to have any interest therein or thereunder, shall be determined exclusively in accordance with applicable federal laws and the laws of the State of Ohio, without regard to its conflict of laws principles.

(e) Severability. If any provision of the Plan or any Award Agreement is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction, or as to any person, Award, or would disqualify the Plan or any Award under any law deemed applicable by the Administrator, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Administrator, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, person or Award, and the remainder of the Plan and any such Award shall remain in full force and effect.

(f) No Trust or Fund Created. Neither the Plan nor any Award (including the establishment of a Stock Unit Account) shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company and a Participant or any other person. To the extent that any person acquires a right to receive an Award, or Shares pursuant to an Award, from the Company pursuant to this Plan, such right shall be no greater than the right of any unsecured general creditor of the Company.

(g) Withholding. The Company shall be authorized to withhold from any Awards granted or any transfer made under any Award or under the Plan or from any dividend equivalents to be paid on Stock Units the amount (in cash, Shares, other securities, or other property) of any taxes required to be withheld in respect of a grant, exercise, payment or settlement of an Award or any payment of dividend equivalents under Stock Units or under the Plan and to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for the payment of any such taxes.

(h) No Right to Continued Employment or Board Membership. The grant of an Award or establishment of a Stock Unit account shall not be construed as giving a Participant the right to be retained as an employee or director of the Company. The Board may at any time fail or refuse to nominate a Participant for election to the Board, and the stockholders of the Company may at any election fail or refuse to elect any Participant to the Board free from any liability or claim under this Plan or any Award.
