THE COMPANY

Cash America International, Inc., which we will refer to in this reoffer prospectus as the "Company" or "we," is a provider of specialty financial services to individuals in the United States, United Kingdom and Sweden. The Company is the largest provider of secured non-recourse loans to individuals, commonly referred to as pawn loans, through 468 locations in 17 states and two foreign countries, and the Company also offers short term cash advances in many of its U.S. and U.K. locations, including 14 locations that offer only this service. In addition, the Company provides short-term cash advances and check cashing through its "Cashland" subsidiary's 124 locations and check cashing services through its 139 franchised and Company-owned "Mr. Payroll" check cashing centers.

The Company's pawnshops function as convenient sources of consumer loans and as sellers primarily of previously-owned merchandise acquired when

## Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form S-8 POS

customers do not redeem their pawned goods. One convenient aspect of a pawn transaction is that the customer has no legal obligation to repay the amount advanced. Instead, the Company relies on the value of the pawned property as security. As a result, the creditworthiness of the customer is not a factor, and a decision not to redeem pawned property has no effect on the customer's personal credit status. (Although pawn transactions can take the form of an advance of funds secured by the pledge of property or a "buy-sell agreement" involving the actual sale of the property with an option to repurchase it, we will refer to the transactions as "loans" for convenience.)

The Company contracts for a finance and service charge to compensate it for the use of the funds advanced. The finance and service charge is typically calculated as a percentage of the loan amount based on the size and duration of the transaction, in a manner similar to which interest is charged on a loan, and has generally ranged from 12% to 300% annually, as permitted by applicable state pawnshop laws. The pledged property is held through the term of the transaction, which, in the Company's domestic operations, is generally one month with an automatic sixty-day redemption period unless otherwise earlier repaid, renewed or extended. A majority of the amounts advanced by the Company are paid in full, together with accrued finance and service charges, or are renewed or extended through payment of accrued finance and service charges. In the event that the borrower does not redeem his pawned goods, the unredeemed collateral is forfeited and becomes merchandise available for disposition by the Company.

In addition, the Company offers a short term cash advance product through many of its existing stores. The Company introduced the cash advance product to its broad group of locations in 2000. At approximately 310 of its locations, the product is offered on behalf of a third-party financial institution (the "Bank") that underwrites the advance to the customer and pays the Company a fee for its administrative services. The product offered by the Company provides customers with cash in exchange for a promissory note or other repayment agreement supported by that customer's personal check for the aggregate amount of the cash advanced plus a service fee. The Company holds the check for the predetermined period of the cash advance, typically less than 17 days. To repay the advance, customers may redeem their checks by paying cash or they may allow the checks to be presented for collection.

While pawnbroking is a time-honored American industry, it remains very fragmented with approximately 15,000 stores nationwide. The three largest publicly traded pawnshop companies operate approximately 820 total pawnshops in the United States. We continue to believe that we can achieve economies of scale and increased operating efficiencies by increasing the number of stores under operation and utilizing modern point-of-sale systems and proven operating methods.

The less fragmented short term cash advance industry is growing at a faster rate. According to the investment firm Stephens Inc., the number of short term cash advance transactions is estimated to be growing nationwide at a rate of 15% to 20% per year, and the three largest operators control approximately one-quarter of the market. Despite the concentration of major competitors in the short term cash advance market, management believes that significant opportunities for growth remain in this business.

The Company's growth over the years has been the result of its business strategy of acquiring existing pawnshops and establishing new pawnshops that can benefit from the Company's centralized management and standardized operations. The Company intends to continue its business strategy of acquiring and establishing lending units, increasing its share of consumer loan business, and concentrating multiple lending units in regional and local markets in order to expand market penetration, enhance name recognition and reinforce marketing

programs. The Company also intends to offer new products and services in its lending units in order to meet the growing financial services needs of its customers.

The Company's principal executive offices are located at 1600 West 7th Street, Fort Worth, Texas 76102, and its telephone number is (817) 335-1100.

#### RISK FACTORS

You should carefully consider the risks described below before deciding to invest in our common stock. The risks described below are not the only ones facing the Company. Additional risks not presently known to us, or that we currently deem immaterial, may also impair our business operations.

Our business, financial condition or results of operations could be materially adversely affected by any of these risks. The trading price of the common stock could decline due to any of these risks, and you may lose all or part of your investment.

- o CHANGES IN CUSTOMER DEMAND FOR THE COMPANY'S PRODUCTS AND SPECIALTY FINANCIAL SERVICES. Although the Company's products and services are a staple of its customer base, a significant change in the needs or wants of customers and the Company's failure to adapt to those needs or wants could result in a significant decrease in the revenues of the Company.
- o THE ACTIONS OF THIRD PARTIES WHO OFFER PRODUCTS AND SERVICES AT THE COMPANY'S LOCATIONS. The Company offers products and services to its customers through various third parties. A failure of a third party provider to provide its product or service or to maintain the quality and consistency of its product or service could result in a loss of customers and a related loss in revenue from those products or services.
- o THE ABILITY OF THE COMPANY TO OPEN AND ACQUIRE NEW OPERATING UNITS IN ACCORDANCE WITH ITS PLANS. The Company's expansion program is subject to numerous factors which cannot be predicted or controlled, such as the availability of attractive acquisition candidates and the Company's ability to attract, train and retain qualified unit management personnel. Another such factor is the availability of sites with acceptable restrictions and suitable terms and general economic conditions.
- o CHANGES IN COMPETITION FROM VARIOUS SOURCES SUCH AS BANKS, SAVINGS AND LOANS, SHORT-TERM CONSUMER LENDERS, AND OTHER SIMILAR FINANCIAL SERVICES ENTITIES, AS WELL AS RETAIL BUSINESSES THAT OFFER PRODUCTS AND SERVICES OFFERED BY THE COMPANY. The Company encounters significant competition in connection with its lending and merchandise disposition operations from other pawnshops and other forms of financial institutions such as consumer finance companies. Significant increases in these competitive influences could adversely affect the Company's operations through a decrease in the number of cash advances and pawn loans originated, resulting in lower levels of earning assets in these categories.
- o CHANGES IN ECONOMIC CONDITIONS. While the credit risk for most of the Company's consumer lending is mitigated by the collateralized nature of pawn lending, a sustained deterioration in the economic environment could adversely affect the Company's operations through a deterioration

## Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form S-8 POS

in performance of its pawn loan or cash advance portfolios, or by reducing consumer demand for the purchase of pre-owned merchandise.

- o REAL ESTATE MARKET FLUCTUATIONS. A significant rise in real estate prices could result in an increase in the cost of store leases as the Company opens new locations and renews leases for existing locations.
- o CHANGES IN THE CAPITAL MARKETS. The Company regularly accesses the debt capital markets to refinance existing debt obligations, and to obtain capital to finance growth. Efficient access to these markets is critical to the Company's ongoing financial success; however, the Company's future access to the debt capital markets could become restricted should the Company experience deterioration of its cash flows, balance sheet quality, or overall business or industry prospects.

2

- o CHANGES IN TAX AND OTHER LAWS AND GOVERNMENTAL RULES AND REGULATIONS APPLICABLE TO THE SPECIALTY FINANCIAL SERVICES INDUSTRY. The Company's lending activities are subject to extensive regulation and supervision under various federal, state and local laws, ordinances and regulations. The Company faces the risk that new laws and regulations could be enacted that could have a negative impact on the Company's domestic or international lending activities. Included among the types of regulations faced by the Company are the following:

State Pawnshop Regulations. Each state in which the Company operates pawnshops has specific laws and regulations governing the pawn business. The typical state law provides for (i) licensing of pawnbrokers, (ii) maximum rates that pawnbrokers may charge, (iii) the length of time that a pawned item must be held in order for the customer to redeem it, (iv) extensive recordkeeping for all pawn transactions, (v) the furnishing of transaction information to law enforcement, (vi) insurance coverage on pawned property, and (vii) a variety of other rules relating to the operation of pawnshops. The United Kingdom and Sweden have comparable regulations governing the operation of the Company's pawnshops in those countries.

Short Term Cash Advances. Each state in which the Company offers cash advances has specific laws dealing with the conduct of this business. Typically, the applicable regulations restrict the amount of finance and service charges that may be assessed and limit customers' ability to renew these transactions. In many instances, the regulations also limit the aggregate amount that a provider may advance (and, in some cases, the number of cash advances the provider may make) to any one customer at one time. Providers typically must obtain a separate license from the state licensing authority in order to offer this product. The Company must also comply with the various disclosure requirements under the federal Truth in Lending Act (and Federal Reserve Regulation Z promulgated under that Act) in connection with these cash advance transactions.

These cash advances are offered by a third-party Bank in approximately 310 of the Company's units. The federal banking regulators who supervise the Bank's activities closely scrutinize all aspects of the Bank's cash advance program. Further, certain state regulators have asserted that the Company must have a license under state law in order to perform the administrative services that it performs for the Bank.

## Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form S-8 POS

In addition to some of these federal and state regulators, a number of consumer advocacy groups and federal and state legislators have asserted that laws and regulations should be tightened so as to severely limit, if not eliminate, the availability of this cash advance product to consumers, despite the significant demand for it. Along with the leadership of the short-term cash advance industry, the Company opposes such overly restrictive regulation and legislation. Nevertheless, the possibility exists that some combination of federal and state regulation and legislation could come to pass, which could restrict, or even eliminate, the availability of this cash advance product at some or all of the Company's stores.

The Bank is supervised by the Federal Deposit Insurance Corporation ("FDIC"). The FDIC has recently issued guidelines for cash advance programs that will apply to all financial institutions under the FDIC's supervision that offer these programs. The guidelines describe the FDIC's expectations for prudent risk management practices for cash advance activities, particularly with regard to capital, allowance for loan losses, and loan classifications. The guidelines also address recovery practices, income recognition, and managing risks associated with third-party relationships, as well as compliance with consumer protection laws. The Company believes that the FDIC guidelines should form the basis for sound and appropriate regulation of cash advance programs conducted by FDIC-supervised financial institutions.

Other Regulatory Matters. With respect to firearm sales, each of the pawnshops must comply with the Brady Handgun Violence Prevention Act (the "Brady Act"), which took effect on February 28, 1994. The Brady Act imposes a background check requirement in connection with the disposition of firearms by federally licensed firearms dealers. In addition, the Company must continue to comply with the longstanding regulations promulgated by the Department of the Treasury, Bureau of Alcohol, Tobacco and Firearms which require each pawnshop dealing in guns to maintain a permanent written record of all receipts and dispositions of firearms.

Under the federal Gramm-Leach-Bliley Act that took effect in 2001 and the federal regulations adopted to implement it, the Company is required to disclose to its customers its privacy policy and practices,

3

including those relating to the sharing of customers' nonpublic personal information with third parties. The disclosure must be made to customers at the time that the customer relationship is established and at least annually thereafter. Under these regulations, the Company is also required to ensure that its systems are designed to protect the confidentiality of customers' nonpublic personal information.

Under the USA PATRIOT Act passed by Congress in 2001, the Company will be required to maintain an anti-money laundering compliance program. The program must include (1) the development of internal policies, procedures, and controls; (2) the designation of a compliance officer; (3) an ongoing employee training program; and (4) an independent audit function to test the program. The United States Department of Treasury is expected to issue regulations specifying the appropriate features and elements of anti-money laundering compliance programs for the pawnbroking and short-term cash advance industries.

## Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form S-8 POS

In addition to the federal and state statutes and regulations described above, many of the Company's pawnshops are subject to municipal ordinances, which may require, for example, local licenses or permits and specified recordkeeping procedures, among other things. Each of the Company's pawnshops voluntarily or pursuant to municipal ordinance provides to the police department having jurisdiction copies of all daily transactions involving pawn loans and over-the-counter purchases. These daily transaction reports are designed to provide the local police with a detailed description of the goods involved including serial numbers, if any, and the name and address of the owner obtained from a valid identification card. A copy of the transaction ticket is provided to local law enforcement agencies for processing to determine conflicting claims of rightful ownership. Goods held to secure pawn loans or goods purchased which are determined to belong to an owner other than the borrower or seller are subject to recovery by the rightful owner. However, the Company historically has not experienced a material number of claims of this sort, and the claims experienced have not had a material adverse effect on the Company's results of operations.

- o MARKET RISKS. Market risks relating to the Company's operations result primarily from changes in interest rates, foreign exchange rates and gold prices. The Company does not engage in speculative or leveraged transactions, nor does it hold or issue financial instruments for trading purposes.

Interest Rate Risk. Although the weakness in the U.S. economy over the past several quarters has resulted in relatively low interest rates offered by lending institutions, an eventual economic recovery could result in a rise in interest rates which would, in turn, increase the cost of borrowing to the Company. Management's objective is to minimize the cost of borrowing through an appropriate mix of fixed and floating rate debt. Derivative financial instruments, such as interest rate cap agreements, are used for the purpose of managing fluctuating interest rate exposures that exist from ongoing business operations. After considering the effectiveness, if any, of the interest rate cap agreements, the Company had net variable rate borrowings outstanding of \$56.2 million and \$112.6 million at December 31, 2002 and 2001, respectively. If prevailing interest rates were to increase 100 basis points over the rates at December 31, 2002 and 2001, respectively, and the variable rate borrowings outstanding remained constant, the Company's interest expense would increase by \$0.6 million and \$1.1 million, and net income after taxes would decrease by \$0.4 million and \$0.7 million in 2002 and 2001, respectively. If prevailing interest rates were to decrease 100 basis points from the rates at December 31, 2002 and 2001, respectively, the combined fair values of the Company's outstanding fixed rate plus capped rate debt (\$96.5 million and \$62.3 million, respectively) would increase by \$3.1 million and \$1.8 million as of December 31, 2002 and 2001, respectively.

Foreign Exchange Risk. The Company is subject to the risk of unexpected changes in foreign currency exchange rates by virtue of its operations in the United Kingdom and Sweden. Foreign assets, liabilities and earnings are translated into U.S. dollars for consolidation into the Company's financial statements. As a result of fluctuations in foreign currency exchange rates, the Company has recorded cumulative other comprehensive losses of \$2.7 million and \$10.8 million at December 31, 2002 and 2001, respectively. A hypothetical 10% decline in the exchange rates of the British pound and the Swedish kronor at December 31, 2002 and 2001, would have resulted in additional other comprehensive losses of \$7.2 million and \$5.7 million, respectively.

## Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form S-8 POS

Net income from foreign operations during 2002, 2001 and 2000 translated to \$6.6 million, \$5.4 million and \$4.9 million, respectively. A hypothetical 10% decline in the weighted average exchange rates for

4

each of the foreign currencies during the years ended December 31, 2002, 2001 and 2000 would have decreased net income after taxes by \$0.7 million, \$0.5 million and \$0.5 million, respectively.

At this time, the Company does not use derivative instruments to manage exchange rate risk of net investments in or earnings of its foreign operations. In the event the Company was to temporarily transfer funds between currencies, it would concurrently enter into short-term currency swaps to eliminate the risk of currency fluctuations. No foreign currency swaps were outstanding at December 31, 2002 or 2001.

Gold Price Risk. The Company periodically uses forward sale contracts with a major bullion bank to sell a portion of the expected amount of refined gold produced in the normal course of business from its liquidation of forfeited gold merchandise. A significant decrease in the price of gold would result in a reduction of proceeds from the disposition of refined gold to the extent that amounts sold were in excess of the amount of contracted forward sales. In addition, a significant and sustained decline in the price of gold would negatively impact the value of goods pledged as collateral by customers and identified as gold jewelry to be refined rather than resold. In this instance, most customers would be willing to add additional items of value to their pledge in order to obtain the desired loan amount. However, those customers unable or unwilling to provide additional collateral would receive lower loan amounts, possibly resulting in a lower balance of pawn loans outstanding for the Company.

### FORWARD-LOOKING STATEMENTS

### USE OF PROCEEDS

We will not receive any proceeds from the sale of the common stock by the selling stockholders under this reoffer prospectus, although the sale of shares issuable upon a cash exercise of the stock options will be preceded by the payment to us of the option exercise price. The maximum gross proceeds that we might receive upon exercise of the stock options is \$5,709,312.50. We intend to use any such proceeds for general working capital. There can be no assurance, however, as to the number of stock options that will be exercised for cash.

### PLAN OF DISTRIBUTION AND SELLING STOCKHOLDERS

This reoffer prospectus relates to the resale from time to time of up to a total of 864,950 shares of Company common stock by the selling stockholders, which shares may be issued upon the exercise of stock options. The Company could receive up to \$5,709,312.50, assuming exercise of all of the stock options.

The following table sets forth certain information with respect to the registration of the resale of shares of common stock. We have prepared the table based on information given to us by the selling stockholders on or before

5

September 10, 2003, and assuming that such shares, the resale of which is being registered hereby, are sold. We do not know whether, when or in what amounts the selling stockholders will sell.

Stephens Inc. may act as a broker on behalf of each of the selling stockholders. Each of the selling stockholders may sell their shares in one or more block trades to be arranged by Stephens Inc., to whom the selling stockholders have agreed to pay 2% of the gross sales proceeds in connection with any such sales.

To the extent shares are not sold pursuant to the foregoing arrangements between the selling stockholders and Stephens Inc., the selling stockholders may otherwise sell the shares of Company common stock described in this reoffer prospectus directly or through underwriters, broker-dealers or agents. The selling stockholders may also transfer, devise or gift these shares by other means not described in this reoffer prospectus. As a result, pledges, donees, transferees or other successors-in-interest that receive such shares as a gift, dividend distribution or other non-sale related transfer may offer shares of Company common stock covered by this reoffer prospectus. In addition, if any shares covered by this reoffer prospectus qualify for sale pursuant to Rule 144 under the Securities Act of 1933, the selling stockholders may sell such shares under Rule 144 rather than pursuant to this reoffer prospectus, provided they meet the criteria and conform to the requirements of such rule. The selling stockholders may offer their shares of common stock in one or more of the following transactions:

- o a block trade in which the selling stockholder's broker or dealer will attempt to sell the shares as agent, but may position and resell all or a portion of the block as a principal to facilitate the transaction;
- o a broker or dealer may purchase the common stock as a principal and then resell the common stock for its own account pursuant to this reoffer prospectus;
- o ordinary brokerage transactions and transactions in which the broker solicits purchasers;
- o on any national securities exchange or quotation service on which the common stock may be listed or quoted at the time of sale, including the New York Stock Exchange;

## Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form S-8 POS

- o in the over-the-counter market;
- o in privately negotiated transactions;
- o through options;
- o by pledge to secure debts and other obligations;
- o by a combination of the above methods of sale; or
- o to cover short sales made pursuant to this reoffer prospectus.

The selling stockholders may sell shares of Company common stock from time-to-time in one or more transactions:

- o at fixed prices that may be changed;
- o at market prices prevailing at the time of sale; or
- o at prices related to such prevailing market prices or at negotiated prices.

In effecting sales, brokers or dealers engaged by the selling stockholders may arrange for other brokers or dealers to participate in the resales. The selling stockholders may enter into hedging transactions with broker-dealers, and in connection with those transactions, broker-dealers may engage in short sales of the shares. The selling stockholders also may sell shares short and deliver the shares to close out such short positions, provided that the short sale is made after a copy of this reoffer prospectus is delivered in connection with the short sale. The selling stockholders also may enter into option or other transactions with broker-dealers that require the delivery to the broker-dealer of the shares, which the broker-dealer may resell pursuant to this reoffer prospectus. The selling shareholders also may pledge the shares to a broker or dealer, and upon a default, the broker or dealer may effect sales of the pledged shares pursuant to this reoffer prospectus.

The Securities and Exchange Commission may deem the selling stockholders and any underwriters, broker-dealers or agents that participate in the distribution of the shares of common stock to be "underwriters" within the meaning of the Securities Act of 1933, as amended (the "Securities Act"). The Commission may deem any profits on the resale of the shares of common stock and any compensation received by any underwriter, broker-dealer or agent to be underwriting discounts and commissions under the Securities Act.

Because selling stockholders may be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act, the selling stockholders will be subject to the prospectus delivery requirements of the Securities Act. We have informed the selling stockholders that the anti-manipulative provisions of Regulation M promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), may apply to their sales in the market.

Under the Exchange Act, any person engaged in the distribution of the shares of common stock may not simultaneously engage in market-making activities with respect to the common stock for five business days prior to the start of the distribution. In addition, each selling shareholder and any other person participating in a distribution will be subject to the Exchange Act, which may limit the timing of purchases and sales of common stock by the selling shareholder or any such other person.

Upon our being notified by a selling stockholder that any material arrangement has been entered into with a broker-dealer for the sale of shares of

## Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form S-8 POS

common stock through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this reoffer prospectus will be filed, if required, pursuant to Rule 424(b) under the Act, disclosing:

- o the name of each such selling stockholder and of the participating broker-dealer(s);

7

- o the number of shares involved;
- o the price at which such shares were sold;

ITEM 9. UNDERTAKINGS

## Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form S-8 POS

The undersigned registrant hereby undertakes:

- (a) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:
  - (i) to include any prospectus required by Section 10(a)(3) of the Securities Act;
  - (ii) to reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereto) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement;
  - (iii) to include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement; provided, however, that the undertakings set forth in paragraphs (a)(i) and (a)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this Registration Statement.
- (b) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment will be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time will be deemed to be the initial bona fide offering thereof.
- (c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (d) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein and the offering of such securities at that time shall be deemed to be the initial bona fide

Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form S-8 POS

offering thereof.

- (e) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions referred to in Item 6 of this Registration Statement, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or

II-3

proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
