**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
JUNE 14, 2006**

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the Board of Directors of PlanetOut Inc., a Delaware corporation (the *Company*), for use at the Annual Meeting of Stockholders to be held on June 14, 2006, at 10:00 a.m. local time (the *Annual Meeting*), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at 1355 Sansome Street, San Francisco, California 94111. The Company intends to mail this proxy statement and accompanying proxy card on or about April 28, 2006 to all stockholders entitled to vote at the Annual Meeting.

Solicitation

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward to such beneficial owners. The Company may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, electronic mail or personal solicitation by directors, officers or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for such services.

Only holders of record of Common Stock at the close of business on April 18, 2006 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on April 18, 2006, the Company had outstanding and entitled to vote 17,359,826 shares of Common Stock.

Each holder of record of Common Stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by votes at the meeting or by proxy. A plurality of the votes cast at the meeting (in person or by proxy) is required to approve the election of directors, and a majority of the votes cast at the meeting (in person or by proxy) is required to approve any other items of business at the meeting. Abstentions will be counted towards the vote total on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved. Broker non-votes occur when a nominee (such as a bank or broker) returns a proxy, but does not have the authority to vote on a particular non-routine proposal because it has not received voting instructions from the beneficial owner. All votes will be tabulated by the inspector(s) of election appointed for the meeting.

Voting Via the Internet or by Telephone

Stockholders may grant a proxy to vote their shares by means of the telephone or on the Internet. The law of Delaware, under which the Company is incorporated, specifically permits electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the inspectors of election can determine that such proxy was authorized by the stockholder.

Table of Contents

The telephone and Internet voting procedures below are designed to authenticate stockholders' identities, to allow stockholders to grant a proxy to vote their shares and to confirm that stockholders' instructions have been recorded properly. Stockholders granting a proxy to vote via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.

For Shares Registered in the Name of the Stockholder

Stockholders of record may grant a proxy to vote shares of Company Common Stock by using a touch-tone telephone to call 1-800-560-1965 or via the Internet by accessing the website www.eproxyvote.com/lgbt. You will be required to enter a series of numbers that are located on your proxy card and the last four digits of your social security number or tax identification number. If voting via the Internet, you will then be asked to complete an electronic proxy card. The votes represented by such proxy will be generated on the computer screen and you will be prompted to submit or revise them as desired. Votes submitted by telephone or via the Internet must be received before 10:00 a.m., Pacific Time, on June 13, 2006. Submitting your proxy by telephone or via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting.

For Shares Registered in the Name of a Broker or Bank

Most beneficial owners whose stock is held in street name receive instructions for granting proxies from their banks, brokers or other agents, rather than the Company's proxy card. A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that offers the means to grant proxies to vote shares by means of the Internet. If your shares are held in an account with a broker or bank participating in the ADP Investor Communications Services program, you may go to www.proxyvote.com to grant a proxy to vote your shares by means of the Internet. Votes submitted via the Internet must be received before 10:00 a.m., Pacific Time, on June 13, 2006. Submitting your proxy via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting. A beneficial owner who wishes to vote at the meeting must have an appropriate proxy from his or her broker or bank appointing that beneficial owner as attorney in fact for purposes of voting the beneficially held shares at the meeting.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Corporate Secretary of the Company at the Company's principal executive office, 1355 Sansome Street, San Francisco, California 94111, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

Stockholder Proposals

The deadline for submitting a stockholder proposal for inclusion in the Company's proxy statement and form of proxy for the Company's 2007 annual meeting of stockholders pursuant to Rule 14a-8 of the Securities and Exchange Commission is December 29, 2006. Stockholders wishing to submit proposals or director nominations that are not to be included in such proxy statement and proxy, must deliver written notice to the Corporate Secretary of the Company at 1355 Sansome Street, San Francisco, California 94111 not earlier than the close of business on February 15, 2007 and not later than the close of business on March 16, 2007. Stockholders are also advised to review the Company's bylaws and the federal proxy rules, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's restated certificate of incorporation and bylaws provide that the Board of Directors shall be divided into three classes, with each class having a three-year term. Vacancies on the Board may be filled only by

Table of Contents

persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class (including a vacancy created by an increase in the number of directors) shall serve until the next election of the class for which such director has been elected and until his or her successor has been duly elected and qualified.

The Board of Directors presently has six members and no vacancies. There are two (2) directors in the class whose term of office expires in 2006 (H. William Jesse, Jr. and Karen Magee). The Corporate Governance and Nominating Committee of the Board has nominated Mr. Jesse and Ms. Magee to stand for reelection at the upcoming Annual Meeting. These nominees are currently directors of the Company who were previously elected by the Company's stockholders. If elected at the Annual Meeting, each of these nominees would serve until the 2009 annual meeting and until his or her successor is elected and has qualified, or until the director's death, resignation or removal.

Each of the Company's directors, other than Mr. Selvin, qualify as independent in accordance with the published listing requirements of the Nasdaq Stock Market. The Nasdaq independence definition includes a series of objective tests, such as that the director is not an employee of the Company and has not engaged in various types of business dealings with the Company. In addition, as further required by the Nasdaq rules, the Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the directors reviewed and discussed information provided by the directors and the Company with regard to each director's business and personal activities as they may relate to the Company and the management of the Company.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of each of the nominees. If either of the nominees should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Corporate Governance and Nominating Committee may propose. Each of the nominees has agreed to serve if elected, and the Corporate Governance and Nominating Committee and management have no reason to believe that either of the nominees will be unable to serve.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee is composed of Ms. Magee, Mr. Morgan and Mr. Jesse, each of whom is a non-employee member of the Board. The Board has determined that each member of the Corporate Governance and Nominating Committee meets the requirements for independence under the current requirements of the Nasdaq Stock Market, Inc. and SEC rules and regulations. The Corporate Governance and Nominating Committee met three times during the last fiscal year and did not act by unanimous written consent. The Corporate Governance and Nominating Committee has a written charter, which can be viewed on the Company's corporate governance web page at www.planetoutinc.com under the Investor Center Corporate Governance section.

The Corporate Governance and Nominating Committee is responsible for, among other things: (i) reviewing board structure, composition and practices, and making recommendations on these matters to the Board; (ii) reviewing, soliciting and making recommendations to the Board and stockholders with respect to candidates for election to the Board; (iii) overseeing compliance with the Company's Code of Conduct and Ethics; and (iv) overseeing compliance with corporate governance requirements.

The Company's bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board at the Company's annual meeting of stockholders. To date, the Company has not received any suggestions from stockholders that the Corporate Governance and Nominating Committee consider a candidate for inclusion among the slate of nominees presented at the Company's annual meeting of stockholders. The Corporate Governance and Nominating Committee will consider qualified candidates for director suggested by stockholders. Stockholders can suggest candidates by writing to the attention of the Company's Corporate Secretary at 1355 Sansome Street, San Francisco, CA 94111. The Company will forward suggestions that it receives to the Corporate Governance and Nominating Committee for further review and consideration. Stockholder suggestions are encouraged to be submitted to the Company's Corporate Secretary at least six months prior to the one-year anniversary of the Annual Meeting, to ensure time for meaningful consideration. See also the Stockholder Proposals section for applicable deadlines.

Although the Corporate Governance and Nominating Committee has not formally adopted minimum criteria for director nominees, the Committee does seek to ensure that the members of the Company's Board possess both exemplary professional and personal ethics and values and an in-depth understanding of the Company's business and industry. The Corporate Governance and Nominating Committee also believes in the value of professional diversity among members of the Board, and it feels that it is appropriate for members of the Company's senior management to participate as members of the Board. The Corporate Governance and Nominating Committee requires that at least one member of the Board qualify as an audit committee financial expert as defined by SEC rules, and that a majority of the members of the Board meet the definition of independence under rules promulgated by the NASD.

The Corporate Governance and Nominating Committee identifies nominees for the class of directors being elected at each annual meeting of stockholders by first evaluating the current members of such class of directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue to serve on the Company's Board are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with the benefits of bringing on members with new perspectives. If any member of such class of directors does not wish to continue in service or if the Corporate Governance and Nominating Committee decides not to re-nominate a member of such class of directors for reelection, the Corporate Governance and Nominating Committee identifies the desired skills and experience of a new nominee in light of the criteria above.

Code of Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics that applies to the Company's Chief Executive Officer and senior financial officers, including the Company's Chief Financial Officer and controller, as well as all employees and directors. The Code of Business Conduct and Ethics can be viewed on the Company's corporate governance web page at www.planetoutinc.com under the Investor Center Corporate Governance section. To the extent permitted by the rules promulgated by the NASD, the Company intends to disclose any

amendments to, or waivers from, the Code provisions applicable to the Company's Chief Executive Officer and senior financial officers, including the Company's Chief Financial Officer and controller, or with respect to the required elements of the Code on the Company's corporate governance web page at www.planetoutinc.com under the "Investor Center" "Corporate Governance" section.

Communications with the Board of Directors

If you wish to communicate with the Board of Directors or with the independent directors as a group, you may send your communication in writing to the Company's Corporate Secretary at 1355 Sansome Street, San Francisco, California 94111. You must include your name and address and indicate whether you are a stockholder of the Company. The Corporate Secretary will compile all communications, summarize all lengthy, repetitive or duplicative communications and forward them to the appropriate director or directors. For example, the Corporate Secretary will forward stockholder communications recommending potential director nominees to the chairperson of the Corporate Governance and Nominating Committee. The Corporate Secretary will not forward non-substantive communications or communications that pertain to personal grievances, but instead will forward them to the appropriate department within the Company for resolution. In this case, the Corporate Secretary will retain a copy of such communication for review by any director upon his or her request. This procedure does not apply to stockholder proposals submitted pursuant to Rule 14a-8 under the Securities and Exchange Act of 1934, as amended.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS(1)

The Audit Committee of the Board of Directors provides assistance to the Board in fulfilling its obligations with respect to matters involving the accounting, auditing, financial reporting and internal control functions of the Company. Among other things, the Audit Committee reviews and discusses with management and with Stonefield Josephson, Inc., PlanetOut's independent auditors, the results of the year-end audit of the Company, including the audit report and audited financial statements.

In connection with its review of the Company's audited financial statements for the fiscal year ended December 31, 2005, the Audit Committee reviewed and discussed the audited financial statements with management, and discussed with Stonefield Josephson, Inc. the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU §380). The Audit Committee received the written disclosures and the letter from Stonefield Josephson, Inc. required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with Stonefield Josephson, Inc. its independence from the Company. The Audit Committee has determined that the provision of non-audit services rendered by Stonefield Josephson, Inc. to the Company is compatible with maintaining the independence of Stonefield Josephson, Inc. from the Company.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for its fiscal year ended December 31, 2005 for filing with the SEC.

The Audit Committee has a written charter, which can be viewed on the Company's corporate governance web page at www.planetoutinc.com under the Investor Center Corporate Governance section. A copy of the Audit Committee charter is also available upon request addressed to the Corporate Secretary at the Company's corporate address.

During the 2005 fiscal year, the Audit Committee met with management and Stonefield Josephson, Inc. and received the results of audit examination, evaluations of the Company's internal controls and the overall quality of the Company's financial organization and financial reporting. The Committee believes that a candid, substantive and focused dialogue with the independent auditors is fundamental to the Committee's responsibilities. To support this belief, the Committee periodically meets separately with the independent auditors without the members of management present.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has selected Stonefield Josephson, Inc. (Stonefield) as the Company s independent auditors for the fiscal year ending December 31, 2006 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Stonefield has been engaged to audit the Company s financial statements since 2005. Representatives of Stonefield are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company s bylaws nor other governing documents nor law requires stockholder ratification of the selection of Stonefield as the Company s independent auditors. However, the Board is submitting the selection of Stonefield to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Stonefield.

Change In Auditors

On June 24, 2005, the Company's Audit Committee dismissed Pricewaterhouse Coopers LLP (PwC) as its independent registered public accounting firm. PwC's reports on the Company's consolidated financial statements as of and for the years ended December 31, 2003 and 2004 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principle.

During the years ended December 31, 2003 and 2004, and through June 24, 2005, there were no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to PwC's satisfaction, would have caused PwC to make reference thereto in their reports on the financial statements for such years. No reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred during the years ended December 31, 2003 and 2004.

On June 30, 2005, the Audit Committee appointed Stonefield Josephson, Inc. as the Company's new independent registered public accounting firm. During the years ended December 31, 2003 and 2004 and through June 30, 2005, neither the Company nor anyone acting on its behalf consulted with Stonefield regarding any of the matters or events set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

The Audit Committee's decision resulted from a process, intended to manage costs, in which several firms were invited to submit audit proposals. The Audit Committee expected that the Company's audit fees would be reduced as a result of this change. Also, the Audit Committee believed that, as the Company is a relatively small public company, the Company may be able to receive increased access to, and enhanced service from, a smaller auditing firm.

PwC continues to provide tax advice to the Company and prepares the Company's quarterly tax provisions and annual tax returns.

The above disclosures have been presented to PwC and Stonefield for their review and comment and no comments were received by the Company.

Pre-Approval Policies And Procedures

The Audit Committee meets with the Company's independent auditors to approve the annual scope of accounting services to be performed, including all audit and non-audit services, and the related fee estimates. The Audit Committee also meets with the Company's independent auditors, on a quarterly basis, following completion of their quarterly reviews and annual audit and prior to the Company's earnings announcements, to review the results of their work. As appropriate, management and the Company's independent auditors update the Audit Committee with material changes to any service engagement and related fee estimates as compared to amounts previously approved.

Under its charter, the Audit Committee has the authority and responsibility to review and approve the retention of the Company's outside auditors to perform any proposed permissible non-audit services. To date, all audit and non-audit services provided by PwC and Stonefield have been pre-approved by the Audit Committee in advance.

Auditors Independence

The Audit Committee has determined that the rendering of all the services described above by PwC and Stonefield was compatible with maintaining the auditors' independence.

Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to such securities.

Loans to Executive Officers

In May 2001, the Company, in exchange for a secured promissory note, loaned to Mark D. Elderkin, its President, \$602,656 to fund his purchase of the Company's Series D Preferred Stock. The principal and interest, which accrued at a rate of 8.5% per annum, were due and payable by May 2006. The note was full recourse as to all accrued interest and as to \$24,000 in principal amount, and the remainder was non-recourse. The loan was secured by the shares of Common Stock and options owned by Mr. Elderkin. The loan had not been modified since July 30, 2002, the effective date of the Sarbanes-Oxley Act of 2002. In March 2006, Mr. Elderkin paid the Company \$842,847.90, representing \$602,656 in principal and \$240,191.90 in interest, fully satisfying his repayment obligations to the Company, thereby terminating the note and the security interest.

Indemnity Agreement

In June 2001, Online Partners entered into an indemnity agreement with Mr. Elderkin, pursuant to which the Company agreed to indemnify Mr. Elderkin for certain costs of defense and damages that might be awarded against him in a lawsuit brought against the Company and him, among others, by a former employee of Online Partners. Specifically, the indemnity agreement provided that the Company would indemnify Mr. Elderkin for his reasonable costs of defense, generally limited to no more than \$3,500 per month, and for that portion of any damages awarded against him, if any, in an amount to be determined at arbitration, that the trier of fact found resulted from actions he took within the scope of his employment with Online Partners. The lawsuit subject to this indemnity agreement was settled in January 2005, and no further payments are expected under this agreement.

Indemnification Insurance

The Company's bylaws require it to indemnify its directors and executive officers to the fullest extent permitted by Delaware law. The Company has entered into indemnification agreements with all of its directors and executive officers and holds directors' and officers' liability insurance. In addition, the Company's certificate of incorporation limits the personal liability of its Board members for breaches by the directors of their fiduciary duties.

COMPENSATION OF DIRECTORS

Prior to December 22, 2005, the Company did not pay any cash compensation to the members of the Board of Directors, except for reimbursing its non-employee directors for reasonable travel expenses incurred in connection with attendance at Board and committee meetings. Effective December 22, 2005, the Company adopted a director compensation program that, in addition to reimbursing its non-employee directors for travel expenses incurred in connection with their attendance at Board and committee meetings, also provides such directors with cash and equity compensation.

Cash Compensation

Each non-employee director receives a quarterly cash payment of \$3,000, as a retainer, and a \$1,000 payment for each all-day Board meeting attended in person. The Chairperson of the Audit Committee receives an additional quarterly payment of \$1,250 and the Chairpersons of the Compensation Committee and the Nominating and Corporate Governance Committee each receives quarterly payments of \$750. Further, effective as of the first business day of January 2007, and on the first business day of each January thereafter, each non-employee director who has attended 80% or more of all meetings of the Board and committees of the Board of which such non-employee director is a member held during his or her tenure as a Board member during the prior calendar year will receive a payment of \$2,000.

Equity Compensation

Effective as of the date of joining the Board, each future non-employee director will receive a grant of 6,000 shares of restricted Common Stock (Restricted Shares), which will vest quarterly over a three year period from the date of grant, with 1/12th of the Restricted Shares vesting on the first day after the date of grant on which the Company's trading window opens pursuant to the Company's Insider Trading Policy during each fiscal quarter, unless the trading window does not open during a quarter, in which case such Restricted Shares will vest on the last business day immediately preceding the 16th day of the last month of that quarter.

Effective as of December 22, 2005, each non-employee director, other than Ms. Magee, received a grant of 13,500 non-statutory Common Stock options, which were 100% vested and exercisable on the date of grant. A total of 3,000 of the shares that may be acquired upon exercise of the options were initially transferable, and the remaining 10,500 of such shares were initially nontransferable (with certain exceptions for transfer upon death or qualified domestic relations orders). These 10,500 shares will become transferable over a three year monthly schedule, such that 1/36th of such shares will become transferable each month following the date of grant. On January 26, 2006, Ms. Magee received a grant of 13,500 non-statutory Common Stock options, 3,000 of which were initially vested, with 1/36th of the remaining options vesting monthly thereafter.

In addition, each non-employee director will receive an automatic annual grant of 2,000 Restricted Shares on the date of the Company's annual meeting of stockholders, which will vest quarterly over a one year period from the date of grant, with 1/4th of the Restricted Shares vesting on the first day after the date of grant on which the Company's trading window opens pursuant to the Company's Insider Trading Policy during each fiscal quarter, unless the trading window does not open during a quarter, in which case such Restricted Shares will vest on the last business day immediately preceding the 16th day of the last month of that quarter.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee and none of its executive officers has a relationship that would constitute an interlocking relationship with executive officers and directors of another entity.

- (4) The potential realizable value is calculated based on the term of the option at its time of grant. It is calculated by assuming that the stock price on the date of grant appreciates at the indicated annual rate, compounded annually for the entire term of the option, and that the option is exercised and sold on the last day of its term for the appreciated stock price. No gain to the option holder is possible unless the stock price increases over the option term. The 5% and 10% assumed rates of appreciation are derived from the rules of the SEC and do not represent the Company's estimate or projection of the future Common Stock price.

**REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS
ON EXECUTIVE COMPENSATION(2)**

Introduction

The Compensation Committee is responsible for overseeing PlanetOut's overall compensation strategy and policies and for determining the compensation of the Company's Chief Executive Officer and other executive officers. The Compensation Committee consists of two independent, non-employee directors, neither of whom has ever been an employee of the Company. The Committee meets at scheduled times during the year and takes action by written consent. The Committee periodically reports to the Board concerning its activities and recommendations.

Executive Compensation Philosophy and Policies

The goals of PlanetOut's compensation programs are to attract and retain superior executive talent by offering a competitive compensation package, to incent future performance by linking executive compensation to individual and corporate performance, and to enhance stockholder value by aligning the long-term interests of the Company's executive officers with those of its investors.

The Company's compensation philosophy is to link closely executive compensation with the attainment of corporate performance goals and objectives and the individual's actual performance against plan. The Company includes a significant equity component in total executive compensation because it believes that equity-based compensation best aligns the long-term interests of executive officers and stockholders and motivates executive officers to continue to perform at the highest levels in the future.

The Company believes that the quality, skills and dedication of its executive officers are critical factors affecting its long-term value. The Company seeks to maintain its ability to effectively compete with other high-growth companies for the entrepreneurial, highly-motivated and innovative employees considered essential to its growth strategy. To that end, the Company tailors its executive compensation programs to be competitive with those of comparable companies in the Company's industry, taking into account regional and industry-wide compensation practices and trends as well as the Company's stage of growth, competitive environment and business complexity.

The Company has entered into employment agreements with each of its executive officers, including the Chief Executive Officer. These agreements set forth each executive officer's compensation package as well as other terms of the executive officer's employment, such as severance and change of control arrangements. The Compensation Committee reviews and approves each of these employment agreements as well as any amendments or modifications thereto.

Elements of Executive Compensation

The key elements of PlanetOut's executive compensation program are base salary, incentive bonuses and equity incentives, each of which is discussed in further detail below.

Base Salary

Base salary is the fixed portion of executive pay and compensates individuals for expected day-to-day performance. The Compensation Committee meets at least annually to review and approve each executive officer's salary for the ensuing year. The Committee's decisions regarding executive officer compensation are primarily based upon its assessment of each executive officer's leadership performance and potential to enhance long-term stockholder value.

(2) This Section is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the 1933 Act or the 1934 Exchange Act whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Table of Contents

When reviewing base salaries, the key factors considered by the Committee are: the nature, scope and level of the individual's responsibilities, the compensation paid by comparable companies for similar positions, the individual's actual performance against plan, the executive's contribution to the Company's financial results and the individual's prior experience and tenure with the Company. The Committee also takes into account each executive's current salary and prior-year compensation, the appropriate balance between incentives for long-term and short-term performance, and the executive's commitment to leadership and diversity within the Company and the community.

Incentive Bonuses

Annual incentive bonuses are granted to executive officers to incent and reward superior performance. Bonuses are based upon the Compensation Committee's assessment of each executive's individual performance during the year as well as the Company's overall performance in meeting financial and other goals. This assessment also includes an evaluation of how each executive performed compared to the financial, operational and strategic goals and objectives established for the executive at the beginning of the year. Based on the Company's overall performance in 2005, the executive officers recommended to the Compensation Committee that no incentive bonuses be awarded to the Company's executive officers and that bonuses only be paid to select Company employees.

In 2005, the Company did not pay an incentive bonus to any of its executive officers. The Company did pay a one-time, first-year bonus in 2005 to one of the Company's executive officers pursuant to that executive officer's employment agreement. In 2006, bonuses will be paid based on target amounts ranging from 14% to 50% of the executive's base salary, and no sales commissions are expected to be paid. One executive officer received sales commissions in 2005 for sales made in 2004.

Equity Incentives

PlanetOut uses equity incentives, including stock options and restricted stock, as a key incentive vehicle to reward and retain executive officers. The Company's philosophy in granting equity incentives is to encourage ownership in the Company as a means to align the interests of executive officers and stockholders. The Committee believes that stock-based equity grants reinforce a long-term interest in the Company's overall performance and incent executive officers to manage with a view toward maximizing long-term stockholder value. The Committee anticipates that with the Statement of Financial Accounting Standards No. 123R, *Share-Based Payment*, (FAS 123R) now in effect, the equity incentives the Company provides to its executive officers in 2006 will include a mix of stock options and restricted stock. In anticipation of the impact of FAS 123R, in December 2005 the Company accelerated the vesting of all previously granted and outstanding stock options held by current executive officers, except for options granted prior to January 1, 2004. All shares that may be acquired by exercise of these accelerated options held by the Company's executive officers were initially non-transferable, but will become transferable at the time and in the amount that they would have vested under the original option grant.

Stock options are granted at 100% of the market price of Company stock on the date of grant, and thus provide compensation to the optionee only to the extent that the market price of the stock increases between the date of grant and the date the option is exercised. Stock options are granted to executive officers pursuant to the Company's equity incentive plan, which generally provides for four-year vesting and expiration of the option ten years from the date of grant.

Although no restricted stock grants were made in 2005, the Company's equity incentive plan allows restricted stock grants to be made to its executive officers. The Company anticipates that restricted stock grants generally will vest, or the resale restriction attached to the restricted stock grants will lapse, quarterly or yearly over a four year period.

The Compensation Committee reviews and approves all equity grants to executive officers. The Committee considers a number of factors in determining the size of equity grants, including the relationship between job responsibilities and stockholder value, individual and Company performance, competitive external levels, and the amount of equity already held by the officer. The Committee's assessment of individual contributions is based in part on the recommendation of the Chief Executive Officer, for other executive officers.

Table of Contents

In addition to the above-mentioned forms of compensation, the Company provides modest perquisites to its executive officers, including payment of life and disability insurance premiums and payment for parking. Executive officers may also participate in benefit programs that are generally available to all employees, such as health insurance and 401(k) programs.

Compensation of Chief Executive Officer

The Compensation Committee reviews and approves, in its sole discretion and, if necessary in an executive session, the compensation of the Company's Chief Executive Officer. The Committee evaluates the Chief Executive Officer's performance in light of relevant corporate performance goals and objectives. In determining the long-term incentive component of the Chief Executive Officer's compensation, the Committee considers the Company's performance and relative stockholder return, the value of similar incentive awards given to chief executive officers of comparable companies, the awards given to the Company's Chief Executive Officer in past years, and such other criteria as the Committee deems advisable.

During the course of 2005, the Compensation Committee reviewed all forms of Mr. Selvin's compensation, including base salary, bonuses and stock option grants, as well as the aggregate values of restricted stock and stock options held by Mr. Selvin. In December 2005, the Committee approved an increase in Mr. Selvin's base salary from \$298,000 to \$313,000 per year, effective October 1, 2005. The Committee also approved the grant of 20,000 stock options to Mr. Selvin.

The Committee considered Mr. Selvin's overall compensation and the increase therein appropriate in light of his leadership in growing the Company and driving improved operating performance, his actions to ensure that the Company has a strong capital structure and cash flow, his effective management of the Company's growth, his increased responsibilities and burdens associated with management of a public company, his leadership in the Company's acquisition strategy, his actions in strengthening the Company's corporate governance and his contributions to the Company's culture and diversity.

Section 162(M) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the Company's chief executive officer or any of the Company's four other most highly compensated executive officers who are employed as of the end of the fiscal year.

Compensation above \$1 million may, however, be deducted if it is deemed qualifying performance-based compensation, which generally requires that the compensation be paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by stockholders.

The Compensation Committee seeks to maximize the tax deductibility of compensation payments to executive officers under Section 162(m) and the regulations thereunder. However, deductibility is not the sole factor that the Committee considers in assessing the appropriate levels and types of executive compensation, and the Committee may in the future elect to forego deductibility when the Committee believes it to be in the best interests of the Company and its stockholders. The Committee believes that all compensation paid for 2005 to the Company's executive officers, including the Chief Executive Officer, is properly deductible under Section 162(m).

Conclusion

The Committee has reviewed all components of the compensation of the Company's Chief Executive Officer and other executive officers, including base salary, incentive bonuses and equity incentives. Based on this review, the Committee believes that the total compensation of these executive officers in the aggregate is reasonable and not

excessive. Attracting and retaining talented management and offering a competitive, performance-based compensation program is essential to creating long-term stockholder value. The Compensation Committee will continue to review and modify the Company's executive compensation programs as appropriate to ensure that the best interests of stockholders continue to be served.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Company stockholders will be householding the Company's proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker or direct your written request to: Investor Relations, PlanetOut Inc., 1355 Sansome Street, San Francisco, California 94111, or contact the Company's Investor Relations department at (415) 834-6340. The Company will promptly deliver upon written or oral request a separate copy of the annual report or proxy statement to a security holder at a shared address to which a single copy of the document was delivered. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting.
