To the Stockholders of CancerVax Corporation:

Notice is hereby given that the Annual Meeting of the Stockholders of CancerVax Corporation will be held on June 14, 2005 at 11:00 a.m. at 2110 Rutherford Road, Carlsbad, California, for the following purposes:

1. To elect three directors for a three-year term to expire at the 2008 Annual Meeting of Stockholders. Our present Board of Directors has nominated and recommends for election as director the following persons:
Ivor Royston, M.D.
Robert E. Kiss, CFA
Phillip M. Schneider
2. To ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2005.
3. To transact such other business as may be properly brought before our Annual Meeting or any adjournment thereof.

Our Board of Directors has fixed the close of business on April 18, 2005 as the record date for the determination of stockholders entitled to notice of and to vote at our Annual Meeting and at any adjournment or postponement thereof.

Accompanying this Notice is a Proxy. **Whether or not you expect to be at our Annual Meeting, please complete, sign and date the enclosed Proxy and return it promptly.** If you plan to attend our Annual Meeting and wish to vote your shares personally, you may do so at any time before the Proxy is voted.

All stockholders are cordially invited to attend the meeting.

PROXY STATEMENT

The Board of Directors of CancerVax Corporation, a Delaware corporation, is soliciting the enclosed Proxy for use at our Annual Meeting of Stockholders to be held on June 14, 2005 at 11:00 a.m. at 2110 Rutherford Road, Carlsbad, California, and at any adjournments or postponements thereof. This Proxy Statement will be first sent to stockholders on or about April 28, 2005.

All stockholders who find it convenient to do so are cordially invited to attend the meeting in person. In any event, please complete, sign, date and return the Proxy in the enclosed envelope.

A proxy may be revoked by written notice to the Secretary of our company at any time prior to the voting of the proxy, or by executing a later proxy or by attending the meeting and voting in person. Unrevoked proxies will be voted in accordance with the instructions indicated in the proxies, or if there are no such instructions, such proxies will be voted (1) for the election of our Board of Directors nominees for director and (2) for ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. Shares represented by proxies that reflect abstentions or include broker non-votes will be treated as present and entitled to vote for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be considered in determining whether director nominees have received the requisite number of affirmative votes. For ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2005, abstentions will have the effect of a vote against such proposal, and broker non-votes, although counted for purposes of determining the presence of a quorum, will have the effect of a vote neither for nor against such proposal.

Stockholders of record at the close of business on April 18, 2005 (the Record Date) will be entitled to vote at the meeting or vote by proxy using the enclosed proxy card. As of that date, 27,816,577 shares of our common stock, par value \$0.00004 per share, were outstanding. Each share of our common stock is entitled to one vote. A majority of the outstanding shares of our common stock entitled to vote, represented in person or by proxy at our Annual Meeting, constitutes a quorum. A plurality of the votes of the shares present in person or represented by proxy at our Annual Meeting and entitled to vote on the election of directors is required to elect directors; and a majority of the shares present in person or represented by proxy and entitled to vote thereon is required for the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2005.

The cost of preparing, assembling and mailing the Notice of Annual Meeting, Proxy Statement and Proxy will be borne by us. In addition to soliciting proxies by mail, our officers, directors and other regular employees, without additional compensation, may solicit proxies personally or by other appropriate means. It is anticipated that banks, brokers, fiduciaries, other custodians and nominees will forward proxy soliciting materials to their principals, and that we will reimburse such persons out-of-pocket expenses.

Table of Contents**PROPOSAL 1
ELECTION OF DIRECTORS**

Our Board of Directors currently consists of ten members. Our Amended and Restated Certificate of Incorporation provides for the classification of our Board of Directors into three classes, as nearly equal in number as possible, with staggered terms of office and provides that upon the expiration of the term of office for a class of directors, nominees for such class shall be elected for a term of three years or until their successors are duly elected and qualified. At this meeting, three nominees for director are to be elected as Class II directors. The nominees are Ivor Royston, M.D., Robert E. Kiss, CFA and Phillip M. Schneider, who are each members of our present Board of Directors. The Class I and Class III directors have two years and one year, respectively, remaining on their terms of office.

A plurality of the votes of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors is required to elect directors. If no contrary indication is made, Proxies in the accompanying form are to be voted for our Board of Directors nominees or, in the event any of such nominees is not a candidate or is unable to serve as a director at the time of the election (which is not currently expected), for any nominee who shall be designated by our Board of Directors to fill such vacancy.

Information Regarding Directors

The information set forth below as to the nominees for director has been furnished to us by the nominees:

Board Meetings

Our Board of Directors held five regularly scheduled meetings and two special telephonic meetings during 2004. No director who served as a director during the past year attended fewer than 75% of the aggregate of the total number of meetings of our Board of Directors and the total number of meetings of committees of our Board of Directors on which he or she served.

Committees of the Board

Compensation Committee. The Compensation Committee consists of Drs. Royston, Carter and La Force. The Compensation Committee held five meetings, including telephonic meetings, during 2004. All members of the Compensation Committee are independent directors, as defined in the Nasdaq Stock Market qualification standards. The Compensation Committee is governed by a written charter approved by our Board of Directors. The functions of this committee include:

reviewing and, as it deems appropriate, recommending to our Board of Directors, policies, practices and procedures relating to the compensation of our directors, officers and other managerial employees and the establishment and administration of our employee benefit plans;

exercising authority under our employee benefit plans;

reviewing and approving executive officer and director indemnification and insurance matters; and

advising and consulting with our officers regarding managerial personnel and development.

Table of Contents

Audit Committee. The Audit Committee consists of Messrs. Schneider, Garner and Phillips and Dr. La Force. The Audit Committee held six meetings, including telephonic meetings, during 2004. All members of the Audit Committee are independent directors, as defined in the Nasdaq Stock Market qualification standards. Mr. Schneider qualifies as an audit committee financial expert as that term is defined in the rules and regulations established by the Securities and Exchange Commission. The Audit Committee is governed by a written charter approved by our Board of Directors. The functions of this committee include:

meeting with our management periodically to consider the adequacy of our internal controls and the objectivity of our financial reporting;

meeting with our independent registered public accounting firm and with internal financial personnel regarding these matters;

pre-approving audit and non-audit services to be rendered by our independent registered public accounting firm;

recommending to our Board of Directors the engagement of our independent registered public accounting firm and oversight of the work of our independent auditors;

reviewing our financial statements and periodic reports and discussing the statements and reports with our management, including any significant adjustments, management judgments and estimates, new accounting policies and disagreements with management;

establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls and auditing matters;

reviewing our financing plans and reporting recommendations to our full Board of Directors for approval and to authorize action; and

administering and discussing with management and our independent registered public accounting firm our Code of Ethics.

Both our independent registered public accounting firm and internal financial personnel regularly meet privately with the Audit Committee and have unrestricted access to this committee.

Nominating/ Corporate Governance Committee. The Nominating/ Corporate Governance Committee is comprised of Messrs. Phillips and Kiss and Dr. Schoettler. The Nominating/ Corporate Governance Committee held five meetings, including telephonic meetings, during 2004. All members of the Nominating/ Corporate Governance Committee are independent directors, as defined in the Nasdaq Stock Market qualification standards. The Nominating/ Corporate Governance Committee is governed by a written charter approved by our Board of Directors. The functions of this Committee include:

identifying qualified candidates to become members of our Board of Directors;

selecting nominees for election of directors at the next annual meeting of stockholders (or special meeting of stockholders at which directors are to be elected);

selecting candidates to fill vacancies of our Board of Directors;

developing and recommending to our Board of Directors our corporate governance guidelines; and

overseeing the evaluation of our Board of Directors.

Table of Contents

Director Nomination Process

Director Qualifications

In evaluating director nominees, the Nominating/ Corporate Governance Committee considers, among others, the following factors:

the appropriate size of our Board of Directors;

personal and professional integrity, ethics and values;

experience in corporate management, such as serving as an officer or former officer of a publicly held company;

experience in our industry;

experience as a board member of another publicly held company; and

experience with relevant social concerns.

The Nominating/ Corporate Governance Committee's goal is to assemble a Board of Directors that brings to our company a variety of perspectives and skills derived from high quality business and professional experience. In doing so the Nominating/ Corporate Governance Committee also considers candidates with appropriate non-business backgrounds.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating/ Corporate Governance Committee may also consider such other facts as it may deem are in the best interests of our company and our stockholders. The Nominating/ Corporate Governance Committee does, however, believe it appropriate for at least one, and, preferably, several, members of our Board of Directors to meet the criteria for an audit committee financial expert as defined by Securities and Exchange Commission rules, and that a majority of the members of our Board of Directors meet the definition of independent director under the Nasdaq Stock Market qualification standards. The Nominating/ Corporate Governance Committee also believes it appropriate for certain key members of our management to participate as members of our Board of Directors.

Identification and Evaluation of Nominees for Directors

The Nominating/ Corporate Governance Committee identifies nominees for director by first evaluating the current members of our Board of Directors willing to continue in service. Current members with qualifications and skills that are consistent with the Nominating/ Corporate Governance Committee's criteria for Board of Directors service and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of our Board of Directors with that of obtaining a new perspective. If any member of our Board of Directors does not wish to continue in service or if our Board of Directors decides not to re-nominate a member for re-election, the Nominating/ Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the criteria above. The Nominating/ Corporate Governance Committee generally polls our Board of Directors and members of management for their recommendations. The Nominating/ Corporate Governance Committee may also review the composition and qualification of the Boards of Directors of our competitors, and may seek input from industry experts or analysts. The Nominating/ Corporate Governance Committee reviews the qualifications, experience and background of the candidates. Final candidates are interviewed by our independent directors and executive management. In making its determinations, the Nominating/ Corporate Governance Committee evaluates each individual in the context of our Board of Directors as a whole, with the objective of assembling a group that can best perpetuate the success of our company and represent stockholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the Nominating/ Corporate Governance Committee makes its recommendation to our Board of Directors. Historically, the Nominating/ Corporate Governance Committee has not relied on third-party search firms to identify Board of Directors candidates. The Nominating/ Corporate Governance Committee may in the

Table of Contents

future choose to do so in those situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

We have not received director candidate recommendations from our stockholders and do not have a formal policy regarding consideration of such recommendations. However, any recommendations received from stockholders will be evaluated in the same manner that potential nominees suggested by board members, management or other parties are evaluated. Stockholders wishing to suggest a candidate for director should write to our company's corporate secretary. In order to be considered, the recommendation for a candidate must include the following written information: (i) the stockholders' name and contact information; (ii) a statement that the writer is a stockholder and is proposing a candidate for consideration by the Nominating/ Corporate Governance Committee; (iii) the name of and contact information for the candidate and a statement that the candidate is willing to be considered and serve as a director, if nominated and elected; (iv) a statement of the candidate's business and educational experience; (v) information regarding each of the factors listed above, other than that regarding Board of Directors size and composition, sufficient to enable the Nominating/ Corporate Governance Committee to evaluate the candidate; (vi) a statement of the value that the candidate would add to our Board of Directors; (vii) a statement detailing any relationship between the candidate and any customer, supplier or competitor of our company; (viii) detailed information about any relationship or understanding between the proposing stockholder and candidate; and (ix) a list of three character references, including complete contact information for such references.

Communications with our Board of Directors

Our stockholders may send correspondence to our Board of Directors c/o Corporate Secretary at CancerVax Corporation, 2110 Rutherford Road, Carlsbad, California 92008. Our corporate secretary will review all correspondence addressed to our Board of Directors, or any individual director, for any inappropriate correspondence and correspondence more suitably directed to management. Our corporate secretary will forward appropriate stockholder communications to our Board of Directors prior to the next regularly scheduled meeting of our Board of Directors following the receipt of the communication. Our corporate secretary will summarize all correspondence not forwarded to our Board of Directors and make the correspondence available to our Board of Directors for its review at our Board of Directors' request.

Code of Ethics

Our company has established a Code of Ethics that applies to our officers, directors and employees. The Code of Ethics contains general guidelines for conducting the business of our company consistent with the highest standards of business ethics, and is intended to qualify as a code of ethics within the meaning of Section 406 of the Sarbanes-Oxley Act of 2002 and Item 406 of Regulation S-K.

Corporate Governance Documents

Our company's corporate governance documents, including the Audit Committee Charter, Compensation Committee Charter, Nominating/ Corporate Governance Committee Charter, Code of Ethics and Corporate Governance Guidelines, are available, free of charge, on our website at www.cancervax.com. Please note, however, that the information contained on the website is not incorporated by reference in, or considered part of, this Proxy Statement. Report of the Audit Committee

The following is the report of the Audit Committee with respect to CancerVax's audited financial statements for the year ended December 31, 2004.

The purpose of the Audit Committee is to assist the Board of Directors in its general oversight of CancerVax's financial reporting, internal controls and audit functions. In fulfilling its oversight

Table of Contents

responsibilities, the Audit Committee reviewed the audited financial statements in CancerVax's Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee is comprised solely of independent directors as defined in the Nasdaq Stock Market qualification standards.

The Audit Committee has reviewed and discussed the consolidated financial statements with management and Ernst & Young LLP, CancerVax's independent registered public accounting firm. Management is responsible for the preparation, presentation and integrity of the financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. Ernst & Young LLP is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America, as well as expressing an opinion on (i) management's assessment of the effectiveness of internal control over financial reporting and (ii) the effectiveness of internal control over financial reporting.

During the course of 2004, management completed the documentation, testing and evaluation of CancerVax's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Committee received periodic updates provided by management and Ernst & Young LLP at Committee meetings held in 2004 and early 2005. At the conclusion of the process, management provided the Committee with and the Committee reviewed the results of management's assessment of the effectiveness of CancerVax's internal control over financial reporting. The Committee also reviewed management's report on the effectiveness of internal control over financial reporting contained in CancerVax's Annual Report on Form 10-K for the year ended December 31, 2004 filed with the Securities and Exchange Commission, as well as Ernst & Young LLP's Report included in CancerVax's Annual Report on Form 10-K related to its audit of the consolidated financial statements, management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting. The Committee continues to oversee CancerVax's efforts related to its internal control over financial reporting and management's preparations for the evaluation in 2005.

The Audit Committee has discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees and Public Company Accounting Oversight Board Auditing Standard No. 2, An Audit of Internal Control Over Financial Reporting Performed in Conjunction with an Audit of Financial Statements, including discussions with Ernst & Young LLP, with and without management present, regarding the overall scope of their audit, the results of their examination and their evaluation of CancerVax's internal controls, their judgments as to the quality, not just the acceptability, of CancerVax's accounting policies and the overall quality of CancerVax's financial reporting. In addition, Ernst & Young LLP has provided the Audit Committee with the written disclosures and letter required by Independence Standards Board Standard No. 1, as amended, Independence Discussions with Audit Committees, and the Audit Committee has discussed with Ernst & Young LLP their independence from management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited financial statements be included in CancerVax's Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission. The Audit Committee and our Board of Directors also have recommended, subject to stockholder approval, the ratification of the selection of Ernst & Young LLP as CancerVax's independent registered public accounting firm for the fiscal year ending December 31, 2005.

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as

(1) The options granted to the Named Executive Officers during the year ended December 31, 2004 vest monthly over 48 months.

(2) The potential realizable value listed in the table represents hypothetical gains that could be achieved for the options if exercised at the end of the option term based on assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the options were granted to their expiration date. The 5% and 10% rates of appreciation are provided in accordance with the rules of the Securities and Exchange Commission and do not represent our estimate or projection of our future stock value. Actual gains, if any, on option exercises will depend on the future performance of our common stock and overall market conditions. The potential realizable value computation does not take into account federal or state income tax consequences of option exercises or sales of appreciated stock.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year End Option Values

The following table sets forth information regarding option exercises in the year ended December 31, 2004 and unexercised stock options held by the Named Executive Officers as of December 31, 2004. Certain of the options shown as exercisable in the table below are immediately exercisable, but we have the right to purchase the shares of unvested common stock underlying some of these options upon termination of the holder's employment with our company.

Employment Arrangements and Change in Control Arrangements*Employment Agreement with David F. Hale*

On October 23, 2000, we entered into an employment agreement with David F. Hale, our President and Chief Executive Officer, which was subsequently amended and restated on November 15, 2004. Pursuant to the agreement, Mr. Hale is required to devote substantially all of his time and attention to our business and affairs. The employment agreement has a five-year term.

The amended and restated employment agreement sets forth Mr. Hale's initial base salary of \$515,000, which is subject to increase upon review annually by and at the sole discretion of our Compensation Committee and as approved by our Board of Directors. Mr. Hale's 2004 base salary was \$515,000. Pursuant to the amended and restated employment agreement, Mr. Hale is entitled to participate in any management incentive compensation plan adopted by us and will be paid an annual bonus in accordance with the terms of such plan as determined by the Compensation Committee of our Board of Directors and as approved by our Board of Directors. We have also agreed to pay the annual premiums on a disability insurance policy and a \$1 million life insurance policy on Mr. Hale.

Mr. Hale's amended and restated employment agreement provides him with certain severance benefits in the event his employment is terminated. In the event Mr. Hale's employment is terminated as a result of his death or permanent disability, his estate will receive 12 months of salary continuation payments, an amount equal to the average of Mr. Hale's annual bonuses for the three years prior to the termination, plus healthcare and life insurance

benefits continuation at our expense for 12 months. In addition, that portion of Mr. Hale's stock awards which would have vested if Mr. Hale had remained employed for an additional 12 months will immediately vest on the date of termination. The amended and restated employment agreement also provides that, in the event Mr. Hale's employment is terminated by us other than for cause or if Mr. Hale resigns for good reason, he will receive 12 months of salary continuation payments, an amount equal to the average of his annual bonuses for the three years prior to the termination, healthcare and life insurance benefits continuation at our expense for 12 months, plus \$15,000 towards outplacement services. If such termination or resignation occurs more than six months prior to or more than 12 months following a

Table of Contents

change of control of our company, that portion of Mr. Hale's stock awards which would have vested if Mr. Hale had remained employed for an additional 12 months will immediately vest on the date of termination. If Mr. Hale's employment is terminated by us other than for cause or if he resigns with good reason within six months prior to or within 12 months following a change of control, Mr. Hale will be entitled to receive 18 months of salary continuation payments, an amount equal to the average of his bonuses for the three years prior to the date of termination payable over an 18 month period commencing on the date of termination, healthcare and life insurance benefits continuation at our expense for 18 months, plus \$15,000 towards outplacement services.

Mr. Hale's amended and restated agreement also provides that, in the event of a change of control of our company, 50% of Mr. Hale's unvested stock awards will become immediately vested and all of his remaining unvested stock awards will become immediately vested if Mr. Hale is still employed by or providing services to us on the six-month anniversary of the change of control. In addition, with respect to stock awards granted prior to the date of the amended and restated employment agreement, if Mr. Hale's employment is terminated by us other than for cause, resigns with good reason, dies or becomes permanently disabled, in each case within six months following a change of control of our company, any remaining unvested portion of such stock awards will immediately vest on the date of termination. With respect to stock awards granted on or after the date of the amended and restated employment agreement, if Mr. Hale is terminated by us other than for cause, resigns with good reason, dies or becomes permanently disabled, in each case within six months prior to or within six months following a change of control of our company, any remaining unvested portion of such stock awards will immediately vest on the later of the date of termination or the date of the change of control.

For purposes of Mr. Hale's amended and restated employment agreement, *cause* generally means Mr. Hale's commission of an act of fraud, embezzlement or dishonesty upon us that has a material adverse impact on us, his conviction of, or plea of guilty or no contest to a felony, his ongoing and repeated failure or refusal to perform or neglect of his duties (where such failure, refusal or neglect continues for 15 days following his receipt of notice from us), his gross negligence, insubordination, material violation of any duty of loyalty to us or any other material misconduct on his part, his unauthorized use or disclosure of our confidential information or trade secrets that has a material adverse impact on us or a material breach of his employment agreement. Prior to any determination by us that *cause* has occurred, we will provide Mr. Hale with written notice of the reasons for such determination, afford him a reasonable opportunity to remedy any such breach, and provide him an opportunity to be heard prior to the final decision to terminate his employment.

For purposes of Mr. Hale's amended and restated employment agreement, *good reason* generally means a change by us in Mr. Hale's status, position or responsibilities that represents a substantial and material reduction thereto, the assignment to him of any duties or responsibilities materially inconsistent with his status, position or responsibilities, the removal of Mr. Hale or failure to reappoint or reelect Mr. Hale to any position (except in connection with a termination for cause, his death or disability, or resignation without good reason), a reduction by us in his base salary (other than pursuant to a company-wide reduction of base salaries for employees of the company generally), a reduction by us in his compensation and benefits as provided on the date of the agreement, his relocation by us to a facility or location more than 50 miles from his place of employment, our material breach of the employment agreement, or any purported termination by us for cause that does not conform to the definition of *cause* in the employment agreement. In addition, *good reason* will also exist if Mr. Hale has not received a contemporaneous increase in his total compensation (including benefits) which is commensurate with increases in total compensation (including benefits) received by a majority of our officers or if he has earned, but not been paid, a bonus for any period under any management incentive compensation plan adopted by us, but a majority of our officers have been paid bonuses for such period under such plan.

Other Employment Agreements

We have also entered into employment agreements with Hazel M. Aker, Debra J. Arnold, Guy Gammon, Robert L. Jones, William R. LaRue, Martin A. Mattingly, John Petricciani, Steven J. Ruhl and Dennis E. Van Epps, which were amended and restated on November 15, 2004.

Table of Contents

Pursuant to the amended and restated employment agreements, each executive is required to devote substantially all of his or her time and attention to our business and affairs. The amended and restated employment agreements set forth the executives' base salaries and annual cash bonus eligibility. The initial base salaries of the executives called for by these employment agreements and their 2004 base salaries are as follows: Hazel M. Aker (\$230,000), Debra J. Arnold (\$188,500), Guy Gammon (\$207,000), Robert L. Jones (\$185,000), William R. LaRue (\$241,000), Martin A. Mattingly (\$270,000), John Petricciani (\$224,000), Steven J. Ruhl (\$175,000) and Dennis E. Van Epps (\$208,000). The amended and restated employment agreements do not provide for automatic annual increases in salary, but each agreement provides for annual salary reviews by the Compensation Committee of the Board of Directors. Each of the executives is entitled to participate in any management incentive compensation plan adopted by us and will be paid an annual bonus in accordance with the terms of such plan as determined by the Compensation Committee of our Board of Directors and as approved by our Board of Directors. We may terminate any of the agreements for any reason.

The amended and restated employment agreements provide the executives with certain severance benefits in the event his or her employment is terminated. In the event the executive's employment is terminated as a result of his or her death or permanent disability, the executive or his or her estate, as applicable, will receive 12 months of salary continuation payments, an amount equal to the average of the executive's annual bonuses for the three years prior to the termination, plus healthcare and life insurance benefits continuation at our expense for 12 months. In addition, that portion of the executive's stock awards which would have vested if he or she had remained employed for an additional 12 months will immediately vest on the date of termination. The amended and restated employment agreements also provides that, in the event the executive's employment is terminated by us other than for cause or if the executive resigns for good reason, he or she will receive 12 months of salary continuation payments, an amount equal to the average of his or her annual bonuses for the three years prior to the termination, healthcare and life insurance benefits continuation at our expense for 12 months, plus \$15,000 towards outplacement services. If such termination or resignation occurs more than six months prior to or more than 12 months following a change of control of our company, that portion of the executive's stock awards which would have vested if he or she had remained employed for an additional 12 months will immediately vest on the date of termination.

The amended and restated employment agreements also provide that, in the event of a change of control of our company, 50% of each executive's unvested stock awards will immediately become vested. In addition, with respect to stock awards granted prior to the date of the amended and restated employment agreements, if the executive's employment is terminated by us other than for cause or if he or she resigns with good reason within 12 months following a change of control of our company, any remaining unvested portion of such stock awards will immediately vest on the date of termination. With respect to stock awards granted on or after the date of the amended and restated employment agreements, if such termination occurs within six months prior to or within 12 months following a change of control of our company, any remaining unvested portion of such stock awards will immediately vest on the later of the date of termination or the date of the change of control.

For purposes of the amended and restated employment agreements, **cause** generally means the executive's commission of an act of fraud, embezzlement or dishonesty upon us that has a material adverse impact on us, the executive's conviction of, or plea of guilty or no contest to a felony, the executive's ongoing and repeated failure or refusal to perform or neglect of his or her duties (where such failure, refusal or neglect continues for 15 days following the executive's receipt of notice from us), the executive's gross negligence, insubordination, material violation of any duty of loyalty to us or any other material misconduct on the part of the executive, the executive's unauthorized use or disclosure of our confidential information or trade secrets that has a material adverse impact on us or a material breach by the executive of his or her employment agreement. Prior to any determination by us that **cause** has occurred, we will provide the executive with written notice of the reasons for such determination, afford the executive a reasonable opportunity to remedy any such breach, and provide the executive an opportunity to be heard prior to the final decision to terminate the executive's employment.

For purposes of the amended and restated employment agreements, **good reason** generally means a change by us in the executive's status, position or responsibilities that represents a substantial and material reduction thereto, the assignment to the executive of any duties or responsibilities materially inconsistent with his or her status, position or

responsibilities, the removal of the executive or failure to reappoint or reelect the

executive to any position (except in connection with a termination for cause, his or her death or disability, or resignation without good reason), a reduction by us in the executive's base salary (other than pursuant to a company-wide reduction of base salaries for employees of the company generally), a reduction by us in the executive's compensation and benefits as provided on the date of the agreement, the executive's relocation by us to a facility or location more than 50 miles from the executive's place of employment, our material breach of the employment agreement, or any purported termination by us for cause that does not conform to the definition of cause in the employment agreement.

Equity Compensation Plans

Amended and Restated 2003 Equity Incentive Award Plan

The 2003 Equity Incentive Award Plan, or 2003 Plan, was initially adopted by our Board of Directors in September 2003 and approved by our stockholders in October 2003. Our Board of Directors approved an amendment and restatement of the 2003 Plan in April 2004, which was approved by our stockholders in June 2004. Our employees, consultants and directors are eligible to receive awards under the plan. The 2003 Plan provides for the grant or issuance of stock options, stock appreciation rights, restricted stock, deferred stock, dividend equivalents, performance awards and stock payments, or any combination thereof. Each award will be set forth in a separate agreement with the person receiving the award and will indicate the type, terms and conditions of the award. The total number of shares of our common stock that may be issued under the 2003 Plan is equal to the sum of:

3,837,659 shares, plus

(1) 45,637 shares, which represented the number of shares of our common stock remaining available for issuance and not subject to options granted under our Third Amended and Restated 2000 Stock Incentive Plan, or 2000 Plan, as of June 10, 2004 (the date of our 2004 Annual Meeting) plus (2) with respect to awards granted under the 2000 Plan on or before June 10, 2004 that expire or are canceled without having been exercised in full or shares of our common stock that are repurchased pursuant to the terms of awards granted under the 2000 Plan, the number of shares of our common stock subject to each such award as to which such award was not exercised prior to its expiration or cancellation or which are repurchased by us, plus

an amount on June 10, 2005 and on each annual anniversary of such date during the term of the 2003 Plan equal to the least of (1) 5% of our outstanding shares of common stock on such date, (2) 2,500,000 shares of common stock or (3) a lesser amount determined by our Board of Directors.

Notwithstanding the foregoing, the number of shares of our common stock that may be issued under the 2003 Plan shall not exceed an aggregate of 25,000,000 shares. As of April 1, 2005, 365,007 shares of our common stock were available for future grant or issuance under the 2003 Plan.

In the event of a plan participant's termination of employment or directorship on account of his or her disability or death, that number of unvested awards granted to such participant under the 2003 Plan that would have become fully vested, exercisable or payable over the 12 month period following the participant's termination under the vesting schedules applicable to such awards had the participant remained continuously employed by or serving as a director for us during such period will become immediately so vested, exercisable or payable on the date of termination.

In the event of a change of control, each outstanding award under the 2003 Plan may be assumed or an equivalent option or right may be substituted by the successor corporation. The vesting of each outstanding award shall accelerate (i.e. become exercisable immediately in full) in any of the following events: (1) if the successor corporation refuses to assume the awards, or to substitute substantially equivalent awards, or (2) if the employment of the award holder is involuntarily terminated without cause or voluntarily terminated for

Table of Contents

good reason within two years following the date of closing of the change of control. Under the 2003 Plan, a change of control is generally defined as:

the direct or indirect sale or exchange in a single or series of related transactions by the stockholders of the company of more than 50% of the voting stock of the company;

a merger or consolidation in which the company is a party, other than a merger or consolidation which results in our outstanding voting securities immediately before the transaction continuing to represent a majority of the voting power of the acquiring company's outstanding voting securities;

the sale, exchange, or transfer of all or substantially all of the assets of the company; or

a liquidation or dissolution of the company.

Third Amended and Restated 2000 Stock Incentive Plan

The 2000 Stock Incentive Plan, or 2000 Plan, was initially adopted and approved by our stockholders in December 2000 and was most recently amended and restated by our Board of Directors and approved by our stockholders in May 2003. The 2000 Plan allows us to issue awards of incentive or nonqualified stock options or restricted stock. Our employees, consultants and independent directors are eligible to receive awards under the plan, but only employees may receive incentive stock options. As a result of the approval of the 2003 Plan by our stockholders in June 2004, no additional awards will be granted under the 2000 Plan and the shares remaining available for issuance as of such date became available for issuance under the 2003 Plan.

In the event of specified corporate transactions, such as a merger or sale of all or substantially all of the assets of our company, the 2000 Plan provides that each outstanding award will be assumed or replaced with a comparable award by our successor company or its parent. If the successor company or its parent does not assume or replace the awards, outstanding options will become 100% vested and exercisable immediately before the corporate transaction. To the extent that options accelerate due to a corporate transaction, the restrictions on restricted stock awards will also lapse.

In addition, if an option or award holder's employment or service relationship is terminated in connection with specified corporate transactions or as a result of an involuntary termination other than for cause or by the option or award holder for good reason (other than in connection with a general reduction in workforce) within two years following specified corporate transactions, that option or award holder's outstanding options or awards will become 100% vested and exercisable immediately.

Employee Stock Purchase Plan

In September 2003, we adopted our employee stock purchase plan, which was approved by our stockholders in October 2003. The plan became effective concurrently with the initial public offering of our common stock in October 2003. The plan is designed to allow our eligible employees and the eligible employees of our participating subsidiaries to purchase shares of common stock, at semi-annual intervals, with their accumulated payroll deductions.

We have reserved a total of 360,000 shares of our common stock for issuance under the plan, of which 328,215 shares are available for future grant or issuance as of April 1, 2005. The plan provides for an annual increase to the shares of common stock reserved under the plan on each December 31 equal to the least of 30,000 shares, 1.0% of our outstanding shares on such date, or a lesser amount determined by our Board of Directors.

The plan has a series of consecutive, overlapping 24-month offering periods. Individuals scheduled to work more than 20 hours per week for more than five calendar months per year may join an offering period on the first day of the offering period or the beginning of any semi-annual purchase period within that

Table of Contents

period. Individuals who become eligible employees after the start date of an offering period may join the plan at the beginning of any subsequent semi-annual purchase period.

Participants may contribute up to 20% of their cash earnings through payroll deductions, and the accumulated deductions will be applied to the purchase of shares on each semi-annual purchase date. The purchase price per share will be equal to 85.0% of the fair market value per share on the participant's entry date into the offering period or, if lower, 85.0% of the fair market value per share on the semi-annual purchase date.

If the fair market value per share of our common stock on any purchase date is less than the fair market value per share on the start date of the two-year offering period, then that offering period will automatically terminate, and a new 24-month offering period will begin on the next business day. All participants in the terminated offering will be transferred to the new offering period.

In the event of a proposed sale of all or substantially all of our assets, or our merger with or into another company, the outstanding rights under the plan will be assumed or an equivalent right substituted by the successor company or its parent. If the successor company or its parent refuses to assume the outstanding rights or substitute an equivalent right, then all outstanding purchase rights will automatically be exercised prior to the effective date of the transaction. The purchase price will be equal to 85.0% of the market value per share on the participant's entry date into the offering period in which an acquisition occurs or, if lower, 85.0% of the fair market value per share on the date the purchase rights are exercised.

The plan will terminate no later than the tenth anniversary of the plan's initial adoption by our Board of Directors.

Compensation Committee Interlocks and Insider Participation

Drs. Royston, Carter and La Force serve on the Compensation Committee of our Board of Directors. Table of Contents**COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION**

The Compensation Committee is composed of three directors of our Board of Directors, each of whom is a non-employee director within the meaning of Rule 16b-3 under the Exchange Act and an outside director within the meaning of Section 162(m) of the Code. The Compensation Committee receives and approves each of the elements of the executive compensation program of our company and continually assesses the effectiveness and competitiveness of the program. In addition, the Compensation Committee administers the stock option program and other key provisions of the executive compensation program and reviews with our Board of Directors all aspects of the compensation structure for our company's executives. Set forth below in full is the Report of the Compensation Committee regarding compensation paid by us to our executive officers during 2004.

Compensation Philosophy

Our executive compensation program is based upon a pay-for-performance philosophy. The executive compensation program is designed to provide value to the executive based on the extent of individual performance, our performance versus budgeted financial targets and other financial measures, our longer-term financial performance and total return to stockholders, including to the extent share price appreciation meets, exceeds or falls short of expectations. Under this program design, only when expectations are exceeded can incentive payments exceed targeted levels. When making compensation decisions for executive officers, the Compensation Committee evaluates each compensation element in the context of the executive's overall total compensation.

Elements of the Executive Compensation Program

Base Salary. As a general matter, the base salary for each executive is initially established through negotiation at the time the officer is hired, taking into account such officer's qualifications, experience, prior salary and competitive salary information. Year-to-year adjustments to each executive officer's base salary is determined by an assessment of her or his sustained performance against her or his individual job responsibilities including, where appropriate, the impact of such performance on our company's business results, current salary in relation to the salary range designated for the job, experience and potential for advancement.

Annual Incentive Bonuses. Payments under our annual performance incentive bonus plan are based on achieving individual and corporate goals. For 2004, these corporate goals included the achievement of performance targets with respect to our clinical trials, business development objectives, operations, quality and analytical sciences development objectives, and the achievement of certain development milestones with respect to new product candidates. Use of corporate goals establishes a direct link between the executive's pay and our financial success. For 2004, the individual performance of each of the executive officers during 2004 was also evaluated by the Compensation Committee based on the achievement of individual performance goals set in early 2004 by the Compensation Committee (other than the bonus for the President and Chief Executive Officer, whose bonus is determined solely by reference to the achievement of corporate goals, as further described below). The annual incentive bonus opportunity for executives, other than the President and Chief Executive Officer, is generally targeted at 35% of his or her salary. The annual incentive bonus opportunity for the President and Chief Executive Officer is generally targeted at 50% of his salary.

Long-Term Incentives. Our long-term incentives will be primarily in the form of stock option awards. The objective of these awards is to advance our longer-term interests and those of our stockholders and to complement incentives tied to annual performance. These awards will provide rewards to executives based upon the creation of incremental stockholder value.

Stock options will only produce value to executives if the price of our stock appreciates, thereby directly linking the interests of executives with those of stockholders. The number of stock options granted will be based on the grade level of an executive's position, the executive's performance in the prior year and the executive's potential for continued sustained contributions to our success. The executive's right to the stock options will generally vest over a four-year period and each option will be exercisable over a ten-year

Table of Contents

period following its grant unless the executive's employment terminates prior to such date. In order to preserve the linkage between the interests of executives and those of stockholders, the executives will be encouraged to utilize the shares obtained on the exercise of their stock options, after satisfying the cost of exercise and taxes, to establish a significant level of direct ownership. We will establish share ownership expectations for our executives to meet through the exercise of stock option awards.

CEO Compensation

David F. Hale's base salary was established pursuant to his employment agreement. The Compensation Committee believes that the total compensation of our President and Chief Executive Officer is largely based upon the same policies and criteria used for other executive officers as described above. Each year the Compensation Committee reviews the Chief Executive Officer's total compensation, his individual performance for the calendar year under review, as well as our company's performance. In determining Mr. Hale's bonus for 2004, the Compensation Committee considered the company's achievement of the corporate performance goals for 2004 established by the Compensation Committee and described above. Mr. Hale's annual incentive bonus opportunity for 2004 was targeted at 50% of his salary. Based on our company's performance for the fiscal year ended December 31, 2004, Mr. Hale received a bonus of \$221,450. In March 2004, Mr. Hale was granted options under the Amended and Restated 2003 Equity Incentive Award Plan to purchase 200,000 shares of our common stock at \$12.00 per share. The Compensation Committee also reviewed perquisites and other compensation paid to Mr. Hale for 2004, and found these amounts to be reasonable. Based upon its review of data from three separate executive compensation surveys regarding the compensation of chief executive officers in comparable companies, the Compensation Committee believes Mr. Hale's total compensation, including salary and bonus, is at a level competitive with Chief Executive Officer total compensation within the biotechnology industry.

For 2005, we have established that Mr. Hale's annual incentive bonus for 2005 will be targeted at 50% of his salary. His bonus will be paid based on the Compensation Committee's evaluation of our achievement of the corporate performance goals for 2005 established by the Compensation Committee, which include the achievement of performance targets with respect to our clinical trials, financial objectives, completion of our manufacturing facility expansion, operations, quality and analytical sciences development objectives and our achievement of certain development milestones with respect to new product candidates.

Section 162(m) Compliance

Section 162(m) of the Code generally limits the tax deductions a public corporation may take for compensation paid to its Named Executive Officers to \$1.0 million per executive per year. Performance based compensation tied to the attainment of specific goals is excluded from the limitation. Our stockholders have previously approved the Third Amended and Restated 2000 Stock Incentive Plan and the Amended and Restated 2003 Equity Incentive Award Plan, qualifying options and stock appreciation rights under these plans as performance-based compensation exempt from the Section 162(m) limits. Other awards under these plans also may qualify as performance-based compensation at the discretion of the Compensation Committee. In addition, the Compensation Committee intends to evaluate our executive compensation policies and benefit plans during the coming year to determine whether additional actions to maintain the tax deductibility of executive compensation are in the best interest of our stockholders.

Conclusion

Through the programs described above, a significant portion of our compensation program and realization of its benefits is contingent on both our company and individual performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Canvaxin Technology Transactions

In 1998, OncoVac, Inc., which is wholly owned by Dr. Morton and was previously named CancerVax, Inc., cross-licensed the rights to patents, patent applications, cell banks and manufacturing know-how from John Wayne Cancer Institute, or JWCI. Dr. Morton currently serves as Medical Director, Surgeon-in-Chief and a member of the Board of Directors of JWCI. In July 2000, OncoVac assigned all of its rights and obligations under that agreement to us. Under the cross-license, as assigned to us, we retain exclusive rights to commercialize Canvaxin for the treatment of cancer and JWCI retains a license to use Canvaxin and related technology for research and educational purposes. Pursuant to the cross-license agreement and the assignment, we issued 284,090 shares of our common stock to JWCI and agreed to pay an aggregate of \$1,250,000 to JWCI, of which \$500,000 was paid upfront and the remainder is due in annual installments of \$125,000 through June 2006. Of the total amount, \$250,000 remains unpaid as of December 31, 2004. We also are obligated to pay JWCI 50% of the initial net royalties we receive from any sublicensees from sales of Canvaxin, if any, up to a maximum of \$3.5 million. Subsequently, we are obligated to pay JWCI a 1% royalty on net sales of Canvaxin to third parties, if any, by us, our sublicensees and affiliates.

In July 2001, we entered into a clinical trial services agreement with JWCI. Under the terms of the clinical trial services agreement, as amended, we will make annual payments of \$25,000 to JWCI while payments to the clinical trial sites are covered by National Cancer Institute grants and thereafter an annual amount equal to the greater of actual amounts incurred by JWCI in connection with the Canvaxin Phase 3 clinical trials or \$50,000. We also will reimburse JWCI for certain expenses incurred. During 2004, we paid to JWCI approximately \$0.3 million for services provided to us under the clinical trials services agreements, participation in the clinical trials and certain other services.

Other Related Party Transactions

In December 2004, in connection with the signing of our collaboration agreement with Serono Technologies, S.A., we entered into an amended and restated investors' rights agreement with Serono and certain other holders of our common stock, including entities affiliated with Dr. Morton, Forward IV Associates, LLC, Vector Fund Management II, L.L.C., J.P. Morgan Investment Management, Inc. and Mr. Hale, whereby we granted these entities registration rights with respect to their shares of common stock.

We have entered into indemnification agreements with each of our executive officers and directors. These indemnification agreements require us to indemnify these individuals to the fullest extent permitted by Delaware law.

We had a consulting and noncompete agreement with Dr. Morton that expired in December 2004. Under the terms of the agreement, we paid Dr. Morton \$150,000 per year to provide consulting services related to the development and commercialization of Canvaxin and our other product candidates as well as consult on medical and technical matters as requested. We are currently negotiating an extension of Dr. Morton's consulting and noncompete agreement with modified terms, however, we cannot be certain that the agreement will be renewed.

In March 2003, Billy W. Minshall, our former Senior Vice President, Operations, resigned. In accordance with the terms of his employment agreement, we were obligated to pay Mr. Minshall his base salary at the rate of \$221,300 per year for up to 12 months and the vesting on options to purchase 12,784 shares of common stock was accelerated.

We have entered into agreements and transactions with our management described under the heading Executive Compensation and Other Information.

We believe that all of the transactions described above were on terms at least as favorable to us as they would have been had we entered into those transactions with unaffiliated third parties.

Table of Contents**PROPOSAL 2****RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS**

Our Board of Directors and Audit Committee have selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2005 and has directed that management submit the selection of the independent registered public accounting firm to the stockholders for ratification at the Annual Meeting. Ernst & Young LLP has audited our financial statements since June 1998, our date of inception, and through the year ending December 31, 2004. Representatives of Ernst & Young LLP will be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholders are not required to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm. However, we are submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If you fail to ratify the selection, our Board of Directors and the Audit Committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, our Board of Directors and the Audit Committee in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of our company and our stockholders.

The affirmative vote of the holders of a majority of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote will be required to ratify the selection of Ernst & Young LLP.

Independent Registered Public Accounting Firm Fee Information

The following table sets forth the aggregate fees billed to us by our independent registered public accounting firm, Ernst & Young LLP, for 2004 and 2003:

	Years Ended December 31,	
	2004	2003
	(In thousands)	
Audit Fees(1)	\$ 290	\$ 458
Audit-Related Fees		
Tax Fees(2)	77	45
All Other Fees		
Total Fees	\$ 367	\$ 503

(1) Includes fees for the audit of our annual financial statements for 2004 and 2003 included in our annual reports on Form 10-K, the review of our interim period financial statements for 2004 and 2003 included in our quarterly reports on Form 10-Q and Form S-1 and related services that are normally provided in connection with regulatory filings or engagements. In 2004, audit fees also included fees incurred for the audits of management's assessment of the effectiveness of internal controls over financial reporting and the effectiveness of internal control over financial reporting.

(2) Consists of fees for tax compliance services of approximately \$16,000 and \$10,000 in 2004 and 2003, respectively, and fees for tax advice and tax planning services of approximately \$61,000 and \$35,000 in 2004 and 2003, respectively.

Audit Committee Policy Regarding Pre-Approval of Audit and Permissible Non-Audit Services of Our Independent Registered Public Accounting Firm

Our Audit Committee has established a policy that generally requires that all audit and permissible non-audit services provided by our independent registered public accounting firm will be pre-approved by the

Table of Contents

Audit Committee. The Audit Committee has delegated pre-approval authority to its Chairman when expedition of services is necessary. These services may include audit services, audit-related services, tax services and other services. The Audit Committee considers whether the provision of each non-audit service is compatible with maintaining the independence of our registered public accounting firm. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. Our independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

Our Board of Directors unanimously recommends a vote FOR the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2005.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Under Section 16(a) of the Securities Exchange Act of 1934, as amended, directors, officers and beneficial owners of ten percent or more of our common stock (Reporting Persons) are required to report to the Securities and Exchange Commission on a timely basis the initiation of their status as a Reporting Person and any changes regarding their beneficial ownership of our common stock. Based solely on our review of such forms received and the written representations of our Reporting Persons, we have determined that no Reporting Person known to us was delinquent with respect to their reporting obligations as set forth in Section 16(a) of the Exchange Act.

STOCKHOLDER PROPOSALS

Proposals of stockholders intended to be presented at our Annual Meeting of Stockholders to be held in 2006 must be received by us no later than December 29, 2005, which is 120 days prior to the first anniversary of the mailing date of the proxy, in order to be included in our proxy statement and form of proxy relating to that meeting. These proposals must comply with the requirements as to form and substance established by the Securities and Exchange Commission for such proposals in order to be included in the proxy statement. Under our Amended and Restated Bylaws, a stockholder who wishes to make a proposal at the 2006 Annual Meeting, unless such proposal is submitted in accordance with the Securities and Exchange Commission rules described above, must notify us no earlier than February 14, 2006 and no later than March 16, 2006 unless the date of the 2006 Annual Meeting is more than 30 days before or more than 60 days after the one-year anniversary of the 2005 annual meeting. If the stockholder gives notice in accordance with the terms of the Amended and Restated Bylaws, and such proposal is included in the proxy statement, then in certain circumstances the persons named as proxies in the proxies solicited by the Board of Directors for the 2006 Annual Meeting may exercise discretionary voting power regarding any such proposal.

ANNUAL REPORT

Our Annual Report for the fiscal year ended December 31, 2004 will be mailed to stockholders of record as of April 18, 2005. Our Annual Report does not constitute, and should not be considered, a part of this Proxy.

Any person who was a beneficial owner of our common stock on the Record Date may request a copy of our Annual Report, and it will be furnished without charge upon receipt of a written request identifying the person so requesting a report as a stockholder of our company at such date. Requests should be directed to CancerVax Corporation, 2110 Rutherford Road, Carlsbad, California 92008, Attention: Investor Relations.
