This proxy statement is being furnished by the Board of Directors of Gray Television, Inc., a Georgia corporation (which we refer to as Gray, we, us or our), to the holders of our common stock, no par value per share, and our Class A common stock, no par value per share, in connection with the solicitation of proxies by the Board of Directors for use at the 2009 Annual Meeting of Shareholders (the 2009 Annual Meeting) to be held at The Peachtree Insurance Center, The Executive Board Room, 5th Floor, 4370 Peachtree Road, N.E., Atlanta, Georgia 30319, on Wednesday, June 10, 2009, at 9:30 a.m, local time, and at any adjournments or postponements thereof. Distribution of this proxy statement and a proxy card to shareholders is scheduled to begin on or about April 24, 2009.

A proxy delivered pursuant to this solicitation is revocable at the option of the person giving the same at any time before it is exercised. A proxy may be revoked, prior to its exercise, by signing and delivering a later dated proxy card, by submitting a later dated vote by Internet or by telephone, by delivering written notice of the revocation of the proxy to our Secretary prior to the 2009 Annual Meeting, or by attending and voting at the 2009 Annual Meeting. Attendance at the 2009 Annual Meeting, in and of itself, will not constitute revocation of a proxy. Unless previously revoked, the shares represented by the enclosed proxy will be voted in accordance with the shareholder's directions if the proxy is duly submitted prior to the 2009 Annual Meeting.

If no directions are specified, the shares will be voted **FOR** the election of the director nominees recommended by the Board of Directors, **FOR** the approval of the amendment to our Employee Stock Purchase Plan (the ESPP) and in accordance with the discretion of the named proxies on other matters properly brought before the 2009 Annual Meeting.

The expenses associated with this proxy statement and soliciting the proxies sought hereby will be borne by us. In addition to the use of the mail, proxies may be solicited by our officers, directors and regular employees, who will not receive additional compensation therefore, in person or by telephone or other means of communication. We also will request brokerage firms, banks, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of the common stock and the Class A common stock as of the record date for the 2009 Annual Meeting and will provide reimbursement for the cost of forwarding the proxy materials in accordance with customary practice. VOTING REQUIREMENTS

Record Date and Voting Rights

Our Board of Directors has fixed the close of business on April 9, 2009 as the record date for determining holders of the common stock and the Class A common stock entitled to notice of, and to vote at, the 2009 Annual Meeting. Only holders of record of the common stock and/or the Class A common stock on that date will be entitled to notice of, and to vote at, the 2009 Annual Meeting. Shareholders of record may vote by either:

attending the 2009 Annual Meeting;

the Internet at <http://www.proxyvote.com>;

the telephone at 1-800-690-6903 as directed on the enclosed proxy card; or

completing and mailing the enclosed proxy card.

Instructions for voting are included on the enclosed proxy card.

The following information can be found at <http://www.proxyvote.com>:

Notice of Annual Meeting;

Proxy Statement;

2008 Annual Report on Form 10-K; and

Form of Proxy.

As of the record date, April 9, 2009, 42,850,019 shares of the common stock and 5,753,020 shares of the Class A common stock were outstanding. Each share of the common stock is entitled to one vote and each share of the Class A common stock is entitled to ten votes. The total number of possible votes is 100,380,219. A number of votes equal to or greater than a majority of possible votes, or 50,190,111 votes (including abstentions and broker non-votes), will constitute a quorum. No business may be transacted at the 2009 Annual Meeting without a quorum. Abstentions and broker non-votes (where a broker submits a proxy but does not have discretionary authority to vote a customer's shares on such proposal when specific instructions are not received) will be counted as present for purposes of determining a quorum.

Required Vote

With respect to the election of the director nominees, a majority of the votes is not required; instead, the director nominees will be elected by a plurality of the votes cast, which means that the eleven nominees receiving the most votes will be elected. Votes withheld from any nominee, if a quorum is present, will have no effect on the outcome of voting for directors. Abstentions and broker non-votes will not be counted as votes cast and, therefore will have no effect on the outcome of the election of directors.

With respect to the proposal to approve the amendment to the ESPP, the approval of a majority of the votes cast by the holders of the common stock and the Class A common stock, voting together as a single class, is required; provided however, that the total votes cast on this proposal must represent over 50% of the total number of votes entitled to be cast by the holders of all of the outstanding shares of the common stock and the Class A common stock, voting together as a single class. Abstentions and broker non-votes will not be counted as votes cast and, therefore will have no effect on the outcome of the

Table of Contents

approval of the amendment to the ESPP, assuming at least 50% of the total shares entitled to vote are cast.

The holders of the common stock and the Class A common stock are not entitled to appraisal rights under Georgia law with respect to the proposals set forth in this proxy statement.

**PROPOSAL NUMBER 1
ELECTION OF DIRECTORS**

CORPORATE GOVERNANCE

We are in compliance with the New York Stock Exchange (the "NYSE") corporate governance rules, which were adopted in connection with the Sarbanes-Oxley Act of 2002. We have adopted a Code of Ethics that applies to all of our directors, executive officers and employees. If any waiver of this Code is granted, the waiver will be disclosed in a Securities and Exchange Commission (the "SEC") filing on Form 8-K. Our Code of Ethics and the written charters of our Audit Committee and our Management Personnel Committee, which acts as our Nominating and Corporate Governance Committee and Compensation Committee under separate charters, as well as our Corporate Governance Principles, are available under the heading "Governance Documents" in the "Corporate Governance" section of our website at www.gray.tv. All such information is also available in print to any shareholder upon request by telephone at (404) 266-8333.

After considering all applicable regulatory requirements and assessing the materiality of each director's relationship with us, our Board of Directors has affirmatively determined that all of our directors are independent in accordance with Sections 303A.02(a) and (b) of the NYSE listing standards and the standards set forth in the Internal Revenue Code ("IRC") and the Securities Exchange Act of 1934, as amended (the "Exchange Act"), except for: Mr. Robinson, due to his family relationships with Mrs. Robinson and Mr. Howell; Mr. Prather, due to his status as an executive officer; Mr. Howell, due to his status as an executive officer; and Mrs. Robinson, due to her family relationships with Mr. Robinson and Mr. Howell. Consequently, our Board of Directors has determined that seven of our eleven directors are independent in accordance with the listing standards of the NYSE and the standards set forth in the IRC and the Exchange Act.

Gray encourages interested party communication with its Board of Directors. Any interested party who wishes to communicate with the Board of Directors or with any particular director, including

Table of Contents

any independent director, may send a letter to our Secretary, Robert A. Beizer, Secretary, 1750 K Street, NW, Suite 1200, Washington, D.C., 20006 which communications will be forwarded to the Board of Directors by the Secretary. Any communication should indicate that you are an interested party and clearly specify that such communication is intended to be made to the entire Board of Directors or to one or more particular directors.

The Board of Directors has adopted a policy that all directors on the Board of Directors are expected to attend annual meetings of the shareholders. All the members of our Board of Directors attended the 2008 Annual Meeting of Shareholders except Zell B. Miller.

The Board of Directors held five meetings during 2008. During 2008, each of the directors attended all of the meetings of the board and meetings of all committees of the board on which such directors served.

In accordance with Section 303A.03 of the NYSE listing standards, the independent non-management directors met in executive session five times during 2008 (after every scheduled meeting). As Dr. Mayher is the Chairman of the full Board, he also serves as Chairman of the executive sessions. With respect to potential transactions with related parties required to be disclosed pursuant to Item 404 (a) of Regulation S-K of the Securities and Exchange Commission (SEC), the Audit Committee must review and approve such transactions in advance after full disclosure of the nature and extent of the related party's interest in any such transaction.

BOARD COMMITTEES AND MEMBERSHIP

Our Board of Directors has an Executive Committee. The Executive Committee has and may exercise all of the lawful authority of the full Board of Directors in the management and direction of our affairs, except as otherwise provided by law or as otherwise directed by the Board of Directors. All actions by the Executive Committee are subject to revision and alteration by the Board of Directors, provided that no rights of third parties shall be affected by any such revision or alteration. The Executive Committee did not meet during 2008. The members of the Executive Committee are Messrs. Howell, Mayher (as Chairman) and Prather.

Our Board of Directors has an Audit Committee, the purpose of which is to review and evaluate the results and scope of the audit and other services provided by our independent registered public accounting firm, as well as our accounting policies and system of internal accounting controls, and to review and approve any transactions between us and our directors, officers or significant shareholders. The Audit Committee is governed by a written Audit Committee Charter, which was approved and adopted in its current form by the Board of Directors in February 2004 and can be found on our corporate website at www.gray.tv. The Audit Committee held four meetings during 2008. The members of the Audit Committee are Messrs. Boger, Elder, Mayher and Newton (as Chairman). The Board of Directors has affirmatively determined that T.L. (Gene) Elder is an audit committee financial expert as that term is defined under applicable SEC rules. The Board of Directors has determined that all members of the Audit Committee are independent in accordance with NYSE and the SEC rules governing audit committee member independence. The report of the Audit Committee is set forth in this Proxy Statement under the heading Report of Audit Committee.

Our Board of Directors has a Management Personnel Committee that functions as both the Compensation Committee and the Nomination and Corporate Governance Committee. The Management Personnel Committee has adopted separate written charters to govern its activities as the Compensation

Table of Contents

Committee and the Nominating and Corporate Governance Committee, respectively, current copies of which are available on our corporate website at www.gray.tv. As the Compensation Committee, the Management Personnel Committee makes recommendations with respect to executive salaries, bonuses and compensation. The Management Personnel Committee held three meetings in 2008, during which meetings it performed the functions of both the Compensation Committee and Nominating and Corporate Governance Committees. Its members are Messrs. Deaver (as Chairman), Mayher, Miller and Norton. The Board of Directors has affirmatively determined that all members of the Management Personnel Committee are independent in accordance with NYSE, SEC and IRC rules governing independence. The report of the Management Personnel Committee is set forth in this Proxy Statement under the heading Report of Management Personnel Committee.

In making its determinations with respect to executive compensation, the Management Personnel Committee has not historically engaged the services of a compensation consultant. However, the Management Personnel Committee has the authority to retain any outside advisors who it deems necessary in order to assist the committee in carrying out its responsibilities.

In addition to acting as our Compensation Committee, the Management Personnel Committee also acts as our Nominating and Corporate Governance Committee. In this function, the committee assists the Board of Directors in fulfilling its responsibilities to shareholders by identifying and screening individuals qualified to become our directors, recommending candidates to the Board of Directors for all directorships, evaluating the set of corporate governance principles and guidelines applicable to us that the Board of Directors has adopted, and overseeing the evaluation of the Board of Directors and management. In recommending candidates to the Board of Directors for nomination as directors, the Management Personnel Committee considers such factors as it deems appropriate, consistent with its charter, including but not limited to judgment, skills, diversity, integrity and experience. The committee does not assign a particular weight to these individual factors. Rather, the committee looks for a unit of factors that, when considered along with the experience and credentials of the other candidates and existing directors, will provide shareholders with a diverse and experienced Board of Directors. Historically, we have not used a recruiting firm to assist with this process.

The Management Personnel Committee will consider recommendations for director nominees submitted by shareholders. The Management Personnel Committee's evaluation of candidates recommended by our shareholders does not differ materially from its evaluation of candidates recommended from other sources. Shareholders wishing to recommend director candidates for consideration by the Management Personnel Committee may do so by writing to our Secretary, giving the candidate's name, biographical data, qualifications and all other information that is required to be disclosed under the applicable rules and regulations of the SEC. The foregoing information should be forwarded to the Nominating and Corporate Governance Committee, c/o Robert A. Beizer, Secretary, 1750 K Street, NW, Suite 1200, Washington, D.C., 20006.

Our Board of Directors has a 2007 Long Term Incentive Plan Committee, the purpose of which is to make recommendations concerning grants of stock options, awards and grants under the 2007 Long Term Incentive Plan, the Gray Television, Inc. Directors' Restricted Stock Plan (the Directors' Restricted Stock Plan) and the ESPP and is the committee designated to administer the ESPP. The 2007 Long Term Incentive Plan Committee held two meetings in 2008, and its members are Messrs. Deaver, Mayher, Miller and Norton (as Chairman) all of which are non-employee directors under applicable SEC rules.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Management Personnel Committee.

The Management Personnel Committee of the Board of Directors serves as our Compensation Committee and administers our executive compensation program and has the overall responsibility for approving and evaluating director and officer compensation plans, policies and programs. The Management Personnel Committee, in its capacity as the Compensation Committee, approves the compensation of each of our executive officers and all television station General Managers and establishes the compensation of our Board of Directors. The Management Personnel Committee consists of four members of our Board of Directors, Messrs. Deaver, Mayher, Miller and Norton. The Board of Directors has affirmatively determined that all members of the Management Personnel Committee are independent in accordance with NYSE, SEC and IRC rules governing independence.

Compensation Philosophy and Policy.

Generally, we strive to establish compensation practices and provide compensation opportunities that attract, retain and reward our executives and strengthen the mutuality of interests between our executives and our shareholders in order to motivate them to maximize shareholder value. We believe that the most effective executive compensation program is one that is conservative, yet competitive, and which aligns long-term compensation to the creation of shareholder value.

The goals of our executive compensation program for 2008 were to retain, motivate and reward our executive officers. To achieve such goals, we relied primarily on salaries and other compensation for each of our executive officers. The Management Personnel Committee's policy for determining an executive's salary, bonus and stock option grants was based on the position and responsibility of such executive, his impact on the operations and profitability of Gray and the knowledge and experience of such executive.

Under current policy, our Chief Executive Officer, with input from our President and Chief Operating Officer, recommends the annual compensation level, including bonuses, for all officers (including himself) of Gray and its subsidiaries to the Management Personnel Committee for its review and approval. Once the Management Personnel Committee has completed its review, has made any adjustments to the recommended compensation it deems appropriate and has approved the annual compensation levels for our officers, it reports to the Board of Directors.

Elements of the Company's Compensation Program.

Our compensation program for our named executive officers is designed to provide our executive officers with a combination of cash (guaranteed and incentive-based) and equity-based compensation to align the officers' interests with the shareholders. The executive compensation program primarily consists of the following elements:

base salary;

cash bonuses; and

long-term incentive compensation including incentive stock options and other equity-based awards.

Table of Contents

The Management Personnel Committee has not established a policy for allocating between the different forms of compensation. Instead, the Management Personnel Committee strives to achieve an appropriate mix between the different forms of compensation in order to (i) motivate the named executive officers to deliver superior performance in the short-term by providing competitive base salaries and annual incentive cash bonuses, (ii) align the interests of the named executive officers with the long-term interests of the shareholders through the grant of equity-based compensation and (iii) provide an overall compensation package that promotes executive retention.

Process for Establishing Executive Compensation.

We do not have employment agreements with any of the named executive officers to form the primary basis for these officers' compensation.

Our Chief Executive Officer, with input from our President and Chief Operating Officer, annually reviews the performance of each of the other named executive officers and makes recommendations to the Management Personnel Committee regarding compensation for the other named executive officers. Based upon the recommendations made by the Chief Executive Officer, the Management Personnel Committee then determines the amount of compensation for all named executive officers.

Although we believe that the compensation structure is similar to that of other comparable companies, we did not specifically compare such structure with that of other companies with respect to 2008 compensation. Rather, the Management Personnel Committee compared salaries and bonuses of our executive officers for the last five years, compared stock price performance, compared history of accomplishments in 2008, compared net operating profit and operating profit margins and arrived at what it considered adequate and competitive compensation.

In determining whether to grant annual cash bonuses, incentive stock options, or other awards, the Management Personnel Committee considers each named executive officer's performance and contribution to our profits and business plan objectives. When measuring an executive officer's individual contribution and performance, the Management Personnel Committee examines these factors, as well as qualitative factors that necessarily involve a subjective judgment by the Management Personnel Committee. In making such subjective determination, the Management Personnel Committee does not base its determination on any single performance factor nor does it assign relative weights to factors, but considers a mix of factors, including evaluations of superiors, and evaluates an individual's performance against such mix in absolute terms in relation to other executive officers at Gray.

Compensation for our Chief Executive Officer and our President and Chief Operating Officer is established in the same manner as our other executive officers. The Management Personnel Committee considers suggestions as to such compensation made by those individuals along with the Management Personnel Committee's goals of providing a compensation program that is equitable in a competitive marketplace, encourages achievement of strategic objectives and creation of shareholder value, and recognizes and rewards individual achievements. These factors are considered as a group, without particular weight given any single factor, and are necessarily subjective in nature.

Table of Contents

The following discussion of executive compensation includes information about our named executive officers who are listed in the following table:

Name	Exec. Officer Since	Age	Position
Hilton H. Howell, Jr.	2000	47	Vice Chairman and Chief Executive Officer
J. Mack Robinson	1996	85	Chairman Emeritus
Robert S. Prather, Jr.	1996	64	President and Chief Operating Officer
James C. Ryan	1998	48	Senior Vice President and Chief Financial Officer
Robert A. Beizer	1996	69	Vice President for Law and Development and Secretary

Base Salary.

The annual base salary component of our executive compensation program provides each named executive officer with a fixed minimum amount of annual cash compensation. Salaries for the named executive officers are generally subject to annual review and adjustment by the Management Personnel Committee. Adjustments are considered and made by taking into account adjustments suggested by our Chief Executive Officer and our President and Chief Operating Officer and by weighing those suggestions against past base salaries and other subjective criteria, such as an individual's past and expected performance and contributions to our business and other factors discussed above.

The following table sets forth the 2008 base salaries paid by us to each of our named executive officers:

Name	Salary
Hilton H. Howell, Jr. (1)	\$250,000
J. Mack Robinson	\$400,000
Robert S. Prather, Jr.	\$950,000
James C. Ryan	\$350,000
Robert A. Beizer	\$320,000

(1) Mr. Howell's annual base salary was \$125,000 from January 1, 2008 until August 2008 when he became Gray's Chief Executive Officer and his annual base salary was increased to \$250,000.

Cash Bonus.

Historically, we have provided cash bonus awards to certain of our senior employees, including all of the named executive officers. The cash bonuses serve as an annual short-term incentive program designed to recognize and reward employees who make significant contributions towards achieving the annual business plan.

Cash bonuses are contingent upon operating results and the achievement of certain financial performance objectives. An executive's annual bonus is based on a percentage of his annual base salary. These considerations are subjective in nature and the Management Personnel Committee does not assign

Table of Contents

relative weights thereto. Whether or not a bonus is in fact earned by an executive is linked to the attainment, by us as a whole or for the business unit in which such executive has operating responsibility, of predetermined operating profit targets based on budgeted operating revenues (which is an objective analysis) and the individual's contribution to us or the business unit (which is a subjective analysis).

Except for the named executive officers, substantially all current employees are eligible for annual cash bonuses if certain performance targets, set by management, are met. The Management Personnel Committee meets during the first quarter of each year once adequate financial and other performance data from the prior fiscal year becomes available for review and determines the amount of bonuses for the named executive officers. We pay the bonuses in the first quarter. The employee has to be employed by us on the date of payment in order to receive payment of the bonus.

For 2008, we did not pay bonuses to our named executive officers due to the general economic downturn which resulted in lower than expected revenues.

Long-Term Incentive Compensation.

In order to align the interests of our executives and other key management personnel responsible for our growth with the interests of our shareholders, we have established the 2007 Long Term Incentive Plan, which provides for equity-based awards. It is our practice to grant options with an exercise price equal to the closing price of our Class A common stock and/or our common stock on the date of grant. The decision to issue options and other awards begins with our Chief Executive Officer and our President and Chief Operating Officer suggesting that an award is appropriate, and the Management Personnel Committee then considers the suggestion. In 2008, we did issue stock options to the named executive officers under the 2007 Long Term Incentive Plan. The stock options are listed in the Grants of Plan-Based Awards in 2008 table.

In deciding whether or not to grant an option to an individual and in determining the number of shares subject to an option so granted, as well as the terms of other incentive awards, the Management Personnel Committee takes into account subjective considerations, including the level of such executive's position and the individual's contribution to our objectives.

Type, vesting and other characteristics of awards within the Management Personnel Committee's discretion are determined on a case by case basis taking into consideration the suggestion of our Chief Executive Officer and our President and Chief Operating Officer, as well as the subjective criteria discussed above.

Capital Accumulation (401(k)) Plan.

We currently sponsor the Gray Television, Inc. Capital Accumulation Plan (the Capital Accumulation Plan) to encourage eligible employees to defer a part of their current income to provide for their retirement, death or disability under the provisions of Section 401(k) of the IRC. The plan covers all of our employees. Under the Capital Accumulation Plan, participants may elect to make pre-tax savings deferrals from their compensation each year, subject to annual limits on such deferrals imposed by the IRC. We may also, at our discretion, on an annual basis, make a matching contribution with respect to a participant's elective deferrals and/or may make additional voluntary contributions. For the year ended December 31, 2008, we matched 50% of each employee's contribution up to 6% of such employee's gross pay. Participants are immediately vested in their voluntary contributions plus the actual earnings thereon. Employer contributions and earnings thereon become 100% vested after the participant completes three years of service. The only form of benefit payment under the Capital

Table of Contents

Accumulation Plan is a single lump-sum payment equal to the vested balance in the participant's account. The vested portion of a participant's accrued benefit is payable upon such employee's termination of employment, attainment of age 59 1/2, retirement, total and permanent disability or death. Participants may also make in-service withdrawals from their pre-tax contributions under the plan for certain specified instances of hardship.

Income Deduction Limitations.

Section 162(m) of the IRC generally sets a limit of \$1 million on the amount of compensation that we may deduct for federal income tax purposes in any given year with respect to the compensation of each of the named executive officers. However, certain performance-based compensation that complies with the requirements of Section 162(m) is not included in the calculation of the \$1 million cap. The Management Personnel Committee has historically had a general policy of structuring performance-based compensation arrangements for its executive officers whose compensation might exceed the \$1 million cap in a way that will satisfy Section 162(m)'s conditions for deductibility, to the extent feasible and after taking into account all relevant considerations. However, we also need flexibility to pursue our incentive and retention objectives, even if this means that a portion of executive compensation may not be deductible by us. Accordingly, the Management Personnel Committee may, from time to time, approve elements of compensation for certain officers that are not fully deductible, under appropriate circumstances.

Employee Stock Purchase Plan (ESPP).

We offer an ESPP to eligible employees (including the named executive officers) to provide eligible employees (including the named executive officers) with an opportunity to purchase our common stock through payroll deductions as a means of purchasing our common stock as a long-term investment.

Gray Pension Plan

The Pension Benefits in 2008 table describes the general terms of the Gray Television, Inc. Retirement Plan (Pension Plan) in which the named executive officers participate, the years of credited service, and the present value of each executive's accumulated pension benefit, assuming payment begins at age 65, or has already begun for Mr. Robinson (currently age 85). In the event of death before retirement, 50% of the accrued benefit will become payable to the surviving spouse at the time the deceased participant would have reached age 65. If the deceased participant had completed ten or more years of service, the survivor benefit may commence as early as the time the deceased participant would have reached age 55. If the deceased participant would have been eligible for early retirement at the time of death, survivor benefits may commence as soon as practicable. Any benefits that commence before the deceased participant would have reached age 65 will be reduced the same as early retirement benefits would have been reduced. In the event a disability occurs before retirement, the accrued benefit will become payable at age 65. No break in service will occur, and benefits will continue to accrue during disability. In the event of voluntary termination, the vested accrued benefit will become payable at age 65. If the participant had completed ten or more years of service, the benefit may commence as early as age 55. If the participant had completed less than five years of credited service, the accrued benefit is not vested, and no future benefits would be payable from the Pension Plan.

stock in their capacities as directors.

Dividends are paid on all shares of restricted stock despite any vesting schedule and in a manner consistent with all other outstanding common shares.

- (2) Represents the amount of expense recognized by us, in accordance with SFAS123(R), associated with the ESPP for each named officer in 2008, 2007 and 2006, respectively. The ESPP is intended to qualify as an employee stock purchase plan under Section 423 of the IRC and to provide our eligible employees with an opportunity to purchase our common stock through payroll deductions. The price per share at which shares of common stock may be purchased under the ESPP during 2008, 2007 and 2006 was 85% of the fair market value of the common stock on the last day of the purchase period.

(3)

contribution of our common stock. Employee contributions to the Capital Accumulation Plan, up to 6% of the employees' gross pay, are matched by our contributions. Our percentage match amount is declared by our Board of Directors before the beginning of each plan year and is made by a contribution of our common stock. Our percentage match was 50% during the years ended December 31, 2008, 2007 and 2006. Our matching contributions vest, based upon each employee's number of years of service, over a period not to exceed five years. In addition to our matching contributions, we authorized voluntary contributions for 2007 and 2006 for active participants in the Capital

Accumulation Plan. These voluntary contributions were equal to 1% of each active participant's earnings for 2007 and 2006. Contributions and vesting for the named executive officers are the same as for all other eligible employees.

Table of Contents**Pension Benefits in 2008**

The following table sets forth information on the pension benefits for the named executive officers under the Pension Plan, which is a plan, intended to be tax qualified, for certain of its employees and the employees of all of its subsidiaries that have been designated as participating companies under the plan. A participating employee who retires on or after attaining age 65 and who has completed five years of service upon retirement may be eligible to receive during his lifetime, in the form of monthly payments, an annual pension equal to (i) 22% of the employee's average earnings for the highest five consecutive years during the employee's final ten years of employment multiplied by a factor, the numerator of which is the employee's years of service credited under the plan before 1994 and the denominator of which is the greater of 25 or the years of service credited under the plan, plus (ii) 0.9% of the employee's monthly average earnings for the highest five consecutive years in the employee's final ten years of employment added to 0.6% of monthly average earnings in excess of Social Security covered compensation, multiplied by the employee's years of service credited under the plan after 1993, with a maximum of 25 years minus years of service credited under (i) above. For participants as of December 31, 1993, there is a minimum benefit equal to the projected benefit under (i) at that time. The following table shows the years of credited service, present value of accumulated benefits and benefit payments received (if any) during 2008, for the named executive officers:

Table of Contents**Potential Payments Upon Termination or Change in Control**

As described in Compensation Discussion and Analysis, the named executive officers do not have employment agreements nor agreements with us which provide severance in the event of a change in control except to the extent that the 2007 Long Term Incentive Plan, the Director's Restricted Stock Plan, the Pension Plan and the Capital Accumulation Plan contain such provisions that are applicable to all participants. The information below describes and quantifies certain compensation that would become payable under existing plans and arrangements if the named executive's employment had terminated (by virtue of death, disability or otherwise), or there had been a change in control, on December 31, 2008, given the named executive officer's compensation and service levels as of such date and, if applicable, based on our closing stock price on that date. These benefits are in addition to benefits available generally to salaried employees, such as distributions under the Pension Plan, Capital Accumulation Plan, disability benefits, life insurance and accrued vacation pay. Finally, following his retirement in August 2008, we entered into a consulting agreement with Mr. Robinson, under which he will receive annual compensation of \$400,000 beginning as of January 1, 2009; however, Gray will review this arrangement with Mr. Robinson at the end of one year to determine whether to extend, alter or terminate the arrangement.

For the purposes of this discussion, disability generally means total disability, resulting in the grantee being unable to perform his job, and change of control means any of the following: (1) any person becomes the beneficial owner of 45% or more of the combined voting power of our then outstanding shares; (2) during any period of two consecutive years, individuals who at the beginning of such period constitute the Board of Directors cease for any reason to constitute at least a majority thereof, unless the election of such new directors was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period; (3) there is consummated any consolidation or acquisition in which we are not the continuing or surviving corporation or pursuant to which shares of our common stock are converted into cash, securities or other property; (4) there is consummated any consolidation or acquisition of us, in which we are the continuing corporation, in which the holders of our common stock immediately prior to the acquisition do not own 51% percent or more of the stock of the surviving corporation immediately after the acquisition; (5) there is consummated any sale, lease, exchange or other transfer of substantially all our assets; or (6) our shareholders approve any plan or proposal for our liquidation or dissolution.

Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the timing during the year of any such event or our stock price. Mr. Robinson is the only named executive officer who was eligible to receive immediate benefits under the Gray Pension Plan as of December 31, 2008, which benefits are described previously in the Pension Benefits in 2008 table.

If one of the named executive officers were to die or become disabled, or if there were to be a change in control, any unexercisable stock options granted before the date of that event would become exercisable and remain exercisable until the later of one year from the date of death or the expiration date of the grant.

The Director's Restricted Stock Plan provides that any remaining restrictions on awards of restricted stock generally lapse upon the death or disability of the named executive officer, and in the event of a change of control, all shares of restricted stock will become immediately and fully transferable, and all periods of restriction will expire and the 2007 Long Term Incentive Plan Committee, which administers the Restricted Stock Plan, will be deemed to waive any forfeiture provisions provided

Table of Contents

with respect to any award. As of December 31, 2008, the named executive officers did not hold any option awards with intrinsic value (that is, their options had an exercise price in excess of our common stock price) that were exercisable or would have become exercisable or vested if the named executive officer had died or become disabled, or if there had been a change of control, based upon the closing price of our common stock on such date.

Director Compensation

The current compensation and benefit program for directors is designed to fairly pay directors for time and effort required to be an effective director of a company of our size and scope; to align directors' interests with the long-term interests of shareowners; and to be simple, transparent and easy for shareholders to understand. Our directors' compensation for 2008 included the following compensation elements:

Description	Amount (\$)
Chairman of the Board's annual retainer fee	40,000
Director's annual retainer fee	35,000
Chairman of the Board fee per board meeting	4,000
Director's fee per board meeting	3,000
Audit Committee chairman fee per committee meeting	4,000
Audit Committee member fee per committee meeting	3,500
Other Committee chairman fee per committee meeting	3,000
Other Committee member fee per committee meeting	3,000

Directors are paid the above fee arrangement for participation in person or by telephone in any meeting of the Board of Directors or any committee thereof.

In addition, we adopted the Directors' Restricted Stock Plan in 2003. Pursuant to that plan, we may grant our directors restricted shares of our common stock that vest over five years in equal annual increments. Under the Directors' Restricted Stock Plan, a maximum of 10,000 restricted shares of common stock may be granted to each director in any calendar year.

reporting purposes with respect to the 2008 fiscal year for the fair value of restricted stock granted in 2008 as well as prior fiscal years, in accordance with SFAS 123(R). Fair value is calculated using the closing price of our common stock on the date of grant. The differences in the amounts shown among members of the Board of Directors largely reflect length of service. Mr. Prather's stock awards compensation also includes current year expense, in accordance with SFAS 123(R), recognized by us related to grants of 160,000 shares of restricted stock granted in 2006, which were granted to him as a senior executive. As of December 31, 2008, only employee directors held stock options and those

options are described in the Outstanding Equity Awards at December 31, 2008 table and the Summary Compensation Table.

December 31, 2007, adjusted for benefit payments made during the year. The present value of accumulated benefits at December 31, 2008 was calculated using the assumptions that were used for the December 31, 2008 financial statement disclosures, which were the 1983 Group Annuity Mortality Table, separately for males and females, and a 5.79% interest discount. The present value of accumulated benefits at December 31, 2007 was calculated using the assumptions that were used for the December 31, 2007 financial statement disclosures, which were the 1983 Group Annuity Mortality Table, separately for males and females, and a 6.10% interest

discount. See the Pension Benefits in 2008 table for additional information, including the present value assumptions used in this calculation.

- (4) Represents all other compensation earned by the named director. For Mr. Robinson, Mr. Howell and Mr. Prather refer to the All Other Compensation Table, with the exception of directors fees, which are reported separately in this Director Compensation in 2008 table. For the remaining directors, the amount reported represents dividends earned in 2008 by each director on the number of shares of restricted stock originally granted to them by us.

The members of our Board of Directors are reimbursed for reasonable travel expenses incurred by them during the execution of their duties as members of our Board of Directors and any committees. These expenses include but are not limited to mileage, hotel rooms, meals and air transportation.

The Management Personnel Committee, acting in its capacity as the Compensation Committee, has reviewed and discussed the Compensation Discussion and Analysis contained in this Proxy Statement with management and, based on such review and discussion, the Management Personnel Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included herein and in Gray's Annual Report on Form 10-K for the year ended December 31, 2008.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Deaver, Mayher, Miller and Norton are the members of the Management Personnel Committee, which serves as our Compensation Committee. No member of the Management Personnel Committee was an employee or officer of Gray or any of its subsidiaries during 2008 or was formerly an officer of Gray or any of its subsidiaries, except that Mr. Deaver served as Gray's Regional Vice President-Texas from October 1999 until his retirement in December 2001. He was the President and General Manager of KWTX Broadcasting Company and President of Brazos Broadcasting Company from November 1997 until their acquisition by Gray in October 1999. No compensation committee

interlocks existed during 2008.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We obtain certain liability, umbrella and workers compensation insurance coverages through Insurance Associates of Georgia, an insurance agency that is owned by a son-in-law of Hugh E. Norton, one of our directors. During 2008, in connection with these coverages, Insurance Associates of Georgia retained commissions of \$156,861 paid to it by the various insurance companies providing insurance to us and paid \$98,906 of such commissions to Norco Holdings, Inc., an insurance agency, of which Mr. Norton is President and which is owned by Mr. Norton's wife and daughter. The board has reviewed these arrangements and has determined that, notwithstanding these payments, Mr. Norton is independent in accordance with Section 303A.02(b) of the NYSE listing standards and the standards set forth in the IRC and the Exchange Act as further explained under the heading Corporate Governance.

For the year ended December 31, 2008, we made payments to Georgia Casualty and Surety Co. in the amount of \$183,000 for insurance services provided. Hilton H. Howell, Jr., our Vice Chairman and Chief Executive Officer, and his affiliates have an ownership interest in Atlantic American Corporation, a publicly traded company, which was the parent company of Georgia Casualty and Surety Co. During 2008, Georgia Casualty and Surety Co. was sold to a party that is not related to Gray.

In December 2008, Gray entered into a consulting contract with Mr. Robinson in which he agrees to consult and advise Gray with respect to its television stations and all related matters in connection with various proposed or existing television stations. In return for his services, Mr. Robinson will receive annual compensation of \$400,000 beginning as of January 1, 2009; however, Gray will review this arrangement with Mr. Robinson at the end of one year to determine whether to extend, alter or terminate the arrangement. Mr. Robinson served as Gray's Chief Executive Officer until his resignation in August 2008 and he continues to serve as a member of Gray's Board of Directors and as Chairman Emeritus. This consulting contract is filed as Exhibit 10.9 to our Annual Report as filed on Form 10-K.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the directors, executive officers and persons who own more than ten percent of a registered class of a company's equity securities to file with the SEC initial reports of ownership (Form 3) and reports of changes in ownership (Forms 4 and 5) of such class of equity securities. Such officers, directors and greater than ten percent shareholders of a company are required by SEC regulations to furnish the company with copies of all such Section 16(a) reports that they file.

To our knowledge, based solely on our review of the copies of such reports filed with the SEC during the year ended December 31, 2008, all Section 16(a) filing requirements applicable to our officers, directors and ten percent beneficial owners were met, except that ten percent shareholder Highland Capital Management, LP failed to timely file four Form 4 reports for a total of eight transactions; director Robert S. Prather, Jr. failed to timely report one transaction on Form 4; director J. Mack Robinson failed to timely report one transaction on Form 4; and director Harriet J. Robinson failed to timely report one transaction on Form 4.

REPORT OF AUDIT COMMITTEE

The following Report of the Audit Committee, together with references in this Proxy Statement to the independence of the Audit Committee members and the Audit Committee Charter, does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing by Gray under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent Gray specifically incorporates this Report by reference therein.

The Audit Committee of our Board of Directors is comprised of four directors who are independent and financially literate in accordance with the NYSE listing standards and the SEC rules regarding audit committees. In addition, the Board of Directors has determined that T. L. Elder is an audit committee financial expert as defined by applicable SEC rules. In accordance with its written charter, which was approved and adopted in its current form by our Board of Directors in February 2004, the Audit Committee assists our Board of Directors in the oversight of the quality and integrity of the accounting, auditing and financial reporting practices of Gray. In addition, the Audit Committee has the authority to select our independent registered public accounting firm. Gray's Audit Committee Charter prohibits a member of the Audit Committee from serving on more than three public company audit committees.

Management has primary responsibility for Gray's financial statements and the overall reporting process, including Gray's system of internal controls. McGladrey & Pullen, LLP, our independent registered public accounting firm, audits the annual consolidated financial statements prepared by management and expresses an opinion on whether those statements fairly present, in all material respects, our financial position, results of operations, and cash flows in conformity with accounting principles generally accepted in the United States of America. The Audit Committee has reviewed our audited consolidated financial statements for the year ended December 31, 2008 and discussed them with both management and McGladrey & Pullen, LLP.

Management is responsible for establishing, assessing and reporting on Gray's system of internal control over financial reporting. McGladrey & Pullen, LLP is responsible for performing an independent audit of Gray's internal control over financial reporting and to issue a report thereon. The Audit Committee is responsible for the monitoring and oversight of this process. In connection with these responsibilities, the Audit Committee met with management and McGladrey & Pullen, LLP to review and discuss the effectiveness of Gray's internal controls over financial reporting.

The Audit Committee has also discussed with McGladrey & Pullen, LLP the matters required to be discussed by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, issued by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Audit Committee has received and reviewed the written disclosures and the letter from McGladrey & Pullen, LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, issued by the Independence Standards Board, and has discussed and confirmed with McGladrey & Pullen, LLP its independence with respect to Gray. In addition, the Audit Committee has considered whether the provision of the non-audit services provided by McGladrey & Pullen, LLP is compatible with maintaining that independence.

Based upon this review, the Audit Committee recommended to the full Board of Directors that our audited consolidated financial statements be included in Gray's Annual Report on Form 10-K for the year ended December 31, 2008 and filed with the SEC.

A representative of McGladrey & Pullen, LLP is expected to be present at the 2009 Annual Meeting, will have the opportunity to make a statement, if he or she desires to do so, and will be available to respond to appropriate questions. concluded that the provision of such services was compatible with the maintenance of McGladrey & Pullen, LLP's independence in the conduct of its auditing functions.

In accordance with its written charter, the Audit Committee reviews and discusses with McGladrey & Pullen, LLP, on a periodic basis, any disclosed relationships or services that may impact the objectivity and independence of the independent registered public accounting firm and pre-approves all audit and permitted non-audit services (including the fees and terms thereof) to be performed for us by our independent registered public accounting firm.

**PROPOSAL NUMBER 2
AMENDMENT OF GRAY'S ESPP**

Our Board of Directors has approved and recommends that the shareholders approve an amendment to increase by 600,000 the number of shares of our common stock reserved for issuance under Gray's ESPP, resulting in a total of 1,100,000 shares available for issue under the plan. Under the plan approved by our shareholders in May 2003, a total of 500,000 shares of our common stock were reserved for issuance. As of April 9, 2009, this increase represents approximately 1.4% of our outstanding common stock. In the event the shareholders fail to approve the amendment to the ESPP, the plan will continue in operation pursuant to its terms with no change to the number of shares authorized for issuance thereunder.

The Board of Directors has determined that it is advisable to increase the maximum number of shares of our common stock available for issuance under the ESPP in response to the current price per share of our common stock and to facilitate our ability to continue to utilize the plan. We believe that the ESPP assists us in attracting and retaining skilled personnel by providing employees of Gray with an opportunity to purchase our common stock through payroll deductions.

A summary of the ESPP appears below.

Our Board of Directors unanimously recommends that you vote FOR approval of the amendment to the ESPP to increase the number of shares available for issuance under the plan.

Summary of the Employee Stock Purchase Plan

Administration. The ESPP will be administered by the 2007 Long Term Incentive Plan Committee of Gray's Board of Directors (the LTIP Committee), which will have the authority to administer the plan and to resolve all questions relating to the administration of the plan.

Shares Available for Issuance. As originally approved by our shareholders in May 2003, a total of 500,000 shares of our common stock were reserved for issuance under the plan. As amended, the ESPP would provide for the issuance of an additional 600,000 shares of our common stock, for an aggregate of 1,100,000 shares reserved for issuance under the plan and available for purchase, subject to adjustment in the event of a stock split, stock dividend or other similar change in the common stock or the capital structure of Gray.

Eligibility. All full-time employees of Gray and its subsidiaries with at least one year of service are eligible to participate in the ESPP. Non-employee directors and certain five percent shareholders of Gray are not eligible to participate. As of April 9, 2009, the majority of Gray's full-time employees would be eligible to participate in the ESPP.

Table of Contents

Offering Period. The ESPP designates purchase periods, accrual periods and exercise dates. Purchase periods are monthly successive periods that begin on the first day of each month and end on the last day of each month.

Purchase Price. On the first day of each purchase period, a participating employee is granted a purchase right which is a form of option to be automatically exercised on the last day of the purchase period (the exercise date). During a purchase period, deductions are to be made from the pay of participants in accordance with their authorizations and credited to their accounts under the ESPP. When the purchase right is exercised, the participant's withheld salary is used to purchase shares of common stock under the plan. The price per share at which shares of the common stock may be purchased under the ESPP during any purchase period (the option price) is 85% of the fair market value of the common stock on the exercise date (i.e., the last day of the purchase period). The LTIP Committee has the discretion to establish a different option price for a purchase period, provided that such option price will not be less than 85% of the fair market value of the common stock on the exercise date.

Payment of Purchase Price; Payroll Deductions. Payroll deductions shall be in whole percentage increments of a participant's regular base pay, plus commissions paid, overtime, bonuses or shift-premiums, exclusive of income from stock options or stock purchases thereunder or imputed fringe benefit income. Purchases by a participant in any calendar year are limited to common stock with a fair market value (determined as of the date of purchase) of \$25,000. Additional limitations on the amount of the common stock that may be purchased under the ESPP during any calendar year are imposed by the IRC.

Under the terms of the ESPP, a participant may not sell or dispose of any common stock purchased through the plan unless the participant has held such stock for a period of no less than three months. However, in order to obtain more favorable tax treatment, participants will be required to hold such stock for a longer period of time. See *United States Federal Income Tax Consequences* below for further discussion.

Adjustments and Amendments of the Plan. Adjustments in the ESPP will be made to reflect stock dividends, recapitalizations and similar events. Subject to any applicable shareholder approval requirements, including any shareholder approval requirements under Section 423 of the IRC, the LTIP Committee may amend the ESPP at any time. The ESPP will not be subject to any of the requirements of the Employee Retirement Income Security Act of 1974, as amended. The ESPP is not, nor is it intended to be, qualified under Section 401(a) of the IRC.

United States Federal Income Tax Consequences

The following is a brief summary of the United States federal income tax consequences to U.S. participants and Gray with respect to the shares purchased under the ESPP. The summary does not purport to be complete and does not discuss any FICA, FUTA or estate and gift tax consequences nor does it discuss any tax consequences arising under the laws of any state or local jurisdiction or non-U.S. jurisdiction.

The ESPP is intended to qualify as an employee stock purchase plan within the meaning of Section 423 of the IRC. Under a plan which so qualifies, a participant recognizes no taxable income upon either the grant or the exercise of purchase rights. The participant will not recognize taxable income until there is a disposition of the shares acquired under the ESPP. For purposes of this summary,

Table of Contents

a disposition includes any transfer of the shares other than certain transfers at death, certain tax-free exchanges, or a mere pledge or hypothecation.

The tax treatment of a disposition of shares acquired under the ESPP will depend on whether the tax holding period requirements are satisfied. Generally, these requirements are satisfied if a participant does not dispose of shares acquired in a given purchase period within two years after the granting of the option to purchase such shares and within one year after the purchase of such shares.

If a participant disposes of shares before the tax holding period requirements are satisfied with respect to such shares, then the participant will recognize ordinary income at the time of such disposition equal to the fair market value of such shares on the date of purchase minus the purchase price. Any additional gain or loss in excess of this amount will be treated as capital gain or loss.

If a participant disposes of shares after the tax holding period requirements are satisfied with respect to such shares, or if the participant dies while owning such shares, then the participant will recognize ordinary income in the year of disposition equal to the lesser of (i) the excess of the fair market value of such shares at the time the option to purchase was granted over the option price of such shares (computed as of the grant date), or (ii) the excess of the fair market value of such shares at the time of the disposition, or the participant's death, over the purchase price of such shares. Any additional gain or loss upon the disposition will be long-term capital gain or loss.

Gray is generally not allowed any deductions upon either the grant or exercise of the purchase rights. If the tax holding period requirements are not satisfied with respect to the disposition of any shares acquired under the ESPP, then Gray will be entitled to a tax deduction in the year of such disposition equal to the amount of ordinary income recognized by the participant as a result of such disposition. In all other cases, Gray is entitled to no deduction.

Participation in the Plan

Participation in the ESPP is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases under the ESPP are not determinable. In addition, because benefits under the ESPP will depend on the fair market value of our common stock at various future dates, it is not possible to determine at this time the benefits that will be received by employees if the amendment is approved by the shareholders.

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION**

The following table gives information about the common stock and Class A common stock that may be issued upon the exercise of options, warrants and rights under all existing equity compensation plans as of December 31, 2008.

Equity Compensation Plan Information

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (in thousands)	Weighted average exercise price of outstanding options warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in 1st column) (in thousands)
Common Stock:			
Equity compensation plans approved by security holders (1)	1,949	\$ 8.31	4,665
Equity compensation plans not approved by security holders		\$	
Total	1,949		4,665
Class A Common Stock:			
Equity compensation plans approved by security holders (1)		\$	1,000
Equity compensation plans not approved by security holders		\$	
Total			1,000

(1) Includes securities available for future issuance under the 2007 Long Term Incentive Plan. The 2007 Long Term Incentive Plan allows us to grant

share-based awards for a total of 6.0 million shares of stock with not more than 1.0 million of the total 6.0 million shares as Class A common stock and the remaining shares as common stock. The number of securities available for future issuance assumes 1.0 million shares are available for Class A common stock and 6.0 million shares are available for common stock. If any shares of Class A common stock are awarded, this will reduce the number of shares of common stock available for issuance.
