METATEC INTERNATIONAL, INC.

PROXY STATEMENT

GENERAL

This Proxy Statement is being furnished to the holders of common shares, without par value, of the Company ("Metatec Shares") in connection with the solicitation of proxies by the Board of Directors of the Company to be used at the Company's Annual Meeting of Shareholders. The Annual Meeting will be held at the Company's principal executive offices located at 7001 Metatec Boulevard, Dublin, Ohio 43017, on Tuesday, May 15, 2001, at 1:00 p.m., local time, for the

Edgar Filing: METATEC INTERNATIONAL INC - Form DEF 14A

purposes set forth on the accompanying Notice of Annual Meeting.

The approximate date on which this Proxy Statement and the form of proxy will be first sent to shareholders is April 13, 2001.

PROXIES AND VOTING

The close of business on March 20, 2001, has been fixed as the record date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. On the record date, 6,136,113 Metatec Shares were outstanding and entitled to vote. Each Metatec Share is entitled to one vote.

All Metatec Shares represented by properly executed proxies will be voted at the Annual Meeting in accordance with the choices indicated on the proxy. If no choices are indicated on a proxy, the Metatec Shares represented by that proxy will be voted in favor of the nominees for election as Class II directors. Any proxy may be revoked at any time prior to its exercise by delivering to the Company a subsequently dated proxy or by giving notice of revocation to the Company in writing or in open meeting. A shareholder's presence at the Annual Meeting will not by itself revoke the proxy. Abstentions will not be counted in determining the votes cast for the election of directors and will not have a positive or negative effect on the outcome of the election. If your Metatec Shares are held in street name, you will need to instruct your broker regarding how to vote your Metatec Shares. If you do not provide your broker with voting instructions regarding the election of directors, your broker will nevertheless have discretion to vote your Metatec Shares for the election of directors. There are certain matters, however, over which your broker will not have discretion to vote your Metatec Shares without your instructions--these situations are referred to as "broker non-votes". If such a matter comes before the Annual Meeting (which is not anticipated), your Metatec Shares will not be voted on that matter. Abstentions, but not broker non-votes, will be considered as Metatec Shares present and entitled to vote at the Annual Meeting and will be counted for purposes of determining whether a quorum is present.

Shareholders do not have the right to cumulate their votes in electing directors, and the nominees who receive the highest number of votes will be elected.

ELECTION OF DIRECTORS

The number of directors currently is fixed at nine. The Board of Directors is divided into three classes, Class I, Class II, and Class III, with three directors in each class. The directors in each class are elected to three-year terms. The terms of office of one class of directors expire each year at the annual meeting of shareholders and at such time as their successors are duly elected and qualified. The term of office of the Class II directors expires concurrently with the holding of the Annual Meeting, and the three incumbent directors in Class II have been nominated for re-election. There is a vacancy in each of the Class I and Class III directors.

At the Annual Meeting, it is the intention of the persons named in the accompanying form of proxy, unless a contrary position is indicated on such proxy, to vote the proxy for the election of the three nominees named in the following table as Class II directors, each to hold office until the 2004 annual meeting of shareholders and until a successor is elected and qualified. In the event that any nominee named below as a Class II director is unable to serve (which is not anticipated), the persons named in the proxy may vote for another nominee of their choice.

exercise all of the authority of the Board of Directors between its meetings, did not meet during 2000. The members of the Compensation Committee are Jerry D. Miller, Joseph F. Keeler, Jr., and James V. Pickett. The Compensation Committee, which is responsible for administering the Company's stock option plans and which may exercise the authority of the Board of Directors with respect to the compensation of employees of the Company, held one meeting and took action three by written consent during 2000. The members of the Audit Committee are David P. Lauer, Joseph F. Keeler, James V. Pickett and Daniel D. Viren. The Audit Committee, which is responsible for recommending the appointment of the independent auditors, reviewing with the independent auditors the annual audit of the Company's accounts by the independent auditors, and all related matters, along with other activities undertaken by such committee, held three meetings during 2000. See also "Executive Compensation--Compensation Committee Report on Executive Compensation" and "Report of Audit Committee" included elsewhere in this Proxy Statement.

The Board of Directors has no standing nominating committee or committee performing similar functions.

COMPENSATION OF DIRECTORS

Employee directors receive no additional compensation for service on the Board of Directors or its committees. Directors of the Company who are not also employees of the Company receive a fee of \$1,500 per board meeting and a quarterly retainer of \$1,500. In addition, directors of the Company who are not officers or employees of the Company do not receive any additional compensation for committee meetings attended, with the exception of members of the Audit Committee. Each member of the Audit Committee receives an annual fee of \$2,000 for serving on that committee, and the Chairman of the Audit Committee receives an annual fee of \$4,000 for chairing that committee. The Company has a directors deferred compensation plan pursuant to which directors may defer all or a portion of their director fees.

Directors of the Company who are not officers or employees of the Company or any of its subsidiaries currently receive stock options pursuant to the Company's 1999 Directors Stock Option Plan. Under this plan, immediately following each annual meeting of shareholders of the Company, each eligible director is automatically granted an option to purchase 5,000 Metatec Shares. These options are fully vested at the time of grant and must be exercised within five years of the grant date. In addition, each new director is automatically granted an option, on a one-time basis, to purchase 10,000 Metatec Shares. These one-time options have five-year terms and vest in equal annual installments over a four-year period. All options are granted at an exercise price equal to the fair market value of the Metatec Shares on the last trading day prior to the annual meeting relating to the date of grant.

(1) Mr. Wilkins' bonus was paid pursuant to his employment agreement with the Company. For 1999 and 1998, bonuses to the other named executive officers were earned pursuant to the Company's Open Book Management Plan. Under this plan, executives and employees (called "associates" at the Company) share a portion of the Company's pre-tax income each year. The amount of pre-tax income shared by executives and employees depends upon the Company's actual performance for the year relative to its targeted pre-tax income for that year. Individual financial awards are based upon the number of points earned under the plan by the executive or employee during the year.

(2) For Mr. Tarplin, other annual compensation includes a \$35,000 cost of living bonus paid in 2000 and a \$50,000 signing bonus paid in 1999. Amounts listed under other annual compensation for Mr. Haynor include commissions paid for the years 1998, 1999, and 2000.

(3) This column sets forth the number of Metatec Shares subject to options granted during the indicated year pursuant to the Company's 1990 Stock Option Plan.

- (3) The dollar amounts under the 5% and 10% columns are the result of calculations required by the rules of the Securities and Exchange Commission. Although permitted by these rules, the Company did not use an alternate formula for a grant date valuation because the Company is

not aware of a formula that would determine with reasonable accuracy a present value based on future unknown factors.

EMPLOYMENT AGREEMENT WITH MR. WILKINS

The Company and Mr. Wilkins are parties to an Amended and Restated Employment Agreement, as amended (the "Employment Agreement"), pursuant to which Mr. Wilkins is serving as Chairman of the Board and Chief Executive Office of the Company. The Employment Agreement continues until terminated by the parties. The Employment Agreement may be terminated by the Company for "Cause" (defined as dishonesty constituting a felony) or because of Mr. Wilkins' "Long-Term

Edgar Filing: METATEC INTERNATIONAL INC - Form DEF 14A

Disability." The Employment Agreement may also be

-9-

12

terminated by Mr. Wilkins for "Good Reason" (defined as any material reduction in authority, title, or responsibility, any reduction in compensation or benefits or any assignment of additional duties) or by either party upon at least one year's notice. Mr. Wilkins' current annual base salary is \$450,000. Mr. Wilkins is also entitled to receive fringe benefits, as determined by the Board of Directors, of the type which are typically provided to chief executive officers of similarly situated companies, and an annual incentive bonus (payable in quarterly installments, calculated on a cumulative basis) equal to a specified percentage of the net pre-tax profit of the Company (calculated without consideration of any such bonuses paid or payable to Mr. Wilkins). Mr. Wilkins did not receive a bonus in 2000 under this incentive bonus calculation. For calendar year 2001, Mr. Wilkins will be entitled to receive an amount equal to three percent of the net pre-tax profit of the Company for that year, up to a maximum of \$7.5 million of net pre-tax profit, and two and one-half percent of the net pre-tax profit, if any, in excess of \$7.5 million. For calendar year 2002 and thereafter, Mr. Wilkins will be entitled to receive an amount equal to two and one-half percent of the net pre-tax profit of the Company. Upon termination of the Employment Agreement, unless the termination is by the Company for Cause or unless the termination is a voluntary termination by Mr. Wilkins without Good Reason, Mr. Wilkins is entitled to receive a single payment equal to his full annual salary in effect at the time. Mr. Wilkins is entitled to continue to receive the incentive bonuses for the three calendar years of the Company ending after the date of his termination and is also entitled to receive group life and group health insurance coverage for the one-year period following the date of his termination.

The Company has the option to purchase all of Mr. Wilkins' Metatec Shares at fair market value upon Mr. Wilkins' death or Long-Term Disability or upon his voluntary termination other than Good Reason or upon the Company's termination for Cause. For a period of three years after termination of his employment, Mr. Wilkins is prohibited from competing against the Company unless he is terminated by the Company without Cause or he voluntarily resigns for Good Reason.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Company's Compensation Committee are Joseph F. Keeler, Jr., Jerry D. Miller and James V. Pickett. Until May 1993, prior to his appointment to the Compensation Committee, Mr. Miller served as President of the Company. There are no interlocking relationships between any executive officers of the Company and any entity whose directors or executive officers serve on the Company's Board of Directors or the Compensation Committee.

-10-

13

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors regularly reviews executive compensation policies and levels and evaluates the performance of management in the context of the Company's performance. The Compensation Committee is composed entirely of independent outside directors. The Compensation Committee believes that the Company's compensation policy must be designed to attract, retain, reward, and motivate highly qualified individuals to manage the Company to meet corporate growth and earnings objectives and to maximize shareholder value. The Company's compensation policy has three primary components, which are described below.

Base Salary. The primary component of executive compensation is an

Edgar Filing: METATEC INTERNATIONAL INC - Form DEF 14A

annual base salary. In establishing the amount of an executive officer's annual base salary (other than the chief executive officer), the Compensation Committee reviews a recommendation made by the Company's chief executive officer and considers other factors as well, including the position held by the executive officer, his or her accomplishments during the year, his or her level of responsibility and experience, and the relationship of the executive officer's salary to the salaries of other managers and associates of the Company. After considering these factors, the Compensation Committee subjectively determines the amount of each executive officer's annual base salary.

The annual base salary of Mr. Wilkins, the Company's chairman, president, and chief executive officer, is paid pursuant to his employment agreement with the Company. The Board of Directors and its Compensation Committee each has the authority to increase Mr. Wilkins' annual base salary. In 2000, Mr. Wilkins' base salary was \$450,000, the same base salary he received in 1999.

Annual Incentive. A second component of executive compensation is the sharing by executives and all employees (called "associates" at the Company) on an annual basis of a predetermined portion of the Company's pre-tax income under the Company's Open Book Management Plan. The amount of pre-tax income shared by executives and associates depends upon the Company's actual performance for the year relative to its targeted pre-tax income for that year. The Open Book Management Plan--which uses a point system to determine individual financial rewards--is designed to give associates a stake in the outcome of the Company's business.

Mr. Wilkins does not participate in the Open Book Management Plan. Instead, under his employment agreement with the Company, Mr. Wilkins receives an annual incentive bonus in addition to his base salary. The amount of this annual incentive bonus (which is payable in quarterly installments, calculated on a cumulative basis) is equal to a specified percentage of the net pre-tax profit of the Company (calculated without consideration of any such bonuses paid or payable to Mr. Wilkins). Mr. Wilkins did not receive an incentive bonus in either 1999 or 2000 under this incentive bonus calculation. For calendar year 2001, Mr. Wilkins will be entitled to receive an amount equal to three percent of the net pre-tax profit of the Company, up to a maximum of \$7.5 million of net pre-tax profit, and two and one-half percent of the net pre-tax

-11-

14

profit, if any, in excess of \$7.5 million. For calendar year 2002 and thereafter, Mr. Wilkins will be entitled to receive an amount equal to two and one-half percent of the net pre-tax profit of the Company.

Long-Term Stock Incentives. Stock options form the third component of executive compensation. The Company's 1990 Stock Option Plan is designed to align a portion of the executive and key associates compensation package with the long-term interests of shareholders. All options are granted by the Compensation Committee, whose members are not eligible to participate in this Plan. The Company's associates are granted options in amounts subjectively determined by the Compensation Committee to be appropriate given the relative positions and responsibilities of the associates.

The Compensation Committee did not grant any options to Mr. Wilkins in 2000.

Joseph F. Keeler, Jr.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors, and greater than 10% shareholders are required by the Securities and Exchange Commission's regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such forms furnished to the Company, the Company believes that during 2000 all Section 16(a) filing requirements applicable to its officers and directors were complied with by such persons except as follows: (i) Jeffrey M. Wilkins, Chairman of the Board, President, and Chief Executive Officer of the Company, failed to timely report the acquisition of 4,000 Metatec Shares by a trust which is for the benefit of one of Mr. Wilkins' grandchildren, of which Mr. Wilkins is the trustee, and the disposition in 1997 of 100 Metatec Shares owned by a trust for the benefit of one of Mr. Wilkins' children, of which Mr. Wilkins was the trustee, in connection with the termination of such trust; (ii) A. Grant Bowen, a former director of the Company, failed to timely report the acquisition of 5,000 Metatec Shares acquired on May 8, 2000.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors assists the Board in fulfilling its oversight responsibilities for the quality and integrity of the accounting, auditing, and reporting practices of the Company. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K for the Company's 2000 fiscal year with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The current members of the Audit Committee are David P. Lauer, its Chairman, Joseph F. Keeler, Jr., James V. Pickett, and Daniel D. Viren. A. Grant Bowen, who retired from the Company's Board of Directors in February 2001, served as Chairman of the Audit Committee throughout 2000. Mr. Lauer has served on the Audit Committee since February 27, 2001.

The full responsibilities of the Audit Committee are set forth in its charter, which is reviewed and amended periodically by the Board of Directors. A copy of the Audit Committee Charter is attach to this Proxy Statement as Appendix A. All members of the Audit Committee are independent directors as defined by the rules and regulations of Nasdaq, with the exception of Daniel D. Viren, who served as the Company's Senior Vice President and Chief Financial Officer from July 1999 to June 2000. The Company's Audit Committee Charter permits the Board of Directors to appoint one non-independent director to the Audit Committee under exceptional and limited circumstances. In appointing Mr. Viren to the Audit Committee, the Board of Directors considered his extensive experience in dealing with financial statements and audit matters outside the scope of his employment with the Company and believed that his membership on the Audit Committee was in the best interests of the Company and its shareholders. The Committee held three meetings during the 2000 fiscal year, and each member of the Audit Committee attended at least 75% of the meetings.

Edgar Filing: METATEC INTERNATIONAL INC - Form DEF 14A

In fulfilling its responsibilities, the Audit Committee recommended to the Board of Directors (and the Board has approved) the selection of Deloitte & Touche LLP as the Company's independent auditors for the 2001 fiscal year. Among other things, the Audit Committee:

- o Discussed and considered the independence of Deloitte & Touche LLP, including reviewing as necessary all relationships and services which might bear on the objectivity of the auditor;
- o Received written affirmation that the auditor is in fact independent;
- o Discussed the overall audit process, including receiving and reviewing the Company's financial statements and related reports; and

-14-

17

- o Provided to the independent auditors full access to the Audit Committee (and the Board of Directors to report on any and all matters appropriate.

The Audit Committee also met with selected members of management and the auditors to review financial statements (including quarterly reports) discussing such matters as the quality of earnings; estimates, reserves and accruals; suitability of accounting principles; highly judgmental areas; and audit adjustments whether or not recorded. In addition, the Audit Committee considered the quality and adequacy of the Company's internal controls and the status of pending litigation, taxation matters and other areas of oversight to the financial reporting and audit process that the committee felt appropriate.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. Management's responsibility for financial reporting and the report and opinion of Deloitte & Touch LLP are filed separately in the Company's Annual Report on Form 10-K for the 2000 fiscal year and should be read in conjunction with this report and any review of the audited financial statements.

Based upon its work and the information received in the inquiries outlined above, the Audit Committee is satisfied that its responsibilities under the charter for the period ending December 31, 2000, were met and that the financial reporting and audit processes of the Company are functioning effectively. Furthermore, in reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the 2000 fiscal year for filing with the Securities and Exchange Commission.

METATEC INTERNATIONAL, INC.

Audit Committee Charter

I. PURPOSE

The primary function of the Audit Committee (the "Committee") of the Board of Directors (the "Board") of Metatec International, Inc. (the "Company") is to assist the Board in fulfilling its oversight responsibilities by reviewing:

1. The financial reports and other financial information provided by the Company to any governmental bodies or the public;
2. The Company's systems of internal controls regarding finance, accounting, and legal compliance that management and the Board have established; and
3. The Company's auditing, accounting and financial reporting processes generally.

Consistent with this function, the Committee should encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. The Committee's primary duties and responsibilities are to:

1. Serve as an independent and objective party to monitor the Company's financial reporting process and internal control system.
2. Review and appraise the audit efforts of the Company's independent accountants.
3. Provide an open avenue of communication among the independent accountants, financial and senior management, and the Board.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Those functions are the responsibility of management and the independent accountants. Nor is it the duty of the Committee to conduct investigations, to resolve disagreements, if any, between management and the independent accountants, or to assure compliance with laws, regulations, or the Company's organizational documents, policies or procedures.

-17-

20

II. COMPOSITION

The Committee shall be comprised of three or more directors as determined by the Board, each of whom shall be an independent director. "Independent director" means a person other than an officer or employee of the Company or its subsidiaries or any other individual having a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The following persons shall not be considered independent:

1. A director who is employed by the Company or any of its affiliates for

Edgar Filing: METATEC INTERNATIONAL INC - Form DEF 14A

the current year or any of the past three years;

2. A director who accepts any compensation from the Company or any of its affiliates in excess of \$60,000 during the previous fiscal year, other than compensation for board service, benefits under a tax-qualified retirement plan, or non-discretionary compensation;
3. A director who is a member of the immediate family of an individual who is, or has been in any of the past three years, employed by the Company or any of its affiliates as an executive officer. Immediate family includes a person's spouse, parents, children, siblings, mother-in-law, father-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, and anyone who resides in such person's home;
4. A director who is a partner in, or a controlling shareholder or an executive officer of, any for-profit business organization to which the Company made, or from which the Company received, payments (other than those arising solely from investments in the Company's securities) that exceed 5% of the Company's or business organization's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the past three years; or
5. A director who is employed as an executive of another entity where any of the Company's executives serve on that entity's compensation committee.

Notwithstanding the foregoing, one director who is not independent as defined above, and is not a current employee of the Company or an immediate family member of any such employee, may be appointed to the Committee if the Board, under exceptional and limited circumstances, determines that membership on the Committee by the individual is required by the best interests of the Company and its shareholders.

All members of the Committee shall be financially literate, with a working familiarity with basic finance and accounting practices and the ability to read and understand fundamental financial statements. At least one member of the Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background which results in that member's financial sophistication, including being or having been a chief executive officer, chief financial officer, or other senior officer of a corporation with financial oversight responsibilities.

-18-

21

Unless a Chairman of the Audit Committee is designated by the Board, the members of the Committee may designate a Chairman by majority vote of the full Committee membership.

III. MEETINGS

The Committee shall meet at least four times annually, prior to the Company's quarterly earnings releases, either in person or by conference call, or more frequently as circumstances dictate, as determined by the Board or the Committee. As part of its job to foster open communication, the Committee shall meet at least annually with management and the independent accountants in separate executive sessions to discuss any matters that the Committee or either of such groups believe should be discussed privately. In addition, the Committee or at least its Chairman shall meet, in person or by conference call, with the independent accountants and management quarterly to review the Company's financial statements.

Edgar Filing: METATEC INTERNATIONAL INC - Form DEF 14A

The Chairman of the Committee or his designee from the Committee may represent the entire Committee for purposes of this review and such review by the Chairman shall qualify as a meeting of the Committee for purposes of this Charter.

Independent Accountants

4. Recommend to the Board the selection of the independent accountants, considering independence and effectiveness, and review and approve the fees and other compensation to be paid to the independent accountants. In addition, the Committee shall ensure that the independent accountants submit, on a periodic basis, a formal written statement delineating all relationships between the independent accountants and the Company, actively engage in a dialogue with the independent accountants with respect to any disclosed relationships or services that may affect the independent accountants' objectivity and independence, and, as necessary, recommend that the Board take

5. Review the performance of the independent accountants and recommend or approve any proposed discharge of the independent accountants when circumstances warrant. As such, the Board and the Committee shall have ultimate authority and responsibility to select, evaluate, and, when appropriate, replace the independent accountants.
6. Periodically consult with the independent accountants out of the presence of management about internal controls and the fullness and accuracy of the Company's financial statements.

 12. Review any significant disagreement among management and the independent accountants in connection with the preparation of the financial statements.
 13. Review with the independent accountants and management the extent to which changes or improvements in financial or accounting practices, as approved by the Committee, have been implemented.
