ANTHONY & SYLVAN POOLS CORPORATION AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(1) BASIS OF PRESENTATION

Anthony & Sylvan Pools Corporation and Subsidiaries (the "Company") is among the largest residential in-ground concrete pool sales and installation businesses in the United States and operates in one business segment.

(2) INTERIM UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The accompanying condensed consolidated balance sheet as of September 30, 2002 and statements of income and cash flows for the three-month and nine-month periods ended September 30, 2002 and 2001 are unaudited. In the opinion of management, these interim unaudited

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

condensed consolidated financial statements have been prepared on the same basis as the audited financial statements for the year ended December 31, 2001, except for the adoption of SFAS 142 as further described in note 8, and include all adjustments, consisting of only normal and recurring adjustments, necessary for the fair presentation of the interim period. The disclosures in the notes related to these interim unaudited condensed consolidated financial statements are also unaudited. The unaudited condensed consolidated statements of income for the three-month and nine-month period ended September 30, 2002 are not necessarily indicative of the results to be expected for the full year. Financial statements should be read in conjunction with the audited financial statements included in the annual report on Form 10-K.

(3) EARNINGS PER SHARE

Basic earnings per share is computed by dividing net income by the weighted average number of common shares outstanding. Diluted earnings per share is based on the combined weighted average number of shares outstanding including the assumed exercise or conversion of options. The treasury stock method is used in computing diluted earnings per share. The calculations are as follows (in thousands except per share data):

	THREE-MONTHS ENDED SEPTEMBER 30, 2002 2001		NINE-MONTHS ENDED SEPTEMBER 30, 2002 2001	
	-----		-----

Diluted	\$ 0.03 =====	\$ 0.32 =====	\$ 0.06 =====	\$ 0.51 =====

(4) RESTRUCTURING CHARGE

In September 2002, the Company made a decision to close its swimming pool installation divisions in the Orlando and Southeastern Florida markets. As a result, the Company recorded a \$1,170,000 pre-tax restructuring reserve in the three-months ended September 30, 2002, which is included in accrued expenses in the accompanying condensed consolidated balance sheet. The charge consists of approximately \$113,000 of severance costs, \$913,000 of future lease obligations, and \$144,000 of other exit costs. Cash payments of approximately \$34,000 for employee severance costs were made and charged against the reserve for the quarter ended September 30, 2002. The Company expects to pay the majority of the future cash outlays to satisfy this liability in the fourth quarter of 2002, with the possible exception of certain lease or lease termination payments which may extend beyond that date.

In addition to the restructuring charge, those divisions had combined operating losses of \$800,000 and \$500,000 for the three-months ended September 30, 2002 and 2001, respectively, and operating losses of \$2,600,000 and \$1,500,000 for the nine-months ended September 30, 2002 and 2001, respectively. In addition to the restructuring charge, the company expects to incur additional operating losses of between \$1,000,000 and \$1,400,000 during the fourth quarter of 2002 related to the wind-down of operations. It is expected that the wind-down will, for the most part, be completed by December 31, 2002. At that time those operations will be accounted for as discontinued.

(5) CAPITAL STOCK

On May 1, 2002, the Board of Directors authorized a 10% stock dividend to be distributed on or about May 30, 2002 to shareholders of record on May 16, 2002. The unaudited condensed consolidated financial statements have been retroactively restated to reflect the number of shares outstanding following the dividend.

On May 8, 2002, the Company purchased a block of approximately 337,000 shares of its common stock in a private transaction for approximately \$2.4 million.

On October 24, 2002, the Board of Directors authorized a 10% stock dividend to be distributed on or about November 29, 2002 to shareholders of record on November 15, 2002. The unaudited condensed consolidated financial statements shown in this report have not been retroactively restated to reflect the number of shares outstanding following the dividend.

(6) DEBT

The company has a \$35 million revolving credit facility ("Credit Facility") with a group of banks secured by the assets of the Company which matures August 10, 2004. The Company's borrowing capacity and interest rates under the Credit Facility are based on its profitability and leverage. Interest is charged at increments over either Prime or Libor rates. In addition a 37.5 basis points commitment fee is payable on the total amount of the unused commitment. As of September 30, 2002, there were no outstanding borrowings under the Credit Facility and the available borrowings were \$5.6 million. The Company is in compliance with all of its debt covenants under the Credit Facility.

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

(7) LITIGATION

Certain claims, suits and complaints arising in the ordinary course of business have been filed or are pending against the Company. In the opinion of management, the results of all such matters will not have a material adverse effect on the Company's financial position, results of operations or liquidity.

(8) NEW ACCOUNTING STANDARDS

The Company adopted Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets," effective January 1, 2002. Upon

7

adoption, the Company ceased to amortize \$26.3 million of goodwill. It had recorded \$553,000 of amortization of goodwill in the nine-months ended September 30, 2001 and \$185,000 in the three-months ended September 30, 2001 and would have recorded similar amounts of amortization in 2002. Excluding any goodwill amortization in the nine-months ended September 30, 2001 would have increased the reported net income to \$3,113,000 or \$0.59 per diluted share for the nine-month period ended September 30, 2001, and to \$1,801,000 or \$0.34 per diluted share, in the three-month period ended September 30, 2001.

In lieu of amortization, the Company was required to perform an initial impairment review of goodwill as of January 1, 2002. This initial impairment review was completed during the first quarter of 2002. Based on the results of the review, management does not believe any impairment of goodwill exists.

On January 1, 2002, the Company adopted Statement No. 144, "Accounting for the Impairment of Long-Lived Assets." This Statement which supersedes Statement No. 121, "Accounting for the Impairment of Long-Lived Assets to be Disposed of," provides a single accounting model for long-lived assets to be disposed of. Although retaining many of the fundamental recognition and measurement provisions of Statement No. 121, the Statement significantly changes the criteria that would have to be met to classify an asset as held-for-sale. The distinction is important because assets held-for-sale are stated at the lower of their fair values or carrying amounts and depreciation is no longer recognized. On September 12, 2002 the Company announced that it would be closing its swimming pool installation divisions in the Orlando and Southeastern Florida markets. A \$1,170,000 restructuring charge, related to exit costs, which will be incurred as a result of these closures, was recorded during the three-months ended September 30, 2002. The wind-down of these operations is expected to be substantially completed by December 31, 2002. At that time these operations will be accounted for as discontinued in accordance with the guidance contained in Statement No. 144. The adoption of Statement No. 144 did not have a significant impact on the consolidated financial position, results of operations or cash flows of the Company.

In July 2002, the FASB issued SFAS 146, Accounting for Costs Associated with Exit or Disposal Activities. It addresses issues regarding the recognition, measurement, and reporting of costs that are

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

associated with exit and disposal activities, including restructuring activities that are currently accounted for pursuant to the guidance that the Emerging Issues Task Force (EITF) set forth in EITF Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." Examples of costs covered by the standard include lease termination costs and certain employee severance costs that are associated with a restructuring, discontinued operation, plant closing, or other exit or disposal activity. SFAS 146 is scheduled to replace Issue 94-3 on January 1, 2003 for exit or disposal activities that are initiated after December 31, 2002. The Company has not yet adopted SFAS 146 and does not expect the adoption of SFAS 146 to have a material impact on its results of operations or financial position.

8

INDEPENDENT ACCOUNTANTS' REVIEW REPORT

To the Board of Directors and Shareholders of
Anthony & Sylvan Pools Corporation and subsidiaries

We have reviewed the accompanying condensed consolidated balance sheet of Anthony & Sylvan Pools Corporation and subsidiaries (the "Company") as of September 30, 2002, and the related condensed consolidated statements of income and cash flows for the three-month and nine-month periods ended September 30, 2002. These condensed consolidated financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying condensed consolidated financial statements referred to above for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the consolidated balance sheet of Anthony & Sylvan Pools Corporation and subsidiaries as of December 31, 2001, and the related consolidated statements of income, shareholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated February 15, 2002 we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2001, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

As discussed in Note 8 to the condensed consolidated financial statements, the Company changed its method of accounting for goodwill effective January 1, 2002.

KPMG LLP

October 24, 2002
Cleveland, Ohio

9

ITEM 2. MANAGEMENT DISCUSSION AND ANALYSIS

CRITICAL ACCOUNTING POLICIES

The Company's discussion and analysis of its financial condition and results of operations are based upon the Company's consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The Company believes the following critical accounting policies affect its more significant estimates and assumptions used in the preparation of its consolidated financial statements.

REVENUE RECOGNITION Revenue from pool installation contracts is recognized on the percentage-of-completion accounting method based on the proportion of total costs incurred during the various phases of installation as a percentage of total estimated contract costs. Revisions in cost and revenue estimates are reflected in the period in which the facts requiring such revisions become known. Provision is made currently for estimated losses on uncompleted installations. The majority of the Company's contracts call for progress payments to be made while completing individual phases of the installation until the final phases of installation, at which time the remaining portion is recognized as a contract receivable. Progress payments in excess of revenue recognized are classified as billings in excess of costs and estimated earnings on uncompleted contracts, and are included in accrued expenses. Unbilled contract receivables are not material at any point in time. Contract costs include direct material, labor, subcontract costs and overheads. Selling and administrative expenses are charged to income as incurred.

WARRANTY The Company accrues an estimate of warranty claims using regression analysis formulas and estimates of the aggregate liability for claims based on the Company's historical experience. The portion of claims the Company estimates will not be paid within one year is included in other long-term liabilities.

RESULTS OF OPERATIONS

THREE MONTHS ENDED SEPTEMBER 30, 2002 COMPARED WITH THREE MONTHS ENDED SEPTEMBER 30, 2001

Net sales of \$50.6 million for the three-months ended September 30, 2002 decreased 11.4% from \$57.1 million for the same period in fiscal 2001. The decrease was primarily attributable to a decrease in unit production, as a result of some areas of the business experiencing consumer restraint, and was partially offset by increases in average selling prices compared with a year earlier.

Gross profit decreased \$1.9 million to \$14.0 million in 2002 from \$15.9 million in 2001, primarily as a result of the decrease in net sales. Gross profit, as a percentage of sales for the three months, decreased slightly from 27.8% of net

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

sales to 27.7% as a result of slightly higher material, subcontractor and other costs incurred in some of our markets which have not been fully offset by increases in average selling prices.

Operating expenses, consisting of selling and administrative expenses, decreased by \$0.7 million to \$12.5 million in 2002 from \$13.2 million in 2001. As a percentage of sales, operating expenses increased from 23.1% in 2001 to 24.7% in 2002 as a result of the decrease in sales. The decrease in operating expenses was partly attributable to decreases in headcount and the elimination of goodwill amortization.

Included in the results for the three-months ended September 30, 2002 is a \$1.2 million restructuring charge related to the closure of the Company's swimming pool installation divisions in the Orlando and Southeastern Florida markets. The Company expects to pay the majority of the future cash outlays to satisfy this liability in the fourth quarter of 2002, with the possible exception of certain lease or lease termination payments which may extend beyond that date.

The effective tax rate increased slightly from 37.3% in 2001 to 37.5% in 2002.

10

Primarily as a result of the above items, net income for the three-month period decreased from \$1.7 million in 2001 to \$0.2 million in 2002. Net income per diluted share decreased \$0.29 per share to \$0.03 in 2002.

NINE MONTHS ENDED SEPTEMBER 30, 2002 COMPARED WITH NINE MONTHS ENDED SEPTEMBER 30, 2001

Net sales of \$142.3 million for the nine-months ended September 30, 2002 decreased 6.3% from \$151.9 million for the same period in fiscal 2001. The decrease was primarily attributable to a decrease in unit production as a result of lower consumer confidence levels that began to emerge in the second half of 2001, partially offset by increases in average selling prices compared with a year earlier.

Gross profit decreased \$3.6 million from \$42.5 million in 2001 to \$38.9 million in 2002, primarily as a result of the decrease in net sales. Gross profit as a percentage of sales for the nine months decreased from 28.0% of net sales to 27.4%, as a result of a combination of the decrease in revenue and higher direct costs which were not fully offset by increases in average selling prices.

Operating expenses, consisting of selling and administrative expenses decreased \$1.3 million from \$38.4 million in 2001 to \$37.1 million in 2002. As a percentage of sales, operating expenses increased slightly from 25.3% in 2001 to 26.0% in 2002. The decrease in operating expenses was partially attributable to decreases in headcount, professional fees and goodwill amortization. Included in 2001 results was a credit of \$.6 million for non-cash deferred compensation related to the Company's long-term incentive plan, which was amended in the first quarter of 2001.

Included in the results for the nine-months ended September 30, 2002 is a \$1.2 million restructuring charge related to the closure of the Company's swimming pool installation divisions in the Orlando and Southeastern Florida markets.

The effective tax rate increased from 31.6% in 2001 to 37.5% in 2002, primarily as a result of the \$0.6 million non-cash deferred compensation credit included in the 2001 results. This item was not included for tax purposes.

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

Primarily as a result of the above, net income for the nine-month period decreased \$2.4 million to \$0.3 million in 2002. Net income per diluted share, decreased \$0.45 to \$0.06 per share in 2002.

LIQUIDITY AND CAPITAL RESOURCES

Cash flow from operating activities was \$14.0 million for the nine-months ended September 30, 2002 compared with \$12.8 million in the same period in fiscal 2001. The increase is attributable to reductions in receivables of \$9.8 million in 2002 compared with reductions of \$2.7 million in 2001, partially offset by lower net income and smaller increases in accounts payable and accrued expenses when compared with the same period last year. The Company had \$16.9 million of receivables at December 31, 2001 compared with \$11.6 million at December 31, 2000 as a result of increased revenue generated under deferred payment sales programs run in the Company's Northeast markets during the fourth quarter of each year. The majority of the revenue generated under these programs was collected during the first quarter of each of the years. Cash used in investing activities decreased \$1.4 million from \$2.4 million in 2001 to \$1.0 million in 2002 primarily as a result of lower capital expenditures. The remaining cash provided by operating activities was used to repay bank borrowings, reducing long-term debt to zero and to finance approximately \$2.5 million of treasury stock purchases.

The Company has a \$35 million revolving credit facility ("Credit Facility") with a group of banks secured by the assets of the Company. Total available borrowing capacity under the Credit facility at September 30, 2002 was \$5.6 million. The Company is in compliance with all of its debt covenants under the Credit Facility.

The Company believes that existing cash and cash equivalents, internally generated funds and funds available under its line of credit will be sufficient to meet its needs.

11

CYCLICALITY AND SEASONALITY

The Company believes that the in-ground swimming pool industry is strongly influenced by general economic conditions and tends to experience periods of decline during economic downturns. Since the majority of the Company's swimming pool installation purchases are financed, pool sales are particularly sensitive to interest rate fluctuations and the availability of credit. A sustained period of high interest rates could result in declining sales, which could have a material adverse effect on the Company's financial condition and results of operations. Conversely, a sustained period of low interest rates could potentially help offset the impact of any economic downturns.

Historically, approximately two-thirds of the Company's revenues have been generated in the second and third quarters of the year, the peak season for swimming pool installation and use. Conversely, the Company typically incurs net losses during the first and fourth quarters of the year. Unseasonably cold weather or extraordinary amounts of rainfall during the peak sales season can significantly reduce pool purchases. In addition, unseasonably early or late warming trends can increase or decrease the length of the swimming pool season, significantly affecting sales and operating profit.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

The Company is exposed to various market risks, including changes in pricing of equipment, materials and contract labor, and interest rates. Market risk is the potential loss arising from adverse changes in market rates and prices, such as commodity prices and interest rates. The Company does not enter into financial instruments to manage and reduce the impact of some of these risks. Further, the Company does not enter into derivatives or other financial instruments for trading or speculative purposes.

The Company is exposed to cash flow and risk arising out of changes in interest rates with respect to its long-term debt. Information with respect to the Company's principal cash flows and weighted average interest rates on long-term debt at September 30, 2002 is included in the Unaudited Condensed Consolidated Financial Statements and the Notes to the Unaudited Condensed Consolidated Financial Statements.

Prior to an amendment of the Company's Long-Term Incentive Plan on April 1, 2001, the Company's financial results were impacted by fluctuations in its stock price, as a portion of the Company's Long-Term Incentive Plan was treated as a variable versus a fixed stock option or award plan. As a result of the amendment, the Company no longer accounts for any portion of the Plan as a variable plan.

ITEM 4. CONTROLS AND PROCEDURES

Within 90 days prior to filing this Form 10-Q, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures as defined in Rule 13a-14 of the Securities Exchange Act of 1934. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective, in all material respects, in timely alerting them to material information relating to the Company (including its consolidated subsidiaries) required to be included in this Quarterly Report on Form 10-Q. There have been no significant changes in the Company's internal controls or in other factors which could significantly affect internal controls subsequent to the date the Company carried out its evaluation.

CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER

I, Stuart D. Neidus, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Anthony & Sylvan Pools Corporation;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and we have:
 - (a) designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - (b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
 - (c) presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function):
 - (a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

(b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and

6. The registrant's other certifying officers and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
