NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
AND PROXY STATEMENT

To the Stockholders of THE HAIN CELESTIAL GROUP, INC.:

The Annual Meeting of Stockholders of The Hain Celestial Group, Inc. will be held on Thursday, December 4, 2003 at 11:00 A.M., Eastern Standard Time, at the conference center, located in the lower lobby, at 58 South Service Road, Melville, New York 11747, for the following purposes:

1. To elect a board of directors to serve until the next Annual Meeting of Stockholders and until their successors are duly elected and qualified;
2. To amend our 2002 Long Term Incentive and Stock Award Plan to increase the number of shares issuable over the term of the plan by 1,500,000 shares to 3,100,000 shares in the aggregate;
3. To amend our 2000 Directors Stock Option Plan to increase the number of shares issuable over the term of the plan by 200,000 shares to 950,000 shares in the aggregate;
4. To ratify the appointment of Ernst & Young LLP as our independent auditors for fiscal 2004; and
5. To transact such other business as may properly come before the meeting.

Your vote is important. If you do not expect to be present at the meeting and wish your stock to be voted, please sign and date the enclosed Proxy and mail it promptly in the enclosed reply envelope addressed to Continental Stock Transfer & Trust Company, 17 Battery Place, New York, New York 10004.

SOLICITATION AND REVOCATION OF PROXIES

Proxies are being solicited on behalf of our board of directors, and we will bear the cost of such solicitation. We expect that the solicitation of proxies will be primarily by mail. Proxies may also be solicited by our officers and employees at no additional cost to us, in person or by telephone, telegram or other means of communication. We may reimburse custodians, nominees and fiduciaries holding our common stock for their reasonable expenses in sending proxy material to principals and obtaining their proxy. Any stockholder giving a

Edgar Filing: HAIN CELESTIAL GROUP INC - Form DEF 14A

proxy may revoke it at any time before it is exercised by written notice to our secretary or by voting in person at the meeting.

It is expected that this Notice of Annual Meeting of Stockholders and Proxy Statement will first be mailed to stockholders on or about November 10, 2003.

STOCKHOLDERS ENTITLED TO VOTE AND SHARES OUTSTANDING

Only stockholders of record at the close of business on October 31, 2003 will be entitled to vote at the Annual Meeting of Stockholders. On that date, there were 34,238,521 shares of our common stock outstanding and entitled to be voted at the Annual Meeting of Stockholders. Each such share is entitled to one vote. The holders of a majority of the shares entitled to vote on the record date, represented in person or by proxy, shall constitute a quorum for the purpose of transacting business at the Annual Meeting of Stockholders. Proxies marked as abstaining (including proxies containing broker non-votes) on any matter to be acted upon by stockholders will be treated as present at the meeting for purposes of determining a quorum.

Directors will be elected by a plurality of the votes cast. Abstentions, broker non-votes and instructions on a proxy to withhold authority to vote for one or more of such nominees will result in the respective nominees receiving fewer votes.

Abstentions may be specified as to all proposals to be brought before the Annual Meeting of Stockholders, other than the election of directors. Approval of each of the proposals to be brought before the Annual Meeting of Stockholders (not including the election of directors) will require the affirmative vote of at least a majority in voting interest of the stockholders represented in person or by proxy at the Annual Meeting of Stockholders and entitled to vote thereon. As to the proposals, if a stockholder abstains from voting on a proposal it will have the effect of a negative vote on that proposal, but if a broker indicates that it does not have authority to vote certain shares (i.e., a broker non-vote), those votes will not be considered as shares present and entitled to vote at the Annual Meeting of Stockholders with respect to that proposal and, therefore, will have no effect on the outcome of the vote.

Proxies that are executed, but do not contain any specific instructions, will be voted FOR the election of all the nominees for directors specified herein, FOR the approval of the amendment of our 2002 Long Term Incentive and Stock Award Plan, FOR the approval of the amendment of our 2000 Directors Stock Option Plan and FOR the ratification of the appointment of Ernst & Young LLP as our independent auditors. The persons appointed as proxies will vote in their discretion on any other matter that may properly come before the

Annual Meeting of Stockholders or any postponement, adjournment or adjournments thereof, including any vote to postpone or adjourn the Annual Meeting of Stockholders.

PROPOSAL NO. 2 APPROVAL OF AN AMENDMENT TO

THE 2002 LONG TERM INCENTIVE AND STOCK AWARD PLAN

Our board of directors has adopted, subject to stockholder approval, amendments to our 2002 Long Term Incentive and Stock Award Plan (the "2002 Plan") to increase the number of shares of our common stock issuable under the 2002 Plan by 1,500,000 shares to 3,100,000 shares. The essential features of the 2002 Plan are summarized below. This summary does not purport to be a complete description of the 2002 Plan. Copies of the actual plan document may be obtained by contacting our Secretary.

General

The 2002 Plan is intended to provide incentives to attract, retain and motivate employees, consultants and directors in order to achieve our long-term growth and profitability objectives. The 2002 Plan provides for the grant to eligible employees and directors of stock options, share appreciation rights ("SARs"), restricted shares, restricted share units, performance shares, performance units, dividend equivalents and other share-based awards (the "Awards").

The 2002 Plan was approved by our stockholders at our Annual Meeting of Stockholders held November 12, 2002. As adopted, an aggregate of 1,600,000 shares of common stock has been reserved for issuance under the 2002 Plan (of which during a calendar year: (i) the maximum number of shares with respect to which options and SARs may be granted to an eligible participant under the 2002 Plan will be 1,000,000 shares, and (ii) the performance shares, performance units, restricted shares and restricted units intended to qualify as performance-based compensation shall be not more than the equivalent of 800,000 shares), subject to anti-dilution adjustments in the event of certain changes in our capital structure, as described below. We are currently seeking approval from our stockholders to increase the number of shares of common stock issuable under the 2002 Plan by 1,500,000 shares to 3,100,000 shares. Shares issued pursuant to the 2002 Plan will be either authorized but unissued shares or treasury shares.

Unless earlier terminated, the Plan will expire on November 12, 2012, and no further awards may be granted thereunder after that date.

Eligibility and Administration

Edgar Filing: HAIN CELESTIAL GROUP INC - Form DEF 14A

Officers and other employees of Hain and its subsidiaries and affiliates, consultants and directors of Hain who are responsible for or contribute to the management and profitability of our business will be eligible to be granted Awards under the 2002 Plan. The 2002 Plan will be administered by the compensation committee or such other committee (or the entire board of directors) as may be designated by the board of directors (the "Committee"). Unless otherwise determined by the board of directors, the Committee will consist of two or more non-employee directors with the meaning of Rule 16b-3 of the Securities Exchange Act of 1934 (the "Exchange Act"), each of whom is an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). The Committee will determine which eligible employees and directors receive Awards, the types of Awards to be received and

-11-

the terms and conditions thereof. The Committee will have authority to waive conditions relating to an Award or accelerate vesting of Awards.

The Committee will be permitted to delegate to officers or other directors of Hain the authority to perform administrative functions for the 2002 Plan and, with respect to Awards granted to persons not subject to Section 16 of the Exchange Act, to perform such other functions as the Committee may determine to the extent permitted under Rule 16b-3 of the Exchange Act and applicable law.

If an Award is intended to be qualified performance-based compensation under Section 162(m) of the Code, the Committee may not increase the amount of compensation payable if it would disqualify the Award under Section 162(m) of the Code.

Awards

Incentive stock options ("ISOs") intended to qualify for special tax treatment in accordance with the Code and nonqualified stock options not intended to qualify for special tax treatment under the Code may be granted for such number of shares of common stock as the Committee determines. The Committee will be authorized to set the terms relating to an option, including exercise price and the time and method of exercise. The terms of ISOs will comply with the provisions of Section 422 of the Code. ISOs may only be granted to employees. Awards may be granted alone, in tandem with or in exchange for any other Award.

A SAR will entitle the holder thereof to receive with respect to each share subject thereto, an amount equal to the excess of the fair market value of one share of common stock on the date of exercise (or, if the Committee so determines, at any time during a specified period before or after the date of exercise) over the exercise price of the SAR set by the Committee as of the date of grant. Payment with respect to SARs may be made in cash or shares of common stock as determined by the Committee.

Awards of restricted shares will be subject to such restrictions on transferability and other restrictions, if any, as the Committee may impose. Such restrictions will lapse under circumstances as the Committee may determine, including upon the achievement of performance criteria referred to below. Except as otherwise determined by the Committee, eligible employees granted restricted shares will have all of the rights of a stockholder, including the right to vote restricted shares and receive dividends thereon, and unvested restricted shares will be forfeited upon termination of employment during the applicable

restriction period.

A restricted share unit will entitle the holder thereof to receive shares of common stock or cash at the end of a specified deferral period. Restricted share units will also be subject to such restrictions as the Committee may impose. Such restrictions will lapse under circumstances as the Committee may determine, including upon the achievement of performance criteria referred to below. Except as otherwise determined by the Committee, restricted share units subject to deferral or restriction will be forfeited upon termination of employment during any applicable deferral or restriction period.

-12-

Performance shares and performance units will provide for future issuance of shares or payment of cash, respectively, to the recipient upon the attainment of corporate performance goals established by the Committee over specified performance periods. Except as otherwise determined by the Committee, performance shares and performance units will be forfeited upon termination of employment during any applicable performance period. Prior to payment of performance shares or performance units, the Committee will certify that the performance objectives were satisfied. Performance objectives may vary from person to person and will be based upon one or more of the following performance criteria as the Committee may deem appropriate: appreciation in value of the shares; total stockholder return; earnings per share; operating income; net income; pretax earnings; pretax earnings before interest, depreciation and amortization; pro forma net income; return on equity; return on designated assets; return on capital; economic value added; earnings; revenues; expenses; operating profit margin; operating cash flow; free cash flow; cash flow return on investment; operating margin; net profit margin. The Committee may revise performance objectives if significant events occur during the performance period which the Committee expects to have a substantial effect on such objectives.

Dividend equivalents granted under the 2002 Plan will entitle the holder thereof to receive cash, shares of common stock or other property equal in value to dividends paid with respect to a specified number of shares of common stock. Dividend equivalents may be awarded on a free-standing basis or in connection with another Award, and may be paid currently or on a deferred basis. The Committee is also authorized, subject to limitations under applicable law, to grant such other Awards that may be denominated in, valued in, or otherwise based on, shares of common stock, as deemed by the Committee to be consistent with the purposes of the 2002 Plan.

Nontransferability

Unless otherwise set forth by the Committee in an award agreement, Awards (except for vested shares) will generally not be transferable by the participant other than by will or the laws of descent and distribution and will be exercisable during the lifetime of the participant only by such participant or his or her guardian or legal representative.

Capital Structure Changes

If the Committee determines that any dividend, recapitalization, share split, reorganization, merger, consolidation, spin-off, repurchase, or other similar corporate transaction or event affects the common stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of eligible participants under the 2002 Plan, then the Committee is authorized to make such equitable changes or adjustments as it deems appropriate, including adjustments to (i) the number and kind of shares which

Edgar Filing: HAIN CELESTIAL GROUP INC - Form DEF 14A

may thereafter be issued under the 2002 Plan, (ii) the number and kind of shares, other securities or other consideration issued or issuable in respect of outstanding Awards and (iii) the exercise price, grant price or purchase price relating to any Award.

-13-

Amendment and Termination

The 2002 Plan may be amended, suspended or terminated by our board of directors at any time, in whole or in part. However, any amendment for which stockholder approval is required by Section 422 of the Code will not be effective until such approval has been attained. In addition, no amendment, suspension, or termination of the 2002 Plan may materially and adversely affect the rights of a participant under any Award theretofore granted to him or her without the consent of the affected participant. The Committee may waive any conditions or rights, amend any terms, or amend, suspend or terminate, any Award granted, provided that, without participant consent, such amendment, suspension or termination may not materially and adversely affect the rights of such participant under any Award previously granted to him or her.

Federal Income Tax Consequences

The following is a summary of the federal income tax consequences of the 2002 Plan, based upon current provisions of the Code, the Treasury regulations promulgated thereunder and administrative and judicial interpretation thereof, and does not address the consequences under any state, local or foreign tax laws.

Stock Options

In general, the grant of an option will not be a taxable event to the recipient and it will not result in a deduction to us. The tax consequences associated with the exercise of an option and the subsequent disposition of shares of common stock acquired on the exercise of such option depend on whether the option is a nonqualified stock option or an ISO.

Upon the exercise of a nonqualified stock option, the participant will recognize ordinary taxable income equal to the excess of the fair market value of the shares of common stock received upon exercise over the exercise price. We will generally be able to claim a deduction in an equivalent amount. Any gain or loss upon a subsequent sale or exchange of the shares of common stock will be capital gain or loss, long-term or short-term, depending on the holding period for the shares of common stock.

Generally, a participant will not recognize ordinary taxable income at the time of exercise of an ISO and no deduction will be available to us, provided the option is exercised while the participant is an employee or within three months following termination of employment (longer, in the case of disability or death). If an ISO granted under the 2002 Plan is exercised after these periods, the exercise will be treated for federal income tax purposes as the exercise of a nonqualified stock option. Also, an ISO granted under the 2002 Plan will be treated as a nonqualified stock option to the extent it (together with other ISOs granted to the participant by us) first becomes exercisable in any calendar year for shares of common stock having a fair market value, determined as of the date of grant, in excess of \$100,000.

If shares of common stock acquired upon exercise of an ISO are sold or exchanged more than one year after the date of exercise and more than two years

Edgar Filing: HAIN CELESTIAL GROUP INC - Form DEF 14A

after the date of grant of the option, any gain or loss will be long-term capital gain or loss. If shares of common stock

-14-

acquired upon exercise of an ISO are disposed of prior to the expiration of these one-year or two-year holding periods (a "Disqualifying Disposition"), the participant will recognize ordinary income at the time of disposition, and we will generally be able to claim a deduction, in an amount equal to the excess of the fair market value of the shares of common stock at the date of exercise over the exercise price. Any additional gain will be treated as capital gain, long-term or short-term, depending on how long the shares of common stock have been held. Where shares of common stock are sold or exchanged in a Disqualifying Disposition (other than certain related party transactions) for an amount less than their fair market value at the date of exercise, any ordinary income recognized in connection with the Disqualifying Disposition will be limited to the amount of gain, if any, recognized in the sale or exchange, and any loss will be a long-term or short-term capital loss, depending on how long the shares of common stock have been held.

If an option is exercised through the use of shares of common stock previously owned by the participant, such exercise generally will not be considered a taxable disposition of the previously owned shares and, thus, no gain or loss will be recognized with respect to such previously owned shares upon such exercise. The amount of any built-in gain on the previously owned shares generally will not be recognized until the new shares acquired on the option exercise are disposed of in a sale or other taxable transaction.

Although the exercise of an ISO as described above would not produce ordinary taxable income to the participant, it would result in an increase in the participant's alternative minimum taxable income and may result in an alternative minimum tax liability.

Restricted Stock

A participant who receives shares of restricted stock will generally recognize ordinary income at the time that they "vest", i.e., either when they are not subject to a substantial risk of forfeiture or when they are freely transferable. The amount of ordinary income so recognized will be the fair market value of the common stock at the time the income is recognized (determined without regard to any restrictions other than restrictions which by their terms will never lapse), less the amount, if any, paid for the stock. This amount is generally deductible for federal income tax purposes by us. Dividends paid with respect to common stock that is nonvested will be ordinary compensation income to the participant (and generally deductible by us). Any gain or loss upon a subsequent sale or exchange of the shares of common stock, measured by the difference between the sale price and the fair market value on the date restrictions lapse, will be capital gain or loss, long-term or short-term, depending on the holding period for the shares of common stock. The holding period for this purpose will begin on the date following the date restrictions lapse.

In lieu of the treatment described above, a participant may elect immediate recognition of income under Section 83(b) of the Code. In such event, the participant will recognize as income the fair market value of the restricted stock at the time of grant (determined without regard to any restrictions other than restrictions which by their terms will never lapse), and we will generally be entitled to a corresponding deduction. Dividends paid with respect to shares as to which a proper Section 83(b) election has been made will not be deductible

to us. If a Section 83(b)

-15-

election is made and the restricted stock is subsequently forfeited, the participant will not be entitled to any offsetting tax deduction.

SARs and Other Awards

With respect to SARs, restricted share units, performance shares, performance units dividend equivalents and other Awards under the 2002 Plan not described above, generally, when a participant receives payment with respect to any such Award granted to him or her under the 2002 Plan, the amount of cash and the fair market value of any other property received will be ordinary income to such participant and will be allowed as a deduction for federal income tax purposes to us.

Payment of Withholding Taxes

We may withhold, or require a participant to remit to us, an amount sufficient to satisfy any federal, state or local withholding tax requirements associated with Awards under the 2002 Plan.

Deductibility Limit on Compensation in Excess of \$1 Million

Section 162(m) of the Code generally limits the deductible amount of annual compensation paid (including, unless an exception applies, compensation otherwise deductible in connection with Awards granted under the 2002 Plan) by a public company to a "covered employee" (i.e., the chief executive officer and our four other most highly compensated executive officers) to no more than \$1 million. We currently intend to structure stock options granted and other Awards made under the Plan to comply with an exception to nondeductibility under Section 162(m) of the Code. See "Executive Compensation--Report of the Compensation Committee of the Board of Directors."

Recommendation of the Board of Directors

The Board of Directors, which unanimously approved the proposed amendment to our 2002 Long Term Incentive and Stock Award Plan to increase the number of shares of our common stock issuable under the 2002 Plan by 1,500,000 shares to 3,100,000 shares, recommends a vote FOR approval of the amendment to our 2002 Long Term Incentive and Stock Award Plan.

PROPOSAL NO. 3

APPROVAL OF AN AMENDMENT TO

THE 2000 DIRECTORS STOCK OPTION PLAN

Our board of directors has adopted, subject to stockholder approval, amendments to our 2000 Directors Stock Option Plan (the "2000 Directors Plan")

Edgar Filing: HAIN CELESTIAL GROUP INC - Form DEF 14A

to increase the number of shares of our common stock issuable under the 2000 Directors Plan by 200,000 shares to 950,000 shares. The essential features of the 2000 Directors Plan are summarized below. This summary does not purport to be a complete description of the 2000 Directors Plan. Copies of the actual plan document may be obtained by contacting our Secretary.

General

The 2000 Directors Plan provides for the grant to non-employee directors of stock options. The shares of common stock issuable over the term of the 2000 Directors Plan may be authorized and unissued common stock and treasury stock, including shares acquired in the open market or other transactions.

The 2000 Directors Plan was approved by our stockholders at the Special Meeting of Stockholders held May 30, 2000. We are currently seeking approval from our stockholders to increase the number of shares of common stock issuable under the 2000 Directors Plan by 200,000 shares to 950,000 shares.

Terms of Options

Each option granted under the 2000 Directors Plan shall expire ten (10) years from its date of grant. The exercise price of each option shall be the fair market value, as determined under the 2000 Directors Plan, of the shares of common stock underlying such option on its grant date.

Unless otherwise determined by the board of directors, the options shall not be transferrable other than by will or the laws of descent and distribution.

The 2000 Directors Plan will continue in effect until all options granted thereunder have expired or terminated or upon earlier termination as provided for in the 2000 Directors Plan.

Grants of Options

Initial Grant. Each eligible director will, upon the date such director is first elected as a member of the board of directors, automatically be granted an option to purchase 15,000 shares of Hain common stock. Such option will be immediately exercisable.

Annual Grants. Each eligible director will, upon re-election, automatically receive an annual grant of an option to purchase 7,500 shares of Hain common stock on each annual meeting date after his or her election as a director of the combined company. Such option will be immediately exercisable.

-17-

Discretionary Grants. The board of directors is authorized to, in its discretion, grant additional options to eligible directors. The date of the grant, date first exercisable, number of shares of Hain common stock which may be purchased upon exercise and the exercise price of the options will be determined by the board of directors, in its discretion.

Administration. The 2000 Directors Plan will be administered by the board of directors, which has the authority to interpret the plan, make and change rules relating to the plan, and make all other determinations regarding the plan, with the determination of the board of directors being final and conclusive.

Term of 2000 Directors Plan and Amendment and Termination. The 2000

Edgar Filing: HAIN CELESTIAL GROUP INC - Form DEF 14A

Directors Plan shall continue until all options granted thereunder have expired or been exercised, unless sooner terminated.

The board of directors may amend or terminate the 2000 Directors Plan without approval of the stockholders, except where such approval is required by any law or regulation or any stock exchange or automated quotation system rule. Generally, an amendment or termination of the 2000 Directors Plan may not substantially impair any existing option without the optionee's consent.

Adjustments to the 2000 Directors Plan

In the event of any recapitalization, split-up or consolidation of shares, separation, stock dividend, or other similar change in our capitalization or we merge or consolidate or sell assets or other similar event, the board of directors shall make such appropriate adjustments in the exercise prices of options, in the number and kind of securities or property issued pursuant to options and in the number of shares with respect to which options may be granted as the board deems equitable to maintain the proportionate interest of the directors and the value of the options.

No fractional shares of common stock shall be issued.

Federal Income Tax Consequences

The following is a summary of the federal income tax consequences of the 2002 Directors Plan, based upon current provisions of the Code, the Treasury regulations promulgated thereunder and administrative and judicial interpretation thereof, and does not address the consequences under any state, local or foreign tax laws.

Upon exercise of an option granted under the 2000 Directors Plan, the optionee will recognize ordinary income in an amount equal to the excess of the fair market value of the shares received over the exercise price of such shares. That amount increases the optionee's basis in the common stock acquired pursuant to the exercise of the option. Upon a subsequent sale of the shares of common stock, the optionee will incur short-term or long-term capital gain or loss depending upon his holding period for the shares of common stock and upon the shares of common stock's subsequent appreciation or depreciation in value. We will be allowed a federal

-18-

income tax deduction for the amount recognized as ordinary income by the optionee upon the optionee's exercise of the option.

Recommendation of the Board of Directors

The Board of Directors, which unanimously approved the proposed amendment to our 2000 Directors Stock Option Plan to increase the number of shares of our common stock issuable under the 2000 Directors Plan by 200,000 shares to 950,000 shares, recommends a vote FOR approval of the amendment to our 2000 Directors Stock Option Plan.

PROPOSAL NO. 4 RATIFICATION OF THE SELECTION OF INDEPENDENT AUDITORS

It is the practice of the board of directors to designate the accounting firm that will serve as our independent auditors. The audit committee has recommended that Ernst & Young LLP be selected to audit our financial statements for the fiscal year ending June 30, 2004 and the board of directors has approved the selection of Ernst & Young LLP. Ernst & Young LLP has audited our financial statements since 1994.

The audit committee reviews and approves the audit and non-audit services to be provided by our independent auditors during the year, considers the effect that performing those services might have on audit independence and approves management's engagement of our independent auditors to perform those services.

Ernst & Young LLP expects to have a representative at our Annual Meeting of Stockholders who will have the opportunity to make a statement and will be available to respond to appropriate questions.

REPORT OF THE AUDIT COMMITTEE

Our audit committee is comprised of three independent directors and operates under a written charter. A copy of the amended and restated audit committee charter, which becomes effective following our 2003 meeting of stockholders, is attached as Annex A to this Proxy Statement. The audit committee, in its oversight role over (1) our financial accounting and reporting process, (2) our system of internal controls established by management and (3) the external audit process, has met with management and our independent auditors. Discussions about our audited financial statements included our independent auditor's judgments about the quality, not just the acceptability, of our accounting principles and underlying estimates used in our financial statements, as well as other matters, as required by Statement on Auditing Standards No. 61, Communication with Audit Committees ("SAS 61"), as amended by Statement on Auditing Standards No. 90, Audit Committee Communications, and by our Audit Committee Charter. In conjunction with the specific activities performed by the audit committee in its oversight role, it issued the following report:

1. The audit committee has reviewed and discussed the audited financial statements as of and for the year ended June 30, 2003 with our management.
2. The audit committee has discussed with the independent auditors the matters required to be discussed by SAS 61.
3. The audit committee has received from the independent accountants, as required by Independence Standards Board Standard No.1, Independence Discussions with Audit Committee, (i) a written disclosure, indicating all relationships, if any, between the independent auditor and its related entities and the company and its related entities which, in the auditor's professional judgment, reasonably may be thought to bear on the auditor's independence, and (ii) a letter from the independent auditor confirming that, in its professional judgment, it is independent of the company; and the audit committee has discussed with

Edgar Filing: HAIN CELESTIAL GROUP INC - Form DEF 14A

the auditor the auditor's independence from the company.

Based on the review and discussions referred to in paragraphs (1) through (3) above, the audit committee recommended to the board of directors, and the board has approved, that the audited financial statements should be included in our Annual Report on Form 10-K for the fiscal year ended June 30, 2003 for filing with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Compensation Committee. Our compensation committee is responsible for determining the compensation of our executive officers. The compensation committee, or a sub-committee thereof, also administers the 1994 Plan and discretionary grants under our 2000 Directors Plan and the 2002 Plan.

The compensation committee is currently comprised of Ms. Bronner, Mr. Heyer, Mr. Gold and Mr. Meltzer, with Ms. Bronner acting as chairperson. Decisions and recommendations by the compensation committee are made on the basis of an assessment of corporate performance and a review of supporting data, including historical compensation data of other companies within the industry. Although actions with respect to various programs are taken at different times, consideration of each is made in the context of our overall compensation package.

Section 162(m) of the Internal Revenue Code generally limits the deductible amount of annual compensation paid to certain individual executive officers

Edgar Filing: HAIN CELESTIAL GROUP INC - Form DEF 14A

(i.e., the chief executive officer and our other most highly compensated executive officers) to no more than \$1 million. Considering the current structure of executive officer compensation, the compensation committee believes that we will not be denied any significant tax deductions for fiscal 2003. The compensation committee will continue to review tax consequences as well as other relevant considerations in connection with compensation decisions.

Compensation Philosophy. Our executive compensation program is designed to provide competitive levels of remuneration and assist us in attracting and retaining qualified executives. The compensation committee is committed to the objectives of linking executive compensation to corporate performance and providing incentives which align the interests of our executives with the interests of our stockholders. This philosophy underlies executive compensation policies designed to integrate rewards with the attainment of annual and long-term performance goals, reward significant corporate performance and recognize individual initiatives and achievements. It is performance which most significantly influences an individual executive's compensation level. As a result, actual compensation levels in any particular year may be above or below those of our competitors, depending upon our performance. The executive compensation program is comprised of salary, annual cash incentives and long-term, stock-based incentives. The following is a discussion of each of the elements of the executive compensation program along with a description of the decisions and actions taken by the compensation committee with regard to fiscal 2003 compensation:

Base Salary. We establish salary ranges for each of our executive positions based on appropriate external comparisons, internal responsibilities and relationships to other corporate positions. Existing base salaries and annual escalations for the named executives were established based on the foregoing factors and in negotiation with each of the executives in connection with their employment by us.

Annual Incentive. We may pay annual cash bonuses in any year to reward significant corporate accomplishments and individual initiatives which contributed to the attainment of targeted goals relating to product sales, product margins, return on capital employed, earnings per share and stockholder return. If the compensation committee determines that corporate results are such that a bonus program is warranted, then each executive's accomplishments are assessed as to their impact on corporate results. The chief executive officer consults with compensation committee members to review corporate results, the individual executive's contributions and his recommendations as to annual incentive payments.

Long-Term Incentives. The 2002 Plan, 1994 Plan and 1993 Plan were approved by stockholders for the purpose of promoting the interests of our stockholders by: (1) attracting and retaining executives and other key employees of outstanding ability; (2) strengthening our capability to develop, maintain and direct a competent management team; (3) motivating executives and other key employees, by means of performance-related incentives, to achieve longer-range performance goals; (4) providing incentive compensation opportunities which are competitive with those of other comparably situated corporations; and (5) enabling such employees to participate in our long-term growth and financial success.

Chief Executive Officer Compensation. The compensation committee is responsible for determining the appropriate compensation for our chief executive officer based on a variety of criteria, including our performance

Edgar Filing: HAIN CELESTIAL GROUP INC - Form DEF 14A

and the chief executive officer's performance, the compensation of the chief executive officers of comparable companies and other market factors. In fiscal 2003, the compensation committee worked with

Based solely on a review of the copies of such forms furnished to us and written representations from our executive officers and directors, all persons subject to the reporting requirements of Section 16(a) filed the required reports on a timely basis, except for one late filing on behalf of each of our directors relating to our annual stock option grant.

The Audit Committee shall have the sole authority to appoint, retain, and terminate the Company's independent auditor, which shall report directly to the Audit Committee. The Audit Committee shall be directly responsible for the evaluation, compensation (including as to fees and terms), and oversight of the work of the Company's independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. All related fees and costs of the independent auditor, as determined by the Audit Committee, shall be paid promptly by the Company in accordance with its normal business practices. All auditing services and permitted non-audit services performed for the Company by the independent auditor shall be pre-approved by the Audit Committee subject to applicable laws, rules, and regulations.
