Item 5. Other Events and Regulation FD Disclosure

On June 29, 2004, PG&E Corporation's subsidiary, Pacific Gas and Electric Company (Utility), entered into four separate loan agreements, each dated as of June 1, 2004, with the California Pollution Control Financing Authority (Authority), which issued \$345,000,000 aggregate principal amount of its Pollution Control Refunding Revenue Bonds (Pacific Gas and Electric Company) 2004 Series A (\$70,000,000), 2004 Series B (\$90,000,000), 2004 Series C (\$85,000,000) and 2004 Series D (\$100,000,000) (collectively, "New Bonds") for the benefit of the Utility in order to refund \$345,000,000 of the Authority's Pollution Control Revenue Bonds (Pacific Gas and Electric

Company), 1992 Series A and B and 1993 Series A and B (collectively, "Old Bonds").

As previously disclosed, on March 5, 2004, the Utility entered into a term loan facility of \$345,000,000 that was used to fund the Utility's purchase, in lieu of redemption, of the Old Bonds on April 12, 2004, the effective date of the Utility's plan of reorganization under Chapter 11 of the U.S. Bankruptcy Code. The proceeds of the Authority's issuance of the New Bonds were used to refund the Old Bonds held by the Utility. In turn, the Utility used the funds it received for the Old Bonds to repay the \$345,000,000 term loan facility.
