Cautionary Statement Regarding Financial Operating Data

The Debtors caution investors and potential investors not to place undue reliance upon the information contained in the Monthly Operating Reports, which were not prepared for the purpose of providing the basis for an investment decision relating to any securities of the Debtors. The Debtors prepared the Monthly Operating Reports solely for purposes of complying with the monthly operating requirements applicable in the Debtors’ Chapter 11 Cases. The financial information contained in the Monthly Operating Reports is unaudited, limited in scope, and as such, has not been subject to procedures that would typically be applied to financial statements in accordance with accounting principles generally accepted in the United States of America. The Monthly Operating Reports should not be relied upon by any persons for information relating to current or future financial condition, events, or performance of PG&E Corporation, the Utility or any of their subsidiaries, as the results of operations contained in the Monthly Operating Reports are not necessarily indicative of results which may be expected from any other period or for the full year, and may not necessarily reflect the combined results of operations, financial position, and schedule of receipts and disbursements in the future. These unaudited financial statements were prepared using certain assumptions and estimates. These assumptions and estimates are subject to revision. Further, the amounts shown in this statement may differ materially due to adjustments in accruals, changes in facts and circumstances, changes in estimates, further analysis, and other factors.

Forward-Looking Statements

This Current Report on Form 8-K includes forward-looking statements that are not historical facts, including statements about the beliefs, expectations, estimates, future plans and strategies of PG&E Corporation and the Utility. These statements are based on current expectations and assumptions, which management believes are reasonable, and on information currently available to management, but are necessarily subject to various risks and uncertainties. In addition to the risk that these assumptions prove to be inaccurate, factors that could cause actual results to differ materially from those contemplated by the forward-looking statements include factors disclosed in PG&E Corporation's and the Utility's Annual Report on Form 10-K for the year ended December 31, 2018, and their subsequent reports filed with the Securities and Exchange Commission. Additional factors include, but are not limited to, those associated with PG&E Corporation's and the Utility's Chapter 11 Cases. PG&E Corporation and the Utility undertake no obligation to publicly update or revise any forward-looking statements, whether due to new information, future events or otherwise, except to the extent required by law.
