PROXY STATEMENT

For the Annual Meeting of Stockholders on May 20, 2002

INTRODUCTION

General Information

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Franklin Street Properties Corp. (the "Company") for use at the Annual Meeting of Stockholders to be held on May 20, 2002, and at any adjournment of that meeting. All proxies will be voted in accordance with the stockholders' instructions, and, if no choice is specified, the proxies will be voted in favor of the matters set forth in the accompanying Notice of Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of written revocation or a subsequently dated proxy to the Secretary of the Company or by voting in person at the Annual Meeting.

The Company's Annual Report for the fiscal year ended December 31, 2001 is being mailed to stockholders, along with these proxy materials, on or about April 5, 2002.

Quorum Requirement

At the close of business on April 1, 2002, the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were outstanding and entitled to vote an aggregate of 24,586,249 shares of Common Stock of the Company, constituting all of the outstanding voting stock of the Company. Holders of Common Stock are entitled to one vote per share.

The holders of a majority of the number of shares of Common Stock issued, outstanding and entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock represented in person or by proxy (including shares that abstain or otherwise do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

Votes Required

The affirmative vote of the holders of a plurality of the votes cast by the holders of Common Stock is required for the election of directors. The affirmative vote of the holders of a majority of the votes represented by the shares of Common Stock present and voting on the matter is required for the approval of the 2002 Stock Incentive Plan.

Shares that abstain from voting as to a particular matter, and shares held in "street name" by a broker or nominee that indicates on a proxy that it does not have discretionary authority to vote as to a particular matter, will not be voted in favor of such matter, and also will not be counted as shares voting on such matter. Accordingly, abstentions and "broker non-votes" will have no effect on the voting on a matter that requires the affirmative vote of a certain percentage of the votes cast or the shares voting on that matter (such as the

Edgar Filing: FRANKLIN STREET PARTNERS LP - Form DEF 14A

election of Class III Directors and the approval of the 2002 Stock Incentive Plan).

2

Certain Relationships and Related Transactions

Messrs. Carter, MacPhee, Norris and Gribbell and Mses. Corinha and Notopoulos, each of whom was an executive officer of the Partnership prior to the Merger, serve, at the request of the Company, as executive officers and, except for Ms. Notopoulos, directors of each of the Sponsored REITs. None of such persons receives any remuneration from the Sponsored REITs for such service.

8

FSP Investments LLC, a wholly owned subsidiary of the Company, provides syndication and real estate acquisition advisory services for the Sponsored REITs. Fees from Sponsored REITs for property acquisition services amounted to approximately \$12,700,000 for the year ended December 31, 2001. Sales commissions earned from the sale of Sponsored REIT preferred shares amounted to approximately \$13,000,000 for the year ended December 31, 2001.

During 2001, the Partnership provided interim financing for the purchase of certain Sponsored REIT properties prior to completion of the Sponsored REITs' private equity offerings. Included in the paragraph above are financing commitment fees earned by the Partnership from the Sponsored REITs of approximately \$9,618,000 for the year ended December 31, 2001. Interest income earned from the Sponsored REITs amounted to approximately \$549,000 for the year ended December 31, 2001. The interest rate charged by the Company to the Sponsored REITs is equal to the interest rate paid by the Company to Citizens Bank for borrowings under its line of credit. Therefore, the Company does not realize any significant profit from interest on the loans. All loans to Sponsored REITs were evidenced by promissory notes and were paid in full upon closing of the applicable Sponsored REIT's private equity offering during 2001. In addition, one loan which was made to a Sponsored REIT during 2000 and was outstanding at December 31, 2000, was paid in full during 2001. The following table summarizes these interim financing transactions:

Original Principal	Average	Total Financing Commitment Fees Earned	Interest Income Earned	Date of
-----------------------	---------	---	---------------------------	---------

Edgar Filing: FRANKLIN STREET PARTNERS LP - Form DEF 14A

Date of Loan -----	Amount of Note -----	Interest Rate -----	by Partnership -----	by Partnership -----	Repayment -----

12/04/01	\$30,150,000	5.56%	\$2,141,875	\$44,806	12/14/01

Total asset management fee income from the Sponsored REITs amounted to approximately \$150,000 for the year ended December 31, 2001. Asset management fees are approximately 1% of collected rents.

Aggregate fees charged to the Sponsored REITs amounted to approximately \$26,399,000 for the year ended December 31, 2001.

The Company has arranged for Citizens Bank to provide a line of credit for the Company's senior officers in the maximum aggregate amount of \$3,000,000. The borrowings under this line of credit are for the purpose of paying income taxes on equity interests in the Company issued to such senior officers as compensation. Loans under this line of credit have a term of one year and bear interest at the bank's prime rate plus 50 basis points. Loans of \$1,625,000 in the aggregate were outstanding to senior officers at December 31, 2001. Each borrower has secured the loan by pledging shares of the Company's Common Stock having an aggregate fair market value at the time of the loan of no less than twice the principal amount of the loan. The Company has agreed to purchase from Citizens Bank any loan on which the

9

borrower defaults. Following the purchase of the loan, the Company would have the same rights as Citizens Bank, including the right to foreclose on the pledged stock.

Mr. Carter's son, Jeffrey B. Carter, is Director of Acquisitions for FSP Investments LLC. During 2001, he received total compensation (including salary, cash bonus, stock award and contribution to a Simple IRA plan) of \$181,200.

Mr. Norris's son, Adam R. Norris, is a sales assistant for FSP Investments LLC. During 2001, he received total compensation (including salary, cash bonus and contribution to a Simple IRA plan) of \$187,551.

Report of the Board of Directors on Executive Compensation

The Company's Board of Directors is responsible for determining the compensation package of each executive officer and establishes compensation policies for the Company's CEO and the other executive officers of the Company. The Company's executive compensation program is designed to promote the achievement of the Company's business goals and, thereby, to maximize corporate performance and stockholder returns.

The executive officers of the Company fall into two categories. The first category is comprised of executive officers who make up the corporate management team (i.e., CEO, Chief Operating Officer and subsidiary president) ("Management Executives"). The second category is comprised of executive officers who are engaged in the sale of equity interests in the Sponsored REITs ("Investment Executives"). Executive compensation for Management Executives generally

Edgar Filing: FRANKLIN STREET PARTNERS LP - Form DEF 14A

consists of a combination of base salary, cash performance bonuses and the possibility of awards of Common Stock. Executive compensation for Investment Executives consists of a combination of commissions earned on the sale of preferred stock in Sponsored REITs and the possibility of awards of Common Stock.

Compensation Philosophy

The objectives of the executive compensation program are to align compensation with business objectives and individual performance and to enable the Company to attract, retain and reward executive officers who are expected to contribute to the long-term success of the Company. The Company's executive compensation philosophy is based on the principles of competitive and fair compensation and sustained performance.

It is important to note that the compensation of Management Executives, all of whom have been with the Company since its inception more than five years ago, has historically been based on the philosophy of low current salary with the potential to receive competitive and fair total cash compensation through performance bonuses at year end, subject to the Company's being able to pay such bonuses and still meet its targeted amount of earnings, dividends and cash available for distributions to stockholders ("CAD") for that year. It has been, and continues to be, the Company's belief that the Company's senior executives and other employees should not receive any bonus unless the Company has been profitable.

10

Management Executives have purposefully adhered to this policy because they are committed to the success of the Company and have considered it to be "investment spending" in the future of the Company. As the Company has created new positions in connection with its success and growth, however, the Company has implemented a policy of paying competitive and market value base salaries to the Company's other employees in addition to discretionary year-end bonuses. Because base salaries for Management Executives are below market and because bonuses are not guaranteed, Management Executives are at greater risk of not receiving competitive and fair compensation than the Company's other employees. Future upward compensation adjustments may bring base salaries for Management Executives more in line with salary levels for executives at comparable companies.

Competitive and Fair Compensation

The Company is committed to providing an executive compensation program that helps attract and retain highly qualified executives. To ensure that total cash compensation (salary and cash bonus for Management Executives and commissions for Investment Executives) is competitive, the Company compares its compensation practices for both Management Executives and Investment Executives with those of other companies in the industry and sets its compensation guidelines based on this review. The Company believes total cash compensation for its Management Executives and Investment Executives is within the range of total cash compensation paid to executives with comparable qualifications, experience, responsibilities and successful performance in the same or similar businesses and of comparable size and success.

Sustained Performance

Management Executives. Management Executives are rewarded based upon corporate performance and individual performance. Corporate performance is evaluated by reviewing the extent to which strategic and business plan goals are

Edgar Filing: FRANKLIN STREET PARTNERS LP - Form DEF 14A

met, including such factors as levels and quality of property acquisitions by Sponsored REITs, performance of properties in the Company's portfolio, levels of equity sales of Sponsored REITs and the achievement of the Company's earnings and CAD goals. Individual performance is evaluated by reviewing attainment of specified individual objectives and the degree to which teamwork and Company values are fostered.

In evaluating each Management Executive's performance, the Company generally follows the following process:

- o Company and individual goals and objectives generally are set at the beginning of the performance cycle (calendar year).
- o At the end of the performance cycle, the accomplishment of the executive's goals and objectives and his/her contributions to the Company are evaluated, and the results are communicated to the executive.
- o The comparative results, compared with comparative compensation practices of other companies in the industry, are then used to determine cash bonus and stock compensation levels.

11

Any increases in annual salaries and payment of bonus awards is based on actual corporate and individual performance against targeted performance and various subjective performance criteria. Targeted performance criteria vary for each executive based on his/her area of responsibility, and may include achievement of specific acquisition goals, achievement of specific property performance goals, continued innovation in development of the Company's infrastructure, achievement of the operating budget for the Company as a whole or of a business group of the Company, and achievement of specific earnings and CAD goals. Subjective performance criteria include an executive's ability to motivate others, develop the skills necessary to grow as the Company matures, recognize and pursue new business opportunities and initiate programs to enhance the Company's growth and success. The Board of Directors does not use a specific formula based on these targeted performance and subjective criteria, but instead makes an evaluation of each executive officer's contribution in light of all such criteria.

Investment Executives. As is standard practice in the investment industry, Investment Executives earn as commission a percentage of payout of the gross sales commission paid to FSP Investments LLC on each investment sale. The actual amount of compensation earned as commissions is determined by the level of sales conducted by each individual. An investment executive's ability to earn is limited only by the amount of equity available to be sold. Accordingly, the Board of Directors does not set the level of compensation for the executive officers who are Investment Executives. The Board of Directors does, however, determine the percentage of payout that is paid to the Investment Executives based upon industry standards.

Stock Awards. The Board of Directors considers stock incentives to be an important component of the compensation package for Management Executives and Investment Executives because awards of stock help align the interests of executive officers with the interests of the Company's stockholders. Stock awards have been made in the past to the executive officers in recognition of their contributions in the initial start-up phase (first five years) of the Company and the Board of Directors intends to consider the granting of stock awards in the future. In determining the total number of shares of Common Stock to be granted to executive officers in a given year, the Board of Directors

Edgar Filing: FRANKLIN STREET PARTNERS LP - Form DEF 14A

takes into account the number of outstanding shares of Common Stock, the number of shares of Common Stock reserved for issuance under the 2002 Stock Incentive Plan, the recent performance of the Company and the executive officer's contribution to the success of the Company, including, in the case of Management Executives, the executive's success in achieving the individual performance criteria described above.

It is the intention of the Company that stock awards will be considered annually as part of a total compensation package for all employees. This is one of the reasons that the Company is recommending approval of the 2002 Stock Incentive Plan. In determining the total number of shares of Common Stock to be issued to employees in a given year, the Board of Directors intends to take into account the number of outstanding shares of Common Stock, the number of shares of Common Stock reserved for issuance under the 2002 Stock Incentive Plan, recommendations of management concerning stock grants to employees, the employee's position with the Company, his or her contribution to the success of the Company, the Company's projected hiring needs for the coming year and the recent performance of the Company. The Board also takes into consideration the fact that the issuance of stock is dilutive to the Company's stockholders and would not be in the best interests of the stockholders if targeted financial results were not being attained. Any stock award will be initiated, voted on and approved by the Board of Directors, or by the compensation committee if the Board of Directors forms such a committee, prior to granting of such awards.

Mr. Carter's 2001 Compensation

Mr. Carter is one of the original founders of the Company. Mr. Carter was the managing member of FSP General Partner LLC, the general partner of the Partnership, the predecessor to the Company, and was elected to serve as the CEO and President of the Company upon its corporate restructuring which was effective in January 2002. Mr. Carter participates in the same executive compensation plans available to the other corporate management executive officers of the Company. Mr. Carter's base salary for 2001 was \$120,000. Mr. Carter was also paid \$33,152 in cash bonus in 2001. During 2001, the Company issued 69,565.22 Units, at a total value of \$800,000, to Mr. Carter. Mr. Carter's equity award during 2000 and 2001 was in recognition of his prior years' (which included providing the initial start-up funds) and ongoing contributions and not solely in recognition of his 2000 and 2001 contribution. Mr. Carter's 2001 salary and bonus were based upon a number of factors, which included the Company's:

- o completing the acquisition of five new operating real estate properties on behalf of Sponsored REITs;
- o completing six syndications of preferred stock on behalf of Sponsored REITs totaling in excess of \$203 million;
- o generating CAD in excess of dividend goals for the year; and
- o completing the restructuring of the Company into a corporate format, intended to operate for tax purposes as a real estate investment trust ("REIT").

The Board also considered that throughout the past year, Mr. Carter maintained his focus and discipline on the Company's business plan and investment philosophy and effectively and efficiently managed the Company's resources.

Report of the Audit Committee of the Board of Directors

The Audit Committee of the Company's Board of Directors acts under a written charter first adopted and approved in January 2002. A copy of this charter is attached to this proxy statement as Appendix A.

13

The Audit Committee reviewed the Company's audited financial statements for the fiscal year ended December 31, 2001 and discussed these financial statements with the Company's management. Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with accounting principles generally accepted in the United States of America and to issue a report on those financial statements. As appropriate, the Audit Committee reviews and evaluates, and discusses with the Company's management, internal accounting, financial and auditing personnel and the independent auditors, the following:

- o the plan for, and the independent auditors' report on, each audit of the Company's financial statements;
- o the Company's financial disclosure documents, including all financial statements and reports filed with the Securities and Exchange Commission or sent to stockholders;
- o management's selection, application and disclosure of critical accounting policies;
- o changes in the Company's accounting practices, principles, controls or methodologies;
- o significant developments or changes in accounting rules applicable to the Company; and
- o the adequacy of the Company's internal controls and accounting, financial and auditing personnel.

The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards 61 (Communication with Audit Committees) with PricewaterhouseCoopers LLP, the Company's independent auditors. SAS 61 requires the Company's independent auditors to discuss with the Company's Audit Committee, among other things, the following:

- o methods to account for significant unusual transactions;
- o the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

Edgar Filing: FRANKLIN STREET PARTNERS LP - Form DEF 14A

- o the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and
- o disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1

14

(Independence Discussions with Audit Committees). Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. The Audit Committee discussed with the independent auditors the matters disclosed in this letter and their independence from the Company. The Audit Committee also considered whether the independent auditors' provision of the other, non-audit related services which are referred to under the heading "Independent Auditor Fees and Other Matters" is compatible with maintaining such auditor's independence.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001.

Stock Performance Graph

The following graph compares the cumulative total stockholder return on the Units of limited partnership interests of the Partnership between December 31, 1998 and December 31, 2001 with the cumulative total return of (1) the Russell 2000 Total Return Index, (2) the Standard & Poor's 500 Composite Stock Price Index ("S&P 500") and (3) the NAREIT All Equity REIT Index, over the same period. This graph assumes the investment of \$100.00 on December 31, 1998 in Units of the Partnership's limited partnership interests and assumes any distributions are reinvested. Pursuant to the Merger, each Unit was converted into one share of Common Stock.

Notes to Graph:

- (1) Because there was no market for Franklin Street's Units, the price per Unit used in the calculations set forth above for December 31, 1998, December 31, 1999 and December 31, 2000 is the price ascribed to a Unit in equity-for-equity mergers consummated by Franklin Street on January 1, 1999, January 1, 2000, and October 1, 2000, respectively. The price ascribed to the Units for the mergers took into account, among other factors, the lack of a trading market.
- (2) Because there was no market for Franklin Street's Units, the Board of Directors has made a good faith determination of the price per Unit as of December 31, 2001 for purposes of the calculations set forth above. In order to make the Unit price more comparable to publicly traded indices, the Board of Directors has not applied any discount to reflect the lack of a trading market.

PROPOSAL TO APPROVE THE 2002 STOCK INCENTIVE PLAN

On February 8, 2002, the Board of Directors of the Company adopted, subject to stockholder approval, the 2002 Stock Incentive Plan (the "2002 Plan"). Up to 2,000,000 shares of Common Stock (subject to adjustment in the event of stock splits and other similar events) may be issued at any future date pursuant to awards granted under the 2002 Plan.

The Board of Directors believes that the future success of the Company depends, in large part, upon the ability of the Company to maintain a competitive position in attracting, retaining and motivating key personnel.

Accordingly, the Board of Directors believes adoption of the 2002 Plan is in the best interests of the Company and its stockholders and recommends a vote "FOR" the approval of the 2002 Plan and the reservation of 2,000,000 shares of Common Stock for issuance thereunder at any future date.

Description of the 2002 Plan

The following is a brief summary of the 2002 Plan. The following summary is qualified in its entirety by reference to the 2002 Plan.

Common Stock Awards. The 2002 Plan provides for the granting of awards (each, an "Award") consisting of shares of common stock, \$.0001 par value per share, of the Company (the "Common Stock").

Eligibility to Receive Awards. Employees, officers, directors, consultants and advisors of the Company and its subsidiaries and of other business ventures in which the Company has a significant interest are eligible to be granted Awards under the 2002 Plan. The maximum number of shares with respect to which Awards may be granted to any participant under the 2002 Plan in any calendar year may not exceed the number of shares authorized for issuance under the 2002 Plan.

Plan Benefits. As of March 15, 2002, approximately 28 persons were eligible to receive Awards under the 2002 Plan, including the Company's six

Edgar Filing: FRANKLIN STREET PARTNERS LP - Form DEF 14A

executive officers and directors. The granting of Awards under the 2002 Plan is discretionary, and the Company cannot now determine the number of Awards to be granted in the future to any particular person or group.

The fair market value of the Company's Common Stock, as determined in good faith by the Board of Directors was \$13.73 per share on March 15, 2002.

Administration. The 2002 Plan is administered by the Board of Directors. The Board of Directors has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the 2002 Plan and to interpret the provisions of the 2002 Plan. Pursuant to the terms of the 2002 Plan, the Board of Directors may delegate authority under the 2002 Plan to one or more committees or subcommittees of the Board of Directors.

The Board of Directors, or any committee to whom the Board of Directors delegates authority, as the case may be, selects the recipients of Awards and determines (i) the number of shares of Common Stock covered by Awards and (ii) the terms and conditions of such Awards, including issue price, if any.

17

The Board of Directors is required to make appropriate adjustments in connection with the 2002 Plan and any outstanding Awards to reflect stock splits, stock dividends, recapitalizations, spin-offs and other similar changes in capitalization.

Amendment or Termination. The Board of Directors may at any time amend, suspend or terminate the 2002 Plan. If Stockholders do not approve the adoption of the 2002 Plan, the 2002 Plan will not go into effect, and the Company will not grant any Awards under the 2002 Plan. In such event, the Board of Directors will consider whether to adopt alternative arrangements based on its assessment of the needs of the Company.

Federal Income Tax Consequences

The following generally summarizes the United States federal income tax consequences that generally will arise with respect to Awards granted under the plan. This summary is based on the tax laws in effect as of the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

Stock Awards. A participant will have compensation income upon the grant of an award equal to the value of the stock less the purchase price, if any, paid for the stock. When the stock is sold, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. Any capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Tax Consequences to Us. There will be no tax consequences to the Company except that the Company will be entitled to a deduction when a participant has compensation income. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

OTHER MATTERS

Matters to be Considered at the Meeting

The Board of Directors does not know of any other matters which may come before the Annual Meeting. However, if any other matters are properly presented

Edgar Filing: FRANKLIN STREET PARTNERS LP - Form DEF 14A

to the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

Independent Public Accountants, Auditor Fees and Other Matters

Independent Public Accountants

The Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent accountants for fiscal 2002. PricewaterhouseCoopers has served as the Company's independent accountants since October 2001. Representatives of PricewaterhouseCoopers are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders.

18

On October 11, 2001, the Partnership dismissed BDO Seidman, LLP as its independent certified public accountant. The reports of BDO Seidman on the Partnership's financial statements for the fiscal years ended December 31, 2000 and 1999 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal years ended December 31, 2000 and 1999 and any subsequent interim period preceding the dismissal, there were (i) no disagreements with BDO Seidman on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BDO Seidman, would have caused it to make reference to the subject matter of the disagreements in connection with its reports and (ii) no reportable events as defined in Regulation S-K Item 304(a)(1)(iv). The executive officers of FSP General Partner LLC, the general partner of the Partnership, approved the change of accountants.

The Partnership solicited proposals from various accounting firms and following review of such proposals engaged PricewaterhouseCoopers to act as the Partnership's independent accountants effective October 11, 2001. During the fiscal years ended December 31, 2000 and 1999 and any subsequent interim period preceding the engagement, the Partnership did not consult PricewaterhouseCoopers regarding the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Partnership's financial statements, or any matter that was the subject of a disagreement or a reportable event.

Audit Fees

PricewaterhouseCoopers and BDO Seidman billed the Company an aggregate of \$89,125 and \$157,192, respectively, in fees for professional services rendered in connection with the audit of the Company's financial statements for the most recent fiscal year and the reviews of the financial statements included in each of the Company's Quarterly Reports on Form 10-Q during the fiscal year ended December 31, 2001.

Financial Information Systems Design and Implementation Fees

Neither PricewaterhouseCoopers nor BDO Seidman billed the Company for any professional services rendered to the Company and its affiliates for the fiscal year ended December 31, 2001 in connection with financial information systems design or implementation, the operation of the Company's information system or the management of its local area network.

Edgar Filing: FRANKLIN STREET PARTNERS LP - Form DEF 14A

All Other Fees

PricewaterhouseCoopers and BDO Seidman billed the Company an aggregate of \$38,000 and \$120,000, respectively, in fees for tax preparation services and audit-related services in connection with the Merger rendered to the Company and its affiliates for the fiscal year ended December 31, 2001.

19

Solicitation of Proxies

All costs of solicitation of proxies will be borne by the Company. In addition to solicitations by mail, the Company's directors, officers and employees, without additional remuneration, may solicit proxies by telephone, telegraph and personal interviews, and the Company reserves the right to retain outside agencies for the purpose of soliciting proxies. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and, as required by law, the Company will reimburse them for their out-of-pocket expenses in this regard.

Stockholder Proposals

Proposals of stockholders intended to be included in the Company's proxy statement for the 2003 Annual Meeting of Stockholders must be received by the Company at its principal office not later than December 6, 2002.

If a stockholder who wishes to make a proposal at the 2003 Annual Meeting--other than one that will be included in the Company's proxy materials--does not notify the Company by January 5, 2003, the proxies that management solicits for the meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before the meeting.

Important Notice Regarding Delivery of Security Holder Documents

The SEC has recently adopted a "householding" rule which we intend to implement for future stockholder communications. This rule permits us to deliver a single proxy or information statement to a household, even though two or more stockholders live under the same roof or a stockholder has shares registered in multiple accounts. This rule enables us to reduce the expense of printing and mailing associated with proxy statements and reduces the amount of duplicative information you may currently receive. If this rule applies to you and you wish to continue receiving separate proxy materials without participating in the "householding" rule, please check the designated box on the enclosed proxy card. If we do not hear from you within 60 days, we will assume that we have your implied consent to deliver one set of proxy materials under the new rule. This implied consent will continue for as long as you remain a stockholder of the Company, unless you inform us in writing otherwise. If you revoke your consent, we will begin sending separate copies within 30 days of the receipt of your revocation.

We will promptly deliver a separate copy of either document to you if you call or write us at the following address or phone number: Franklin Street Properties Corp., 401 Edgewater Place, Suite 200, Wakefield, Massachusetts 01880, (781) 557-1300. If you want to receive separate copies of the annual report and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact us at the above address and phone number.

FRANKLIN STREET PROPERTIES CORP.

2002 STOCK INCENTIVE PLAN

1. Purpose

The purpose of this 2002 Stock Incentive Plan (the "Plan") of Franklin Street Properties Corp., a Maryland corporation (the "Company"), is to advance the interests of the Company's stockholders by enhancing the Company's ability to attract, retain and motivate persons who make (or are expected to make) important contributions to the Company by providing such persons with equity ownership opportunities and performance-based incentives and thereby better aligning the interests of such persons with those of the Company's stockholders. Except where the context otherwise requires, the term "Company" shall include any of the Company's present or future parent or subsidiary corporations as defined in Sections 424(e) or (f) of the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder (the "Code") and any other business venture (including, without limitation, joint ventures, limited partnerships or limited liability companies) in which the Company has a controlling interest, as determined by the Board of Directors of the Company (the "Board").

Edgar Filing: FRANKLIN STREET PARTNERS LP - Form DEF 14A

2. Eligibility

All of the Company's employees, officers, directors, consultants and advisors are eligible to be granted awards (each, an "Award") consisting of shares of common stock, \$.0001 par value per share of the Company (the "Common Stock"), under the Plan. Each person who has been granted an Award under the Plan shall be deemed a "Participant".

3. Administration and Delegation

(a) Administration by Board of Directors. The Plan will be administered by the Board. The Board shall have authority to grant Awards and to adopt, amend and repeal such administrative rules, guidelines and practices relating to the Plan as it shall deem advisable. The Board may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem expedient to carry the Plan into effect and it shall be the sole and final judge of such expediency. All decisions by the Board shall be made in the Board's sole discretion and shall be final and binding on all persons having or claiming any interest in the Plan or in any Award. No director or person acting pursuant to the authority delegated by the Board shall be liable for any action or determination relating to or under the Plan made in good faith.

(b) Appointment of Committees. To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to one or more committees or subcommittees of the Board (a "Committee"). All references in the Plan to the "Board" shall mean the Board or a Committee of the Board to the extent that the Board's powers or authority under the Plan have been delegated to such Committee.

B-1

4. Stock Available for Awards

Subject to adjustment under Section 6, Awards may be made under the Plan for up to 2,000,000 shares of Common Stock. The maximum number of shares of Common Stock with respect to which Awards may be granted to any Participant under the Plan during any calendar year shall be the number of shares authorized for issuance under the Plan pursuant to this Section 4. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

5. Terms and Conditions of Awards

The Board shall determine the terms and conditions of any Awards at the time of grant, including the issue price, if any.

6. Adjustments for Changes in Capitalization

In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any distribution to holders of Common Stock other than a normal cash dividend, the number and class of securities available under this Plan shall be appropriately adjusted by the Company to the extent the Board shall determine, in good faith, that such an adjustment is necessary and appropriate.

7. General Provisions Applicable to Awards

Edgar Filing: FRANKLIN STREET PARTNERS LP - Form DEF 14A

(a) Documentation. Each Award shall be evidenced in such form (written, electronic or otherwise) as the Board shall determine. Each Award may contain terms and conditions in addition to those set forth in the Plan.

(b) Board Discretion. Except as otherwise provided by the Plan, each Award may be made alone or in addition or in relation to any other Award. The terms of each Award need not be identical, and the Board need not treat Participants uniformly.

(c) Withholding. Each Participant shall pay to the Company, or make provision satisfactory to the Board for payment of, any taxes required by law to be withheld in connection with Awards to such Participant no later than the date of the event creating the tax liability. Except as the Board may otherwise provide in an Award, when the Common Stock is registered under the Securities Exchange Act of 1934, as amended, Participants may satisfy such tax obligations in whole or in part by delivery of shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their fair market value as determined by (or in a manner approved by) the Board in good faith; provided, however, that the total tax withholding where stock is being used to satisfy such tax obligations cannot exceed the Company's minimum statutory withholding obligations (based on minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that are applicable to such supplemental taxable income). The Company may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to a Participant.

B-2

(d) Conditions on Delivery of Stock. The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan until (i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and regulations, and (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.

8. Miscellaneous

(a) No Right To Employment or Other Status.
