Item 1.01. Entry into a Material Definitive Agreement

1. Senior Secured Term Loan Facility

Overview

On July 6, 2007, in connection with the Merger, the Company entered into a credit agreement and related security and other agreements, with Goldman Sachs Credit Partners L.P., Citigroup Global Markets Inc., Lehman Brothers Inc. and Wachovia Capital Markets, LLC, each as joint lead arranger and joint bookrunner, Citicorp North America, Inc., as administrative agent and collateral agent, Goldman Sachs Credit Partners L.P., as syndication agent, and Lehman Commercial Paper Inc. and Wachovia Bank, National Association, as documentation agents, consisting of a \$2,300.0 million senior secured term loan facility (the “Term Loan Credit Facility”). The following is a summary of the material terms of the Term Loan Credit Facility and is qualified in its entirety by reference to the copy of the Term Loan Credit Facility that is filed as Exhibit 4.2 to this Current Report on Form 8-K.

The Term Loan Credit Facility consists of two tranches, one of which is a “first-loss” tranche, which, in certain circumstances, is subordinated in right of payment to the other tranche of the Term Loan Credit Facility.

The Company is the borrower under the Term Loan Credit Facility.

The Term Loan Credit Facility provides that the Company has the right at any time to request up to \$325.0 million of incremental commitments under one or more incremental term loan facilities and/or asset-based revolving credit facilities. The lenders under the Term Loan Credit Facility are not under any obligation to provide any such incremental commitments and any such addition of or increase in commitments under the Term Loan Credit Facility will be subject to the Company’s not exceeding certain senior secured leverage ratios and certain other customary conditions precedent. The Company’s ability to obtain extensions of credit under these incremental commitments under the Term Loan Credit Facility is also subject to the same conditions as extensions of credit under the under the Term Loan Credit Facility.

Interest Rate and Fees

Borrowings under the Term Loan Credit Facility bear interest at a rate equal to an applicable margin plus, at the Company’s option, either (a) a LIBOR rate adjusted for certain additional costs or (b) a base rate, in each case plus a spread. The applicable margin for borrowings is 2.75% with respect to LIBOR borrowings and 1.75% with respect to base-rate borrowings.

Prepayments

The credit agreement requires the Company to prepay outstanding term loans, subject to certain exceptions, with:

- 50% of the Company's annual excess cash flow (as defined in the Term Loan Credit Facility) commencing with the fiscal year ending on or about January 31, 2008 (which percentage will be reduced to 25% and 0% if the Company achieves and maintains a total net leverage ratio of 6.0 to 1.0 and 5.0 to 1.0, respectively);
- 100% of the net cash proceeds of all non-ordinary course asset sales or other dispositions of property in excess of \$25.0 million and subject to the Company's right to reinvest the proceeds; and
- 100% of the net cash proceeds of any incurrence of debt, other than proceeds from debt permitted under the credit agreement.

The foregoing mandatory prepayments will be applied to the Term Loan Credit Facility as directed by the credit agreement.

The Company may voluntarily repay outstanding loans under the Term Loan Credit Facility at any time without premium or penalty, other than customary "breakage" costs with respect to LIBOR loans.

Amortization

Beginning September 30, 2009, the Company is required to repay installments on the loans under the Term Loan Credit Facility in equal quarterly principal amounts in an aggregate amount per annum equal to 1% of the total funded principal amount, with the balance payable on July 6, 2014.

Guarantee and Security

Pursuant to a Guarantee, dated as of July 6, 2007, among the U.S. Guarantors (as defined below) and Citicorp North America, Inc. (filed as Exhibit 4.3 to this Current Report on Form 8-K), all obligations under the Term Loan Credit Facility are unconditionally guaranteed by substantially all of the Company's existing and future domestic subsidiaries (excluding certain immaterial subsidiaries and certain subsidiaries designated by the Company under the credit agreement as "unrestricted subsidiaries"), referred to, collectively, as U.S. Guarantors.

Pursuant to a Security Agreement and a Pledge Agreement, each dated as of July 6, 2007, each among the Company, the U.S. Guarantors and Citicorp North America, Inc. (filed as Exhibits 4.4 and 4.5, respectively, to this Current Report on Form 8-K), all obligations under the Term Loan Credit Facility and the guarantees of those obligations will be secured by:

- a second-priority security interest in all existing and after-acquired inventory, accounts receivable, and other assets arising from such inventory and accounts receivable, of the Company and each U.S. Guarantor (the "Revolving Facility Collateral"), subject to certain exceptions;

- a first priority security interest in, and mortgages on, substantially all of the tangible and intangible assets of the Company and each U.S. Guarantor (other than the Revolving Facility Collateral); and
- a first-priority pledge of 100% of the capital stock held by the Company, or any of the Company's domestic subsidiaries that are directly owned by us or one of the U.S. Guarantors and 65% of the voting capital stock of each of the Company's existing and future foreign subsidiaries that are directly owned by the Company or one of the U.S. Guarantors.

Certain Covenants and Events of Default

The credit agreement contains a number of covenants that, among other things, restrict, subject to certain exceptions, the Company's ability to:

- incur additional indebtedness;
 - sell assets;
- pay dividends and distributions or repurchase the Company's capital stock;
 - make investments or acquisitions;
- repay or repurchase subordinated indebtedness (including the senior subordinated notes discussed below) and the senior notes discussed below;
- amend material agreements governing the Company's subordinated indebtedness (including the senior subordinated notes discussed below) or the Company's senior notes discussed below; and
 - change the Company's lines of business.

The credit agreement for the Term Loan Credit Facility also contains certain customary affirmative covenants and events of default.

Certain Relationships

The lenders or their affiliates have in the past engaged, and may in the future engage, in transactions with and perform services, including commercial banking, financial advisory and investment banking services, for the Company and its affiliates in the ordinary course of business for which they have received or will receive customary fees and expenses. Funds controlled by GS Capital Partners, an affiliate of Goldman, Sachs & Co. indirectly own approximately 20.5% of the shares of the Company after the Merger on a fully diluted basis. Funds managed by Citigroup Private Equity LP, an affiliate of Citigroup Global Markets Inc. and Citigroup North America, Inc. indirectly own approximately 6.8% of the shares of the Company after the Merger on a fully diluted basis. In connection with the Merger, Citigroup Global Markets Inc., Wachovia Capital Markets, LLC, Goldman, Sachs & Co. and Lehman Brothers Inc. have provided financial advisory services to, and will receive financial advisory fees from, the Company, the Investors and their affiliates. Affiliates of the lenders acted as initial purchasers of

the notes issued under the Indentures described below and participated in other financing aspects relating to the Merger. Goldman, Sachs & Co. acted as dealer manager for the tender offer for certain indebtedness refinanced in connection with the Merger. Messrs. Adrian Jones and Sumit Rajpal, who have become directors of the Company following the Merger, serve as directors of HealthMarkets, Inc. Mr. Jones also serves as a director of Burger King Holdings, Inc., Education Management Corporation and Signature Hospital, LLC. Mr. Rajpal also serves as a director of USI Holdings Corporation. All such entities are partly or wholly owned by an affiliate of Goldman, Sachs & Co.

2. Senior Secured Asset-Based Revolving Credit Facility

Overview

On July 6, 2007, in connection with the Merger, the Company entered into an ABL credit agreement and related security and other agreements, with Goldman Sachs Credit Partners L.P., Citigroup Global Markets Inc., Lehman Brothers Inc. and Wachovia Capital Markets, LLC, each as joint lead arranger and joint bookrunner, CIT Capital Securities LLC, as lead arranger of the tranche A-1 loan facility, The CIT Group/Business Credit, Inc., as administrative agent, collateral agent, swingline lender and letter of credit issuer, Goldman Sachs Credit Partners L.P., as syndication agent, and Lehman Commercial Paper Inc. and Wachovia Bank, National Association, as documentation agents, consisting of a senior secured asset-based revolving credit facility of up to \$1,125.0 million (of which up to \$350.0 million will be available for letters of credit), subject to borrowing base availability (the “Asset-Based Credit Facility”). The following is a summary of the material terms of the Asset-Based Credit Facility and is qualified in its entirety by reference to the copy of the Asset-Based Credit Facility that is filed as Exhibit 4.6 to this Current Report on Form 8-K.

The Company is the primary borrower under the Asset Based Credit Facility and, in addition, certain subsidiaries of the Company are designated as borrowers. The Asset Based Credit Facility includes borrowing capacity available for letters of credit and for short-term borrowings referred to as swingline loans.

The Asset Based Credit Facility provides that the Company has the right at any time to request up to \$325.0 million of incremental commitments under one or more incremental term loan facilities and/or the Asset Based Credit Facility. The lenders under the Asset Based Credit Facility are not under any obligation to provide any such incremental commitments and any such addition of or increase in commitments under the Asset Based Credit Facility will be subject to the Company’s not exceeding certain senior secured leverage ratios and certain other customary conditions precedent. The Company’s ability to obtain extensions of credit under these incremental commitments under the Asset Based Credit Facility is also subject to the same conditions as extensions of credit under the Asset Based Credit Facility.

The amount from time to time available under the Asset Based Credit Facility (including in respect of letters of credit) shall not exceed the borrowing base. The borrowing base equals the sum of (i) 85% of the net orderly liquidation value of all eligible inventory of the Company and each guarantor thereunder and (ii) 90% of all accounts receivable and credit/debit card receivables of the Company and each co-borrower and each guarantor thereunder, in each case, subject to a reserve equal to the principal amount of the Company 8 5/8% notes due 2010 that remain outstanding at any time on or after the closing date and other customary reserves and eligibility criteria to be agreed. An additional 10% to 12% of the net orderly liquidation value of all eligible inventory of the Company and each guarantor thereunder is made available to the Company in the form of a “last out” tranche in respect of which the Company may borrow up to a maximum

amount of \$125.0 million. Borrowings under the Asset Based Credit Facility will be incurred first under the “last out” tranche, and no borrowings will be permitted under any other tranche until the “last out” tranche is fully utilized. Repayments of the Asset Based Credit Facility will be applied to the “last out” tranche only after all other tranches have been fully paid down. The borrowings incurred under the “last out” tranche will be at a higher interest rate, as described under “Interest Rate and Fees” below.

Interest Rate and Fees

Borrowings under the Asset Based Credit Facility bear interest at a rate equal to an applicable margin plus, at the Company’s option, either (a) a LIBOR rate adjusted for certain additional costs or (b) a base rate, in each case plus a spread. The initial applicable margin for borrowings (except in the case of the “last out” tranche described above) is 1.50% with respect to LIBOR borrowings and 0.50% with respect to base-rate borrowings and for any “last out” borrowings is 2.25% with respect to LIBOR borrowings and 1.25% with respect to base-rate borrowings. The applicable margins for borrowings under the Asset Based Credit Facility (except in the case of “last out” borrowings) are subject to adjustment each quarter based on average daily excess availability under the Asset Based Credit Facility.

In addition to paying interest on outstanding principal under the Asset Based Credit Facility, the Company is required to pay a commitment fee to the lenders under the Asset Based Credit Facility in respect of the unutilized commitments thereunder. The initial commitment fee rate is 0.375% per annum. The commitment fee rate will be reduced (except with regard to the “last out” tranche) to 0.25% per annum at any time that excess availability under the Asset Based Credit Facility is equal to or less than 50% of the aggregate commitments under the Asset Based Credit Facility. The Company must also pay customary letter of credit fees.

Prepayments

The credit agreement for the Asset Based Credit Facility requires the Company to prepay the Asset Based Credit Facility, subject to certain exceptions, with:

- 100% of the net cash proceeds of all non-ordinary course asset sales or other dispositions of Revolving Facility Collateral (as defined below) in excess of \$1.0 million and subject to the Company’s right to reinvest the proceeds; and
- to the extent such extensions of credit exceed the then current borrowing base (as defined in the credit agreement for the Asset Based Credit Facility).

The Company may voluntarily repay outstanding loans under the Asset Based Credit Facility at any time without premium or penalty, other than customary “breakage” costs with respect to LIBOR loans.

Letters of Credit

\$350.0 million of the Company’s Asset Based Credit Facility is available for letters of credit.

Amortization

There is no amortization under the Asset Based Credit Facility. The entire principal amounts (if any) outstanding under the Asset Based Credit Facility are due and payable in full at maturity, on July 6, 2013, on which day the commitments thereunder will terminate.

Security

Pursuant to a Security Agreement, dated as of July 6, 2007, among the Company, the subsidiary borrowers and The CIT Group/Business Credit, Inc. (filed as Exhibit 4.7 to this Current Report on Form 8-K), all obligations under the Asset Based Credit Facility are secured by all existing and after-acquired inventory, accounts receivable, and other assets arising from such inventory and accounts receivable, of the Company and each subsidiary borrower (the “Revolving Facility Collateral”), subject to certain exceptions.

Certain Covenants and Events of Default

The credit agreement contains a number of covenants that, among other things, restrict, subject to certain exceptions, the Company’s ability to:

- incur additional indebtedness;
- sell assets;
- pay dividends and distributions or repurchase the Company’s capital stock;
- make investments or acquisitions;
- repay or repurchase subordinated indebtedness (including the senior subordinated notes discussed below) and the senior notes discussed below;
- amend material agreements governing the Company’s subordinated indebtedness (including the senior subordinated notes discussed below) or the Company’s senior notes discussed below; and
- change the Company’s lines of business.

Although the Asset Based Credit Facility does not require the Company to comply with any financial ratio maintenance covenants, if it has less than \$75.0 million of excess availability under the Asset Based Credit Facility at any time, the Company is not permitted to borrow any additional amounts thereunder unless the Company meets a financial ratio set forth in the Asset Based Credit Facility.

The credit agreement for the Asset Based Credit Facility also contains certain customary affirmative covenants and events of default.

See also “Certain Relationships” under “1. Senior Secured Term Loan Facility” above.

4. Registration Rights Agreement

On July 6, 2007, Merger Sub, the Company and the subsidiary guarantors entered into a registration rights agreement with respect to the notes with Goldman, Sachs & Co., Citigroup Global Markets Inc., Wachovia Capital Markets, LLC, and Lehman Brothers Inc., as initial purchasers of the notes (the “Initial Purchasers”). The following is a summary of the material terms of the registration rights agreement and is qualified in its entirety by reference to the copy of the registration rights agreement that is filed as Exhibit 4.10 to this Current Report on Form 8-K. In the registration rights agreement, the Company has agreed that it will use its commercially reasonable efforts to register with the Securities and Exchange Commission notes having substantially identical terms as the senior notes and notes having substantially identical terms as the senior subordinated notes as part of offers to exchange freely tradable exchange notes for each such series of notes.

On July 6, 2007, the Company entered into an employment agreement with David L. Beré to serve as interim Chief Executive Officer until the earlier of (i) the Company’s appointment of a new Chief Executive Officer or (ii) December 31, 2007. The employment agreement may be extended by mutual agreement of the parties for a period of three months following the date such new chief executive officer’s employment with the Company commences and may also be extended to provide for Mr. Beré’s services as President and Chief Operating Officer. 6. 2007 Stock Incentive Plan for Key Employees of Dollar General Corporation and its Affiliates

In connection with the Merger, the Company established the Dollar General Corporation 2007 Stock Incentive Plan (the "Plan"). The Plan is designed to promote the long term financial interests and growth of the Company and its subsidiaries by attracting and retaining management and other personnel and key service providers with the training, experience and ability to enable them to make a substantial contribution to the success of the Company's business, motivate management personnel by means of growth-related incentives to achieve long range goals and further the alignment of interests of participants with those of the stockholders of the Company through opportunities for increased stock, or stock-based ownership in the Company.

The Plan permits the granting of awards covering 4% of the fully diluted equity of the Company immediately after consummation of the Merger. A portion of the options under the Plan will vest solely based upon continued employment over a specific period of time ("Time Vesting Options"), and a portion of the options will vest based both upon continued employment over a specific period of time and upon the achievement of predetermined performance targets over time ("Performance Vesting Options"). Options under the Plan will be awarded pursuant to a Stock Option Agreement with the Company (the "Option Agreement"). A substantial majority of the options will have an exercise price which is the equivalent of \$5.00 per share. The Named Executive Officers, David Beré, David Tehle, Beryl Buley, Kathleen Guion, and Challis Lowe have been awarded options of 2,250,000; 1,100,000; 875,000; 875,000; and 675,000, respectively.

7. Management and Indemnity Agreements

On July 6, 2007, upon consummation of the Merger, certain affiliates of the Investors entered into a management agreement and an indemnity agreement with the Company. Pursuant to the management agreement, such entities are entitled to receive an aggregate annual management fee of \$5 million, which amount will increase 5% annually, and reimbursement of out-of-pocket expenses incurred in connection with the provision of services pursuant to the agreement. The management agreement will continue in effect from year to year, unless terminated upon a change of control of the Company or in connection with an initial public offering of the Company or if the parties mutually agree to terminate the agreement. In addition,

pursuant to the management agreement, such entities also received aggregate transaction fees of \$75 million in connection with certain services provided in connection with the Merger and related transactions. In addition, the management agreement provides that these entities will be entitled to receive a fee equal to 1% of the gross transaction value in connection with certain subsequent financing, acquisition, disposition, and change of control transactions, as well as a termination fee based on the net present value of future payment obligations under the management agreement in the event of an initial public offering or under certain other circumstances. Pursuant to the terms of the indemnity agreement, the Company has agreed to customary exculpation and indemnification provisions in favor of these entities and their affiliates.

8. Rollover Agreements

In connection with the Merger, certain members of management entered into agreements with the Company and/or Parent, pursuant to which they elected to invest in the Company, as the surviving corporation in the Merger, through a cash investment, a rollover of employee stock options, a rollover of shares of common stock of the Company, or a combination thereof.

9. Stockholder Agreements

In connection with the Merger, certain members of management entered into stockholder agreements with the Company. The stockholder agreements, among other things, contain agreements among the parties with respect to restrictions on the transfer of the shares, including tag along rights, drag along rights, registration rights (including customary indemnification provisions) and call options and put options.

10. Supplemental Indenture

As previously disclosed, Merger Sub received the requisite consents to the proposed amendments to the indenture pursuant to which the Company's 8 5/8% Notes due June 15, 2010 were issued. The amendments contained in the supplemental indenture have now become operative upon the Company's purchase of the tendered notes, which occurred on July 7, 2006. The amendments contained in the supplemental indenture eliminate substantially all of the restrictive covenants contained in that indenture. The foregoing summary of the supplemental indenture is qualified in its entirety by reference to the copy of the supplemental indenture that is filed as Exhibit 4.11 to this Current Report on Form 8-K.
