(A Development Stage Company)
Notes to the Financial Statements
September 30, 2002 and December 31, 2001

NOTE 1 - BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying unaudited condensed financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted in accordance with such rules and regulations. The information furnished in the interim condensed financial statements include normal recurring adjustments and reflects all adjustments, which, in the opinion of management, are necessary for a fair presentation of such financial statements. Although management believes the disclosures and information presented are adequate to make the information not misleading, it is suggested that these interim condensed financial statements be read in conjunction with the Company's most recent audited financial statements and notes thereto included in its December 31, 2002 Annual Report on Form 10-KSB. Operating results for the nine months ended September 30, 2002 are not necessarily indicative of the results that may be expected for the year ending December 31, 2002.

NOTE 2 - GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease development of operations.

In order to continue as a going concern, develop a reliable source of revenues, and achieve a profitable level of operations the Company will need, among other things, additional capital resources. Management's plans to continue as a going concern include raising additional capital through sales of common stock. However, management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Item 2. Management's Discussion and Analysis or Plan of Operation.

Plan of Operation.

The Company has not engaged in any material operations since the calendar year ended December 31, 1985, or during the quarterly period ended September 30, 2002.

The Company's plan of operation for the next 12 months is to:(i) consider guidelines of industries in which the Company may have an interest; (ii) adopt a business plan regarding engaging in business in any selected industry; and (iii) to commence such operations through funding and/or the acquisition of a "going concern" engaged in any industry selected.

During the next 12 months, the Company's only foreseeable cash requirements will relate to maintaining the Company in good standing or the payment of expenses associated with reviewing or investigating any potential industries as a business venture, which the Company expects to pay from its cash resources or loans from makers of management.

Results of Operations.

During the quarterly period ended September 30, 2002, the Company had no business operations. During this period, the Company received total revenues of \$0 and had a net loss of \$2,075, as compared to the quarterly period ended September 30, 2001, when the Company received total revenues of \$0 and had a net loss of \$865.

For the nine months ended September 30, 2002, the Company received total revenues of \$0 and had a net loss of \$7,694, as compared to the nine months ended September 30, 2001, when the Company received total revenues of \$0 and had a net loss of \$9,757.

Liquidity.

At June 30, 2002, the Company had \$0 in current assets, with total current liabilities of \$63,585. Total stockholders' equity was (\$63,585).

Item 3. Controls and Procedures.

(a) Evaluation of Disclosure Controls and Procedures

New Environmental's President and Secretary/Treasurer have evaluated the company's disclosure controls and procedures as of November 6, 2002, and they concluded that these controls and procedures are effective.

(b) Changes in Internal Controls

There are no significant changes in internal controls or in other factors that could significantly affect these controls subsequent to November 5, 2002.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

None; not applicable.

Item 2. Changes in Securities.

None; not applicable.

Item 3. Defaults Upon Senior Securities.
