NOTES TO FINANCIAL STATEMENTS
(Unaudited)

Note 1

In the opinion of management, the unaudited consolidated financial statements include all adjustments (consisting of only normal, recurring adjustments) necessary to present fairly the financial position as of February 25, 2006, the cash flows for the three months ended February 25, 2006 and February 26, 2005, and the results of operations for the three months ended February 25, 2006 and February 26, 2005. Unaudited financial statements are prepared on a basis substantially consistent with those audited for the year ended November 30, 2005. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States have been condensed or omitted pursuant to the rules and regulations promulgated by the Securities and Exchange Commission. However, management believes that the disclosures contained are adequate to make the information presented not misleading.

Note 2

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates

Edgar Filing: MICROPAC INDUSTRIES INC - Form 10QSB

and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of sales and expenses during the reporting period. Actual results could differ from those estimates.

Note 3

The Company is in compliance with these covenants. The Company has not, to date, used any of the available line of credit.

Note 6

Basic and diluted earnings per share are computed based upon the weighted average number of shares outstanding during the year. Diluted earnings per share gives effect to all dilutive potential common shares. For the three months ended February 25, 2006 and February 26, 2005, the Company had no dilutive potential common stock.

Cautionary Statement

This Form 10-QSB contains forward-looking statements that are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Actual results could differ materially. Investors are warned that forward-looking statements involve risks and unknown factors including, but not limited to, customer cancellation or rescheduling of orders, problems affecting delivery of vendor-supplied raw materials and components, unanticipated manufacturing problems and availability of direct labor resources.

8

Such risks and uncertainties include, but are not limited to historical volatility and cyclicity of the semiconductor and semiconductor capital equipment markets that are subject to significant and often rapid increases and decreases in demand. In addition, the Company produces silicon phototransistors and light emitting diode die for use in certain military, standard and custom products. Fabrication efforts sometimes may not result in successful results, limiting the availability of these components. Competitors offer commercial level alternatives and our customers may purchase our competitors' products if the Company is not able to manufacture the products using these technologies to meet the customer demands. Approximately \$1,740,000 of the Company's backlog is dependent on these semiconductors.

The Company disclaims any responsibility to update the forward-looking statements contained herein, except as may be required by law.
