 =====

1. Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of the management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the six months ended December 31, 2002 are not necessarily

Edgar Filing: MISONIX INC - Form 10-Q/A

indicative of the results that may be expected for the year ending June 30, 2003.

The balance sheet at June 30, 2002 has been derived from the audited financial statements at that date, but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended June 30, 2002.

5. Loans to Affiliates

Hearing Innovations, Inc.

During fiscal 2003, the Company entered into seven loan agreements whereby Hearing Innovations, Inc. ("Hearing Innovations") is required to pay the Company an aggregate amount of \$159,666 due November 30, 2003. All notes bear interest at 8% per annum. The notes are secured by a lien on all of Hearing Innovations' right, title and interest in accounts receivable, inventory, property, plant and equipment and processes of specified products whether now existing or arising after the date of these agreements. The loan agreements contain warrants to acquire 159,666 shares of Hearing Innovations common stock, at the option of the Company, at a cost of \$.10 to \$1.00 per share. These warrants, which are deemed nominal in value, expire in October 2005. The Company recorded an allowance against the entire balance of \$159,666 for the above loans. The related expense has been included in loss on impairment of investments in the accompanying consolidated statements of operations. The Company believes the loans and related interest are impaired since the Company does not anticipate that these loans will be paid in accordance with the contractual terms of the loan agreements.
