PROXY STATEMENT

GENERAL INFORMATION

PROXY STATEMENT AND SOLICITATION OF PROXIES

Solicitation by Board. This proxy statement is being furnished in connection with the solicitation of proxies by our Board of Directors for use at our Annual Meeting of Stockholders to be held on May 21, 2003.

Solicitation of Proxies and Related Expenses. All expenses incurred in connection with this solicitation shall be borne by us. It is contemplated that this solicitation of proxies will be made primarily by mail; however, if it should appear desirable to do so in order to ensure adequate representation at the meeting, our directors, officers and employees may communicate with stockholders, brokerage houses and others by telephone, facsimile or electronic transmission or in person to request that proxies be furnished. We may reimburse banks, brokerage houses, custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy materials to the beneficial owners of the shares held by them. We have retained MacKenzie Partners, Inc. to assist in the solicitation of proxies for a fee of \$5,000, plus out-of-pocket expenses.

Mailing Date. This proxy statement and the accompanying proxy are being mailed on or about April 18, 2003 to our stockholders of record as of the close of business on April 3, 2003, which is the record date for the determination of stockholders entitled to receive notice of and to vote at the meeting.

Shares Outstanding. As of the record date, there were 38,654,616 shares of common stock outstanding and entitled to vote. Each stockholder is entitled to one vote for each share of common stock held as of the record date.

Voting Rights. A majority of shares entitled to vote, represented in person or by proxy, will constitute a quorum at the annual meeting. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting for the purpose of determining whether a quorum is present, and each is tabulated separately. Abstentions will be treated as shares present and entitled to vote for purposes of any matter requiring the affirmative vote of a majority or other proportion of the shares present and entitled to vote. Abstentions or broker non-votes or other failures to vote will have no effect in the election of directors. In determining whether any other proposal has been approved, abstentions are counted as votes against a proposal and broker non-votes are not counted.

Vote Required. A quorum is required for the approval of any of the proposals set forth herein. Directors will be elected by a plurality of the votes cast. The approval of any other proposal to be considered at the annual meeting requires the affirmative vote of the holders of a majority of the shares present and entitled to vote at the annual meeting in person or by proxy.

Edgar Filing: NEWPORT CORP - Form DEF 14A

Voting of Proxies. The persons named as proxies in the accompanying proxy were designated by our Board and are our officers. All proxies that are properly completed, signed and returned to us prior to the meeting, and not revoked, will be voted in accordance with the instructions given in the proxy. If a choice is not specified in the proxy, the proxy will be voted FOR election of the director nominees listed therein, FOR the approval of the amendment and restatement of our Employee Stock Purchase Plan, and FOR ratification of our appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2003.

Revoking a Proxy. Any proxy may be revoked or superseded by executing a later proxy or by giving notice of revocation in writing prior to, or at, the annual meeting, or by attending the annual meeting and voting in person. Attendance at the annual meeting will not in and of itself constitute revocation of the proxy.

STOCKHOLDER NOMINATIONS AND PROPOSALS

In accordance with our bylaws, stockholders may submit a nomination of a candidate for election as director by delivering to our Corporate Secretary, not less than sixty days prior to the date of any meeting at which directors are to be elected, a notice setting forth (1) the name, age, business address and residence address of such nominee, (2) the principal occupation or employment of such nominee, (3) the number of shares of our capital stock which are beneficially owned by such nominee, and (4) other information concerning such nominee as would be required under the then-current rules of the Securities and Exchange Commission to be included in a proxy statement soliciting proxies for the election of the nominee. Any such notice shall be accompanied by a signed consent of such nominee to serve as a director, if elected. If our Board determines any nomination made by a stockholder was not made in accordance with the foregoing procedures, such nomination will be void, and any such determination by our Board shall be conclusive and binding on all persons.

Any stockholder desiring to submit a proposal for action at our 2004 annual meeting of stockholders and presentation in our proxy statement for such meeting should deliver the proposal to us at our principal place of business no later than December 19, 2003 in order to be considered for inclusion in our proxy statement relating to that meeting. Matters pertaining to proposals, including the number and length thereof, eligibility of persons entitled to have such proposals included and other aspects are regulated by the Securities Exchange Act of 1934, Rules and Regulations of the Securities and Exchange Commission and other laws and regulations to which interested persons should refer.

On May 21, 1998, the Securities and Exchange Commission adopted an amendment to Rule 14a-4, as promulgated under the Securities Exchange Act of 1934, as amended. The amendment governs our use of our discretionary proxy voting authority with respect to a stockholder proposal which is not addressed in our proxy statement. The amendment provides that if a proponent of a proposal fails to notify us at least 45 days prior to the current year's anniversary of the date of mailing of the prior year's proxy statement, then we will be allowed to use our discretionary voting authority when the proposal is raised at the meeting, without any discussion of the matter in the proxy statement. We anticipate that our next annual meeting will be held in May 2004. If we do not receive any stockholder proposals for our 2004 annual meeting before March 4, 2004, we will be able to use our voting authority as outlined above.

OTHER MATTERS

Management is not aware of any other matters that will be presented for consideration at our 2003 annual meeting. If any other matter not mentioned in this proxy statement is brought before the meeting, the proxy holders named in the enclosed proxy will have discretionary authority to vote all proxies with respect thereto in accordance with their judgment.

NEWPORT CORPORATE OFFICE

Our corporate offices are located at 1791 Deere Avenue, Irvine, California 92606.

OPTION GRANTS

The following table sets forth certain information concerning grants of options to the Named Executive Officers during the fiscal year ended December 31, 2002.

Option Grants in Last Fiscal Year

(Individual Grants)

Name	Number of Securities Underlying Options Granted	Percentage of Total Options Granted to Employees in Fiscal Year	Exercise Price per Share	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term	
					5%	10%
Robert G. Deuster						
Charles F. Cargile	40,000	3.81%	\$ 12.25	12/12/12	\$ 308,158	\$ 708,934
Jeffrey B. Coyne						
Kevin T. Crofton	50,000	4.77%	\$ 25.44	01/08/12	\$ 799,954	\$ 2,027,240
Gary J. Spiegel						

The figures above represent options granted pursuant to our 2001 Stock Incentive Plan. The option granted to Mr. Crofton vests in 25% increments on each of the four anniversaries of the grant date. The option granted to Mr. Cargile vests in 50% increments on the first and second anniversaries of the grant date. During 2002, we granted options to purchase a total of 1,048,539 shares of common stock to our employees. All of the options granted to our employees in 2002, including those granted to our Named Executive Officers, were granted at an exercise price equal to the fair market value of the common stock on the date of grant.

The potential realizable value represents amounts, net of exercise price before taxes that may be realized upon exercise of the options immediately prior to the expiration of their terms assuming appreciation of 5% and 10% over the option term. The amounts are calculated by first taking the market price of our common stock on the grant date and calculating an assumed value at the end of the ten-year option term based on compound annual appreciation rates of 5% and 10%, respectively, then subtracting the exercise price per share and multiplying the resulting amount by the number of shares subject to the option. The 5% and 10% appreciation rates are prescribed by rules promulgated by the Securities and Exchange Commission and do not reflect our estimate of future stock price growth. The actual value realized may be greater or less than the potential realizable value set forth in the table.

OPTION EXERCISES

The following table sets forth certain information concerning the exercise of options by our Named Executive Officers during the year ended December 31, 2002, including the aggregate value of gains on the date of exercise. In addition, the table includes the number of shares underlying both exercisable and unexercisable stock options held by the Named Executive Officers as of December 31, 2002, and the values for in-the-money options that represent the total positive spread, if any, between the exercise prices of existing stock options and the closing price of our common stock as of December 31, 2002, which was \$12.56.

COMPENSATION OF DIRECTORS

Each outside director is paid an annual fee of \$15,000 and is reimbursed for expenses incurred in connection with attending Board and committee meetings. In addition, each outside director is paid \$1,500 for each Board meeting attended and \$1,500 for each committee meeting attended (\$1,000 for telephonic Board and committee meetings). An additional \$250 is paid to the committee chairperson for each committee meeting. Each outside director receives annually, in January, options to purchase 7,500 shares of common stock, which vest in full on the first anniversary of the grant date. Each new outside director receives options to purchase 16,000 shares of common stock upon commencement of service as a director, which vest at the rate of 25% per year on each anniversary of the grant date. In February 2003, each outside director received a one-time grant of options to purchase 10,000 shares of common stock, which vest in full on the first anniversary of the grant date.

SEVERANCE AND OTHER AGREEMENTS

Severance Compensation Agreements. We have entered into a severance compensation agreement with each of our Named Executive Officers and certain of our other executive officers providing for certain payments and benefits in the event that such officer's employment is terminated within two years of a change in control of Newport (as defined in the agreement), unless such termination results from the executive officer's death, disability or retirement, or the executive's resignation for reasons other than good reason (as defined in the agreement), or constitutes a termination by us for cause (as defined in the agreement). In such event, the executive officer will be entitled to: (i) a lump sum severance payment equal to twelve months of such officer's highest base salary during the twelve month period preceding termination (with the exception of Mr. Deuster, who will be entitled to a severance payment of twenty-four months of salary); (ii) a bonus payment equal to such

officer's incentive compensation bonus payable under our annual incentive plan or other bonus plans then in effect, assuming 100% satisfaction of all performance goals; (iii) continuation of benefits under our medical, dental and vision plans, and long-term disability insurance for a specified period of time, (iv) automatic vesting of all unvested restricted stock held by the officer, (v) payment of an amount equal to the difference between the exercise price and fair market price (calculated as set forth in the agreement) of the shares of common stock subject to all vested and unvested stock options held by the officer, and (vi) certain other benefits, including payment of an amount sufficient to offset any excess parachute payment

excise tax payable by the officer pursuant to the provisions of the Internal Revenue Code or any comparable provision of state or foreign law.

In addition, our agreement with Mr. Phillippy provides that, in the event we terminate his employment other than for cause at any time during the term of the agreement in absence of a change in control of Newport, he will be entitled to the same salary and bonus severance payments described above. Our agreement with Mr. Deuster provides that, in the event we terminate his employment other than for cause at any time during the term of the agreement in absence of a change in control of Newport, he will be entitled to one-half of the salary severance payment, and all of the bonus severance payment described above.

Indemnification of Officers and Directors. We have entered into indemnification agreements with each of our executive officers and directors, which provide contractual protection of certain rights of indemnification by us. The indemnification agreements provide for indemnification of our executive officers and directors to the fullest extent permitted by our articles of incorporation, bylaws and applicable law. Under the agreements, we indemnify our executive officers and directors against all fees, expenses, liabilities and losses (including attorney's fees, judgments, fines, and amounts paid in any settlement we approved) actually and reasonably incurred in connection with any investigation, claim, action, suit or proceeding to which any such officer or director is a party by reason of any action or inaction in his capacity as our officer or director or by reason of the fact that the officer or director is or was serving as our director, officer, employee, agent or fiduciary, or of any of our subsidiaries or divisions, or is or was serving at our request as our representative with respect to another entity, subject to limitations imposed by applicable law. We will not indemnify such officer or director, however, for expenses and the payment of profits arising from the purchase and sale by the officer or director of securities in violation of Section 16(b) of the Securities Exchange Act of 1934, as amended.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers and persons who own more than ten percent of a registered class of our equity securities to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than ten percent stockholders are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely upon the review of copies of such reports furnished to us and written representations that no other reports were required during fiscal year 2002 or prior fiscal years, all of our officers, directors and greater than ten percent stockholders have complied with all applicable Section 16(a) filing requirements, with the following exceptions: (1) Mr. Spiegel did not timely report on Form 4 one sale of common stock which occurred in May 2001, but such sale was subsequently reported on a Form 5 filed in February 2003; (2) Mr. Danielo did not timely report on Form 4 one sale of common stock which occurred in March 2002 in connection with a stock option exercise, but such sale was reported on an amended Form 4 filed in April 2002; and (3) Mr. Cargile did not timely report on Form 4 one option grant which occurred in December 2002, but such option grant was subsequently reported on a Form 4 filed in January 2003.

INFORMATION REGARDING EQUITY COMPENSATION PLANS

The following table sets forth information with respect to securities authorized for issuance under our equity compensation plans as of December 31, 2002.

Plan Category	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights (a)	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights (b)	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans (excluding securities reflected in column (a)) (c)
Equity Compensation Plans Approved by Security Holders	3,628,665	\$ 14.52	4,668,393
Equity Compensation Plans Not Approved by Security Holders ⁽¹⁾	924,645	\$ 50.04	
Total	4,553,310		4,668,393

⁽¹⁾ The number of shares and weighted average exercise price reflected in the table for equity compensation plans not approved by security holders exclude outstanding options to purchase 780,615 shares of our common stock at a weighted average exercise price of \$2.80, which were granted to employees and non-employees upon the assumption and conversion of former options to purchase shares of common stock of Micro Robotics Systems, Inc. (MRSI) in connection with our acquisition of MRSI in February 2002. These options were granted outside of a plan pursuant to individual nonqualified stock option agreements, and, therefore, no additional securities are available for future grants.

Equity Compensation Plans Not Approved by Security Holders

In November 1999, our Board adopted our 1999 Stock Incentive Plan (the 1999 Plan), pursuant to which nonqualified options to purchase shares of our common stock were granted to employees (excluding officers and members of our Board) from November 1999 until May 2001. In May 2001, upon the approval by our stockholders of our 2001 Stock Incentive Plan, the 1999 Plan was terminated for the purposes of future grants. As of December 31, 2002, options to purchase a total of 924,645 shares were outstanding under the 1999 Plan. All options granted under the 1999 Plan were granted at an exercise price equal to the fair market value of the common stock on the grant date, and generally vest in 25% increments on each of the first four anniversaries of the grant date. No option is exercisable more than ten years following the grant date. The right to exercise an option will terminate earlier in the event of termination of the continuous service (as defined in the option agreement) of the employee.

If we terminate Mr. Crofton's employment for cause, or if he voluntarily terminates his employment with us, the entire principal sum then outstanding, together with accrued interest thereon, will become immediately due and payable. COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is comprised of three non-employee directors: R. Jack Aplin, Kenneth F. Potashner and Richard E. Schmidt. Each member of the Compensation Committee is an independent director as defined by existing and currently proposed Nasdaq Stock Market rules. Mr. Schmidt served as one of our officers from 1991 to 1996. No executive officer serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or our Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE

Committee Responsibility The Compensation Committee is responsible for developing guidelines for, evaluating and approving executive officer compensation and benefit plans, programs and agreements; administering Newport's stock incentive plans, stock purchase plans and similar incentive plans; and developing guidelines for and approving grants of stock options to key personnel under such incentive plans.

Compensation Policy and Objectives. The Committee develops and administers Newport's executive compensation policies and programs with two primary objectives: first, to attract, retain and motivate the high caliber executives required for the success of Newport's business, and second, to motivate these executives to achieve short-term and long-term goals that enhance long-term stockholder value. To fulfill these objectives, the Committee has adopted the following policies:

to pay compensation that is competitive with other companies in Newport's markets and in its geographic location that have revenues comparable to Newport's, or that Newport believes compete with it for executive talent;

to provide Newport's executives with an annual incentive that is tied to the achievement of challenging performance objectives; and

to provide Newport's executives with a long-term incentive, in the form of stock options, to retain and motivate them to create long-term stockholder value.

The Committee determines compensation levels for Newport's executive officers by reviewing compensation surveys of national scope encompassing high technology organizations and compensation data regarding other companies in Newport's markets that have revenues comparable to Newport's, or that Newport believes compete with it for executive talent. The Committee's practice is to target base salaries and total cash compensation at the 50th percentile of these peer companies, and to target total compensation, including equity compensation, at the 75th percentile of these peer companies. The Committee utilizes a combination of compensation elements to achieve its objectives. The basic elements of the executive compensation program are:

Base Salary. Newport's base salary levels are determined based on factors including the competitive market, the individual executive's performance and contributions to Newport's success, time on the job and internal equity. Annual salary adjustments are determined by individual performance within an annual budget approved by the Committee. Since January 2001, in light of the continued difficult business conditions facing Newport, the Committee has not made any general increases in executive officer salaries, other than in connection with increases in responsibility or for reasons of internal equity.

Edgar Filing: NEWPORT CORP - Form DEF 14A

Annual Incentives. Newport's annual incentive program focuses on linking a significant portion of each executive's total compensation to the achievement of challenging performance targets established at the beginning of each year. The Committee may also award bonuses in cases where such performance targets are not met if it determines that the circumstances warrant such action. The performance goals set for each officer vary based upon such executive's potential impact on Newport's operating and financial performance, but typically include one or more of the following measures: earnings per share, worldwide sales, divisional operating profit, a combined management measure (CMM) that reflects operating income adjusted for working capital, and individual non-financial goals. The target incentives for each officer range from 50% to 75% of annual salary. For over-achievement of goals, officers

can earn up to 200% of the target incentive. The payment of any component of the annual incentive to any executive officer is contingent upon Newport achieving a minimum earnings per share target established by the Committee at the beginning of the year. In 2002, Newport did not meet its earnings per share target, and, accordingly, the Committee did not award any incentive payments to executive officers for such year.

Long-Term Incentives. To further align the interests of stockholders and managers, and to assist in the retention of key employees, the Committee grants stock options and restricted stock to Newport's key employees, including officers and executive officers. During 2002, the Committee granted options to purchase an aggregate of 1,048,539 shares of common stock to 137 employees, including officers, of which 749,589 options were granted to 63 employees of Newport's subsidiary, Micro Robotics Systems, Inc. in connection with the assumption of previously outstanding options upon Newport's acquisition of that company in February 2002. Options to purchase a total of 90,000 shares were granted during 2002 to two officers. No restricted stock was granted in 2002. The regular broad-based option grant that would have been made in January 2002 was made early in September 2001 to assist in the retention of employees, at which time the Committee granted options to purchase a total of 1,357,325 shares of common stock to employees, including officers. The number of shares awarded is established based upon broad-based plan guidelines and management's recommendation, and is approved by the Committee. The exercise price for stock options is the fair market value of the stock on the date of the grant. Options generally become exercisable at a rate of 25% per year starting on the first anniversary date of the option grant.

Compensation of Chief Executive Officer. The Chief Executive Officer participates in the compensation program discussed above. His base salary is set, in the same way as other executive officers, as determined by comparable positions in companies of similar size to Newport in the marketplace. Since January 2001, in light of the continued difficult business conditions facing Newport, the Committee has not increased Mr. Deuster's base salary. Each year, the Committee approves a performance based incentive plan for the Chief Executive Officer. For 2002, the incentive for Mr. Deuster was based on earnings per share and CMM targets established prior to the beginning of the year. He also had a discretionary portion of the annual incentive linked to achievement of non-financial goals. In 2002, Newport did not meet its earnings per share target, and, accordingly, no incentive payment was made to Mr. Deuster for that year. The Committee did not grant any options to Mr. Deuster in 2002. The annual option grant that would have been made to Mr. Deuster in January 2002 was made early on September 18, 2001, at which time the Committee granted Mr. Deuster options to purchase 90,000 shares of common stock. This grant was made as part of the company-wide grants discussed previously.

Stock Ownership Guidelines. The Board of Directors has established stock ownership guidelines for executive officers that are designed to increase the executive's equity stake in Newport and more closely align his or her interests with those of Newport's stockholders. The guidelines provide that each executive officer should own shares of Newport stock having a value equal to their annual base salary within two years of becoming an officer.

Tax Deductibility of Executive Compensation. Under Section 162(m) of the Internal Revenue Code, Newport generally receives a federal income tax deduction for compensation paid to any of its Named Executive Officers only if the compensation is less than \$1 million during any fiscal year or is performance-based under Section 162(m). Newport has not paid, and does not currently expect to pay, any compensation that is not deductible for federal income tax purposes.

Respectfully submitted,

R. Jack Aplin, Chairman

The material in this report is not soliciting material and is not deemed filed with the SEC and is not to be incorporated by reference in any filing of Newport under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

REPORT OF THE AUDIT COMMITTEE

Committee Members and Charter. The Audit Committee is comprised of three directors. Each member is financially literate and two members have prior professional experience in finance and/or accounting. None of the members of the Committee are or have been officers or employees of Newport and each member qualifies as an independent director under the current listing standards of the Securities and Exchange Commission and the Nasdaq Stock Market. The Committee operates under a written charter adopted by Newport's Board. The Committee reviews its charter on an annual basis. A copy of the current charter of the Audit Committee, which was revised in February 2003, is included as Appendix A to this proxy statement.

Role of the Audit Committee. Newport's management is responsible for Newport's financial reporting process, including its systems of internal controls, and for the preparation of its financial statements in accordance with generally accepted accounting principles. Newport's independent auditors are responsible for auditing those financial statements. The role and responsibility of the Committee is to monitor and review these processes on behalf of the Board of Directors.

The members of the Committee are not employees of Newport and are not, nor do they represent themselves to be accountants or auditors by profession, and they do not undertake to conduct auditing or accounting reviews or procedures. Therefore, in performing the Committee's oversight role, the Committee necessarily must rely on management's representations that it has maintained appropriate accounting and financial reporting principles or policies, and appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations, and that Newport's financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles, and on the representations of the independent auditors included in their report on Newport's financial statements.

Report of the Audit Committee. The Committee held ten meetings during 2002, including telephonic meetings. The meetings were designed, among other things, to facilitate and encourage communication among the Committee, management, and Newport's independent auditors. In addition to regularly scheduled meetings of the Committee which correspond with the meetings of the Board of Directors held in February, May and November, the Committee held meetings following the end of each quarter for the purposes of reviewing Newport's quarterly financial statements and its proposed communications with investors regarding its operating results and other financial matters, and for reviewing and approving for filing with the Securities and Exchange Commission Newport's Quarterly Reports on Form 10-Q.

In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited financial statements of Newport for the fiscal year ended December 31, 2002, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant estimates and judgments, critical accounting policies and the clarity of disclosures in the financial statements. During 2002, the Committee reviewed Newport's quarterly financial statements and its proposed communications with investors regarding its operating results and other financial matters, and reviewed Newport's Quarterly Reports on Form 10-Q and Annual Report on Form 10-K prior to filing.

The Committee reviewed with Ernst & Young LLP, Newport's independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of Newport's accounting principles, the reasonableness of significant estimates and judgments, critical accounting policies, the clarity of disclosures in the financial statements, and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States.

Edgar Filing: NEWPORT CORP - Form DEF 14A

The Committee discussed with Ernst & Young LLP the overall scope and plans for their annual audit. The Committee also discussed with management and Ernst & Young LLP the adequacy and effectiveness of accounting and financial controls. The Committee met separately with Ernst & Young LLP, without management present, to discuss the results of their examinations, their evaluations of Newport's internal controls, and the overall quality of Newport's financial reporting.

The Committee also has discussed with Ernst & Young LLP, the matters required to be discussed by the Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards). In addition, the Committee has received the written disclosures and the letter from Ernst & Young LLP as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the Committee has discussed the independence of Ernst & Young LLP with that firm, including the compatibility of non-audit services with Ernst & Young LLP's independence. The Committee has concluded that Ernst & Young LLP is independent from Newport and its management.

Based on the Committee's review of the matters noted above and its discussions with Newport's independent auditors and Newport's management, the Committee recommended to the Board of Directors that the audited financial statements be included in Newport's Annual Report on Form 10-K for the fiscal year ended December 31, 2002.

Pursuant to the authority delegated by the Board of Directors, the Committee has selected Ernst & Young LLP as Newport's independent auditors for the fiscal year ending December 31, 2003, subject to the approval of Newport's stockholders.

Mr. Simone was appointed to the Board and the Audit Committee in March 2003. As such, he did not participate in any of the activities referred to in this report.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return on \$100 invested in our common stock for the five years ended December 31, 2002, with the cumulative total return on \$100 invested in each of (i) the Nasdaq Market Index, and (ii) a peer group. The graph assumes all investments were made at market value on December 31, 1997 and the reinvestment of all dividends.

The peer group reflected on the graph represents an equal combination of all companies comprising the Semiconductor Equipment & Materials Industry Group (834) Index, the Scientific & Technical Instruments Industry Group (837) Index, and the Communication Equipment Industry Group (841) Index, published by Media General Financial Services, Inc. A listing of the companies comprising each such index is available from us by written request to our Corporate Secretary. PROPOSAL TWO

APPROVAL OF AMENDMENT AND RESTATEMENT OF

EMPLOYEE STOCK PURCHASE PLAN

Our Employee Stock Purchase Plan (the "Plan") was adopted by our Board of Directors on November 15, 1994, was approved by our stockholders on June 7, 1995, and was subsequently amended on May 28, 1997, March 20, 1998 and May 30, 2001. A total of 1,950,000 shares of our common stock are authorized for issuance under the Plan, of which 1,771,795 shares have already been issued and 178,205 remain available for future issuance as of April 1, 2003. The Plan expires on December 31, 2004.

In March 2003, our Board approved, subject to stockholder approval, an amendment and restatement of the Plan, to be effective April 1, 2003, extending the term of the Plan for a period of ten (10) years expiring March 31, 2013, and increasing the number of shares of our common stock authorized for issuance thereunder by an additional 2,000,000 shares (the "Amended and Restated Plan").

The purposes of the Amended and Restated Plan are to provide an incentive to attract and retain employees, to promote employee morale and to encourage employee ownership of our common stock by permitting them to purchase shares at a discount through payroll deductions. Our Board believes that the Amended and Restated Plan will benefit our hiring and retention efforts, and will further align the interests of participating employees with our interests and the interests of our stockholders.

The following description of the Amended and Restated Plan is qualified in all respects by reference to the Amended and Restated Plan itself, a copy of which is included as Appendix B to this proxy statement.

Description of the Amended and Restated Plan

The Amended and Restated Plan permits eligible employees to subscribe for and purchase directly from us shares of our common stock at a discount from the market price, and to pay the purchase price through payroll deductions. The Amended and Restated Plan is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code of 1986, as amended.

The Amended and Restated Plan may be administered by either our Board or a committee appointed by the Board (the "Administrator"). The Board of Directors has delegated administration of the Amended and Restated Plan to the Compensation Committee, which is comprised of three non-employee directors who are not eligible to participate in the Amended and Restated Plan. Subject to the provisions of the Amended and Restated Plan, the Administrator has full authority to implement, administer and make all determinations necessary under the Amended and Restated Plan.

Each of our U.S. employees who customarily works more than 20 hours per week and more than five months in any calendar year is eligible to participate in the Amended and Restated Plan as of the first day of the calendar quarter coincident with or next following the date of commencement of such employee's employment with us or our subsidiaries. As of April 1, 2003, six executive officers and approximately 726 other employees were eligible to participate in the Amended and Restated Plan. Our Board believes that the benefits or amounts that will be

Edgar Filing: NEWPORT CORP - Form DEF 14A

received by any participant under the Amended and Restated Plan cannot be determined.

Each offering under the Amended and Restated Plan (each, an Offering Period) will commence on the first day of each calendar quarter (the Grant Date) and will continue for a period of three months ending on the last day of such calendar quarter (the Purchase Date).

Eligible employees who elect to participate in an Offering Period will designate prior to the commencement of the Offering Period the amount of payroll deductions to be made from his or her paycheck for the purchase of shares of our common stock under the Amended and Restated Plan, which amount may not exceed 15% of such employee s compensation. For this purpose, compensation means the amount indicated on the Form W-2 issued to the employee by us, including any elective deferrals with respect to any plan qualified under either Section 125 or

Section 401(a) of the Internal Revenue Code of 1986, as amended. A participant may decrease the amount of payroll deductions at any time during the Offering Period, and may withdraw from the Offering Period at any time prior to the Purchase Date and receive a refund of his or her payroll deductions, without interest.

On the Purchase Date, shares of our stock will be purchased automatically for each participant with the amounts held from his or her payroll deductions at a price equal to 85% of the fair market value of the shares on the Grant Date or 85% of the fair market value of the shares as of the Purchase Date, whichever is lower. An employee may not participate in an Offering Period if, immediately after the purchase of shares, the employee would own shares or hold options to purchase shares of stock possessing 5% or more of the total combined voting power or value of all classes of our stock. No employee may purchase stock under the Amended and Restated Plan (and any similar purchase plans offered by us) having a fair market value, determined as of each applicable Grant Date, which exceeds \$25,000 in any calendar year.

A participant has no interest or voting rights with respect to the shares of stock to be purchased until such shares are purchased. A participant's rights in the Amended and Restated Plan are nontransferable other than upon the death of the participant. The Amended and Restated Plan is administered in a manner designed to ensure that any affiliate participant's commencement or discontinuation of participation in the Amended and Restated Plan or increase or decrease of payroll deductions will be effected in compliance with the exemptions from liability under Section 16(b) of the Securities Exchange Act of 1934 as set forth in Rule 16b-3 promulgated thereunder.

Our Board may at any time amend, suspend or terminate the Amended and Restated Plan; provided, that any amendment that would (i) increase the aggregate number of shares authorized for sale under the Amended and Restated Plan (except pursuant to adjustments provided for in the Amended and Restated Plan), (ii) materially modify the standards of eligibility for participation, or (iii) materially increase the benefits which accrue to participants under the Amended and Restated Plan, shall not be effective unless approved by our stockholders within 12 months of the adoption of such amendment by the Board of Directors. Unless earlier terminated by our Board, the Amended and Restated Plan will terminate on March 31, 2013 or when all shares authorized for sale thereunder have been sold, whichever is earlier.

Summary of Federal Income Tax Consequences of the Amended and Restated Plan

No taxable income is recognized by a participant either at the time of election to participate in an offering under the Amended and Restated Plan or at the time shares are purchased thereunder.

If shares are disposed of at least two years after the Grant Date and at least one year after the Purchase Date, then the lesser of (i) the excess of the fair market value of the shares at the time of such disposition over the purchase price of the shares or (ii) the excess of the fair market value of the shares on the Grant Date over the purchase price will be treated as ordinary income to the participant. Any further gain upon such disposition will be taxed as long-term capital gain. Any long-term capital gain will be taxed as capital gain at the rates then in effect. If the shares are sold and the sale price is less than the purchase price, there is no ordinary income and the participant will have a capital loss equal to the difference between the sale price and the purchase price. The ability of a participant to utilize such a capital loss will depend on the participant's other tax attributes and the statutory limitation on capital loss deductions not discussed herein.

If a participant disposes of the shares before the expiration of the one-year and two-year holding periods described above (a disqualifying disposition), then upon such disposition the federal income tax consequences will be as follows: (1) the difference between the purchase price and the fair market value of the shares on the date of purchase will be taxed to the participant as ordinary income, and (2) the excess, if any, of the fair market value of the shares on the date of disposition over their fair market value on the date of purchase will be taxed as capital gain. If the shares are sold for less than their fair market value on the purchase date, the same amount of ordinary income will be attributed to the participant and a capital loss recognized equal to the difference between the sale price and the value of the shares on such purchase date. As indicated above, the ability of the participant to utilize such a capital loss will depend on the participant's other tax attributes and the statutory

limitation on capital losses not discussed herein.

The amount of ordinary income recognized by the participant will be deductible by us for federal income tax purposes.

Approval of this proposal requires the affirmative vote of the holders of a majority of the shares present and entitled to vote at the annual meeting in person or by proxy. Proxies received in response to this solicitation will be voted in favor of the approval of the amendment and restatement of the Plan unless otherwise specified in the proxy.

The Board of Directors recommends a vote FOR approval of this proposal.

PROPOSAL THREE

APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of our Board has approved the selection of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2003. Ernst & Young LLP audited our financial statements for the fiscal year ended December 31, 2002. Nevada General Corporation Law does not require the approval of the selection of the independent auditors by our stockholders, but in view of the importance of the financial statements to stockholders, our Board deems it desirable that stockholders pass upon the selection of auditors.

A representative of Ernst & Young LLP will be present at the annual meeting, will be given the opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions. If this proposal is not approved, the Audit Committee shall reconsider the proposal.

The Board of Directors recommends a vote FOR this proposal.

Audit Fees. The aggregate fees billed by Ernst & Young LLP for professional services rendered for the audit of our annual consolidated financial statements for the fiscal year ended December 31, 2002 and the review of the consolidated financial statements included in our Forms 10-Q for fiscal 2002 were \$423,000.

Financial Information Systems Design and Implementation Fees. Ernst & Young LLP did not provide, and it did not bill any fees for, financial information systems design and implementation services in 2002.

All Other Fees. The aggregate fees billed to us for all other services rendered by Ernst & Young LLP to us for fiscal 2002, were \$1,612,000, which included audit related services in the amount of \$151,000, and tax preparation and planning services in the amount of \$1,461,000.

Consistent with Securities and Exchange Commission rules, the Audit Committee has the responsibility for appointing, setting compensation for and overseeing the work of the independent auditors. As such, the Audit Committee has established a policy of pre-approving all audit and permissible non-audit services provided to us by Ernst & Young LLP. Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditors and management to report actual fees

Edgar Filing: NEWPORT CORP - Form DEF 14A

versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditors.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

The Audit Committee has reviewed and discussed the services, in addition to audit services, rendered by Ernst & Young LLP during 2002, as well as the fees paid therefor, and has determined that the provision of such other services by Ernst & Young LLP, and the fees paid therefor, were compatible with maintaining Ernst & Young LLP's independence.

Your cooperation in giving this matter your immediate attention and in returning your proxy promptly will be appreciated.

and Corporate Secretary

Such non-audit services may not include any services prohibited by law.
6. Receive periodic reports from the independent auditors regarding the auditor's independence from management and the Company and the matters included in the written disclosures required by the Independence Standards Board, discuss such reports with the auditors, consider whether the provision of non-audit services is compatible with maintaining the auditor's independence and, if so determined by the Audit Committee, recommend that the Board take appropriate action to satisfy itself of the independence of the auditors.
7. Evaluate the performance of the independent auditors.

Edgar Filing: NEWPORT CORP - Form DEF 14A

Inquire of the independent auditors as to whether any director, officer or employee of the Company has attempted to fraudulently influence, coerce, manipulate or mislead the auditors.

7. Review the content and clarity of communications with the public regarding operating results and any forward-looking financial guidance provided to analysts and rating agencies for each of the first three fiscal quarters of each year prior to their release.

3. Review major changes to the Company's accounting policies, principles and practices.
4. Obtain reports from management that the Company's subsidiary/foreign affiliated entities are in conformity with applicable legal requirements and the Company's code of conduct, including disclosures of insider and affiliated party transactions.
5. Review with management and the independent auditors any correspondence with regulators or governmental agencies and any employee complaints or published reports that raise material issues regarding the Company's financial statements or accounting policies.
6. Review with the Company's General Counsel legal matters that may have a material impact on the financial statements, the Company's compliance policies and any material reports or inquiries received from regulators or governmental agencies.
7. Establish procedures for receiving, retaining and investigating reports of illegal acts involving the Company detected by the independent accountants or others and, in accordance with such procedures, supervise the investigation of such reports of illegal acts, review the actions taken or to be taken by the Company to remediate such illegal acts, and, if appropriate, recommend further action by the Board of Directors. 3.3 Special Rules. Under no circumstances shall:

Edgar Filing: NEWPORT CORP - Form DEF 14A

(a) A 5% Owner be granted a right to purchase Company Stock under the Plan; or

(b) A Participant be entitled to purchase Company Stock under the Plan which, when aggregated with all other employee stock purchase plans of the Company, exceeds an amount equal to the Aggregate Maximum. Aggregate Maximum means an amount equal to \$25,000 worth of Company Stock (determined using the fair market value of such Company Stock at each applicable Grant Date) during each Plan Year.

ARTICLE IV

OFFERING PERIODS

4.1 Offering Periods. The initial grant of the right to purchase Company Stock under the Plan shall commence on the Effective Date and terminate on the next Purchase Date. Thereafter, the Plan shall provide for Offering Periods commencing on each Grant Date and terminating on the next following Purchase Date.

B-2

ARTICLE V

PAYROLL DEDUCTIONS

5.1 Participant Election. Within the Subscription Agreement, each Participant shall designate the amount of payroll deductions to be made from his or her paycheck to purchase Company Stock under the Plan. The amount of payroll deductions shall be designated as a whole percentage of Participant's Compensation, not to exceed 15% of Compensation for any Plan Year. The amount so designated within the Subscription Agreement shall be effective as of the next Grant Date and shall continue until terminated or altered in accordance with Section 5.2 below.

5.2 Changes in Election. A Participant may terminate participation in the Plan at any time prior to the close of an Offering Period as provided in Article VIII. A Participant may decrease the rate of payroll deductions at any time during any Offering Period by completing and delivering to the Human Resources Department of the Company a new Subscription Agreement setting forth the desired change. A Participant may also terminate payroll deductions and have accumulated deductions for the Offering Period applied to the purchase of Company Stock as of the next Purchase Date by completing and delivering to the Human Resources Department a new Subscription Agreement setting forth the desired change. Any change under this Section shall become effective on the next payroll period (to the extent practical under the Company's payroll practices) following the delivery of the new Subscription Agreement.

5.3 Participant Accounts. The Company shall establish and maintain a separate account (Account) for each Participant. The amount of each Participant's payroll deductions shall be credited to his or her Account. No interest will be paid or allowed on amounts credited to a Participant's Account. All payroll deductions received by the Company under the Plan are general corporate assets of the Company and may be used by the Company for any corporate purpose. The Company is not obligated to segregate such payroll deductions.

ARTICLE VI

GRANT OF PURCHASE RIGHTS

6.1 Right to Purchase Shares. On each Grant Date, each Participant shall be granted a right to purchase at the price determined under Section 6.2 that number of whole shares of Company Stock that can be purchased or issued by the Company based upon that price with the amounts held in his Account. In the event that there are amounts held in a Participant's Account that are not used to purchase Company Stock, such amounts shall remain in the Participant's Account and shall be eligible to purchase Company Stock in any subsequent Offering Period.

6.2 Purchase Price. The purchase price for any Offering Period shall be the lesser of:

- (a) 85% of the Fair Market Value of Company Stock on the Grant Date; or
- (b) 85% of the Fair Market Value of Company Stock on the Purchase Date.

Edgar Filing: NEWPORT CORP - Form DEF 14A

6.3 Fair Market Value. Fair Market Value on any given date means the value of one share of Company Stock, determined as follows:

(a) If the Company Stock is then listed or admitted to trading on the Nasdaq National Market System or a stock exchange which reports closing sale prices, the Fair Market Value shall be the closing sale price on the date of valuation on the Nasdaq National Market System or principal stock exchange on which the Company Stock is then listed or admitted to trading, or, if no closing sale price is quoted or no sale takes place on such day, then the Fair Market Value shall be the closing sale price of the Company Stock on the Nasdaq National Market System or such exchange on the next preceding day on which a sale occurred.

B-3

(b) If the Company Stock is not then listed or admitted to trading on the Nasdaq National Market System or a stock exchange which reports closing sale prices, the Fair Market Value shall be the average of the closing bid and asked prices of the Company Stock in the over-the-counter market on the date of valuation.

(c) If neither (a) nor (b) is applicable as of the date of valuation, then the Fair Market Value shall be determined by the Administrator (defined in Section 9.1(a) below) in good faith using any reasonable method of evaluation, which determination shall be conclusive and binding on all interested parties.

ARTICLE VII

PURCHASE OF STOCK

7.1 Purchase of Company Stock. Absent an election by the Participant to terminate and have his or her Account returned, on each Purchase Date, the Plan shall purchase on behalf of each Participant the maximum number of whole shares of Company Stock at the purchase price determined under Section 6.2 above as can be purchased with the amounts held in each Participant's Account. The Plan shall not be required to purchase any fractional shares of Company Stock. In the event that there are amounts held in a Participant's Account that are not used to purchase Company Stock, all such amounts shall be held in the Participant's Account and carried forward to the next Offering Period.

7.2 Delivery of Company Stock.

(a) Company Stock acquired under the Plan may either be issued directly to Participants or may be issued to a contract administrator (the Agent) engaged by the Administrator under Article IX to carry out responsibilities under the Plan. If the Company Stock is issued in the name of the Agent, all Company Stock so issued (Plan Held Stock) shall be held in the name of the Agent for the benefit of the Plan. The Agent shall maintain accounts for the benefit of the Participants which shall reflect each Participant's interest in the Plan Held Stock. Such accounts shall reflect the number of shares of Company Stock that are being held by the Agent for the benefit of each Participant.

(b) Any Participant may elect to have the Company Stock purchased under the Plan from his or her Account be issued directly to the Participant. Any election under this paragraph shall be on the forms provided by the Company and shall be issued in accordance with paragraph (c) below.

(c) In the event that Company Stock under the Plan is issued directly to a Participant, the Company will deliver to each Participant a stock certificate or certificates issued in his name for the number of shares of Company Stock purchased as soon as practicable after the Purchase Date. The time of issuance and delivery of shares may be postponed for such period as may be necessary to comply with the registration requirements under the Securities Act of 1933, as amended, the listing requirements of any securities exchange on which the Company Stock may then be listed, or the requirements under other laws or regulations applicable to the issuance or sale of such shares.

ARTICLE VIII

WITHDRAWAL

8.1 In Service Withdrawals. At any time prior to the Purchase Date of an Offering Period, any Participant may withdraw the amounts held in his Account by executing and delivering to the Human Resources Department for the Company written notice of withdrawal on the form provided by the Company. In such a case, the entire balance of the Participant's Account shall be paid to the Participant, without interest, as soon as is practicable. Upon such notification, that Participant shall cease to participate in the Plan for the remainder of the Offering Period in which the notice is given. Any Employee who has withdrawn under this Section shall be excluded from participation in the Plan for the remainder of the Offering Period and the next succeeding Offering Period, but may then be reinstated as a Participant for a subsequent Offering Period by executing and delivering a new Subscription Agreement to the Company.

B-4

8.2 Termination of Employment.

(a) In the event that a Participant's employment with the Company terminates for any reason, the Participant shall cease to participate in the Plan on the date of termination. As soon as is practical following the date of termination, the entire balance of the Participant's Account shall be paid to the Participant or his beneficiary, without interest.

(b) A Participant may file a written designation of a beneficiary who is to receive any shares of Company Stock purchased under the Plan or any cash from the Participant's Account in the event of his or her death subsequent to a Purchase Date, but prior to delivery of such shares and cash. In addition, a Participant may file a written designation of a beneficiary who is to receive any cash from the Participant's Account under the Plan in the event of his death prior to a Purchase Date under paragraph (a) above.

(c) Any beneficiary designation under paragraph (b) above may be changed by the Participant at any time by written notice. In the event of the death of a Participant, the Company may rely upon the most recent beneficiary designation it has on file as being the appropriate beneficiary. In the event of the death of a Participant and no valid beneficiary designation exists or the beneficiary has predeceased the Participant, the Company shall deliver any cash or shares of Company Stock to the executor or administrator of the estate of the Participant, or if no such executor or administrator has been appointed to the knowledge of the Company, the Company, in its sole discretion, may deliver such shares of Company Stock or cash to the spouse or any one or more dependents or relatives of the Participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

ARTICLE IX

PLAN ADMINISTRATION

9.1 Plan Administration.

(a) Authority to control and manage the operation and administration of the Plan shall be vested in the Board of Directors of the Company, or a committee thereof (herein referred to as the Administrator). The Administrator shall have all powers necessary to supervise the administration of the Plan and control its operations.

(b) In addition to any powers and authority conferred on the Administrator elsewhere in the Plan or by law, the Administrator shall have the following powers and authority:

(i) To designate agents to carry out responsibilities relating to the Plan;

(ii) To administer, interpret, construe and apply this Plan and to answer all questions which may arise or which may be raised under this Plan by a Participant, his beneficiary or any other person whatsoever;

(iii) To establish rules and procedures from time to time for the conduct of its business and for the administration and effectuation of its responsibilities under the Plan; and

(iv) To perform or cause to be performed such further acts as it may deem to be necessary, appropriate, or convenient for the operation of the Plan.

(c) Any action taken in good faith by the Administrator in the exercise of authority conferred upon it by this Plan shall be conclusive and binding upon a Participant and his or her beneficiaries. All discretionary powers conferred upon the Administrator shall be absolute.

9.2 Limitation on Liability. No Employee of the Company or member of the Administrator shall be subject to any liability with respect to his duties under the Plan unless the person acts fraudulently or in bad faith. To

B-5

the extent permitted by law, the Company shall indemnify each member of the Administrator, and any other Employee of the Company with duties under the Plan who was or is a party, or is threatened to be made a party, to any threatened, pending or completed proceeding, whether civil, criminal, administrative, or investigative, by reason of the person's conduct in the performance of his duties under the Plan.

ARTICLE X

COMPANY STOCK

10.1 Limitations on Purchase of Shares. The maximum number of shares of Company Stock that shall be made available for future sale under the Plan shall be 2,178,205 shares, subject to adjustment under Section 10.4 below. The shares of Company Stock to be sold to Participants under the Plan will be either purchased in broker's transactions in accordance with the requirements of federal securities laws or issued by the Company. If the total number of shares of Company Stock that would otherwise be issuable or purchasable pursuant to rights granted pursuant to Section 6.1 of the Plan at the Purchase Date exceeds the number of shares then available under the Plan, the Company shall make a pro rata allocation of the shares remaining available in as uniform and equitable a manner as is practicable. In such event, the Company shall give written notice of such reduction of the number of shares to each participant affected thereby and any unused payroll deductions shall be returned to such participant if necessary.

10.2 Voting Company Stock. The Participant will have no interest or voting right in shares to be purchased under Section 6.1 of the Plan until such shares have been purchased.

10.3 Registration of Company Stock. Shares to be delivered to a Participant under the Plan will be registered in the name of the Participant unless designated otherwise by the Participant.

10.4 Changes in Capitalization of the Company. Subject to any required action by the stockholders of the Company, the number of shares of Company Stock covered by each right under the Plan which has not yet been exercised and the number of shares of Company Stock which have been authorized for issuance under the Plan but have not yet been placed under rights or which have been returned to the Plan upon the cancellation of a right, as well as the Purchase Price per share of Company Stock covered by each right under the Plan which has not yet been exercised, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Company Stock resulting from a stock split, stock dividend, spin-off, reorganization, recapitalization, merger, consolidation, exchange of shares or the like. Such adjustment shall be made by the Board of Directors of the Company, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Company Stock subject to any right granted hereunder.

10.5 Merger of Company. In the event that the Company at any time proposes to merge into, consolidate with or to enter into any other reorganization pursuant to which the Company is not the surviving entity (including the sale of substantially all of its assets or a reverse merger in which the Company is the surviving entity), the Plan shall terminate, unless provision is made in writing in connection with such transaction for the continuance of the Plan and for the assumption of rights theretofore granted, or the substitution for such rights of new rights covering the shares of a successor corporation, with appropriate adjustments as to number and kind of shares and prices, in which event the Plan and the rights theretofore granted or the new rights substituted therefore, shall continue in the manner and under the terms so provided. If such provision is not made in such transaction for the continuance of the Plan and the assumption of rights theretofore granted or the substitution for such rights of new rights covering the shares of a successor corporation, then the Administrator shall cause written notice of the proposed transaction to be given to the persons holding rights not less than 10 days prior to the anticipated effective date of the proposed transaction, and, concurrent with the effective date of the proposed transaction, such rights shall be exercised automatically in accordance with Section 7.1 as if such effective date were a Purchase Date of the applicable Offering Period unless a Participant withdraws from the Plan as provided in Section 8.1.

ARTICLE XI

MISCELLANEOUS MATTERS

11.1 Amendment and Termination. The Plan shall terminate on March 31, 2013. Since future conditions affecting the Company cannot be anticipated or foreseen, the Company reserves the right to amend, modify, or terminate the Plan at any time. Upon termination of the Plan, all benefits shall become payable immediately. Notwithstanding the foregoing, no such amendment or termination shall affect rights previously granted, nor may an amendment make any change in any right previously granted which adversely affects the rights of any Participant. In addition, no amendment may be made without prior approval of the stockholders of the Company if such amendment would:

- (a) Increase the number of shares of Company Stock that may be issued under the Plan;
- (b) Materially modify the requirements as to eligibility for participation in the Plan; or
- (c) Materially increase the benefits which accrue to Participants under the Plan.

11.2 Stockholder Approval. Continuance of the Plan and the effectiveness of any right granted hereunder shall be subject to approval by the stockholders of the Company, within twelve months before or after the date the Plan is adopted by the Board of Directors of the Company.

11.3 Benefits Not Alienable. Benefits under the Plan may not be assigned or alienated, whether voluntarily or involuntarily. Any attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds in accordance with Article VIII.

11.4 No Enlargement of Employee Rights. This Plan is strictly a voluntary undertaking on the part of the Company and shall not be deemed to constitute a contract between the Company and any Employee or to be consideration for, or an inducement to, or a condition of, the employment of any Employee. Nothing contained in the Plan shall be deemed to give the right to any Employee to be retained in the employ of the Company or to interfere with the right of the Company to discharge any Employee at any time.

11.5 Governing Law. To the extent not preempted by Federal law, all legal questions pertaining to the Plan shall be determined in accordance with the laws of the State of California.

11.6 Non-business Days. When any act under the Plan is required to be performed on a day that falls on a Saturday, Sunday or legal holiday, that act shall be performed on the next succeeding day which is not a Saturday, Sunday or legal holiday. Notwithstanding the above, Fair Market Value shall be determined in accordance with Section 6.3.

Notwithstanding any provision of the Plan, the Administrator shall administer the Plan in such a way to insure that the Plan at all times complies with any requirements of Federal Securities Laws. For example, affiliates may be required to make irrevocable elections in accordance with the rules set forth under Section 16b-3 of the Securities Exchange Act of 1934.

IN WITNESS WHEREOF, NEWPORT CORPORATION has caused this instrument to become effective as of April 1, 2003.
