QUESTIONS AND ANSWERS

Following are some commonly asked questions raised by our stockholders and answers to each of those questions.

1. WHAT MAY I VOTE ON AT THE ANNUAL MEETING?

At the Annual Meeting, stockholders will consider and vote upon the following matters: (1) the re-election of three directors to serve on the Company's Board of Directors until the 2007 Annual Meeting of Stockholders; (2) the ratification of the appointment of PricewaterhouseCoopers LLP as independent accountants of the Company for the fiscal year ending December 31, 2004; and (3) such other matters as may properly come before the Annual Meeting or any adjournment or postponement thereof.

2. HOW DOES THE BOARD RECOMMEND THAT I VOTE ON THE PROPOSALS?

The Board of Directors recommends a vote FOR each proposal.

3. HOW DO I VOTE?

Sign and date each proxy card you receive and return it in the postage-paid envelope prior to the Annual Meeting.

4. CAN I REVOKE MY PROXY?

You have the right to revoke your proxy at any time before the Annual Meeting by: (1) notifying the Secretary of the Company in writing; (2) voting in person; or (3) returning a later-dated proxy card.

5. WHO WILL COUNT THE VOTE?

U.S. Stock Transfer Corporation will count the votes and act as the inspector of election.

6. WHAT SHARES ARE INCLUDED ON THE PROXY CARD(S)?

The shares on your proxy card(s) represent ALL of your shares. If you do not return your proxy card(s), your shares will not be voted.

7. WHAT DOES IT MEAN IF I GET MORE THAN ONE PROXY CARD?

If your shares are registered differently and are in more than one account, you will receive more than one proxy card. Sign and return all proxy cards to ensure that all your shares are voted. We encourage you to have all accounts registered in the same name and address (whenever possible). You can accomplish this by contacting our transfer agent, U.S. Stock Transfer Corporation, or if your shares are held in "street name," by contacting the broker or bank holding your shares.

8. WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

Only holders of record of the Company's Acacia Research - Acacia

Edgar Filing: ACACIA RESEARCH CORP - Form DEF 14A

Technologies common stock ("AR - Acacia Technologies stock") and Acacia Research - CombiMatrix common stock ("AR - CombiMatrix stock") as of the close of business on March 15, 2004, are entitled to notice of and to vote at the Annual Meeting. The AR - Acacia Technologies stock and the AR - CombiMatrix stock are sometimes referred to collectively as "Acacia common stock".

9. HOW MANY VOTES MAY BE CAST?

As of March 15, 2004, the record date for the Annual Meeting, 19,775,486 shares of AR - Acacia Technologies stock and 27,718,470 shares of AR - CombiMatrix stock, the only outstanding voting securities of the Company, were issued and outstanding. At the meeting, each outstanding share of AR - Acacia Technologies stock will be entitled to 0.874 of a vote, and each outstanding share of AR - CombiMatrix stock will be entitled to one vote. The voting rights of the AR - Acacia Technologies stock have been determined based on recent market values of each class of Acacia common stock in accordance with the formula set forth in our Restated Certificate of Incorporation. The holders of AR - Acacia Technologies stock and AR - CombiMatrix stock will vote together as a single class at the meeting.

10. WHAT IS A "QUORUM" AT THE ANNUAL MEETING?

A "quorum" is a majority of the outstanding shares entitled to vote. The shares may be present or represented by proxy. For the purposes of determining a quorum, shares held by brokers or nominees will be treated as present even if the broker or nominee does not have discretionary power to vote on a particular matter or if instructions were never received from the beneficial owner. These shares are called "broker non-votes." Abstentions will be counted as present for quorum purposes.

11. WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL?

For the election of directors, once a quorum has been established, the nominees for director who receive the most votes will be elected directors of the Company. To ratify the appointment of the independent accountants, a majority of the shares represented at the Annual Meeting, either in person or by proxy, must be voted in favor of the proposal.

If a broker indicates on its proxy that it does not have discretionary authority to vote on a particular matter, the affected shares will be treated as not present and entitled to vote with respect to that matter, even though the same shares may be considered present for quorum purposes and may be entitled to vote on other matters.

12. WHAT HAPPENS IF I ABSTAIN?

Proxies marked "abstain" will be counted as shares present for the purpose of determining the presence of a quorum, but for purposes of determining the outcome of a proposal, shares represented by such proxies will not be treated as affirmative votes. For proposals requiring an affirmative vote of a majority of the outstanding shares entitled to vote or a majority of the shares present, an abstention is equivalent to a "no" vote.

2

13. HOW WILL VOTING ON ANY OTHER BUSINESS BE CONDUCTED?

Although the Company does not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement, if any other business is properly presented at the Annual Meeting, your signed proxy card gives authority to the proxy holders, Paul R. Ryan and Robert A.

Edgar Filing: ACACIA RESEARCH CORP - Form DEF 14A

Berman, to vote on such matters at their discretion.

14. WHO ARE THE LARGEST PRINCIPAL STOCKHOLDERS?

For information regarding holders of more than 5% of the Company's outstanding common stock, see "Security Ownership of Certain Beneficial Owners and Management."

15. WHO WILL BEAR THE COST OF THIS SOLICITATION?

The Company will bear the entire cost of the solicitation. The Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses incurred in sending proxies and proxy solicitation materials to stockholders. Proxies may also be solicited in person, by telephone, or by facsimile by directors, officers and employees of the Company without additional compensation. EMPLOYMENT AGREEMENTS

The Company has not entered into employment contracts with any of its Named Executive Officers nor does the Company have any agreement or arrangement with any such Named Executive Officers relating to a change in control of the Company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Company's Board of Directors currently consists of Messrs. de Boom, Frykman and Graziadio. None of these individuals was an officer or employee of the Company at any time during 2003 or at any other time. No current executive officer of the Company has ever served as a member of the board of directors or compensation committee of any other entity that has or has had one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

17

Edgar Filing: ACACIA RESEARCH CORP - Form DEF 14A

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors. The Compensation Committee is responsible for approving the compensation package of each executive officer and recommending it to the Board of Directors as well as administering the 2002 Acacia Technologies Stock Incentive Plan and the 2002 CombiMatrix Stock Incentive Plan. In making decisions regarding executive compensation, the Compensation Committee considers the input of the Company's management and other directors.

The Company's executive compensation program consists of a mixture of base salary, cash bonuses and stock option awards. In determining the total amount and mixture of the compensation package for each executive officer, the Compensation Committee and the Board of Directors subjectively consider the overall value to the Company of each executive in light of numerous factors such as competitive position, individual performance, including past and expected contribution to the Company's goals of each executive officer, and the Company's long-term needs and goals, including attracting and retaining key management personnel.

The Compensation Committee will periodically review the individual base salaries of the executive officers, and adjust salaries based on individual job performance and changes in the officer's duties and responsibilities. In making salary decisions, the Compensation Committee exercises its discretion and judgment based on these factors. No specific formula is applied to determine the weight of each factor.

Long-term incentive compensation is realized through granting of stock options to most employees, including eligible executive officers. The Company has no other long-term incentive plans. Stock options are granted by the Company to aid in the retention of employees and to align the interests of employees with those of the stockholders. In addition, the Compensation Committee believes that the grant of an equity interest serves to link management interests with stockholder interests and to motivate executive officers to make long-term decisions that are in the best interests of the Company and the stockholders as well as provides an incentive to maximize stockholder value. Stock options have value for an employee only if the price of the Company's common stock increases above the exercise price, and the employee remains in the Company's employ for the period required for the stock to be exercisable, thus providing an incentive to remain in the Company's employ.

EXECUTIVE SEVERANCE POLICY. The Company's Executive Severance Policy provides that, in the event of involuntary termination of employment of an executive officer for other than cause or other than on account of death or disability, the Company shall pay to the executive officer a lump sum amount equal to the aggregate of the officer's annual base salary through the date of termination and any compensation previously deferred by the executive officer, any accrued vacation pay, and reimbursable expenses, as well as three (3) months of the executive officer's base salary for each full year that the officer was employed by the Company, up to a maximum of twelve (12) months of the executive officer's base salary. In addition the Executive Severance Policy provides for paid COBRA coverage for the medical and dental benefits selected by the executive officer in the year in which the termination occurs.

COMPENSATION OF CHIEF EXECUTIVE OFFICER. Paul R. Ryan, the Company's Chairman and Chief Executive Officer, received an annual base salary of \$272,619 and a bonus in the amount of \$5,346 in 2003. The cash amount paid to Mr. Ryan in the form of base salary and bonus was recommended to the Board of Directors by the Compensation Committee. In exercising its discretion and judgment in reaching its recommendation, the Compensation Committee took into consideration the various factors and criteria described above. The Board of Directors

Edgar Filing: ACACIA RESEARCH CORP - Form DEF 14A

approved the Compensation Committee's recommendation.

18

SECTION 162(m) OF THE INTERNAL REVENUE CODE. The Company does not believe Section 162(m) of the Internal Revenue Code of 1986, as amended, which disallows a tax deduction for certain compensation in excess of \$1 million, will generally have an effect on the Company. The Compensation Committee reviews the potential effect of Section 162(m) periodically and will consider various alternatives for preserving the deductibility of compensation payments. However, the Compensation Committee will not necessarily limit compensation to that which is deductible.

Respectfully Submitted by the Compensation
Committee of the Board of Directors,

On March 3, 2004 the Company filed with the SEC an Annual Report on Form 10-K for the 2003 fiscal year. HOUSEHOLDING

In accordance with a notice sent earlier this year to certain street-name stockholders who share a single address, we are sending only one Form 10-K report and proxy statement to that address unless we received contrary instructions from any stockholder at that address. This practice, known as "householding," is designed to reduce our printing and postage costs. However, if any stockholder residing at such an address wishes to receive a separate Form 10-K or proxy statement in the future, they may telephone our Corporate Secretary at (949) 480-8300 or write to him at Acacia Research Corporation, 500 Newport Center Drive, Newport Beach, California 92660. If you are receiving multiple copies of our annual report and proxy statement, you can request householding by contacting the Secretary in the same manner.

The Committee shall be composed of such number of directors as may be appointed by the Board, but shall have at least three members, each of whom shall meet the SEC and Nasdaq independence and experience requirements, as determined by the Board. Specifically, each member of the Committee shall be barred from accepting any consulting, advisory or other compensatory fee from the Company or any subsidiary of the Company, and shall not be an "affiliated person" of the Company or any subsidiary of the Company, in each case other than in such member's capacity as a member of the Board or any committee of the Board. All such members shall be financially literate and at least one shall qualify as a "financial expert" as defined under applicable SEC rules, as determined by the Board.

The Board shall appoint the members of the Committee to serve until their successors have been duly designated and one member so appointed shall be designated by the Board as the chair of the Committee.

In all cases, a quorum of the Committee shall be a majority of the persons then serving as members of the Committee. Minutes shall be regularly kept of the Committee's proceedings, by a person appointed by the Committee to do so.

The Committee shall also meet at least quarterly with management and the Company's outside auditors in separate executive sessions.

RESPONSIBILITIES

The Committee will carry out the following responsibilities:

The Committee shall be directly responsible, in its capacity as a committee of the Board, for the appointment, compensation, oversight, and evaluation of performance of the work of the outside auditor.
- o Approve in advance all audit engagement fees and the terms of all audit services to be provided by the outside auditor. The Committee shall establish policies and procedures for the engagement of the outside auditor to provide permissible non-audit services, which shall include pre-approval of such services.
- o At least annually, obtain and review a report from the outside auditor describing any relationships between the auditor and the Company and any other relationships that may adversely affect the auditor's independence, consider the independence of the outside auditor, and otherwise take appropriate action to satisfy itself of the independence of the auditor, including considering whether the provision of non-audit services by the outside auditor is compatible with the auditor's independence.
- o At least annually, review the outside auditor's proposed audit scope and approach (inclusions and exclusions), including coordination of audit effort with internal audit, to ensure the completeness of coverage and reduction of redundant efforts.
- o At least annually, obtain and review a report by the outside auditor describing its own internal quality-control procedures; any material issues raised by its most recent quality-control review or peer review; and any inquiry or investigation by governmental or professional authorities respecting any of its audits within the past five years, together with any steps taken to deal with any such issues.

- o Periodically review the adequacy and effectiveness of the Company's disclosure controls and procedures and the Company's internal controls, including any information technology security and control.
- o Evaluate overall effectiveness of the Company's internal control and risk management frameworks and consider whether recommendations made by the auditors have been implemented by management.

REPORTING

- o Regularly report to the Board about committee activities, issues and related recommendations.
- o Report annually to the stockholders, describing the committee's composition, responsibilities, and how they were discharged, and any other information required by regulators.

OTHER RESPONSIBILITIES

- o Assess annually the Committee's and individual members' performance of the duties specified in this Charter and report its findings to the Board.
- o Annually review and assess the adequacy of this Charter and recommend any proposed changes to the Board. This Charter shall be disclosed in the Company's proxy statement at least once every three years.
- o Hold separate private meetings with management and external auditors.
- o Establish policies for the hiring of employees and former employees of the external auditors.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan and conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles.
