### 7. Exercise of Appraisal Rights

#### A. Summary

##### 1) KB

As the Merger is conducted in accordance with the small-scale merger procedure as prescribed in Article 527-3 of the Commercial Code, no appraisal right can be exercised. However, if the shareholders of KB holding more than 20/100 of the total number of issued and outstanding shares of KB dissent to the Merger, the small-scale merger

procedure cannot be used for the Merger. In such case, the matters regarding the convening of the shareholders meeting for approval of the Merger will be given by public notice.

**2) KCC**

Pursuant to Article 522-3 of the Commercial Code, Article 191 of the SEA, and Articles 5(8) and 12(7) of the Act on Structural Improvement of the Financial Industry ( ASIFI ), a shareholder who opposed the BOD resolution for the merger may request that the company purchase his shares, provided that he notifies the company of his objection in writing prior to the shareholders meeting for approval of the merger. Such request must be made in writing, specifying the type and number of shares requested to be purchased by the Company, within 10 days from the date of the shareholders meeting.

Pursuant to Articles 5(8) and 12(8) of the ASIFI, the company must purchase the shares within two months (the acquisition period ) from the date the company receives the request to purchase the shares.

Pursuant to Article 374-2 of the Commercial Code, Article 191 of the SEA, and Article 5(8) of the ASIFI, the purchase price is determined through negotiation between the shareholders and the company concerned. However, if they fail to agree on the purchase price, the purchase price will be calculated pursuant to Article 84-9(2) of the Enforcement Decree of the SEA as follows: the arithmetic average of the weighted average of the daily closing prices for the (i) two-month period, (ii) one-month period and (iii) one-week period ending one day prior to the date of • the board resolution.

If such company or 30% or more of its shareholders exercising appraisal rights do not accept the purchase price calculated by the foregoing formula, the Financial Supervisory Commission may adjust the purchase price. In such case, the application for adjustment of the purchase price must be made ten days prior to the expiration of the purchase period.

B. Shareholders Eligible to Exercise Appraisal Rights

Pursuant to Articles 5(8) and 12(7) of the ASIFI and Article 191(1) of the SEA, appraisal rights in connection with the Merger are granted to shareholders who (i) are listed on the shareholders registry as of August 26, 2003, (ii) submit a notice to dissent to the Merger in writing prior to the shareholders meeting, (iii) submit a written request to purchase their shares within 10 days from the date of the shareholders meeting, and (iv) hold the shares from the close of the shareholders registry to the exercise date of the appraisal rights. However, once a shareholder disposes of the shares, it may not exercise the appraisal right for the shares even though it reacquires such shares.

C. Estimated Share Purchase Price

- 1) The share purchase price proposed by the Company for negotiation: 13,680 Won per share.
- 2) Basis for the calculation: The purchase price was calculated pursuant to Article 84-9(2) of the Enforcement Decree of the SEA as follows: the arithmetic average of the weighted average daily closing prices for the (A) two-month period, (B) one-month period and (C) one-week period ending one day prior to the date of resolution of the board of directors.

KCC's Common Stock

(A): 13,657 Won

(B): 13,513 Won

(C): 13,872 Won

Base purchase price (i.e., arithmetic average of (A), (B) and (C)): 13,680 Won

- 3) Price adjustment if the purchase price is not agreed upon: Pursuant to Article 191(3) of the SEA, if the parties to the merger or 30% or more of their respective shareholders which exercised the appraisal rights do not accept the foregoing base purchase prices, then the Financial Supervisory Commission can readjust the purchase price.

Adjustment of Purchase Price (Article 95 of the Regulations on the Issuance of Securities and Public Disclosure)

1. In the event that the Financial Supervisory Commission adjusts the purchase price in accordance with Article 191(3) of the SEA, the price will be determined as

follows:

- a. If the stock price index as of the last day of the exercise period is higher than the stock price index as of the date of the board resolution:

The higher of (i) the purchase price calculated pursuant to Article 84-9(2)(i) of the Enforcement Decree of the SEA (the base purchase price ) and (ii) the stock price as of the last date of the exercise period (the market price ), if the standard adjusted price calculated as follows is higher than the market price:

\* Standard adjusted price = base purchase price x [(stock price index as of the last day of the exercise period) / (stock price index on the date of the board resolution)]

The standard adjusted price, if the standard adjusted price is lower than the market price.

- b. If the stock price index as of the last day of the exercise period is lower than the stock price index as of the date of the board resolution:

The standard adjusted price, if the standard adjusted price is higher than the market price.

The lower of (i) the base purchase price and (ii) the market price, if the standard adjusted price is lower than the market price.

2. In connection with the application of subparagraph 1 above, the stock price index as of the date of the board resolution or on the last day of the exercise period refers to the arithmetic average of the stock price index for the industry of the company concerned (the industry stock price index for 22 industries calculated and published by the KSE or KOSDAQ based on the market capitalization) for the seven consecutive trading days ending on the date of the board resolution with respect to the merger or business transfer or on the last day of the exercise period pursuant to the second part of Article 191(1) of the SEA, respectively. The market price refers to the average closing prices of the relevant company's stock for the same period weighted by spot trading volume. In case there are less than 10 companies in the industry as of the last day of the exercise period or the market capitalization

of the company concerned is 10% or more of that of the entire industry, the Korea Composite Stock Price Index will be used.

3. The application for adjustment of the purchase price in accordance with subparagraph 1 above must be made ten days prior to the expiration of the acquisition period pursuant to Article 191(2) of the SEA.

D. Exercise Procedure, Method, Period and Address

1) Procedure and Method

A shareholder of KCC who opposes the Merger must notify KCC of his objection in writing prior to the shareholders' meeting for the approval of the Merger. Shareholders who have deposited their shares with securities companies may oppose the Merger through such securities companies by notifying their objection to the securities companies at least three business days prior to the shareholders' meeting. Securities companies have to notify the Korea Securities Depository of such shareholders' objection at least two business days prior to the shareholders' meeting. The Korea Securities Depository will notify the KCC of such shareholders' objection on or prior to the date of the shareholders' meeting.

2) Period

Only the shareholders who have notified the KCC of their objection to the Merger in writing may request that the company purchase their shares. In case of the Merger, notwithstanding Article 522-3 of the Commercial Code and Article 191 of the SEA, the exercise period is ten days, instead of twenty days, pursuant to Articles 5(8) and 12(7) of the ASIFI. Accordingly, the request to purchase the shares has to be made within ten days from the shareholders' meeting for approval of the Merger. Shareholders who have deposited their shares with securities companies must request the purchase of their shares through such securities companies at least two business days prior to the last day of the exercise period, and the Korea Securities Depository will notify KCC on behalf of such shareholders.

Exercise Period: September 18, 2003 to September 27, 2003

3) Address for Notification

Kookmin Bank, Securities Agency Team, 15-22, Yoido-dong, Youngdeungpo-Ku, Seoul

E. Others

1) Source of Purchase Price: internal funds

2) Payment Date of Purchase Price: November 20, 2003

3) Payment Method

Registered shareholders: Cash payment or wire transfer to their respective accounts at banks

Beneficial shareholders: wire transfer to their respective accounts at securities companies

4) Please note that the purchase price and other information relating to the exercise of appraisal rights are subject to change in the course of consultation with the shareholders, if necessary.
