Box 197, Souderton, Pennsylvania 18964, for use at the Annual Meeting of Shareholders to be held April 19, 2016, at the Indian Valley Country Club, 650 Bergey Road, Telford, PA 18969 and at any adjournment thereof. Copies of this Proxy Statement and proxies to vote the Common Stock are being sent to the shareholders on or about March 17, 2016. Some of the officers of the Corporation or employees of Univest Bank and Trust Co. (the "Bank") and other subsidiary companies or employees of Broadridge Corporate Issuer Solutions, Inc. ("Broadridge"), the Corporation's transfer agent, may solicit proxies personally and by telephone, if deemed necessary. The Corporation will bear the cost of solicitation and will reimburse brokers or other persons holding shares of the Corporation's voting stock in their names, or in the names of their nominees, for reasonable expense in forwarding proxy cards and proxy statements to beneficial owners of such stock.

The person named in the proxy will vote in accordance with the instructions of the shareholder executing the proxy, or in the absence of any such instruction, for or against on each matter in accordance with the recommendations of the Board set forth in the proxy.

Univest's Board of Directors recommends a vote:

1. FOR the election of five Class II Directors each for a three-year term expiring in 2019 and one Alternate Director for a one-year term expiring in 2017 and until their successors are elected and qualified.
2. FOR the ratification of KPMG LLP as our independent registered public accounting firm for 2016.
3. FOR the approval of, on an advisory basis, the compensation of our named executive officers as presented in this Proxy Statement.

The Board has fixed the close of business on February 19, 2016, as the record date for the determination of shareholders entitled to notice and to vote at the Annual Meeting. As of February 19, 2016, there were 19,598,742 outstanding shares of Common Stock entitled to be voted at the Annual Meeting.

The other matters of business listed in this proxy will be decided by the affirmative vote of a majority of all votes cast, in person and by proxy, at the meeting.

If you are the beneficial owner of shares held in the name of a broker, trustee or other nominee and do not provide that broker, trustee or other nominee with voting instructions, your shares may constitute "broker non-votes." Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. Section 16 (a) Beneficial Ownership Reporting Compliance

Section 16 (a) of the Securities Exchange Act of 1934 requires the Corporation's Directors and Executive Officers, and persons who own more than ten percent of a registered class of the Corporation's equity securities, to file with the Securities and Exchange Commission (the SEC) initial reports of ownership and reports of changes in ownership of Common Shares and other equity securities of the Corporation. Officers, Directors and greater than ten percent shareholders are required by SEC regulations to furnish the Corporation with copies of all Section 16 (a) forms they file.

To the Corporation's knowledge, based solely on a review of the copies of such reports furnished to the Corporation and written representations that no other reports were required during the fiscal year ended December 31, 2015, all Section 16 (a) reports by its Officers and Directors were timely filed except that two reports on Form 4 by Michael L. Turner for sales totaling 14,905 shares of Common Stock in nineteen transactions on dates from April 29, 2015 through July 27, 2015 were inadvertently filed late.

Our Board of Directors determined that all directors, with the exception of Mr. Aichele, Mr. Goldstein, Mr. K. L. Moyer and Mr. Schweitzer, are independent within the meaning of the listing standards of the NASDAQ Stock Market and SEC regulations. The Board has determined that a lending relationship resulting from a loan made by the Bank to a director would not affect the determination of independence if the loan complies with Regulation O under the federal banking laws. The Board also determined that maintaining with the Bank a deposit, savings or similar account by a director or any of the director's affiliates would not affect the determination of independence if the account is maintained on the same terms and conditions as those available to similarly situated customers. There are no family relationships among our directors or executive officers. For more information, see "Related-Party Transactions."

The Board has determined that Mr. Morral meets the requirements adopted by the SEC and the NASDAQ Stock Market for qualification as an audit committee financial expert. Mr. Morral has served as a member of the Board since 2002. Mr. Morral is a certified public accountant and has experience in the public accounting field as a former partner at Arthur Young and Co. (now Ernst & Young LLP). Mr. Morral's past employment experience as Senior Vice President and Chief Financial Officer of Moyer Packing Company for sixteen years included active supervision of finance, accounting, audit, credit, information technology, payables and payroll, providing him with a high level of financial sophistication and a comprehensive knowledge of internal controls and audit committee functions. Moreover, the identification of a person as an audit committee financial expert for purposes of the regulations of the Securities and Exchange Commission does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board. Additionally, a person who is determined to be an audit committee financial expert will not be deemed an "expert" for purposes of Section 11 of the Securities Act of 1933.

The Board re-approved the Audit Committee Charter in January 2016. At the January 2016 meeting of the Audit Committee, the Committee re-approved the Audit and Non-Audit Services Pre-Approval Policy. Copies of these documents may be found on the Corporation's Web Site: www.univest.net in the "INVESTOR RELATIONS" section under Governance Documents.

Ratification of the Appointment of Independent Registered Public Accounting Firm

The audit committee of the Board has appointed KPMG LLP as our independent registered public accounting firm for 2016. KPMG LLP was first engaged as our independent registered public accounting firm in 2004 and audited our financial statements for 2015.

Although shareholder ratification of the appointment of KPMG LLP as our independent registered public accounting firm is not required by our bylaws or otherwise, the Board has decided to afford our shareholders the opportunity to express their opinions on the matter of our independent registered public accounting firm. Even if the selection is ratified, the Committee at its discretion may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Corporation and our shareholders. If our shareholders do not ratify the appointment, the Committee will take that fact into consideration, together with such other facts as it deems relevant, in determining its next selection of an independent registered public accounting firm.

A representative from KPMG, as independent registered public accounting firm for the current fiscal year, is expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

2015 Performance Summary

Our focus in 2015 was tied to three strategic priorities:

Grow Top Line Revenue

Revenue increased by 21% over 2014

Experienced organic loan growth of 11%

Net interest margin increased 9 basis points to 3.96%

Maximize Efficiency and Manage Cost

Closed six financial centers operating in close proximity to other Univest locations with projected annual savings of \$1.9 million

Implemented a new deposit platform with enhanced workflow which will generate efficiencies and improve the customer experience

Converted former Valley Green Bank customers to the Univest core banking platform in April

Expand and Optimize the Capabilities of Univest to Better Serve Our Customers and Communities

Issued \$50 million in subordinated debt to enhance our regulatory capital and support both organic and acquisition driven growth

Opened two new financial centers in Collegeville and Newtown which are staffed by personal bankers providing a full range of personal solutions and consultative services to our customers

Began projects to enhance customer access through updates to our website and mobile app

Growth Through Acquisitions

Acquisition of Valley Green Bank closed on January 1, 2015

Announcement of definitive merger agreement with Fox Chase Bancorp, Inc. on December 8, 2015

While we did not achieve targeted performance for our incentive plan performance measures, actual results were above threshold and on an operating basis (adjusting both 2015 and 2014 net income for integration and acquisition related costs and restructuring charges, as applicable) earnings per share increased more than 7% over 2014. Substantial progress was also made on other important internal goals, such as those noted above which we believe will contribute to improved financial results going forward.

2015 Compensation Summary

Salaries: 2015 salary increases for the executive officers ranged from 10% - 13%.

Annual Incentive: Based on 2015 performance, the corporate performance portion of the annual incentive paid out at 71% of target. Because we did not achieve our Plan, our annual incentive paid below target.

Equity: Similar to prior years, we granted our executives two forms of equity:

Performance-vested restricted stock which cliff vests after three years based on relative ROAA to our Board approved peer group.

Options which time-vest over four years (1/3 on second anniversary, 1/3 on third anniversary, and 1/3 on fourth anniversary).

Additional Compensation Policies: In an effort to be responsive to shareholders, we have made two updates to our disclosure:

Ownership Requirements: During 2010, ownership requirements were implemented which we disclose for the first time in this document.

Claw Back: Instituted a claw back provision for 2016 incentives.

EXECUTIVE COMPENSATION PHILOSOPHY

The principal objective of the Corporation is to maximize shareholder value through the development and enhancement of the Corporation's business operations. To further that objective, the Corporation's executive compensation program is designed to:

Attract and retain talented employees in leadership positions in the Corporation by recognizing the importance of these individuals in carrying out the Corporation's Mission Statement, Core Values and Vision Statement: "To be the best integrated financial solutions provider in the market." These key statements are critical in keeping us focused on our short-term and long-term goals for the success of the Corporation.

Support strategic performance objectives through the use of compensation programs. The goal of the executive compensation program is to provide the executive with a total compensation package competitive with the market and industry in which the Corporation operates, and to promote the long-term goals, stability and performance of the Corporation. By doing this, we will align the interests of management with those of our shareholders.

While exact positioning varies by each individual's experience and responsibilities, our intent is to pay salaries, cash incentives, and equity incentives near the 50th percentile of the market when we meet our targeted performance objectives.

- Support the Corporation's management development and succession plans.

Create a mutuality of interest between executive officers and shareholders through compensation structures that share the rewards and risks of strategic decision-making.

Require executives to acquire substantial levels of ownership of the Corporation's stock in order to better align the executives' interests with those of the shareholders' through a variety of plans.

Ensure, to the extent possible, that compensation has been and will continue to be tax deductible.

BASE SALARY COMPENSATION

The Compensation Committee's approach is to offer competitive salaries in comparison with market practices. The Committee annually examines market compensation levels and trends observed in the labor market. For its purposes, the Compensation Committee has defined the labor market as the pool of executives who are currently employed in similar positions in companies with similar asset size and scope of operation, with special emphasis placed on salaries paid by companies that constitute the banking industry. Market information is used as a frame of reference for annual salary adjustments and starting salaries.

The Compensation Committee makes salary decisions in a structured annual review. The Compensation Committee considers decision-making responsibilities, experience, work performance and achievement of key goals, and team-building skills of each position as the most important measurement factors in its annual reviews. To help quantify these measures, the committee has enlisted the assistance of an independent compensation consultant. Base salaries are determined by considering the experience and responsibilities of the individual executive officer with a target of paying at the median (50%) level of our peer group adjusted for overall performance of the individual executive. Base salaries are adjusted annually and are in effect for the period January 1 through December 31.

During 2014, the Corporation engaged Mosteller & Associates to accumulate comparative data on the Corporation's peer group which the Compensation Committee utilized in adjusting the base salary of its executive group. The Corporation's peer group, eighteen (18) institutions of similar asset size and regional location, consists of: Arrow Financial Corp.; Berkshire Hills Bancorp, Inc.; Bryn Mawr Bank Corporation; Camden National Corporation; Chemung Financial Corporation; Financial Institutions, Inc.; First Defiance Financial Corp.; Independent Bank Corp.; Park National Corporation; Peoples Bancorp, Inc.; S&T Bancorp, Inc.; Sandy Spring Bancorp, Inc.; Tompkins Financial Corporation; TowneBank; TrustCo Bank, NY; Union First Market Bankshares Corporation; Washington Trust Bancorp, Inc.; and WSFS Financial Corporation.

In November 2014, the Compensation Committee met and reviewed the performance of the named executive officers with the Chief Executive Officer to determine increases in base salary compensation for 2015. The Committee also met in executive session without the Chief Executive Officer to discuss his base salary for 2015. Increases in base salary compensation for 2015

were based on individual performance and the selected peer group compensation review along with market analysis, which provides a broader view of compensation practices than the more limited peer group represented by the proxy study performed by the Corporation's independent compensation consultants.

Below outlines the increases in base salary compensation for 2015 approved by the Compensation Committee:

Executive	2015	2014	Base Salary Increase
Jeffrey M. Schweitzer	\$510,000	\$450,000	13.3%
Michael S. Keim	300,000	270,000	11.1%
Duane J. Brobst	220,000	200,000	10.0%
Kevin B. Norris	275,000	250,000	10.0%
Eric W. Conner	215,000	190,000	13.2%

The increase for Mr. Schweitzer was determined based on merit, along with the goal of getting Mr. Schweitzer's base salary to the median (50%) level over the three year period as a result of his promotion to Chief Executive Officer on January 1, 2014. The increase for Mr. Norris was due to his promotion to President of Wealth Management. The increases for the other named executive officers are due to merit, growth and increased complexity of the Corporation and their related responsibilities. In addition, Mr. Brobst and Mr. Keim assumed additional responsibilities as a result of K. Leon Moyer's (former President and CEO of the Bank) retirement on January 1, 2015.

ANNUAL INCENTIVES

The Corporation established a non-equity annual incentive plan to reward executive officers for achieving annual financial objectives. The weighted financial measures and related targets for the plan are set in the preceding fiscal year by the Compensation Committee. The annual incentive program for Messrs. Schweitzer, Keim, Brobst, and Conner consists of cash bonuses based 75% on meeting annual Corporation performance goals (annual net income, efficiency ratio and return on average assets); and 25% on individual performance to reinforce the critical focus of our executive officers on certain annual objectives that have significant impact on our long-term performance strategy. The payout under the Annual Incentive Compensation plan will occur during February of each year for which a payout is made.

The Annual Incentive Compensation plan provides for payouts based on actual results compared to target as detailed in the table below. The payout under the Annual Incentive Compensation plan was interpolated based on actual results compared to threshold, target, and optimum; there is no payout for performance below threshold.

Executive	Threshold 40% of Target (% of salary)	Target 100% of Target (% of salary)	Optimum 150% of Target (% of salary)	Actual Award (% of salary)	Actual Award (\$)
Jeffrey M. Schweitzer	20.0%	50.0%	75.0%	45.5%	\$232,190
Michael S. Keim	14.0%	35.0%	52.5%	31.9%	95,608
Duane J. Brobst	14.0%	35.0%	52.5%	27.5%	60,487
Eric W. Conner	10.0%	25.0%	37.5%	22.8%	48,942

The Corporation's financial targets set by the Compensation Committee for 2015 along with the actual results for the Annual Incentive Compensation component of executive compensation were as follows:

Performance Metric	Goal Weight	Threshold	Target (Plan)	Optimum	Actual*
Net Income (000's)	34.0%	\$23,535	\$29,418	\$35,302	\$27,762
Return on Average Assets	33.0%	0.84%	1.05%	1.26%	1.00%
Efficiency Ratio	33.0%	69.12%	66.62%	64.12%	68.91%

*Adjusted to exclude the impact of after-tax merger-related expenses associated with the Fox Chase Bancorp acquisition.

As a result of actual corporate performance (paid out at 71% of target) and the individual performance component, an aggregate cash bonus was paid to the above named executive officers of the Corporation for 2015 ranging from 79% to 91% of the targeted payout level.

The individual performance component is recommended by the President and CEO of the Corporation and Chairman of the Corporation, as applicable. When considering the recommendations, the Compensation Committee considers the individual's contribution to progress on strategic initiatives critical to the Corporation's performance in 2015 and beyond. In 2015, the Compensation Committee determined that the individual performance component for Messrs. Schweitzer, Keim and Conner should be paid-out at Optimum, largely due to the successful system conversion and integration of Valley Green Bank, while Mr. Brobst's individual performance component should be paid at Target.

Annual Incentive for Mr. Norris

As the President of Univest's Wealth Management business, Mr. Norris does not participate in the same corporate-wide annual incentive plan as the other named executive officers. A separate bonus pool is established within Wealth Management and is funded based on Wealth Management's pre-tax income. The actual incentive award for Mr. Norris is allocated and approved by the President and CEO of the Corporation on a discretionary basis from the pool. For 2015, Mr. Norris' cash incentive target was 25% of salary, and the actual award was \$65,750, 95% of his target payout level.

Structured Discretion

Recognizing that unforeseen events in the economy could have an impact on the annual performance of the Corporation, but still result in the Corporation, through focused and disciplined management, exceeding the performance of its Select Peer Group, as determined by the Board of Directors, which consists of all publicly traded Mid-Atlantic (defined as Pennsylvania, New York, New Jersey, Delaware, Maryland and the District of Columbia) banks, thrifts and savings institutions between \$1 billion and \$5 billion in total assets, the Annual Incentive Compensation Plan also has a Peer Performance Lever. The Compensation Committee has the discretion to pay out at the Threshold level, even if the Corporation's performance does not meet Threshold levels, if the Corporation's performance exceeds 50% of the Select Peer Group performance with respect to Return on Average Assets. Additionally, the Compensation Committee has the discretion to pay out at the Target level, even if the Corporation's performance does not meet Target levels, if the Corporation's performance exceeds 80% of the Select Peer Group performance with respect to Return on Average Assets. Finally, the Compensation Committee has the discretion to not pay out the Annual Incentive Compensation if the Corporation's performance does not exceed 40% of the Select Peer Group performance with respect to Return on Average Assets.

The Compensation Committee made no discretionary adjustments to executive compensation in 2015, and does not intend to utilize this feature going forward.

Annual Incentive Deferral Option

For the 2014 annual incentive plan award paid at the beginning of 2015, executives had the option to receive up to 50% of their annual incentive bonus in shares of the Corporation's stock, which the Corporation matched with a restricted stock grant. The restricted stock grant would vest ratably over a five-year period. The purpose of this deferral option was to further align the executive's interests with those of the shareholders, promote retention and keep the executive focused on the long-term viability, performance and stability of the Corporation. In order to have a larger portion of the executives' pay based on performance, the executives were not given this option for the 2015 annual incentive plan paid at the beginning of 2016, and we do not intend to utilize this feature going forward.

LONG-TERM INCENTIVES

Stock-Based Compensation

The long-term incentive program consists primarily of stock options and restricted stock grants; performance-based restricted stock awards vest based on the Corporation's performance compared to its selected peers with respect to certain financial measures. The purpose of the program is to align management's interests with those of our shareholders, promote employee retention and also to ensure management's focus on the long-term stability and performance of the Corporation. The Corporation's target is to pay out incentive compensation, both short-term and long-term, at the median (50%) level of our peer group when targeted performance is met.

At the Annual Meeting in 2003, the shareholders approved the Univest 2003 Long-Term Incentive Plan; at the Annual Meeting in 2008, the shareholders approved the Amended and Restated Univest 2003 Long-term Incentive Plan. The 2003 Long-Term Incentive Plan expired in April 2013. At the Annual Meeting in 2013, the shareholders approved the Univest 2013 Long-Term Incentive Plan. The purpose of the plan is to enable employees and non-employee directors of the Corporation to: (i) own shares of stock in the Corporation, (ii) participate in the shareholder value which has been created, (iii) have a mutuality of interest with other shareholders and (iv) enable the Corporation to attract, retain and motivate key employees of particular merit. Participation in the 2013 Long-Term Incentive Plan is determined by the Compensation Committee. The plan authorizes the Committee to grant both stock and/or cash-based awards through incentive and non-qualified stock options, stock appreciation rights, restricted stock, and/or long-term performance awards to participants. With respect to these grants, 2,000,000 shares were initially set aside for these long-term incentives. The number of shares of common stock available for issuance under the plan is subject to adjustment, as described in the plan. This includes, in the event of any merger, reorganization, consolidation, recapitalization, stock dividend, or other change in corporate structure affecting the stock, substitution or adjustment in the aggregate number of shares reserved for issuance under the plan, in the number and option price of shares subject to outstanding options granted under the plan and in the number and price of shares subject to other awards, as described in the plan. As a result of the acquisition and merger of Valley Green Bank into Univest Bank and Trust Co., 473,483 additional shares are now available for distribution under the 2013 Long-Term Incentive Plan. At the time of an award grant, the Committee will determine the type of award to be made and the specific conditions upon which an award will be granted (i.e. term, vesting, performance criteria, etc.).

Upon a change in control: any stock appreciation rights outstanding for at least six months and any stock options awarded which have been held for at least six months shall become fully vested and exercisable; restrictions applicable to any restricted stock award shall lapse and such shares shall be deemed fully vested; the value of all outstanding stock options, stock appreciation rights and restricted stock awards shall be cashed out on the basis of their fair market value; and any outstanding long-term performance awards shall be vested and paid out based on the prorated target results for the performance periods in question.

2015 Equity Grants

Long-term incentive compensation consists of a combination of performance-based restricted stock and stock options.

Performance-based restricted stock was granted on January 31 based on the Top Quintile performance as detailed in the chart below. The performance-based restricted stock will vest on February 15th after three years of performance (i.e. restricted stock granted on January 31, 2015 will vest on February 15, 2018) based on the Corporation's performance compared to its Select Peer Group with respect to three-year average Return on Average Assets. On January 31, 2015, the Compensation Committee approved the granting of performance-based restricted stock to the following named executives:

Number of Shares

Grant Date Fair Value (\$)

Edgar Filing: UNIVEST CORP OF PENNSYLVANIA - Form DEF 14A

Executive	3rd Quintile 40%-60%	2nd Quintile 60%-80%	Top Quintile 80%-100%	3rd Quintile 40%-60%	2nd Quintile 60%-80%	Top Quintile 80%-100%
Jeffrey M. Schweitzer	2,500	5,000	7,500	\$46,300	\$92,600	\$138,900

Eric W. Conner	750	1,500	2,250	13,890	27,780	41,670

The granting of options is anticipated to occur annually, at the discretion of the Compensation Committee, on January 31 and is not contingent on the achievement of annual targets described under Annual Incentive Compensation. The number of

13

options to be granted each year will be determined by the Compensation Committee. On January 31, 2015, the Compensation Committee approved the granting of stock options to the following named executives:

Executive	Stock Options Granted		Grant Date Fair Value (\$)
Jeffrey M. Schweitzer	9,000	shares	\$54,593
Michael S. Keim	4,500	shares	27,297
Duane J. Brobst	4,500	shares	27,297
Kevin B. Norris	2,000	shares	12,132

Vesting of 2012 Performance-Based Restricted Stock

During 2012, the Corporation granted its executives performance-based restricted stock similar in nature to the 2015 award described above. The performance period for this award ended in 2015, and our three year ROAA and ROAE relative to peers fell in the 2nd Quintile. The number of shares earned and vested for each named executive are disclosed below.

Executive	Number of Vested Shares	
Jeffrey M. Schweitzer	2,500	shares
Michael S. Keim ⁽¹⁾		N/A
Duane J. Brobst	1,500	shares
Kevin B. Norris ⁽¹⁾		N/A
Eric W. Conner ⁽¹⁾		N/A

⁽¹⁾ Executive was not a participant in 2012 Executive Compensation Plan

Stock Ownership Requirements

To reinforce the importance of aligning the financial interests of the executive officers with those of the shareholders, the Board of Directors approved minimum stock ownership guidelines for the executive officers in 2010. Below are the minimum required holdings for the named executive officers. A majority of the executive officers are in compliance with the ownership requirements while the remaining officers are on pace to be in compliance with the ownership requirements within the allotted timeframe.

Executive	Ownership Requirement (Multiple of Base Salary)
Jeffrey M. Schweitzer	3.0x
Michael S. Keim	2.5x
Duane J. Brobst	2.0x
Kevin Norris	1.5x
Eric W. Conner	1.5x

The ownership requirements vary based upon which category of the executive incentive plan (there are four) the executive is placed in. In 2015, executive officers in each category were as follows: Category 1 is the President and CEO of the Corporation; Category 2 is the President of the Bank; Category 3 included any Senior Executive Vice President of the Corporation and/or the Bank and any President of Commercial Banking; and Category 4 includes Executive Vice Presidents of the Corporation or Bank, along with Presidents of lines of business other than Commercial Banking. These ownership requirements must be met within 7 years of entering the plan. If an individual is promoted to a new category, the individual will have 3 additional years in which to achieve the new ownership requirement. The following shares are considered "owned" in meeting the ownership requirements outlined in the table above:

▲All shares held by the employee or their spouse

- All restricted stock (vested or nonvested)
- Unexercised vested in-the-money stock options
- Shares held in the employee's 401(k) plan

Claw Back Provision on Incentive Compensation

In the case where an accounting restatement occurs due to a material error, whether due to intentional fraud or a “no fault” accounting restatement, incentive-based compensation that is based on financial information required to be reported under the securities laws, including performance based restricted stock, will be recovered from all Section 16 officers who were Section 16 officers during the relevant period. If it is determined by the Compensation Committee that it is impracticable to recover the amounts (i.e. the cost to recover exceeds the amount to be recovered) then the Corporation will disclose the individual’s name, the amount foregone, and a brief description of the reason for deciding not to pursue recovery in our next annual proxy statement.

Post-Retirement Plans

Univest provides a qualified pension plan to all employees hired prior to December 8, 2009. The Defined Benefit Pension Plan (DBPP) is a noncontributory defined benefit retirement plan covering substantially all employees of the Corporation who were hired before December 8, 2009, completed one year of service with the Employer and attained age 21. Effective December 31, 2009, the benefits previously accrued under the DBPP were frozen and the DBPP was amended and converted to a cash balance plan, with participants not losing any pension benefits already earned in the DBPP. Additionally, employees hired on or after December 8, 2009 are not eligible to participate in the DBPP. The DBPP is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The DBPP is administered by the Pension Committee appointed by the Board of Directors of the Corporation. The Pension Committee has appointed the Bank as trustee of the DBPP. Employer contributions are based on amounts required to be funded under the provisions of ERISA. No contributions are required or permitted by the participants. The normal retirement date is the first day of the month in which the participant’s 65th birthday occurs and he/she has completed five years of credited service. Prior to December 31, 2009, the normal annual retirement benefit amount accrued was 1.5% of average earnings for each year of credited service up to 20 years plus 0.5% of average earnings for each year of credited service in excess of 20 years up to 35 years, plus 0.25% of average earnings in excess of the average Social Security wage base for each year of credited service up to 35 years.

Benefits under the cash balance plan are credited to the employees’ account based on the following formula:

Years of Service	Annual Benefit Credited
0 - 10	3% of salary
11- 20	5% of salary
21 +	7% of salary

Additionally, annually the employees’ accounts are credited with a guaranteed return of the ten year Treasury note rate plus 1% not to exceed the 30 year Treasury note rate. To not penalize long-term employees of the Corporation, for employees over the age of 55 with over 20 years of service on December 31, 2009, the annual retirement benefit is guaranteed to be the higher of the benefit attributable to the formula under the DBBP or the new cash benefit account. Each participant who has at least ten years of service and who has attained age 55 may elect to retire early within the 10-year period immediately prior to his/her normal retirement age. A participant’s early retirement benefit is the greater of 1) the actuarial equivalent of the accrued benefit if the benefit is distributed in a form other than a nondecreasing life annuity payable for a period not less than the life of the participant, or 2) the accrued benefit reduced from the early retirement date by 1/15th per year for the first five years and 1/30th per year for each of the next five years. A participant’s early retirement benefit with respect to benefits accrued prior to the cash balance plan conversion effective December 31, 2009 is the participant’s accrued benefit payable at the participant’s normal retirement date, reduced by 6% per year for the first five years and 4% per year thereafter to age 55; however, if the participant has attained age 62 at the early retirement date and the sum of the participant’s age plus years of service equals or exceeds 85, the participant will receive the normal retirement benefit.

Participants were not vested in the benefits accrued up to December 31, 2009 until they completed five years of service, at which time they become fully vested in the benefits accrued up to December 31, 2009 in the DBPP.

Participants were not vested in the benefits accrued after December 31, 2009, under the cash balance portion of the plan, until they completed three years of service, at which time they became fully vested in the benefits accrued under the cash balance portion of the plan.

A vested participant who dies before the annuity starting date and who has a surviving spouse shall have the death benefit paid to the surviving spouse in the form of a preretirement survivor annuity and may have the death benefit distributed to his/her beneficiaries within five years after death.

While the Corporation has not expressed any intent to do so, the DBPP/cash balance plan may be discontinued at any time, subject to the provisions of ERISA. In the event such discontinuance results in termination of the DBPP/cash balance plan, the DBPP/cash balance plan provides that the net assets of the plan shall be allocated among the participants in the order provided for in ERISA. To the extent there are unfunded vested benefits other than benefits becoming vested by virtue of termination of the DBPP/cash balance plan, ERISA provides that such benefits are payable to participants by the Pension Benefit Guaranty Corporation (PBGC) up to specified limitations.

Should the DBPP/cash balance plan terminate at some future time, its assets generally may not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty while other benefits may not be provided for at all.

On an optional basis, all officers and employees who have attained the age of 18 and have completed one month of continuous service may participate in the Deferred Salary Savings Plan (DSSP). In 2015, participants could defer up to a maximum of \$18,000 if under age 50 and \$24,000 if at least age 50 by December 31. After employees complete 6 months of service, the Corporation or its subsidiaries will make a matching contribution of 50% of the first 6% of the participant's salary. All contributions are invested via a trust. The Corporation's matching contributions for 2015, 2014 and 2013, amounted to \$1,017,667, \$836,007 and \$765,400, respectively. The matching contributions are vested at 50% at the end of two years, 75% at the end of three years, and 100% at the end of four years. Benefit payments normally are made in connection with a participant's retirement. The DSSP permits early withdrawal of the money under certain circumstances. Under current Internal Revenue Service regulations, the amount contributed to the plan and the earnings on those contributions are not subject to Federal income tax until they are withdrawn from the plan.

OTHER PERQUISITES

Compensation for group life insurance premiums, hospitalization and medical plans, and other personal benefits are provided to all full-time employees and part-time employees averaging a certain number of hours and do not discriminate in favor of officers of the Corporation or its subsidiaries.

Certain executive officers, including the named executive officers, receive expense allowances. These perquisites are determined and approved by the Compensation Committee under the same methodologies for and in conjunction with base salary compensation. Univest also provides certain named executive officers with personal tax preparation services; these services are provided by a Certified Public Accounting firm other than Univest's Independent Registered Public Accounting Firm, KPMG LLP.

TAX CONSIDERATIONS

Section 162(m) of the Internal Revenue Code generally provides that no deduction is allowed for compensation in excess of \$1 million paid by a public company to its CEO or any of its other three most highly paid executive officers (other than the CFO). However, compensation that qualifies as "performance-based" compensation is not subject to the deductibility limit. The Compensation Committee attempts to maximize the deductibility of compensation under Section 162(m) to the extent doing so is reasonable and consistent with the Corporation's strategies and goals.

However, the Compensation Committee recognizes that paying certain compensation that is not tax-deductible may sometimes be in our best interest, and to that end we do not have a policy requiring that all compensation be deductible. Further, even if the Compensation Committee intends or attempts to grant compensation that may qualify as "performance-based" for purposes of Section 162(m), the Corporation cannot guarantee that such compensation ultimately will be deductible by it, including where in the Compensation Committee's judgment payment of non-deductible compensation is needed to achieve the Corporation's overall compensation objectives.

Overview of Compensation Changes for 2016

In 2015, the Compensation Committee engaged McLagan, a part of Aon plc, as its independent compensation consultant. Working with McLagan, the Committee decided to make the following changes which will impact executive compensation in 2016:

Developed and adopted a new peer group for compensation benchmarking and measuring relative performance to the market. The new peer group is a better representation of the Corporation's business model and includes 22 institutions of similar asset and revenue size and mix of revenue between net interest and fee income. Specifically, the peer group is comprised as follows: 1st Source Corp., Arrow Financial Corp., Bryn Mawr Bank Corp., Camden National Corp., Chemung Financial Corp., City Holding Co., CoBiz Financial Inc., Community Trust Bancorp Inc., First Busey Corp.,

16

First Community Bancshares Inc., First Defiance Financial, Lake Sunapee Bank Group, Peapack-Gladstone Financial, Peoples Bancorp Inc., QCR Holdings Inc., S&T Bancorp Inc., Sandy Springs Bancorp Inc., Stock Yards Bancorp Inc., Tompkins Financial Corporation, TowneBank, Washington Trust Bancorp Inc. and WSFS Financial Corp.

Made adjustments to the annual incentive plan to better align with shareholder interests, including: eliminating the discretionary performance lever; changing corporate metrics to annual EPS, ROE, credit quality, and efficiency ratio; and adjusting weightings of metrics.

Eliminated the company match in restricted stock on elective deferrals of annual incentive.

Made adjustments to the long-term incentive plan to reflect market best practices and to better align with our compensation philosophy, including: adding three year EPS as a metric; establishing a minimum performance requirement for vesting; and modifying the methodology for calculating awards to allow for interpolation between performance levels.

Adopted a claw back provision permitting the Company to recoup over-payments of incentive compensation based upon an accounting restatement due to a material error.

Adopted change in control agreements for certain executive officers, including the named executive officers.

2016 Base Salaries

In November 2015, the Compensation Committee met and reviewed the performance of the named executive officers with the Chief Executive Officer to determine increases in base salary compensation for 2016. The Committee also met in executive session without the Chief Executive Officer to discuss his base salary for 2016. Increases in base salary compensation for 2016 were based on individual performance and the selected peer group compensation review along with market analysis, which provides a broader view of compensation practices than the more limited peer group represented by the proxy study performed by the Corporation's independent compensation consultants.

Below outlines the increases in base salary compensation for 2016 approved by the Compensation Committee:

Executive	2016	2015	Base Salary Increase
Jeffrey M. Schweitzer	\$550,000	\$510,000	7.8%
Michael S. Keim	375,000	300,000	25.0%
Duane J. Brobst	240,000	220,000	9.1%
Kevin B. Norris	285,000	275,000	3.6%
Eric W. Conner	235,000	215,000	9.3%

The increase for Mr. Schweitzer was determined based on merit, increase in size and complexity of the Corporation along with the goal of getting Mr. Schweitzer's base salary to the median (50%) level over a three year period as a result of his promotion to Chief Executive Officer on January 1, 2014. The increase for Mr. Keim was determined based on his promotion to President of the Bank. The increases for the other named executives are due to merit, growth and increased size and complexity of the Corporation and their related responsibilities.

Change in Control Agreements

On February 26, 2016, the Corporation entered into change of control agreements (the "Agreement") with certain executive officers, including the named executive officers. For Messrs. Schweitzer, Keim, Brobst and Conner the Agreement has a fixed term commencing on February 26, 2016 and ending on December 31, 2017, with automatic annual one year renewals of the Agreement thereafter, absent notice of non-renewal from either party. For Mr. Norris, the Agreement has a fixed term commencing on February 26, 2016 and ending on December 31, 2016, with automatic annual one-year renewals of the Agreement thereafter, absent notice of renewal from either party.

In the event an executive's employment is terminated subsequent to a "change in control" during the term of the Agreement either by the Corporation for a reason other than "cause" (as defined in the Agreement) or by the executive after the occurrence of certain specified events of "good reason" described below, the Corporation will pay Messrs.

Schweitzer, Keim, Brobst and Conner a lump-sum cash payment equal to the sum of (i) two times their highest annual base salary in effect at the time of termination of employment for the current and two preceding calendar years and (ii) two times their average cash bonus paid within the current and two calendar years preceding termination of employment. In addition, they will each receive continuation of medical insurance benefits for two years, or a cash payment equal to the cost to obtain such benefits. Mr. Norris will receive a lump-sum cash payment equal to the sum of (i) one time his highest annual base salary in effect at the time of termination of employment for the current and two preceding calendar years and (ii) one time his average cash bonus paid within

the current and two calendar years preceding termination of employment. In addition, Mr. Norris will receive continuation of medical insurance benefits for one year, or a cash payment equal to the cost to obtain such benefits. The specified events of “good reason” permitting an executive to terminate employment following a change in control and receive payments or benefits under the Agreement include: (i) material diminution in executive’s authority, duties or other terms and conditions of employment; (ii) reassignment to a location greater than 25 miles from executive’s office on the date of the change in control (unless closer to executive’s residence); (iii) material diminution in executive’s base salary; (iv) failure to provide executive with employee benefits (retirement or pension, life insurance, medical, health and accident insurance, and similar plans) applicable at the time of the change in control; or (v) a material breach of the Agreement.

Payments under the Agreement would be reduced to the extent necessary to avoid an “excess parachute payment” under Section 280G of the Internal Revenue Code. In the event that the executive becomes entitled to and receives benefits under the Agreement after a change in control, he will be subject to one year non-compete and non-solicitation covenants. In the event that the executive voluntarily terminates employment during the term of the Agreement prior to a change in control, he will be subject to similar non-compete and non-solicitation covenants for six months.

CONCLUSION

Through the programs described above, a significant portion of the Corporation's executive compensation is linked directly to individual and corporate performance and growth in shareholder value. The Committee intends to continue the policy of linking executive compensation to individual and corporate performance and growth in shareholder value, recognizing that the business cycle from time to time may result in an imbalance for a particular period.

The following Summary Compensation Table is mandated by SEC rules, contains a mix of earned and target pay, and several items that are driven by accounting and actuarial assumptions. Earned amounts shown under stock and option awards are determined at grant date fair values, which may be worth more, less, or even nothing when vested or paid.

The following table sets forth for the fiscal years ended December 31, 2015, 2014 and 2013, the compensation which the Corporation and its subsidiaries' principal executive officer, principal financial officer and three other named executive officers earned. This table should be read in conjunction with the "Compensation Discussion and Analysis" section of this Proxy Statement.

Represents the fair value for all stock options granted during 2015, 2014 and 2013, respectively. Assumptions used (a) in calculating the fair value on these stock options are set forth in Note 11 to the Financial Statements included in Univest's Form 10-K for the year ended December 31, 2015.

(b) 2013 Changes in Pension Value were primarily due to an average increase in the Citicorp Pension Liability yields used of approximately 89 basis points.

Includes Deferred Salary Savings Plan (401(k)) company matching contributions, dividends on unvested restricted (c) stock awards, life insurance premiums, expense allowance, and personal tax preparation services. No individual item in 2015, 2014 or 2013 exceeded \$25,000.

The Corporation has a stock-for-stock-option exchange (or cashless exercise) program in place, whereby optionees can exchange the value of the spread of in-the-money options for Corporation stock having an equivalent value.

(a) This brokerage-assisted exchange allows the executives to exercise their options on a net basis without having to pay the exercise price or related expense in cash. However, it will result in the executives acquiring fewer shares than the number of options exercised.

"Value Realized" is calculated by subtracting the exercise price from the Fair Market Value as of the exercise date.

(b) Fair Market Value is the closing price of the Corporation's common stock as reported by the NASDAQ Stock Market.

Univest's pension plans are described in the Compensation Discussion and Analysis under the heading (a) "Post-Retirement Plans." Assumptions used in calculating the present value of the accumulated benefit are set forth in Note 10 to the Financial Statements included in Univest's Form 10-K for the year ended December 31, 2015.

(b) Mr. Norris was hired after December 7, 2009, at which date the Defined Benefit Pension Plan was closed to all new employees.

NONQUALIFIED DEFERRED COMPENSATION

Univest does not currently have any non-qualified contributory deferred compensation plans available to the named executive officers.

OTHER POTENTIAL POST-EMPLOYMENT PAYMENTS

Certain triggering events could potentially affect the amounts of compensation reported in the previous tables. Triggering events would include retirement, early-retirement, termination by reason of disability, death or cause, or a change in control of the Corporation. As described on Page 17, the Corporation entered into change in control agreements with certain executive officers, including the named executive officers; there are also triggering event addressed therein. None of the named executive officers in the previous tables above was a party to an individual change in control or employment agreement at December 31, 2015, but provisions for these triggering events are addressed within the 2003 Long-Term Incentive Plan, the 2013 Long-term Incentive Plan, the Defined Benefit Pension Plan (DBPP), and the Supplemental Retirement Plan (SERP).

2003 and 2013 Long-term Incentive Plans

Upon a change in control, stock options and restricted stock awards which have been held for at least six months become fully vested. Upon retirement, early-retirement or termination by reason of disability, the Compensation Committee may elect to accelerate the vesting period to allow all stock options to become fully vested and exercisable up to a period of two years after the date of such retirement, early-retirement or disability date and may elect to accelerate the vesting period of all restricted stock awards. Upon termination by death, the Compensation Committee may elect to accelerate the vesting period to allow all stock option awards to become fully vested and exercisable by the legal representative of such employee's estate or legatee of such employee's will for a period of one year from the date of death, and may elect to accelerate the vesting period of all restricted stock awards. There are no acceleration provisions for the willful termination of employment or termination of employment for cause. Upon the willful termination of employment, the optionee would have the lesser of three-months or the remaining term to exercise any

vested stock options. Upon termination of employment for cause, all vested and unvested stock options will immediately terminate.

The following table demonstrates the impact under different triggering events if such event occurred on December 31, 2015:

Name	Triggering Event	Option Awards			Expiration Date	Restricted Stock Awards

Defined Benefit Pension Plan (DBPP)

Each participant who has at least 10 years of service and who has attained age 55 may elect to retire early within the 10-year period immediately prior to the participant's normal retirement age. These participants who elect and qualify for early retirement are considered fully vested by the DBPP. Prior to the cash balance plan conversion, the early

retirement benefit is based on credited service and average earnings at the early retirement date without reduction on the date when the participant's age plus years of service equal 85, but not before age 62 or after age 65. In the event the participant's age plus years of service is less than 85, benefits are reduced from that retirement date by 1/15th per year for the first five years and 1/30th per year thereafter to age 55. A vested participant who dies before the annuity starting date and who has a surviving spouse will have the death benefit paid to the surviving spouse in the form of a pre-retirement survivor annuity and may have the death benefit distributed to his/her beneficiaries within five years after death. None of the triggering events would impact the vested balance of a named executive officer's benefit under the DBPP.

Stock Ownership Requirements

Effective January 31, 2016, Directors and Alternate Directors are required to own 5,000 shares of the Corporation's stock within five (5) years of becoming a Director or Alternate Director.

RELATED-PARTY TRANSACTIONS

During 2015, some of the directors and executive officers, including their immediate family members and affiliated organizations, had lending relationships and other banking transactions with the Corporation as customers of the Bank. In management's opinion, the loans were made in the ordinary course of business and on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable loans with persons not related to the Bank; they did not involve more than normal collection risk and do not present other unfavorable features. Other banking transactions were also undertaken in the ordinary course of business. It is anticipated that similar transactions will occur in the future.

These transactions were made in compliance with applicable law, including Section 13(k) of the Securities and Exchange Act of 1934 and Federal Reserve Board Regulation O. As of December 31, 2015, loans to executive officers, directors, and their affiliates represented 18.4% of total shareholders' equity in Uninvest Corporation.

The Corporation's Audit Committee Charter provides for the review of related party transactions, including the independent status of all Audit Committee members. The Nominating and Governance Committee reviews the independence of directors annually.

COMPENSATION COMMITTEE OF THE BOARD

The Compensation Committee of the Board ("Committee") for the fiscal year ended December 31, 2015 was comprised of five independent directors appointed by the Board. The independent directors are: R. Lee Delp, William G. Morral, Glenn E. Moyer, Mark A. Schlosser, and P. Gregory Shelly. Each of these members of the Committee is independent as defined in the listing standard rules of the NASDAQ Stock Market and applicable SEC regulations. Effective January 1, 2016, Glenn E. Moyer became Chairman of the Committee.

The Committee's responsibilities include reviewing and approving corporate goals and objectives, including financial performance and shareholder return, relevant to approving the annual compensation of the Corporation's CEO, executive officers, and other key management personnel through consultation with management and the Corporation's independent professional compensation consultants. Recommendations are made to the Board with respect to overall incentive-based compensation plans, including equity based plans, which includes a review of the Corporation's management development and succession plans. In addition, the Committee will review and recommend changes to the annual retainer and committee fee structure for non-employee directors on the Board. The Committee's charter is available at the Corporation's website on the internet; www.uninvest.net in the "INVESTOR RELATIONS" section under Governance Documents.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee (i) was, during 2015, or had previously been an officer or employee of the Corporation or our subsidiaries nor (ii) had any direct or indirect material interest in a transaction of the Corporation or a business relationship with the Corporation, in each case that would require disclosure under the applicable rules of the SEC. No interlocking relationship existed between any member of the Compensation Committee or an executive officer of the Corporation, on the one hand, and any member of the Compensation Committee (or committee performing equivalent functions, or the full board of directors) or an executive officer of any other entity, on the other hand, requiring disclosure pursuant to the applicable rules of the SEC.

Management's role in the compensation process includes: evaluating employee performance; establishing corporate goals and objectives; and recommending the salary levels and option awards for all employees other than the named executive officers.

The Committee may retain an outside consultant to assist in the evaluation of any individual executive compensation, incentive programs, or any other matter deemed appropriate by the Committee and provide for the appropriate funding of such consulting or advisory firm. During 2015, the Committee engaged McLagen, a part of AON plc, as its independent compensation consultant. See further discussion beginning on Page 16 in the Compensation Discussion and Analysis.

COMPENSATION COMMITTEE REPORT

The Compensation Committee (Committee) met nine (9) times during 2015. The Committee has reviewed and discussed the Compensation Discussion and Analysis for the year ended December 31, 2015 with the Corporation's management.

Based on the Committee's review and discussions noted above, the Committee recommended to the Board that the Corporation's Compensation Discussion and Analysis be included in this Proxy Statement.

CORPORATE GOVERNANCE DISCLOSURE

CODE OF CONDUCT

The Corporation has adopted a Code of Conduct for all directors and a Code of Conduct for all officers and employees including the CEO and senior financial officers. It is the responsibility of every Univest director, officer and employee to maintain a commitment to high standards of ethical conduct and to avoid any potential conflicts of interest. The Codes are designed not only to promote clear and objective standards for compliance with laws and accurate financial reporting - they also contain an accountability mechanism that ensures consistent enforcement of the Codes and protection for persons reporting questionable behavior, including a fair process for determining possible violations. The Codes of Conduct are available on our website at www.univest.net in the "INVESTOR RELATIONS" section under Governance Documents, or by requesting a copy in writing from the Secretary of the Corporation.

Any waiver of the Codes of Conduct for directors or executive officers must be approved by the Board or a committee of the Board and disclosed on Form 8-K within four business days. Any waivers would also be posted on our website within four business days. The waiver reporting requirement process was established in 2003, and there have been no waivers.

NOMINATING AND GOVERNANCE COMMITTEE OF THE BOARD

The Nominating and Governance Committee met five (5) times during the fiscal year ended December 31, 2015. All members of the Committee are independent as defined by the listing standard rules of the NASDAQ Stock Market and applicable SEC Regulations. The primary purpose of the Committee is to identify individuals for nomination as members of the Board and Board committees as appropriate for the Corporation to discharge its duties and operate in an effective manner to further enhance shareholder value.

The Nominating and Governance Committee charter is available for shareholder review on the internet at www.univest.net in the "INVESTOR RELATIONS" section under Governance Documents, or by requesting a copy in writing from the Secretary of the Corporation. Members of the Committee at December 31, 2015 were: R. Lee Delp, Chairman; Douglas C. Clemens; Mark A. Schlosser; and P. Gregory Shelly.

The Nominating and Governance Committee recommended to the Board the slate of nominees included in this Proxy Statement for election to the Board of Directors at the annual meeting of shareholders.

Univest currently has one Alternate Director. Alternate Directors are elected annually by the Corporation's shareholders and serve for a one-year term. The Alternate Director position provides an avenue for the Corporation to nurture future directors that the Board of Directors has determined would qualify as a nominee for the Board of Directors. The Alternate Director, by attending board meetings on a regular basis without a vote, stays informed of the activities and conditions of the Corporation and stays abreast of general industry trends and any statutory or regulatory developments. The pace of change in today's financial industry makes it imperative that the Corporation maintain a fully informed Board. Unlike members of the Board of Directors,

an Alternate Director does not participate in independent director meetings or vote on matters coming before the Board of Directors.

The Nominating and Governance Committee is responsible for identifying and evaluating individuals qualified to become Board members and to recommend such individuals to the Board for nomination. The Nominating and Governance Committee does not specifically consider diversity of gender or ethnicity in fulfilling its responsibilities to select qualified and appropriate director candidates. Instead, the Committee will seek to balance the existing skill sets of current Board members with the need for other diverse skills and qualities that will complement the Corporation's strategic vision. All director candidates are evaluated based on general characteristics and specific talents and skills needed to increase the Board's effectiveness. Additionally, all candidates must possess an unquestionable commitment to high ethical standards and have a demonstrated reputation for integrity. Other facts to be considered include an individual's business experience, education, civic and community activities, knowledge and experience with respect to the issues impacting the financial services industry and public companies, as well as the ability of the individual to devote the necessary time to serve as a Director. A majority of the Directors on the Board must meet the criteria for "independence" established by the NASDAQ Stock Market, and the Nominating and Governance Committee will consider any conflicts of interest that might impair their independence.

Annually, the Nominating and Governance Committee assesses the composition of the Board along with the particular skills and qualities individual Board members possess to determine that individual Board members continue to possess the skills and qualities necessary to complement the Corporation's strategic vision. Based on this, the Nominating and Governance Committee recommends nominees for election to the Board of Directors based on the Class of Directors up for nomination in a particular year.

The Independent Directors of the Board meet separately twice a year without management present. Additionally, the Corporation has an active Board Committee structure in which members of the Board of Directors attend and actively participate in the following Committees: Audit Committee, Compensation Committee, Executive Committee, Enterprise-Wide Risk Management Committee, Investment/Asset & Liability Management Committee, Loan Policy Committee, Nominating and Governance Committee, Community Reinvestment Act Committee, Deferred Salary Savings Plan Committee, Deferred Salary Savings Plan Trustee Committee, Employee Stock Purchase Plan Committee, Payment Systems Risk Committee, Pension Committee and Trust Committee. The active participation in these Committees in addition to the Board of Directors' meetings provides the independent members of the Board the necessary insight into the daily operations of the Corporation.

All nominees to the Board of Directors will be evaluated in the same manner, regardless of whether they are recommended by the Nominating and Governance Committee or recommended by a shareholder.

Risk Management

Risk Management is the cornerstone of banking and integral to the daily operations of the Corporation. The Board of Directors oversees the Risk Management functions of the Corporation through the Enterprise-Wide Risk Management Committee, which consists of eight members of management, including the President and Chief Executive Officer of the Corporation, along with the Chairman of the Corporation and three independent directors of the Board. In addition to this committee, there is also an Enterprise-Wide Risk Management Working Committee, which meets three times a year, consisting of twenty-two members of management representing each line of business and area of support tasked with identifying and addressing the risks of the Corporation. Minutes from these meetings along with the minutes from the Board attended Enterprise-Wide Risk Management Committee are reported to the full Board of Directors. The Enterprise-Wide Risk Management Committee meets four times a year and is chaired by Glenn E. Moyer. The Chief Risk Officer reports directly to the Audit Committee with a dotted line to the President and Chief Executive Officer of the Corporation. The Chief Risk Officer also attends each Board of Directors meeting, Audit Committee meeting, Loan Policy Committee meeting and Investment/Asset Liability Management Committee meeting to better understand the differing risks the Corporation is encountering and also to provide perspective with respect to Enterprise-Wide Risk Management to the members of the Board of Directors attending these meetings. The Chief Risk Officer also has an executive session with the Audit Committee on a quarterly basis.

The Board of Directors recommends a vote "FOR" Proposal 2.

Proposal 3 - An advisory vote to approve named executive officer compensation as presented in this Proxy Statement. In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we are requesting shareholder approval, on an advisory basis, of the compensation of our Named Executive Officers as presented in the Compensation Discussion and Analysis (CD&A) beginning on Page 9 and the compensation tables included in the discussion of Executive Compensation beginning on Page 19, including the narrative disclosure thereto.

As stated in the CD&A, our executive compensation program has been designed to attract and retain employees in leadership positions by recognizing their importance in carrying out the Corporation's Mission Statement, Core Values and Vision Statement. Focusing on these three elements is critical to meeting the Corporation's short-term and long-term goals and growth in shareholder value.

Highlights of our program include:

A three-part mixture of salary and incentive compensation (base salary, annual incentive and long-term incentive compensation); with approximately 50% paid in annual base salary and 50% paid in the form of annual incentive and long-term incentive compensation based on individual and group performance factors;

Measurement of individual and group performance factors by the Corporation's Compensation Committee fully considers decision-making responsibilities, experience, work performance and achievement of key goals, including performance compared to peers;

Assessment of Uninvest's executive compensation program by the Corporation's Compensation Committee to ensure the program promotes the long-term objectives of the Corporation, encourages growth in shareholder value, provides the opportunity for management investment in the Corporation, and attracts top-level executives to strategically manage the Corporation; and

The requirement that executives acquire substantial levels of ownership of the Corporation's stock to better align the executives' interests with those of the shareholders.

As an advisory vote, this proposal is not binding upon us as a corporation. However, our Compensation Committee, which is responsible for the design and administration of our executive compensation practices, values the opinions of our shareholders expressed through your vote on this proposal. The Compensation Committee will consider the outcome of this vote in making future compensation decisions for our Named Executive Officers. Accordingly, we

will present the following resolution for vote at the 2016 Annual Meeting of Shareholders:

“RESOLVED, that the shareholders approve, on an advisory (non-binding) basis, the compensation of the Corporation’s named executive officers, as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and any related narrative disclosure in the Proxy Statement.”
